The SSC has been furnished a paper prepared by the Intelligence Division which was a position paper on the FBI's jurisdiction in internal security matters, intelligence and counterintelligence investigations. This paper was dated 2/13/75 and set forth information taken from certain documents or parts of documents by the IIC and, in some instances, the ICIS. All of these documents have been cleared for passage to the SSC by the following members of the IIC, as well as Mr. William Wark, Executive Secretary of the ICIS:

> Mr. Rowland Morrow, Director, Defense Investigative Programs Office; Mr. Merrill Kelly, Deputy Director of Operations, ACSI, U. S. Army; Colonel Leo Olsen, OSI, U. S. Air Force; Mr. Jack Donnelly, Naval Investigative Service.

Mr. Wark advised he did not feel it necessary to clear documents through the Attorney General since they pertain to IIC matters which were merely concurred in by ICIS.

Copies of the documents involved are attached and are as follows:

NOTE:

The Senate Select Committee has expressed an urgent interest in the details of any FBI investigation concerning the disappearance of Thomas Riha, former Professor at University of Colorado, Boulder, Colorado, in March, 1969. The Bureau conducted no investigation regarding the disappearance. There was considerable publicity with reference to a statement made by Dr. Smiley, then President of the university, that he had been informed by a Government official that Riha "was alive and well" Smiley was interviewed by the El Paso Office. Smiley furnished information in the strictest of confidence, not to be disseminated to any outside agency, regarding his contacts with a CIA representative in Boulder after the Riha disappearance. It was the CIA official who told him that Riha was alive and well. Without the Smiley interview our response to the Senate Select Committee has an obvious gap. If the Committee calls any witnesses in the Riha matter Dr. Smiley would be one of the most logical persons to call. The passage of time and other factors may have brought about a change in the mind of Dr. Smiley regarding the necessity to keep the information furnished by him in a confidential relationship with the Bureau and it is believed he should be given the opportunity to either reinforce his request for confidentiality or release the Bureau from the restriction he imposed.

RE: INTERVIEW OF RETIRED SPECIAL AGENT (SA) BY SENATOR WALTER F. MONDALE AND STAFF MEMBERS OF THE SENATE SELECT COMMITTEE (SSC)

ALL INFORMATION CONTAINED
HEREIN IS UNCLASSIFIED
DATE 1-18-2001 BY SP2ALM/RW

Set out below is information voluntarily furnished to the FBI by retired SA John P. Devlin following his voluntary appearance before Senator Mondale and Staff Members of the Senate Select Committee on May 19, 1975. Devlin's appearance followed an interview of him by Senate Select Committee Staff Member Michael T. Epstein on April 25, 1975. A memorandum reporting the results of the April 25, 1975, interview was forwarded to the Attorney General as an enclosure to my letter to the Attorney General dated May 8, 1975, entitled "United States Senate Select Committee to Study Governmental Operations with Respect to Intelligence Activities."

On May 19, 1975, Devlin was interviewed by Senator Mondale; SSC Chief Counsel Frederick A. O. Schwarz, Jr.; Assistant Minority Counsel Charles Kirbow; and Epstein. The interview was conducted in a building across the street from the Dirksen Building in Washington, D. C., and lasted from approximately 2:00 p.m. to 3:20 p.m. Devlin was not subpoenaed to appear but appeared voluntarily. He was placed under oath by Senator Mondale.

At the outset of the interview Devlin was advised of his rights; that he could be represented by counsel and that if he had none, but desired counsel, the Committee Staff would attempt to provide one for him. At the conclusion of the interview he was thanked but given no indication as to whether he would be called to testify before the SSC.

Re: Interview of Retired Special Agent (SA)
by Senator Walter F. Mondale and
Staff Members of the Senate Select
Committee (SSC)

Following being advised of his rights, Devlin was asked who sent him to Atlantic City and why he was sent. He advised he received his instructions from Special Agent in Charge Ralph Bachman through Devlin's supervisor, SA Vincent Murphy. It is to be noted here that upon being interviewed by Epstein on April 25, 1975, Devlin had indicated he had received his instructions through his supervisor, SA William Gagnon. Devlin corrected this mistake during the interview of May 19, 1975. As to why he was sent, Devlin advised that as a sound man of the Newark Office he was sent to Atlantic City, New Jersey, to install a technical surveillance on Martin Luther King, Jr., who occupied a room at the Claridge Hotel in that city. Devlin was asked whether the monitoring plant for the electronic surveillance was located in the same hotel. Upon being advised it was the interviewers' desire to know whether the location of the plant at the Claridge Hotel was also designed to serve as a physical lookout on King's room, Devlin advised he was not aware that the FBI employed a physical lookout on King's hotel room. Devlin was also asked whether he installed a microphone in the room of King. He advised that he had not because it was not technically feasible. Also of concern to those interviewing Devlin on May 19, was whether he had personal knowledge as to whether the Attorney General had approved the electronic surveillance on King's telephone. Devlin replied he had no personal knowledge but assumed such authority had been obtained by his supervisor. Devlin was also asked if he could recall any conversations over King's phone which were monitored. Devlin replied that the only recollection he had involved conversations between King and his wife wherein they discussed her plans to travel to Atlantic City. Additionally, he did recall conversations involving the noted entertainer, Mehalia Jackson, who was appearing at that time in Atlantic City. Devlin could not recall the substance of the conversation with Jackson. He was also asked whether he retained or possessed any

Re: Interview of Retired Special Agent (SA)
by Senator Walter F. Mondale and
Staff Members of the Senate Select
Committee (SSC)

notes regarding the activity that occurred in Atlantic City during the Democratic Party Nominating Convention during the summer of 1964. Devlin advised that he did not retain any notes but subsequent to the original contact of him by Epstein, Devlin called SA John Connelly of the FBI Office in Newark in an effort to review any available material that might refresh his recollection. Connelly advised Devlin that all materials and notes retained by the Newark Office were forwarded to FBI Headquarters. This information was conveyed to the interviewers on the occasion of the May 19, 1975, interview.

Devlin also was asked if he ever questioned the technical coverage of King inasmuch as it appeared to be for political rather than security reasons. Devlin replied that he had no reason to question the technical coverage of King. He also was asked if he personally met with Mr. Cartha DeLoach of the FBI while both were in Atlantic City. Devlin advised he could not recall whether he actually met DeLoach, pointing out that SA Billie D. Williams was assigned the liaison responsibility with DeLoach.

Devlin was asked whether he had contacted the FBI following his original interview by Epstein on April 25, 1975. Devlin advised he had reported the interview by Epstein to the FBI Office in Newark, New Jersey. He further advised that subsequent to this, he received a call from Newark Assistant Special Agent in Charge Herbert Clough who informed him that should he be contacted in the future, and should he feel he needed to consult with FBI officials, he could call the Legal Counsel Division, FBI Headquarters, in Washington, D. C., collect, for such consultation. Senator Mondale desired to know who Devlin saw upon his arrival in Washington, D. C., on the morning of May 19, 1975, and specifically what instructions he received from the FBI. Devlin advised Senator Mondale that

Re: Interview of Retired Special Agent (SA)
by Senator Walter F. Mondale and
Staff Members of the Senate Select
Committee (SSC)

upon arrival in Washington, D. C., he reported to Inspector John Hotis of the Legal Counsel Division and Paul V. Daly of the FBI at which time he was advised of what obligations he had to the Attorney General as a former employee of the FBI to protect information obtained by virtue of his former employment in the FBI. Subsequent to Devlin's meeting with Mr. Hotis and Mr. Daly, he spent the remainder of the morning with SA William O. Cregar. Mondale desired to know specifically what Devlin and Cregar discussed. Devlin advised that other than discussing mutual friendships in the FBI, Cregar advised of what Cregar's role would be in accompanying him to the interview and specifically that Devlin could feel free to ask for the opportunity to consult with Cregar during the interview if the line of inquiry could possibly reveal the identity of sources, sensitive methods or investigative techniques, information derived from third agencies, or information which could adversely affect sensitive ongoing investigations.

NOTE:

Original and one copy to the Attorney General (AG) for forwarding the copy of the memorandum to James A. Wilderotter, Associate Counsel to the President. The information contained herein was orally furnished to SA W. O. Cregar by former SA Devlin following his interview of May 19, 1975.

Dear Mr. Chairman:

In my letter to you on 20 May 1975 I requested your assistance in making the Joint Committee's secure storage facilities available for the retention of certain sensitive material to which access is needed by the Senate Select Committee to Study Governmental Operations with Respect to Intelligence Activities. Those arrangements have been made with Mr. George Murphy and with the Select Committee. I want to thank you for making the facilities available and for permitting Mr. Murphy to be the custodian of the material.

A further need has now arisen for the same kind of arrangement for the House Select Committee on Intelligence. Again I would be very grateful to you and Mr. Murphy if a similar arrangement could be made for the members of the House Committee and members of the Committee staff designated for access to such material by mutual agreement of Chairman Nedzi and myself.

Sincerely,

/s/ W. E. Colby

DATE: May 23, 1975

FROM : Legal Counsel

SUBJECT: SENSTUDY 1975

Mr. John Elliff, Domestic Intelligence Task Force Director of captioned Committee advised that they were in receipt of a letter from the U. S. Postal Service informing the Committee an inquiry concerning the identity of all mail covers placed by the FBI since 1960, should be directed to the FBI.

Elliff inquired as to whether a letter from the Committee concerning this particular request should be directed to the Bureau or Attorney General. He was instructed the request should be directed to the Attorney General. Elliff said that he would direct such a letter to the Attorney General making a request concerning mail covers in the near future.

RECOMMENDATION:

The Intelligence, Special Investigative and General Investigative Divisions should gather necessary material so that the appropriate response might be prepared.

UNITED STATES SENATE SELECT COMMITTEE
ON INTELLIGENCE ACTIVITIES

Reference is made to a letter from the Senate Select Committee dated March 19, 1975, requesting certain documents and other information from the Federal Bureau of Investigation (FBI).

Two of the documents requested were the Special Report of the Interagency Committee on Intelligence (Ad Hoc) dated June, 1970, and the original report on COINTELPRO activities prepared by the Committee headed by Assistant Attorney General Henry Petersen. With respect to the original report on COINTELPRO activities, pursuant to the conversation between Mr. John C. Keeney, Department of Justice, and Special Agent James C. Farrington, FBI Headquarters, on March 27, 1975, it was agreed the Department would await receipt of the Bureau's opinion prior to formulating its response to Senator Church's request for the 39-page Petersen report on COINTELPRO.

The 39-page COINTELPRO report, as well as all but one of Exhibits A through P attached thereto, contains matters relating to the internal deliberations of Department and FBI representatives who constituted the study Committee headed by former Assistant Attorney General Petersen. It is, therefore, suggested that if it is decided the report should be made available to Senator Church, it be done with the provision it not be made public.

EX 104 REC-59 62-116395-195

MAY 1 1975

Concerning the exhibits referred to in the text of the report: Exhibits A through L are summaries and memoranda prepared by the FBI or by Department attorneys based on their review of FBI material, and some of these are classified "Secret"; Exhibits M and N are legal memoranda prepared by Department attorneys in connection with the study Committee inquiry; Exhibit P is a work paper prepared by the FBI setting

forth overall recommendations relating to counterintelligence activity. All of these exhibits are in the nature of deliberative, internal work papers wherein opinions were freely expressed because they were not prepared with the idea in mind of publication, and it would appear they would be exempt from disclosure even if the report itself is furnished to Senator Church.

It is, therefore, recommended that, due to the above considerations, those exhibits prepared by the FBI not be furnished to Senator Church if you do decide to give him the report. It is felt the Department should determine if those exhibits prepared solely by the Department, such as Exhibits M and N, should be furnished to the Senator, but it is our recommendation that they not be for the same reasons as stated above.

Exhibit O is a press release dated December 7, 1973, which, of course, is already public source in nature.

You will recall that then Deputy Attorney General Laurence Silberman, in testimony before the Civil Rights and Constitutional Rights Subcommittee of the House Committee on the Judiciary as to why this 39-page report should not be furnished to that Committee stated, "...if we had thought it was appropriate to release the full discussion we would have done so at the time. There are a lot of internal working documents in the Justice Department which go to the making of a final report. This is the Attorney General's report."

Attached for your approval and forwarding to the Committee is the original of a memorandum which sets forth the status of their request for the two documents. A copy of this memorandum is enclosed for your records.

TO STUDY GOVERNMENTAL OPERATIONS WITH
RESPECT TO INTELLIGENCE ACTIVITIES

Reference is made to letter dated March 19, 1975, to the Attorney General from the Chairman of captioned Committee, which enclosed certain requests for documents and other information from the Federal Bureau of Investigation.

One of the requests, under V., A., was the Special Report of the Interagency Committee on Intelligence (Ad Hoc) dated June, 1970. This is the so-called "Huston Report" and was prepared for the White House. Under the circumstances, this request has been referred to the White House.

Under V., B., a request was made for the original report on COINTELPRO activities prepared by the Committee headed by Assistant Attorney General Henry Petersen. Since that report is the property of the Department of Justice, the request has been referred to that Department.

U. S. SENATE SELECT COMMITTEE TO STUDY GOVERNMENTAL OPERATIONS WITH RESPECT TO INTELLIGENCE ACTIVITIES (SSC)

RE: INTERVIEW OF FORMER ASSISTANT TO THE
DIRECTOR JOHN P. MOHR BY SSC STAFF
MEMBERS

ALL INFORMATION CONTAINED
HEREIN IS UNCLASSIFIED
DATE 1-19-81 BY SP2 ALM/RW

Set out below is information voluntarily furnished to the FBI by Mr. Mohr following his interview by representatives of the Staff of the SSC in Washington, D. C., on May 9, 1975.

Mr. Mohr was interviewed by Staff Members Mark Gitenstein, Lester B. Seidel, and Thomas Dawson from approximately 10:20 a.m. to 12:30 p.m. He was not placed under oath and he was not advised of his rights or that he could be represented by personal counsel.

At the outset of the interview, it was apparent that its purpose was to assist the SSC Staff Members in trying to understand how the flow of mail proceeded in the FBI under Mr. Hoover's directorship. For example, Mr. Mohr was shown FBI documents relating to the Socialist Workers Party as well as COINTELPRO documents which were obtained by Mr. Carl Stern under the Freedom of Information Act. No substantive questions were directed to Mr. Mohr regarding these documents but were shown to him in order that Mr. Mohr might identify who the final authority was in approving such documents.

In addition to the above, the Staff Members asked Mr. Mohr to explain the difference between an SAC Letter and a letter to all SACs. They also asked Mr. Mohr if the Bureau maintained a separate file on all SAC Letters.

Mr. Mohr was also questioned about the procedures he followed in securing Mr. J. Edgar Hoover's office after Mr. Hoover's death. Mr. Mohr told the Staff Members that the article which appeared in "The Washington Star" by columnist Jeremiah O'Leary was an accurate recording of what took place following Mr. Hoover's death. The Staff Members requested Mr. Mohr review in considerable detail exactly what he did to secure Mr. Hoover's office following his death.

The question of former Associate Director Clyde Tolson's will was also raised by Staff Members. Mr. Mohr advised the interviewers that Hillory Tolson, brother of Clyde Tolson, had not decided at that time whether he was going to contest the will.

Mr. Mohr was also asked about the whereabouts of Miss Helen Gandy, former Executive Assistant to Mr. Hoover. He advised that he did know her whereabouts and telephone number but promised he would not reveal them to anyone. Mr. Mohr was asked whether Miss Gandy would agree to being interviewed by Staff Members of the SSC. He advised that he would attempt to persuade Miss Gandy to agree to being interviewed on the condition he be allowed to be present during the entire interview. The Staff Members interposed no objection to that arrangement and Mr. Mohr indicated that he would advise Mr. Gitenstein of Miss Gandy's desires under the conditions stipulated above.

On May 12, 1975, Mr. Mohr telephonically advised that he recalled some additional topics covered during the interview of May 9, 1975, which he desired to furnish to the FBI. Specifically, Mr. Mohr recalled that he was asked if he knew who prepared the "surreptitious letters" the Bureau had mailed in the Socialist Workers Party case. Mr. Mohr advised the Staff Members that he did not know but presumed these letters were prepared in the Document Section of the FBI Laboratory.

Mr. Mohr also recalled that during his interview of May 9, 1975, he had advised Miss Gandy had turned over to Mr. Mark Felt of the FBI the official and confidential files of Mr. Hoover which amounted to one-half a file drawer. Subsequently, Mr. Mohr learned from Miss Gandy that the official and confidential files turned over to Mr. Felt amounted to one and one-half file drawers. This information was subsequently furnished to Mr. Gitenstein by Mr. Mohr. On that occasion, Mr. Gitenstein asked Mr. Mohr whether an itemized list of the official and confidential files was made and if so where the list was. Mohr told Gitenstein that he was sure a list was made and that in all probability the list accompanied the official and confidential files turned over to Mr. Felt by Miss Gandy.

In addition to the above, Mr. Mohr on May 12, 1975, recalled that Gitenstein asked about a requirement of all Bureau employees to turn over any confidential files in their possession ordered by Mr. Hoover following the revelation that former Assistant to the Director William C. Sullivan had turned over certain confidential files to former Assistant Attorney General Mardian. Mr. Mohr advised Gitenstein that Mr. Hoover had in fact levied such a requirement on Bureau officials and that all confidential files were to be turned over to Mr. Felt along with a memorandum explaining the nature of these files. Gitenstein asked Mohr where these memoranda would be filed. Mohr responded by saying he presumed they were confidential memoranda and would have gone with the confidential files turned over to Mr. Felt by Bureau officials maintaining such files.

NOTE: The original and one copy of this LHM is being furnished to the Attorney General. The copy is to be forwarded by the Attorney General to Mr. James A. Wilderotter, Associate Counsel to the President. The information herein was taken from two memoranda, Cregar to Wannall, dated 5/9 and 12/75 entitled "Senstudy 75."

DATE: 5-29-75

FROM : Legal Counsel

SUBJECT: SENSTUDY 75

Deputy Assistant Attorney General, K. William O'Connor requested on 5-28-75, that he be given the opportunity to review summaries of the five recently uncovered COINTELPRO programs. O'Connor stated that in view of captioned Committee's request concerning COINTELPRO and his position of being in charge of Bureau and Departmental responses to Committee requests, he felt that it would be advantageous for him to be generally aware of the contents of the five newly uncovered programs. Mr. O'Connor stated he had previously reviewed the other COINTELPRO programs. [while in Civil Rights Division]

RECOMMENDATION:

That Mr. O'Connor be allowed to review the five recently uncovered COINTELPRO programs.

Reference is made to my memorandum dated 5/19/75 advising of the receipt of a letter from the Senate Select Committee (SSC) to the Attorney General dated 5/14/75, appending requests for additional documents and other information.

Specific attention is invited to Appendix A, item number 5, which requests:

"All Memoranda of the FBI and the Justice Department discussing the legal authority of the FBI to use the following techniques to (1) investigate internal security matters, (2) collect intelligence information, and (3) engage in counter-intelligence activities (see letter from the Chief Counsel to the Deputy Attorney General dated April 23, 1975):

a. All forms of electronic surveillance, including consensual electronic surveillance;

b. All forms of mail surveillance, including mail covers and opening mail;

c. Surreptitious entry;

ALL INFORMATION CONTAINED
HEREIN IS UNCLASSIFIED
DATE 1-26-01 BY SP2ALM/RW

d. All forms of physical surveillance, including agent infiltration, observation, photography, and remote viewing and sensing devices;

e. Informants, including possible entrapment, provocation, interference with lawyer-client relationship, or other problems;

f. Obtaining bank, credit, or other personal information;

g. Incommunicado interrogation;

(6)

CONTINUED - OVER

84 JUN 5 1975

FIVE

h. Maintenance of files and records;

i. Dissemination of information from files and records;

j. So-called "COINTELPRO" techniques and methods, including all forms of organizational 'disruption.'"

Appendix B, item number 4, requests:

"For each of the techniques described in Item 5 of Appendix A above, all memoranda and other materials relating to:

a. The original decision to utilize the technique in internal security, intelligence collection, and/or counterintelligence matters, operations, or activities.

b. The policies and procedures of the FBI for the utilization of the technique in internal security, intelligence collection, and/or counterintelligence matters, operations, or activities."

It would appear appropriate that response to Appendix A, item number 5, be prepared by the Legal Counsel Division. It is also apparent that response to Appendix B, item number 4, should be closely coordinated although responsibility for research in this area would appear to fall more logically within the Intelligence Division.

RECOMMENDATIONS:

1. That Legal Counsel Division assume responsibility for preparing response contained in Appendix A, Item number 5.

Director, FBI

UNITED STATES SENATE SELECT COMMITTEE
ON INTELLIGENCE ACTIVITIES

Reference is made to a letter from the Senate Select Committee dated May 14, 1975, with attached appendices A thru D requesting certain documents and other information.

Under item 26 of Appendix C, a request is made for "All reports prepared by the Office of Criminal Justice of the Department of Justice pursuant to the request in September 1974 of the Attorney General and/or Deputy Attorney General pertaining to the so-called 'Wounded Knee' case and any other so-called 'political trial' or other prosecutions brought by the Special Litigation Section of the Internal Security Division."

Under item 27 of Appendix C request is made of the Federal Bureau of Investigation for "All memoranda or other materials prepared by the FBI relating to the reports described in Item 26."

The Department is requested to advise this Bureau if reports which are requested in Appendix C under item 26 with respect to the "'Wounded Knee' case" were furnished to the FBI. If such reports were furnished please advise under what captions and dates these reports were submitted and identify by captions and dates all FBI communications on which your reports were based. If these reports were not furnished this Bureau please provide copies to us when you identify the FBI communications as requested herein.

REC-100 62-116395-188

You are also requested to provide to this Bureau copies of those reports, including sufficient information identifying FBI communications on which they were based, which will be furnished the Senate Select Committee per its request for "any other so-called 'political trial' or other prosecutions brought by the Special Litigation Section of the Internal Security Division."

The Attorney General

Inasmuch as this Bureau's response to item 27 of Appendix C enclosed with referenced letter depends on your response to item 26, you are requested to furnish the desired information as soon as possible in order that we may comply with the Senate Select Committee request. Since all reports requested under item 26 were prepared by the Department this Bureau will take no action to provide copies of these reports to the Committee.

1 - The Deputy Attorney General
    Attention: K. William O'Connor
               Special Counsel for
                 Intelligence Coordination

NOTE:

Until such time as we determine what information will be furnished the Senate Select Committee by the Department under item 26 mentioned above we believe our response on item 27 to the Senate Select Committee should be delayed. This will enable us to provide material requested by the Senate Select Committee which will correspond to information being provided by the Department.

Trial material relating to Wounded-Knee case was handled by the General Investigative Division and this part of the request is being coordinated with SA J. C. Gordon who supervised the Wounded-Knee case. Upon receipt of requested information from the Department, General Investigative Division will be notified so an appropriate response may be compiled regarding Wounded-Knee matter. Intelligence Division will conduct necessary reviews for information pertaining to other prosecutions by "Special Litigation Section" of the Department.

MEMORANDUM FOR: Members of the USIB Ad Hoc Coordinating Group

SUBJECT : Certification of Clearances for Classified Information and Compartmented Information of Staff Members of the Senate Select Committee

Senstudy -'75

1. Arrangements have been made so that the Compartmented Information Branch (CIB) of CIA will maintain, as a matter of common concern, an up-to-date listing of all staff members of the Senate Select Committee who have been certified by the Committee for access to classified information up to and including TOP SECRET and also those who have been certified and briefed for compartmented information.

2. CIB will attempt to keep this listing in a current status and telephone inquiries can be made by calling 351-5507 (IDS 143-5507) during the hours 0800 to 1730 Monday through Friday. Periodically, a current listing of the individuals certified will be disseminated to members of the USIB Ad Hoc Group.

3. It is contemplated this same procedure will be followed for the House Select Committee when certification of clearances are received from this Committee and you will be advised when such procedure is instituted.

TO : Mr. J. Adams DATE: 5/21/75

FROM : Legal Counsel

SUBJECT: SENATE SELECT COMMITTEE

At approximately 9:00 a.m. on May 21, 1975, retired Special Agent Alan G. Sentinella appeared in my office prior to his appointment to receive a subpoena and to testify at 9:30 a.m. on 5/21/75 at Washington, D.C., before the Senate Select Committee. I told Mr. Sentinella that it would not be possible for me to furnish him personal counsel prior to or during his testimony, however I felt it was appropriate for me to furnish him certain information. I told Mr. Sentinella that he was entitled to be represented by a personal counsel of his own choice at any time and that if he chose to secure the services of a private attorney he was at liberty to do so.

I also told Mr. Sentinella that under the rules of the Senate Select Committee (Rule 6.4), a witness may be accompanied by counsel during testimony and a witness who is unable to obtain counsel may inform the Committee of that fact and the Committee is obliged to endeavor to obtain voluntary counsel for the witness. I told him that the rules further provide that the failure to obtain counsel would not excuse him from appearing and testifying.

I asked Mr. Sentinella whether he had been given any advice by the Committee concerning his right to counsel and whether he had received a copy of the Committee's rules as required by regulations in the rules (Rule 6.1). Mr. Sentinella said that he had not been so advised and he had not been given a copy of the rules by any representative of the Committee.

I told Mr. Sentinella that as to matters other than the presence of personal counsel, no understanding had been reached with the Committee.

LEGAL COUNSEL

84 JUN 5 1975

I further explained to him that the Attorney General Order relating to responses to subpoenas would apply to him and that we had been advised that the Department had approved a waiver of the Attorney General Order limitation permitting his testimony, but only as to matters concerning Martin Luther King, Jr., and Stanley David Levison, and the Southern Christian Leadership Conference, including related matters. I told Mr. Sentinella that should the questioning involve other areas and he was in doubt as to his authorization to respond, he could request an opportunity to consult with the Department to secure approval for his testimony consistent with the terms of the Attorney General Order. I also reminded Mr. Sentinella that a representative of the FBI would be available during his testimony for such consultation as he felt might be necessary. I told him that SA Paul Daly would be available for that purpose.

I told Mr. Sentinella that our concern is not that matters of historical fact might be revealed, but that testimony which might be required of him could impair the Bureau's current efforts to discharge its responsibilities. I explained that in specific terms what this meant was that information that would identify sensitive sources, techniques or methods, or that would identify confidential informants, or would expose current investigative operations should be reserved for members of the Committee or perhaps the Chairman of the Committee depending upon the sensitivity of the particular information. I advised him that in the event such matters are involved in the questioning he could request consultation and that arrangements could be made for the answers to be supplied under appropriately limited conditions. I told Mr. Sentinella that as to other areas of possible testimony, the Bureau would impose no request that he decline to answer questions.

Mr. Sentinella advised me that he understood the matters I had explained to him and that he did not at this time feel the need of personal counsel because he said that he did not regard the appearance as one in the nature of a grand jury appearance. I told Mr. Sentinella that he should be aware that his testimony would be given under oath and in the event he made a statement that was self-incriminatory, it could be used against him. I reminded him I was not advising him in order to deter him from furnishing testimony, but only telling him of the protections he has under the

CONTINUED - OVER

Constitution against self-incrimination. He said he would keep that matter in mind.

Mr. Sentinella said that he would like to volunteer the results of his interview at the conclusion of the interview and he also would like to have an opportunity to review a transcript of the testimony for accuracy.

RECOMMENDATION:

For information.

SHE WAS FURTHER ADVISED THAT IF AFTER THE INTERVIEW THERE WERE ANY CIRCUMSTANCES WHICH PRESENTED A QUESTION IN HER MIND SHE COULD CONTACT THE BUREAU'S LEGAL COUNSEL DIVISION IN WASHINGTON, D.C., COLLECT, FOR ANY ASSISTANCE THAT DIVISION COULD AFFORD HER.

MISS CIFSA WAS AT A LOSS TO UNDERSTAND WHY THE SENATE SELECT COMMITTEE WOULD DESIRE TO INTERVIEW HER AND ADVISED THAT IN ALL PROBABILITY SHE WOULD ASK FOR THE ASSISTANCE OF AN AGENT PRIOR TO ANSWERING ANY QUESTIONS THEY MAY PROPOSE TO HER. SHE WAS PARTICULARLY CONCERNED THAT SHE MIGHT INADVERTENTLY DISCLOSE CONFIDENTIAL INFORMATION AND AS A RESULT WOULD FEEL MUCH MORE SECURE WERE AN AGENT PRESENT TO ADVISE HER.

IN THE EVENT CONTACT IS MADE THE BUREAU WILL BE ADVISED.

DURING A MEETING WITH REGINALD MURPHY, EDITOR, THE ATLANTA CONSTITUTION, MAY 29,1975, MURPHY IN GENERAL CONVERSATION ADVISED SAC, ATLANTA, THAT HE HAD RECEIVED A NUMBER OF TELEPHONE CALLS FROM THE SENATE SELECT COMMITTEE, WASHINGTON, D. C., SEEKING AN INTERVIEW WITH HIM. MURPHY SAID HE HAD AGREED TO A MEETING WITH A MEMBER OF THE COMMITTEE, NAME NOT STATED, AND DID SO SOMETIME APPARENTLY WITHIN THE LAST WEEK. MURPHY INDICATED THE INTERVIEW CONCERNED MARTIN LUTHER KING. MURPHY VOLUNTEERED HE WAS UNABLE TO ANSWER MANY OF THE QUESTIONS ASKED SINCE HE WAS WITHOUT KNOWLEDGE OF THE EVENTS AND THAT SOME OF THE INDIVIDUALS HE WAS QUESTIONED ABOUT ARE NOW DECEASED. HE SPECIFICALLY REFERRED TO FORMER EDITOR, RALPH MC GILL, ATLANTA CONSTITUTION, NOW DECEASED, AND INDICATED THAT THE INQUIRY CONCERNED INFORMATION IT WAS FELT COULD BE PROVIDED BY MC GILL. MURPHY WAS NEVER SPECIFIC IN HIS CONVERSATION AND NO EFFORT WAS MADE TO OBTAIN FURTHER DETAILS

RE: SECTIONS OF THE MANUAL OF
INSTRUCTIONS NOT PREVIOUSLY FURNISHED

Reference is made to the memorandum from captioned Committee dated April 30, 1975, and appendices thereto which contained requests for certain documents and other information from the Federal Bureau of Investigation.

Part 2 of the request concerned Sections of the Manual of Instructions Not Previously Produced. Pursuant to your request, Sections 4, 8R, 19, 23, 27, 28, 29, 75, 78, 90, 103, 134, 136, 144, and 146 are now available for review by Mr. Mark Gitenstien, or other designated members of the Committee's staff at FBI Headquarters.

Section 102, which you requested, is not available for review at this time because this Section involves third agency considerations. When this Section has been cleared by the other interested agencies for review, you will be immediately advised.

The Attorney General

Director, FBI

UNITED STATES SENATE
SELECT COMMITTEE ON INTELLIGENCE ACTIVITIES

Reference is made to the letter from the captioned Committee dated April 28, 1975, addressed to the Honorable Edward H. Levi, Attorney General, requesting information concerning the Federal Bureau of Investigation.

Attached for your approval and forwarding to the Committee is the original of a memorandum in response to the aforementioned request. A copy is enclosed for your records.

For your information, we did furnish empty boxes for the use of former Assistant to the Director of the Federal Bureau of Investigation, John P. Mohr, at the residence of the late Director, J. Edgar Hoover, subsequent to the death of Mr. Tolson. This material was brought to the residence by a clerical employee who merely deposited the material and left the residence. While we have no direct knowledge as to what material was removed from the residence, Mr. Mohr was contacted to determine the source and accuracy of the story contained in "Periscope" section of the April 28, 1975, issue of *Newsweek*, at which time he advised us that "furnishings" at the home had been removed by members of the family and the housekeeper. We have not contacted former employees concerning this request. Our contact with Mr. Mohr was prior to the date of this request.

Letter from Director, FBI to Attorney General
UNITED STATES SENATE SELECT COMMITTEE ON INTELLIGENCE ACTIVITIES

NOTE: By memorandum dated May 2, 1975, from Legal Counsel to J. B. Adams, each Assistant Director was requested to advise whether they or personnel in their divisions had any knowledge relating to the allegation that the FBI directed or participated in the removal of documents from the late Director's residence. The Alexandria and Washington field offices were separately requested to respond to this allegation. The responses were negative. External Affairs, by memo from D. W. Moore to Mr. Jenkins dated May 5, 1975, captioned Clyde A. Tolson, former Associate Director; advised that a clerk brought packaging material to the residence at the request of former Assistant to the Director, John P..Mohr. This memo indicated that the clerk deposited the material and left. He did not participate in the packing, etc., of documents.

May 9, 1975

UNITED STATES SENATE
SELECT COMMITTEE ON INTELLIGENCE ACTIVITIES

REQUEST PERTAINING TO DOCUMENTS REMOVED FROM RESIDENCE OF FORMER DIRECTOR J. EDGAR HOOVER

Reference is made to letter dated April 28, 1975, to the Attorney General from Chairman of captioned Committee which contained a request for certain information from the Federal Bureau of Investigation.

The Federal Bureau of Investigation has not removed, nor caused to be removed, documents from the residence of former Federal Bureau of Investigation Director J. Edgar Hoover, subsequent to the death of Mr. Clyde A. Tolson, former Associate Director of the Federal Bureau of Investigation.

It is our understanding, however, that former Assistant to the Director, John P. Mohr, may have some knowledge as to what material may have been removed from the residence after Mr. Tolson's death.

Director, FBI

UNITED STATES SENATE SELECT COMMITTEE
ON INTELLIGENCE ~~ACTIVITIES~~

Reference is made to a letter from the Senate Select Committee dated March 19, 1975, requesting certain documents and other information from the FBI.

Attached for your approval and forwarding to the Committee is the original of a memorandum which responds to a specific request by the Committee for a position paper dated July 31, 1972, concerning the "Scope of FBI Authority, Jurisdiction and Responsibility in Domestic Intelligence Investigations." A copy of this memorandum is enclosed for your records.

You will note that the position taken by the FBI is that the requested position paper of July 31, 1972, is an internal deliberative document which is the direct basis for a formal statement on FBI authority to conduct internal security investigations embodied in a memorandum from the Director, FBI, to the Attorney General dated August 7, 1973. On this basis we are stating in our response to the Committee that we feel it inappropriate that the July 31, 1972, paper be made available. We believe that this position is completely sound and a proper precedent to set with respect to the ambit of the Committee's mandate. We also feel that it is consistent with the position which has been expressed by you.

Note this never appr. for del. to SSC & has been superceded by another LHM to SSC.

RESPECT TO INTELLIGENCE ACTIVITIES

RE: LEGAL AUTHORITIES

ALL INFORMATION CONTAINED
HEREIN IS UNCLASSIFIED
DATE 1-25-01 BY SP2ALM/RW

Reference is made to letter dated March 19, 1975, to the Attorney General from the Chairman of captioned Committee, which enclosed certain requests for documents and other information from the Federal Bureau of Investigation (FBI).

Under I., Legal Authorities, a general request was made for memoranda discussing the legal authority of the FBI to (1) investigate internal security matters, (2) collect intelligence information, and (3) engage in counterintelligence activities. Material responsive to this request was delivered to the Committee during April, 1975. Included in this material was a memorandum from the Director, FBI, to the Attorney General, dated August 7, 1973, captioned "Scope of FBI Jurisdiction and Authority in Domestic Intelligence Investigations." This memorandum contained a lengthy and comprehensive discussion concerning the authority of the FBI to conduct investigations in the general internal security area.

Not deliv. to SSC

Since the receipt of the above-mentioned material the Committee has indicated a specific interest in a position paper dated July 31, 1972, discussing the "Scope of FBI Authority, Jurisdiction and Responsibility in Domestic Intelligence Investigations." This paper has been located and subjected to intensive review. It has been found that the July 31, 1972, position paper contains the internal deliberations which form the direct basis for the memorandum to the Attorney General dated August 7, 1973. In view of these circumstances and particularly because the July 31, 1972, paper is considered to be an internal deliberative document, it is not considered appropriate that it should be made available to the Committee.

2. ORIGINATING ORGANIZATION: FBI

3. NATURE OF MATERIAL: Letterhead memorandum (LHM) with enclosures described below

4. DOCUMENT CLASSIFICATION: Unclassified

5. NATIONAL SECURITY INFORMATION STAMP: NA

6. SUMMARY OF CONTENTS: SSC requested information concerning the FBI's filing system and copies of printed forms used by the FBI. The LHM served as a cover communication to furnish to the SSC an undated nine-page memorandum entitled "FBI Indexing Procedures." The SSC was also advised that there was available nine volumes of material containing detailed instructions followed by FBI employees in classifying mail for indexing; and that the nine volumes would be available for review at FBI Headquarters by the SSC Staff. Also furnished the SSC was one copy each of 13 Tables of Contents concerning forms used by the FBI. The various types of forms in use were explained in the LHM and the SSC was invited to choose those forms it desired to see, after which steps would be taken to make them available to the SSC Staff.

UNITED STATES SENATE SELECT COMMITTEE
ON INTELLIGENCE ACTIVITIES

By letter dated March 19, 1975, the Senate Select Committee requested certain information from the Federal Bureau of Investigation (FBI). Part I of the Committee's letter pertained to legal authority for investigations.

Enclosed for your approval and forwarding to the Committee is the original of a memorandum and a copy of a letter from Glen E. Pommerening, Assistant Attorney General for Administration to the Director November 1, 1974, captioned "Federal Employee Security Program Executive Order 10450."

The instructions contained in the enclosed November 1, 1974, communication concern legal authority for investigations and were the subject of discussion between Assistant Director W. Raymond Wannall and John Elliff of the Senate Select Committee during a conference at Quantico, Virginia, May 5, 1975. The instructions are being furnished to the Committee in an effort to provide more information with respect to the Committee's letter of March 19, 1975, referred to above.

A copy of this memorandum with enclosure is being furnished for your records.

ALL FBI INFORMATION CONTAINED
HEREIN IS UNCLASSIFIED
DATE 1-25-01 BY SP6ALM/RW

This is in response to your memoranda, entitled as above, dated May 8, 1974 and August 19, 1974, directed to the Deputy Attorney General, Criminal Division, and referring to problems which have arisen as a result of the promulgation of Executive Order 11785 which amends Executive Order 10450. In view of the involvement of my staff in these matters, I will undertake to answer your questions with the concurrence of the Criminal Division.

As you know this matter has been under continuing review both in the Task Force, chaired by a representative of this office, of working level representatives of various agencies in the security field and is now under study to a lesser degree in Project #10 of the "Domestic Council on Privacy".

You ask that the Department; (a) provide specific instructions to the Bureau to conduct intelligence-type investigations to identify and determine the activities of organizations now described in the amended Section 8(a)(5) of Executive Order 10450; (b) furnish guidelines to be used by the Bureau in initiating investigations of individuals under the captioned matter pursuant to Executive Order 10450 and specifically, criteria to be utilized in determining whether available information is a sufficient basis for investigation.

Under the amendment to Section 8(a)(5) of Executive Order 10450, we now have only two types of organizations; (1) those which unlawfully advocate or practice the commission of acts of force or violence to prevent others from exercising their rights under the constitution or laws of the United States or

any State, (2) or which seek to overthrow the Government of the United States, or any State or subdivision thereof, by unlawful means: (Emphasis added).

Of course, the key words which are underlined indicate that the investigation should be initially based on a possible violation of a federal (such as the Smith Act) or state statute prohibiting unlawful advocacy or the commission of any unlawful act of force or violence. However, in order for the Bureau to detect organizations with a potential of the above nature, it is important that the investigation proceed on the basis of information indicating that the organization may be of the nature mentioned. It is not necessary that a crime occur before the investigation is initiated, but only that a reasonable evaluation of the available information suggests that the activities of the organization may fall within the proscription of the Order. The most recent example of the type of organization, that you have advised is becoming more prevalent, is the small but dedicated to violence, Symbionese Liberation Army (SLA). Organizations of this nature would clearly fall within the Order and should be investigated as soon as information is available indicating their potentiality for violence and of course, if possible, prior to the fulfillment of their purposes.

It is true that Executive Order 11785 eliminated the prior communist, totalitarian, fascist, and subversive characterizations and definitions, but there was no intention of restricting the investigations of such organizations if their programs call for acts of force or violence or the unlawful advocacy of the commission of acts of force or violence in furtherance of these programs.

It is not possible to set definite parameters covering the initiation of investigations of potential organizations falling within the Order but once the investigation reaches a stage that offers a basis for determining that the activities are legal in nature, then the investigation should cease, but if the investigation suggests a determination that the organization is engaged in illegal activities or potentially illegal activities it should continue.

It follows in answer to your second question that individuals who are active either as members of or as affiliates of

zations described above should be investigated when mation is received indicating their involvement. The yardstick indicated above for organizations in deter- ing whether the investigation should continue, should apply ncerning individuals and when a determination can reasonably e made that the individuals activities, either within the organization or as an individual, do not appear to be in violation of any law, then the investigation should cease.

TO : Mr. J. B. Adams DATE: 5-23-75

FROM : Legal Counsel

SUBJECT: ASSASSINATION OF JOHN FITZGERALD KENNEDY
DALLAS, TEXAS
11-22-63

SENATE SELECT COMMITTEE ON INTELLIGENCE ACTIVITIES

On 5-22-75 CIA requested from the FBI copies of photographs of three "bums" who were taken into custody by Dallas authorities on 11-22-63 in the vicinity of the Texas School Book Depository. It has been alleged that the three persons shown in the photographs were E. Howard Hunt and Frank Sturgis, individuals involved in the Watergate incident, and Thomas Arthur Vallee, who was arrested in Chicago, Illinois, several days before the Kennedy assassination based on a threat against the President. Don Donahue, Special Assistant to Senator Henry Jackson (D-Wash.), made available on 9-12-74 to Inspector Bowers a set of the photographs depicting these "bums" which had been furnished to Donahue by one Michael Canfield, and the FBI Laboratory made copies from these prints, the original being returned to Donahue. Donahue requested that his identity be concealed as the source of these photographs. Canfield was supposed to furnish a set of these photographs to Washington Field Office but it has been determined he never did so.

At Mr. Adams' instructions, Bowers contacted Donahue on 5-22-75 and advised him of the CIA request for a set of these photographs. Donahue was told that if he has no objections we intend to furnish CIA a set of the pictures with the statement that the originals were obtained from an individual who requested his identity be concealed. Donahue stated that was quite satisfactory to him, adding that if it becomes necessary he would agree to his identity being disclosed as the source of these pictures.

94TH CONGRESS
1ST SESSION

S. RES. 165

[Report No. 94–181]

IN THE SENATE OF THE UNITED STATES

MAY 21, 1975

15.

Mr. CHURCH submitted the following resolution; which was referred to the Committee on Rules and Administration

JUNE 5, 1975

Reported by Mr. CANNON, without amendment

(Senstudy - 75)

RESOLUTION

Authorizing supplemental expenditures by the Select Committee To Study Governmental Operations With Respect to Intelligence Agencies for an inquiry and investigation relating to intelligence activities carried out by or on behalf of the Federal Government.

Resolved, That section 6 of Senate Resolution 21, Ninety-fourth Congress, agreed to January 27, 1975, is amended by striking out the amounts "$750,000" and "$100,000" and inserting in lieu thereof "$1,150,000" and "$300,000", respectively.

SENSTUDY '75

MEMORANDUM FOR: USIB Principals

SUBJECT : Reporting of Interviews with ~~Congressional~~ Investigating Committees or their Staffs

REFERENCE : My Memorandum to Addressees, 10 April 1975, Subject: Community Aspects of Inputs to Congressional Committees Investigating Intelligence (USIB-D-27.10/1)

1. Reference memorandum reported establishment by the Intelligence Community Staff of a registry for documentation relating to the Congressional investigations, and furnished you with a format for abstracts to be provided to the registry on each formal input to a Select Committee. In addition to having in the registry the abstracts or, as appropriate, the actual papers submitted as documentation to a Select Committee, it is important that we establish a method for reporting on interviews. Accordingly, I am enclosing a proposed format for abstracts to be used for reporting on interviews by Congressional Committee members or staff with your personnel which involve information on Community activities or which, in your judgment, raise the possibility of follow-on queries elsewhere concerning the functioning or activities of the Community.

2. There is no intent to intrude upon matters which are properly each agency's organizational responsibility nor to infringe upon employees' individual rights or security. The interview abstract format does not provide for identification of the person being interviewed. The "File Reference No." entry is for your convenience to indicate where any supporting documentation is located within your own filing system.

3. It is essential that the Intelligence Community be aware of all aspects of the Congressional investigations which involve Community matters, or which may relate to Select Congressional Committee activities being conducted elsewhere in the Community. The availability in the registry of document and interview abstracts should help provide this internal visibility.

W. E. Colby
Chairman

This memorandum sets forth results of Liaison contact with Central Intelligence Agency (CIA) concerning Halperin's request to be provided with a copy of a 1948 memorandum of understanding between the FBI and the CIA. Halperin has made this request of both CIA and the Bureau.

On 4/30/75 Mr. James Garrison, CIA, advised that after considerable research in CIA files, the following documents (copies attached) were located which pertain to Halperin's request. Copies have also been located in Bufiles:

(1) Memorandum for the Record dated 9/22/48 entitled "Cooperation and Liaison Between Federal Bureau of Investigation and Office of Policy Coordination, CIA," which was prepared by CIA and originally classified Top Secret. This document has recently been downgraded by CIA to a classification of Secret.

(2) Letter dated 9/22/48 from Frank G. Wisner, Assistant Director for Policy Coordination, CIA, to Mr. D. Milton Ladd, Assistant to the Director, FBI, which forwarded as an enclosure the 9/22/48 memorandum described above. This item was also originally classified Top Secret but has been downgraded by CIA to Secret.

84 JUL 1 1975

Memorandum to Mr. W.R. Wannall
RE: MORTON HALPERIN
FREEDOM OF INFORMATION ACT (FOIA) REQUEST

Mr. Garrison advised that CIA considers items 1 and 2 to be CIA documents and item 3 to be an FBI document containing CIA information. CIA proposes to furnish Halperin declassified copies of items 1 and 2 which have been sanitized in accordance with the brackets on the attached copies. CIA has no objection to the Bureau's furnishing Halperin a copy of item 3 if it is declassified and the CIA information indicated by brackets in the attached copy is excised. Mr. Garrison noted that CIA no longer considers the 9/22/48 memorandum to be operative since CIA's Office of Policy Coordination no longer exists.

Mr. Garrison advised further that with regard to a Senate Select Committee (SSC) request for copies of all agreements between the FBI and the CIA, CIA does not plan to provide the SSC with copies of items 1 and 2 but plans to allow appropriately cleared SSC staff representatives to examine the unsanitized Secret versions of items 1 and 2 at CIA Headquarters. He further advised that CIA would have no objection if the Bureau allows SSC staff representatives to examine item 3 in Bureau space provided it is classified Secret in accordance with CIA's classification of its information. Mr. Garrison requested that if the Bureau decides to provide the SSC with a copy of item 3 for its retention, the document be declassified and sanitized in accordance with the attached copy.

The Intelligence Division has no objection to the FOIA request of Halperin being handled in accordance with the above. Recommendation for handling of the SSC request will be made by separate memorandum.

ACTION:

This memorandum and its attachments should be forwarded to the FOIA Unit of the Files and Communications Division for appropriate handling.

DRAFT

22 September 1948

MEMORANDUM FOR THE RECORD:

SUBJECT: Cooperation and Liaison Between Federal Bureau of Investigation and Office of Policy Coordination, CIA

1. This memorandum records an understanding which has been arrived at in conversations between Mr. D. Milton Ladd, Assistant to the Director, Federal Bureau of Investigation, and Mr. Frank G. Wisner, Assistant Director, and Chief of the Office of Policy Coordination, of CIA. The conversations in question were duly authorized by the Associate Director of the Federal Bureau of Investigation and by the Director and Deputy Director of CIA and were arranged by the Executive Secretary of the National Security Council on behalf of the White House. The purpose of the understanding is to provide a basis for cooperation and liaison between the FBI and the Office of Policy Coordination, CIA, and the following points summarize the essential elements of the understanding:

a. In view of the distinctive character of the activities of the Office of Policy Coordination, it is considered advisable that separate and direct liaison be established between that office and the FBI. For this purpose the FBI will provide a special liaison officer who will be nominated by the FBI within the near future. (This arrangement has been specifically approved by the Deputy Director, CIA, in the absence of the Director.)

b. It is understood that in the discharge of the duties and obligations laid upon the Office of Policy Coorination by the National Security Council, it is necessary for this Office to have dealings with individuals and groups of foreign nationalities within and without the United States and to sponsor the movement from time to time of such individuals and representatives of such groups between the United States and foreign countries. The Office of Policy Coordination recognizes the primary responsibility of the FBI in the field of United States domestic security, and the FBI acknowledges that it is essential for the Office of Policy Coordination to have direct dealings with the individuals and groups aforementioned.

c. In order that the interests of both parties to this understanding shall be served, it is understood that the Office of Policy Coordination keep the FBI generally informed concerning the extent and character of its dealings with

Mr. D. Milton Ladd
Assistant to the Director
Federal Bureau of Investigation
Washington 25, D. C.

Dear Mr. Ladd:

Confirming our telephone conversation of today, I am enclosing a draft of a proposed memorandum which I have prepared for the purpose of recording the understanding which has been arrived at between us in regard to the cooperation and liaison between my office and the Bureau. I have endeavored in this draft to set out the essential features of our conversation of yesterday afternoon and I should appreciate your indicating to me any modifications or changes which you may deem necessary or advisable to reflect your recollection and understanding of our conversation. Upon my receipt of your suggested changes, if any, and following any further discussion between us which may be indicated as desirable, I shall prepare this memorandum in final form and furnish to you the original and a copy thereof, with the request that you initial and return to me the copy.

In accordance with the terms of our understanding, I should like to submit to you herewith the names of certain of the individuals and groups with whom it is proposed that my office will have dealings in connection with our authorized activities. From time to time in the future I shall furnish you with additional names. The following are the names:

I - Individuals:

George M. Dimitrov, Exiled Secretary General of Bulgarian Agrarian Party

Stefan Osusky, prominent Czech Refugee leader

Ferenc Nagy, head of Hungarian Small Holders Party

Dr. Vladko Macek, representative of Croatian Peasant Party

Stanislas Mikolajczyk, former Polish Vice Premier

Andre Cretzianu, former Rumanian Cabinet Minister

foreign individuals and groups within the United States. More specifically the Office of Policy Coordination will, in so far as possible, inform the FBI sufficiently in advance of its proposed dealings with such individuals and groups to enable the FBI to advise the Office of Policy Coordination of any security risks which may be involved in dealing with such individuals and groups and in order to provide the FBI with adequate opportunity to indicate individuals which it is employing for its own purposes in connection with the penetration of foreign groups.

d. There shall be an exchange of information between the FBI and the Office of Policy Coordination concerning the significance, activities, and reliability of such individuals and groups of foreign nationalities within the United States as may be of interest to the Office of Policy Coordination.

DATE 1-25-01 BY SP2ALM/RW

K. William O'Conner, Deputy Assistant Attorney General, Civil Rights Division, who has recently been designated by the Attorney General to coordinate all responses by the Department to the Senate Select Committee(SSC), advised on the afternoon of 5-19-75 that he had met with Chief Counsel to the SSC F. A. O. Schwarz and John Elliff, who is the head of the task force of the Senate Select Committee on the FBI. O'Conner stated he informed Schwarz and Elliff that he would not make available Bureau secretaries Mary Ann Massa and M. Ann Mierzejewski, who are scheduled for interview on Tuesday, 5-20-75, absent an agreement by the Committee that an FBI representative would be allowed to be present during the interview. O'Conner indicated that the Department's stand in this matter regarding the insistence that FBI representatives be present during the interview was backed by the White House, the Attorney General, and the Deputy Attorney General.

By way of background, it should be noted that Mr. O'Conner and Associate Deputy Attorney General McDermott were contacted on 5-14-75, and advised of the requested interview of the two aforementioned employees at which time O'Conner and McDermott did not advise of any way in which the employees could be prevented from consenting to interview. While they were upset at the prospect of service personnel, such as stenographers being interviewed by the Committee, they indicated at that time they could not see any legal leverage which could be used to preclude such interviews. With this decision in mind arrangements were made to make these employees available for interview.

ST-104 REC 12 62-116395-1165

Schwarz told O'Conner he would have to check with the SSC prior to agreeing to allow FBI representatives to be present. O'Conner stated Schwarz was quite upset at the Department's stance in this matter, but indicated he would give O'Conner an answer this evening. O'Conner indicated to Schwarz that the two Bureau employees would be available for interview on the 20th should the Committee agree to the presence of FBI representatives during the interview.

ADDENDUM: LEGAL COUNSEL DIVISION 5-19-75 PVD:dkg

At 4:15 p.m. Mr. O'Conner advised that he had just been contacted by F. A. O. Schwarz, and Schwarz stated the Committee's position concerning the presence of FBI representatives during the interview of the two secretaries is unchanged. O'Conner related that he told Schwarz that Departmental position is also unchanged in that there will be no interview unless the Committee relents on this position. O'Conner indicated he would keep the Bureau advised and requested that we continue with our plans to have the secretaries available for interview as Schwarz indicated he would again contact O'Conner regarding this issue.

Reference is made to my memorandum dated 5/19/75 which attached a copy of a letter to the Attorney General dated 5/14/75, from Senator Frank Church, Chairman, United States Senate Select Committee (SSC) with appendices A thru D. The memorandum noted the ambiguous nature of some of the SSC requests and that Mr. K. William O'Conner, Deputy Assistant Attorney General, who is the Department of Justice coordinator for SSC matters, is presently negotiating the 5/14/75 requests with the SSC Staff.

Even though the negotiations are still under way, we believe that ultimately we will be required to provide substantial responses to the 5/14/75 requests. To this end we have begun to gather together the necessary data from our files in anticipation of the substantial responses we will be required to prepare. The various requests set forth in the May 14, letter have been analyzed and specific assignments made to prepare responses. The primary assignments have been made to representatives of several Sections of the INTD. It is anticipated that in some circumstances it will be necessary for these INTD representatives to convey requests for information and material to other Divisions. When such action is necessary contact will be effected through the designated representatives of the other Headquarters Divisions. A list of such other Divisional representatives is maintained by the SENSTUDY Staff on the basis of designations made to assist in previous SSC requests, and is set forth below.

DIVISION	REPRESENTATIVE	EXTENSION
1-Identification	James T. Stewart	4219
2-Training	James E. Reilly	3472

On 5/21/75, Andy Smith, Supervisor in our Birmingham Office, called Deputy Assistant Director Herington and advised that former SA Robert R. Nichols (EOD: 1/6/47; retired: 5/12/72) had been contacted by the Senate Select Committee for interview. Smith connected Nichols through to Herington, at which time Nichols advised that about ten days ago Lester Seidel of the Senate Select Committee had contacted him. At that time, Nichols was going to Oklahoma City, and has just recently returned home to Birmingham. Nichols stated that at one time he was the case agent in the Atlanta Office on the Martin Luther King investigation, and it was presumed this was the subject matter of the proposed interview.

Nichols was advised that the decision as to whether he would consent to interview was entirely his to make. He was reminded that he had signed a secrecy agreement, and was reminded of the provisions of AG Order 501-73 requiring prior authority from the appropriate Departmental official prior to a current or former employee furnishing information he acquired during the course of his employment. He was also advised that he had a right to be represented by a personal attorney if he desired and that he had all the constitutional rights available to him, the same as any citizen. He was further told that if he desired to have an FBI representative available, but not present during the interview, he could so request, noting that the purpose of the FBI representative would be to counsel him concerning sensitive areas which might be explored.

62-116395-162

REC-107

JUN 3 1975

It was emphasized to Nichols that the FBI would not and could not recommend the course of action he should take ~~and that the~~ decision with regard to this interview was entirely his to make.

Dear Mr. Seidel:

Reference is made to your telephone call to me on May 16, 1975, in which you advised that the Committee was gathering facts concerning the FBI's various CoIntelPros and in particular, you were looking into the CoIntelPro having to do with the Black Panthers. You inquired if I recalled a letter, which had been made public, dated May 11, 1970, from the Director, FBI, to the SAC, San Francisco, which suggested disruptive techniques against the Black Panthers and which mentioned spurious police or FBI reports. I advised you I had no first hand recollection of having seen such a document at that time, but that I had read a recent news item describing such a document.

You also indicated an interest in the theoretical question as to whether intelligence functions should be divorced from enforcement functions in order to avoid the dilemma of disclosure versus dismissal, and you suggested that my views on this might be helpful in educating the Committee.

For your information, I entered on duty as a Special Agent on January 5, 1942, and retired from the Bureau on December 3, 1971. During the two years immediately preceding my retirement I served as supervisor of a squad of agents which investigated, among other matters, violations and alleged violations of law by the Black Panthers. The only information I have concerning the Black Panthers was learned as a direct result of my official duties. I have made no independent study of them, nor do I have any personal files or written material, either official or otherwise, relating to them.

Since speaking with you, I have reviewed Executive Order #501-73 (28 C.F.R.§§ 16.21, 16.22 and 16.23) which specifies that no employee or former employee of the Department of Justice shall produce any material contained in the files of the Department

161

nor shall he disclose any information acquired in the performance of his official duties without prior approval of the Attorney General or appropriate Departmental official.

From this, I must conclude that I am prohibited from furnishing you or the Committee any information along the lines requested by you unless appropriate authority to do so has first been given by an authorized representative of the Department of Justice.

Very truly yours,

David E Todd

SUBJECT: SENATE SELECT COMMITTEE ON INTELLIGENCE ACTIVITIES

ALL INFORMATION CONTAINED
HEREIN IS UNCLASSIFIED
DATE 1-25-01 BY SP2ALM/

I received by hand delivery from the Department at 3:06 p.m. on March 20, 1975, the attached copy of a letter from Senator Church to the Attorney General dated March 19, 1975, with its enclosed list of requests being made by the Committee.

FARRINGTON
Hotis

Senator Church requests that the documents involved be supplied to the committee at the earliest opportunity. A review of the requests revealed that the Intelligence Division would have the principal interest in all except request III, A and C, which would be of interest to the Administrative Division. The last item appearing under V, B should be available only through the Criminal Division of the Department or the Attorney General's office.

RECOMMENDATIONS:

1. That the Intelligence Division and the Administrative Division review the attached request for FBI materials to determine whether we may make a full response to the requests.

SELECT COMMITTEE TO
STUDY GOVERNMENTAL OPERATIONS WITH
RESPECT TO INTELLIGENCE ACTIVITIES
(PURSUANT TO S. RES. 21, 94TH CONGRESS)
WASHINGTON, D.C. 20510

March 19, 1975

The Honorable Edward H. Levi
The Attorney General
Washington, D. C. 20530

Dear Mr. Attorney General:

On behalf of the Senate Select Committee To Study Governmental Operations With Respect To Intelligence Activities, Senator Tower and I want to thank you for the opportunity we had on February 26, 1975, to discuss the work of the Committee. I want to express my personal appreciation for your willingness to assist the Committee to meet its responsibilities under the mandate of S. Res. 21. I believe we are in agreement that the work of the Committee should proceed as expeditiously as possible.

Toward that end we are seeking initial documentation from various agencies whose activities fall within the mandate given us by the Senate. Enclosed with this letter is a copy of an initial request for documents relating to the Federal Bureau of Investigation, which has been previously discussed with staff representatives of the Bureau. With the unanimous approval of the Committee, I respectfully request that the documents be supplied to the Committee at the earliest opportunity.

We expect to make similar initial requests for documents to other parts of your Department that fall under the mandate of S. Res. 21.

I trust that our respective staffs will continue to work together in the spirit of mutual cooperation which we both recognize is necessary to ensure a thorough and expeditious investigation.

With kind regards,

Sincerely,

Frank Church

The purpose of this memorandum is to advise that the Department has named Deputy Assistant Attorney General K. William O'Connor of the Civil Rights Division to be responsible for their responses to Congressional Committee requests.

At the request of Assistant to the Deputy Attorney General Robert McDermott, SA Paul V. Daly and Inspector John B. Hotis attended a meeting with Deputy Assistant Attorney General K. William O'Connor, Assistant to the Attorney General Jack Fuller, and Assistant to the Deputy Attorney General Robert McDermott. McDermott announced at the meeting that O'Connor was taking control of the Departmental responses to the Congressional Committees. He noted that the Department has been having some problems keeping track of and inconsistencies in its responses to the various Congressional Committees. Mr. O'Connor was generally briefed as to the status of our responses to Congressional requests and to the Rockefeller Commission. He requested, however, that he be briefed in a more detailed manner in the immediate future.

DATE: May 8, 1975

1 - Mr. J. B. Hotis
1 - Mr. W. R. Wannall
1 - Mr. W. O. Cregar

FROM : MR. W. WOC CREGAR

SUBJECT: SENSTUDY 75

This memorandum reports the results of a meeting between representatives of the Senate Select Committee (SSC) Staff and Bureau officials at Quantico, Virginia, on the evening of 5/5/75.

On 5/5/75 Mr. John Elliff, who heads the task force of the SSC looking into the FBI, met with officials of the Bureau at Quantico. Elliff was accompanied by Mark Gitenstein and Mary DeOreo. FBI officials present were Assistant Director W. R. Wannall, Inspectors Thomas W. Leavitt, Hunter E. Helgeson, and John B. Hotis as well as Section Chief William O. Cregar.

At the outset of the meeting, Mr. Elliff provided the Bureau representatives with a memorandum the subject of which was entitled "Intelligence Division Position Paper on Jurisdiction," dated 2/13/75, copy of which is attached. Elliff's memorandum contained a series of questions along with the rationale for these questions which provided the basis for the Quantico meeting. We are not considering these questions a formal request from the Select Committee. Mr. Elliff and the Staff of the Select Committee are aware that formal responses that the Bureau might be expected to provide the Committee can only be predicated on written requests to the Attorney General (AG) from Senator Frank Church or the Committee's Chief Counsel.

It is noted that under paragraph one of Elliff's memorandum he notes the Committee has not been supplied the following documents.

REC 44 62-116395-158

EX 104

(1) A position paper dated 7/31/72.

MAY 23 1975

(2) Appendices I, J, K, M, and P to the Intelligence Division "Paper on Jurisdiction" dated 2/13/75.

84 JUN 3 1975

Memorandum to Mr. W. R. Wannall
RE: SENSTUDY 75
62-116395

By memorandum dated 5/6/75, we advised the AG that the requested position paper of 7/31/72 is an internal deliberative document which we feel is inappropriate to furnish the Select Committee. This position is consistent with the position previously expressed by the AG. During the meeting with Elliff he was orally advised of the Bureau's position regarding making the 7/31/72 position paper available to the Select Committee.

The Appendices which have not yet been made available to the Select Committee are being cleared with other agencies under the Third Agency rule requirement and will be made available to the Select Committee once all clearances have been obtained. Elliff was orally apprised of this.

During the course of the meeting, Mr. Elliff stated that he felt the FBI's concerted investigative effort in the early 1960s against the Klan and later our investigative effort arising out of the ghetto riots were justified given the situation at that time. However, he felt the Committee would probably like to do an in-depth case study of both investigations. He asked if the FBI could provide the Committee with copies of all memoranda and documents reflecting the decision making process leading up to the initiation of the major investigative effort against the Klan as well as investigations during and following the ghetto riots. Elliff was advised that we certainly would consider responding following receiptoof a formal written request from Senator Church through the AG. Elliff advised he would prepare such a written request.

The Intelligence Division has already instituted the necessary research in anticipation of this request and will submit recommendations following a completion of this research.

In anticipation of Select Committee hearings which are expected to begin in about one month, Mr. Elliff and Gitenstein expect to start interviews of current Bureau employees in Bureau space during the week of 5/19/75. Mr. Gitenstein will concentrate on the work of the Internal Security Branch of the Intelligence Division and Mr. Elliff on the Counterintelligence Branch. We expect that Mr. Elliff will begin his interviews by meeting with Assistant Director Wannall, Inspector Leavitt and the Section Chiefs of the Counterintelligence Branch.

It is noted that we previously furnished to the Select Committee with the AG's approval one copy each of Sections 87 and 122 of the Manual of Instructions. Section 87 is concerned with investigations of subversive organizations and individuals. Section 122 addresses extremist matters and civil unrest. In his discussion of these two Sections it was readily apparent Mr. Gitenstein had conducted a thorough review. In this regard, he noted a difference in the investigative procedure outlined in these two Sections of the Manual. Mr. Gitenstein was advised that the Intelligence Division had just completed a Manual revision combining these two Sections into one and had submitted it to the Director for his approval. Mr. Gitenstein commented this was an excellent idea to combine these two Sections into one and expressed the hope that the revised Section could be made available to the Committee for its review in anticipation of the forthcoming Committee hearings.

At the conclusion of the meeting, Elliff asked whether the FBI would be willing to meet with the Staff to discuss such sensitive issues as surreptitious entry, the opening of mail, and incommunicado interviews. Elliff was advised that the Bureau was aware of certain allegations that have appeared in the press and felt that any interviews in sensitive areas should be restricted to the Senators on the Committee. Elliff interposed no objection to this suggestion.

The thrust of the meeting gave Bureau officials present the impression that the task force was primarily concerned with identifying what areas of the Bureau's investigative responsibilities needed to be better defined through new legislation. In fact, Elliff solicited the observations of those present as to what the Bureau's needs were in the way of new legislation to permit the Bureau to carry out its internal security responsibilities effectively. He recognized certain limitations involving records of educational institutions, banking institutions, telephone companies and credit establishments currently restrict the Bureau and suggest that some legislation with Congressional oversight should be written to assist the FBI in carrying out its mission.

Memorandum to Mr. W. R. Wannall
RE: SENSTUDY 75
62-116395

ACTION:

(1) We will proceed to meet with Mr. Elliff and Mr. Gitenstein in accordance with their request. It is anticipated that an Intelligence Division official will be present at all such interviews of current Bureau personnel.

(2) That the review of the combined Sections of 87 and 122 by other Divisions of the Bureau be expedited in order that we may be able to provide the Senate Select Committee with this revision on an expedite basis.

OK

PLM

May 5, 1975

MEMORANDUM

From: John Elliff

Subject: "Intelligence Division Position Paper on Jurisdiction"
dated February 13, 1975

1. The following documents directly related to this Position Paper have not been supplied to the Select Committee:

(1) The previous Position Paper, dated July 31, 1972.

(2) Appendices I, J, K, M, and P.

2. Parts I and II discuss the Presidential directives which may serve as the basis for FBI national security intelligence activities. Part IV lists statutes and Executive Orders affecting FBI jurisdiction. There is no mention in Parts I and II of the first Executive Order cited in Part IV. This is Executive Order #11605, dated July 2, 1971, amending Executive Order #10450, of April 27, 1953, relating to security requirements for Government employment.

These Executive Orders have been further amended by a more recent Executive Order of June 4, 1974. This latest order abolished the so-called "Attorney General's List" and revised the criteria for determining the suitability and loyalty of Government employees.

The following questions arise:

(1) In what way, if any, do the Executive Orders relating to employment security provide a legal basis for FBI intelligence activities?

(2) In what way, if any, did the Executive Order of June 4, 1974, affect the legal basis for FBI intelligence activities?

3. The analysis in Parts I and II discusses the legal basis for FBI national security intelligence investigations. There is no specific discussion of other intelligence activities. These other activities are variously described in the attached documents and quoted memoranda. The terms used include "counterespionage" (Presidential Directive of June 26, 1939),

ENCLOSURE

"to neutralize Communist front and Communist-dominated organizations of the United States" (IIC and ICIS Report to NSC, March 5, 1954), "program designed to intensify any confusion and dissatisfaction among its /Communist Party's/ members" and "counterintelligence operations" (NSC Briefing, November 6, 1958), "action proposals to protect the internal security of the United States" (National Security Action Memorandum 161, June 9, 1962). The term "counterespionage" reappears in several other documents.

These terms seem to refer to activities which have since been labeled COINTELPRO operations. In this regard, it should be noted that Attorney General Saxbe's report of November 18, 1974 on FBI COINTELPRO Activities stated, at p. 20:

> "(2) Espionage or Soviet-Satellite Intelligence
>
> This program, although officially designated a COINTELPRO program, emphasized intelligence gathering and counterintelligence efforts already being pursued in connection with the Bureau's ongoing foreign intelligence responsibilities. It did not curtail any activity or in any way change the scope of counterintelligence efforts already in effect and continuing today. It was primarily intended to inspire initiative and to encourage ingenuity in the Bureau's continuing counterintelligence efforts against hostile foreign intelligence services.
>
> In the interest of the national security, no statistics or examples of the types of actions implemented under this program may appropriately be disclosed."

This passage seems to say that the FBI continues to perform other activities going beyond investigation and directed at hostile foreign intelligence services.

The following questions arise:

(1) In what way, if any, do the Presidential directives discussed in Parts I and II provide a legal basis for FBI national security intelligence activities beyond investigations?

(2) In what way, if any, do the Presidential directives discussed in Parts I and II provide a legal basis for the COINTELPRO activities which have been discontinued as a matter of policy since 1971?

(3) In what way, if any, do the Presidential directives discussed in Parts I and II provide a legal basis for the FBI's continuing counterintelligence efforts against hostile foreign intelligence services?

4. Appendix S includes excerpts from the appropriations testimony of former Director Hoover. The testimony in 1939 and 1941 makes reference to President Roosevelt's Proclamation of National Emergency, September 8, 1939. The following exchange took place at the hearing on February 19, 1941:

> Mr. Ludlow. At the close of the present emergency, when peace comes, it would mean that much of this emergency work necessarily will be discontinued.
>
> Mr. Hoover. That is correct.
>
> Mr. Taber. Is your set-up for the national-defense work separate from the other work?
>
> Mr. Hoover. It is.
>
> Mr. Taber. Is it operated as a separate division?
>
> Mr. Hoover. Yes. In the field our field officials are under instructions to utilize approximately 50 percent of the personnel on national defense work and the other 50 percent on the regular work.
>
> Mr. Taber. But if some rush comes up, you might have to vary that?
>
> Mr. Hoover. That is correct.
>
> Mr. Taber. According to the situation.
>
> Mr. Hoover. According to the emergency that might arise. If the national emergency should terminate, the structure dealing with national defense can immediately be discontinued or very materially curtailed according to the wishes of Congress.

When President Roosevelt issued the Proclamation of National Emergency on September 8, 1939, he accompanied it with Executive Order No. 8247 directing the Attorney General to "increase the personnel of the Federal Bureau of Investigation, Department of Justice, in such number, not exceeding 150, as he shall find necessary for the proper performance of the additional duties imposed upon the Department of Justice in connection with the national emergency." At a press conference the same day,

President Roosevelt specifically discussed this Executive Order and the nature of the "additional duties imposed upon the Department of Justice."

> "And the fourth /Executive Order/ relates to what you might say is a combination of neutrality and national defense. It provides for an addition to the personnel of certain investigating agencies of the Government to protect this country against--I suppose the easiest way of putting it is--some of the episodes, some of the things that happened over here in 1914 and 1915 and 1916 and the beginning of 1917, before we got into the war. There was sabotage; there was a great deal of propaganda by both belligerents, and a good many definite plans laid in this country by foreign governments to try to sway American public opinion. We do not have to specify. The older men who are here can remember some of the episodes of that time. It is to guard against that, and against the spread by any foreign nation of propaganda in this country which would tend to be subversive--I believe that is the word--of our form of Government." (1939 Roosevelt Papers 485-486)

The following questions arise:

(1) To what extent, if any, were the Presidential directives of June 26, 1939 and September 6, 1939, based on the emergency powers of the President?

(2) To what extent, if any, was the establishment of the FBI's Intelligence Division in September, 1939, based on the President's Proclamation of National Emergency and Executive Order No. 8247?

(3) To what extent, if any, does Congress have the Constitutional authority to discontinue or curtail the FBI's national security intelligence activities based on the President's emergency powers or on other Constitutional powers of the Executive Branch?

FROM : Legal Counsel

SUBJECT: SENSTUDY 75

At approximately 3:20 PM, former SA David E. Todd (EOD as SA 1/5/42; retirement 12/9/71) called long distance from San Francisco and spoke to Deputy Assistant Director Herington. He said that he had been contacted by Lester B. Seidel, Senate Select Committee, who said that he would be on the west coast in the near future and desired to interview Todd concerning FBI policies with regard to investigation of racial matters and our counterintelligence programs against the Black Panthers and other groups. Todd pointed out that he was a former supervisor of the San Francisco Office desk responsible for Black Panther cases. Todd asked what position he should take. He was advised that his decision as to whether or not to be interviewed was entirely his and that the Bureau could not make any suggestion in this regard. It was pointed out that if he decided to be interviewed, we had made arrangements with the Senate Select Committee which would permit a Bureau representative to be available for consultation with regard to matters that might seem sensitive, but that the Bureau representative would not be present during or participate in the actual interview. He was advised further that he had the same rights as any other citizen, namely, the right to personal counsel and any other rights guaranteed him under the Constitution. Pursuant to his request, he was also advised of the provisions of Attorney General Order 501-73 which appears in Title 28, Code of Federal Regulations, beginning at Section 16.21, which would require appropriate Departmental approval prior to any current or former employee revealing, pursuant to a subpoena or other demand, any information acquired during the course of the employee's official duties. He was also reminded that all Bureau employees had signed a secrecy agreement.

84 JUN 3 1975

Memo to Mr. J. B. Adams
Re: SENSTUDY 75

Todd indicated that while he desired to respond as legally required to an official committee inquiry, he would advise Mr. Seidel that he considered himself bound by the Attorney General Order and did not feel that he could reveal official information without approval by the appropriate Department official. Todd was clearly advised that this decision had to be his own and that the FBI could not and would not make any recommendation to him as to the course of action he should take.

SUBJECT: SENATE SELECT COMMITTEE ON
INTELLIGENCE ACTIVITIES (SSC)
HOUSE SELECT COMMITTEE ON
INTELLIGENCE ACTIVITIES (HSC)

Reference is made to my ~~letter~~ memo dated 4-3-75 captioned as above (cc attached). Sec 63

This is to advise that as of 5-7-75 we have received and ordered to the field a total of 96 requests from the SSC for investigations of its staff members. An additional case was received on 5-8-75 which is being ordered to the field immediately. As a result of referenced memo, Inspector Bowers contacted the SSC which was in accord with a more realistic deadline on remaining investigations, except "a few" specials which would still be handled on an expedite basis, such as afforded Presidential appointments. Of all cases received to date only six have been designated as nonexpedite.

ST-117

It is noted recent articles in the media have contained criticism of Congressman Lucien Nedzi for delay in staffing the HSC and proceeding with its inquiry. On 3-3-75 Inspector Bowers discussed with the Congressman the mechanics for FBI investigations of the HSC staff. In the intervening period no cases were received except one recent case from the HSC which has been ordered to the field. This concerns Carl Hendrickson Simms, Security Director, HSC, and formerly connected with the House impeachment inquiry. Simms has been in contact with our Project Senstudy 75 group. It is not known when additional investigations will be received from the HSC.

SENATE SELECT COMMITTEE ON
INTELLIGENCE ACTIVITIES (SSC)
HOUSE SELECT COMMITTEE ON
INTELLIGENCE ACTIVITIES (HSC)

By agreement, the FBI is currently conducting full field investigations regarding SSC staff personnel. These have extremely short (2 week) deadlines which are identical to those afforded Presidential appointments and are, therefore, given preferential treatment in opening, assigning, and following field progress. The Special Inquiry Unit of the Employees Security and Special Inquiry Section, which has about twice its normal case load, is handling these requests. Senator Church, Chairman, SSC, originally estimated that between 35 and 40 staff members would be submitted for investigation. As of today, 4-3-75, we have received requests for 85 such investigations from the SSC and the end does not appear to be in sight. They are received in bunches as many as 6 at a time, which is not the even flow expected and presents an additional burden.

In addition it is expected that similar requests will be forthcoming in the near future from the HSC since we have a similar agreement with it. Congressman Nedzi, Chairman of the HSC, has estimated "probably no more than about 25 staff members will be hired." It remains to be seen if this estimate also falls short of actual receipts.

Since there is no charge for these full field investigations they will have to be considered in the budget. It is noted the current charge for a full field investigation, where applicable, is $2028.

ACTION: For information. Since it appears the nucleus of the Committee has been formed, it is suggested Senator Church be contacted and queried regarding a more realistic (30 day) deadline on the remaining investigations concerning future staff members and their replacements.

FROM : Mr. H. E. Helgeson

SUBJECT: SENSTUDY 75

At about 1 p.m., 5/2/75, ASAC Herbert D. Clough, Newark Division, called to furnish the following information:

The Newark Office had just been contacted by former Bureau Supervisor Dan Brennan, retired, who resides at Sea Girt, New Jersey. Brennan advised that he had been contacted earlier today by Mike Epstein of the Senate Select Committee who desired to talk to Brennan today and an appointment was set up. Epstein was to arrive at Newark around noon and then drive to Sea Girt, about an hour's travel. Based on information furnished at the recent conference in New York, Newark had dispatched an Agent to be present during this interview as requested by Dan Brennan.

After completing my conversation with Clough, I discussed this matter with John Hotis, Office of Legal Counsel, and it was concluded the Agent from Newark who would be present during the interview should call Office of Legal Counsel, speak to Hotis, and obtain general guidelines for his participation in this interview.

ASAC Clough was recontacted and so instructed. I also asked Clough to get in touch with me later in the day to let me know what transpired.

SUBJECT: ISSUE PAPER ON INTELLIGENCE FILES AND PRIVACY

The Executive Committee of the Ad Hoc Coordinating Group on Congressional Review of the Intelligence Community identified ten issues likely to grow out of the Select Committee's deliberations. The Executive Committee asked the FBI to prepare a paper on one of these topics, Intelligence Files and Privacy. Specifically, the request was for a brief paper which raises the issues observed by the intelligence agencies when intelligence files and privacy are viewed together without suggesting or recommending how the questions should be resolved.

J. D. Miller drafted an outline which was discussed on April 16, 1975, with representatives of the CIA and Departments of Defense and Treasury. On April 21, this outline was presented by Mr. Hotis to the Executive Committee which received it without comment. Mr. Miller then prepared a rough draft which was discussed at a meeting on April 22, with the representatives of the CIA and Department of Treasury.

Mr. Miller's final draft is attached. It discusses both intelligence files and the concept of privacy in general terms before focusing on the issues which present themselves when an effort is made to establish the proper relationship between the two.

SUBJECT: SENATE SELECT COMMITTEE ON INTELLIGENCE ACTIVITIES REQUEST OF 4-28-75

REQUEST OF SUBCOMMITTEE ON CIVIL AND CONSTITUTIONAL RIGHTS, COMMITTEE ON THE JUDICIARY, U. S. HOUSE OF REPRESENTATIVES DATED 4-25-75

On 5-2-75, Doug Marvin, Assistant to the Attorney General, furnished SA Paul V. Daly two requests from Congressional Committees pertaining to an allegation that documents were removed from former Director J. Edgar Hoover's residence in Washington, D. C., following the death of Mr. Clyde Tolson. Attached are copies of each of the captioned requests.

Each Assistant Director is to canvass his Division and furnish on an expedite basis any information they may develop considering this allegation. Responses should be directed to the Legal Analysis Office, Legal Counsel Division, so that the response may be prepared for the appropriate Congressional Committees and forwarded through the Attorney General's office.

REC 8 62-116395-153

UNRECORDED COPY FILED IN 62-116395-

Also attached for approval is an airtel to the Washington Field Office requesting that an appropriate inquiry be made among Field Office personnel so that these allegations may be responded to.

RECOMMENDATIONS:

MAY 20 1975

(1) That Assistant Directors make appr~~opriate inquiry of~~ personnel concerning the allegations contained in the aforementioned letters and forward results of inquiry to the Legal Analysis Office, Legal Counsel Division, so that responses may be prepared to the Committees' request.

SELECT COMMITTEE TO
STUDY GOVERNMENTAL OPERATIONS WITH
RESPECT TO INTELLIGENCE ACTIVITIES
(PURSUANT TO S. RES. 21, 94TH CONGRESS)
WASHINGTON, D.C. 20510

April 28, 1975

RECEIVED
OFFICE OF THE
ATTORNEY GENERAL
APR 30 1975

Honorable Edward H. Levi
Attorney General
U. S. Department of Justice
Washington, D. C. 20530

Dear Mr. Attorney General:

Last week's issue of Newsweek, on page 15, states:

> Hoover's Secrets
>
> Following the death last week of Clyde Tolson, J. Edgar Hoover's close friend and No. 2 man at the FBI, two FBI agents reportedly removed some documents from the late director's house in Washington, where Tolson had been living. Officially, the FBI denies taking any such action, and a friend of Tolson's says the only Hoover documents Tolson had were old canceled checks and tax returns. But Newsweek had reported earlier that some of Hoover's private dossiers, including information "very, very damaging" to persons in the Nixon White House, were left in Tolson's custody, and a source told Newsweek this week that the materials were carted away in a truck.

Assuming that the files in question may be part of the so-called "Official and Confidential" files, your testimony before the House Judiciary Committee on February 27, 1975, is instructive. You said that the number of files which you reviewed contained matters relating to "Presidential directives regarding the role of the FBI in the security field" and to the matters related to "domestic

...NTAINED
HERE... ...FIED
DATE 1-25-01 BY SP2ALM/RW

MAY 27 1975

ENCLOSURE

62-116395-153

violence", "intelligence activities by hostile nations", "domestic extremist activities", and use of the FBI to gather political intelligence.

Furthermore, at the same time, Director Kelley suggested that materials from the "Official and Confidential" files were taken to Director Hoover's home. He stated:

> Immediately after his death /Mr. Hoover's/ some of his employees, including his personal secretary, went through his files and completed the destruction of the remainder of the files that were purely personal. These were destroyed by shredding. Some I understand were taken out to his home and placed in his home, they being historical I presume to some extent. There is no indication that they were other than personal files.

Please determine for the Select Committee whether any documents were removed from Mr. Tolson's or Mr. Hoover's residence by FBI agents or former FBI agents after Mr. Tolson's death. If agents of the FBI did go to Mr. Hoover's or Mr. Tolson's residence to remove files, please provide the Select Committee with a complete description of the documents taken into custody by the FBI. Were any such documents copies or originals of documents relating to the business of the FBI? If so, please describe the subject matter of each such document. Also indicate the individual within the FBI who has custody over these files. Furthermore, I respectfully request on behalf of the Select Committee that such files not be destroyed or removed from the FBI's custody until further notice.

Sincerely,

Frank Church

O.L.A.

The Honorable Edward H. Levi
Attorney General of the United States
Department of Justice
Washington, D. C. 20530

Dear Mr. Attorney General:

In the most recent issue, April 28, 1975, of Newsweek's "Periscope" section, it is alleged that following the death of Clyde Tolson, J. Edgar Hoover's close friend and top assistant, FBI agents removed documents from the late FBI Director's house, in which Mr. Tolson had been living. The article further alleges that the documents removed were of the nature of private dossiers.

During the hearing of the Subcommittee on Civil and Constitutional Rights of the House Committee on the Judiciary, on February 27, 1975, it was asserted that papers delivered to the home of J. Edgar Hoover after his death were of a purely historical or personal nature. In keeping with the Subcommittee's oversight jurisdiction of the FBI, I respectfully request that the Department of Justice make an independent investigation of the allegations made by the Newsweek writer and report back to the Subcommittee within a reasonable time. This investigation should cover these points:

1. Were any documents or other material removed from the home of the late FBI Director by agents of the FBI, or others under the direction of the FBI or the Department of Justice, after the death of Clyde Tolson?

[illegible]

2. If it is determined that documents or other material were removed, on whose authority was such action initiated?

3. What was the nature of the material removed?

4. For what purpose were the materials removed?

5. Was it the same material delivered to the home of J. Edgar Hoover after his death?

6. If it is true that the materials delivered to the home of J. Edgar Hoover after his death were of an historical or personal nature, and that all or some of these same materials were removed after the death of Clyde Tolson, what legal rationale can be used to give the FBI any interest in, or authority to remove, such documents to their own possession?

Your prompt consideration of this matter is appreciated.

Sincerely,

Don Edwards

TO : MR. JENKINS

DATE: 5/5/75

FROM : D.W. MOORE, JR.

SUBJECT: CLYDE A. TOLSON
FORMER ASSOCIATE DIRECTOR

The April 28, 1975, issue of "Newsweek" magazine on page 15 under its "Periscope" section, referred to Mr. Tolson's death and claimed that 2 Agents reportedly removed documents from Hoover's residence where Tolson had been living. The article, captioned "Hoover's Secrets," carried the FBI's denial of such action and also stated that a friend of Tolson's said the only Hoover documents Tolson had were old cancelled checks and tax returns. However, the article added that "Newsweek" had reported earlier that some of Hoover's private dossiers, including information "very, very damaging" to persons in the Nixon White House, were left in Tolson's custody. "Newsweek" further claimed that a source advised that the materials were carted away in a truck.

Mr. Kelley has asked of Messrs. Callahan, Jenkins, Adams and Moore, "Do you have any idea where such a story got started? Ky."

My memorandum to you of 4/17/75 captioned as above (copy attached) pointed out that Tony Marro, "Newsweek" reporter, contacted my office that date advising he had heard from a source to the effect that 2 Agents were sent to Tolson's residence the day of his death with a truck and carted away some files which were subsequently brought to the home of Mr. John P. Mohr, former Assistant to the Director. Upon checking with Mr. Mohr, Marro was advised there was absolutely no truth to the story. It should be noted that Mr. Mohr also advised at that time that most of the furnishings at Mr. Tolson's home have been removed over the past several months and that there were some associates of the family and Annie, the housekeeper who had stopped by the house on the day of the death with some empty boxes to help remove additional furnishings.

ENCLOSURE

Moore to Jenkins Memo (cont'd.)
Re: CLYDE A. TOLSON

Based upon a request from Mr. Mohr to Mr. Callahan, a Bureau clerk did go to the residence of Mr. Tolson on the day of his death whereupon he delivered some 24 boxes and 6 rolls of tape. The clerk merely delivered the boxes and tape and then left the residence. We have no idea what was placed in the boxes nor how this story started in the first place.

RECOMMENDATION:

For information.

MR. JENKINS 4/17/75

D.W. MOORE, JR.

CLYDE A. TOLSON
FORMER FBI ASSOCIATE DIRECTOR

Tony Marro, "Newsweek" magazine, Washington, D.C., called this morning advising that he had heard from a source who has been reliable in the past, to the effect that two Agents were sent to the home of Clyde Tolson Monday evening, 4/14/75, the day of his death, with a truck and carted away some files which were subsequently brought to the home of Mr. John P. Mohr, former Assistant to the Director.

Upon checking with Mr. Mohr, Mr. Marro was advised that there was absolutely no truth to his story. It should be noted that Mr. Mohr advised that most of the furnishings at Mr. Tolson's home have been removed over the past several months and that there were some associates of the family and Annie, the housekeeper, who had stopped by the house sometime Monday with some empty boxes to help remove additional furnishings. As you know, Mr. Mohr is the Administrator of Mr. Tolson's estate and stated that there was simply no truth to the allegation that any Agents had gone to the home in a truck to transfer any files to his residence, as alleged.

FROM : Legal Counsel

SUBJECT: SENSTUDY 75

By memorandum dated 4-30-75, directed to the Deputy Attorney General and the Director of the FBI, signed by Chief Counsel of the Senate Select Committee (SSC) Frederick A. O. Schwarz, Jr., the SSC had made additional requests of the FBI. Their requests are divided into four separate areas which are as follows: (1) Request for prior changes in the Manual of Instructions, to those sections of the Manual of Instructions which they have already had access to. (2) Request to review certain sections of the Manual of Instructions not previously furnished the Committee. A review of this list discloses generally these sections do not pertain to foreign or domestic intelligence investigations and some do not appear to be within the ambit of Senate Resolution 21 which charters the authority of the SSC. Regarding the sections of the Manual of Instructions, the request stated they would be satisfied with reviewing them at FBI Headquarters. (3) Request certain sections of the Manual of Rules and Regulations be made available for review by SSC representatives at FBI Headquarters. As in request #2, some of the sections do not appear to be within the scope of Senate Resolution 21. Among the sections of the Manual of Rules and Regulations requested are such sections as those concerning disciplinary matters and administration of offices. (4) A general request concerning the Bureau's filing procedures including information concerning our indexing system, list of classifications used in FBI filing system, and a set of forms used by the Bureau. (Attached is a copy of the memorandum.)

ST 112 REC 8 62-116395-152

It was pointed out regarding this request to senior staff member of the SSC, Mark Gitenstein, that some aspects of this request appear to be outside of the scope of the Committee's authority ~~as set~~ forth in Senate Resolution 21. Gitenstein explained that while this may

ENCLOSURE

be technically accurate the Committee felt it was necessary for them to come to a general understanding as to Bureau operations and that this would assist them in their review of FBI operations in the domestic and foreign intelligence areas. Gitenstein also indicated it was the Committee's feeling that Senate Resolution 21 was intended to be construed liberally and that in general it required that the SSC be furnished by the various intelligence agencies that information which would be necessary for them to carry out its mandate. It was also explained to Gitenstein that concerning their requests involving prior changes in various sections of the Manual of Instructions that they had not placed a cutoff date as to how far back the Bureau had to go to comply with this request. Gitenstein indicated that we could use 1-1-60 as the cutoff date.

RECOMMENDATIONS:

(1) Recipients review requests pertaining to their Divisions and furnish in memorandum form their response to the Legal Counsel Division.

(2) The Legal Counsel Division will, upon receipt of responses from the interested Divisions, prepare the necessary communication to the Senate Select Committee to be approved by the Attorney General and furnished to the Committee.

(FAOS--4/30/75)

MEMORANDUM FOR DEPUTY ATTORNEY
GENERAL TYLER AND DIRECTOR KELLY

April 30, 1975

This memorandum concerns paragraph IV of the attachment to Senator Church's letter of March 19 to the Attorney General. On behalf of the Senate Select Committee to Study Governmental Operations with Respect to Intelligence Activities, I would like to request the following:

1. Superseded Sections of the Manual of Instructions. Certain sections of the Manual currently in effect have been produced to us. We had intended by the request to ask for the relevant superseded sections (note the absence of the word "current" in Section IV as compared to Section IIIA) and we did indicate previously to the liaison staff that we were interested in superseded sections. But without regard to that, it is clear from documents such as the Director's letter of August 7, 1973 to the Attorney General that certain superseded sections will be highly relevant in analyzing the question of legal authority, as well as in understanding particular events in earlier years. We would appreciate their being sent to us promptly or if that causes mechanical problems, being able to promptly review them at the FBI in order to select particular portions for copying. At a minimum we would be interested in superseded Manual provisions for the sections set out in Appendix A.

Xerox furnished to K. Wm O'Connor Deputy Asst. to A.G. by SA DALY 5-20-75

Copy to Harriet Mowitt, Ad Hoc Comm. by LFS 5-15-75

2. Sections of the Manual of Instructions Not Previously Produced. Based upon the previous production to us of the table of contents to the Manual of Instructions, we have identified certain additional sections of the Manual which we would like to examine. Rather than having these made available to us in the first instance in our offices, we suggest that they be made available to Mark Gitenstein, and other designated members of the staff, for initial examination at the FBI offices. A listing of those sections is annexed as Appendix B.

3. Manual of Rules and Regulations. Again, based upon the procedure whereby we were first furnished with the table of contents of the Manual of Rules, we have identified those sections which we want to examine initially. To expedite matters, these sections, identified in Appendix C, could be examined by Mr. Gitenstein, or other designated staff members, at the FBI offices.

4. Filing System. It would also be most helpful if you could provide the Committee with any other written materials on administration of any of the filing or information systems, manual or automated, which are used in the course of intelligence or internal security activities. This does not fit within our prior request but should serve to make future requests more focused.

I have in mind specifically any memoranda prepared by the Bureau on its indexing system and the so-called Clerk's Manual,

if such a document exists. Please also provide the Committee with a list of the classifications used in the FBI's filing system as well as a complete set of printed forms used by the Bureau (e.g., FD-165, etc.).

* * * *

We believe that all the foregoing material will help expedite and focus the inquiry. I assume that Mr. Hotis will contact me promptly to arrange for our review of this material.

Proposed Legislation

Senstudy '75

SUBJECT: H. R. 214; LEGISLATION TO REQUIRE COURT ORDERS FOR THE INTERCEPTION OF COMMUNICATIONS BY ELECTRONIC AND OTHER DEVICES, FOR ENTERING RESIDENCES, FOR OPENING MAIL, AND FOR INSPECTION OF CERTAIN RECORDS

Bowers

Reference Legal Counsel to Mr. Adams memorandum, 4-28-75, reporting that the Subcommittee on Postal Facilities, Mail, and Labor Management, House Post Office and Civil Service Committee, is going to open hearings concerning captioned bill on 5-6-75, and that the Department of Justice will be requested to provide testimony.

Mike Cavanagh, Assistant on the Subcommittee staff, called Inspector Bowers on 4-29-75 stating the Subcommittee Chairman, Charles Wilson (D-Calif.), had instructed him to request a copy of the Hoover report to the President in June, 1970, on behalf of the Committee on Interagency Intelligence since this report contained information regarding mail openings and possibly mail covers. Cavanagh was advised that we have received prior requests from Congressional committees for this document and all such requests are being referred to the White House. He was told to contact James Wilderotter in the office of the Counsel to the President at the White House. Wilderotter is the individual to whom we have previously referred a similar request for this document from the Senate Select Committee on Intelligence Activities.

62-116395-

NOT RECORDED

JUL 21 1975

Charles Whitley, Administrative Assistant to Congressman David Henderson (D-N.C.), Chairman of the House Committee on Post Office and Civil Service, on 4-30-75 told Bowers that the Postal Facilities Subcommittee had scheduled the hearings regarding this legislation hurriedly after it was determined that the Subcommittee on Government Information and Individual Rights, Committee on Government Operations, chaired by

Congresswoman Bella Abzug (D-N.Y.), had indicated an interest in holding hearings on this matter. Whitley stated hopefully Abzug's Subcommittee can be precluded from conducting any hearings in this area by virtue of the assertion of authority by the Post Office and Civil Service Committee.

James Wentzel, Office of Legislative Affairs, Department of Justice, has been alerted to the effect that an invitation will be received by the Department for testimony on this legislation.

RECOMMENDATION:

That the General and Special Investigative Divisions and the Intelligence Division promptly begin compiling appropriate information for submission to the Legal Counsel Division which can be submitted to the Department for its use in testifying or can be used as the basis for FBI testimony should the Department request an FBI representative to appear at these hearings.

This memorandum records the receipt of two documents furnished to the Bureau as a member of the Ad Hoc Coordinating Group for Congressional Review of the Intelligence Community. These documents were furnished by Mr. John M. Clarke, Associate Deputy to the Director of Central Intelligence for the Intelligence Community, who is chairman of the Ad Hoc Group.

Attached herewith is a current list of those staff members of the Senate Select Committee who have received security clearances. The Bureau will continue to receive up-dated lists as additional staff members are afforded a security clearance.

Also attached is a copy of the request levied on the Department of State by the Senate Select Committee. A copy of this request was furnished to the Bureau for its information by Mr. Clarke.

4/23/75

Request to the Secretary of State for Documents and Other Material Regarding the Department of State and Intelligence Activities of the United States Government

1. All directives, regulations, memoranda, guidance or similar material setting forth the relationship of the Department of State to, and its role in, the Intelligence Community and the National Security Council structure, including but not limited to the United States Intelligence Board, the Forty Committee, Washington Special Action Group, Senior Review Group, the Verification Panel, and the Intelligence Committee. Specific descriptive and documentary material covering the nature and extent of the Department's relationship with the National Security Agency and the Federal Bureau of Investigation and other investigating and intelligence entities should be included, such as the Interagency Evaluation Committee.

2. Organization charts showing which officials represent the Department of State on the various Intelligence Community and NSC committees, and on all other bodies, including subcommittees, whose functions include intelligence activities. Such charts should give the names and titles of officials representing the Department of State in those committees (or their predecessor organizations) going as far back as 1947 or any earlier date which the Department believes relevant. The charts should also include, for the same time frame, the names, titles, and a brief job description of those officials of the Department who provided staff support to the Department's representatives on Intelligence Community and NSC committees or to the committees directly.

3. All regulations, guidance, inter-agency memoranda, delimitations agreements, including other agreements and similar material governing the support which the Department of State provides to or receives from other agencies within the Government, having an intelligence or security or investigative function. This would include, but not be limited to, such matters as administrative support and "cover" provided to employees of the Central Intelligence Agency, the Federal Bureau of Investigation, and the Drug Enforcement Administration (and its predecessors), communications support, and financial services.

4. Description, including organization chart, of the Bureau of Intelligence and Research (INR). This should include, in particular, detailed discussion of the operations of the Directorate for Coordination (INR/DDC) and any predecessor offices, whether in INR, the Under Secretary's office, or elsewhere in the Department. Names of personnel throughout the Directorate for Coordination or its

MDR-16

62-116395-151
ENCLOSURE

predecessors should be listed covering the entire period since that function was developed.

5. Description of the organization and functions of the Bureau of Security and Consular Affairs, and of the Office of Security within the Bureau of Administration, insofar as they relate to liaison or cooperation with any intelligence or domestic investigatory body.

6. All instructions, memoranda or similar documents authorizing the establishment of and detailing the mandate of the Cabinet Committee to Combat Terrorism (and its Working Group). Also all reports on terrorism by the Cabinet Committee to Combat Terrorism (and its Working Group), such as the report by the Secretary of State to the President referred to in the President's Memorandum of September 25, 1972, establishing the Committee.

7. All directives, regulations, memoranda, guidance, or similar material which sets forth the Department of State's role in establishing or reviewing requirements or proposals for intelligence activity, including intelligence collection, recruitment of agents, political action programs, paramilitary programs, and counterintelligence activities. In addition, a descriptive account of the Department of State's role in establishing or reviewing requirements or proposals for intelligence activity, differentiating the Department's role in intelligence collection, recruitment of agents, political action programs, paramilitary programs, and counterintelligence activities. This should include differentiation between activities within these categories where differences exist.

8. All directives, regulations, memoranda, guidance, or similar material which sets forth the role and functions of the Department of State in the collection, assessment, production, and dissemination of national intelligence. In addition, a descriptive account of the current role and functions of the Department of State in this regard.

9. All instructions, guidance or similar material defining the authority of U.S. Ambassadors and other Chiefs of Mission to know about and control activities of any U.S. intelligence or investigative agent or entity in the country to which the Ambassador or Chief of Mission is accredited. This should include any limitations upon Ambassadorial control or cognizance of and discussion of any other coordination, monitoring, or other relationships between U.S. missions and the activities of any U.S. intelligence or investigative agent or entity.

10. Any other historical, descriptive or documentary material, studies or reports which the Department believes would be of assistance to the Select Committee in understanding the Department's role in intelligence activities, evaluation and monitoring of those activities, or other matters relevant to the Committee's mandate.

At 2:30 p.m. on June 2, 1975, a conference was held with the Deputy Attorney General attended by K. William O'Connor, Kevin Maroney, Philip White, and Robert McDermott of the Department. Bureau representatives were Mr. Callahan, Mr. Adams, Mr. Wannall and me.

Mr. O'Connor discussed the request by the Senate Select Committee for access to the 39 page report by former Assistant Attorney General Petersen concerning COINTELPRO. Though objections were presented by the Bureau representatives that the report should not be furnished to the Committee, and its enclosures, particularly the legal memoranda should not be made available, the Deputy Attorney General decided and instructed that the 39 page report should be made available to John Elliff on Tuesday, June 3, 1975, for his review, at which time he would be permitted to take notes, but he would not be furnished a copy of the document. The Deputy further instructed that should Mr. Elliff request the attachments to the report, Mr. O'Connor should offer as an alternative the memoranda which initiated each of the COINTELPROs.

EX-105 REC-20 62-116395-220

UNRECORDED COPY FILED IN

Upon our return to the Bureau, Mr. Adams requested that the Intelligence Division undertake an analysis of each of the summaries which were attached to the Petersen report in order to make a damage assessment based on factors that would affect current Bureau operations should they be revealed to the Committee. He also requested that ~~this information~~ be compiled and available to brief the Deputy Attorney General as to the difficulties that would be involved upon disclosure.

Honorable Charles E. Wiggins
House of Representatives
Washington, D. C. 20515

170-3145-7

Dear Congressman Wiggins:

Reference is made to your letter dated April 9, 1975, enclosing a resolution adopted by the State Bar of California condemning the Federal Bureau of Investigation (FBI) for placing an informant on the staff of a legal service agency to communicate information learned in that capacity to the FBI and our response dated April 28, 1975.

Contact with the State Bar of California has enabled us to identify the situation to which they were referring.

MAILED 6
MAY 14 1975
FBI

Between April, 1968, and November, 1968, one Rudolph Leamer Muse was operated as an informant by our New Orleans, Louisiana, Division. Muse furnished information regarding black extremist activities and he was paid for services rendered. Muse was unemployed when initially volunteering his assistance to the FBI and subsequently, on May 10, 1968, began working as an investigator for the New Orleans Legal Assistance Corps (NOLAC), an organization funded by the Office of Economic Opportunity.

ORIGINAL FILED IN

Information in the files of our New Orleans Division indicates during June, 1968, Muse advised it had become necessary to tell his supervisor at NOLAC of his relationship with the FBI. His supervisor became aware of Muse's association with black nationalist groups and attempted to discharge him. To avoid discharge, Muse told his supervisor he was cooperating with the FBI. Subsequently Muse's supervisor from NOLAC contacted the New Orleans Division and advised he wanted to assure the FBI that the relationship between

Honorable Charles E. Wiggins

Muse and the FBI would be maintained by him and would go no further. Muse's supervisor said he was cognizant of the importance of Muse's cooperation with the FBI remaining confidential.

The New Orleans Division of the FBI never conducted any investigation regarding NOLAC and Muse never furnished information concerning its activities.

I hope this information will clarify the issue for you. If I may be of further assistance in this matter, please contact me.

A copy of this letter is being provided to the State Bar of California.

Sincerely yours,

C. M. Kelley

Clarence M. Kelley
Director

1 - State Bar of California
601 McAllister Street
San Francisco, California 94102

NOTE:

The resolution of the State Bar of California (SBC) referred to above did not identify the specific incident in which they were interested so Congressman Wiggins' letter was acknowledged and we indicated additional details would follow. On 4/25/75 San Francisco advised the basis for the SBC resolution was articles contained in the 2/7/75 issues of the San Francisco Examiner and Oakland Tribune. In these articles Muse was not mentioned by name but the details corresponded with his case. On 4/28/75 Supervisor Ernest Wall, New Orleans, advised Muse was identified by name in articles concerning this incident in the 2/2/75 issue of the New Orleans Times Picayune and the 2/25/75 issue of the New Orleans States Item. Since Muse revealed his relationship with the FBI and has been publicly identified by name and appears to be no privacy issue or need to protect the confidentiality of our files, Congressman Wiggins should be advised of the complete details in this matter. As the SBC urged issues such as this be considered by the select committees of the U.S. Senate and House of Representatives, a copy of this communication is being furnished for the information of the Legal Analysis Section and Project Senstudy 75 in Division 5.

SUBJECT: STATUS OF RESPONSES TO CONGRESSIONAL COMMITTEE REQUESTS

The purpose of this memorandum is to set forth in summary form the requests we have received from various Committees in Congress and the status of our replies.

I. Senate Select Committee on Intelligence Activities (SSC)

We have substantially complied with the request of this Committee contained in their letter of 3-19-75. The remaining aspects of this request involve a decision by the State Department concerning the release of exhibits contained in a study on FBI jurisdiction, a decision by the Department relating to COINTELPRO and our recommendation that one particular document not be furnished the Committee.

We are in receipt of a request by memorandum dated 4-30-75 from the SSC. This request generally relates to Sections of the Manual of Rules and Regulations and the Manual of Instructions, and the various divisions having responsibilities and interest in the Sections requested, are in the process of preparing the necessary responses.

We received a request by letter dated 4-28-75 from the Committee concerning allegations of our possible involvement in the removal of documents from the residence of the late Director J. Edgar Hoover. Our response has been prepared and it is anticipated it will be furnished the Department in the near future.

II. Subcommittee on Civil and Constitutional Rights of the House Judiciary Committee

We have complied with those aspects of the request contained in this Committee's letter of 4-10-75, pertaining to photographic surveillance and indexing procedures. We anticipate our response to their requests relating to our authority to collect, retain and disseminate information will be furnished in the immediate future.

CONTINUED - OVER

We also received a request from this Committee by letter dated 4-22-75, relating to our procedures of handling Freedom of Information Act requests and an inquiry by letter dated 4-25-75 regarding our alleged involvement in the removal of documents from the residence of the late Director J. Edgar Hoover. We have prepared responses to both requests. The response concerning the Freedom of Information Act has been furnished the Department for approval and furnishing to the Committee; the response relating to removal of documents has been prepared and is in the process of being approved by the Bureau.

III. Senate Subcommittee on Internal Security of the Senate Judiciary Committee

We received a request by letter dated 4-28-75 for information relating to terrorist incidents. We have prepared and furnished a response to this request.

RECOMMENDATION:

None. For information.

MEMORANDUM FOR: Principals ~~of the USIB~~ Ad Hoc Coordinating Group

SUBJECT : Ninth Meeting, 4 June 1975

1. A meeting of the USIB Ad Hoc Coordinating Group was held on 4 June 1975 at 10:00 a.m. A list of attendees is attached.

2. The meeting was opened by Dr. Clarke who described the current activities of the Senate Select Committee in accelerating their official interviews with knowledgeable officials across the Community and the criticality of firming up agreements on how these interviews are to be handled. This has not been forthcoming despite White House interest. House Select Committee procedure is not yet clear.

3. The second item raised by the Chairman was the list of category II "abuses" which had been developed at the direction of the Policy Steering Group. The set developed was the result of discussions with Mr. Schwarz, Counsel to the Senate Select Committee, who plans to present a complete list of "category II" items to the Committee on Friday, 6 June. At that point, it is expected "notices" would go out to the Community agencies advising them so that agreed interview procedures will apply. It is also anticipated that the presence of private as well as Agency counsel will be addressed. The Policy Steering Group has accepted the principle of dealing with these identified "category II" subjects by assigning responsibility for gathering of comprehensive and paper preparation to specific individuals within the Community agencies. Dr. Clarke is the focal point for gathering the names of individuals who will assume these responsibilities. To date, individuals had been named for all subjects except those to be handled by CIA.

4. In addition to the "category II" items, there are a number of additional subjects largely geographic in nature for which the DCI feels CIA should assume responsibility for preparing comprehensive papers. In view of the apparent adversary relationship between the Senate Select Committee Staff and the agencies under investigation, it may be that preparation of papers dealing comprehensively with specific subjects will deflect some of this cross-agency probing and result in a positive solution to problems before they arise.

5. The Chairman reminded the group of the responsibility which exists to keep Mr. Cotter of the Post Office Department informed on matters resulting from the Congressional investigations which will clearly impact on his agency's affairs. At present, the cross-agency character of the interviews now under way indicate a possible communication gap in adequately coordinating on postal matters.

6. The Chairman explained the DCI's action taken in late May to separate the responsibility for CIA's response to the Congressional Select Committees from those responsibilities of the IC Staff. Both Dr. Clarke and Mr. Elder emphasized the very close relationship which exists in the two efforts. Mr. Elder will represent CIA at all USIB Ad Hoc sessions henceforth.

7. The Chairman questioned Mr. Elder, the CIA representative, whether or not the Senate Select Committee had yet furnished the Agency with a list of subjects with which they plan to deal in depth. Mr. Elder reported they have not yet done so, but it is apparent that three items are of priority interest at the moment: assassinations, the Phoenix program, and covert action; that it appears clear the Committee is currently pursuing the question of authorities, approvals, and support from other agencies.

8. The 27 May request addressed to the DCI covering materials under the jurisdiction of a number of Community agencies was provided to the members of the Ad Hoc Group. Dr. Clarke indicated he was seeking policy guidance on selected items in the request which dealt with Community product such as NIE etc. He noted the 27 May request indicated identical letters were being forwarded to the Secretary of State and the Secretary of Defense. Copies have been sent to all USIB Ad Hoc members, the NSC and the White House.

9. Copies of a memorandum which set forth the action items resulting from the Policy Steering Group session of last week were provided to the Ad Hoc members for their information.

10. Mr. Elder reported that the House Committee has indicated to CIA its intent to concentrate on specific issues, but as of now are not adequately organized to be specific in their requests. The one extant request forwarded to the CIA was posing some problems because of the lack of cleared personnel, approved storage facilities, and determinations on the ultimate disposition of records. The Chairman noted that concurrent with this meeting, a meeting of Community legal representatives was taking place with the purpose of commenting on the House Select Committee's proposed security regulations which have not yet been adopted.

11. CIA reported its success with the provision of a reading room for SSC Staff at CIA headquarters. State reported there were no comparable facilities anticipated there. Defense has provided badges to Staff members and reading facilities are available. The same accessability of materials is true at NSA and FBI.

12. The last subject on the agenda was the implementation of the Community Central Index. In the material provided to the group was a letter reaffirming the purposes of the Central Index and a list of 40 key words to be used in identifying material furnished the Index. A printout of the Index content was provided to the group as a review document only. The final format of such periodic reports has not yet been refined. Group members are encouraged to comment if they detect any problems with items in the printout. Forms for inputting information to the Central Index were also provided to the Group. This is a service of common concern which will assure the uniformity of information received and should serve to lighten the workload of the individual agencies. The telephone number of Mrs. Young of the Central Index was provided for agencies' convenience in accessing the Index information.

1. The following list includes subjects to be covered by the Agencies concerned:

Assassinations	White House	Mr. Wilderotter IDS 145-7094
Drug Abuse	CIA	Not yet designated
Political Abuses (1964)	FBI	John Thomas 324-4609
Domestic Surveillance	Justice	John Martin IDS 187-4555
Electronic Surveillance and Warrantless Wiretap	Justice	George Calhoun IDS 187-4401
Use of Notional Organizations	FBI	John Thomas 324-4609
Use of Proprietary Organizations	CIA	Not yet designated
Mail Cover and Intercept	Justice	Phil White IDS 187-4674
Watch List	DoD	Benson Buffham, NSA 688-7222
Army Surveillance	DoD	Dr. David Cooke 695-4436

File 62-116395

62-116395-5-W06

NOT RECORDED

17 JUN 13 1975

84 JUN 13 1975

The individuals named on this list are those designated by the Agencies as having prime responsibility for preparing the paper. The papers should be delivered in two copies directly to the Associate Counsel to the President, Mr. James Wilderotter, Room 182, Old Executive Office Building, by the Agencies. In the course of the next week, a meeting will be called for Mr. Wilderotter to meet with the individuals designated on this list. Each Agency will also be responsible for naming a person to work with each Task Force leader where it is appropriate to the subject matter. In the interim, Task Force leaders should deal directly with the following people with respect to individual Agency responsibilities:

DCI/Intelligence Community	John Clarke IDS 143-5477
CIA	E. Henry Knoche IDS 143-4086
Defense	Tom Latimer IDS 11-54221
State	William Hyland IDS 101-20342
Treasury	William Morell IDS 184-2536
Justice	William O'Connor IDS 187-5211
FBI	William Cregar IDS 175-4636

2. The CIA has been coordinating internally the DCI's letter to the Chairman of the House Select Committee on Intelligence and this letter should be available for Community review and consideration soon. Distribution of this letter will be made sometime prior to a meeting of the General Counsels chaired by Mr. Wilderotter to go over details of the letter and coordinate on the final language. This arrangement is consistent with agreements reached in our meeting on 3 June 1975.

U. S. SENATE SELECT COMMITTEE TO
STUDY GOVERNMENTAL OPERATIONS WITH
RESPECT TO INTELLIGENCE ACTIVITIES (SSC)

RE: INTERVIEW OF RETIRED FBI
SPECIAL AGENT (SA) BY SSC
STAFF MEMBER

Set out below is the verbatim text of a statement voluntarily furnished to the FBI by Mr. Alan G. Sentinella who served as an SA of the FBI from July 12, 1948, until his retirement March 22, 1971. He is presently employed as Director of Safety, Georgia State University, Atlanta, Georgia.

"Atlanta, Georgia
May 12, 1975

"Interview by Lester B. Siedel, (sic), representative of Senate Select Committee of Alan G. Sentinella. Interview commenced 12:24pm, terminated 2:20pm. Siedel at the outset identified self via credential as representative of aforementioned Committee.

"Mr. Siedel introduced by writer to Mr. Seymor Phillips of the FBI. The writer explained to Siedel that following his telephone conversation, 5/9/75, during which he stated he was interested in discussing matters related to the King and Levison cases it was felt that such discussion might involve issues currently sensitive to the Bureau. Accordingly the Atlanta Office was contacted and subsequently the writer was contacted by Robert Olmert of the Bureau. Mr. Olmert advised that if it was desired the Bureau would make available a representative not for the purpose of participating in the interview but to be available for advice. The

writer stated he was interested in obtaining such assistance. Accordingly during the morning of 5/12/75 Mr. Seymor Phillips contacted the writer.

"This is dictated immediately following interview by Siedel. No effort is herein made to follow the chronology of questions presented by Siedel. During the interview no notes or recording were made by writer. Will use "Q" for question and "A" for answer. Questions (Q) were asked by Siedel and answers (A) were given by writer.

"A: Was it correct that matters concerning the King investigation were discussed openly over coffee by members of the Atlanta field office?

"A: Matters relating to the King investigation were discussed by individuals concerned therewith. I have no recollection during the period I was connected with the investigation that it was discussed by everybody like the previous night's ballgame might have been.

"Q: Shortly after King received the Nobel Prize did a Bureau official William Sullivan come to Atlanta?

"A: It is my recollection King received the Nobel Prize sometime before the case was assigned to me. I do not remember if Bureau official William Sullivan visited Atlanta.

"Q: Did Sullivan have any contact with Ralph McGill concerning King?

"A: I do not know.

"Q: Were taps (telephone) and bugs (microphone) used by Atlanta in connection with King?

"A: A tap (telephone) was utilized re King at his SCLC office and his residence.

"Q: When were the bugs (microphone) utilized?

"A: There were none.

"Q: What was the purpose of the investigation of King?

"A: To determine whether King and/or SCLC were influenced by persons or groups having communist tendencies.

"Q: Did you feel the investigation was worthwhile?

"A: I don't recall that I ever asked myself that question. It was an assignment made by my employer and my responsibility to handle it.

"Q: How did other agents feel about the illegal use of these taps?

"A: The taps were not illegal. They were obtained through the authority of the Attorney General.

"Q: Did any agents express the opinion that these investigations were improper?

"A: I do not recall specifically although Mr. Murtaugh (sic) may well have so stated.

"Q: What electronic surveillance was used concerning Levison?

"A: I do not know. Levison resided in New York City.

"Q: Was Levison covered by the tap on King?

"A: Only to the extent that he was in contact with King. There was no tap on Levison per se in Atlanta.

"Q: Was there any physical surveillance of King?

"A: I do not recall any physical surveillance of King as such. There was surveillance conducted of individuals in contact with King and consequently King would obviously have been physically surveilled. But such surveillance was not on King directly.

"Q. Did you participate in these surveillances?

"A: Yes on several occasions.

"Q: How many occasions?

"A: I cannot recall.

"Q: How long were you in Atlanta?

"A: August 1960 - March 1971.

"Q: What other offices did you serve in and when?

"A: Baltimore, September 1948 - January 1949; Buffalo, January 1949 - August 1960; Atlanta, August 1960 - March 1971.

"Q: Where were you born?

"A: London, England.

"Q: How long did you live there?

"A: 9 years.

"Q: Where did you live first when in this country?

"A: In New Jersey approximately one year. I spent most of my growing up time in Iowa.

"Q: You entered the Bureau July 1948 and left in March 1971?

"A: That is correct.

"Q: When was the King and SCLC case assigned to you?

"A: I believe it was the early part or spring of 1965.

"Q: How long had the investigation been going on before you got the case?

"A: I really am not sure - possibly a year; it might have been longer.

"A: How long did the investigation continue?

"A: I cannot actually recall.

"Q: Was it still going on when you left the Bureau?

"A: Yes, regarding the SCLC.

"Q: How long after King's death did the tap remain?

"A: I cannot be sure. It seems as though it was discontinued a short time after, however I believe it continued for a longer period of time on the SCLC.

"Q: Did you have any contact with news media or clergy regarding King, SCLC, or Levison?

"A: No.

"Q: What relationship was there with the Atlanta Police Department and what electronic surveillance did it have of King, SCLC, or Levison?

"A: Throughtout my entire period as agent in Atlanta I never had any information as to what electronic surveillance may have been conducted by the Atlanta Police Department. During the period of time I was concerned with King, SCLC, Levison there was no discussion to my knowledge of these matters with the Atlanta Police Department. Generally speaking the rapport with the police department was good.

"Q: Did you monitor the taps on King, SCLC?

"A: No.

"Q: What squad were you assigned to in the Atlanta Office?

"A: Security. More correctly it was referred to as the Security and Racial Squad.

"Q: Who else was assigned to this squad? Was there a man named Harding?

"A: Yes.

"Q: What was his first name?

"A: Charles.

"A: Who else was assigned?

"A: Your friend Murtaugh, a Richard Davis.

"At this point the writer stated he preferred not to name additional personnel simply because he did not wish to feel that they might subsequently be interviewed as a result. The writer stated he was confident that Siedel or his agency had already been furnished all of these names by Mr. Murtaugh. He was informed that in the writer's opinion the Bureau was fully able and capable of furnishing this information. Siedel opined it would be a waste of government money to subpoena the writer to Washington in order to obtain these names.

"Q: Did you develop any evidence relating to Levison's CP connections?

"A: No.

"Q: Did you read reports from New York regarding Levison?

"A: Yes.

"Q: Did these reports set forth information from taps and bugs?

"A: The reports did not state source of information.

"Q: Did you know the information came from taps (or bugs)?

"A: I did not know directly but presumed that it did.

"Q: What type of work was the Security Squad in Atlanta concerned with?

"A: That squad primarily handled matters in the security category, racial matters, and also civil rights matters.

"Q: What kind of matters constituted racial matters besides SCLC?

"A: The investigation of SCLC was not a racial matter. It was concerned with possible communist influence of the organization. The Ku Klux Klan was a racial matter because it involved pressures between white and black persons.

"Q: What organizations or individuals were investigated in the security category?

"A: I have had no contact with Bureau matters for over four years. At this time I have no knowledge what effect my answer to your question might have upon the current status of any matter of concern to the Bureau.

"Siedel essentially repeated his question and endeavored to explain that he had no desire to affect the Bureau's investigative status.

"The writer advised his answer to the question remained as above. At this point Siedel suggested the writer might wish to consult Mr. Phillips which was done.

"Writer consulted privately with Phillips. After which Phillips entered the writer's office and told Siedel that if he was seeking the Bureau's policy relative to security, racial and civil rights investigations, same was in the Bureau's manuals available to the Committee. At this point Siedel said he was not after policy but names of specific persons and organizations the writer would now recall were under investigation.

"The writer restated former answer to this question and explained to Siedel that he did not consider himself so

naive to suppose that any of the information given to Siedel would not at some future time appear in print. To which Siedel stated he would not be personally responsible therefore. Siedel was informed the writer was not necessarily stating he would be personally responsible therefore. Siedel pointed out that he could not require a different answer to this question at the present time but went on to explain the writer could be subpoenaed for this purpose for open or closed testimony.

"Q: During the course of these investigations did you ever alter or fabricate any document previously prepared?

"A: No.

"Q: Do you know of such having been done in the Atlanta Office?

"A: No.

"Q: Do you know of a tape recording pertaining to King which was sent to Mrs. King?

"A: Not during that period. It seems I might have heard such an allegation but there has been so much material news media wise the past year or two, I actually cannot be sure whether I read of such an allegation or might have heard it said. In any case so far as I am concerned it was hearsay.

"Q: What was your participation in COINTELPRO investigations and what did they cover while you were in the Atlanta Office?

"A: I left the Bureau over four years ago and have absolutely no knowledge of what might be the present status of any investigation by the Bureau past or present. I feel very strongly that any answer I might give could conceivably adversely effect the Bureau's investigative position. For this reason I decline to discuss this matter.

Siedel stated the Bureau had recently stated it had discontinued COINTELPRO. The writer advised he was not aware of this; that his answer above remained the same.

"Q: Do you know of any effort by the Bureau to influence a political campaign?

"A: No."

In addition to the foregoing verbatim statement, Sentinella also voluntarily furnished to the FBI several observations, the following of which may be of interest:

"1. Siedel obviously was attempting to verify allegations made by other individuals.

"2. All of his questions appeared to have been previously prepared in writing.

"3. At one point he commented he was conducting this interview for a colleague (not named).

"4. Siedel did not appear satisfied with the results of the interview. It is presumed he considers the writer's cooperation to be minimal.

"5. As Siedel prepared to depart he was informed that during 23 years as an agent the writer suffered some adverse administrative action; that these ultimately proved to be experiences from which the writer profited. He was told the writer had "no axe to grind" regarding the Bureau and no intent or desire to accomplish any questionable literary fame."

The individual who interviewed Sentinella was SSC Staff Member Lester B. Seidel, not Siedel, as indicated in Sentinella's statement.

The King referred to in Sentinella's statement is the late Martin Luther King, Jr., subject of prior investigation by the FBI. The Levison referred to is Stanley David Levison, also subject of prior FBI investigation. The SCLC referred to is the Southern Christian Leadership Conference, an organization which was headed by King. The Murtaugh referred to is Arthur Leo Murtagh who was an SA of the FBI from April 16, 1951, until his retirement on September 25, 1971.

NOTE:

Original and one copy to the AG, copy for forwarding to James A. Wilderotter, Associate Counsel to the President. Information herein taken from Sentinella's verbatim statement and from a separate statement containing his observations, both of which he voluntarily mailed to S. F. Phillips of the Senstudy 75 Project. The procedure of furnishing the AG an extra copy for forwarding to Wilderotter has been established through liaison by P. V. Daly of the Legal Counsel's Office with the AG's Office.

Atlanta, Georgia
May 12, 1975

Q: What organizations or individuals were investigated in the security category?

A: I have had no contact with Bureau matters for over four years. At this time I have no knowledge what effect my answer to your question might have upon the current status of any matter of concern to the Bureau.

Siedel essentially repeated his question and endeavored to explain that he had no desire to affect the Bureau's investigative status.

The writer advised his answer to the question remained as above. At this point Siedel suggested the writer might wish to consult Mr. Phillips which was done.

Writer consulted privately with Phillips. After which Phillips entered the writer's office and told Siedel that if he was seeking the Bureau's policy relative to security, racial and civil rights investigations, same was in the Bureau's manuals available to the Committee. At this point Siedel said he was not after policy but names of specific persons and organizations the writer would now recall were under investigation.

The writer restated former answer to this question and explained to Siedel that he did not consider himself so naive to suppose that any of the information given to Siedel would not at some future time appear in print. To which Siedel stated he would not be personally responsible therefore. Siedel was informed the writer was not necessarily stating he would be personally responsible therefore. Siedel pointed out that he could not require a different answer to this question at the present time but went on to explain the writer

could be subpoenaed for this purpose for open or closed testimony.

Q: During the course of these investigations did you ever alter or fabricate any document previously prepared?

A: No.

Q: Do you know of such having been done in the Atlanta Office?

A: No.

Q: Do you know of a tape recording pertaining to King which was sent to Mrs. King?

A: Not during that period. It seems I might have heard such an allegation but there has been so much material news media wise the past year or two, I actually cannot be sure whether I read of such an allegation or might have heard it said. In any case so far as I am concerned it was hearsay.

Q: What was your participation in COINTELPRO investigations and what did they cover while you were in the Atlanta Office?

A: I left the Bureau over four years ago and have absolutely no knowledge of what might be the present status of any investigation by the Bureau past or present. I feel very strongly that any answer I might give could conceivably adversely effect the Bureau's investigative position. For this reason I decline to discuss this matter.

Siedel stated the Bureau had recently stated it had discontinued COINTELPRO. The writer advised he was not aware of this; that his answer above remained the same.

Q: Do you know of any effort by the Bureau to influence a political campaign?

A: No.

Atlanta, Georgia
May 12, 1975

WRITER'S OBSERVATIONS

1. Siedel obviously was attempting to verify allegations made by other individuals.

2. All of his questions appeared to have been previously prepared in writing.

3. At one point he commented he was conducting this interview for a colleague (not named).

4. Siedel did not appear satisfied with the results of the interview. It is presumed he considers the writer's cooperation to be minimal.

5. As Siedel prepared to depart he was informed that during 23 years as an agent the writer suffered some adverse administrative action; that these ultimately proved to be experiences from which the writer profited. He was told the writer had "no axe to grind" regarding the Bureau and no intent or desire to accomplish any questionable literary fame."

6. Upon departing Siedel inquired as to the proximity of the Equitable Building (office building) and the First National Bank of Atlanta (also office building). Any significance to these locations was not apparent to the writer. When informed that banking hours terminated at 4:00pm Siedel made no comment.

ENCLOSURE

FD-291 (Rev. 11-1-73)

EMPLOYMENT AGREEMENT

As consideration for employment in the Federal Bureau of Investigation (FBI), United States Department of Justice, and as a condition for continued employment, I hereby declare that I intend to be governed by and I will comply with the following provisions:

(1) That I am hereby advised and I understand that Federal law such as Title 18, United States Code, Sections 793, 794, and 798; Order of the President of the United States (Executive Order 11652); and regulations issued by the Attorney General of the United States (28 Code of Federal Regulations, Sections 16.21 through 16.26) prohibit loss, misuse, or unauthorized disclosure or production of national security information, other classified information and other nonclassified information in the files of the FBI;

(2) I understand that unauthorized disclosure of information in the files of the FBI or information I may acquire as an employee of the FBI could result in impairment of national security, place human life in jeopardy, or result in the denial of due process to a person or persons who are subjects of an FBI investigation, or prevent the FBI from effectively discharging its responsibilities. I understand the need for this secrecy agreement; therefore, as consideration for employment I agree that I will never divulge, publish, or reveal either by word or conduct, or by other means disclose to any unauthorized recipient without official written authorization by the Director of the FBI or his delegate, any information from the investigatory files of the FBI or any information relating to material contained in the files, or disclose any information or produce any material acquired as a part of the performance of my official duties or because of my official status. The burden is on me to determine, prior to disclosure, whether information may be disclosed and in this regard I agree to request approval of the Director of the FBI in each such instance by presenting the full text of my proposed disclosure in writing to the Director of the FBI at least thirty (30) days prior to disclosure. I understand that this agreement is not intended to apply to information which has been placed in the public domain or to prevent me from writing or speaking about the FBI but it is intended to prevent disclosure of information where disclosure would be contrary to law, regulation or public policy. I agree the Director of the FBI is in a better position than I to make that determination;

(3) I agree that all information acquired by me in connection with my official duties with the FBI and all official material to which I have access remains the property of the United States of America, and I will surrender upon demand by the Director of the FBI or his delegate, or upon separation from the FBI, any material relating to such information or property in my possession;

(4) That I understand unauthorized disclosure may be a violation of Federal law and prosecuted as a criminal offense and in addition to this agreement may be enforced by means of an injunction or other civil remedy.

I accept the above provisions as conditions for my employment and continued employment in the FBI. I agree to comply with these provisions both during my employment in the FBI and following termination of such employment.

(Place) ______________________

(Date) ______________________

Dear Sir:

Having received an appointment for a position as Special Agent in the Federal Bureau of Investigation, United States Department of Justice, I hereby **agree and affirm** that I shall be governed by the following **conditions:**

1. I am required to proceed at my own expense to Washington, D. C., where I shall take the oath of office and enter on duty.
2. That my appointment is a probationary one.
3. That I shall remain on duty for a minimum period of three years, contingent upon a satisfactory work record.
4. That my retention in the Federal Bureau of Investigation is dependent upon the performance of satisfactory services, and if my services are deemed unsatisfactory it is understood that my employment may be discontinued at any time and that I shall not receive transportation to my home, or to any other point, at Government expense.
5. I may be sent to any part of the continental or territorial United States that the exigencies of the Bureau's work may require; that my headquarters may be fixed in some jurisdiction other than that in which I have heretofore resided; that my headquarters may be changed as the work of the Bureau may require and that no transfer will be made from one station to another for personal reasons.
6. That the **confidential character** of the relations of the employees of the Federal Bureau of Investigation with the public is fully understood by me, and that the **strictly confidential character** of **any and all information secured by me,** in connection directly or indirectly with my work as a Special Agent, or the work of other employees of which I may become cognizant, is fully understood by me, and that **neither during my tenure of service** with the Federal Bureau of Investigation **nor at any other time shall I violate this confidence,** and **I agree and affirm** that I shall **not divulge** any information of any kind or character whatsoever that may become known to me, to persons **not officially entitled** thereto at any time.

I understand all of the foregoing and the conditions specified herein are agreeable to me **without reservation of any kind. I agree and affirm** that I shall abide by the foregoing conditions, and I am fully cognizant that the provisions mentioned above are to be complied with by me and they are a **part of my appointment.**

Very truly yours,

TRAINING AGREEMENT

In consideration for the following specialized training which will result in considerable time and expense to the Federal Bureau of Investigation (FBI), I, ____, agree to remain in the service of the FBI (or Department of Justice, as to final item below) for the time specified, contingent upon my maintaining a satisfactory work record.

☐ So that I may receive training in **classifying, searching, and filing of fingerprints,** I agree to remain in the service of the FBI performing fingerprint duties for at least one year from this date. I understand that I may be assigned, consistent with the demands of the service, to work at night.

☐ So that I may receive training in ☐ **stenographic** ☐ **typing skills,** I agree to remain in the FBI for a minimum of one year after completion of training. In addition, I agree to accept any assignment in any division at FBIHQ or Washington Field Office consistent with such needs for my services.

☐ So that I may receive training in ☐ **automatic data processing equipment** ☐ **cryptanalytics,** I agree to remain in the FBI one year after completion of formal training.

☐ So that I may receive training in a **foreign language,** I agree to remain in the FBI for three years after I successfully complete this training.

☐ So that I may receive **advanced training in maintenance and repair of FM radio equipment,** I agree to remain in the service of the FBI for at least one year following completion of the training.

☐ So that I may receive training under the Government Employees Training Act to be given me at ______________________________, I agree to remain in the Department of Justice for a minimum of __________________________ after completion of training. If I voluntarily leave the Department before expiration of that period, I will pay the Government the amount of the additional expenses paid by it for the above-mentioned training.

ALL APPLICANTS

Attach an unmounted full face photograph of yourself, not larger than 2¾ x 2½ inches. Print your name plainly on the back of the photograph. The photograph must have been taken not more than 3 months prior to the date of this application.

17. PHYSICAL DATA

a. Height without shoes

Weight without clothes

b. Do you now have or have you ever had any of the following: nervous, mental, or emotional disorder of any sort; tuberculosis; epilepsy, fainting spells or severe headaches; diabetes; ulcers; rheumatic fever or heart disease; or asthma? ☐ No ☐ Yes (If "yes" identify, describe, and give dates)

c. Do you now have or have you ever had any chronic or serious illnesses; or have you ever had any serious operations or injuries? ☐ No ☐ Yes (If "yes" describe and give dates)

d. Have you ever been hospitalized? ☐ No ☐ Yes

Dates			Hospital	Location	Reason
Mo.	Day	Yr.			

e. Describe any past or present physical handicap, defect, or disability not previously covered, but including extent of defective vision, if any, with and without glasses (Snellen) and deficiencies in color vision and hearing.

f. How many days have you lost from work or school due to illness during the past five years?

Nature of illness(es)

g. Have you ever received, is there pending, have you applied for, or do you intend to apply for pension or compensation for existing disability? ☐ No ☐ Yes (If "yes," specify what kind, granted by whom, and what amount, when, why. If applicable, include Veterans' Administration claim number.)

h. Special Agent Applicants Only: Do you have any physical defects such as, but not limited to, a bone, joint, or other deformity or loss of finger, which would preclude unrestricted, regular participation in all phases of the FBI's firearms training, physical training and defensive tactics? ☐ No ☐ Yes (If "yes" describe)

I understand that all appointments are probationary for a period of one year during which I must demonstrate my fitness for continued employment by the Federal Bureau of Investigation. I also understand that, in many parts of the Bureau, it has been necessary to establish regular night and midnight shifts in view of which I must be available for such assignments as the needs might require. I further understand that any appointment tendered me will be contingent upon the results of a complete character and fitness investigation, and I am aware that wilfully withholding information or making false statements on this application will be the basis for dismissal from the Federal Bureau of Investigation, and constitutes a violation of Section 1001, Title 18, U. S. Code. I agree to these conditions and I hereby certify that all statements made by me on this application are true and complete, to the best of my knowledge.

On the morning of May 30, 1975, Mr. Robert Nichols (SA-Retired), and SA John Dennis Miller, Legal Analysis Office, met in Miller's office, prior to Nichol's appointment for interview by members of the staff of the Senate Select Committee.

Miller gave Nichols a copy of the Committee's rules at approximately 8:35 a.m. after Nichols stated he had not been given a copy by anyone else. He advised Nichols that nothing Miller was about to say was intended to or should be interpreted as an order or suggestion to be uncooperative with the Senate Select Committee or its staff.

Miller then advised Nichols he had the right to be represented by an attorney; if he is unable to retain an attorney, he should so advise the Committee staff and ask them to assist him in securing counsel; and the FBI could not provide the services of an attorney. Nichols said he understood.

REC-100 62-116395-222

Miller then escorted Nichols to the JEH Building where he met SAs Paul V. Daly and Seymor F. Phillips.

DATE 1-18-01 BY

On the evening of 5-20-75 Deputy Assistant Attorney General K. William O'Conner telephonically advised SA Paul V. Daly of the Legal Counsel Division that the Department had reached a decision concerning the scope of testimony to be allowed in the Senate Select Committee interview of former SA Alan G. Sentinella. We previously had informed the Department that Mr. Sentinella was to testify pursuant to a subpoena before this Committee and that Department of Justice Order 501-73 requires we obtain Departmental approval before testimony may be given. We also informed the Department that Lester B. Seidel, staff member of the Senate Select Committee, had advised SA Daly that the scope of the intended interview of Sentinella would include knowledge Sentinella may have concerning the investigations of Martin Luther King, Stanley David Levinson, and the Southern Christian Leadership Conference (SCLC). Mr. Seidel also indicated that they would interview Sentinella concerning his activities between the years 1960 to 1971.

Mr. O'Conner advised SA Daly that the decision of Deputy Attorney General Harold R. Tyler; Assistant Attorney General Antonin Scalia, and Associate Deputy Attorney General Robert McDermott was that Sentinella was released insofar as the Department was concerned to only discuss three areas, those areas being the FBI investigations of Martin Luther King, Stanley David Levinson, and SCLC. He was to advise the Committee that he was not permitted to go outside of these three areas because of instructions from the Department of Justice which instructions were issued pursuant to Department of Justice Order 501-73.

On 5-21-75 former SA Sentinella was advised of the Departmental restrictions on the information he could furnish the Committee by SA Daly, and he was accompanied by SA Daly to the Senate Select Committee office located in G308 of the Dirksen Senate Office Building. Sentinella's interview was scheduled for 9:30 a.m. Mr. Seidel met Mr. Sentinella and at 9:31 a.m. furnished Mr. Sentinella a copy of the Rules of Procedure for

the Select Committee to Study Governmental Operations with Respect to Intelligence Activities. At the same time, former SA Sentinella was furnished forms which Seidel requested he fill out at that time. Seidel also made reference to Sentinella's Fifth Amendment rights but did not specify or spell out his rights.

It was brought to Mr. Seidel 's attention by SA Daly that the Rules adopted by the Senate Select Committee called for a witness to be given copies of the Rules 24 hours prior to his appearance before the Committee and that these Rules are important for a potential witness to have knowledge of prior to his being interviewed since they contain a list of rights and privileges which a witness is entitled to. It was also brought to Mr. Seidel 's attention that despite the fact that the interview was to be initiated at 10 a.m. (initially the interview was scheduled for 9:30 a.m., however, upon arrival former SA Sentinella was advised it would not be held until 10 a.m.) with Mr. Sentinella being required to fill out forms, he would have very little opportunity to review and digest the Rules of the Committee.

Mr. Seidel was also advised of the restrictions placed on the area which former SA Sentinella could respond to by the Department of Justice. Mr. Seidel specifically requested that he be allowed to ask questions concerning "COINTELPRO." He was advised that this was not within the scope of the Department's release for Sentinella unless such information may have been related to the investigations of Martin Luther King, Stanley David Levinson, or SCLC.

SA Daly also explained to John Elliff, Task Force Head for the Committee on Domestic Intelligence Matters, the circumstances surrounding the failure to provide a copy of the Rules 24 hours prior to interview and of the lack of specificity of Mr. Seidel as to areas in which Mr. Sentinella would be interviewed. Mr. Elliff apologized for the oversight of the Committee in complying with its Rules and assured SA Daly this would not happen again. In addition, he was advised that the Rules of the Committee provide that witnesses would have a reasonable opportunity to inspect and correct their testimony, however, the Rules provide that a witness must inspect his testimony in the office of the Committee. It was pointed out to Mr. Elliff that such procedures were unreasonable in that in Mr. Sentinella's instance, he would have to travel from Atlanta to Washington, D. C., to review the transcript of his testimony at his own expense. Mr. Elliff indicated that he believed other arrangements concerning this particular aspect of the Rules could and would be worked out.

CONTINUED - OVER

Mr. Sentinella at the conclusion of his testimony advised SA Daly, who was not present at the testimony, that the Committee adhered to the restrictions placed on his testimony by the Attorney General with one possible exception. They asked Mr. Sentinella if while he was working in Atlanta his squad investigated the "Klan" and "SNCC" (Student Non-Violent Coordinating Committee). Sentinella advised he did not raise an objection to this question because he felt the deviation from the Departmental restrictions was very slight, and our investigations of these matters were well known.

On the afternoon of 5-21-75 K. William O'Conner inquired of SA Daly how the interview went and he was generally advised of the facts surrounding the interview, including the fact that former SA Sentinella was not furnished a copy of the Rules until immediately preceding the interview. Mr. O'Conner inquired as to whether the Senator ('Senator Robert Morgan [D-N.C.]) remained during the taking of testimony from Mr. Sentinella, and he was advised that according to Sentinella, Senator Morgan departed approximately five minutes after placing Mr. Sentinella under oath.

Mr. O'Conner expressed his displeasure at the way the Committee operated and indicated he was going to discuss this matter with Deputy Attorney General Tyler.

Subsequently, on 5-21-75 O'Conner indicated he had been in contact with James Wilderotter, assistant to the Counsel to the President, and Deputy Attorney General Tyler, and they want the Bureau to prepare a letter protesting the Committee's handling of the interview of Sentinella and of the fact that they violated Rules which were adopted by that Committee, specifically the Rules requiring Mr. Sentinella be furnished a copy of the Committee Rules 24 hours prior to giving testimony to the Committee, failure to be specific concerning the areas to be covered by Sentinella's testimony, the general manner in which the rights of Sentinella were explained to him, and the fact that Senator Morgan departed from the Committee session after giving the oath. O'Conner explained in this regard Deputy Attorney General Tyler feels that this is in contravention of the Rules of the Committee, and he questions whether an executive session of the Committee being held to hear such testimony can continue in the absence of a Senate Committee Member. He requested this letter be directed to Senator Church. He was advised that such a letter could only be prepared after approval had been obtained from proper Bureau authorities, and it was also pointed out to Mr. O'Conner that we had orally protested this matter to Mr. Elliff of the Committee and Mr. Seidel , and he was apprised of Elliff's statement that such mistakes would not be repeated in the future. It was pointed out to Mr. O'Conner

CONTINUED - OVER

that the Bureau had furnished former SA Sentinella a detailed briefing of his rights and a briefing as to what was contained in the Rules of the Committee prior to his interview. Mr. O'Conner again requested that we prepare a letter protesting this matter.

It is not felt that a letter concerning this particular matter should be directed to Senator Church in view of Mr. Elliff's statement that this incident will not be repeated in the future. It is felt that our oral protest to the Committee is sufficient at this point, especially inasmuch as they accepted the limitations placed on the testimony of former SA Sentinella by the Department. It would appear we could expect to achieve very little by sending such a letter at this time.

RECOMMENDATION:

That we orally advise Mr. O'Conner the Bureau does not feel a letter should be directed to the Committee, concerning this particular incident.

Rec'd from Ad Hoc Comm 6/10/75

Office of the Attorney General
Washington, D.C. 20530

MAY 30 1975

Honorable Frank Church, Chairman
United States Senate Select Committee
on Intelligence Activities
Washington, D. C. 20510

Senstudy-75

Dear Senator Church:

It is my understanding that the continuing efforts of staff members of the Executive and Legislative Branches to prepare standard guidelines for witness interview procedures are continuing this week. While that process continues, the Department of Justice is, of course, continuing to cooperate in an ad hoc and responsive manner. In order to ensure our attention to these cooperative efforts, I have designated K. William O'Connor as Special Counsel for Intelligence Coordination and as such he will be the principle liaison officer of DOJ in this effort. I understand that your Chief Counsel and members of his staff are now dealing with Mr. O'Connor in the execution of their responsibilities.

In the meantime, in an effort to expedite the cooperative provision of appropriate information to SSC, it would be most helpful if the Committee Staff would ensure that the Department of Justice is advised, in advance of Committee Staff contact with FBI employees and former employees, of the name of the witness and the scope of the prospective interview. This would facilitate the interview process, since it would make it possible to ensure that appropriate instructions are issued to the witness under 28 CFR 16.22, and would permit early decision upon the release of any applicable secrecy agreements.

84 JUN 13 1975

In the same vein, I should like to invite your attention to some procedural matters surrounding recent witness presentation before the Committee. It appears, from reports which I have received, that two former FBI agents who recently appeared, did not receive copies of the Committee's Rules of Procedures until immediately before appearance before the Committee; and that the scope of their proposed testimony was defined with somewhat less than optimum precision for pre-clearance. Some procedural problems are almost inevitable, especially in the early stages of hearings. I know that you share my interest in assuring that full procedural due process is unequivocally provided to all witnesses who testify before the Committee or are interviewed by Committee Staff. In calling this matter to your attention I seek your support in restricting such problems to a minimum and prospectively avoiding others of like kind.

Sincerely,

Edward H. Levi
Attorney General

DATE: 6-4-75

FROM : Legal Counsel

SUBJECT: SENSTUDY 75

ALL INFORMATION CONTAINED
HEREIN IS UNCLASSIFIED
DATE 1-19-01 BY SP2ALM/RW

The purpose of this memorandum is to advise that a representative of captioned Committee has advised that if the Bureau's response to a Committee request concerning the Democratic Convention in Atlantic City in 1964 is sufficiently informative it may not be necessary to interview Bureau personnel concerning this matter and to recommend that an expeditious effort be made to furnish a summary concerning the Atlantic City investigation be made available along with certain documents concerning this matter.

By way of background, we have received a request dated 5-14-75 pertaining to many items, among which was information concerning the Bureau's activities in Atlantic City in 1964 at the Democratic National Convention. At a meeting on 5-30-75 it was pointed out to the Committee that certain aspects of their May 14, 1975, request were particularly burdensome, would in some instances invade privacy and for other reasons was most difficult. During this meeting which was attended by Mark Gitenstein, staff member of the Committee; John Elliff, Task Force Director; representatives of the Bureau; and K. William O'Conner, Special Counsel to the Deputy Attorney General for Intelligence Coordination, the Committee representatives indicated that subject to the Senate Committee's approval they would accept some sort of summary with regard to their request in Appendix D, Item 8 of the May 14, 1975, request. This item pertains to the Bureau's activities in Atlantic City.

We have had former Agents interviewed concerning this matter, a request has been made to interview two Bureau secretaries, and the Committee has indicated they intend to interview as many as five additional Bureau Agents concerning this matter. In conversation with K. William O'Conner, he mentioned that the Committee had specifically informed him that if the Bureau's response was informative enough concerning

the Atlantic City matter, they would not interview the two Bureau secretaries, Mary Ann Massa and M. Ann Mierzejewski. (The request concerning the interview of these Bureau employees, who are Newark Office employees, is the subject of a separate memorandum captioned and dated same.) He requested SA Paul V. Daly to contact Mark Gitenstein in an effort to determine what type of response the Committee expected concerning the Atlantic City incident.

On 6-4-75, SA Daly contacted Mr. Gitenstein and Mr. Gitenstein advised that the Committee knew of the existence of certain memoranda and in particular a memorandum from former Assistant to the Director C. D. DeLoach reporting a conversation with the President requesting Bureau coverage at the Convention. Gitenstein stated that with regard to the Atlantic City incident, if a summary was prepared concerning this incident which would in general show the types of people whose conversations were monitored, the type of information collected, and the type of information disseminated along with furnishing the Committee certain important documents that it would not be necessary to interview Bureau personnel. He indicated among the documents they would expect to be furnished would be the DeLoach memorandum along with other "benign" documents which would not involve a privacy consideration or other considerations which might preclude their being made available to the Committee. Gitenstein indicated that it is the Committee's feeling that information of a political nature such as the credentials argument at the Convention was collected and furnished to the White House and that the collection and dissemination of this information is not apparently in concert with the ostensive purpose of electronic surveillance. He felt that the summary need not and should not identify individuals monitored but rather describe them such as a senator or some other descriptive phrase to describe the individual whose conversation might have been monitored. He said as to the verification of the information contained in the summary with the information in the files, that subject will be addressed by the Committee at a later time.

Gitenstein again mentioned that if such information was furnished by the Bureau, their need to interview employees would be muted as what they are attempting to learn through interview of Agents involved would have already been furnished by the Bureau. He volunteered that the Committee is relatively well informed concerning this particular matter. It is obvious from the specific mention of the DeLoach memorandum along with other observations and statements he made that this could well be true.

Legal Counsel to Mr. J. B. Adams Memo
RE: SENSTUDY 75

It is realized that the White House has requested that a paper be prepared which would include the Atlantic City incident; however, K. William O'Connor indicated that he had conversed with Mr. James Wilderotter, assistant to the Counsel to the President, and that Wilderotter had advised that document requests pertaining to Atlantic City or any other topic which will be addressed in a paper should be responded to and response should not be delayed.

It would appear to be advantageous to the Bureau to attempt to comply with the summary request along with furnishing certain documents concerning Atlantic City on an expeditious basis as opposed to the Committee continuing to conduct interviews of current and former Bureau personnel. If this type of arrangement can be worked out in this particular incident which the Committee characterizes as an abuse, it might lend itself to a similar arrangement in other areas.

RECOMMENDATION:

That the Intelligence Division expeditiously prepare a summary in line with the above concerning the Atlantic City incident along with furnishing the important documents concerning this incident.

NOTE:

Referenced teletype alerted field to work of the Senate and House Select Committees and Bureau's handling of its requests. Also, it pointed out FBI has pledged full cooperation with Committees. San Francisco teletype 5/14/75 advised that on that day Lester B. Seidel, Investigator, Senate Select Committee, telephonically sought and was furnished identities of SACs in San Francisco in 1970. Seidel did not indicate specific nature of his inquiries. Considering the publicity being afforded the work of the Committee, it is not inconceivable some unauthorized persons may attempt to obtain information from the FBI particularly at field level, under guise of one of the Committees. It is therefore believed this teletype to all SACs is desirable as a cautionary measure.

LEGAL DIVISION

Attached teletype advises former Agent Richard H. Davis, Atlanta Office, had been contacted by Senate Select Committee (SSC) Staff Member (FNU) Epstein in an attempt by Epstein to arrange an interview concerning Bureau investigation of Martin Luther King. On the night of 6-4-75, Michael Epstein, Staff Member SSC advised SA Paul V. Daly that he had contacted former Agent Davis to arrange interview concerning Bureau investigation of Martin Luther King, Stanley David Levison, and Southern Leadership Christian Conference (SLCC). Epstein stated Davis refused to submit to interview since he was bound by an employment secrecy agreement and needed necessary clearance from Bureau. He told Epstein that he would not contact Bureau for such clearance. Epstein requested Bureau release Davis from the agreement for purposes of this interview which will be a staff interview in Atlanta.

Legal Division recommends Davis be released from security agreement for purposes of this interview and to answer questions concerning the King, Levison, and SLCC investigations. If approved, we will separately advise Davis through Atlanta Office of this decision, and give him pertinent briefing.

TO : Mr. J. B. Adams DATE: 5-30-75

FROM : Legal Counsel

SUBJECT: SENSTUDY 75

This memorandum reports the results of an executive meeting of the Executive Committee of the Ad Hoc Coordinating Group of Congressional Review for the Intelligence Community on 5-28-75. The meeting was chaired by William Colby, Director of Central Intelligence. Also present were: Philip Buchen, Counsel to the President, James Wilderotter, Associate Counsel to the President, Thomas K. Latimer, Special Assistant to the Secretary of Defense, John M. Clarke, Associate Deputy to the DCI for the Intelligence Community, William O'Connor, Special Counsel for Intelligence Coordination, Department of Justice, Section Chief William O. Cregar, Inspector John B. Hotis, and senior officials of the State Department, National Security Agency, Office of Management and Budget, Defense Department, and the Treasury Department.

The following matters of interest were discussed at the meeting:

House Select Committee on Intelligence Activities

Mr. Colby said he met earlier this week with Chairman Nedzi of the House Select Committee on Intelligence Activities, John L. Boos, Chief Counsel, and A. Searle Field, Committee Staff Director. He said they seemed interested in the relationship which had developed between the Senate Committee and CIA and asked where he thought the Senate inquiry was going. They also discussed procedures regarding access to documents and witnesses and requested they be furnished some basic materials concerning the CIA's authority to conduct intelligence investigations. They also requested that the Committee be provided with all the materials requested by the Senate Select Committee. Colby pointed out that the House Resolution (H-Res. 138) which established the Select Committee prohibits the disclosure of information outside the Committee without Committee approval. There is some question, however, whether this Resolution can supersede Rule 11 of the Rules of the House of Representatives

which provides that members of the House shall have access to all Committee records. He said Congressman Robert N. Giaimo (D-Conn.) has indicated that he will not accept any limitations on access. Colby said he will appear in an open session before the Committee sometime in the next few weeks to discuss, in general terms, the agency's position on collection of intelligence information.

Senate Select Committee on Intelligence Activities

Mr. Wilderotter said that F. A. O. Schwarz, Counsel to the Senate Select Committee on Intelligence Activities, has agreed to identify in advance specific allegations of abuse that will be reviewed by the Committee. Wilderotter said he will then appoint a task force or some other coordinating mechanism within the executive branch to examine each of these areas in depth. The purpose will be to develop an executive department brief on each subject which can be used to respond to Committee requests. He felt that this might enable the Administration to gain the initiative on these issues and perhaps limit the Committee's inquiries to the boundaries set forth in the Senate Resolution. He asked that the agencies make an effort to identify abuse subjects so that the White House can pull together all the information available on each topic. He said it is already clear that the Committee will examine such subjects as assassinations and the CIA's role in the internal affairs of Chile and the Dominican Republic.

Mr. E. H. Knoche, Assistant to the Director, Central Intelligence Agency, reported that Mr. Colby has made three appearances before the Senate Select Committee and on each occasion discussed assassination matters. Mr. Colby will meet with the Committee three times next week, and it is expected that he will be asked about the Phoenix program and the covert activities of the CIA including political, counterintelligence, and clandestine intelligence collection. The Committee will trace the agency's operations back to the 1947 directive in an effort to determine how they relate to policy objectives of the Government.

Mr. William G. Hyland, Director of Intelligence and Research, Department of State, said the Committee has requested position papers on the Department's activities in Laos and Chile and to explain of the Department's approach to covert action and whether it was a supplement or instrument of policy. Mr. Hyland raised the question of whether the agencies had any moral obligation to advise former employees that documents were now being

CONTINUED - OVER

made available to Congress. He felt that they should be given an opportunity to review these files prior to interview in order to refresh their memories. Mr. Wilderotter agreed and said that each agency should adopt a similar policy.

Mr. John M. Clarke, Associate Deputy to the DCI, asked whether anyone knew what John Elliff hoped to accomplish as Director of the Task Force on Domestic Intelligence. We pointed out that his earlier writings would indicate that he intends to draft an intelligence charter for the FBI, and perhaps the entire intelligence community. Elliff has made a comprehensive study over the past several years of the Bureau's internal security intelligence functions, including sources of the FBI's authority and the legal restrictions of its operations. This was the subject of a paper he submitted at the Princeton Conference in 1971, and he has since called for the establishment of legal standards for the Bureau's collection, retention, and dissemination of intelligence information.

Mr. Buchen then requested that the FBI draft a proposed intelligence charter for the Bureau. He felt that it would be helpful for the Administration to have a proposal available which it might use to counter any recommendations made by the Committee. At the end of the meeting Mr. Wilderotter asked that a second paper be prepared reviewing all of Mr. Elliff's articles on the subject of domestic intelligence with the view toward identifying those issues which seem to be of major importance.

With regard to Mr. Buchen's request, we feel that it would be inappropriate for the Bureau to draft an intelligence charter for the executive branch. It is the responsibility of the White House and other consumers of intelligence to define their needs and propose appropriate operating authority. We also question the utility of reviewing Professor Elliff's writings on the domestic intelligence functions. We feel a better course of action at this point is simply to ask Mr. Elliff to define the goals and objectives of his task force. He has always been very candid and forthright and we have no reason to think that he would be reluctant to discuss the matter with us. In addition, it is likely his views on the intelligence function differ from those expressed in his earlier articles, and it is best to get his current thinking on the problem. If this approach proves unsuccessful, we can then resort to a review of his written materials.

RECOMMENDATIONS
CONTINUED - OVER

Legal Counsel to Adams Memorandum
Re: SENSTUDY 75

RECOMMENDATIONS:

(1) That Legal Counsel Division advise Mr. Wilderotter that we feel it is inappropriate for the Bureau to draft an intelligence charter ~~o~~f~~r~~ the FBI and recommend that the White House draft a statement of its intelligence needs.

(2) That Legal Counsel Division contact Mr. Elliff and attempt to determine what his goals and objectives are as Director of the Task Force on Domestic Intelligence.

This records the results of contact with Central Intelligence Agency (CIA) concerning release to Senate Select Committee (SSC) of two documents pertaining to Appendix C, Paragraph 24 of the SSC request to the Department of 5/14/75, which requested "all memoranda and other materials reflecting conversations, contacts or communications between the FBI and the CIA on the subject of the establishment or creation of 'notional' Marxist-Leninist organizations within the United States."

No information has been developed indicating this Bureau conferred with CIA regarding the establishment or creation of a Bureau-sponsored "notional" Marxist-Leninist organization. Although the FBI did, in fact, direct several such organizations, no information has been developed indicating the FBI consulted with CIA regarding their establishment or creation.

In one instance, CIA advised in 2/70 it had established a notional organization with post office box addresses in Boston, Massachusetts and Philadelphia, Pennsylvania. This notional organization, to be known as the Union for the Revolution, had the objective of developing penetrations and/or sources in revolutionary Arab groups in the Middle East. It was CIA's intention to circulate propaganda from the post office boxes in anticipation of interesting Arab groups. Thereafter, it was CIA's plan to use its personnel under "suitable" cover to contact the Arab groups. (See memorandum dated 2/13/70, captioned "Union for the Revolution," 100-456409-2, copy attached.)

62-116395-216

REC. 112

By letterhead memorandum dated 3/23/70, the FBI indicated information had been received indicating the Union for the Revolution had been in contact with a domestic Marxist-Leninist organization requesting literature. This memorandum set forth an analysis of a "Statement of the Union for the Revolution" indicating the document lacked credibility as a revolutionary document. (LHM dated 3/23/70, captioned "Union for the Revolution," 100-456409-4, copy attached.)

62-116395

5 JUN 11 1975

LFS:mjg
(8)

ENCLOSURE

CONTINUED - OVER

84 JUN 11 1975

On 6/6/75, Mr. Walter Elder, CIA, advised that CIA had no objection to the LHM dated 3/23/70, being furnished to the SSC. With regard to the memorandum from Mr. Papich to Mr. Brennan dated 2/13/70, Mr. Elder requested that the name of the CIA representative who furnished the information in the memorandum be deleted from line one of the memorandum prior to its being furnished to the SSC. Provided this is done, CIA has no objection to this memorandum being furnished to the SSC. He suggested that when the name is deleted, it be replaced with the phrase "A CIA officer."

ACTION:

To record CIA's clearance of the above-described documents.

SECRET

Appendix C, III, 24

Please provide: all memoranda and other materials reflecting conversations, contacts, or communications between the FBI and the CIA on the subject of the establishment or creation of "notional" Marxist-Leninist organizations within the United States.

No information has been developed indicating this Bureau conferred with CIA regarding the establishment or creation of a Bureau-sponsored "notional" Marxist-Leninist organization. Although the FBI did, in fact, direct several such organizations, no information has been developed indicating the FBI consulted with CIA regarding their establishment or creation.

In one instance, CIA advised in 2/70 it had established a notional organization with post office box addresses in Boston, Massachusetts, and Philadelphia, Pennsylvania. This notional organization, to be known as the Union for the Revolution, had the objective of developing penetrations and/or sources in revolutionary Arab groups in the Middle East. It was CIA's intention to circulate propaganda from the post office boxes in anticipation of interesting Arab groups. Thereafter, it was CIA's plan to use its personnel under "suitable" cover to contact the Arab groups. (See memorandum dated 2/13/70 captioned "Union for the Revolution," 100-456409-2, copy attached.)

By letterhead memorandum dated 3/23/70, the FBI indicated information had been received indicating the Union for the Revolution had been in contact with a domestic Marxist-Leninist organization requesting literature. This memorandum set forth an analysis of a "Statement of the Union for the Revolution" indicating the document lacked credibility as a revolutionary document. (LHM dated 3/23/70 captioned "Union for the Revolution," 100-456409-4, copy attached.)

As the Union for the Revolution was strictly a creation of CIA, it is recommended before any information be disseminated outside the FBI relating to this organization, clearance be obtained through CIA.

SUBJECT: SENATE SELECT COMMITTEE ON INTELLIGENCE ACTIVITIES

ALL INFORMATION CONTAINED HEREIN IS UNCLASSIFIED DATE 1-19-01 BY SP2

At 4:55 p.m. on June 4, 1975, Daniel M. Armstrong, III, telephonically advised me that he has not as yet been contacted by the Senate Select Committee staff for interview but it was his intention to call Mark Gitenstein to discuss further his interview by the Committee. Mr. Armstrong inquired as to whether the Bureau has any objections to his discussing the two subject areas previously described by Mr. Gitenstein. Those areas were Armstrong's knowledge of the Bureau's Intelligence Division activities as a result of his employment in the FBI, and his knowledge of the possibility of the Bureau getting an Executive Order establishing the FBI's authority in security matters.

I advised Mr. Armstrong that to the extent that the interview would concern those two subjects, the Bureau would have no objection and he could consider his secrecy agreement waived, but only to that extent. Mr. Armstrong inquired as to whether there were any particular problems with information he furnished to me on May 28, 1975. I told him that the waiver of the agreement was conditioned on the one limitation that he would not furnish information that would identify informants, compromise current investigations, or on-going programs, or reveal other sensitive matters which should be reserved for the information of members of the Committee or the Chairman of the Committee.

I told Mr. Armstrong that the Bureau would have available during his interview, though not present at the interview, a representative who would provide him with counsel as to any problems concerning subjects he may be reluctant to discuss with the Committee representative. I explained that the FBI representative was not intended to inhibit any

DATE: 5/19/75

FROM : W. E. Harward

SUBJECT: SECURITY SURVEYS - SENATE SELECT COMMITTEE ON INTELLIGENCE ACTIVITIES - HOUSE SELECT COMMITTEE ON INTELLIGENCE ACTIVITIES - CAPITOL POLICE DEPARTMENT

Rememos Legal Counsel to Mr. Adams dated 4/9/75 and 4/25/75, concerning above-captioned matter, copies attached.

Liaison with Capitol Hill by the Office of Legal Counsel resulted in an arrangement whereby Laboratory representatives could meet with those members of the Capitol Police Force handling security surveys for the U. S. Congress. Laboratory personnel met with members of the Capitol Police Force on 5/6/75 and 5/8/75 at their headquarters, 331 First Street, NE, Washington, D. C. At the meeting on 5/6/75 an examination of their survey equipment revealed that it was adequate, however it did not meet the level of sophistication or quality available at the present state of the art. Further discussion revealed that the training received by members of the police force handling their responsibility was limited.

On 5/8/75 Laboratory Supervisors Wilbur G. Stevens and Joseph B. Parsons met with Chief James M. Powell and some of his staff members which included Deputy Chief Garner, Captain Brannon, Head of the Investigative Unit, and Lieutenant Bell, Head of the Bomb Disposal Unit. The discussion at this meeting centered around steps which could be taken to update their present security survey equipment as well as additional measures which could be put into practice to enhance their technical expertise in this area. Laboratory personnel furnished them with the names of manufacturers of additional survey equipment as well as suggestions as to the establishment of an in-house training program.

57 JUN 12 1975

At the conclusion of this conference, Chief Powell expressed his sincere appreciation to the Bureau for the excellent help and guidance extended to him and his staff in this matter of mutual interest, and expressed the hope that he could call on us again in the event he or his staff needed to tap our resevoir of knowledge. The Chief was assured that we would be available if needed in this capacity.

It appears that the Capitol Police Force has been forced into the untenable position of handling this responsibility for the Congress, and as a result are attempting to establish some degree of self-reliance and outward credibility being completely inexperienced in this area of technical expertise. Because of this, it is felt that the Bureau should move cautiously in any continuing liaison with the Capitol Police concerning security survey matters.

RECOMMENDATION:

It is recommended that any continuing liaison with the Capitol Hill Police Force be handled by mature and experienced Special Agent Supervisors, who are completely familiar with security survey matters.

During various contacts with William Miller, Staff Director of the Senate Select Committee, and Congressman Lucien Nedzi (D-Mich.), Chairman of the House Select Committee, the question has come up regarding the need for a check of the private offices of individual Committee Members to ensure the absence of any electronic listening devices. The Committee personnel have been told that we consider this absolutely essential and they agreed.

In exploring this matter, it was determined that the Capitol Police Department recently has established a special unit to handle all types of security problems within the Capitol Hill complex, including checks for electronic listening devices. Personnel of this unit have received extensive training, some from CIA. The operations of the unit are controlled through the Sergeants at Arms of the House and Senate.

This matter has been discussed with Robert Hough, Deputy Sergeant at Arms of the Senate and with Kenneth Harding, Sergeant at Arms of the House. Hough advised that the special unit already has conducted complete security surveys of the new office space of the Senate Select Committee and certainly will perform any other checks of this type needed by the Committee or its individual Members. He said, in fact, that since they now have this capability they would oppose any outside agency coming on to the Hill to perform this function. Hough said he already has been in contact with Miller regarding the necessary security checks and stated he will let us know when the offices of the Senate Select Committee/Members have been checked. He said their rules require specific requests from the individual Members in writing.

Legal Counsel to Mr. Adams Memo
RE: SENATE SELECT COMMITTEE
ON INTELLIGENCE ACTIVITIES
HOUSE SELECT COMMITTEE
ON INTELLIGENCE ACTIVITIES

This matter was discussed with Congressman Nedzi on 4-9-75, and he stated he would promptly contact Mr. Harding to work out the necessary arrangements for security checks needed by his Committee and its Members. Harding has promised to let us know when the checks of the House Select Committee Members have been completed.

All contacts concerning this matter have been handled by Inspector Bowers who will continue to follow this situation with Senate Sergeant at Arms, William Wannall, or his Deputy; House Sergeant at Arms Harding; Mr. Miller of the Senate Select Committee; and Congressman Nedzi.

RECOMMENDATION:

For information.

ADDENDUM: INTELLIGENCE DIVISION WOC:ekw 4/14/75

On 4/11/75 the Executive Committee of the Ad Hoc Coordinating Group on Congressional Review for the Intelligence Community was apprised of the discussions with Mr. Robert Hough, the Deputy Sergeant at Arms of the Senate and with Mr. Kenneth Harding, Sergeant at Arms of the House. Although the Executive Committee would have preferred the FBI to conduct audio sweeps, they interposed no objection to the sweeps being handled by the Capitol Police Department. Mr. Roderick Hills, Counsel to the President, requested, however, that both Mr. Hough and Mr. Harding be requested to periodically advise the FBI as to the sweeps of Committee space for electronic listening devices. Specifically, Mr. Hough and Mr. Harding should be asked to furnish the FBI the following: How frequently they will conduct a counteraudio sweep, what offices will be swept, will the results of such sweeps be furnished the FBI, and will the FBI be immediately notified should the Capitol Police locate an electronic listening device?

Reference Legal Counsel to Mr. Adams memorandum of 4-9-75 to which the Intelligence Division placed an addendum dated 4-14-75 showing that Roderick Hills, Counsel to the President, had requested that the Sergeants at Arms of the Senate and House of Representatives keep the Bureau advised regarding checks made for electronic listening devices in the offices of captioned Select Committees.

This was discussed on 4-23-75 by Inspector Bowers with Senate Sergeant at Arms William Wannall and his Deputy, Robert Hough. They were amenable to notifying us concerning the checks they make of Senate Select Committee space and the offices of the Members of this Committee. Hough was designated by Wannall to handle this matter. Hough advised that the special Capitol Police unit had made a check of Room S145 in the Capitol on that date (4-23-75) prior to a meeting of the Senate Select Committee in that room and found nothing. Hough stated they have received no requests whatever to make any checks of the offices of individual Committee Members. He said he had discussed this matter with William Miller, Staff Director of the Select Committee, and Miller indicated it would be taken up with the Committee but he has heard nothing further from him.

On 4-24-75 Bowers discussed this matter with Kenneth Harding, Sergeant at Arms of the House of Representatives. Harding stated he has had no requests for any checks of the Members' offices or

SUBJECT: SENATE SELECT COMMITTEE ON INTELLIGENCE ACTIVITIES; INTERVIEWS OF FBI EMPLOYEES OR FORMER EMPLOYEES

ALL INFORMATION CONTAINED
HEREIN IS UNCLASSIFIED
DATE 1-19-01 BY SP2ALM/RW

Hotis

At the Executives Conference on May 22, 1975, I presented for discussion the question of the procedures to be followed when former employees or current employees of the Bureau are contacted for interview by staff representatives of the Senate Select Committee, or are called for testimony pursuant to a subpoena issued by the Committee. I explained the background including the numerous attempts to arrive at a working arrangement with the Committee in terms of stated guidelines and that all such efforts in the past had proven unworkable.

I pointed out that when presented with the proposal that an agency representative be present during interviews, the Committee met and voted unanimously to reject that proposal. The issue of whether the agency representative would be present during the interview therefore is a stumbling block to the development of a reasonable procedure to be followed by the Committee and by our present and former employees. I requested the authority of the Executives Conference and approval of the Director to waive the requirement that a Bureau representative be present during interviews and following a vote such approval was given.

I then requested authority to undertake the development of a working understanding with the Committee in behalf of the Bureau by which we would be given notice of the identities of persons to be interviewed prior to interview or testimony, that we would be advised of the subject matter of the

interview or testimony, and afforded an opportunity to discuss with the witness those areas of the proposed interview or testimony which would require no special arrangements and those areas which would require the information possessed by the witness to be furnished to members of the Committee or to the Chairman exclusively.

We also wanted an opportunity prior to interview to furnish the witnesses information concerning their Constitutional rights, their rights pursuant to the Committee's rules, and to advise them concerning the extent to which they were released from obligations of secrecy made to the FBI, and to the procedures necessary to obtain authority of the Department to respond to a subpoena.

Following discussion and vote this matter also was approved.

Pursuant to such authority, I met with K. William O'Connor, Deputy Assistant Attorney General, from approximately 4:00 p.m. to 5:20 p.m. on May 22, 1975, accompanied by Inspector John B. Hotis. I explained to Mr. O'Connor that the Director was desirous of having the Committee understand that the FBI wanted to be cooperative to the extent that it was possible and consistent with the need to protect the identities of informants, sensitive sources of information and methods, on-going investigations and other current operations and personal privacy. Because of this view of the Director and the Bureau, we desired to make known to the Committee the fact that we would not insist on the presence of a Bureau representative during actual interviews or testimony of present or former employees, but we would want an understanding with the Committee and the Committee staff that the Bureau would be given prior notice of the identities of proposed witnesses, the subject matter of the proposed interview or testimony, and an opportunity prior to interview or testimony for the Bureau to consult with the employee in order to release him from his obligations of secrecy to the extent possible for purposes of the interview or testimony.

I restated our position that we were not endeavoring to deter testimony rather we were attempting to facilitate testimony under reasonable conditions and we felt that these matters should be discussed with the Committee. I told Mr. O'Connor that we were aware of the numerous discussions, proposals and conferences that have been held in an effort to establish specific formal guidelines with the Committee, but that all such efforts in behalf of the White House staff and the intelligence community at

CONTINUED - OVER

large have not been successful. I told him that therefore we felt it would be appropriate for the FBI to express our view to the Committee because interviews of FBI personnel and former employees have been conducted and are scheduled in the near future.

Mr. O'Connor said that he understood the Director's view that he desired to cooperate with the Committee and he felt that such cooperation could be negotiated if we were to offer the Committee as trading material COINTELPRO files. I told Mr. O'Connor that we were not going to negotiate an understanding concerning witness interview procedures on the basis of trading any of our files. He then suggested that we negotiate the May 14, 1975, letter which was addressed to the Attorney General by Senator Church and use that negotiation as a basis for trading with the Committee to develop workable guidelines. I again told Mr. O'Connor that I considered the question of procedural arrangements for witness interviews to be a very broad question and one that went far beyond the requests in the May 14, 1975, letter. I told him that I felt confident that the May 14, 1975, letter would be followed by perhaps an even longer letter with more requests and that such matters should be negotiated individually.

Mr. O'Connor then said that it was his strong view that a letter should be addressed to the Committee complaining of the treatment of FBI witnesses, particularly regarding violations of the Committee's own rules in that it appeared that during recent interviews the Committee had not furnished witness a copy of the rules in sufficient time and the treatment by staff representatives (& the Committee staff) of witnesses had been improper.

I told Mr. O'Connor that I thought that our efforts to develop a working relationship with the Committee could be seriously impaired at this time should a protest letter be sent to Senator Church because a formal communication of that nature would require some reaction on the part of the Committee and I could see no benefit to our present efforts to establish procedures by which we could reasonably cooperate with the Committee.

Mr. O'Connor then suggested that a letter might be addressed to Senator Church which described our concern that in the absence of reasonable procedures witnesses' rights might be impaired and that for that

CONTINUED - OVER

reason and for the reason that the Director desired to be cooperative with the Committee, we would request a meeting with Senator Church and Senator Tower to arrive at an understanding as to procedures. I told Mr. O'Connor that I would consider such a letter and he said he would discuss the matter with the Deputy Attorney General and with James Wilderotter at the White House.

At approximately 9:05 a.m. on May 23, 1975, Mr. O'Connor called me and said that he had discussed the matter with Mr. Wilderotter and the Deputy Attorney General. He said that both had agreed that it was inopportune at this time to seek special guidelines for interviews of FBI personnel and former personnel with the Committee. He said that a meeting has been scheduled for Tuesday, May 27, 1975, at noon in a final effort to resolve an understanding with Committee representatives. He said at the present time it is proposed that the meeting be attended by Wilderotter and Roderick Hills, representing the White House; Hoffman, representing the Defense Department; Warner, representing CIA; and O'Connor representing the Justice Department. Committee representatives would be Schwarz, Chief Counsel, and John Elliff. He said that at this time it was his thought that the Deputy Attorney General and I should not attend the meeting. He gave as his reasoning the thought that "should something go wrong" the Deputy Attorney General could disassociate himself from any agreement arrived at, and that I would similarly be in a position of saying that we have not been a party to the agreement.

I reminded Mr. O'Connor that meetings have been held frequently in the past and that tentative understandings made at such meetings have disappeared shortly after the meeting was concluded. I told him that was significant to us because we now understand that two more former employees of the FBI have been contacted and may be interviewed in the near future. I told him that former SA Sam Papich and former Agent Nichols have been contacted. I told him that the extent to which we should release these two former employees from their obligation of secrecy could not be intelligently evaluated unless we knew the subject matter of the interviews and that we plan to contact the Committee to inquire as to the subject matter. I pointed out to him that such pending interviews make it imperative for the FBI to consider action in addition to meetings that may be planned to discuss guidelines.

CONTINUED _ OVER

Mr. O'Connor asked that we not contact the Committee directly at this time, but that we allow him to call John Elliff and Schwarz to request that he be advised of the identity of all proposed FBI witnesses and of the subject matter of the proposed interviews, and that such interviews or testimony not go forward pending developments of an agreement on guidelines. O'Connor promised that he would make the contact promptly and advise me today of the results. I agreed to withhold our contact pending receipt of the information from him.

Mr. O'Connor then insisted that a letter be prepared for the Attorney General to send to Senator Church pointing out the failure of the Committee to afford complete protection of the rights of witnesses. I declined to undertake that responsibility and I told him the reason was that a formal document addressed to the Chairman of the Committee would tend to impair our efforts to negotiate with the Committee and certainly would be untimely in view of the conference he described as being scheduled for next Tuesday at noon.

Mr. O'Connor then said he would hate to have to tell the Deputy Attorney General that the FBI declined to prepare such a draft. I told him that not only would I not mind him telling the Deputy Attorney General, but I wished he would tell the Deputy Attorney General and explain my reason for not sending such a formal letter addressed to Senator Church at this time. Mr. O'Connor said that "well everyone else agrees to the letter," and I told him the FBI does not agree.

Mr. O'Connor said that if he was going to have to draft the letter for the Attorney General's signature, he would do it, but that he would need the information concerning the interviews of former SA Devlin and former SA Sentinella. I told Mr. O'Connor that the information concerning Sentinella was en route to him already and that we would endeavor to furnish him as promptly as possible any additional information available to us concerning these interviews.

At 11:13 a.m. on May 23, 1975, Mr. O'Connor called me and said that he had just concluded a conversation with John Elliff during which Elliff agreed that in regard to the scheduled interview of former SA Sam Papich on May 29, 1975, at 9:00 a.m., he would furnish us the substance of the

CONTINUED - OVER

questions to be asked Mr. Papich. He said that Elliff was agreeable to an informal arrangement under which the FBI would not require the presence of a Bureau representative at such interviews, but would expect to receive the identity of persons to be interviewed plus a statement as to the subject matter of the interview. Elliff then proceeded to identify as those persons scheduled for interview as William Turner, who will be interviewed today or this weekend by Mike Epstein at San Francisco, and "Chick" Brennan, who was interviewed yesterday, May 22, 1975, by Mark Gitenstein and who may be interviewed again today.

As to the interview of Sam Papich, Elliff said that the interview would concern:

1. A liaison agreement between the FBI and CIA;

2. The abolition of Papich's liaison responsibilities in 1970;

3. Dissatisfaction by the FBI with the Huston Plan;

4. The views in the White House regarding the intelligence community and the FBI with reference to a conversation Elliff had with Mr. Wannall and Mr. Cregar on May 22, 1975;

5. A detailed follow-up on the discussions with Mr. Wannall;.

6. A copy of the Huston Plan and certain minutes taken of meetings at which the Huston Plan was discussed. These minutes allegedly were made by William Cregar;

7. The matter raised with Paul Daly on May 22, 1975. (Mr. Daly recalled that Mr. Elliff discussed an incident concerning the CIA and the FBI which occurred at Denver, Colorado.)

Mr. O'Connor said that an interview proposed with former SA Nichols has been postponed indefinitely according to Elliff because of Nichols' unavailability.

CONTINUED - OVER

Memorandum to Mr. Adams
Re: Senate Select Committee

Mr. O'Connor noted that even though formal current rules have not been agreed upon with the Committee, it appears that Elliff's cooperation in furnishing the above information indicates a willingness to abide by the terms and conditions that I had requested Mr. O'Connor to seek in behalf of the FBI.

In this developing cooperation with Elliff, it is my opinion that we should not participate in the conference at noon on Tuesday, May 27, 1975, at which time the broad proposals by Wilderotter will be discussed. It is to the interest of the FBI to develop a cooperative attitude on the part of Elliff and his staff and that is being accomplished.

SUBJECT: SENATE SELECT COMMITTEE ON INTELLIGENCE ACTIVITIES

At 10:37 a.m. on May 28, 1975, former FBI employee Daniel M. (Mac) Armstrong, III, telephonically advised me that he has received information that the Senate Select Committee may contact him for purpose of interview. He requested my advice as to what his response should be. I told Mr. Armstrong that he should be aware of any secrecy agreements he may have signed while an employee of the FBI and he should be aware of the Attorney General Order 501-73. I told him the Director was interested in being as candid as possible with the Committee and that we would be willing to release him from his agreement to the extent it would be possible to do so consistent with the needs of on-going investigations and the sensitivity of the particular information. involved. I told him that should he receive a request for interview or subpoena, it would be appropriate for him to inquire as to the general areas of discussion proposed for the interview and to request the Director to release him from the secrecy agreement concerning those areas.

Mr. Armstrong said that if he was contacted, he would respond according to the advice furnished him.

SUBJECT: SENATE SELECT COMMITTEE ON INTELLIGENCE ACTIVITIES

At 11:44 a.m. on June 5, 1975, Daniel M. Armstrong, III, telephonically advised me that he is scheduled to be interviewed at 10:00 a.m. on June 6, 1975, in Room 308 of the New Senate Office Building by Mark Gitenstein. He requested a Bureau representative to be available forc consultation during the interview. I told Mr. Armstrong that I would make appropriate arrangements and that the individual who would be available would contact him to make necessary arrangements prior to the interview.

RECOMMENDATION:

That the Intelligence Division make available an appropriate representative to contact Mr. Armstrong (telephone number 632-6990) and to accompany him to the above-described interview.

RE: FILING SYSTEM

ALL INFORMATION CONTAINED
HEREIN IS UNCLASSIFIED
DATE 1-18-01 BY SP2ALM/RW

Reference is made to memorandum from captioned Committee dated April 30, 1975, and the appendices thereto, which contained requests for documents and other information from the FBI.

In connection with Part four, concerning the FBI's filing system and printed forms utilized by this Bureau, enclosed are copies of the following:

1. Undated nine-page memorandum captioned "FBI Indexing Procedures."

2. One copy each of 13 Tables of Contents concerning forms utilized by this Bureau.

Concerning the FBI's filing system and the Committee's requests for a so-called "Clerk's Manual;" and for a list of FBI classifications used in its filing system, it will be noted that the nine-page memorandum contains the list of classifications. With respect to the so-called "Clerk's Manual," the Files and Communications Division of the FBI maintains detailed instructions which are followed by its employees in classifying mail for indexing. It is not known whether such instructions are what is referred to by the Committee as the "Clerk's Manual." These instructions consist of nine volumes of material. Because of their bulkiness and because it is not clear whether this material would serve the Committee's purpose, it is not being furnished at this time. However, it will be available for review at FBI Headquarters by the Committee Staff.

ENCLOSURE

FILING SYSTEM

The following will explain the Tables of Contents concerning FBI forms which are being furnished in lieu of the actual forms at this time. This procedure is being followed because the forms number nearly 2,000 and many will probably be of no interest to the Committee. If the Committee will review these Tables of Contents and advise which forms it desires to see, appropriate steps will then be taken to make them available to the Committee Staff. The Tables of Contents headed "FBI Form Book" lists all FBI FD (Field Division) forms which are in use throughout the field. The remaining Tables of Contents list those forms applicable to the work of specific FBI Divisions at Headquarters. For example, forms with the prefix "1" are used in Division One (Identification); those with prefix "2" are used in Division Two (Training); etc. There are no forms peculiar to Divisions 11 (Legal Counsel) and 13 (Office of Planning and Evaluation). Those forms with prefix "0" (omnibus) are for use by two or more Divisions at Headquarters.

1 - The Attorney General

NOTE:

Clearance for making these Tables of Contents available was obtained from the Training Division for the FD forms and from each Division for its applicable forms. The Files and Communications Division has cleared the paper "FBI Indexing Procedures."

DATE: 5/12/75

FROM : H.C. Flemister, Jr.

SUBJECT: CLEARANCE OF CERTAIN DOCUMENTS PREPARED BY THE INTERDEPARTMENTAL INTELLIGENCE CONFERENCE (IIC) FOR RELEASE TO THE SENATE SELECT COMMITTEE

The following is to record the clearance of certain documents prepared by the IIC and, in some instances, the Interdepartmental Committee on Internal Security (ICIS) for release to the Senate Select Committee (SSC).

The SSC has been furnished a paper prepared by the Intelligence Division which was a position paper on the FBI's jurisdiction in internal security matters, intelligence and counterintelligence investigations. This paper was dated 2/13/75 and set forth information taken from certain documents or parts of documents by the IIC and, in some instances, the ICIS. All of these documents have been cleared for passage to the SSC by the following members of the IIC, as well as Mr. William Wark, Executive Secretary of the ICIS:

> Mr. Rowland Morrow, Director, Defense Investigative Programs Office; Mr. Merrill Kelly, Deputy Director of Operations, ACSI, U. S. Army; Colonel Leo Olsen, OSI, U. S. Air Force; Mr. Jack Donnelly, Naval Investigative Service.

Mr. Wark advised he did not feel it necessary to clear documents through the Attorney General since they pertain to IIC matters which were merely concurred in by ICIS.

Copies of the documents involved are attached and are as follows:

NOTE:

The Senate Select Committee has expressed an urgent interest in the details of any FBI investigation concerning the disappearance of Thomas Riha, former Professor at University of Colorado, Boulder, Colorado, in March, 1969. The Bureau conducted no investigation regarding the disappearance. There was considerable publicity with reference to a statement made by Dr. Smiley, then President of the university, that he had been informed by a Government official that Riha "was alive and well" Smiley was interviewed by the El Paso Office. Smiley furnished information in the strictest of confidence, not to be disseminated to any outside agency, regarding his contacts with a CIA representative in Boulder after the Riha disappearance. It was the CIA official who told him that Riha was alive and well. Without the Smiley interview our response to the Senate Select Committee has an obvious gap. If the Committee calls any witnesses in the Riha matter Dr. Smiley would be one of the most logical persons to call. The passage of time and other factors may have brought about a change in the mind of Dr. Smiley regarding the necessity to keep the information furnished by him in a confidential relationship with the Bureau and it is believed he should be given the opportunity to either reinforce his request for confidentiality or release the Bureau from the restriction he imposed.

RE: INTERVIEW OF RETIRED SPECIAL AGENT (SA)
BY SENATOR WALTER F. MONDALE AND
STAFF MEMBERS OF THE SENATE SELECT
COMMITTEE (SSC)

ALL INFORMATION CONTAINED
HEREIN IS UNCLASSIFIED
DATE 1-18-2001 BY SP2ALM/RW

Set out below is information voluntarily furnished to the FBI by retired SA John P. Devlin following his voluntary appearance before Senator Mondale and Staff Members of the Senate Select Committee on May 19, 1975. Devlin's appearance followed an interview of him by Senate Select Committee Staff Member Michael T. Epstein on April 25, 1975. A memorandum reporting the results of the April 25, 1975, interview was forwarded to the Attorney General as an enclosure to my letter to the Attorney General dated May 8, 1975, entitled "United States Senate Select Committee to Study Governmental Operations with Respect to Intelligence Activities."

On May 19, 1975, Devlin was interviewed by Senator Mondale; SSC Chief Counsel Frederick A. O. Schwarz, Jr.; Assistant Minority Counsel Charles Kirbow; and Epstein. The interview was conducted in a building across the street from the Dirksen Building in Washington, D. C., and lasted from approximately 2:00 p.m. to 3:20 p.m. Devlin was not subpoenaed to appear but appeared voluntarily. He was placed under oath by Senator Mondale.

At the outset of the interview Devlin was advised of his rights; that he could be represented by counsel and that if he had none, but desired counsel, the Committee Staff would attempt to provide one for him. At the conclusion of the interview he was thanked but given no indication as to whether he would be called to testify before the SSC.

Re: Interview of Retired Special Agent (SA)
by Senator Walter F. Mondale and
Staff Members of the Senate Select
Committee (SSC)

Following being advised of his rights, Devlin was asked who sent him to Atlantic City and why he was sent. He advised he received his instructions from Special Agent in Charge Ralph Bachman through Devlin's supervisor, SA Vincent Murphy. It is to be noted here that upon being interviewed by Epstein on April 25, 1975, Devlin had indicated he had received his instructions through his supervisor, SA William Gagnon. Devlin corrected this mistake during the interview of May 19, 1975. As to why he was sent, Devlin advised that as a sound man of the Newark Office he was sent to Atlantic City, New Jersey, to install a technical surveillance on Martin Luther King, Jr., who occupied a room at the Claridge Hotel in that city. Devlin was asked whether the monitoring plant for the electronic surveillance was located in the same hotel. Upon being advised it was the interviewers' desire to know whether the location of the plant at the Claridge Hotel was also designed to serve as a physical lookout on King's room, Devlin advised he was not aware that the FBI employed a physical lookout on King's hotel room. Devlin was also asked whether he installed a microphone in the room of King. He advised that he had not because it was not technically feasible. Also of concern to those interviewing Devlin on May 19, was whether he had personal knowledge as to whether the Attorney General had approved the electronic surveillance on King's telephone. Devlin replied he had no personal knowledge but assumed such authority had been obtained by his supervisor. Devlin was also asked if he could recall any conversations over King's phone which were monitored. Devlin replied that the only recollection he had involved conversations between King and his wife wherein they discussed her plans to travel to Atlantic City. Additionally, he did recall conversations involving the noted entertainer, Mehalia Jackson, who was appearing at that time in Atlantic City. Devlin could not recall the substance of the conversation with Jackson. He was also asked whether he retained or possessed any

notes regarding the activity that occurred in Atlantic City during the Democratic Party Nominating Convention during the summer of 1964. Devlin advised that he did not retain any notes but subsequent to the original contact of him by Epstein, Devlin called SA John Connelly of the FBI Office in Newark in an effort to review any available material that might refresh his recollection. Connelly advised Devlin that all materials and notes retained by the Newark Office were forwarded to FBI Headquarters. This information was conveyed to the interviewers on the occasion of the May 19, 1975, interview.

Devlin also was asked if he ever questioned the technical coverage of King inasmuch as it appeared to be for political rather than security reasons. Devlin replied that he had no reason to question the technical coverage of King. He also was asked if he personally met with Mr. Cartha DeLoach of the FBI while both were in Atlantic City. Devlin advised he could not recall whether he actually met DeLoach, pointing out that SA Billie D. Williams was assigned the liaison responsibility with DeLoach.

Devlin was asked whether he had contacted the FBI following his original interview by Epstein on April 25, 1975. Devlin advised he had reported the interview by Epstein to the FBI Office in Newark, New Jersey. He further advised that subsequent to this, he received a call from Newark Assistant Special Agent in Charge Herbert Clough who informed him that should he be contacted in the future, and should he feel he needed to consult with FBI officials, he could call the Legal Counsel Division, FBI Headquarters, in Washington, D. C., collect, for such consultation. Senator Mondale desired to know who Devlin saw upon his arrival in Washington, D. C., on the morning of May 19, 1975, and specifically what instructions he received from the FBI. Devlin advised Senator Mondale that

Re: Interview of Retired Special Agent (SA)
by Senator Walter F. Mondale and
Staff Members of the Senate Select
Committee (SSC)

upon arrival in Washington, D. C., he reported to Inspector John Hotis of the Legal Counsel Division and Paul V. Daly of the FBI at which time he was advised of what obligations he had to the Attorney General as a former employee of the FBI to protect information obtained by virtue of his former employment in the FBI. Subsequent to Devlin's meeting with Mr. Hotis and Mr. Daly, he spent the remainder of the morning with SA William O. Cregar. Mondale desired to know specifically what Devlin and Cregar discussed. Devlin advised that other than discussing mutual friendships in the FBI, Cregar advised of what Cregar's role would be in accompanying him to the interview and specifically that Devlin could feel free to ask for the opportunity to consult with Cregar during the interview if the line of inquiry could possibly reveal the identity of sources, sensitive methods or investigative techniques, information derived from third agencies, or information which could adversely affect sensitive ongoing investigations.

NOTE:

Original and one copy to the Attorney General (AG) for forwarding the copy of the memorandum to James A. Wilderotter, Associate Counsel to the President. The information contained herein was orally furnished to SA W. O. Cregar by former SA Devlin following his interview of May 19, 1975.

Dear Mr. Chairman:

In my letter to you on 20 May 1975 I requested your assistance in making the Joint Committee's secure storage facilities available for the retention of certain sensitive material to which access is needed by the Senate Select Committee to Study Governmental Operations with Respect to Intelligence Activities. Those arrangements have been made with Mr. George Murphy and with the Select Committee. I want to thank you for making the facilities available and for permitting Mr. Murphy to be the custodian of the material.

A further need has now arisen for the same kind of arrangement for the House Select Committee on Intelligence. Again I would be very grateful to you and Mr. Murphy if a similar arrangement could be made for the members of the House Committee and members of the Committee staff designated for access to such material by mutual agreement of Chairman Nedzi and myself.

Sincerely,

Mr. John Elliff, Domestic Intelligence Task Force Director of captioned Committee advised that they were in receipt of a letter from the U. S. Postal Service informing the Committee an inquiry concerning the identity of all mail covers placed by the FBI since 1960, should be directed to the FBI.

Elliff inquired as to whether a letter from the Committee concerning this particular request should be directed to the Bureau or Attorney General. He was instructed the request should be directed to the Attorney General. Elliff said that he would direct such a letter to the Attorney General making a request concerning mail covers in the near future.

RECOMMENDATION:

The Intelligence, Special Investigative and General Investigative Divisions should gather necessary material so that the appropriate response might be prepared.

The Attorney General

Director, FBI

UNITED STATES SENATE SELECT COMMITTEE
ON INTELLIGENCE ACTIVITIES

ALL INFORMATION CONTAINED HEREIN IS UNCLASSIFIED DATE 1-26-01 BY SP2ALM/RW

Reference is made to a letter from the Senate Select Committee dated March 19, 1975, requesting certain documents and other information from the Federal Bureau of Investigation (FBI).

Two of the documents requested were the Special Report of the Interagency Committee on Intelligence (Ad Hoc) dated June, 1970, and the original report on COINTELPRO activities prepared by the Committee headed by Assistant Attorney General Henry Petersen. With respect to the original report on COINTELPRO activities, pursuant to the conversation between Mr. John C. Keeney, Department of Justice, and Special Agent James C. Farrington, FBI Headquarters, on March 27, 1975, it was agreed the Department would await receipt of the Bureau's opinion prior to formulating its response to Senator Church's request for the 39-page Petersen report on COINTELPRO.

The 39-page COINTELPRO report, as well as all but one of Exhibits A through P attached thereto, contains matters relating to the internal deliberations of Department and FBI representatives who constituted the study Committee headed by former Assistant Attorney General Petersen. It is, therefore, suggested that if it is decided the report should be made available to Senator Church, it be done with the provision it not be made public.

EX 104 REC-59 62-116395-195 MAY 1 1975

Concerning the exhibits referred to in the text of the report: Exhibits A through L are summaries and memoranda prepared by the FBI or by Department attorneys based on their review of FBI material, and some of these are classified "Secret"; Exhibits M and N are legal memoranda prepared by Department attorneys in connection with the study Committee inquiry; Exhibit P is a work paper prepared by the FBI setting

forth overall recommendations relating to counterintelligence activity. All of these exhibits are in the nature of deliberative, internal work papers wherein opinions were freely expressed because they were not prepared with the idea in mind of publication, and it would appear they would be exempt from disclosure even if the report itself is furnished to Senator Church.

It is, therefore, recommended that, due to the above considerations, those exhibits prepared by the FBI not be furnished to Senator Church if you do decide to give him the report. It is felt the Department should determine if those exhibits prepared solely by the Department, such as Exhibits M and N, should be furnished to the Senator, but it is our recommendation that they not be for the same reasons as stated above.

Exhibit O is a press release dated December 7, 1973, which, of course, is already public source in nature.

You will recall that then Deputy Attorney General Laurence Silberman, in testimony before the Civil Rights and Constitutional Rights Subcommittee of the House Committee on the Judiciary as to why this 39-page report should not be furnished to that Committee stated, "...if we had thought it was appropriate to release the full discussion we would have done so at the time. There are a lot of internal working documents in the Justice Department which go to the making of a final report. This is the Attorney General's report."

Attached for your approval and forwarding to the Committee is the original of a memorandum which sets forth the status of their request for the two documents. A copy of this memorandum is enclosed for your records.

Reference is made to letter dated March 19, 1975, to the Attorney General from the Chairman of captioned Committee, which enclosed certain requests for documents and other information from the Federal Bureau of Investigation.

One of the requests, under V., A., was the Special Report of the Interagency Committee on Intelligence (Ad Hoc) dated June, 1970. This is the so-called "Huston Report" and was prepared for the White House. Under the circumstances, this request has been referred to the White House.

Under V., B., a request was made for the original report on COINTELPRO activities prepared by the Committee headed by Assistant Attorney General Henry Petersen. Since that report is the property of the Department of Justice, the request has been referred to that Department.

RE: INTERVIEW OF FORMER ASSISTANT TO THE
DIRECTOR JOHN P. MOHR BY SSC STAFF
MEMBERS

ALL INFORMATION CONTAINED
HEREIN IS UNCLASSIFIED
DATE 1-19-81 BY SP2ALM/Rw

Set out below is information voluntarily furnished to the FBI by Mr. Mohr following his interview by representatives of the Staff of the SSC in Washington, D. C., on May 9, 1975.

Mr. Mohr was interviewed by Staff Members Mark Gitenstein, Lester B. Seidel, and Thomas Dawson from approximately 10:20 a.m. to 12:30 p.m. He was not placed under oath and he was not advised of his rights or that he could be represented by personal counsel.

At the outset of the interview, it was apparent that its purpose was to assist the SSC Staff Members in trying to understand how the flow of mail proceeded in the FBI under Mr. Hoover's directorship. For example, Mr. Mohr was shown FBI documents relating to the Socialist Workers Party as well as COINTELPRO documents which were obtained by Mr. Carl Stern under the Freedom of Information Act. No substantive questions were directed to Mr. Mohr regarding these documents but were shown to him in order that Mr. Mohr might identify who the final authority was in approving such documents.

In addition to the above, the Staff Members asked Mr. Mohr to explain the difference between an SAC Letter and a letter to all SACs. They also asked Mr. Mohr if the Bureau maintained a separate file on all SAC Letters.

U. S. SENATE SELECT COMMITTEE ON INTELLIGENCE ACTIVITIES

RE: INTERVIEW OF FORMER ASSISTANT TO THE DIRECTOR JOHN P. MOHR BY SSC STAFF MEMBERS

Mr. Mohr was also questioned about the procedures he followed in securing Mr. J. Edgar Hoover's office after Mr. Hoover's death. Mr. Mohr told the Staff Members that the article which appeared in "The Washington Star" by columnist Jeremiah O'Leary was an accurate recording of what took place following Mr. Hoover's death. The Staff Members requested Mr. Mohr review in considerable detail exactly what he did to secure Mr. Hoover's office following his death.

The question of former Associate Director Clyde Tolson's will was also raised by Staff Members. Mr. Mohr advised the interviewers that Hillory Tolson, brother of Clyde Tolson, had not decided at that time whether he was going to contest the will.

Mr. Mohr was also asked about the whereabouts of Miss Helen Gandy, former Executive Assistant to Mr. Hoover. He advised that he did know her whereabouts and telephone number but promised he would not reveal them to anyone. Mr. Mohr was asked whether Miss Gandy would agree to being interviewed by Staff Members of the SSC. He advised that he would attempt to persuade Miss Gandy to agree to being interviewed on the condition he be allowed to be present during the entire interview. The Staff Members interposed no objection to that arrangement and Mr. Mohr indicated that he would advise Mr. Gitenstein of Miss Gandy's desires under the conditions stipulated above.

On May 12, 1975, Mr. Mohr telephonically advised that he recalled some additional topics covered during the interview of May 9, 1975, which he desired to furnish to the FBI. Specifically, Mr. Mohr recalled that he was asked if he knew who prepared the "surreptitious letters" the Bureau had mailed in the Socialist Workers Party case. Mr. Mohr advised the Staff Members that he did not know but presumed these letters were prepared in the Document Section of the FBI Laboratory.

Mr. Mohr also recalled that during his interview of May 9, 1975, he had advised Miss Gandy had turned over to Mr. Mark Felt of the FBI the official and confidential files of Mr. Hoover which amounted to one-half a file drawer. Subsequently, Mr. Mohr learned from Miss Gandy that the official and confidential files turned over to Mr. Felt amounted to one and one-half file drawers. This information was subsequently furnished to Mr. Gitenstein by Mr. Mohr. On that occasion, Mr. Gitenstein asked Mr. Mohr whether an itemized list of the official and confidential files was made and if so where the list was. Mohr told Gitenstein that he was sure a list was made and that in all probability the list accompanied the official and confidential files turned over to Mr. Felt by Miss Gandy.

In addition to the above, Mr. Mohr on May 12, 1975, recalled that Gitenstein asked about a requirement of all Bureau employees to turn over any confidential files in their possession ordered by Mr. Hoover following the revelation that former Assistant to the Director William C. Sullivan had turned over certain confidential files to former Assistant Attorney General Mardian. Mr. Mohr advised Gitenstein that Mr. Hoover had in fact levied such a requirement on Bureau officials and that all confidential files were to be turned over to Mr. Felt along with a memorandum explaining the nature of these files. Gitenstein asked Mohr where these memoranda would be filed. Mohr responded by saying he presumed they were confidential memoranda and would have gone with the confidential files turned over to Mr. Felt by Bureau officials maintaining such files.

NOTE: The original and one copy of this LHM is being furnished to the Attorney General. The copy is to be forwarded by the Attorney General to Mr. James A. Wilderotter, Associate Counsel to the President. The information herein was taken from two memoranda, Cregar to Wannall, dated 5/9 and 12/75 entitled "Senstudy 75."

SUBJECT: SENSTUDY 75

Deputy Assistant Attorney General, K. William O'Connor requested on 5-28-75, that he be given the opportunity to review summaries of the five recently uncovered COINTELPRO programs. O'Connor stated that in view of captioned Committee's request concerning COINTELPRO and his position of being in charge of Bureau and Departmental responses to Committee requests, he felt that it would be advantageous for him to be generally aware of the contents of the five newly uncovered programs. Mr. O'Connor stated he had previously reviewed the other COINTELPRO programs. [while in Civil Rights Division]

RECOMMENDATION:

That Mr. O'Connor be allowed to review the five recently uncovered COINTELPRO programs.

Sen 142

Reference is made to my memorandum dated 5/19/75 advising of the receipt of a letter from the Senate Select Committee (SSC) to the Attorney General dated 5/14/75, appending requests for additional documents and other information.

Specific attention is invited to Appendix A, item number 5, which requests:

"All Memoranda of the FBI and the Justice Department discussing the legal authority of the FBI to use the following techniques to (1) investigate internal security matters, (2) collect intelligence information, and (3) engage in counter-intelligence activities (see letter from the Chief Counsel to the Deputy Attorney General dated April 23, 1975):

a. All forms of electronic surveillance, including consensual electronic surveillance;

b. All forms of mail surveillance, including mail covers and opening mail;

c. Surreptitious entry;

d. All forms of physical surveillance, including agent infiltration, observation, photography, and remote viewing and sensing devices;

e. Informants, including possible entrapment, provocation, interference with lawyer-client relationship, or other problems;

f. Obtaining bank, credit, or other personal information;

g. Incommunicado interrogation;

84 JUN 5 1975

FIVE

h. Maintenance of files and records;

i. Dissemination of information from files and records;

j. So-called "COINTELPRO" techniques and methods, including all forms of organizational 'disruption.'"

Appendix B, item number 4, requests:

"For each of the techniques described in Item 5 of Appendix A above, all memoranda and other materials relating to:

a. The original decision to utilize the technique in internal security, intelligence collection, and/or counterintelligence matters, operations, or activities.

b. The policies and procedures of the FBI for the utilization of the technique in internal security, intelligence collection, and/or counterintelligence matters, operations, or activities."

It would appear appropriate that response to Appendix A, item number 5, be prepared by the Legal Counsel Division. It is also apparent that response to Appendix B, item number 4, should be closely coordinated although responsibility for research in this area would appear to fall more logically within the Intelligence Division.

RECOMMENDATIONS:

1. That Legal Counsel Division assume responsibility for preparing response contained in Appendix A, Item number 5.

Director, FBI

UNITED STATES ~~SENATE SELECT COMMITTEE~~
ON INTELLIGENCE ACTIVITIES

Reference is made to a letter from the Senate Select Committee dated May 14, 1975, with attached appendices A thru D requesting certain documents and other information.

Under item 26 of Appendix C, a request is made for "All reports prepared by the Office of Criminal Justice of the Department of Justice pursuant to the request in September 1974 of the Attorney General and/or Deputy Attorney General pertaining to the so-called 'Wounded Knee' case and any other so-called 'political trial' or other prosecutions brought by the Special Litigation Section of the Internal Security Division."

Under item 27 of Appendix C request is made of the Federal Bureau of Investigation for "All memoranda or other materials prepared by the FBI relating to the reports described in Item 26."

The Department is requested to advise this Bureau if reports which are requested in Appendix C under item 26 with respect to the "'Wounded Knee' case" were furnished to the FBI. If such reports were furnished please advise under what captions and dates these reports were submitted and identify by captions and dates all FBI communications on which your reports were based. If these reports were not furnished this Bureau please provide copies to us when you identify the FBI communications as requested herein.

REC-100 62-116395-188

You are also requested to provide to this Bureau copies of those reports, including sufficient information identifying FBI communications on which they were based, which will be furnished the Senate Select Committee per its request for "any other so-called 'political trial' or other prosecutions brought by the Special Litigation Section of the Internal Security Division."

The Attorney General

Inasmuch as this Bureau's response to item 27 of Appendix C enclosed with referenced letter depends on your response to item 26, you are requested to furnish the desired information as soon as possible in order that we may comply with the Senate Select Committee request. Since all reports requested under item 26 were prepared by the Department this Bureau will take no action to provide copies of these reports to the Committee.

1 - The Deputy Attorney General
    Attention: K. William O'Connor
        Special Counsel for
        Intelligence Coordination

NOTE:

Until such time as we determine what information will be furnished the Senate Select Committee by the Department under item 26 mentioned above we believe our response on item 27 to the Senate Select Committee should be delayed. This will enable us to provide material requested by the Senate Select Committee which will correspond to information being provided by the Department.

Trial material relating to Wounded-Knee case was handled by the General Investigative Division and this part of the request is being coordinated with SA J. C. Gordon who supervised the Wounded-Knee case. Upon receipt of requested information from the Department, General Investigative Division will be notified so an appropriate response may be compiled regarding Wounded-Knee matter. Intelligence Division will conduct necessary reviews for information pertaining to other prosecutions by "Special Litigation Section" of the Department.

MEMORANDUM FOR: Members of the USIB Ad Hoc Coordinating Group

SUBJECT : Certification of Clearances for Classified Information and Compartmented Information of Staff Members of the Senate Select Committee

Senstudy -'75

1. Arrangements have been made so that the Compartmented Information Branch (CIB) of CIA will maintain, as a matter of common concern, an up-to-date listing of all staff members of the Senate Select Committee who have been certified by the Committee for access to classified information up to and including TOP SECRET and also those who have been certified and briefed for compartmented information.

2. CIB will attempt to keep this listing in a current status and telephone inquiries can be made by calling 351-5507 (IDS 143-5507) during the hours 0800 to 1730 Monday through Friday. Periodically, a current listing of the individuals certified will be disseminated to members of the USIB Ad Hoc Group.

3. It is contemplated this same procedure will be followed for the House Select Committee when certification of clearances are received from this Committee and you will be advised when such procedure is instituted.

TO : Mr. J. Adams
DATE: 5/21/75

FROM : Legal Counsel

SUBJECT: SENATE SELECT COMMITTEE

At approximately 9:00 a.m. on May 21, 1975, retired Special Agent Alan G. Sentinella appeared in my office prior to his appointment to receive a subpoena and to testify at 9:30 a.m. on 5/21/75 at Washington, D.C., before the Senate Select Committee. I told Mr. Sentinella that it would not be possible for me to furnish him personal counsel prior to or during his testimony, however I felt it was appropriate for me to furnish him certain information. I told Mr. Sentinella that he was entitled to be represented by a personal counsel of his own choice at any time and that if he chose to secure the services of a private attorney he was at liberty to do so.

I also told Mr. Sentinella that under the rules of the Senate Select Committee (Rule 6.4), a witness may be accompanied by counsel during testimony and a witness who is unable to obtain counsel may inform the Committee of that fact and the Committee is obliged to endeavor to obtain voluntary counsel for the witness. I told him that the rules further provide that the failure to obtain counsel would not excuse him from appearing and testifying.

I asked Mr. Sentinella whether he had been given any advice by the Committee concerning his right to counsel and whether he had received a copy of the Committee's rules as required by regulations in the rules (Rule 6.1). Mr. Sentinella said that he had not been so advised and he had not been given a copy of the rules by any representative of the Committee.

I told Mr. Sentinella that as to matters other than the presence of personal counsel, no understanding had been reached with the Committee.

LEGAL COUNSEL

84 JUN 5 1975

I further explained to him that the Attorney General Order relating to responses to subpoenas would apply to him and that we had been advised that the Department had approved a waiver of the Attorney General Order limitation permitting his testimony, but only as to matters concerning Martin Luther King, Jr., and Stanley David Levison, and the Southern Christian Leadership Conference, including related matters. I told Mr. Sentinella that should the questioning involve other areas and he was in doubt as to his authorization to respond, he could request an opportunity to consult with the Department to secure approval for his testimony consistent with the terms of the Attorney General Order. I also reminded Mr. Sentinella that a representative of the FBI would be available during his testimony for such consultation as he felt might be necessary. I told him that SA Paul Daly would be available for that purpose.

I told Mr. Sentinella that our concern is not that matters of historical fact might be revealed, but that testimony which might be required of him could impair the Bureau's current efforts to discharge its responsibilities. I explained that in specific terms what this meant was that information that would identify sensitive sources, techniques or methods, or that would identify confidential informants, or would expose current investigative operations should be reserved for members of the Committee or perhaps the Chairman of the Committee depending upon the sensitivity of the particular information. I advised him that in the event such matters are involved in the questioning he could request consultation and that arrangements could be made for the answers to be supplied under appropriately limited conditions. I told Mr. Sentinella that as to other areas of possible testimony, the Bureau would impose no request that he decline to answer questions.

Mr. Sentinella advised me that he understood the matters I had explained to him and that he did not at this time feel the need of personal counsel because he said that he did not regard the appearance as one in the nature of a grand jury appearance. I told Mr. Sentinella that he should be aware that his testimony would be given under oath and in the event he made a statement that was self-incriminatory, it could be used against him. I reminded him I was not advising him in order to deter him from furnishing testimony, but only telling him of the protections he has under the

CONTINUED - OVER

Constitution against self-incrimination. He said he would keep that matter in mind.

Mr. Sentinella said that he would like to volunteer the results of his interview at the conclusion of the interview and he also would like to have an opportunity to review a transcript of the testimony for accuracy.

RECOMMENDATION:

For information.

Reference is made to memorandum and appendices thereto, from the Senate Select Committee dated April 30, 1975, requesting documents and other information from the FBI.

Item number three of referenced communication requests that a Senate Select Committee Staff Representative be authorized to examine certain portions of the FBI Manual of Rules and Regulations, (MRR), at the FBI Offices. The material requested, MRR Part I, Section nine; Part II, Sections one thru nine, has been segregated and is available for examination at FBI Headquarters.

Enclosed for your approval and forwarding to the Committee is an original of a memorandum advising the Senate Select Committee that the above requested material is presently available for examination at FBI Headquarters.

A copy of this memorandum is being furnished for your record.

RE: SECTIONS OF THE MANUAL OF
INSTRUCTIONS NOT PREVIOUSLY FURNISHED

Reference is made to the memorandum from captioned Committee dated April 30, 1975, and appendices thereto which contained requests for certain documents and other information from the Federal Bureau of Investigation.

Part 2 of the request concerned Sections of the Manual of Instructions Not Previously Produced. Pursuant to your request, Sections 4, 8R, 19, 23, 27, 28, 29, 75, 78, 90, 103, 134, 136, 144, and 146 are now available for review by Mr. Mark Gitenstion, or other designated members of the Committee's staff at FBI Headquarters.

Section 102, which you requested, is not available for review at this time because this Section involves third agency considerations. When this Section has been cleared by the other interested agencies for review, you will be immediately advised.

The Attorney General

Director, FBI

UNITED STATES SENATE
SELECT COMMITTEE ON INTELLIGENCE ACTIVITIES

Reference is made to the letter from the captioned Committee dated April 28, 1975, addressed to the Honorable Edward H. Levi, Attorney General, requesting information concerning the Federal Bureau of Investigation.

Attached for your approval and forwarding to the Committee is the original of a memorandum in response to the aforementioned request. A copy is enclosed for your records.

For your information, we did furnish empty boxes for the use of former Assistant to the Director of the Federal Bureau of Investigation, John P. Mohr, at the residence of the late Director, J. Edgar Hoover, subsequent to the death of Mr. Tolson. This material was brought to the residence by a clerical employee who merely deposited the material and left the residence. While we have no direct knowledge as to what material was removed from the residence, Mr. Mohr was contacted to determine the source and accuracy of the story contained in "Periscope" section of the April 28, 1975, issue of Newsweek, at which time he advised us that "furnishings" at the home had been removed by members of the family and the housekeeper. We have not contacted former employees concerning this request. Our contact with Mr. Mohr was prior to the date of this request.

NOTE: By memorandum dated May 2, 1975, from Legal Counsel to J. B. Adams, each Assistant Director was requested to advise whether they or personnel in their divisions had any knowledge relating to the allegation that the FBI directed or participated in the removal of documents from the late Director's residence. The Alexandria and Washington field offices were separately requested to respond to this allegation. The responses were negative. External Affairs, by memo from D. W. Moore to Mr. Jenkins dated May 5, 1975, captioned Clyde A. Tolson, former Associate Director; advised that a clerk brought packaging material to the residence at the request of former Assistant to the Director, John P..Mohr. This memo indicated that the clerk deposited the material and left. He did not participate in the packing, etc., of documents.

SELECT COMMITTEE ON INTELLIGENCE ACTIVITIES

REQUEST PERTAINING TO DOCUMENTS REMOVED FROM RESIDENCE OF FORMER DIRECTOR J. EDGAR HOOVER

Reference is made to letter dated April 28, 1975, to the Attorney General from Chairman of captioned Committee which contained a request for certain information from the Federal Bureau of Investigation.

The Federal Bureau of Investigation has not removed, nor caused to be removed, documents from the residence of former Federal Bureau of Investigation Director J. Edgar Hoover, subsequent to the death of Mr. Clyde A. Tolson, former Associate Director of the Federal Bureau of Investigation.

It is our understanding, however, that former Assistant to the Director, John P. Mohr, may have some knowledge as to what material may have been removed from the residence after Mr. Tolson's death.

Director, FBI

UNITED STATES SENATE SELECT COMMITTEE
ON INTELLIGENCE ACTIVITIES

Reference is made to a letter from the Senate Select Committee dated March 19, 1975, requesting certain documents and other information from the FBI.

Attached for your approval and forwarding to the Committee is the original of a memorandum which responds to a specific request by the Committee for a position paper dated July 31, 1972, concerning the "Scope of FBI Authority, Jurisdiction and Responsibility in Domestic Intelligence Investigations." A copy of this memorandum is enclosed for your records.

You will note that the position taken by the FBI is that the requested position paper of July 31, 1972, is an internal deliberative document which is the direct basis for a formal statement on FBI authority to conduct internal security investigations embodied in a memorandum from the Director, FBI, to the Attorney General dated August 7, 1973. On this basis we are stating in our response to the Committee that we feel it inappropriate that the July 31, 1972, paper be made available. We believe that this position is completely sound and a proper precedent to set with respect to the ambit of the Committee's mandate. We also feel that it is consistent with the position which has been expressed by you.

Note this memo appr. for del. to SSC + has been superseded by another LHM to SSC.

RE: LEGAL AUTHORITIES

ALL INFORMATION CONTAINED
HEREIN IS UNCLASSIFIED
DATE 1-25-01 BY SP2ALM/RW

Reference is made to letter dated March 19, 1975, to the Attorney General from the Chairman of captioned Committee, which enclosed certain requests for documents and other information from the Federal Bureau of Investigation (FBI).

Under I., Legal Authorities, a general request was made for memoranda discussing the legal authority of the FBI to (1) investigate internal security matters, (2) collect intelligence information, and (3) engage in counterintelligence activities. Material responsive to this request was delivered to the Committee during April, 1975. Included in this material was a memorandum from the Director, FBI, to the Attorney General, dated August 7, 1973, captioned "Scope of FBI Jurisdiction and Authority in Domestic Intelligence Investigations." This memorandum contained a lengthy and comprehensive discussion concerning the authority of the FBI to conduct investigations in the general internal security area.

Not deliv. to SSC

Since the receipt of the above-mentioned material the Committee has indicated a specific interest in a position paper dated July 31, 1972, discussing the "Scope of FBI Authority, Jurisdiction and Responsibility in Domestic Intelligence Investigations." This paper has been located and subjected to intensive review. It has been found that the July 31, 1972, position paper contains the internal deliberations which form the direct basis for the memorandum to the Attorney General dated August 7, 1973. In view of these circumstances and particularly because the July 31, 1972, paper is considered to be an internal deliberative document, it is not considered appropriate that it should be made available to the Committee.

2. ORIGINATING ORGANIZATION: FBI

3. NATURE OF MATERIAL: Letterhead memorandum (LHM) with enclosures described below

4. DOCUMENT CLASSIFICATION: Unclassified

5. NATIONAL SECURITY INFORMATION STAMP: NA

6. SUMMARY OF CONTENTS: SSC requested information concerning the FBI's filing system and copies of printed forms used by the FBI. The LHM served as a cover communication to furnish to the SSC an undated nine-page memorandum entitled "FBI Indexing Procedures." The SSC was also advised that there was available nine volumes of material containing detailed instructions followed by FBI employees in classifying mail for indexing; and that the nine volumes would be available for review at FBI Headquarters by the SSC Staff. Also furnished the SSC was one copy each of 13 Tables of Contents concerning forms used by the FBI. The various types of forms in use were explained in the LHM and the SSC was invited to choose those forms it desired to see, after which steps would be taken to make them available to the SSC Staff.

The Attorney General May 16, 1975

Director, FBI

UNITED STATES SENATE SELECT COMMITTEE
ON INTELLIGENCE ACTIVITIES

By letter dated March 19, 1975, the Senate Select Committee requested certain information from the Federal Bureau of Investigation (FBI). Part I of the Committee's letter pertained to legal authority for investigations.

Enclosed for your approval and forwarding to the Committee is the original of a memorandum and a copy of a letter from Glen E. Pommerening, Assistant Attorney General for Administration to the Director November 1, 1974, captioned "Federal Employee Security Program Executive Order 10450."

The instructions contained in the enclosed November 1, 1974, communication concern legal authority for investigations and were the subject of discussion between Assistant Director W. Raymond Wannall and John Elliff of the Senate Select Committee during a conference at Quantico, Virginia, May 5, 1975. The instructions are being furnished to the Committee in an effort to provide more information with respect to the Committee's letter of March 19, 1975, referred to above.

A copy of this memorandum with enclosure is being furnished for your records.

ALL FBI INFORMATION CONTAINED
HEREIN IS UNCLASSIFIED
DATE 1-25-01 BY SPOALM/RW

This is in response to your memoranda, entitled as above, dated May 8, 1974 and August 19, 1974, directed to the Deputy Attorney General, Criminal Division, and referring to problems which have arisen as a result of the promulgation of Executive Order 11785 which amends Executive Order 10450. In view of the involvement of my staff in these matters, I will undertake to answer your questions with the concurrence of the Criminal Division.

As you know this matter has been under continuing review both in the Task Force, chaired by a representative of this office, of working level representatives of various agencies in the security field and is now under study to a lesser degree in Project #10 of the "Domestic Council on Privacy".

You ask that the Department; (a) provide specific instructions to the Bureau to conduct intelligence-type investigations to identify and determine the activities of organizations now described in the amended Section 8(a)(5) of Executive Order 10450; (b) furnish guidelines to be used by the Bureau in initiating investigations of individuals under the captioned matter pursuant to Executive Order 10450 and specifically, criteria to be utilized in determining whether available information is a sufficient basis for investigation.

Under the amendment to Section 8(a)(5) of Executive Order 10450, we now have only two types of organizations; (1) those which unlawfully advocate or practice the commission of acts of force or violence to prevent others from exercising their rights under the constitution or laws of the United States or

any State, (2) or which seek to overthrow the Government of the United States, or any State or subdivision thereof, by unlawful means. (Emphasis added).

Of course, the key words which are underlined indicate that the investigation should be initially based on a possible violation of a federal (such as the Smith Act) or state statute prohibiting unlawful advocacy or the commission of any unlawful act of force or violence. However, in order for the Bureau to detect organizations with a potential of the above nature, it is important that the investigation proceed on the basis of information indicating that the organization may be of the nature mentioned. It is not necessary that a crime occur before the investigation is initiated, but only that a reasonable evaluation of the available information suggests that the activities of the organization may fall within the proscription of the Order. The most recent example of the type of organization, that you have advised is becoming more prevalent, is the small but dedicated to violence, Symbionese Liberation Army (SLA). Organizations of this nature would clearly fall within the Order and should be investigated as soon as information is available indicating their potentiality for violence and of course, if possible, prior to the fulfillment of their purposes.

It is true that Executive Order 11785 eliminated the prior communist, totalitarian, fascist, and subversive characterizations and definitions, but there was no intention of restricting the investigations of such organizations if their programs call for acts of force or violence or the unlawful advocacy of the commission of acts of force or violence in furtherance of these programs.

It is not possible to set definite parameters covering the initiation of investigations of potential organizations falling within the Order but once the investigation reaches a stage that offers a basis for determining that the activities are legal in nature, then the investigation should cease, but if the investigation suggests a determination that the organization is engaged in illegal activities or potentially illegal activities it should continue.

It follows in answer to your second question that individuals who are active either as members of or as affiliates of

zations described above should be investigated when mation is received indicating their involvement. The yardstick indicated above for organizations in deter- ing whether the investigation should continue, should apply ncerning individuals and when a determination can reasonably e made that the individuals activities, either within the organization or as an individual, do not appear to be in violation of any law, then the investigation should cease.

TO : Mr. J. B. Adams DATE: 5-23-75

FROM : Legal Counsel

SUBJECT: ASSASSINATION OF JOHN FITZGERALD KENNEDY
DALLAS, TEXAS
11-22-63

SENATE SELECT COMMITTEE ON INTELLIGENCE ACTIVITIES

On 5-22-75 CIA requested from the FBI copies of photographs of three "bums" who were taken into custody by Dallas authorities on 11-22-63 in the vicinity of the Texas School Book Depository. It has been alleged that the three persons shown in the photographs were E. Howard Hunt and Frank Sturgis, individuals involved in the Watergate incident, and Thomas Arthur Vallee, who was arrested in Chicago, Illinois, several days before the Kennedy assassination based on a threat against the President. Don Donahue, Special Assistant to Senator Henry Jackson (D-Wash.), made available on 9-12-74 to Inspector Bowers a set of the photographs depicting these "bums" which had been furnished to Donahue by one Michael Canfield, and the FBI Laboratory made copies from these prints, the original being returned to Donahue. Donahue requested that his identity be concealed as the source of these photographs. Canfield was supposed to furnish a set of these photographs to Washington Field Office but it has been determined he never did so.

At Mr. Adams' instructions, Bowers contacted Donahue on 5-22-75 and advised him of the CIA request for a set of these photographs. Donahue was told that if he has no objections we intend to furnish CIA a set of the pictures with the statement that the originals were obtained from an individual who requested his identity be concealed. Donahue stated that was quite satisfactory to him, adding that if it becomes necessary he would agree to his identity being disclosed as the source of these pictures.

MEMORANDUM FOR: USIB Principals

SUBJECT : Reporting of Interviews with ~~Congressional~~ Investigating Committees or their Staffs

REFERENCE : My Memorandum to Addressees, 10 April 1975, Subject: Community Aspects of Inputs to Congressional Committees Investigating Intelligence (USIB-D-27.10/1)

Original Filed In 62-80750-5071

1. Reference memorandum reported establishment by the Intelligence Community Staff of a registry for documentation relating to the Congressional investigations, and furnished you with a format for abstracts to be provided to the registry on each formal input to a Select Committee. In addition to having in the registry the abstracts or, as appropriate, the actual papers submitted as documentation to a Select Committee, it is important that we establish a method for reporting on interviews. Accordingly, I am enclosing a proposed format for abstracts to be used for reporting on interviews by Congressional Committee members or staff with your personnel which involve information on Community activities or which, in your judgment, raise the possibility of follow-on queries elsewhere concerning the functioning or activities of the Community.

2. There is no intent to intrude upon matters which are properly each agency's organizational responsibility nor to infringe upon employees' individual rights or security. The interview abstract format does not provide for identification of the person being interviewed. The "File Reference No." entry is for your convenience to indicate where any supporting documentation is located within your own filing system.

SUBJECT: MORTON HALPERIN
FREEDOM OF INFORMATION ACT (FOIA) REQUEST

This memorandum sets forth results of Liaison contact with Central Intelligence Agency (CIA) concerning Halperin's request to be provided with a copy of a 1948 memorandum of understanding between the FBI and the CIA. Halperin has made this request of both CIA and the Bureau.

On 4/30/75 Mr. James Garrison, CIA, advised that after considerable research in CIA files, the following documents (copies attached) were located which pertain to Halperin's request. Copies have also been located in Bufiles:

(1) Memorandum for the Record dated 9/22/48 entitled "Cooperation and Liaison Between Federal Bureau of Investigation and Office of Policy Coordination, CIA," which was prepared by CIA and originally classified Top Secret. This document has recently been downgraded by CIA to a classification of Secret.

(2) Letter dated 9/22/48 from Frank G. Wisner, Assistant Director for Policy Coordination, CIA, to Mr. D. Milton Ladd, Assistant to the Director, FBI, which forwarded as an enclosure the 9/22/48 memorandum described above. This item was also originally classified Top Secret but has been downgraded by CIA to Secret.

84 JUL 1 1975

Memorandum to Mr. W.R. Wannall
RE: MORTON HALPERIN
FREEDOM OF INFORMATION ACT (FOIA) REQUEST

Mr. Garrison advised that CIA considers items 1 and 2 to be CIA documents and item 3 to be an FBI document containing CIA information. CIA proposes to furnish Halperin declassified copies of items 1 and 2 which have been sanitized in accordance with the brackets on the attached copies. CIA has no objection to the Bureau's furnishing Halperin a copy of item 3 if it is declassified and the CIA information indicated by brackets in the attached copy is excised. Mr. Garrison noted that CIA no longer considers the 9/22/48 memorandum to be operative since CIA's Office of Policy Coordination no longer exists.

Mr. Garrison advised further that with regard to a Senate Select Committee (SSC) request forcopies of all agreements between the FBI and the CIA, CIA does not plan to provide the SSC with copies of items 1 and 2 but plans to allow appropriately cleared SSC staff representatives to examine the unsanitized Secret versions of items 1 and 2 at CIA Headquarters. He further advised that CIA would have no objection if the Bureau allows SSC staff representatives to examine item 3 in Bureau space provided it is classified Secret in accordance with CIA's classification of its information. Mr. Garrison requested that if the Bureau decides to provide the SSC with a copy of item 3 for its retention, the document be declassified and sanitized in accordance with the attached copy.

The Intelligence Division has no objection to the FOIA request of Halperin being handled in accordance with the above. Recommendation for handling of the SSC request will be made by separate memorandum.

ACTION:

This memorandum and its attachments should be forwarded to the FOIA Unit of the Files and Communications Division for appropriate handling.

MEMORANDUM FOR THE RECORD:

SUBJECT: Cooperation and Liaison Between Federal Bureau of Investigation and Office of Policy Coordination, CIA

1. This memorandum records an understanding which has been arrived at in conversations between Mr. D. Milton Ladd, Assistant to the Director, Federal Bureau of Investigation, and Mr. Frank G. Wisner, Assistant Director, and Chief of the Office of Policy Coordination, of CIA. The conversations in question were duly authorized by the Associate Director of the Federal Bureau of Investigation and by the Director and Deputy Director of CIA and were arranged by the Executive Secretary of the National Security Council on behalf of the White House. The purpose of the understanding is to provide a basis for cooperation and liaison between the FBI and the Office of Policy Coordination, CIA, and the following points summarize the essential elements of the understanding:

a. In view of the distinctive character of the activities of the Office of Policy Coordination, it is considered advisable that separate and direct liaison be established between that office and the FBI. For this purpose the FBI will provide a special liaison officer who will be nominated by the FBI within the near future. (This arrangement has been specifically approved by the Deputy Director, CIA, in the absence of the Director.)

b. It is understood that in the discharge of the duties and obligations laid upon the Office of Policy Coorination by the National Security Council, it is necessary for this Office to have dealings with individuals and groups of foreign nationalities within and without the United States and to sponsor the movement from time to time of such individuals and representatives of such groups between the United States and foreign countries. The Office of Policy Coordination recognizes the primary responsibility of the FBI in the field of United States domestic security, and the FBI acknowledges that it is essential for the Office of Policy Coordination to have direct dealings with the individuals and groups aforementioned.

c. In order that the interests of both parties to this understanding shall be served, it is understood that the Office of Policy Coordination keep the FBI generally informed concerning the extent and character of its dealings with

Mr. D. Milton Ladd
Assistant to the Director
Federal Bureau of Investigation
Washington 25, D. C.

Dear Mr. Ladd:

Confirming our telephone conversation of today, I am enclosing a draft of a proposed memorandum which I have prepared for the purpose of recording the understanding which has been arrived at between us in regard to the cooperation and liaison between my office and the Bureau. I have endeavored in this draft to set out the essential features of our conversation of yesterday afternoon and I should appreciate your indicating to me any modifications or changes which you may deem necessary or advisable to reflect your recollection and understanding of our conversation. Upon my receipt of your suggested changes, if any, and following any further discussion between us which may be indicated as desirable, I shall prepare this memorandum in final form and furnish to you the original and a copy thereof, with the request that you initial and return to me the copy.

In accordance with the terms of our understanding, I should like to submit to you herewith the names of certain of the individuals and groups with whom it is proposed that my office will have dealings in connection with our authorized activities. From time to time in the future I shall furnish you with additional names. The following are the names:

I - Individuals:

George M. Dimitrov, Exiled Secretary General of Bulgarian Agrarian Party

Stefan Osusky, prominent Czech Refugee leader

Ferenc Nagy, head of Hungarian Small Holders Party

Dr. Vladko Macek, representative of Croatian Peasant Party

Stanislas Mikolajczyk, former Polish Vice Premier

Andre Cretzianu, former Rumanian Cabinet Minister

foreign individuals and groups within the United States. More specifically the Office of Policy Coordination will, in so far as possible, inform the FBI sufficiently in advance of its proposed dealings with such individuals and groups to enable the FBI to advise the Office of Policy Coordination of any security risks which may be involved in dealing with such individuals and groups and in order to provide the FBI with adequate opportunity to indicate individuals which it is employing for its own purposes in connection with the penetration of foreign groups.

d. There shall be an exchange of information between the FBI and the Office of Policy Coordination concerning the significance, activities, and reliability of such individuals and groups of foreign nationalities within the United States as may be of interest to the Office of Policy Coordination.

SUBJECT: SENSTUDY 75

ALL INFORMATION CONTAINED
HEREIN IS UNCLASSIFIED
DATE 1-25-01 BY SP2ALM/RCW

K. William O'Conner, Deputy Assistant Attorney General, Civil Rights Division, who has recently been designated by the Attorney General to coordinate all responses by the Department to the Senate Select Committee(SSC), advised on the afternoon of 5-19-75 that he had met with Chief Counsel to the SSC F. A. O. Schwarz and John Elliff, who is the head of the task force of the Senate Select Committee on the FBI. O'Conner stated he informed Schwarz and Elliff that he would not make available Bureau secretaries Mary Ann Massa and M. Ann Mierzejewski, who are scheduled for interview on Tuesday, 5-20-75, absent an agreement by the Committee that an FBI representative would be allowed to be present during the interview. O'Conner indicated that the Department's stand in this matter regarding the insistence that FBI representatives be present during the interview was backed by the White House, the Attorney General, and the Deputy Attorney General.

By way of background, it should be noted that Mr. O'Conner and Associate Deputy Attorney General McDermott were contacted on 5-14-75, and advised of the requested interview of the two aforementioned employees at which time O'Conner and McDermott did not advise of any way in which the employees could be prevented from consenting to interview. While they were upset at the prospect of service personnel, such as stenographers being interviewed by the Committee, they indicated at that time they could not see any legal leverage which could be used to preclude such interviews. With this decision in mind arrangements were made to make these employees available for interview.

ST-104 REC 12 62-116395-1165

Schwarz told O'Conner he would have to check with the SSC prior to agreeing to allow FBI representatives to be present. O'Conner stated Schwarz was quite upset at the Department's stance in this matter, but indicated he would give O'Conner an answer this evening. O'Conner indicated to Schwarz that the two Bureau employees would be available for interview on the 20th should the Committee agree to the presence of FBI representatives during the interview.

ADDENDUM: LEGAL COUNSEL DIVISION 5-19-75 PVD:dkg

At 4:15 p.m. Mr. O'Conner advised that he had just been contacted by F. A. O. Schwarz, and Schwarz stated the Committee's position concerning the presence of FBI representatives during the interview of the two secretaries is unchanged. O'Conner related that he told Schwarz that Departmental position is also unchanged in that there will be no interview unless the Committee relents on this position. O'Conner indicated he would keep the Bureau advised and requested that we continue with our plans to have the secretaries available for interview as Schwarz indicated he would again contact O'Conner regarding this issue.

FROM : W. O. Cregar

1 - Mr. W. O. Cregar

SUBJECT: SENSTUDY - 75

Reference is made to my memorandum dated 5/19/75 which attached a copy of a letter to the Attorney General dated 5/14/75, from Senator Frank Church, Chairman, United States Senate Select Committee (SSC) with appendices A thru D. The memorandum noted the ambiguous nature of some of the SSC requests and that Mr. K. William O'Conner, Deputy Assistant Attorney General, who is the Department of Justice coordinator for SSC matters, is presently negotiating the 5/14/75 requests with the SSC Staff.

Even though the negotiations are still under way, we believe that ultimately we will be required to provide substantial responses to the 5/14/75 requests. To this end we have begun to gather together the necessary data from our files in anticipation of the substantial responses we will be required to prepare. The various requests set forth in the May 14, letter have been analyzed and specific assignments made to prepare responses. The primary assignments have been made to representatives of several Sections of the INTD. It is anticipated that in some circumstances it will be necessary for these INTD representatives to convey requests for information and material to other Divisions. When such action is necessary contact will be effected through the designated representatives of the other Headquarters Divisions. A list of such other Divisional representatives is maintained by the SENSTUDY Staff on the basis of designations made to assist in previous SSC requests, and is set forth below.

DIVISION	REPRESENTATIVE	EXTENSION
1-Identification	James T. Stewart	4219

On 5/21/75, Andy Smith, Supervisor in our Birmingham Office, called Deputy Assistant Director Herington and advised that former SA Robert R. Nichols (EOD: 1/6/47; retired: 5/12/72) had been contacted by the Senate Select Committee for interview. Smith connected Nichols through to Herington, at which time Nichols advised that about ten days ago Lester Seidel of the Senate Select Committee had contacted him. At that time, Nichols was going to Oklahoma City, and has just recently returned home to Birmingham. Nichols stated that at one time he was the case agent in the Atlanta Office on the Martin Luther King investigation, and it was presumed this was the subject matter of the proposed interview.

Nichols was advised that the decision as to whether he would consent to interview was entirely his to make. He was reminded that he had signed a secrecy agreement, and was reminded of the provisions of AG Order 501-73 requiring prior authority from the appropriate Departmental official prior to a current or former employee furnishing information he acquired during the course of his employment. He was also advised that he had a right to be represented by a personal attorney if he desired and that he had all the constitutional rights available to him, the same as any citizen. He was further told that if he desired to have an FBI representative available, but not present during the interview, he could so request, noting that the purpose of the FBI representative would be to counsel him concerning sensitive areas which might be explored.

62-116395-162

REC-107

JUN 3 1975

It was emphasized to Nichols that the FBI would not and could not recommend the course of action he should take ~~and that the~~ decision with regard to this interview was entirely his to make.

Dear Mr. Seidel:

Reference is made to your telephone call to me on May 16, 1975, in which you advised that the Committee was gathering facts concerning the FBI's various CoIntelPros and in particular, you were looking into the CoIntelPro having to do with the Black Panthers. You inquired if I recalled a letter, which had been made public, dated May 11, 1970, from the Director, FBI, to the SAC, San Francisco, which suggested disruptive techniques against the Black Panthers and which mentioned spurious police or FBI reports. I advised you I had no first hand recollection of having seen such a document at that time, but that I had read a recent news item describing such a document.

You also indicated an interest in the theoretical question as to whether intelligence functions should be divorced from enforcement functions in order to avoid the dilemma of disclosure versus dismissal, and you suggested that my views on this might be helpful in educating the Committee.

For your information, I entered on duty as a Special Agent on January 5, 1942, and retired from the Bureau on December 3, 1971. During the two years immediately preceding my retirement I served as supervisor of a squad of agents which investigated, among other matters, violations and alleged violations of law by the Black Panthers. The only information I have concerning the Black Panthers was learned as a direct result of my official duties. I have made no independent study of them, nor do I have any personal files or written material, either official or otherwise, relating to them.

Since speaking with you, I have reviewed Executive Order #501-73 (28 C.F.R.§§ 16.21, 16.22 and 16.23) which specifies that no employee or former employee of the Department of Justice shall produce any material contained in the files of the Department

161

nor shall he disclose any information acquired in the performance of his official duties without prior approval of the Attorney General or appropriate Departmental official.

From this, I must conclude that I am prohibited from furnishing you or the Committee any information along the lines requested by you unless appropriate authority to do so has first been given by an authorized representative of the Department of Justice.

Very truly yours,

David E. Todd

SUBJECT: SENATE SELECT COMMITTEE ON INTELLIGENCE ACTIVITIES

ALL INFORMATION CONTAINED
HEREIN IS UNCLASSIFIED
DATE 1-25-01 BY SP2ALM/

I received by hand delivery from the Department at 3:06 p.m. on March 20, 1975, the attached copy of a letter from Senator Church to the Attorney General dated March 19, 1975, with its enclosed list of requests being made by the Committee.

FARRINGTON
HOTIS
BOWERS

Senator Church requests that the documents involved be supplied to the committee at the earliest opportunity. A review of the requests revealed that the Intelligence Division would have the principal interest in all except request III, A and C, which would be of interest to the Administrative Division. The last item appearing under V, B should be available only through the Criminal Division of the Department or the Attorney General's office.

RECOMMENDATIONS:

1. That the Intelligence Division and the Administrative Division review the attached request for FBI materials to determine whether we may make a full response to the requests.

62-116395 - 169

EX 104 REC 44

7 APR 22 1975

2. That the required materials be prepared for submission to the Committee and any difficulties be made known at the earliest possible date.

SELECT COMMITTEE TO
STUDY GOVERNMENTAL OPERATIONS WITH
RESPECT TO INTELLIGENCE ACTIVITIES
(PURSUANT TO S. RES. 21, 94TH CONGRESS)
WASHINGTON, D.C. 20510

March 19, 1975

The Honorable Edward H. Levi
The Attorney General
Washington, D. C. 20530

Dear Mr. Attorney General:

On behalf of the Senate Select Committee To Study Governmental Operations With Respect To Intelligence Activities, Senator Tower and I want to thank you for the opportunity we had on February 26, 1975, to discuss the work of the Committee. I want to express my personal appreciation for your willingness to assist the Committee to meet its responsibilities under the mandate of S. Res. 21. I believe we are in agreement that the work of the Committee should proceed as expeditiously as possible.

Toward that end we are seeking initial documentation from various agencies whose activities fall within the mandate given us by the Senate. Enclosed with this letter is a copy of an initial request for documents relating to the Federal Bureau of Investigation, which has been previously discussed with staff representatives of the Bureau. With the unanimous approval of the Committee, I respectfully request that the documents be supplied to the Committee at the earliest opportunity.

We expect to make similar initial requests for documents to other parts of your Department that fall under the mandate of S. Res. 21.

I trust that our respective staffs will continue to work together in the spirit of mutual cooperation which we both recognize is necessary to ensure a thorough and expeditious investigation.

With kind regards,

Sincerely,

Frank Church

Hotis

The purpose of this memorandum is to advise that the Department has named Deputy Assistant Attorney General K. William O'Connor of the Civil Rights Division to be responsible for their responses to Congressional Committee requests.

D.C.

At the request of Assistant to the Deputy Attorney General Robert McDermott, SA Paul V. Daly and Inspector John B. Hotis attended a meeting with Deputy Assistant Attorney General K. William O'Connor, Assistant to the Attorney General Jack Fuller, and Assistant to the Deputy Attorney General Robert McDermott. McDermott announced at the meeting that O'Connor was taking control of the Departmental responses to the Congressional Committees. He noted that the Department has been having some problems keeping track of and inconsistencies in its responses to the various Congressional Committees. Mr. O'Connor was generally briefed as to the status of our responses to Congressional requests and to the Rockefeller Commission. He requested, however, that he be briefed in a more detailed manner in the immediate future.

SUBJECT: SENSTUDY 75

This memorandum reports the results of a meeting between representatives of the Senate Select Committee (SSC) Staff and Bureau officials at Quantico, Virginia, on the evening of 5/5/75.

On 5/5/75 Mr. John Elliff, who heads the task force of the SSC looking into the FBI, met with officials of the Bureau at Quantico. Elliff was accompanied by Mark Gitenstein and Mary DeOreo. FBI officials present were Assistant Director W. R. Wannall, Inspectors Thomas W. Leavitt, Hunter E. Helgeson, and John B. Hotis as well as Section Chief William O. Cregar.

At the outset of the meeting, Mr. Elliff provided the Bureau representatives with a memorandum the subject of which was entitled "Intelligence Division Position Paper on Jurisdiction," dated 2/13/75, copy of which is attached. Elliff's memorandum contained a series of questions along with the rationale for these questions which provided the basis for the Quantico meeting. We are not considering these questions a formal request from the Select Committee. Mr. Elliff and the Staff of the Select Committee are aware that formal responses that the Bureau might be expected to provide the Committee can only be predicated on written requests to the Attorney General (AG) from Senator Frank Church or the Committee's Chief Counsel.

It is noted that under paragraph one of Elliff's memorandum he notes the Committee has not been supplied the following documents.

REC 44 62-116395-158

EX 104

(1) A position paper dated 7/31/72.

MAY 23 1975

(2) Appendices I, J, K, M, and P to the Intelligence Division "Paper on Jurisdiction" dated 2/13/75.

84 JUN 3 1975

Memorandum to Mr. W. R. Wannall
RE: SENSTUDY 75
62-116395

By memorandum dated 5/6/75, we advised the AG that the requested position paper of 7/31/72 is an internal deliberative document which we feel is inappropriate to furnish the Select Committee. This position is consistent with the position previously expressed by the AG. During the meeting with Elliff he was orally advised of the Bureau's position regarding making the 7/31/72 position paper available to the Select Committee.

The Appendices which have not yet been made available to the Select Committee are being cleared with other agencies under the Third Agency rule requirement and will be made available to the Select Committee once all clearances have been obtained. Elliff was orally apprised of this.

During the course of the meeting, Mr. Elliff stated that he felt the FBI's concerted investigative effort in the early 1960s against the Klan and later our investigative effort arising out of the ghetto riots were justified given the situation at that time. However, he felt the Committee would probably like to do an in-depth case study of both investigations. He asked if the FBI could provide the Committee with copies of all memoranda and documents reflecting the decision making process leading up to the initiation of the major investigative effort against the Klan as well as investigations during and following the ghetto riots. Elliff was advised that we certainly would consider responding following receiptoof a formal written request from Senator Church through the AG. Elliff advised he would prepare such a written request.

The Intelligence Division has already instituted the necessary research in anticipation of this request and will submit recommendations following a completion of this research.

In anticipation of Select Committee hearings which are expected to begin in about one month, Mr. Elliff and Gitenstein expect to start interviews of current Bureau employees in Bureau space during the week of 5/19/75. Mr. Gitenstein will concentrate on the work of the Internal Security Branch of the Intelligence Division and Mr. Elliff on the Counterintelligence Branch. We expect that Mr. Elliff will begin his interviews by meeting with Assistant Director Wannall, Inspector Leavitt and the Section Chiefs of the Counterintelligence Branch.

It is noted that we previously furnished to the Select Committee with the AG's approval one copy each of Sections 87 and 122 of the Manual of Instructions. Section 87 is concerned with investigations of subversive organizations and individuals. Section 122 addresses extremist matters and civil unrest. In his discussion of these two Sections it was readily apparent Mr. Gitenstein had conducted a thorough review. In this regard, he noted a difference in the investigative procedure outlined in these two Sections of the Manual. Mr. Gitenstein was advised that the Intelligence Division had just completed a Manual revision combining these two Sections into one and had submitted it to the Director for his approval. Mr. Gitenstein commented this was an excellent idea to combine these two Sections into one and expressed the hope that the revised Section could be made available to the Committee for its review in anticipation of the forthcoming Committee hearings.

At the conclusion of the meeting, Elliff asked whether the FBI would be willing to meet with the Staff to discuss such sensitive issues as surreptitious entry, the opening of mail, and incommunicado interviews. Elliff was advised that the Bureau was aware of certain allegations that have appeared in the press and felt that any interviews in sensitive areas should be restricted to the Senators on the Committee. Elliff interposed no objection to this suggestion.

The thrust of the meeting gave Bureau officials present the impression that the task force was primarily concerned with identifying what areas of the Bureau's investigative responsibilities needed to be better defined through new legislation. In fact, Elliff solicited the observations of those present as to what the Bureau's needs were in the way of new legislation to permit the Bureau to carry out its internal security responsibilities effectively. He recognized certain limitations involving records of educational institutions, banking institutions, telephone companies and credit establishments currently restrict the Bureau and suggest that some legislation with Congressional oversight should be written to assist the FBI in carrying out its mission.

Memorandum to Mr. W. R. Wannall
RE: SENSTUDY 75
62-116395

ACTION:

(1) We will proceed to meet with Mr. Elliff and Mr. Gitenstein in accordance with their request. It is anticipated that an Intelligence Division official will be present at all such interviews of current Bureau personnel.

(2) That the review of the combined Sections of 87 and 122 by other Divisions of the Bureau be expedited in order that we may be able to provide the Senate Select Committee with this revision on an expedite basis.

PLM

May 5, 1975

MEMORANDUM

From: John Elliff

Subject: "Intelligence Division Position Paper on Jurisdiction" dated February 13, 1975

1. The following documents directly related to this Position Paper have not been supplied to the Select Committee:

(1) The previous Position Paper, dated July 31, 1972.

(2) Appendices I, J, K, M, and P.

2. Parts I and II discuss the Presidential directives which may serve as the basis for FBI national security intelligence activities. Part IV lists statutes and Executive Orders affecting FBI jurisdiction. There is no mention in Parts I and II of the first Executive Order cited in Part IV. This is Executive Order #11605, dated July 2, 1971, amending Executive Orcer #10450, of April 27, 1953, relating to security requirements for Government employment.

These Executive Orders have been further amended by a more recent Executive Order of June 4, 1974. This latest order abolished the so-called "Attorney General's List" and revised the criteria for determining the suitability and loyalty of Government employees.

The following questions arise:

(1) In what way, if any, do the Executive Orders relating to employment security provide a legal basis for FBI intelligence activities?

(2) In what way, if any, did the Executive Order of June 4, 1974, affect the legal basis for FBI intelligence activities?

3. The analysis in Parts I and II discusses the legal basis for FBI national security intelligence investigations. There is no specific discussion of other intelligence activities. These other activities are variously described in the attached documents and quoted memoranda. The terms used include "counterespionage" (Presidential Directive of June 26, 1939),

ALL INFORMATION CONTAINED
HEREIN IS UNCLASSIFIED
DATE 1-26-01 BY SP2ALM/RW

62-116395-158

ENCLOSURE

"to neutralize Communist front and Communist-dominated organizations of the United States" (IIC and ICIS Report to NSC, March 5, 1954), "program designed to intensify any confusion and dissatisfaction among its /Communist Party's/ members" and "counterintelligence operations" (NSC Briefing, November 6, 1958), "action proposals to protect the internal security of the United States" (National Security Action Memorandum 161, June 9, 1962). The term "counterespionage" reappears in several other documents.

These terms seem to refer to activities which have since been labeled COINTELPRO operations. In this regard, it should be noted that Attorney General Saxbe's report of November 18, 1974 on FBI COINTELPRO Activities stated, at p. 20:

> "(2) Espionage or Soviet-Satellite Intelligence
>
> This program, although officially designated a COINTELPRO program, emphasized intelligence gathering and counterintelligence efforts already being pursued in connection with the Bureau's ongoing foreign intelligence responsibilities. It did not curtail any activity or in any way change the scope of counterintelligence efforts already in effect and continuing today. It was primarily intended to inspire initiative and to encourage ingenuity in the Bureau's continuing counterintelligence efforts against hostile foreign intelligence services.
>
> In the interest of the national security, no statistics or examples of the types of actions implemented under this program may appropriately be disclosed."

This passage seems to say that the FBI continues to perform other activities going beyond investigation and directed at hostile foreign intelligence services.

The following questions arise:

(1) In what way, if any, do the Presidential directives discussed in Parts I and II provide a legal basis for FBI national security intelligence activities beyond investigations?

(2) In what way, if any, do the Presidential directives discussed in Parts I and II provide a legal basis for the COINTELPRO activities which have been discontinued as a matter of policy since 1971?

(3) In what way, if any, do the Presidential directives discussed in Parts I and II provide a legal basis for the FBI's continuing counterintelligence efforts against hostile foreign intelligence services?

4. Appendix S includes excerpts from the appropriations testimony of former Director Hoover. The testimony in 1939 and 1941 makes reference to President Roosevelt's Proclamation of National Emergency, September 8, 1939. The following exchange took place at the hearing on February 19, 1941:

> Mr. Ludlow. At the close of the present emergency, when peace comes, it would mean that much of this emergency work necessarily will be discontinued.
> Mr. Hoover. That is correct.
> Mr. Taber. Is your set-up for the national-defense work separate from the other work?
> Mr. Hoover. It is.
> Mr. Taber. Is it operated as a separate division?
> Mr. Hoover. Yes. In the field our field officials are under instructions to utilize approximately 50 percent of the personnel on national defense work and the other 50 percent on the regular work.
> Mr. Taber. But if some rush comes up, you might have to vary that?
> Mr. Hoover. That is correct.
> Mr. Taber. According to the situation.
> Mr. Hoover. According to the emergency that might arise. If the national emergency should terminate, the structure dealing with national defense can immediately be discontinued or very materially curtailed according to the wishes of Congress.

When President Roosevelt issued the Proclamation of National Emergency on September 8, 1939, he accompanied it with Executive Order No. 8247 directing the Attorney General to "increase the personnel of the Federal Bureau of Investigation, Department of Justice, in such number, not exceeding 150, as he shall find necessary for the proper performance of the additional duties imposed upon the Department of Justice in connection with the national emergency." At a press conference the same day,

President Roosevelt specifically discussed this Executive Order and the nature of the "additional duties imposed upon the Department of Justice."

> "And the fourth /Executive Order/ relates to what you might say is a combination of neutrality and national defense. It provides for an addition to the personnel of certain investigating agencies of the Government to protect this country against--I suppose the easiest way of putting it is--some of the episodes, some of the things that happened over here in 1914 and 1915 and 1916 and the beginning of 1917, before we got into the war. There was sabotage; there was a great deal of propaganda by both belligerents, and a good many definite plans laid in this country by foreign governments to try to sway American public opinion. We do not have to specify. The older men who are here can remember some of the episodes of that time. It is to guard against that, and against the spread by any foreign nation of propaganda in this country which would tend to be subversive--I believe that is the word--of our form of Government." (1939 Roosevelt Papers 485-486)

The following questions arise:

(1) To what extent, if any, were the Presidential directives of June 26, 1939 and September 6, 1939, based on the emergency powers of the President?

(2) To what extent, if any, was the establishment of the FBI's Intelligence Division in September, 1939, based on the President's Proclamation of National Emergency and Executive Order No. 8247?

(3) To what extent, if any, does Congress have the Constitutional authority to discontinue or curtail the FBI's national security intelligence activities based on the President's emergency powers or on other Constitutional powers of the Executive Branch?

FROM : Legal Counsel

SUBJECT: SENSTUDY 75

At approximately 3:20 PM, former SA David E. Todd (EOD as SA 1/5/42; retirement 12/9/71) called long distance from San Francisco and spoke to Deputy Assistant Director Herington. He said that he had been contacted by Lester B. Seidel, Senate Select Committee, who said that he would be on the west coast in the near future and desired to interview Todd concerning FBI policies with regard to investigation of racial matters and our counterintelligence programs against the Black Panthers and other groups. Todd pointed out that he was a former supervisor of the San Francisco Office desk responsible for Black Panther cases. Todd asked what position he should take. He was advised that his decision as to whether or not to be interviewed was entirely his and that the Bureau could not make any suggestion in this regard. It was pointed out that if he decided to be interviewed, we had made arrangements with the Senate Select Committee which would permit a Bureau representative to be available for consultation with regard to matters that might seem sensitive, but that the Bureau representative would not be present during or participate in the actual interview. He was advised further that he had the same rights as any other citizen, namely, the right to personal counsel and any other rights guaranteed him under the Constitution. Pursuant to his request, he was also advised of the provisions of Attorney General Order 501-73 which appears in Title 28, Code of Federal Regulations, beginning at Section 16.21, which would require appropriate Departmental approval prior to any current or former employee revealing, pursuant to a subpoena or other demand, any information acquired during the course of the employee's official duties. He was also reminded that all Bureau employees had signed a secrecy agreement.

LEGAL COUNSEL

84 JUN 3 1975

Todd indicated that while he desired to respond as legally required to an official committee inquiry, he would advise Mr. Seidel that he considered himself bound by the Attorney General Order and did not feel that he could reveal official information without approval by the appropriate Department official. Todd was clearly advised that this decision had to be his own and that the FBI could not and would not make any recommendation to him as to the course of action he should take.

DATE: 5-8-75

FROM : G. R. Steel GRS

SUBJECT: SENATE SELECT COMMITTEE ON
INTELLIGENCE ACTIVITIES (SSC)
HOUSE SELECT COMMITTEE ON
INTELLIGENCE ACTIVITIES (HSC)

Reference is made to my ~~letter~~ memo dated 4-3-75 captioned as above (cc attached). Sec 63

This is to advise that as of 5-7-75 we have received and ordered to the field a total of 96 requests from the SSC for investigations of its staff members. An additional case was received on 5-8-75 which is being ordered to the field immediately. As a result of referenced memo, Inspector Bowers contacted the SSC which was in accord with a more realistic deadline on remaining investigations, except "a few" specials which would still be handled on an expedite basis, such as afforded Presidential appointments. Of all cases received to date only six have been designated as nonexpedite.

62-116464

It is noted recent articles in the media have contained criticism of Congressman Lucien Nedzi for delay in staffing the HSC and proceeding with its inquiry. On 3-3-75 Inspector Bowers discussed with the Congressman the mechanics for FBI investigations of the HSC staff. In the intervening period no cases were received except one recent case from the HSC which has been ordered to the field. This concerns Carl Hendrickson Simms, Security Director, HSC, and formerly connected with the House impeachment inquiry. Simms has been in contact with our Project Senstudy 75 group. It is not known when additional investigations will be received from the HSC.

SENATE SELECT COMMITTEE ON
INTELLIGENCE ACTIVITIES (SSC)
HOUSE SELECT COMMITTEE ON
INTELLIGENCE ACTIVITIES (HSC)

By agreement, the FBI is currently conducting full field investigations regarding SSC staff personnel. These have extremely short (2 week) deadlines which are identical to those afforded Presidential appointments and are, therefore, given preferential treatment in opening, assigning, and following field progress. The Special Inquiry Unit of the Employees Security and Special Inquiry Section, which has about twice its normal case load, is handling these requests. Senator Church, Chairman, SSC, originally estimated that between 35 and 40 staff members would be submitted for investigation. As of today, 4-3-75, we have received requests for 85 such investigations from the SSC and the end does not appear to be in sight. They are received in bunches as many as 6 at a time, which is not the even flow expected and presents an additional burden.

In addition it is expected that similar requests will be forthcoming in the near future from the HSC since we have a similar agreement with it. Congressman Nedzi, Chairman of the HSC, has estimated "probably no more than about 25 staff members will be hired." It remains to be seen if this estimate also falls short of actual receipts.

Since there is no charge for these full field investigations they will have to be considered in the budget. It is noted the current charge for a full field investigation, where applicable, is $2028.

ACTION: For information. Since it appears the nucleus of the Committee has been formed, it is suggested Senator Church be contacted and queried regarding a more realistic (30 day) deadline on the remaining investigations concerning future staff members and their replacements.

SUBJECT: SENSTUDY 75

At about 1 p.m., 5/2/75, ASAC Herbert D. Clough, Newark Division, called to furnish the following information:

The Newark Office had just been contacted by former Bureau Supervisor Dan Brennan, retired, who resides at Sea Girt, New Jersey. Brennan advised that he had been contacted earlier today by Mike Epstein of the Senate Select Committee who desired to talk to Brennan today and an appointment was set up. Epstein was to arrive at Newark around noon and then drive to Sea Girt, about an hour's travel. Based on information furnished at the recent conference in New York, Newark had dispatched an Agent to be present during this interview as requested by Dan Brennan.

After completing my conversation with Clough, I discussed this matter with John Hotis, Office of Legal Counsel, and it was concluded the Agent from Newark who would be present during the interview should call Office of Legal Counsel, speak to Hotis, and obtain general guidelines for his participation in this interview.

ASAC Clough was recontacted and so instructed. I also asked Clough to get in touch with me later in the day to let me know what transpired.

FROM : Legal Counsel

SUBJECT: ISSUE PAPER ON INTELLIGENCE FILES AND PRIVACY

Senstudy 75

Hotis

The Executive Committee of the Ad Hoc Coordinating Group on Congressional Review of the Intelligence Community identified ten issues likely to grow out of the Select Committee's deliberations. The Executive Committee asked the FBI to prepare a paper on one of these topics, Intelligence Files and Privacy. Specifically, the request was for a brief paper which raises the issues observed by the intelligence agencies when intelligence files and privacy are viewed together without suggesting or recommending how the questions should be resolved.

J. D. Miller drafted an outline which was discussed on April 16, 1975, with representatives of the CIA and Departments of Defense and Treasury. On April 21, this outline was presented by Mr. Hotis to the Executive Committee which received it without comment. Mr. Miller then prepared a rough draft which was discussed at a meeting on April 22, with the representatives of the CIA and Department of Treasury.

Mr. Miller's final draft is attached. It discusses both intelligence files and the concept of privacy in general terms before focusing on the issues which present themselves when an effort is made to establish the proper relationship between the two.

SUBJECT: SENATE SELECT COMMITTEE ON INTELLIGENCE ACTIVITIES REQUEST OF 4-28-75

REQUEST OF SUBCOMMITTEE ON CIVIL AND CONSTITUTIONAL RIGHTS, COMMITTEE ON THE JUDICIARY, U. S. HOUSE OF REPRESENTATIVES DATED 4-25-75

On 5-2-75, Doug Marvin, Assistant to the Attorney General, furnished SA Paul V. Daly two requests from Congressional Committees pertaining to an allegation that documents were removed from former Director J. Edgar Hoover's residence in Washington, D. C., following the death of Mr. Clyde Tolson. Attached are copies of each of the captioned requests.

Each Assistant Director is to canvass his Division and furnish on an expedite basis any information they may develop considering this allegation. Responses should be directed to the Legal Analysis Office, Legal Counsel Division, so that the response may be prepared for the appropriate Congressional Committees and forwarded through the Attorney General's office.

REC 8 62-116395-153

Also attached for approval is an airtel to the Washington Field Office requesting that an appropriate inquiry be made among Field Office personnel so that these allegations may be responded to.

SELECT COMMITTEE TO
STUDY GOVERNMENTAL OPERATIONS WITH
RESPECT TO INTELLIGENCE ACTIVITIES
(PURSUANT TO S. RES. 21, 94TH CONGRESS)
WASHINGTON, D.C. 20510

April 28, 1975

RECEIVED
OFFICE OF THE
ATTORNEY GENERAL
APR 30 1975

Honorable Edward H. Levi
Attorney General
U. S. Department of Justice
Washington, D. C. 20530

Dear Mr. Attorney General:

Last week's issue of Newsweek, on page 15, states:

> Hoover's Secrets
>
> Following the death last week of Clyde Tolson, J. Edgar Hoover's close friend and No. 2 man at the FBI, two FBI agents reportedly removed some documents from the late director's house in Washington, where Tolson had been living. Officially, the FBI denies taking any such action, and a friend of Tolson's says the only Hoover documents Tolson had were old canceled checks and tax returns. But Newsweek had reported earlier that some of Hoover's private dossiers, including information "very, very damaging" to persons in the Nixon White House, were left in Tolson's custody, and a source told Newsweek this week that the materials were carted away in a truck.

Assuming that the files in question may be part of the so-called "Official and Confidential" files, your testimony before the House Judiciary Committee on February 27, 1975, is instructive. You said that the number of files which you reviewed contained matters relating to "Presidential directives regarding the role of the FBI in the security field" and to the matters related to "domestic

ALL INFORMATION CONTAINED
HEREIN IS UNCLASSIFIED

MAY 27 1975

ENCLOSURE

62-116395-153

violence", "intelligence activities by hostile nations", "domestic extremist activities", and use of the FBI to gather political intelligence.

Furthermore, at the same time, Director Kelley suggested that materials from the "Official and Confidential" files were taken to Director Hoover's home. He stated:

> Immediately after his death /Mr. Hoover's/ some of his employees, including his personal secretary, went through his files and completed the destruction of the remainder of the files that were purely personal. These were destroyed by shredding. Some I understand were taken out to his home and placed in his home, they being historical I presume to some extent. There is no indication that they were other than personal files.

Please determine for the Select Committee whether any documents were removed from Mr. Tolson's or Mr. Hoover's residence by FBI agents or former FBI agents after Mr. Tolson's death. If agents of the FBI did go to Mr. Hoover's or Mr. Tolson's residence to remove files, please provide the Select Committee with a complete description of the documents taken into custody by the FBI. Were any such documents copies or originals of documents relating to the business of the FBI? If so, please describe the subject matter of each such document. Also indicate the individual within the FBI who has custody over these files. Furthermore, I respectfully request on behalf of the Select Committee that such files not be destroyed or removed from the FBI's custody until further notice.

Sincerely,

Frank Church

April 25, 1975

The Honorable Edward H. Levi
Attorney General of the United States
Department of Justice
Washington, D. C. 20530

Dear Mr. Attorney General:

In the most recent issue, April 28, 1975, of Newsweek's "Periscope" section, it is alleged that following the death of Clyde Tolson, J. Edgar Hoover's close friend and top assistant, FBI agents removed documents from the late FBI Director's house, in which Mr. Tolson had been living. The article further alleges that the documents removed were of the nature of private dossiers.

During the hearing of the Subcommittee on Civil and Constitutional Rights of the House Committee on the Judiciary, on February 27, 1975, it was asserted that papers delivered to the home of J. Edgar Hoover after his death were of a purely historical or personal nature. In keeping with the Subcommittee's oversight jurisdiction of the FBI, I respectfully request that the Department of Justice make an independent investigation of the allegations made by the Newsweek writer and report back to the Subcommittee within a reasonable time. This investigation should cover these points:

1. Were any documents or other material removed from the home of the late FBI Director by agents of the FBI, or others under the direction of the FBI or the Department of Justice, after the death of Clyde Tolson?

[illegible]

2. If it is determined that documents or other material were removed, on whose authority was such action initiated?

ALL INFORMATION CONTAINED

MAY 27 1975

ENCLOSURE

62-116395-153

3. What was the nature of the material removed?

4. For what purpose were the materials removed?

5. Was it the same material delivered to the home of J. Edgar Hoover after his death?

6. If it is true that the materials delivered to the home of J. Edgar Hoover after his death were of an historical or personal nature, and that all or some of these same materials were removed after the death of Clyde Tolson, what legal rationale can be used to give the FBI any interest in, or authority to remove, such documents to their own possession?

Your prompt consideration of this matter is appreciated.

Sincerely,

Don Edwards

TO : MR. JENKINS DATE: 5/5/75

FROM : D.W. MOORE, JR.

SUBJECT: CLYDE A. TOLSON
FORMER ASSOCIATE DIRECTOR

The April 28, 1975, issue of "Newsweek" magazine on page 15 under its "Periscope" section, referred to Mr. Tolson's death and claimed that 2 Agents reportedly removed documents from Hoover's residence where Tolson had been living. The article, captioned "Hoover's Secrets," carried the FBI's denial of such action and also stated that a friend of Tolson's said the only Hoover documents Tolson had were old cancelled checks and tax returns. However, the article added that "Newsweek" had reported earlier that some of Hoover's private dossiers, including information "very, very damaging" to persons in the Nixon White House, were left in Tolson's custody. "Newsweek" further claimed that a source advised that the materials were carted away in a truck.

Mr. Kelley has asked of Messrs. Callahan, Jenkins, Adams and Moore, "Do you have any idea where such a story got started? Ky."

My memorandum to you of 4/17/75 captioned as above (copy attached) pointed out that Tony Marro, "Newsweek" reporter, contacted my office that date advising he had heard from a source to the effect that 2 Agents were sent to Tolson's residence the day of his death with a truck and carted away some files which were subsequently brought to the home of Mr. John P. Mohr, former Assistant to the Director. Upon checking with Mr. Mohr, Marro was advised there was absolutely no truth to the story. It should be noted that Mr. Mohr also advised at that time that most of the furnishings at Mr. Tolson's home have been removed over the past several months and that there were some associates of the family and Annie, the housekeeper who had stopped by the house on the day of the death with some empty boxes to help remove additional furnishings.

ENCLOSURE

Moore to Jenkins Memo (cont'd.)
Re: CLYDE A. TOLSON

Based upon a request from Mr. Mohr to Mr. Callahan, a Bureau clerk did go to the residence of Mr. Tolson on the day of his death whereupon he delivered some 24 boxes and 6 rolls of tape. The clerk merely delivered the boxes and tape and then left the residence. We have no idea what was placed in the boxes nor how this story started in the first place.

RECOMMENDATION:

For information.

MR. JENKINS 4/17/75

D.W. MOORE, JR.

CLYDE A. TOLSON
FORMER FBI ASSOCIATE DIRECTOR

Tony Marro, "Newsweek" magazine, Washington, D.C., called this morning advising that he had heard from a source who has been reliable in the past, to the effect that two Agents were sent to the home of Clyde Tolson Monday evening, 4/14/75, the day of his death, with a truck and carted away some files which were subsequently brought to the home of Mr. John P. Mohr, former Assistant to the Director.

Upon checking with Mr. Mohr, Mr. Marro was advised that there was absolutely no truth to his story. It should be noted that Mr. Mohr advised that most of the furnishings at Mr. Tolson's home have been removed over the past several months and that there were some associates of the family and Annie, the housekeeper, who had stopped by the house sometime Monday with some empty boxes to help remove additional furnishings. As you know, Mr. Mohr is the Administrator of Mr. Tolson's estate and stated that there was simply no truth to the allegation that any Agents had gone to the home in a truck to transfer any files to his residence, as alleged.

SUBJECT: SENSTUDY 75

By memorandum dated 4-30-75, directed to the Deputy Attorney General and the Director of the FBI, signed by Chief Counsel of the Senate Select Committee (SSC) Frederick A. O. Schwarz, Jr., the SSC had made additional requests of the FBI. Their requests are divided into four separate areas which are as follows: (1) Request for prior changes in the Manual of Instructions, to those sections of the Manual of Instructions which they have already had access to. (2) Request to review certain sections of the Manual of Instructions not previously furnished the Committee. A review of this list discloses generally these sections do not pertain to foreign or domestic intelligence investigations and some do not appear to be within the ambit of Senate Resolution 21 which charters the authority of the SSC. Regarding the sections of the Manual of Instructions, the request stated they would be satisfied with reviewing them at FBI Headquarters. (3) Request certain sections of the Manual of Rules and Regulations be made available for review by SSC representatives at FBI Headquarters. As in request #2, some of the sections do not appear to be within the scope of Senate Resolution 21. Among the sections of the Manual of Rules and Regulations requested are such sections as those concerning disciplinary matters and administration of offices. (4) A general request conerning the Bureau's filing procedures including information concerning our indexing system, list of classifications used in FBI filing system, and a set of forms used by the Bureau. (Attached is a copy of the memorandum.)

ST 112 REC 8 62-116395-152

It was pointed out regarding this request to senior staff member of the SSC, Mark Gitenstein, that some aspects of this request appear to be outside of the scope of the Committee's authority as set forth in Senate Resolution 21. Gitenstein explained that while this may

ENCLOSURE

be technically accurate the Committee felt it was necessary for them to come to a general understanding as to Bureau operations and that this would assist them in their review of FBI operations in the domestic and foreign intelligence areas. Gitenstein also indicated it was the Committee's feeling that Senate Resolution 21 was intended to be construed liberally and that in general it required that the SSC be furnished by the various intelligence agencies that information which would be necessary for them to carry out its mandate. It was also explained to Gitenstein that concerning their requests involving prior changes in various sections of the Manual of Instructions that they had not placed a cutoff date as to how far back the Bureau had to go to comply with this request. Gitenstein indicated that we could use 1-1-60 as the cutoff date.

RECOMMENDATIONS:

(1) Recipients review requests pertaining to their Divisions and furnish in memorandum form their response to the Legal Counsel Division.

(2) The Legal Counsel Division will, upon receipt of responses from the interested Divisions, prepare the necessary communication to the Senate Select Committee to be approved by the Attorney General and furnished to the Committee.

(FAOS--4/30/75)

MEMORANDUM FOR DEPUTY ATTORNEY
GENERAL TYLER AND DIRECTOR KELLY

April 30, 1975

This memorandum concerns paragraph IV of the attachment to Senator Church's letter of March 19 to the Attorney General. On behalf of the Senate Select Committee to Study Governmental Operations with Respect to Intelligence Activities, I would like to request the following:

1. Superseded Sections of the Manual of Instructions. Certain sections of the Manual currently in effect have been produced to us. We had intended by the request to ask for the relevant superseded sections (note the absence of the word "current" in Section IV as compared to Section IIIA) and we did indicate previously to the liaison staff that we were interested in superseded sections. But without regard to that, it is clear from documents such as the Director's letter of August 7, 1973 to the Attorney General that certain superseded sections will be highly relevant in analyzing the question of legal authority, as well as in understanding particular events in earlier years. We would appreciate their being sent to us promptly or if that causes mechanical problems, being able to promptly review them at the FBI in order to select particular portions for copying. At a minimum we would be interested in superseded Manual provisions for the sections set out in Appendix A.

Xerox furnished to K. Wm O'Connor Deputy Asst. to A.G. by SA DALY 5-20-75

Copy to Harriet Mowitt, Ad Hoc Comm. by LFS 5-15-75 β

62-116395-152

ENCLOSURE

ALL INFORMATION CONTAINED
HEREIN IS UNCLASSIFIED
DATE 1-25-01 BY

2. Sections of the Manual of Instructions Not Previously Produced. Based upon the previous production to us of the table of contents to the Manual of Instructions, we have identified certain additional sections of the Manual which we would like to examine. Rather than having these made available to us in the first instance in our offices, we suggest that they be made available to Mark Gitenstein, and other designated members of the staff, for initial examination at the FBI offices. A listing of those sections is annexed as Appendix B.

3. Manual of Rules and Regulations. Again, based upon the procedure whereby we were first furnished with the table of contents of the Manual of Rules, we have identified those sections which we want to examine initially. To expedite matters, these sections, identified in Appendix C, could be examined by Mr. Gitenstein, or other designated staff members, at the FBI offices.

4. Filing System. It would also be most helpful if you could provide the Committee with any other written materials on administration of any of the filing or information systems, manual or automated, which are used in the course of intelligence or internal security activities. This does not fit within our prior request but should serve to make future requests more focused.

I have in mind specifically any memoranda prepared by the Bureau on its indexing system and the so-called Clerk's Manual,

if such a document exists. Please also provide the Committee with a list of the classifications used in the FBI's filing system as well as a complete set of printed forms used by the Bureau (e.g., FD-165, etc.).

* * * *

We believe that all the foregoing material will help expedite and focus the inquiry. I assume that Mr. Hotis will contact me promptly to arrange for our review of this material.

Proposed Legislation

Senstudy '75

SUBJECT: H. R. 214; LEGISLATION TO REQUIRE COURT ORDERS FOR THE INTERCEPTION OF COMMUNICATIONS BY ELECTRONIC AND OTHER DEVICES, FOR ENTERING RESIDENCES, FOR OPENING MAIL, AND FOR INSPECTION OF CERTAIN RECORDS

Bowers

66-2272-2356

Reference Legal Counsel to Mr. Adams memorandum, 4-28-75, reporting that the Subcommittee on Postal Facilities, Mail, and Labor Management, House Post Office and Civil Service Committee, is going to open hearings concerning captioned bill on 5-6-75, and that the Department of Justice will be requested to provide testimony.

Mike Cavanagh, Assistant on the Subcommittee staff, called Inspector Bowers on 4-29-75 stating the Subcommittee Chairman, Charles Wilson (D-Calif.), had instructed him to request a copy of the Hoover report to the President in June, 1970, on behalf of the Committee on Interagency Intelligence since this report contained information regarding mail openings and possibly mail covers. Cavanagh was advised that we have received prior requests from Congressional committees for this document and all such requests are being referred to the White House. He was told to contact James Wilderotter in the office of the Counsel to the President at the White House. Wilderotter is the individual to whom we have previously referred a similar request for this document from the Senate Select Committee on Intelligence Activities.

This memorandum records the receipt of two documents furnished to the Bureau as a member of the Ad Hoc Coordinating Group for Congressional Review of the Intelligence Community. These documents were furnished by Mr. John M. Clarke, Associate Deputy to the Director of Central Intelligence for the Intelligence Community, who is chairman of the Ad Hoc Group.

Attached herewith is a current list of those staff members of the Senate Select Committee who have received security clearances. The Bureau will continue to receive up-dated lists as additional staff members are afforded a security clearance.

Also attached is a copy of the request levied on the Department of State by the Senate Select Committee. A copy of this request was furnished to the Bureau for its information by Mr. Clarke.

Request to the Secretary of State for Documents and Other Material Regarding the Department of State and Intelligence Activities of the United States Government

1. All directives, regulations, memoranda, guidance or similar material setting forth the relationship of the Department of State to, and its role in, the Intelligence Community and the National Security Council structure, including but not limited to the United States Intelligence Board, the Forty Committee, Washington Special Action Group, Senior Review Group, the Verification Panel, and the Intelligence Committee. Specific descriptive and documentary material covering the nature and extent of the Department's relationship with the National Security Agency and the Federal Bureau of Investigation and other investigating and intelligence entities should be included, such as the Interagency Evaluation Committee.

2. Organization charts showing which officials represent the Department of State on the various Intelligence Community and NSC committees, and on all other bodies, including subcommittees, whose functions include intelligence activities. Such charts should give the names and titles of officials representing the Department of State in those committees (or their predecessor organizations) going as far back as 1947 or any earlier date which the Department believes relevant. The charts should also include, for the same time frame, the names, titles, and a brief job description of those officials of the Department who provided staff support to the Department's representatives on Intelligence Community and NSC committees or to the committees directly.

3. All regulations, guidance, inter-agency memoranda, delimitations agreements, including other agreements and similar material governing the support which the Department of State provides to or receives from other agencies within the Government, having an intelligence or security or investigative function. This would include, but not be limited to, such matters as administrative support and "cover" provided to employees of the Central Intelligence Agency, the Federal Bureau of Investigation, and the Drug Enforcement Administration (and its predecessors), communications support, and financial services.

4. Description, including organization chart, of the Bureau of Intelligence and Research (INR). This should include, in particular, detailed discussion of the operations of the Directorate for Coordination (INR/DDC) and any predecessor offices, whether in INR, the Under Secretary's office, or elsewhere in the Department. Names of personnel throughout the Directorate for Coordination or its

ENCLOSURE

predecessors should be listed covering the entire period since that function was developed.

5. Description of the organization and functions of the Bureau of Security and Consular Affairs, and of the Office of Security within the Bureau of Administration, insofar as they relate to liaison or cooperation with any intelligence or domestic investigatory body.

6. All instructions, memoranda or similar documents authorizing the establishment of and detailing the mandate of the Cabinet Committee to Combat Terrorism (and its Working Group). Also all reports on terrorism by the Cabinet Committee to Combat Terrorism (and its Working Group), such as the report by the Secretary of State to the President referred to in the President's Memorandum of September 25, 1972, establishing the Committee.

7. All directives, regulations, memoranda, guidance, or similar material which sets forth the Department of State's role in establishing or reviewing requirements or proposals for intelligence activity, including intelligence collection, recruitment of agents, political action programs, paramilitary programs, and counterintelligence activities. In addition, a descriptive account of the Department of State's role in establishing or reviewing requirements or proposals for intelligence activity, differentiating the Department's role in intelligence collection, recruitment of agents, political action programs, paramilitary programs, and counterintelligence activities. This should include differentiation between activities within these categories where differences exist.

8. All directives, regulations, memoranda, guidance, or similar material which sets forth the role and functions of the Department of State in the collection, assessment, production, and dissemination of national intelligence. In addition, a descriptive account of the current role and functions of the Department of State in this regard.

9. All instructions, guidance or similar material defining the authority of U.S. Ambassadors and other Chiefs of Mission to know about and control activities of any U.S. intelligence or investigative agent or entity in the country to which the Ambassador or Chief of Mission is accredited. This should include any limitations upon Ambassadorial control or cognizance of and discussion of any other coordination, monitoring, or other relationships between U.S. missions and the activities of any U.S. intelligence or investigative agent or entity.

10. Any other historical, descriptive or documentary material, studies or reports which the Department believes would be of assistance to the Select Committee in understanding the Department's role in intelligence activities, evaluation and monitoring of those activities, or other matters relevant to the Committee's mandate.

DATE 1-19-01 BY SP2ALM/

At 2:30 p.m. on June 2, 1975, a conference was held with the Deputy Attorney General attended by K. William O'Connor, Kevin Maroney, Philip White, and Robert McDermott of the Department. Bureau representatives were Mr. Callahan, Mr. Adams, Mr. Wannall and me.

Mr. O'Connor discussed the request by the Senate Select Committee for access to the 39 page report by former Assistant Attorney General Petersen concerning COINTELPRO. Though objections were presented by the Bureau representatives that the report should not be furnished to the Committee, and its enclosures, particularly the legal memoranda should not be made available, the Deputy Attorney General decided and instructed that the 39 page report should be made available to John Elliff on Tuesday, June 3, 1975, for his review, at which time he would be permitted to take notes, but he would not be furnished a copy of the document. The Deputy further instructed that should Mr. Elliff request the attachments to the report, Mr. O'Connor should offer as an alternative the memoranda which initiated each of the COINTELPROs.

EX-105 REC-20 62-116395-220

UNRECORDED COPY FILED IN

Upon our return to the Bureau, Mr. Adams requested that the Intelligence Division undertake an analysis of each of the summaries which were attached to the Petersen report in order to make a damage assessment based on factors that would affect current Bureau operations should they be revealed to the Committee. He also requested that ~~this information~~ be compiled and available to brief the Deputy Attorney General as to the difficulties that would be involved upon disclosure.

Memorandum to Mr. Adams
Re: Senate Select Committee

RECOMMENDATIONS:

1. That the Intelligence Division analyze the summaries for purposes of a damage assessment.

2. That the Intelligence Division be prepared to furnish a briefing to the Deputy Attorney General as to the damage assessment.

Sec. Study - '75

1 - W. O. Cregar
1 - R. W. Held

Honorable Charles E. Wiggins
House of Representatives
Washington, D. C. 20515

Dear Congressman Wiggins:

Reference is made to your letter dated April 9, 1975, enclosing a resolution adopted by the State Bar of California condemning the Federal Bureau of Investigation (FBI) for placing an informant on the staff of a legal service agency to communicate information learned in that capacity to the FBI and our response dated April 28, 1975.

Contact with the State Bar of California has enabled us to identify the situation to which they were referring.

Between April, 1968, and November, 1968, one Rudolph Leamer Muse was operated as an informant by our New Orleans, Louisiana, Division. Muse furnished information regarding black extremist activities and he was paid for services rendered. Muse was unemployed when initially volunteering his assistance to the FBI and subsequently, on May 10, 1968, began working as an investigator for the New Orleans Legal Assistance Corps (NOLAC), an organization funded by the Office of Economic Opportunity.

Information in the files of our New Orleans Division indicates during June, 1968, Muse advised it had become necessary to tell his supervisor at NOLAC of his relationship with the FBI. His supervisor became aware of Muse's association with black nationalist groups and attempted to discharge him. To avoid discharge, Muse told his supervisor he was cooperating with the FBI. Subsequently Muse's supervisor from NOLAC contacted the New Orleans Division and advised he wanted to assure the FBI that the relationship between

Muse and the FBI would be maintained by him and would go no further. Muse's supervisor said he was cognizant of the importance of Muse's cooperation with the FBI remaining confidential.

The New Orleans Division of the FBI never conducted any investigation regarding NOLAC and Muse never furnished information concerning its activities.

I hope this information will clarify the issue for you. If I may be of further assistance in this matter, please contact me.

A copy of this letter is being provided to the State Bar of California.

Clarence M. Kelley
Director

1 - State Bar of California
601 McAllister Street
San Francisco, California 94102

NOTE:

The resolution of the State Bar of California (SBC) referred to above did not identify the specific incident in which they were interested so Congressman Wiggins' letter was acknowledged and we indicated additional details would follow. On 4/25/75 San Francisco advised the basis for the SBC resolution was articles contained in the 2/7/75 issues of the San Francisco Examiner and Oakland Tribune. In these articles Muse was not mentioned by name but the details corresponded with his case. On 4/28/75 Supervisor Ernest Wall, New Orleans, advised Muse was identified by name in articles concerning this incident in the 2/2/75 issue of the New Orleans Times Picayune and the 2/25/75 issue of the New Orleans States Item. Since Muse revealed his relationship with the FBI and has been publicly identified by name and appears to be no privacy issue or need to protect the confidentiality of our files, Congressman Wiggins should be advised of the complete details in this matter. As the SBC urged issues such as this be considered by the select committees of the U.S. Senate and House of Representatives, a copy of this communication is being furnished for the information of the Legal Analysis Section and Project Senstudy 75 in Division 5.

SUBJECT: STATUS OF RESPONSES TO CONGRESSIONAL COMMITTEE REQUESTS

The purpose of this memorandum is to set forth in summary form the requests we have received from various Committees in Congress and the status of our replies.

I. Senate Select Committee on Intelligence Activities (SSC)

We have substantially complied with the request of this Committee contained in their letter of 3-19-75. The remaining aspects of this request involve a decision by the State Department concerning the release of exhibits contained in a study on FBI jurisdiction, a decision by the Department relating to COINTELPRO and our recommendation that one particular document not be furnished the Committee.

We are in receipt of a request by memorandum dated 4-30-75 from the SSC. This request generally relates to Sections of the Manual of Rules and Regulations and the Manual of Instructions, and the various divisions having responsibilities and interest in the Sections requested, are in the process of preparing the necessary responses.

We received a request by letter dated 4-28-75 from the Committee concerning allegations of our possible involvement in the removal of documents from the residence of the late Director J. Edgar Hoover. Our response has been prepared and it is anticipated it will be furnished the Department in the near future.

II. Subcommittee on Civil and Constitutional Rights of the House Judiciary Committee

We have complied with those aspects of the request contained in this Committee's letter of 4-10-75, pertaining to photographic surveillance and indexing procedures. We anticipate our response to their requests relating to our authority to collect, retain and disseminate information will be furnished in the immediate future.

CONTINUED - OVER

We also received a request from this Committee by letter dated 4-22-75, relating to our procedures of handling Freedom of Information Act requests and an inquiry by letter dated 4-25-75 regarding our alleged involvement in the removal of documents from the residence of the late Director J. Edgar Hoover. We have prepared responses to both requests. The response concerning the Freedom of Information Act has been furnished the Department for approval and furnishing to the Committee; the response relating to removal of documents has been prepared and is in the process of being approved by the Bureau.

III. Senate Subcommittee on Internal Security of the Senate Judiciary Committee

We received a request by letter dated 4-28-75 for information relating to terrorist incidents. We have prepared and furnished a response to this request.

RECOMMENDATION:

None. For information.

MEMORANDUM FOR: Principals ~~of the USIB~~ Ad Hoc Coordinating Group

SUBJECT : Ninth Meeting, 4 June 1975

1. A meeting of the USIB Ad Hoc Coordinating Group was held on 4 June 1975 at 10:00 a.m. A list of attendees is attached.

2. The meeting was opened by Dr. Clarke who described the current activities of the Senate Select Committee in accelerating their official interviews with knowledgeable officials across the Community and the criticality of firming up agreements on how these interviews are to be handled. This has not been forthcoming despite White House interest. House Select Committee procedure is not yet clear.

3. The second item raised by the Chairman was the list of category II "abuses" which had been developed at the direction of the Policy Steering Group. The set developed was the result of discussions with Mr. Schwarz, Counsel to the Senate Select Committee, who plans to present a complete list of "category II" items to the Committee on Friday, 6 June. At that point, it is expected "notices" would go out to the Community agencies advising them so that agreed interview procedures will apply. It is also anticipated that the presence of private as well as Agency counsel will be addressed. The Policy Steering Group has accepted the principle of dealing with these identified "category II" subjects by assigning responsibility for gathering of comprehensive and paper preparation to specific individuals within the Community agencies. Dr. Clarke is the focal point for gathering the names of individuals who will assume these responsibilities. To date, individuals had been named for all subjects except those to be handled by CIA.

CONFIDENTIAL

4. In addition to the "category II" items, there are a number of additional subjects largely geographic in nature for which the DCI feels CIA should assume responsibility for preparing comprehensive papers. In view of the apparent adversary relationship between the Senate Select Committee Staff and the agencies under investigation, it may be that preparation of papers dealing comprehensively with specific subjects will deflect some of this cross-agency probing and result in a positive solution to problems before they arise.

5. The Chairman reminded the group of the responsibility which exists to keep Mr. Cotter of the Post Office Department informed on matters resulting from the Congressional investigations which will clearly impact on his agency's affairs. At present, the cross-agency character of the interviews now under way indicate a possible communication gap in adequately coordinating on postal matters.

6. The Chairman explained the DCI's action taken in late May to separate the responsibility for CIA's response to the Congressional Select Committees from those responsibilities of the IC Staff. Both Dr. Clarke and Mr. Elder emphasized the very close relationship which exists in the two efforts. Mr. Elder will represent CIA at all USIB Ad Hoc sessions henceforth.

7. The Chairman questioned Mr. Elder, the CIA representative, whether or not the Senate Select Committee had yet furnished the Agency with a list of subjects with which they plan to deal in depth. Mr. Elder reported they have not yet done so, but it is apparent that three items are of priority interest at the moment: assassinations, the Phoenix program, and covert action; that it appears clear the Committee is currently pursuing the question of authorities, approvals, and support from other agencies.

8. The 27 May request addressed to the DCI covering materials under the jurisdiction of a number of Community agencies was provided to the members of the Ad Hoc Group. Dr. Clarke indicated he was seeking policy guidance on selected items in the request which dealt with Community product such as NIE etc. He noted the 27 May request indicated identical letters were being forwarded to the Secretary of State and the Secretary of Defense. Copies have been sent to all USIB Ad Hoc members, the NSC and the White House.

9. Copies of a memorandum which set forth the action items resulting from the Policy Steering Group session of last week were provided to the Ad Hoc members for their information.

10. Mr. Elder reported that the House Committee has indicated to CIA its intent to concentrate on specific issues, but as of now are not adequately organized to be specific in their requests. The one extant request forwarded to the CIA was posing some problems because of the lack of cleared personnel, approved storage facilities, and determinations on the ultimate disposition of records. The Chairman noted that concurrent with this meeting, a meeting of Community legal representatives was taking place with the purpose of commenting on the House Select Committee's proposed security regulations which have not yet been adopted.

11. CIA reported its success with the provision of a reading room for SSC Staff at CIA headquarters. State reported there were no comparable facilities anticipated there. Defense has provided badges to Staff members and reading facilities are available. The same accessability of materials is true at NSA and FBI.

12. The last subject on the agenda was the implementation of the Community Central Index. In the material provided to the group was a letter reaffirming the purposes of the Central Index and a list of 40 key words to be used in identifying material furnished the Index. A printout of the Index content was provided to the group as a review document only. The final format of such periodic reports has not yet been refined. Group members are encouraged to comment if they detect any problems with items in the printout. Forms for inputting information to the Central Index were also provided to the Group. This is a service of common concern which will assure the uniformity of information received and should serve to lighten the workload of the individual agencies. The telephone number of Mrs. Young of the Central Index was provided for agencies' convenience in accessing the Index information.

NOT RECORDED
17 JUN 18 1975

84 JUN 13 1975

The individuals named on this list are those designated by the Agencies as having prime responsibility for preparing the paper. The papers should be delivered in two copies directly to the Associate Counsel to the President, Mr. James Wilderotter, Room 182, Old Executive Office Building, by the Agencies. In the course of the next week, a meeting will be called for Mr. Wilderotter to meet with the individuals designated on this list. Each Agency will also be responsible for naming a person to work with each Task Force leader where it is appropriate to the subject matter. In the interim, Task Force leaders should deal directly with the following people with respect to individual Agency responsibilities:

DCI/Intelligence Community	John Clarke IDS 143-5477
CIA	E. Henry Knoche IDS 143-4086
Defense	Tom Latimer IDS 11-54221
State	William Hyland IDS 101-20342
Treasury	William Morell IDS 184-2536
Justice	William O'Connor IDS 187-5211
FBI	William Cregar IDS 175-4636

2. The CIA has been coordinating internally the DCI's letter to the Chairman of the House Select Committee on Intelligence and this letter should be available for Community review and consideration soon. Distribution of this letter will be made sometime prior to a meeting of the General Counsels chaired by Mr. Wilderotter to go over details of the letter and coordinate on the final language. This arrangement is consistent with agreements reached in our meeting on 3 June 1975.

John M. Clarke

U. S. SENATE SELECT COMMITTEE TO
STUDY GOVERNMENTAL OPERATIONS WITH
RESPECT TO INTELLIGENCE ACTIVITIES (SSC)

RE: INTERVIEW OF RETIRED FBI
SPECIAL AGENT (SA) BY SSC
STAFF MEMBER

Set out below is the verbatim text of a statement voluntarily furnished to the FBI by Mr. Alan G. Sentinella who served as an SA of the FBI from July 12, 1948, until his retirement March 22, 1971. He is presently employed as Director of Safety, Georgia State University, Atlanta, Georgia.

"Atlanta, Georgia
May 12, 1975

"Interview by Lester B. Siedel, (sic), representative of Senate Select Committee of Alan G. Sentinella. Interview commenced 12:24pm, terminated 2:20pm. Siedel at the outset identified self via credential as representative of aforementioned Committee.

"Mr. Siedel introduced by writer to Mr. Seymor Phillips of the FBI. The writer explained to Siedel that following his telephone conversation, 5/9/75, during which he stated he was interested in discussing matters related to the King and Levison cases it was felt that such discussion might involve issues currently sensitive to the Bureau. Accordingly the Atlanta Office was contacted and subsequently the writer was contacted by Robert Olmert of the Bureau. Mr. Olmert advised that if it was desired the Bureau would make available a representative not for the purpose of participating in the interview but to be available for advice. The

GPO 954-546

writer stated he was interested in obtaining such assistance. Accordingly during the morning of 5/12/75 Mr. Seymor Phillips contacted the writer.

"This is dictated immediately following interview by Siedel. No effort is herein made to follow the chronology of questions presented by Siedel. During the interview no notes or recording were made by writer. Will use "Q" for question and "A" for answer. Questions (Q) were asked by Siedel and answers (A) were given by writer.

"A: Was it correct that matters concerning the King investigation were discussed openly over coffee by members of the Atlanta field office?

"A: Matters relating to the King investigation were discussed by individuals concerned therewith. I have no recollection during the period I was connected with the investigation that it was discussed by everybody like the previous night's ballgame might have been.

"Q: Shortly after King received the Nobel Prize did a Bureau official William Sullivan come to Atlanta?

"A: It is my recollection King received the Nobel Prize sometime before the case was assigned to me. I do not remember if Bureau official William Sullivan visited Atlanta.

"Q: Did Sullivan have any contact with Ralph McGill concerning King?

"A: I do not know.

"Q: Were taps (telephone) and bugs (microphone) used by Atlanta in connection with King?

"A: A tap (telephone) was utilized re King at his SCLC office and his residence.

"Q: When were the bugs (microphone) utilized?

"A: There were none.

"Q: What was the purpose of the investigation of King?

"A: To determine whether King and/or SCLC were influenced by persons or groups having communist tendencies.

"Q: Did you feel the investigation was worthwhile?

"A: I don't recall that I ever asked myself that question. It was an assignment made by my employer and my responsibility to handle it.

"Q: How did other agents feel about the illegal use of these taps?

"A: The taps were not illegal. They were obtained through the authority of the Attorney General.

"Q: Did any agents express the opinion that these investigations were improper?

"A: I do not recall specifically although Mr. Murtaugh (sic) may well have so stated.

"Q: What electronic surveillance was used concerning Levison?

"A: I do not know. Levison resided in New York City.

"Q: Was Levison covered by the tap on King?

"A: Only to the extent that he was in contact with King. There was no tap on Levison per se in Atlanta.

"Q: Was there any physical surveillance of King?

"A: I do not recall any physical surveillance of King as such. There was surveillance conducted of individuals in contact with King and consequently King would obviously have been physically surveilled. But such surveillance was not on King directly.

"Q. Did you participate in these surveillances?

"A: Yes on several occasions.

"Q: How many occasions?

"A: I cannot recall.

"Q: How long were you in Atlanta?

"A: August 1960 - March 1971.

"Q: What other offices did you serve in and when?

"A: Baltimore, September 1948 - January 1949; Buffalo, January 1949 - August 1960; Atlanta, August 1960 - March 1971.

"Q: Where were you born?

"A: London, England.

"Q: How long did you live there?

"A: 9 years.

"Q: Where did you live first when in this country?

"A: In New Jersey approximately one year. I spent most of my growing up time in Iowa.

"Q: You entered the Bureau July 1948 and left in March 1971?

"A: That is correct.

"Q: When was the King and SCLC case assigned to you?

"A: I believe it was the early part or spring of 1965.

"Q: How long had the investigation been going on before you got the case?

"A: I really am not sure - possibly a year; it might have been longer.

"A: How long did the investigation continue?

"A: I cannot actually recall.

"Q: Was it still going on when you left the Bureau?

"A: Yes, regarding the SCLC.

"Q: How long after King's death did the tap remain?

"A: I cannot be sure. It seems as though it was discontinued a short time after, however I believe it continued for a longer period of time on the SCLC.

"Q: Did you have any contact with news media or clergy regarding King, SCLC, or Levison?

"A: No.

"Q: What relationship was there with the Atlanta Police Department and what electronic surveillance did it have of King, SCLC, or Levison?

"A: Throughtout my entire period as agent in Atlanta I never had any information as to what electronic surveillance may have been conducted by the Atlanta Police Department. During the period of time I was concerned with King, SCLC, Levison there was no discussion to my knowledge of these matters with the Atlanta Police Department. Generally speaking the rapport with the police department was good.

"Q: Did you monitor the taps on King, SCLC?

"A: No.

"Q: What squad were you assigned to in the Atlanta Office?

"A: Security. More correctly it was referred to as the Security and Racial Squad.

"Q: Who else was assigned to this squad? Was there a man named Harding?

"A: Yes.

"Q: What was his first name?

"A: Charles.

"A: Who else was assigned?

"A: Your friend Murtaugh, a Richard Davis.

"At this point the writer stated he preferred not to name additional personnel simply because he did not wish to feel that they might subsequently be interviewed as a result. The writer stated he was confident that Siedel or his agency had already been furnished all of these names by Mr. Murtaugh. He was informed that in the writer's opinion the Bureau was fully able and capable of furnishing this information. Siedel opined it would be a waste of government money to subpoena the writer to Washington in order to obtain these names.

"Q: Did you develop any evidence relating to Levison's CP connections?

"A: No.

"Q: Did you read reports from New York regarding Levison?

"A: Yes.

"Q: Did those reports set forth information from taps and bugs?

"A: The reports did not state source of information.

"Q: Did you know the information came from taps (or bugs)?

"A: I did not know directly but presumed that it did.

"Q: What type of work was the Security Squad in Atlanta concerned with?

"A: That squad primarily handled matters in the security category, racial matters, and also civil rights matters.

"Q: What kind of matters constituted racial matters besides SCLC?

"A: The investigation of SCLC was not a racial matter. It was concerned with possible communist influence of the organization. The Ku Klux Klan was a racial matter because it involved pressures between white and black persons.

"Q: What organizations or individuals were investigated in the security category?

"A: I have had no contact with Bureau matters for over four years. At this time I have no knowledge what effect my answer to your question might have upon the current status of any matter of concern to the Bureau.

"Siedel essentially repeated his question and endeavored to explain that he had no desire to affect the Bureau's investigative status.

"The writer advised his answer to the question remained as above. At this point Siedel suggested the writer might wish to consult Mr. Phillips which was done.

"Writer consulted privately with Phillips. After which Phillips entered the writer's office and told Siedel that if he was seeking the Bureau's policy relative to security, racial and civil rights investigations, same was in the Bureau's manuals available to the Committee. At this point Siedel said he was not after policy but names of specific persons and organizations the writer would now recall were under investigation.

"The writer restated former answer to this question and explained to Siedel that he did not consider himself so

naive to suppose that any of the information given to Siedel would not at some future time appear in print. To which Siedel stated he would not be personally responsible therefore. Siedel was informed the writer was not necessarily stating he would be personally responsible therefore. Siedel pointed out that he could not require a different answer to this question at the present time but went on to explain the writer could be subpoenaed for this purpose for open or closed testimony.

"Q: During the course of these investigations did you ever alter or fabricate any document previously prepared?

"A: No.

"Q: Do you know of such having been done in the Atlanta Office?

"A: No.

"Q: Do you know of a tape recording pertaining to King which was sent to Mrs. King?

"A: Not during that period. It seems I might have heard such an allegation but there has been so much material news media wise the past year or two, I actually cannot be sure whether I read of such an allegation or might have heard it said. In any case so far as I am concerned it was hearsay.

"Q: What was your participation in COINTELPRO investigations and what did they cover while you were in the Atlanta Office?

"A: I left the Bureau over four years ago and have absolutely no knowledge of what might be the present status of any investigation by the Bureau past or present. I feel very strongly that any answer I might give could conceivably adversely affect the Bureau's investigative position. For this reason I decline to discuss this matter.

Siedel stated the Bureau had recently stated it had discontinued COINTELPRO. The writer advised he was not aware of this; that his answer above remained the same.

"Q: Do you know of any effort by the Bureau to influence a political campaign?

"A: No."

In addition to the foregoing verbatim statement, Sentinella also voluntarily furnished to the FBI several observations, the following of which may be of interest:

"1. Siedel obviously was attempting to verify allegations made by other individuals.

"2. All of his questions appeared to have been previously prepared in writing.

"3. At one point he commented he was conducting this interview for a colleague (not named).

"4. Siedel did not appear satisfied with the results of the interview. It is presumed he considers the writer's cooperation to be minimal.

"5. As Siedel prepared to depart he was informed that during 23 years as an agent the writer suffered some adverse administrative action; that these ultimately proved to be experiences from which the writer profited. He was told the writer had "no axe to grind" regarding the Bureau and no intent or desire to accomplish any questionable literary fame."

The individual who interviewed Sentinella was SSC Staff Member Lester B. Seidel, not Siedel, as indicated in Sentinella's statement.

The King referred to in Sentinella's statement is the late Martin Luther King, Jr., subject of prior investigation by the FBI. The Levison referred to is Stanley David Levison, also subject of prior FBI investigation. The SCLC referred to is the Southern Christian Leadership Conference, an organization which was headed by King. The Murtaugh referred to is Arthur Leo Murtagh who was an SA of the FBI from April 16, 1951, until his retirement on September 25, 1971.

SENATE SELECT COMMITTEE (SSC) ON INTELLIGENCE ACTIVITIES

RE: INTERVIEW OF RETIRED FBI SPECIAL AGENT (SA)

NOTE:

Original and one copy to the AG, copy for forwarding to James A. Wilderotter, Associate Counsel to the President. Information herein taken from Sentinella's verbatim statement and from a separate statement containing his observations, both of which he voluntarily mailed to S. F. Phillips of the Senstudy 75 Project. The procedure of furnishing the AG an extra copy for forwarding to Wilderotter has been established through liaison by P. V. Daly of the Legal Counsel's Office with the AG's Office.

Atlanta, Georgia
May 12, 1975

Interview by Lester B. Siedel, (sic), representative of Senate Select Committee of Alan G. Sentinella. Interview commenced 12:24pm, terminated 2:20pm. Siedel at the outset identified self via credential as representative of aforementioned Committee.

Mr. Siedel introduced by writer to Mr. Seymor Phillips of the FBI. The writer explained to Siedel that following his telephone conversation, 5/9/75, during which he stated he was interested in discussing matters related to the King and Levison cases it was felt that such discussion might involve issues currently sensitive to the Bureau. Accordingly the Atlanta Office was contacted and subsequently the writer was contacted by Robert Olmert of the Bureau. Mr. Olmert advised that if it was desired the Bureau would make available a representative not for the purpose of participating in the interview but to be available for advice. The writer stated he was interested in obtaining such assistance. Accordingly during the morning of 5/12/75 Mr. Seymor Phillips contacted the writer.

ALL INFORMATION CONTAINED
HEREIN IS UNCLASSIFIED
DATE 1/19/84 BY SP2ALM/ew

This is dictated immediately following interview by Siedel. No effort is herein made to follow the chronology of questions presented by Siedel. During the interview no notes or recording were made by writer. Will use "Q" for question and "A" for answer. Questions (Q) were asked by Siedel and answers (A) were given by writer.

Orig to AAG w/ 2H/M 5/22/75
SFP/skw

A: Was it correct that matters concerning the King investigation were discussed openly over coffee by members of the Atlanta field office?

A: Matters relating to the King investigation were discussed by individuals concerned therewith. I have no recollection during the period I was connected with the investigation that it was discussed by everybody like the previous night's ballgame might have been.

62-116395-225

Q: Shortly after King received the Nobel Prize did a Bureau official William Sullivan come to Atlanta?

A: It is my recollection King received the Nobel Prize sometime before the case was assigned to me. I do not remember if Bureau official William Sullivan visited Atlanta.

Q: Did Sullivan have any contact with Ralph McGill concerning King?

A: I do not know.

Q: Were taps (telephone) and bugs (microphone) used by Atlanta in connection with King?

A: A tap (telephone) was utilized re King at his SCLC office and his residence.

Q: When were the bugs (microphone) utilized?

A: There were none.

Q: What was the purpose of the investigation of King?

A: To determine whether King and/or SCLC were influenced by persons or groups having communist tendencies.

Q: Did you feel the investigation was worthwhile?

A: I don't recall that I ever asked myself that question. It was an assignment made by my employer and my responsibility to handle it.

Q: How did other agents feel about the illegal use of these taps?

A: The taps were not illegal. They were obtained through the authority of the Attorney General.

Q: Did any agents express the opinion that these investigations were improper?

A: I do not recall specifically although Mr. Murtaugh may well have so stated.

Q: What electronic surveillance was used concerning Levison?

A: I do not know. Levison resided in New York City.

Q: Was Levison covered by the tap on King?

A: Only to the extent that he was in contact with King. There was no tap on Levison per se in Atlanta.

Q: Was there any physical surveillance of King?

A: I do not recall any physical surveillance of King as such. There was surveillance conducted of individuals in contact with King and consequently King would obviously have been physically surveilled. But such surveillance was not on King directly.

Q: Did you participate in these surveillances?

A: Yes on several occasions.

Q: How many occasions?

A: I cannot recall.

Q: How long were you in Atlanta?

A: August 1960 - March 1971.

Q: What other offices did you serve in and when?

A: Baltimore, September 1948 - January 1949; Buffalo, January 1949 - August 1960; Atlanta, August 1960 - March 1971.

Q: Where were you born?

A: London, England.

Q: How long did you live there?

A: 9 years.

Q: Where did you live first when in this country?

A: In New Jersey approximately one year. I spent most of my growing up time in Iowa.

Q: You entered the Bureau July 1948 and left in March 1971?

A: That is correct.

Q: When was the King and SCLC case assigned to you?

A: I believe it was the early part or spring of 1965.

Q: How long had the investigation been going on before you got the case?

A: I really am not sure - possibly a year; it might have been longer.

A: How long did the investigation continue?

A: I cannot actually recall.

Q: Was it still going on when you left the Bureau?

A: Yes, regarding the SCLC.

Q: How long after King's death did the tap remain?

A: I cannot be sure. It seems as though it was discontinued a short time after, however I believe it continued for a longer period of time on the SCLC.

Q: Did you have any contact with news media or clergy regarding King, SCLC, or Levison?

A: No.

Q: What relationship was there with the Atlanta Police Department and what electronic surveillance did it have of King, SCLC, or Levison?

A: Throughtout my entire period as agent in Atlanta I never had any information as to what electronic surveillance may have been conducted by the Atlanta Police Department. During the period of time I was concerned with King, SCLC, Levison there was no discussion to my knowledge of these matters with the Atlanta Police Department. Generally speaking the rapport with the police department was good.

Q: Did you monitor the taps on King, SCLC?

A: No.

Q: What squad were you assigned to in the Atlanta Office?

A: Security. More correctly it was referred to as the Security and Racial Squad.

Q: Who else was assigned to this squad? Was there a man named Harding?

A: Yes.

Q: What was his first name?

A: Charles.

A: Who else was assigned?

A: Your friend Murtaugh, a Richard Davis.

At this point the writer stated he preferred not to name additional personnel simply because he did not wish to feel that they might subsequently be interviewed as a result. The writer stated he was confident that Siedel or his agency had already been furnished all of these names by Mr. Murtaugh. He was informed that in the writer's opinion the Bureau was fully able and capable of furnishing this information. Siedel opined it would be a waste of government money to subpoena the writer to Washington in order to obtain these names.

Q: Did you develop any evidence relating to Levison's CP connections?

A: No.

Q: Did you read reports from New York regarding Levison?

A: Yes.

Q: Did these reports set forth information from taps and bugs?

A: The reports did not state source of information.

Q: Did you know the information came from taps (or bugs)?

A: I did not know directly but presumed that it did.

Q: What type of work was the Security Squad in Atlanta concerned with?

A: That squad primarily handled matters in the security category, racial matters, and also civil rights matters.

Q: What kind of matters constituted racial matters besides SCLC?

A: The investigation of SCLC was not a racial matter. It was concerned with possible communist influence of the organization. The Ku Klux Klan was a racial matter because it involved pressures between white and black persons.

Q: What organizations or individuals were investigated in the security category?

A: I have had no contact with Bureau matters for over four years. At this time I have no knowledge what effect my answer to your question might have upon the current status of any matter of concern to the Bureau.

Siedel essentially repeated his question and endeavored to explain that he had no desire to affect the Bureau's investigative status.

The writer advised his answer to the question remained as above. At this point Siedel suggested the writer might wish to consult Mr. Phillips which was done.

Writer consulted privately with Phillips. After which Phillips entered the writer's office and told Siedel that if he was seeking the Bureau's policy relative to security, racial and civil rights investigations, same was in the Bureau's manuals available to the Committee. At this point Siedel said he was not after policy but names of specific persons and organizations the writer would now recall were under investigation.

The writer restated former answer to this question and explained to Siedel that he did not consider himself so naive to suppose that any of the information given to Siedel would not at some future time appear in print. To which Siedel stated he would not be personally responsible therefore. Siedel was informed the writer was not necessarily stating he would be personally responsible therefore. Siedel pointed out that he could not require a different answer to this question at the present time but went on to explain the writer

could be subpoenaed for this purpose for open or closed testimony.

Q: During the course of these investigations did you ever alter or fabricate any document previously prepared?

A: No.

Q: Do you know of such having been done in the Atlanta Office?

A: No.

Q: Do you know of a tape recording pertaining to King which was sent to Mrs. King?

A: Not during that period. It seems I might have heard such an allegation but there has been so much material news media wise the past year or two, I actually cannot be sure whether I read of such an allegation or might have heard it said. In any case so far as I am concerned it was hearsay.

Q: What was your participation in COINTELPRO investigations and what did they cover while you were in the Atlanta Office?

A: I left the Bureau over four years ago and have absolutely no knowledge of what might be the present status of any investigation by the Bureau past or present. I feel very strongly that any answer I might give could conceivably adversely effect the Bureau's investigative position. For this reason I decline to discuss this matter.

Siedel stated the Bureau had recently stated it had discontinued COINTELPRO. The writer advised he was not aware of this; that his answer above remained the same.

Q: Do you know of any effort by the Bureau to influence a political campaign?

A: No.

Atlanta, Georgia
May 12, 1975

WRITER'S OBSERVATIONS

1. Siedel obviously was attempting to verify allegations made by other individuals.

2. All of his questions appeared to have been previously prepared in writing.

3. At one point he commented he was conducting this interview for a colleague (not named).

4. Siedel did not appear satisfied with the results of the interview. It is presumed he considers the writer's cooperation to be minimal.

5. As Siedel prepared to depart he was informed that during 23 years as an agent the writer suffered some adverse administrative action; that these ultimately proved to be experiences from which the writer profited. He was told the writer had "no axe to grind" regarding the Bureau and no intent or desire to accomplish any questionable literary fame."

6. Upon departing Siedel inquired as to the proximity of the Equitable Building (office building) and the First National Bank of Atlanta (also office building). Any significance to these locations was not apparent to the writer. When informed that banking hours terminated at 4:00pm Siedel made no comment.

FD-291 (Rev. 11-1-73)

EMPLOYMENT AGREEMENT

As consideration for employment in the Federal Bureau of Investigation (FBI), United States Department of Justice, and as a condition for continued employment, I hereby declare that I intend to be governed by and I will comply with the following provisions:

(1) That I am hereby advised and I understand that Federal law such as Title 18, United States Code, Sections 793, 794, and 798; Order of the President of the United States (Executive Order 11652); and regulations issued by the Attorney General of the United States (28 Code of Federal Regulations, Sections 16.21 through 16.26) prohibit loss, misuse, or unauthorized disclosure or production of national security information, other classified information and other nonclassified information in the files of the FBI;

(2) I understand that unauthorized disclosure of information in the files of the FBI or information I may acquire as an employee of the FBI could result in impairment of national security, place human life in jeopardy, or result in the denial of due process to a person or persons who are subjects of an FBI investigation, or prevent the FBI from effectively discharging its responsibilities. I understand the need for this secrecy agreement; therefore, as consideration for employment I agree that I will never divulge, publish, or reveal either by word or conduct, or by other means disclose to any unauthorized recipient without official written authorization by the Director of the FBI or his delegate, any information from the investigatory files of the FBI or any information relating to material contained in the files, or disclose any information or produce any material acquired as a part of the performance of my official duties or because of my official status. The burden is on me to determine, prior to disclosure, whether information may be disclosed and in this regard I agree to request approval of the Director of the FBI in each such instance by presenting the full text of my proposed disclosure in writing to the Director of the FBI at least thirty (30) days prior to disclosure. I understand that this agreement is not intended to apply to information which has been placed in the public domain or to prevent me from writing or speaking about the FBI but it is intended to prevent disclosure of information where disclosure would be contrary to law, regulation or public policy. I agree the Director of the FBI is in a better position than I to make that determination;

(3) I agree that all information acquired by me in connection with my official duties with the FBI and all official material to which I have access remains the property of the United States of America, and I will surrender upon demand by the Director of the FBI or his delegate, or upon separation from the FBI, any material relating to such information or property in my possession;

(4) That I understand unauthorized disclosure may be a violation of Federal law and prosecuted as a criminal offense and in addition to this agreement may be enforced by means of an injunction or other civil remedy.

I accept the above provisions as conditions for my employment and continued employment in the FBI. I agree to comply with these provisions both during my employment in the FBI and following termination of such employment.

Director
Federal Bureau of Investigation
United States Department of Justice
Washington, D. C. 20535

(Place) ______________________

(Date) ______________________

Dear Sir:

Having received an appointment for a position as Special Agent in the Federal Bureau of Investigation, United States Department of Justice, I hereby **agree and affirm** that I shall be governed by the following **conditions:**

1. I am required to proceed at my own expense to Washington, D. C., where I shall take the oath of office and enter on duty.
2. That my appointment is a probationary one.
3. That I shall remain on duty for a minimum period of three years, contingent upon a satisfactory work record.
4. That my retention in the Federal Bureau of Investigation is dependent upon the performance of satisfactory services, and if my services are deemed unsatisfactory it is understood that my employment may be discontinued at any time and that I shall not receive transportation to my home, or to any other point, at Government expense.
5. I may be sent to any part of the continental or territorial United States that the exigencies of the Bureau's work may require; that my headquarters may be fixed in some jurisdiction other than that in which I have heretofore resided; that my headquarters may be changed as the work of the Bureau may require and that no transfer will be made from one station to another for personal reasons.
6. That the **confidential character** of the relations of the employees of the Federal Bureau of Investigation with the public is fully understood by me, and that the **strictly confidential character** of **any and all information secured by me,** in connection directly or indirectly with my work as a Special Agent, or the work of other employees of which I may become cognizant, is fully understood by me, and that **neither during my tenure of service** with the Federal Bureau of Investigation **nor at any other time shall I violate this confidence,** and **I agree and affirm** that I shall **not divulge** any information of any kind or character whatsoever that may become known to me, to persons **not officially entitled** thereto at any time.

I understand all of the foregoing and the conditions specified herein are agreeable to me **without reservation of any kind. I agree and affirm** that I shall abide by the foregoing conditions, and I am fully cognizant that the provisions mentioned above are to be complied with by me and they are a **part of my appointment.**

Very truly yours,

TRAINING AGREEMENT

In consideration for the following specialized training which will result in considerable time and expense to the Federal Bureau of Investigation (FBI), I, ______________________________, agree to remain in the service of the FBI (or Department of Justice, as to final item below) for the time specified, contingent upon my maintaining a satisfactory work record.

☐ So that I may receive training in **classifying, searching, and filing of fingerprints,** I agree to remain in the service of the FBI performing fingerprint duties for at least one year from this date. I understand that I may be assigned, consistent with the demands of the service, to work at night.

☐ So that I may receive training in ☐ **stenographic** ☐ **typing skills,** I agree to remain in the FBI for a minimum of one year after completion of training. In addition, I agree to accept any assignment in any division at FBIHQ or Washington Field Office consistent with such needs for my services.

☐ So that I may receive training in ☐ **automatic data processing equipment** ☐ **cryptanalytics,** I agree to remain in the FBI one year after completion of formal training.

☐ So that I may receive training in a **foreign language,** I agree to remain in the FBI for three years after I successfully complete this training.

☐ So that I may receive **advanced training in maintenance and repair of FM radio equipment,** I agree to remain in the service of the FBI for at least one year following completion of the training.

☐ So that I may receive training under the Government Employees Training Act to be given me at ______________________________, I agree to remain in the Department of Justice for a minimum of ______________________________ after completion of training. If I voluntarily leave the Department before expiration of that period, I will pay the Government the amount of the additional expenses paid by it for the above-mentioned training.

9. FOREIGN TRAVEL - (MILITARY SERVICE, RESIDENCE, VISIT)

a. Have you ever visited or resided in any foreign country (including travel in the Armed Forces of the U. S.)? ☐ No ☐ Yes

Passport # ________ Date issued ________ Place issued ________

Countries Visited	Dates						Reason for Travel
	From			To			
	Mo.	Day	Yr.	Mo.	Day	Yr.	

b. Have you ever served in the Armed Forces of a foreign country? ☐ No ☐ Yes
(Specify countries; dates)

c. Do you or any members of your immediate family, including in-laws, have any relatives now residing outside the United States (except those in the Armed Forces of the United States or those employed by the United States Government living abroad)? ☐ No ☐ Yes. If so, list below and furnish degree of association and contact you and members of your immediate family have with these relatives.

Name	Relation	Age	City	Country	Citizen of what Country

10. CREDIT RECORD

a. Has your credit record ever been considered unsatisfactory, or have you ever been refused credit? ☐ No ☐ Yes
(If "yes," give dates, places, names of creditors and circumstances.)

b. Are you indebted to anyone? ☐ No ☐ Yes
(List any debt over $100. Also list any debt, regardless of the amount, where payment is past due.)

Creditor	Address	Amount	Loan or Acct. #

11. COURT RECORD

a. Have you ever been arrested or charged with any violation including traffic, but not parking tickets? ☐ No ☐ Yes
(List all such matters even if not formally charged, or no court appearance, or found not guilty, or matter settled by payment of fine or forfeiture of collateral.)

Date	Place and Department	Charge	Final disposition	Details

b. Has any member of your family or close relative (including in-laws) ever been arrested for other than traffic violations? ☐ No ☐ Yes

Name	Relation	Date	Place	Charge	Final Disposition

c. Have you ever been a plaintiff or defendant in a court action including divorce actions? ☐ No ☐ Yes (Give date, place, court, names of parties involved, nature of action, and final disposition.)

12. ORGANIZATION MEMBERSHIP

a. Are you now, or have you ever been a member of any club, society or organization? ☐ No ☐ Yes. If yes, list below, do not abbreviate.

Name	City and State	Former	Present (List position held and extent of activity)

b. Are you now, or have you ever been a member of the Communist Party, U.S.A., or any communist or fascist organization? ☐ No ☐ Yes

c. Are you now or have you ever been a member of any foreign or domestic organization, association, movement, group, or combination of persons which is totalitarian, fascist, communist, or subversive, or which has adopted, or shows a policy of advocating or approving the commission of acts of force or violence to deny other persons their rights under the Constitution of the United States, or which seeks to alter the form of Government of the United States by unconstitutional means? ☐ No ☐ Yes
(If answer to any of these is "Yes," explain fully.)

13. RELATIVES

All applicants must give complete information concerning their relatives. If you have been married more than once, give the requested information concerning each former husband or wife. Furnish similar information, including date and place of action, for any members of your immediate family who have been divorced. Even though a relative is deceased, give all the information requested, and indicate last residence and year of death. Include stepbrothers and sisters, half brothers and sisters. If you or your spouse have stepparents, legal guardians or others who have reared you instead of your parents, the requested information should be furnished concerning them, as well as your real parents. If you are engaged to be married or contemplating marriage in the near future, complete information must be included under sections c, h, i and j regarding your future husband or wife and future in-laws, and clearly show that such relationship is a future one.

14. RELATIVES EMPLOYED BY THE GOVERNMENT

List the complete names of any of your close relatives (including in-laws) who are employed in the Federal Government.

Complete Name	Relation	Agency by which Employed	Location

15. FRIENDS OR ACQUAINTANCES EMPLOYED BY THE FEDERAL BUREAU OF INVESTIGATION

Complete Name	Location	Length of Acquaintance

16. RELATIVES FORMERLY EMPLOYED BY THE FEDERAL BUREAU OF INVESTIGATION

Complete Name under which Employed	Current Address	Relationship

ALL APPLICANTS

Attach an unmounted full face photograph of yourself, not larger than 2¾ x 2½ inches. Print your name plainly on the back of the photograph. The photograph must have been taken not more than 3 months prior to the date of this application.

17. PHYSICAL DATA

a. Height without shoes

Weight without clothes

b. Do you now have or have you ever had any of the following: nervous, mental, or emotional disorder of any sort; tuberculosis; epilepsy, fainting spells or severe headaches; diabetes; ulcers; rheumatic fever or heart disease; or asthma? ☐ No ☐ Yes (If "yes" identify, describe, and give dates)

c. Do you now have or have you ever had any chronic or serious illnesses; or have you ever had any serious operations or injuries? ☐ No ☐ Yes (If "yes" describe and give dates)

d. Have you ever been hospitalized? ☐ No ☐ Yes

Dates			Hospital	Location	Reason
Mo.	Day	Yr.			

e. Describe any past or present physical handicap, defect, or disability not previously covered, but including extent of defective vision, if any, with and without glasses (Snellen) and deficiencies in color vision and hearing.

f. How many days have you lost from work or school due to illness during the past five years?

Nature of illness(es)

g. Have you ever received, is there pending, have you applied for, or do you intend to apply for pension or compensation for existing disability? ☐ No ☐ Yes (If "yes," specify what kind, granted by whom, and what amount, when, why. If applicable, include Veterans' Administration claim number.)

h. Special Agent Applicants Only: Do you have any physical defects such as, but not limited to, a bone, joint, or other deformity or loss of finger, which would preclude unrestricted, regular participation in all phases of the FBI's firearms training, physical training and defensive tactics? ☐ No ☐ Yes (If "yes" describe)

I understand that all appointments are probationary for a period of one year during which I must demonstrate my fitness for continued employment by the Federal Bureau of Investigation. I also understand that, in many parts of the Bureau, it has been necessary to establish regular night and midnight shifts in view of which I must be available for such assignments as the needs might require. I further understand that any appointment tendered me will be contingent upon the results of a complete character and fitness investigation, and I am aware that wilfully withholding information or making false statements on this application will be the basis for dismissal from the Federal Bureau of Investigation, and constitutes a violation of Section 1001, Title 18, U. S. Code. I agree to these conditions and I hereby certify that all statements made by me on this application are true and complete, to the best of my knowledge.

DATE 1-19-01 BY

On the morning of May 30, 1975, Mr. Robert Nichols (SA-Retired), and SA John Dennis Miller, Legal Analysis Office, met in Miller's office, prior to Nichol's appointment for interview by members of the staff of the Senate Select Committee.

Miller gave Nichols a copy of the Committee's rules at approximately 8:35 a.m. after Nichols stated he had not been given a copy by anyone else. He advised Nichols that nothing Miller was about to say was intended to or should be interpreted as an order or suggestion to be uncooperative with the Senate Select Committee or its staff.

Miller then advised Nichols he had the right to be represented by an attorney; if he is unable to retain an attorney, he should so advise the Committee staff and ask them to assist him in securing counsel; and the FBI could not provide the services of an attorney. Nichols said he understood.

REC-100 62-116395-222

Miller then escorted Nichols to the JEH Building where he met SAs Paul V. Daly and Seymor F. Phillips.

DATE 1-18-01 BY

On the evening of 5-20-75 Deputy Assistant Attorney General K. William O'Conner telephonically advised SA Paul V. Daly of the Legal Counsel Division that the Department had reached a decision concerning the scope of testimony to be allowed in the Senate Select Committee interview of former SA Alan G. Sentinella. We previously had informed the Department that Mr. Sentinella was to testify pursuant to a subpoena before this Committee and that Department of Justice Order 501-73 requires we obtain Departmental approval before testimony may be given. We also informed the Department that Lester B. Seidel , staff member of the Senate Select Committee, had advised SA Daly that the scope of the intended interview of Sentinella would include knowledge Sentinella may have concerning the investigations of Martin Luther King, Stanley David Levinson, and the Southern Christian Leadership Conference (SCLC). Mr. Seidel also indicated that they would interview Sentinella concerning his activities between the years 1960 to 1971.

Mr. O'Conner advised SA Daly that the decision of Deputy Attorney General Harold R. Tyler; Assistant Attorney General Antonin Scalia, and Associate Deputy Attorney General Robert McDermott was that Sentinella was released insofar as the Department was concerned to only discuss three areas, those areas being the FBI investigations of Martin Luther King, Stanley David Levinson, and SCLC. He was to advise the Committee that he was not permitted to go outside of these three areas because of instructions from the Department of Justice which instructions were issued pursuant to Department of Justice Order 501-73.

On 5-21-75 former SA Sentinella was advised of the Departmental restrictions on the information he could furnish the Committee by SA Daly, and he was accompanied by SA Daly to the Senate Select Committee office located in G308 of the Dirksen Senate Office Building. Sentinella's interview was scheduled for 9:30 a.m. Mr. Seidel met Mr. Sentinella and at 9:31 a.m. furnished Mr. Sentinella a copy of the Rules of Procedure for

CONTINUED - OVER

the Select Committee to Study Governmental Operations with Respect to Intelligence Activities. At the same time, former SA Sentinella was furnished forms which Seidel requested he fill out at that time. Seidel also made reference to Sentinella's Fifth Amendment rights but did not specify or spell out his rights.

It was brought to Mr. Seidel 's attention by SA Daly that the Rules adopted by the Senate Select Committee called for a witness to be given copies of the Rules 24 hours prior to his appearance before the Committee and that these Rules are important for a potential witness to have knowledge of prior to his being interviewed since they contain a list of rights and privileges which a witness is entitled to. It was also brought to Mr. Seidel 's attention that despite the fact that the interview was to be initiated at 10 a.m. (initially the interview was scheduled for 9:30 a.m., however, upon arrival former SA Sentinella was advised it would not be held until 10 a.m.) with Mr. Sentinella being required to fill out forms, he would have very little opportunity to review and digest the Rules of the Committee.

Mr. Seidel was also advised of the restrictions placed on the area which former SA Sentinella could respond to by the Department of Justice. Mr. Seidel specifically requested that he be allowed to ask questions concerning "COINTELPRO." He was advised that this was not within the scope of the Department's release for Sentinella unless such information may have been related to the investigations of Martin Luther King, Stanley David Levinson, or SCLC.

SA Daly also explained to John Elliff, Task Force Head for the Committee on Domestic Intelligence Matters, the circumstances surrounding the failure to provide a copy of the Rules 24 hours prior to interview and of the lack of specificity of Mr. Seidel as to areas in which Mr. Sentinella would be interviewed. Mr. Elliff apologized for the oversight of the Committee in complying with its Rules and assured SA Daly this would not happen again. In addition, he was advised that the Rules of the Committee provide that witnesses would have a reasonable opportunity to inspect and correct their testimony, however, the Rules provide that a witness must inspect his testimony in the office of the Committee. It was pointed out to Mr. Elliff that such procedures were unreasonable in that in Mr. Sentinella's instance, he would have to travel from Atlanta to Washington, D. C., to review the transcript of his testimony at his own expense. Mr. Elliff indicated that he believed other arrangements concerning this particular aspect of the Rules could and would be worked out.

Mr. Sentinella at the conclusion of his testimony advised SA Daly, who was not present at the testimony, that the Committee adhered to the restrictions placed on his testimony by the Attorney General with one possible exception. They asked Mr. Sentinella if while he was working in Atlanta his squad investigated the "Klan" and "SNCC" (Student Non-Violent Coordinating Committee). Sentinella advised he did not raise an objection to this question because he felt the deviation from the Departmental restrictions was very slight, and our investigations of these matters were well known.

On the afternoon of 5-21-75 K. William O'Conner inquired of SA Daly how the interview went and he was generally advised of the facts surrounding the interview, including the fact that former SA Sentinella was not furnished a copy of the Rules until immediately preceding the interview. Mr. O'Conner inquired as to whether the Senator (Senator Robert Morgan [D-N.C.]) remained during the taking of testimony from Mr. Sentinella, and he was advised that according to Sentinella, Senator Morgan departed approximately five minutes after placing Mr. Sentinella under oath.

Mr. O'Conner expressed his displeasure at the way the Committee operated and indicated he was going to discuss this matter with Deputy Attorney General Tyler.

Subsequently, on 5-21-75 O'Conner indicated he had been in contact with James Wilderotter, assistant to the Counsel to the President, and Deputy Attorney General Tyler, and they want the Bureau to prepare a letter protesting the Committee's handling of the interview of Sentinella and of the fact that they violated Rules which were adopted by that Committee, specifically the Rules requiring Mr. Sentinella be furnished a copy of the Committee Rules 24 hours prior to giving testimony to the Committee, failure to be specific concerning the areas to be covered by Sentinella's testimony, the general manner in which the rights of Sentinella were explained to him, and the fact that Senator Morgan departed from the Committee session after giving the oath. O'Conner explained in this regard Deputy Attorney General Tyler feels that this is in contravention of the Rules of the Committee, and he questions whether an executive session of the Committee being held to hear such testimony can continue in the absence of a Senate Committee Member. He requested this letter be directed to Senator Church. He was advised that such a letter could only be prepared after approval had been obtained from proper Bureau authorities, and it was also pointed out to Mr. O'Conner that we had orally protested this matter to Mr. Elliff of the Committee and Mr. Seidel , and he was apprised of Elliff's statement that such mistakes would not be repeated in the future. It was pointed out to Mr. O'Conner that the Bureau had furnished former SA Sentinella a detailed briefing of his rights and a briefing as to what was contained in the Rules of the Committee prior to his interview. Mr. O'Conner again requested that we prepare a letter protesting this matter.

It is not felt that a letter concerning this particular matter should be directed to Senator Church in view of Mr. Elliff's statement that this incident will not be repeated in the future. It is felt that our oral protest to the Committee is sufficient at this point, especially inasmuch as they accepted the limitations placed on the testimony of former SA Sentinella by the Department. It would appear we could expect to achieve very little by sending such a letter at this time.

RECOMMENDATION:

That we orally advise Mr. O'Conner the Bureau does not feel a letter should be directed to the Committee, concerning this particular incident.

Rec'd from Ad Hoc Comm 6/10/75

Office of the Attorney General
Washington, D.C. 20530

MAY 30 1975

Honorable Frank Church, Chairman
United States Senate Select Committee
on Intelligence Activities
Washington, D. C. 20510

Senstudy-75

Dear Senator Church:

It is my understanding that the continuing efforts of staff members of the Executive and Legislative Branches to prepare standard guidelines for witness interview procedures are continuing this week. While that process continues, the Department of Justice is, of course, continuing to cooperate in an ad hoc and responsive manner. In order to ensure our attention to these cooperative efforts, I have designated K. William O'Connor as Special Counsel for Intelligence Coordination and as such he will be the principle liaison officer of DOJ in this effort. I understand that your Chief Counsel and members of his staff are now dealing with Mr. O'Connor in the execution of their responsibilities.

In the meantime, in an effort to expedite the cooperative provision of appropriate information to SSC, it would be most helpful if the Committee Staff would ensure that the Department of Justice is advised, in advance of Committee Staff contact with FBI employees and former employees, of the name of the witness and the scope of the prospective interview. This would facilitate the interview process, since it would make it possible to ensure that appropriate instructions are issued to the witness under 28 CFR 16.22, and would permit early decision upon the release of any applicable secrecy agreements.

In the same vein, I should like to invite your attention to some procedural matters surrounding recent witness presentation before the Committee. It appears, from reports which I have received, that two former FBI agents who recently appeared, did not receive copies of the Committee's Rules of Procedures until immediately before appearance before the Committee; and that the scope of their proposed testimony was defined with somewhat less than optimum precision for pre-clearance. Some procedural problems are almost inevitable, especially in the early stages of hearings. I know that you share my interest in assuring that full procedural due process is unequivocally provided to all witnesses who testify before the Committee or are interviewed by Committee Staff. In calling this matter to your attention I seek your support in restricting such problems to a minimum and prospectively avoiding others of like kind.

Sincerely,

Edward H. Levi
Attorney General

SUBJECT: SENSTUDY 75

ALL INFORMATION CONTAINED
HEREIN IS UNCLASSIFIED
DATE 1-19-01 BY SP2ALM/RW

The purpose of this memorandum is to advise that a representative of captioned Committee has advised that if the Bureau's response to a Committee request concerning the Democratic Convention in Atlantic City in 1964 is sufficiently informative it may not be necessary to interview Bureau personnel concerning this matter and to recommend that an expeditious effort be made to furnish a summary concerning the Atlantic City investigation be made available along with certain documents concerning this matter.

By way of background, we have received a request dated 5-14-75 pertaining to many items, among which was information concerning the Bureau's activities in Atlantic City in 1964 at the Democratic National Convention. At a meeting on 5-30-75 it was pointed out to the Committee that certain aspects of their May 14, 1975, request were particularly burdensome, would in some instances invade privacy and for other reasons was most difficult. During this meeting which was attended by Mark Gitenstein, staff member of the Committee; John Elliff, Task Force Director; representatives of the Bureau; and K. William O'Conner, Special Counsel to the Deputy Attorney General for Intelligence Coordination, the Committee representatives indicated that subject to the Senate Committee's approval they would accept some sort of summary with regard to their request in Appendix D, Item 8 of the May 14, 1975, request. This item pertains to the Bureau's activities in Atlantic City.

We have had former Agents interviewed concerning this matter, a request has been made to interview two Bureau secretaries, and the Committee has indicated they intend to interview as many as five additional Bureau Agents concerning this matter. In conversation with K. William O'Conner, he mentioned that the Committee had specifically informed him that if the Bureau's response was informative enough concerning

the Atlantic City matter, they would not interview the two Bureau secretaries, Mary Ann Massa and M. Ann Mierzejewski. (The request concerning the interview of these Bureau employees, who are Newark Office employees, is the subject of a separate memorandum captioned and dated same.) He requested SA Paul V. Daly to contact Mark Gitenstein in an effort to determine what type of response the Committee expected concerning the Atlantic City incident.

On 6-4-75, SA Daly contacted Mr. Gitenstein and Mr. Gitenstein advised that the Committee knew of the existence of certain memoranda and in particular a memorandum from former Assistant to the Director C. D. DeLoach reporting a conversation with the President requesting Bureau coverage at the Convention. Gitenstein stated that with regard to the Atlantic City incident, if a summary was prepared concerning this incident which would in general show the types of people whose conversations were monitored, the type of information collected, and the type of information disseminated along with furnishing the Committee certain important documents that it would not be necessary to interview Bureau personnel. He indicated among the documents they would expect to be furnished would be the DeLoach memorandum along with other "benign" documents which would not involve a privacy consideration or other considerations which might preclude their being made available to the Committee. Gitenstein indicated that it is the Committee's feeling that information of a political nature such as the credentials argument at the Convention was collected and furnished to the White House and that the collection and dissemination of this information is not apparently in concert with the ostensive purpose of electronic surveillance. He felt that the summary need not and should not identify individuals monitored but rather describe them such as a senator or some other descriptive phrase to describe the individual whose conversation might have been monitored. He said as to the verification of the information contained in the summary with the information in the files, that subject will be addressed by the Committee at a later time.

Gitenstein again mentioned that if such information was furnished by the Bureau, their need to interview employees would be muted as what they are attempting to learn through interview of Agents involved would have already been furnished by the Bureau. He volunteered that the Committee is relatively well informed concerning this particular matter. It is obvious from the specific mention of the DeLoach memorandum along with other observations and statements he made that this could well be true.

CONTINUED - OVER

It is realized that the White House has requested that a paper be prepared which would include the Atlantic City incident; however, K. William O'Connor indicated that he had conversed with Mr. James Wilderotter, assistant to the Counsel to the President, and that Wilderotter had advised that document requests pertaining to Atlantic City or any other topic which will be addressed in a paper should be responded to and response should not be delayed.

It would appear to be advantageous to the Bureau to attempt to comply with the summary request along with furnishing certain documents concerning Atlantic City on an expeditious basis as opposed to the Committee continuing to conduct interviews of current and former Bureau personnel. If this type of arrangement can be worked out in this particular incident which the Committee characterizes as an abuse, it might lend itself to a similar arrangement in other areas.

RECOMMENDATION:

That the Intelligence Division expeditiously prepare a summary in line with the above concerning the Atlantic City incident along with furnishing the important documents concerning this incident.

NOTE:

Referenced teletype alerted field to work of the Senate and House Select Committees and Bureau's handling of its requests. Also, it pointed out FBI has pledged full cooperation with Committees. San Francisco teletype 5/14/75 advised that on that day Lester B. Seidel, Investigator, Senate Select Committee, telephonically sought and was furnished identities of SACs in San Francisco in 1970. Seidel did not indicate specific nature of his inquiries. Considering the publicity being afforded the work of the Committee, it is not inconceivable some unauthorized persons may attempt to obtain information from the FBI particularly at field level, under guise of one of the Committees. It is therefore believed this teletype to all SACs is desirable as a cautionary measure.

LEGAL DIVISION

Attached teletype advises former Agent Richard H. Davis, Atlanta Office, had been contacted by Senate Select Committee (SSC) Staff Member (FNU) Epstein in an attempt by Epstein to arrange an interview concerning Bureau investigation of Martin Luther King. On the night of 6-4-75, Michael Epstein, Staff Member SSC advised SA Paul V. Daly that he had contacted former Agent Davis to arrange interview concerning Bureau investigation of Martin Luther King, Stanley David Levison, and Southern Leadership Christian Conference (SLCC). Epstein stated Davis refused to submit to interview since he was bound by an employment secrecy agreement and needed necessary clearance from Bureau. He told Epstein that he would not contact Bureau for such clearance. Epstein requested Bureau release Davis from the agreement for purposes of this interview which will be a staff interview in Atlanta.

Legal Division recommends Davis be released from security agreement for purposes of this interview and to answer questions concerning the King, Levison, and SLCC investigations. If approved, we will separately advise Davis through Atlanta Office of this decision, and give him pertinent briefing.

TO : Mr. J. B. Adams DATE: 5-30-75

FROM : Legal Counsel

SUBJECT: SENSTUDY 75

This memorandum reports the results of an executive meeting of the Executive Committee of the Ad Hoc Coordinating Group of Congressional Review for the Intelligence Community on 5-28-75. The meeting was chaired by William Colby, Director of Central Intelligence. Also present were: Philip Buchen, Counsel to the President, James Wilderotter, Associate Counsel to the President, Thomas K. Latimer, Special Assistant to the Secretary of Defense, John M. Clarke, Associate Deputy to the DCI for the Intelligence Community, William O'Connor, Special Counsel for Intelligence Coordination, Department of Justice, Section Chief William O. Cregar, Inspector John B. Hotis, and senior officials of the State Department, National Security Agency, Office of Management and Budget, Defense Department, and the Treasury Department.

Hotis

The following matters of interest were discussed at the meeting:

House Select Committee on Intelligence Activities

Mr. Colby said he met earlier this week with Chairman Nedzi of the House Select Committee on Intelligence Activities, John L. Boos, Chief Counsel, and A. Searle Field, Committee Staff Director. He said they seemed interested in the relationship which had developed between the Senate Committee and CIA and asked where he thought the Senate inquiry was going. They also discussed procedures regarding access to documents and witnesses and requested they be furnished some basic materials concerning the CIA's authority to conduct intelligence investigations. They also requested that the Committee be provided with all the materials requested by the Senate Select Committee. Colby pointed out that the House Resolution (H-Res. 138) which established the Select Committee prohibits the disclosure of information outside the Committee without Committee approval. There is some question, however, whether this Resolution can supersede Rule 11 of the Rules of the House of Representatives

84 JUN 11 1975

which provides that members of the House shall have access to all Committee records. He said Congressman Robert N. Giaimo (D-Conn.) has indicated that he will not accept any limitations on access. Colby said he will appear in an open session before the Committee sometime in the next few weeks to discuss, in general terms, the agency's position on collection of intelligence information.

Senate Select Committee on Intelligence Activities

Mr. Wilderotter said that F. A. O. Schwarz, Counsel to the Senate Select Committee on Intelligence Activities, has agreed to identify in advance specific allegations of abuse that will be reviewed by the Committee. Wilderotter said he will then appoint a task force or some other coordinating mechanism within the executive branch to examine each of these areas in depth. The purpose will be to develop an executive department brief on each subject which can be used to respond to Committee requests. He felt that this might enable the Administration to gain the initiative on these issues and perhaps limit the Committee's inquiries to the boundaries set forth in the Senate Resolution. He asked that the agencies make an effort to identify abuse subjects so that the White House can pull together all the information available on each topic. He said it is already clear that the Committee will examine such subjects as assassinations and the CIA's role in the internal affairs of Chile and the Dominican Republic.

Mr. E. H. Knoche, Assistant to the Director, Central Intelligence Agency, reported that Mr. Colby has made three appearances before the Senate Select Committee and on each occasion discussed assassination matters. Mr. Colby will meet with the Committee three times next week, and it is expected that he will be asked about the Phoenix program and the covert activities of the CIA including political, counterintelligence, and clandestine intelligence collection. The Committee will trace the agency's operations back to the 1947 directive in an effort to determine how they relate to policy objectives of the Government.

Mr. William G. Hyland, Director of Intelligence and Research, Department of State, said the Committee has requested position papers on the Department's activities in Laos and Chile and to explain of the Department's approach to covert action and whether it was a supplement or instrument of policy. Mr. Hyland raised the question of whether the agencies had any moral obligation to advise former employees that documents were now being

CONTINUED - OVER

made available to Congress. He felt that they should be given an opportunity to review these files prior to interview in order to refresh their memories. Mr. Wilderotter agreed and said that each agency should adopt a similar policy.

Mr. John M. Clarke, Associate Deputy to the DCI, asked whether anyone knew what John Elliff hoped to accomplish as Director of the Task Force on Domestic Intelligence. We pointed out that his earlier writings would indicate that he intends to draft an intelligence charter for the FBI, and perhaps the entire intelligence community. Elliff has made a comprehensive study over the past several years of the Bureau's internal security intelligence functions, including sources of the FBI's authority and the legal restrictions of its operations. This was the subject of a paper he submitted at the Princeton Conference in 1971, and he has since called for the establishment of legal standards for the Bureau's collection, retention, and dissemination of intelligence information.

Mr. Buchen then requested that the FBI draft a proposed intelligence charter for the Bureau. He felt that it would be helpful for the Administration to have a proposal available which it might use to counter any recommendations made by the Committee. At the end of the meeting Mr. Wilderotter asked that a second paper be prepared reviewing all of Mr. Elliff's articles on the subject of domestic intelligence with the view toward identifying those issues which seem to be of major importance.

With regard to Mr. Buchen's request, we feel that it would be inappropriate for the Bureau to draft an intelligence charter for the executive branch. It is the responsibility of the White House and other consumers of intelligence to define their needs and propose appropriate operating authority. We also question the utility of reviewing Professor Elliff's writings on the domestic intelligence functions. We feel a better course of action at this point is simply to ask Mr. Elliff to define the goals and objectives of his task force. He has always been very candid and forthright and we have no reason to think that he would be reluctant to discuss the matter with us. In addition, it is likely his views on the intelligence function differ from those expressed in his earlier articles, and it is best to get his current thinking on the problem. If this approach proves unsuccessful, we can then resort to a review of his written materials.

RECOMMENDATIONS
CONTINUED - OVER

RECOMMENDATIONS:

(1) That Legal Counsel Division advise Mr. Wilderotter that we feel it is inappropriate for the Bureau to draft an intelligence charter ~~of~~ for the FBI and recommend that the White House draft a statement of its intelligence needs.

(2) That Legal Counsel Division contact Mr. Elliff and attempt to determine what his goals and objectives are as Director of the Task Force on Domestic Intelligence.

TO : Mr. W. R. Wannall

DATE: 6/6/75

FROM : W. O. Cregar

SUBJECT: SENSTUDY 75

This records the results of contact with Central Intelligence Agency (CIA) concerning release to Senate Select Committee (SSC) of two documents pertaining to Appendix C, Paragraph 24 of the SSC request to the Department of 5/14/75, which requested "all memoranda and other materials reflecting conversations, contacts or communications between the FBI and the CIA on the subject of the establishment or creation of 'notional' Marxist-Leninist organizations within the United States."

No information has been developed indicating this Bureau conferred with CIA regarding the establishment or creation of a Bureau-sponsored "notional" Marxist-Leninist organization. Although the FBI did, in fact, direct several such organizations, no information has been developed indicating the FBI consulted with CIA regarding their establishment or creation.

In one instance, CIA advised in 2/70 it had established a notional organization with post office box addresses in Boston, Massachusetts and Philadelphia, Pennsylvania. This notional organization, to be known as the Union for the Revolution, had the objective of developing penetrations and/or sources in revolutionary Arab groups in the Middle East. It was CIA's intention to circulate propaganda from the post office boxes in anticipation of interesting Arab groups. Thereafter, it was CIA's plan to use its personnel under "suitable" cover to contact the Arab groups. (See memorandum dated 2/13/70, captioned "Union for the Revolution," 100-456409-2, copy attached.)

62-116395-216

REC 102

By letterhead memorandum dated 3/23/70, the FBI indicated information had been received indicating the Union for the Revolution had been in contact with a domestic Marxist-Leninist organization requesting literature. This memorandum set forth an analysis of a "Statement of the Union for the Revolution" indicating the document lacked credibility as a revolutionary document. (LHM dated 3/23/70, captioned "Union for the Revolution," 100-456409-4, copy attached.)

CONTINUED - OVER

84 JUN 11 1975

Memorandum to Mr. W. R. Wannall
Re: Senstudy 75
62-116395

On 6/6/75, Mr. Walter Elder, CIA, advised that CIA had no objection to the LHM dated 3/23/70, being furnished to the SSC. With regard to the memorandum from Mr. Papich to Mr. Brennan dated 2/13/70, Mr. Elder requested that the name of the CIA representative who furnished the information in the memorandum be deleted from line one of the memorandum prior to its being furnished to the SSC. Provided this is done, CIA has no objection to this memorandum being furnished to the SSC. He suggested that when the name is deleted, it be replaced with the phrase "A CIA officer."

ACTION:

To record CIA's clearance of the above-described documents.

SECRET

Appendix C, III, 24

Please provide: all memoranda and other materials reflecting conversations, contacts, or communications between the FBI and the CIA on the subject of the establishment or creation of "notional" Marxist-Leninist organizations within the United States.

No information has been developed indicating this Bureau conferred with CIA regarding the establishment or creation of a Bureau-sponsored "notional" Marxist-Leninist organization. Although the FBI did, in fact, direct several such organizations, no information has been developed indicating the FBI consulted with CIA regarding their establishment or creation.

In one instance, CIA advised in 2/70 it had established a notional organization with post office box addresses in Boston, Massachusetts, and Philadelphia, Pennsylvania. This notional organization, to be known as the Union for the Revolution, had the objective of developing penetrations and/or sources in revolutionary Arab groups in the Middle East. It was CIA's intention to circulate propaganda from the post office boxes in anticipation of interesting Arab groups. Thereafter, it was CIA's plan to use its personnel under "suitable" cover to contact the Arab groups. (See memorandum dated 2/13/70 captioned "Union for the Revolution," 100-456409-2, copy attached.)

By letterhead memorandum dated 3/23/70, the FBI indicated information had been received indicating the Union for the Revolution had been in contact with a domestic Marxist-Leninist organization requesting literature. This memorandum set forth an analysis of a "Statement of the Union for the Revolution" indicating the document lacked credibility as a revolutionary document. (LHM dated 3/23/70 captioned "Union for the Revolution," 100-456409-4, copy attached.)

As the Union for the Revolution was strictly a creation of CIA, it is recommended before any information be disseminated outside the FBI relating to this organization, clearance be obtained through CIA.

SUBJECT: SENATE SELECT COMMITTEE ON INTELLIGENCE ACTIVITIES

ALL INFORMATION CONTAINED
HEREIN IS UNCLASSIFIED
DATE 1-19-01 BY

At 4:55 p.m. on June 4, 1975, Daniel M. Armstrong, III, telephonically advised me that he has not as yet been contacted by the Senate Select Committee staff for interview but it was his intention to call Mark Gitenstein to discuss further his interview by the Committee. Mr. Armstrong inquired as to whether the Bureau has any objections to his discussing the two subject areas previously described by Mr. Gitenstein. Those areas were Armstrong's knowledge of the Bureau's Intelligence Division activities as a result of his employment in the FBI, and his knowledge of the possibility of the Bureau getting an Executive Order establishing the FBI's authority in security matters.

I advised Mr. Armstrong that to the extent that the interview would concern those two subjects, the Bureau would have no objection and he could consider his secrecy agreement waived, but only to that extent. Mr. Armstrong inquired as to whether there were any particular problems with information he furnished to me on May 28, 1975. I told him that the waiver of the agreement was conditioned on the one limitation that he would not furnish information that would identify informants, compromise current investigations, or on-going programs, or reveal other sensitive matters which should be reserved for the information of members of the Committee or the Chairman of the Committee.

I told Mr. Armstrong that the Bureau would have available during his interview, though not present at the interview, a representative who would provide him with counsel as to any problems concerning subjects he may be reluctant to discuss with the Committee representative. I explained that the FBI representative was not intended to inhibit any

DATE: 5/19/75

FROM : W. E. Harward

SUBJECT: SECURITY SURVEYS - SENATE SELECT COMMITTEE ON INTELLIGENCE ACTIVITIES - HOUSE SELECT COMMITTEE ON INTELLIGENCE ACTIVITIES - CAPITOL POLICE DEPARTMENT

Rememos Legal Counsel to Mr. Adams dated 4/9/75 and 4/25/75, concerning above-captioned matter, copies attached.

Liaison with Capitol Hill by the Office of Legal Counsel resulted in an arrangement whereby Laboratory representatives could meet with those members of the Capitol Police Force handling security surveys for the U. S. Congress. Laboratory personnel met with members of the Capitol Police Force on 5/6/75 and 5/8/75 at their headquarters, 331 First Street, NE, Washington, D. C. At the meeting on 5/6/75 an examination of their survey equipment revealed that it was adequate, however it did not meet the level of sophistication or quality available at the present state of the art. Further discussion revealed that the training received by members of the police force handling their responsibility was limited.

On 5/8/75 Laboratory Supervisors Wilbur G. Stevens and Joseph B. Parsons met with Chief James M. Powell and some of his staff members which included Deputy Chief Garner, Captain Brannon, Head of the Investigative Unit, and Lieutenant Bell, Head of the Bomb Disposal Unit. The discussion at this meeting centered around steps which could be taken to update their present security survey equipment as well as additional measures which could be put into practice to enhance their technical expertise in this area. Laboratory personnel furnished them with the names of manufacturers of additional survey equipment as well as suggestions as to the establishment of an in-house training program.

Memorandum W. E. Harward to Mr. Cochran
RE: SECURITY SURVEYS - SENATE SELECT COMMITTEE ON INTELLIGENCE ACTIVITIES - HOUSE SELECT COMMITTEE ON INTELLIGENCE ACTIVITIES - CAPITOL POLICE DEPARTMENT

At the conclusion of this conference, Chief Powell expressed his sincere appreciation to the Bureau for the excellent help and guidance extended to him and his staff in this matter of mutual interest, and expressed the hope that he could call on us again in the event he or his staff needed to tap our resevoir of knowledge. The Chief was assured that we would be available if needed in this capacity.

It appears that the Capitol Police Force has been forced into the untenable position of handling this responsibility for the Congress, and as a result are attempting to establish some degree of self-reliance and outward credibility being completely inexperienced in this area of technical expertise. Because of this, it is felt that the Bureau should move cautiously in any continuing liaison with the Capitol Police concerning security survey matters.

RECOMMENDATION:

It is recommended that any continuing liaison with the Capitol Hill Police Force be handled by mature and experienced Special Agent Supervisors, who are completely familiar with security survey matters.

HOUSE SELECT COMMITTEE
ON INTELLIGENCE ACTIVITIES

ALL INFORMATION CONTAINED
HEREIN IS UNCLASSIFIED
DATE 1-19-01 BY SP2ALM/R

During various contacts with William Miller, Staff Director of the Senate Select Committee, and Congressman Lucien Nedzi (D-Mich.), Chairman of the House Select Committee, the question has come up regarding the need for a check of the private offices of individual Committee Members to ensure the absence of any electronic listening devices. The Committee personnel have been told that we consider this absolutely essential and they agreed.

In exploring this matter, it was determined that the Capitol Police Department recently has established a special unit to handle all types of security problems within the Capitol Hill complex, including checks for electronic listening devices. Personnel of this unit have received extensive training, some from CIA. The operations of the unit are controlled through the Sergeants at Arms of the House and Senate.

This matter has been discussed with Robert Hough, Deputy Sergeant at Arms of the Senate and with Kenneth Harding, Sergeant at Arms of the House. Hough advised that the special unit already has conducted complete security surveys of the new office space of the Senate Select Committee and certainly will perform any other checks of this type needed by the Committee or its individual Members. He said, in fact, that since they now have this capability they would oppose any outside agency coming on to the Hill to perform this function. Hough said he already has been in contact with Miller regarding the necessary security checks and Miller stated he will let us know when the offices of the Senate Select Committee Members were checked. He said their rules require specific requests from the individual Members in writing.

Legal Counsel to Mr. Adams Memo
RE: SENATE SELECT COMMITTEE
ON INTELLIGENCE ACTIVITIES
HOUSE SELECT COMMITTEE
ON INTELLIGENCE ACTIVITIES

This matter was discussed with Congressman Nedzi on 4-9-75, and he stated he would promptly contact Mr. Harding to work out the necessary arrangements for security checks needed by his Committee and its Members. Harding has promised to let us know when the checks of the House Select Committee Members have been completed.

All contacts concerning this matter have been handled by Inspector Bowers who will continue to follow this situation with Senate Sergeant at Arms, William H. Wannall, or his Deputy; House Sergeant at Arms Harding; Mr. Miller of the Senate Select Committee; and Congressman Nedzi.

RECOMMENDATION:

For information.

ADDENDUM: INTELLIGENCE DIVISION WOC:ekw 4/14/75

On 4/11/75 the Executive Committee of the Ad Hoc Coordinating Group on Congressional Review for the Intelligence Community was apprised of the discussions with Mr. Robert Hough, the Deputy Sergeant at Arms of the Senate and with Mr. Kenneth Harding, Sergeant at Arms of the House. Although the Executive Committee would have preferred the FBI to conduct audio sweeps, they interposed no objection to the sweeps being handled by the Capitol Police Department. Mr. Roderick Hills, Counsel to the President, requested, however, that both Mr. Hough and Mr. Harding be requested to periodically advise the FBI as to the sweeps of Committee space for electronic listening devices. Specifically, Mr. Hough and Mr. Harding should be asked to furnish the FBI the following: How frequently they will conduct a counteraudio sweep, what offices will be swept, will the results of such sweeps be furnished the FBI, and will the FBI be immediately notified should the Capitol Police locate an electronic listening device?

SENATE SELECT COMMITTEE
ON INTELLIGENCE ACTIVITIES

HOUSE SELECT COMMITTEE
ON INTELLIGENCE ACTIVITIES

Reference Legal Counsel to Mr. Adams memorandum of 4-9-75 to which the Intelligence Division placed an addendum dated 4-14-75 showing that Roderick Hills, Counsel to the President, had requested that the Sergeants at Arms of the Senate and House of Representatives keep the Bureau advised regarding checks made for electronic listening devices in the offices of captioned Select Committees.

This was discussed on 4-23-75 by Inspector Bowers with Senate Sergeant at Arms William Wannall and his Deputy, Robert Hough. They were amenable to notifying us concerning the checks they make of Senate Select Committee space and the offices of the Members of this Committee. Hough was designated by Wannall to handle this matter. Hough advised that the special Capitol Police unit had made a check of Room S148 in the Capitol on that date (4-23-75) prior to a meeting of the Senate Select Committee in that room and found nothing. Hough stated they have received no requests whatever to make any checks of the offices of individual Committee Members. He said he had discussed this matter with William Miller, Staff Director of the Select Committee, and Miller indicated it would be taken up with the Committee but he has heard nothing further from him.

On 4-24-75 Bowers discussed this matter with Kenneth Harding, Sergeant at Arms of the House of Representatives. Harding stated he has had no requests for any checks of the Members' offices or

SUBJECT: SENATE SELECT COMMITTEE ON INTELLIGENCE ACTIVITIES; INTERVIEWS OF FBI EMPLOYEES OR FORMER EMPLOYEES

ALL INFORMATION CONTAINED
HEREIN IS UNCLASSIFIED
DATE 1-19-01 BY SP2ALM/rw

Hotis

At the Executives Conference on May 22, 1975, I presented for discussion the question of the procedures to be followed when former employees or current employees of the Bureau are contacted for interview by staff representatives of the Senate Select Committee, or are called for testimony pursuant to a subpoena issued by the Committee. I explained the background including the numerous attempts to arrive at a working arrangement with the Committee in terms of stated guidelines and that all such efforts in the past had proven unworkable.

I pointed out that when presented with the proposal that an agency representative be present during interviews, the Committee met and voted unanimously to reject that proposal. The issue of whether the agency representative would be present during the interview therefore is a stumbling block to the development of a reasonable procedure to be followed by the Committee and by our present and former employees. I requested the authority of the Executives Conference and approval of the Director to waive the requirement that a Bureau representative be present during interviews and following a vote such approval was given.

I then requested authority to undertake the development of a working understanding with the Committee in behalf of the Bureau by which we would be given notice of the identities of persons to be interviewed prior to interview or testimony, that we would be advised of the subject matter of the

17 JUN 10 1975

84 JUN 11 1975

interview or testimony, and afforded an opportunity to discuss with the witness those areas of the proposed interview or testimony which would require no special arrangements and those areas which would require the information possessed by the witness to be furnished to members of the Committee or to the Chairman exclusively.

We also wanted an opportunity prior to interview to furnish the witnesses information concerning their Constitutional rights, their rights pursuant to the Committee's rules, and to advise them concerning the extent to which they were released from obligations of secrecy made to the FBI, and to the procedures necessary to obtain authority of the Department to respond to a subpoena.

Following discussion and vote this matter also was approved.

Pursuant to such authority, I met with K. William O'Connor, Deputy Assistant Attorney General, from approximately 4:00 p.m. to 5:20 p.m. on May 22, 1975, accompanied by Inspector John B. Hotis. I explained to Mr. O'Connor that the Director was desirous of having the Committee understand that the FBI wanted to be cooperative to the extent that it was possible and consistent with the need to protect the identities of informants, sensitive sources of information and methods, on-going investigations and other current operations and personal privacy. Because of this view of the Director and the Bureau, we desired to make known to the Committee the fact that we would not insist on the presence of a Bureau representative during actual interviews or testimony of present or former employees, but we would want an understanding with the Committee and the Committee staff that the Bureau would be given prior notice of the identities of proposed witnesses, the subject matter of the proposed interview or testimony, and an opportunity prior to interview or testimony for the Bureau to consult with the employee in order to release him from his obligations of secrecy to the extent possible for purposes of the interview or testimony.

I restated our position that we were not endeavoring to deter testimony rather we were attempting to facilitate testimony under reasonable conditions and we felt that these matters should be discussed with the Committee. I told Mr. O'Connor that we were aware of the numerous discussions, proposals and conferences that have been held in an effort to establish specific formal guidelines with the Committee, but that all such efforts in behalf of the White House staff and the intelligence community at

CONTINUED - OVER

large have not been successful. I told him that therefore we felt it would be appropriate for the FBI to express our view to the Committee because interviews of FBI personnel and former employees have been conducted and are scheduled in the near future.

Mr. O'Connor said that he understood the Director's view that he desired to cooperate with the Committee and he felt that such cooperation could be negotiated if we were to offer the Committee as trading material COINTELPRO files. I told Mr. O'Connor that we were not going to negotiate an understanding concerning witness interview procedures on the basis of trading any of our files. He then suggested that we negotiate the May 14, 1975, letter which was addressed to the Attorney General by Senator Church and use that negotiation as a basis for trading with the Committee to develop workable guidelines. I again told Mr. O'Connor that I considered the question of procedural arrangements for witness interviews to be a very broad question and one that went far beyond the requests in the May 14, 1975, letter. I told him that I felt confident that the May 14, 1975, letter would be followed by perhaps an even longer letter with more requests and that such matters should be negotiated individually.

Mr. O'Connor then said that it was his strong view that a letter should be addressed to the Committee complaining of the treatment of FBI witnesses, particularly regarding violations of the Committee's own rules in that it appeared that during recent interviews the Committee had not furnished witness a copy of the rules in sufficient time and the treatment by staff representatives (& the Committee staff) of witnesses had been improper.

I told Mr. O'Connor that I thought that our efforts to develop a working relationship with the Committee could be seriously impaired at this time should a protest letter be sent to Senator Church because a formal communication of that nature would require some reaction on the part of the Committee and I could see no benefit to our present efforts to establish procedures by which we could reasonably cooperate with the Committee.

Mr. O'Connor then suggested that a letter might be addressed to Senator Church which described our concern that in the absence of reasonable procedures witnesses' rights might be impaired and that for that

CONTINUED - OVER

reason and for the reason that the Director desired to be cooperative with the Committee, we would request a meeting with Senator Church and Senator Tower to arrive at an understanding as to procedures. I told Mr. O'Connor that I would consider such a letter and he said he would discuss the matter with the Deputy Attorney General and with James Wilderotter at the White House.

At approximately 9:05 a.m. on May 23, 1975, Mr. O'Connor called me and said that he had discussed the matter with Mr. Wilderotter and the Deputy Attorney General. He said that both had agreed that it was inopportune at this time to seek special guidelines for interviews of FBI personnel and former personnel with the Committee. He said that a meeting has been scheduled for Tuesday, May 27, 1975, at noon in a final effort to resolve an understanding with Committee representatives. He said at the present time it is proposed that the meeting be attended by Wilderotter and Roderick Hills, representing the White House; Hoffman, representing the Defense Department; Warner, representing CIA; and O'Connor representing the Justice Department. Committee representatives would be Schwarz, Chief Counsel, and John Elliff. He said that at this time it was his thought that the Deputy Attorney General and I should not attend the meeting. He gave as his reasoning the thought that "should something go wrong" the Deputy Attorney General could disassociate himself from any agreement arrived at, and that I would similarly be in a position of saying that we have not been a party to the agreement.

I reminded Mr. O'Connor that meetings have been held frequently in the past and that tentative understandings made at such meetings have disappeared shortly after the meeting was concluded. I told him that was significant to us because we now understand that two more former employees of the FBI have been contacted and may be interviewed in the near future. I told him that former SA Sam Papich and former Agent Nichols have been contacted. I told him that the extent to which we should release these two former employees from their obligation of secrecy could not be intelligently evaluated unless we knew the subject matter of the interviews and that we plan to contact the Committee to inquire as to the subject matter. I pointed out to him that such pending interviews make it imperative for the FBI to consider action in addition to meetings that may be planned to discuss guidelines.

CONTINUED _ OVER

Mr. O'Connor asked that we not contact the Committee directly at this time, but that we allow him to call John Elliff and Schwarz to request that he be advised of the identity of all proposed FBI witnesses and of the subject matter of the proposed interviews, and that such interviews or testimony not go forward pending developments of an agreement on guidelines. O'Connor promised that he would make the contact promptly and advise me today of the results. I agreed to withhold our contact pending receipt of the information from him.

Mr. O'Connor then insisted that a letter be prepared for the Attorney General to send to Senator Church pointing out the failure of the Committee to afford complete protection of the rights of witnesses. I declined to undertake that responsibility and I told him the reason was that a formal document addressed to the Chairman of the Committee would tend to impair our efforts to negotiate with the Committee and certainly would be untimely in view of the conference he described as being scheduled for next Tuesday at noon.

Mr. O'Connor then said he would hate to have to tell the Deputy Attorney General that the FBI declined to prepare such a draft. I told him that not only would I not mind him telling the Deputy Attorney General, but I wished he would tell the Deputy Attorney General and explain my reason for not sending such a formal letter addressed to Senator Church at this time. Mr. O'Connor said that "well everyone else agrees to the letter," and I told him the FBI does not agree.

Mr. O'Connor said that if he was going to have to draft the letter for the Attorney General's signature, he would do it, but that he would need the information concerning the interviews of former SA Devlin and former SA Sentinella. I told Mr. O'Connor that the information concerning Sentinella was en route to him already and that we would endeavor to furnish him as promptly as possible any additional information available to us concerning these interviews.

At 11:13 a.m. on May 23, 1975, Mr. O'Connor called me and said that he had just concluded a conversation with John Elliff during which Elliff agreed that in regard to the scheduled interview of former SA Sam Papich on May 29, 1975, at 9:00 a.m., he would furnish us the substance of the

CONTINUED - OVER

questions to be asked Mr. Papich. He said that Elliff was agreeable to an informal arrangement under which the FBI would not require the presence of a Bureau representative at such interviews, but would expect to receive the identity of persons to be interviewed plus a statement as to the subject matter of the interview. Elliff then proceeded to identify as those persons scheduled for interview as William Turner, who will be interviewed today or this weekend by Mike Epstein at San Francisco, and "Chick" Brennan, who was interviewed yesterday, May 22, 1975, by Mark Gitenstein and who may be interviewed again today.

As to the interview of Sam Papich, Elliff said that the interview would concern:

1. A liaison agreement between the FBI and CIA;

2. The abolition of Papich's liaison responsibilities in 1970;

3. Dissatisfaction by the FBI with the Huston Plan;

4. The views in the White House regarding the intelligence community and the FBI with reference to a conversation Elliff had with Mr. Wannall and Mr. Cregar on May 22, 1975;

5. A detailed follow-up on the discussions with Mr. Wannall;.

6. A copy of the Huston Plan and certain minutes taken of meetings at which the Huston Plan was discussed. These minutes allegedly were made by William Cregar;

7. The matter raised with Paul Daly on May 22, 1975. (Mr. Daly recalled that Mr. Elliff discussed an incident concerning the CIA and the FBI which occurred at Denver, Colorado.)

Mr. O'Connor said that an interview proposed with former SA Nichols has been postponed indefinitely according to Elliff because of Nichols' unavailability.

CONTINUED - OVER

Memorandum to Mr. Adams
Re: Senate Select Committee

Mr. O'Connor noted that even though formal current rules have not been agreed upon with the Committee, it appears that Elliff's cooperation in furnishing the above information indicates a willingness to abide by the terms and conditions that I had requested Mr. O'Connor to seek in behalf of the FBI.

In this developing cooperation with Elliff, it is my opinion that we should not participate in the conference at noon on Tuesday, May 27, 1975, at which time the broad proposals by Wilderotter will be discussed. It is to the interest of the FBI to develop a cooperative attitude on the part of Elliff and his staff and that is being accomplished.

SUBJECT: SENATE SELECT COMMITTEE ON INTELLIGENCE ACTIVITIES

At 10:37 a.m. on May 28, 1975, former FBI employee Daniel M. (Mac) Armstrong, III, telephonically advised me that he has received information that the Senate Select Committee may contact him for purpose of interview. He requested my advice as to what his response should be. I told Mr. Armstrong that he should be aware of any secrecy agreements he may have signed while an employee of the FBI and he should be aware of the Attorney General Order 501-73. I told him the Director was interested in being as candid as possible with the Committee and that we would be willing to release him from his agreement to the extent it would be possible to do so consistent with the needs of on-going investigations and the sensitivity of the particular information. involved. I told him that should he receive a request for interview or subpoena, it would be appropriate for him to inquire as to the general areas of discussion proposed for the interview and to request the Director to release him from the secrecy agreement concerning those areas.

Mr. Armstrong said that if he was contacted, he would respond according to the advice furnished him.

Enclosed is a copy of Bureau teletype 5/28/75 to selected SACs and one copy each of Bureau teletypes 5/2 and 20/75 to all SACs, latter two teletypes for background information concerning captioned matter.

You will note that the Senate Select Committee (SSC) is interested in the whereabouts of some current employees of your office, including yourself. For your additional information, an SSC Staff Member recently inquired of a former Bureau official concerning communications sent to Legat, Rome, in 1964 concerning Martin Luther King, Jr., and concerning the name of the Legat at Rome in 1964. (It was the erroneous recollection of the former Bureau official that Armand Cammarota was the Legat in Rome in 1964).

Handle all inquiries from the SSC in accordance with the enclosed instructions.

SUBJECT: SENATE SELECT COMMITTEE ON INTELLIGENCE ACTIVITIES

At 11:44 a.m. on June 5, 1975, Daniel M. Armstrong, III, telephonically advised me that he is scheduled to be interviewed at 10:00 a.m. on June 6, 1975, in Room 308 of the New Senate Office Building by Mark Gitenstein. He requested a Bureau representative to be available forc consultation during the interview. I told Mr. Armstrong that I would make appropriate arrangements and that the individual who would be available would contact him to make necessary arrangements prior to the interview.

RE: FILING SYSTEM

ALL INFORMATION CONTAINED
HEREIN IS UNCLASSIFIED
DATE 1-18-01 BY SP2ALM/rw

Reference is made to memorandum from captioned Committee dated April 30, 1975, and the appendices thereto, which contained requests for documents and other information from the FBI.

In connection with Part four, concerning the FBI's filing system and printed forms utilized by this Bureau, enclosed are copies of the following:

1. Undated nine-page memorandum captioned "FBI Indexing Procedures."

2. One copy each of 13 Tables of Contents concerning forms utilized by this Bureau.

Concerning the FBI's filing system and the Committee's requests for a so-called "Clerk's Manual;" and for a list of FBI classifications used in its filing system, it will be noted that the nine-page memorandum contains the list of classifications. With respect to the so-called "Clerk's Manual," the Files and Communications Division of the FBI maintains detailed instructions which are followed by its employees in classifying mail for indexing. It is not known whether such instructions are what is referred to by the Committee as the "Clerk's Manual." These instructions consist of nine volumes of material. Because of their bulkiness and because it is not clear whether this material would serve the Committee's purpose, it is not being furnished at this time. However, it will be available for review at FBI Headquarters by the Committee Staff.

ENCLOSURE

FILING SYSTEM

The following will explain the Tables of Contents concerning FBI forms which are being furnished in lieu of the actual forms at this time. This procedure is being followed because the forms number nearly 2,000 and many will probably be of no interest to the Committee. If the Committee will review these Tables of Contents and advise which forms it desires to see, appropriate steps will then be taken to make them available to the Committee Staff. The Tables of Contents headed "FBI Form Book" lists all FBI FD (Field Division) forms which are in use throughout the field. The remaining Tables of Contents list those forms applicable to the work of specific FBI Divisions at Headquarters. For example, forms with the prefix "1" are used in Division One (Identification); those with prefix "2" are used in Division Two (Training); etc. There are no forms peculiar to Divisions 11 (Legal Counsel) and 13 (Office of Planning and Evaluation). Those forms with prefix "0" (omnibus) are for use by two or more Divisions at Headquarters.

1 - The Attorney General

NOTE:

Clearance for making these Tables of Contents available was obtained from the Training Division for the FD forms and from each Division for its applicable forms. The Files and Communications Division has cleared the paper "FBI Indexing Procedures."

TO : Mr. W.R. Wannall

DATE: 5/12/75

FROM : H.C. Flemister, Jr.

SUBJECT: CLEARANCE OF CERTAIN DOCUMENTS PREPARED BY THE INTERDEPARTMENTAL INTELLIGENCE CONFERENCE (IIC) FOR RELEASE TO THE SENATE SELECT COMMITTEE

The following is to record the clearance of certain documents prepared by the IIC and, in some instances, the Interdepartmental Committee on Internal Security (ICIS) for release to the Senate Select Committee (SSC).

The SSC has been furnished a paper prepared by the Intelligence Division which was a position paper on the FBI's jurisdiction in internal security matters, intelligence and counterintelligence investigations. This paper was dated 2/13/75 and set forth information taken from certain documents or parts of documents by the IIC and, in some instances, the ICIS. All of these documents have been cleared for passage to the SSC by the following members of the IIC, as well as Mr. William Wark, Executive Secretary of the ICIS:

> Mr. Rowland Morrow, Director, Defense Investigative Programs Office; Mr. Merrill Kelly, Deputy Director of Operations, ACSI, U. S. Army; Colonel Leo Olsen, OSI, U. S. Air Force; Mr. Jack Donnelly, Naval Investigative Service.

Mr. Wark advised he did not feel it necessary to clear documents through the Attorney General since they pertain to IIC matters which were merely concurred in by ICIS.

Copies of the documents involved are attached and are as follows:

NOTE:

The Senate Select Committee has expressed an urgent interest in the details of any FBI investigation concerning the disappearance of Thomas Riha, former Professor at University of Colorado, Boulder, Colorado, in March, 1969. The Bureau conducted no investigation regarding the disappearance. There was considerable publicity with reference to a statement made by Dr. Smiley, then President of the university, that he had been informed by a Government official that Riha "was alive and well" Smiley was interviewed by the El Paso Office. Smiley furnished information in the strictest of confidence, not to be disseminated to any outside agency, regarding his contacts with a CIA representative in Boulder after the Riha disappearance. It was the CIA official who told him that Riha was alive and well. Without the Smiley interview our response to the Senate Select Committee has an obvious gap. If the Committee calls any witnesses in the Riha matter Dr. Smiley would be one of the most logical persons to call. The passage of time and other factors may have brought about a change in the mind of Dr. Smiley regarding the necessity to keep the information furnished by him in a confidential relationship with the Bureau and it is believed he should be given the opportunity to either reinforce his request for confidentiality or release the Bureau from the restriction he imposed.

WITH RESPECT TO INTELLIGENCE ACTIVITIES

RE: INTERVIEW OF RETIRED SPECIAL AGENT (SA)
BY SENATOR WALTER F. MONDALE AND
STAFF MEMBERS OF THE SENATE SELECT
COMMITTEE (SSC)

ALL INFORMATION CONTAINED
HEREIN IS UNCLASSIFIED
DATE 1-18-2001 BY SP2ALM/RW

Set out below is information voluntarily furnished to the FBI by retired SA John P. Devlin following his voluntary appearance before Senator Mondale and Staff Members of the Senate Select Committee on May 19, 1975. Devlin's appearance followed an interview of him by Senate Select Committee Staff Member Michael T. Epstein on April 25, 1975. A memorandum reporting the results of the April 25, 1975, interview was forwarded to the Attorney General as an enclosure to my letter to the Attorney General dated May 8, 1975, entitled "United States Senate Select Committee to Study Governmental Operations with Respect to Intelligence Activities."

On May 19, 1975, Devlin was interviewed by Senator Mondale; SSC Chief Counsel Frederick A. O. Schwarz, Jr.; Assistant Minority Counsel Charles Kirbow; and Epstein. The interview was conducted in a building across the street from the Dirksen Building in Washington, D. C., and lasted from approximately 2:00 p.m. to 3:20 p.m. Devlin was not subpoenaed to appear but appeared voluntarily. He was placed under oath by Senator Mondale.

At the outset of the interview Devlin was advised of his rights; that he could be represented by counsel and that if he had none, but desired counsel, the Committee Staff would attempt to provide one for him. At the conclusion of the interview he was thanked but given no indication as to whether he would be called to testify before the SSC.

Re: Interview of Retired Special Agent (SA)
by Senator Walter F. Mondale and
Staff Members of the Senate Select
Committee (SSC)

Following being advised of his rights, Devlin was asked who sent him to Atlantic City and why he was sent. He advised he received his instructions from Special Agent in Charge Ralph Bachman through Devlin's supervisor, SA Vincent Murphy. It is to be noted here that upon being interviewed by Epstein on April 25, 1975, Devlin had indicated he had received his instructions through his supervisor, SA William Gagnon. Devlin corrected this mistake during the interview of May 19, 1975. As to why he was sent, Devlin advised that as a sound man of the Newark Office he was sent to Atlantic City, New Jersey, to install a technical surveillance on Martin Luther King, Jr., who occupied a room at the Claridge Hotel in that city. Devlin was asked whether the monitoring plant for the electronic surveillance was located in the same hotel. Upon being advised it was the interviewers' desire to know whether the location of the plant at the Claridge Hotel was also designed to serve as a physical lookout on King's room, Devlin advised he was not aware that the FBI employed a physical lookout on King's hotel room. Devlin was also asked whether he installed a microphone in the room of King. He advised that he had not because it was not technically feasible. Also of concern to those interviewing Devlin on May 19, was whether he had personal knowledge as to whether the Attorney General had approved the electronic surveillance on King's telephone. Devlin replied he had no personal knowledge but assumed such authority had been obtained by his supervisor. Devlin was also asked if he could recall any conversations over King's phone which were monitored. Devlin replied that the only recollection he had involved conversations between King and his wife wherein they discussed her plans to travel to Atlantic City. Additionally, he did recall conversations involving the noted entertainer, Mehalia Jackson, who was appearing at that time in Atlantic City. Devlin could not recall the substance of the conversation with Jackson. He was also asked whether he retained or possessed any

Re: Interview of Retired Special Agent (SA)
by Senator Walter F. Mondale and
Staff Members of the Senate Select
Committee (SSC)

notes regarding the activity that occurred in Atlantic City during the Democratic Party Nominating Convention during the summer of 1964. Devlin advised that he did not retain any notes but subsequent to the original contact of him by Epstein, Devlin called SA John Connelly of the FBI Office in Newark in an effort to review any available material that might refresh his recollection. Connelly advised Devlin that all materials and notes retained by the Newark Office were forwarded to FBI Headquarters. This information was conveyed to the interviewers on the occasion of the May 19, 1975, interview.

Devlin also was asked if he ever questioned the technical coverage of King inasmuch as it appeared to be for political rather than security reasons. Devlin replied that he had no reason to question the technical coverage of King. He also was asked if he personally met with Mr. Cartha DeLoach of the FBI while both were in Atlantic City. Devlin advised he could not recall whether he actually met DeLoach, pointing out that SA Billie D. Williams was assigned the liaison responsibility with DeLoach.

Devlin was asked whether he had contacted the FBI following his original interview by Epstein on April 25, 1975. Devlin advised he had reported the interview by Epstein to the FBI Office in Newark, New Jersey. He further advised that subsequent to this, he received a call from Newark Assistant Special Agent in Charge Herbert Clough who informed him that should he be contacted in the future, and should he feel he needed to consult with FBI officials, he could call the Legal Counsel Division, FBI Headquarters, in Washington, D. C., collect, for such consultation. Senator Mondale desired to know who Devlin saw upon his arrival in Washington, D. C., on the morning of May 19, 1975, and specifically what instructions he received from the FBI. Devlin advised Senator Mondale that

Re: Interview of Retired Special Agent (SA)
by Senator Walter F. Mondale and
Staff Members of the Senate Select
Committee (SSC)

upon arrival in Washington, D. C., he reported to Inspector John Hotis of the Legal Counsel Division and Paul V. Daly of the FBI at which time he was advised of what obligations he had to the Attorney General as a former employee of the FBI to protect information obtained by virtue of his former employment in the FBI. Subsequent to Devlin's meeting with Mr. Hotis and Mr. Daly, he spent the remainder of the morning with SA William O. Cregar. Mondale desired to know specifically what Devlin and Cregar discussed. Devlin advised that other than discussing mutual friendships in the FBI, Cregar advised of what Cregar's role would be in accompanying him to the interview and specifically that Devlin could feel free to ask for the opportunity to consult with Cregar during the interview if the line of inquiry could possibly reveal the identity of sources, sensitive methods or investigative techniques, information derived from third agencies, or information which could adversely affect sensitive ongoing investigations.

NOTE:

Original and one copy to the Attorney General (AG) for forwarding the copy of the memorandum to James A. Wilderotter, Associate Counsel to the President. The information contained herein was orally furnished to SA W. O. Cregar by former SA Devlin following his interview of May 19, 1975.

Honorable John O. Pastore, Chairman
Joint Committee on Atomic Energy
United States Congress
Washington, D.C. 20510

Dear Mr. Chairman:

In my letter to you on 20 May 1975 I requested your assistance in making the Joint Committee's secure storage facilities available for the retention of certain sensitive material to which access is needed by the Senate Select Committee to Study Governmental Operations with Respect to Intelligence Activities. Those arrangements have been made with Mr. George Murphy and with the Select Committee. I want to thank you for making the facilities available and for permitting Mr. Murphy to be the custodian of the material.

A further need has now arisen for the same kind of arrangement for the House Select Committee on Intelligence. Again I would be very grateful to you and Mr. Murphy if a similar arrangement could be made for the members of the House Committee and members of the Committee staff designated for access to such material by mutual agreement of Chairman Nedzi and myself.

Sincerely,

/s/ W. E. Colby

TO : Mr. J. B. Adams

DATE: May 23, 1975

FROM : Legal Counsel

SUBJECT: SENSTUDY 1975

Mr. John Elliff, Domestic Intelligence Task Force Director of captioned Committee advised that they were in receipt of a letter from the U. S. Postal Service informing the Committee an inquiry concerning the identity of all mail covers placed by the FBI since 1960, should be directed to the FBI.

Elliff inquired as to whether a letter from the Committee concerning this particular request should be directed to the Bureau or Attorney General. He was instructed the request should be directed to the Attorney General. Elliff said that he would direct such a letter to the Attorney General making a request concerning mail covers in the near future.

RECOMMENDATION:

The Intelligence, Special Investigative and General Investigative Divisions should gather necessary material so that the appropriate response might be prepared.

UNITED STATES SENATE SELECT COMMITTEE ON INTELLIGENCE ACTIVITIES

ALL INFORMATION CONTAINED
HEREIN IS UNCLASSIFIED
DATE 1-26-01 BY SP2ALM/RW

Reference is made to a letter from the Senate Select Committee dated March 19, 1975, requesting certain documents and other information from the Federal Bureau of Investigation (FBI).

Two of the documents requested were the Special Report of the Interagency Committee on Intelligence (Ad Hoc) dated June, 1970, and the original report on COINTELPRO activities prepared by the Committee headed by Assistant Attorney General Henry Petersen. With respect to the original report on COINTELPRO activities, pursuant to the conversation between Mr. John C. Keeney, Department of Justice, and Special Agent James C. Farrington, FBI Headquarters, on March 27, 1975, it was agreed the Department would await receipt of the Bureau's opinion prior to formulating its response to Senator Church's request for the 39-page Petersen report on COINTELPRO.

The 39-page COINTELPRO report, as well as all but one of Exhibits A through P attached thereto, contains matters relating to the internal deliberations of Department and FBI representatives who constituted the study Committee headed by former Assistant Attorney General Petersen. It is, therefore, suggested that if it is decided the report should be made available to Senator Church, it be done with the provision it not be made public.

EX 104

REC-59

62-116395-195

MAY 1 1975

Concerning the exhibits referred to in the text of the report: Exhibits A through L are summaries and memoranda prepared by the FBI or by Department attorneys based on their review of FBI material, and some of these are classified "Secret"; Exhibits M and N are legal memoranda prepared by Department attorneys in connection with the study Committee inquiry; Exhibit P is a work paper prepared by the FBI setting

forth overall recommendations relating to counterintelligence activity. All of these exhibits are in the nature of deliberative, internal work papers wherein opinions were freely expressed because they were not prepared with the idea in mind of publication, and it would appear they would be exempt from disclosure even if the report itself is furnished to Senator Church.

It is, therefore, recommended that, due to the above considerations, those exhibits prepared by the FBI not be furnished to Senator Church if you do decide to give him the report. It is felt the Department should determine if those exhibits prepared solely by the Department, such as Exhibits M and N, should be furnished to the Senator, but it is our recommendation that they not be for the same reasons as stated above.

Exhibit O is a press release dated December 7, 1973, which, of course, is already public source in nature.

You will recall that then Deputy Attorney General Laurence Silberman, in testimony before the Civil Rights and Constitutional Rights Subcommittee of the House Committee on the Judiciary as to why this 39-page report should not be furnished to that Committee stated, "...if we had thought it was appropriate to release the full discussion we would have done so at the time. There are a lot of internal working documents in the Justice Department which go to the making of a final report. This is the Attorney General's report."

Attached for your approval and forwarding to the Committee is the original of a memorandum which sets forth the status of their request for the two documents. A copy of this memorandum is enclosed for your records.

Reference is made to letter dated March 19, 1975, to the Attorney General from the Chairman of captioned Committee, which enclosed certain requests for documents and other information from the Federal Bureau of Investigation.

One of the requests, under V., A., was the Special Report of the Interagency Committee on Intelligence (Ad Hoc) dated June, 1970. This is the so-called "Huston Report" and was prepared for the White House. Under the circumstances, this request has been referred to the White House.

Under V., B., a request was made for the original report on COINTELPRO activities prepared by the Committee headed by Assistant Attorney General Henry Petersen. Since that report is the property of the Department of Justice, the request has been referred to that Department.

RE: INTERVIEW OF FORMER ASSISTANT TO THE
DIRECTOR JOHN P. MOHR BY SSC STAFF
MEMBERS

ALL INFORMATION CONTAINED
HEREIN IS UNCLASSIFIED
DATE 1-19-81 BY [illegible]

Set out below is information voluntarily furnished to the FBI by Mr. Mohr following his interview by representatives of the Staff of the SSC in Washington, D. C., on May 9, 1975.

Mr. Mohr was interviewed by Staff Members Mark Gitenstein, Lester B. Seidel, and Thomas Dawson from approximately 10:20 a.m. to 12:30 p.m. He was not placed under oath and he was not advised of his rights or that he could be represented by personal counsel.

At the outset of the interview, it was apparent that its purpose was to assist the SSC Staff Members in trying to understand how the flow of mail proceeded in the FBI under Mr. Hoover's directorship. For example, Mr. Mohr was shown FBI documents relating to the Socialist Workers Party as well as COINTELPRO documents which were obtained by Mr. Carl Stern under the Freedom of Information Act. No substantive questions were directed to Mr. Mohr regarding these documents but were shown to him in order that Mr. Mohr might identify who the final authority was in approving such documents.

In addition to the above, the Staff Members asked Mr. Mohr to explain the difference between an SAC Letter and a letter to all SACs. They also asked Mr. Mohr if the Bureau maintained a separate file on all SAC Letters.

Mr. Mohr was also questioned about the procedures he followed in securing Mr. J. Edgar Hoover's office after Mr. Hoover's death. Mr. Mohr told the Staff Members that the article which appeared in "The Washington Star" by columnist Jeremiah O'Leary was an accurate recording of what took place following Mr. Hoover's death. The Staff Members requested Mr. Mohr review in considerable detail exactly what he did to secure Mr. Hoover's office following his death.

The question of former Associate Director Clyde Tolson's will was also raised by Staff Members. Mr. Mohr advised the interviewers that Hillory Tolson, brother of Clyde Tolson, had not decided at that time whether he was going to contest the will.

Mr. Mohr was also asked about the whereabouts of Miss Helen Gandy, former Executive Assistant to Mr. Hoover. He advised that he did know her whereabouts and telephone number but promised he would not reveal them to anyone. Mr. Mohr was asked whether Miss Gandy would agree to being interviewed by Staff Members of the SSC. He advised that he would attempt to persuade Miss Gandy to agree to being interviewed on the condition he be allowed to be present during the entire interview. The Staff Members interposed no objection to that arrangement and Mr. Mohr indicated that he would advise Mr. Gitenstein of Miss Gandy's desires under the conditions stipulated above.

On May 12, 1975, Mr. Mohr telephonically advised that he recalled some additional topics covered during the interview of May 9, 1975, which he desired to furnish to the FBI. Specifically, Mr. Mohr recalled that he was asked if he knew who prepared the "surreptitious letters" the Bureau had mailed in the Socialist Workers Party case. Mr. Mohr advised the Staff Members that he did not know but presumed these letters were prepared in the Document Section of the FBI Laboratory.

Mr. Mohr also recalled that during his interview of May 9, 1975, he had advised Miss Gandy had turned over to Mr. Mark Felt of the FBI the official and confidential files of Mr. Hoover which amounted to one-half a file drawer. Subsequently, Mr. Mohr learned from Miss Gandy that the official and confidential files turned over to Mr. Felt amounted to one and one-half file drawers. This information was subsequently furnished to Mr. Gitenstein by Mr. Mohr. On that occasion, Mr. Gitenstein asked Mr. Mohr whether an itemized list of the official and confidential files was made and if so where the list was. Mohr told Gitenstein that he was sure a list was made and that in all probability the list accompanied the official and confidential files turned over to Mr. Felt by Miss Gandy.

In addition to the above, Mr. Mohr on May 12, 1975, recalled that Gitenstein asked about a requirement of all Bureau employees to turn over any confidential files in their possession ordered by Mr. Hoover following the revelation that former Assistant to the Director William C. Sullivan had turned over certain confidential files to former Assistant Attorney General Mardian. Mr. Mohr advised Gitenstein that Mr. Hoover had in fact levied such a requirement on Bureau officials and that all confidential files were to be turned over to Mr. Felt along with a memorandum explaining the nature of these files. Gitenstein asked Mohr where these memoranda would be filed. Mohr responded by saying he presumed they were confidential memoranda and would have gone with the confidential files turned over to Mr. Felt by Bureau officials maintaining such files.

NOTE: The original and one copy of this LHM is being furnished to the Attorney General. The copy is to be forwarded by the Attorney General to Mr. James A. Wilderotter, Associate Counsel to the President. The information herein was taken from two memoranda, Cregar to Wannall, dated 5/9 and 12/75 entitled "Senstudy 75."

SUBJECT: SENSTUDY 75

Deputy Assistant Attorney General, K. William O'Connor requested on 5-28-75, that he be given the opportunity to review summaries of the five recently uncovered COINTELPRO programs. O'Connor stated that in view of captioned Committee's request concerning COINTELPRO and his position of being in charge of Bureau and Departmental responses to Committee requests, he felt that it would be advantageous for him to be generally aware of the contents of the five newly uncovered programs. Mr. O'Connor stated he had previously reviewed the other COINTELPRO programs. [while in Civil Rights Division]

RECOMMENDATION:

That Mr. O'Connor be allowed to review the five recently uncovered COINTELPRO programs.

Sen 142

Reference is made to my memorandum dated 5/19/75 advising of the receipt of a letter from the Senate Select Committee (SSC) to the Attorney General dated 5/14/75, appending requests for additional documents and other information.

Specific attention is invited to Appendix A, item number 5, which requests:

"All Memoranda of the FBI and the Justice Department discussing the legal authority of the FBI to use the following techniques to (1) investigate internal security matters, (2) collect intelligence information, and (3) engage in counter-intelligence activities (see letter from the Chief Counsel to the Deputy Attorney General dated April 23, 1975):

a. All forms of electronic surveillance, including consensual electronic surveillance;

b. All forms of mail surveillance, including mail covers and opening mail;

c. Surreptitious entry;

d. All forms of physical surveillance, including agent infiltration, observation, photography, and remote viewing and sensing devices;

e. Informants, including possible entrapment, provocation, interference with lawyer-client relationship, or other problems;

f. Obtaining bank, credit, or other personal information;

g. Incommunicado interrogation;

h. Maintenance of files and records;

i. Dissemination of information from files and records;

j. So-called "COINTELPRO" techniques and methods, including all forms of organizational 'disruption.'"

Appendix B, item number 4, requests:

"For each of the techniques described in Item 5 of Appendix A above, all memoranda and other materials relating to:

a. The original decision to utilize the technique in internal security, intelligence collection, and/or counterintelligence matters, operations, or activities.

b. The policies and procedures of the FBI for the utilization of the technique in internal security, intelligence collection, and/or counterintelligence matters, operations, or activities."

It would appear appropriate that response to Appendix A, item number 5, be prepared by the Legal Counsel Division. It is also apparent that response to Appendix B, item number 4, should be closely coordinated although responsibility for research in this area would appear to fall more logically within the Intelligence Division.

RECOMMENDATIONS:

1. That Legal Counsel Division assume responsibility for preparing response contained in Appendix A, Item number 5.

Director, FBI

UNITED STATES ~~SENATE SELECT COMMITTEE~~
ON INTELLIGENCE ACTIVITIES

Reference is made to a letter from the Senate Select Committee dated May 14, 1975, with attached appendices A thru D requesting certain documents and other information.

Under item 26 of Appendix C, a request is made for "All reports prepared by the Office of Criminal Justice of the Department of Justice pursuant to the request in September 1974 of the Attorney General and/or Deputy Attorney General pertaining to the so-called 'Wounded Knee' case and any other so-called 'political trial' or other prosecutions brought by the Special Litigation Section of the Internal Security Division."

Under item 27 of Appendix C request is made of the Federal Bureau of Investigation for "All memoranda or other materials prepared by the FBI relating to the reports described in Item 26."

The Department is requested to advise this Bureau if reports which are requested in Appendix C under item 26 with respect to the "'Wounded Knee' case" were furnished to the FBI. If such reports were furnished please advise under what captions and dates these reports were submitted and identify by captions and dates all FBI communications on which your reports were based. If these reports were not furnished this Bureau please provide copies to us when you identify the FBI communications as requested herein.

REC-100 62-116395-188

You are also requested to provide to this Bureau copies of those reports, including sufficient information identifying FBI communications on which they were based, which will be furnished the Senate Select Committee per its request for "any other so-called 'political trial' or other prosecutions brought by the Special Litigation Section of the Internal Security Division."

The Attorney General

Inasmuch as this Bureau's response to item 27 of Appendix C enclosed with referenced letter depends on your response to item 26, you are requested to furnish the desired information as soon as possible in order that we may comply with the Senate Select Committee request. Since all reports requested under item 26 were prepared by the Department this Bureau will take no action to provide copies of these reports to the Committee.

1 - The Deputy Attorney General
Attention: K. William O'Connor
Special Counsel for
Intelligence Coordination

NOTE:

Until such time as we determine what information will be furnished the Senate Select Committee by the Department under item 26 mentioned above we believe our response on item 27 to the Senate Select Committee should be delayed. This will enable us to provide material requested by the Senate Select Committee which will correspond to information being provided by the Department.

Trial material relating to Wounded-Knee case was handled by the General Investigative Division and this part of the request is being coordinated with SA J. C. Gordon who supervised the Wounded-Knee case. Upon receipt of requested information from the Department, General Investigative Division will be notified so an appropriate response may be compiled regarding Wounded-Knee matter. Intelligence Division will conduct necessary reviews for information pertaining to other prosecutions by "Special Litigation Section" of the Department.

MEMORANDUM FOR: Members of the USIB Ad Hoc Coordinating Group

SUBJECT : Certification of Clearances for Classified Information and Compartmented Information of Staff Members of the Senate Select Committee

Senstudy -'75

1. Arrangements have been made so that the Compartmented Information Branch (CIB) of CIA will maintain, as a matter of common concern, an up-to-date listing of all staff members of the Senate Select Committee who have been certified by the Committee for access to classified information up to and including TOP SECRET and also those who have been certified and briefed for compartmented information.

2. CIB will attempt to keep this listing in a current status and telephone inquiries can be made by calling 351-5507 (IDS 143-5507) during the hours 0800 to 1730 Monday through Friday. Periodically, a current listing of the individuals certified will be disseminated to members of the USIB Ad Hoc Group.

3. It is contemplated this same procedure will be followed for the House Select Committee when certification of clearances are received from this Committee and you will be advised when such procedure is instituted.

TO : Mr. J. Adams DATE: 5/21/75

FROM : Legal Counsel

SUBJECT: SENATE SELECT COMMITTEE

At approximately 9:00 a.m. on May 21, 1975, retired Special Agent Alan G. Sentinella appeared in my office prior to his appointment to receive a subpoena and to testify at 9:30 a.m. on 5/21/75 at Washington, D.C., before the Senate Select Committee. I told Mr. Sentinella that it would not be possible for me to furnish him personal counsel prior to or during his testimony, however I felt it was appropriate for me to furnish him certain information. I told Mr. Sentinella that he was entitled to be represented by a personal counsel of his own choice at any time and that if he chose to secure the services of a private attorney he was at liberty to do so.

I also told Mr. Sentinella that under the rules of the Senate Select Committee (Rule 6.4), a witness may be accompanied by counsel during testimony and a witness who is unable to obtain counsel may inform the Committee of that fact and the Committee is obliged to endeavor to obtain voluntary counsel for the witness. I told him that the rules further provide that the failure to obtain counsel would not excuse him from appearing and testifying.

I asked Mr. Sentinella whether he had been given any advice by the Committee concerning his right to counsel and whether he had received a copy of the Committee's rules as required by regulations in the rules (Rule 6.1). Mr. Sentinella said that he had not been so advised and he had not been given a copy of the rules by any representative of the Committee.

I told Mr. Sentinella that as to matters other than the presence of personal counsel, no understanding had been reached with the Committee.

LEGAL COUNSEL

84 JUN 5 1975

I further explained to him that the Attorney General Order relating to responses to subpoenas would apply to him and that we had been advised that the Department had approved a waiver of the Attorney General Order limitation permitting his testimony, but only as to matters concerning Martin Luther King, Jr., and Stanley David Levison, and the Southern Christian Leadership Conference, including related matters. I told Mr. Sentinella that should the questioning involve other areas and he was in doubt as to his authorization to respond, he could request an opportunity to consult with the Department to secure approval for his testimony consistent with the terms of the Attorney General Order. I also reminded Mr. Sentinella that a representative of the FBI would be available during his testimony for such consultation as he felt might be necessary. I told him that SA Paul Daly would be available for that purpose.

I told Mr. Sentinella that our concern is not that matters of historical fact might be revealed, but that testimony which might be required of him could impair the Bureau's current efforts to discharge its responsibilities. I explained that in specific terms what this meant was that information that would identify sensitive sources, techniques or methods, or that would identify confidential informants, or would expose current investigative operations should be reserved for members of the Committee or perhaps the Chairman of the Committee depending upon the sensitivity of the particular information. I advised him that in the event such matters are involved in the questioning he could request consultation and that arrangements could be made for the answers to be supplied under appropriately limited conditions. I told Mr. Sentinella that as to other areas of possible testimony, the Bureau would impose no request that he decline to answer questions.

Mr. Sentinella advised me that he understood the matters I had explained to him and that he did not at this time feel the need of personal counsel because he said that he did not regard the appearance as one in the nature of a grand jury appearance. I told Mr. Sentinella that he should be aware that his testimony would be given under oath and in the event he made a statement that was self-incriminatory, it could be used against him. I reminded him I was not advising him in order to deter him from furnishing testimony, but only telling him of the protections he has under the

CONTINUED - OVER

Constitution against self-incrimination. He said he would keep that matter in mind.

Mr. Sentinella said that he would like to volunteer the results of his interview at the conclusion of the interview and he also would like to have an opportunity to review a transcript of the testimony for accuracy.

SSC STAFF, SUBJECT MATTER UNKNOWN. THEY SHOULD BE TOLD THAT IN THE EVENT THEY ARE INTERVIEWED AND DURING THE COURSE OF SAME, QUESTIONS ARE ASKED WHICH RELATE TO SENSITIVE BUREAU OPERATIONS (SOURCES, METHODS, TECHNIQUES, THIRD AGENCY RULE, AND ONGOING INVESTIGATIONS), THEY MAY REQUEST THAT AN FBI AGENT BE PRESENT. BUREAU WILL PROVIDE AGENT ON REQUEST OF INTERVIEWEE. AS A PRELUDE TO INTERVIEW, THE FORMER EMPLOYEE MAY, AFTER BEING CONTACTED BY SSC STAFF, CONTACT BUREAU'S LEGAL COUNSEL DIVISION BY COLLECT CALL FOR FULL INFORMATION TO ASSIST HIM, INCLUDING OBLIGATIONS AS TO CONFIDENTIALITY OF INFORMATION ACQUIRED AS FBI EMPLOYEE. IT IS EMPHASIZED THAT BUREAU'S OFFER OF ASSISTANCE IS NOT INTENDED TO IMPEDE SSC WORK BUT IS DONE AS COOPERATIVE GESTURE AND TO SAFEGUARD SENSITIVE BUREAU INFORMATION. CONTACTS WITH THESE FORMER EMPLOYEES TO BE HANDLED PERSONALLY BY SAC OR ASAC. IN EVENT THIS NOT FEASIBLE FOR JUST CAUSE, TO BE HANDLED BY A SENIOR SUPERVISOR.

INCUMBENT EMPLOYEES TO BE ADVISED THAT IF CONTACTED BY SSC STAFF FOR INTERVIEW, LEGAL COUNSEL DIVISION TO BE IMMEDIATELY NOTIFIED THROUGH SAC.

IMMEDIATELY AFTER CONTACT, RESULTS SHOULD BE FURNISHED BUREAU BY TELETYPE IN ABOVE CAPTION. IF A FORMER EMPLOYEE NO LONGER IN YOUR TERRITORY OR TEMPORARILY AWAY, SET OUT LEAD TO OTHER OFFICE IMMEDIATELY WITH COPY TO FBI HEADQUARTERS.

COPY TO ROME, WITH ITS EMPLOYEES NAMED, BY MAIL.

NOTE: May 14, 1975, SSC letter and appendices requested current whereabouts individuals named herein. Also included herein names of Bachman and Brouse who were SAC and ASAC respectively in Newark Office pertinent period inasmuch as one request from SSC was for memoranda from former SA Leo T. Clark to Newark SAC and ASAC. SSC request named several additional former employees who were previously alerted by tel to selected officers 5/2/75. Another 5/2/75 tel, to all offices, referenced herein, gave field general background re Senstudy 75. By separate airtel to Rome we are forwarding copy of instant tel as well as copies of prior pertinent tels. The caution taken herein in alerting former employees as well as incumbents is same we took previously by 5/2/75 tel to selected SACs. After dispatch instant tel, copies will be filed in personnel files of all named herein. One of the 1964 Rome employees was Theodore A. Korontjis, currently assigned INTD, who will be appropriately informed orally concerning this matter.

Korontjis informed

Reference is made to memorandum and appendices thereto, from the Senate Select Committee dated April 30, 1975, requesting documents and other information from the FBI.

Item number three of referenced communication requests that a Senate Select Committee Staff Representative be authorized to examine certain portions of the FBI Manual of Rules and Regulations, (MRR), at the FBI Offices. The material requested, MRR Part I, Section nine; Part II, Sections one thru nine, has been segregated and is available for examination at FBI Headquarters.

Enclosed for your approval and forwarding to the Committee is an original of a memorandum advising the Senate Select Committee that the above requested material is presently available for examination at FBI Headquarters.

A copy of this memorandum is being furnished for your records.

NOTE:

The MRR sections described above have been reviewed by the appropriate FBIHQ Divisions and approved for examination in their entirety by Committee Staff Members with the following exceptions: MRR, Section 3, page 15 (j).(1) The phrase "Baltimore Source 4" has been deleted; Section 4, page 6, 20. The phrase "i.e., selective service records in other than selective service cases, Baltimore Confidential Source 4 information, etc." has been deleted. Excisions will be explained to Committee reviewers at the time of review by indicating the excisions related to sensitive confidential sources and have been made in order to protect sources' identity. These sources will not be further identified to Committee members nor will the term "Baltimore Source 4" be utilized.

RE: SECTIONS OF THE MANUAL OF
INSTRUCTIONS NOT PREVIOUSLY FURNISHED

Reference is made to the memorandum from captioned Committee dated April 30, 1975, and appendices thereto which contained requests for certain documents and other information from the Federal Bureau of Investigation.

Part 2 of the request concerned Sections of the Manual of Instructions Not Previously Produced. Pursuant to your request, Sections 4, 8R, 19, 23, 27, 28, 29, 75, 78, 90, 103, 134, 136, 144, and 146 are now available for review by Mr. Mark Gitenstion, or other designated members of the Committee's staff at FBI Headquarters.

Section 102, which you requested, is not available for review at this time because this Section involves third agency considerations. When this Section has been cleared by the other interested agencies for review, you will be immediately advised.

Director, FBI

UNITED STATES SENATE
SELECT COMMITTEE ON INTELLIGENCE ACTIVITIES

1163

Reference is made to the letter from the captioned Committee dated April 28, 1975, addressed to the Honorable Edward H. Levi, Attorney General, requesting information concerning the Federal Bureau of Investigation.

Attached for your approval and forwarding to the Committee is the original of a memorandum in response to the aforementioned request. A copy is enclosed for your records.

For your information, we did furnish empty boxes for the use of former Assistant to the Director of the Federal Bureau of Investigation, John P. Mohr, at the residence of the late Director, J. Edgar Hoover, subsequent to the death of Mr. Tolson. This material was brought to the residence by a clerical employee who merely deposited the material and left the residence. While we have no direct knowledge as to what material was removed from the residence, Mr. Mohr was contacted to determine the source and accuracy of the story contained in "Periscope" section of the April 28, 1975, issue of Newsweek, at which time he advised us that "furnishings" at the home had been removed by members of the family and the housekeeper. We have not contacted former employees concerning this request. Our contact with Mr. Mohr was prior to the date of this request.

Letter from Director, FBI to Attorney General
UNITED STATES SENATE SELECT COMMITTEE ON INTELLIGENCE ACTIVITIES

NOTE: By memorandum dated May 2, 1975, from Legal Counsel to J. B. Adams, each Assistant Director was requested to advise whether they or personnel in their divisions had any knowledge relating to the allegation that the FBI directed or participated in the removal of documents from the late Director's residence. The Alexandria and Washington field offices were separately requested to respond to this allegation. The responses were negative. External Affairs, by memo from D. W. Moore to Mr. Jenkins dated May 5, 1975, captioned Clyde A. Tolson, former Associate Director; advised that a clerk brought packaging material to the residence at the request of former Assistant to the Director, John P..Mohr. This memo indicated that the clerk deposited the material and left. He did not participate in the packing, etc., of documents.

May 9, 1975

UNITED STATES SENATE
SELECT COMMITTEE ON INTELLIGENCE ACTIVITIES

REQUEST PERTAINING TO DOCUMENTS REMOVED FROM
RESIDENCE OF FORMER DIRECTOR
J. EDGAR HOOVER

Reference is made to letter dated April 28, 1975, to the Attorney General from Chairman of captioned Committee which contained a request for certain information from the Federal Bureau of Investigation.

The Federal Bureau of Investigation has not removed, nor caused to be removed, documents from the residence of former Federal Bureau of Investigation Director J. Edgar Hoover, subsequent to the death of Mr. Clyde A. Tolson, former Associate Director of the Federal Bureau of Investigation.

It is our understanding, however, that former Assistant to the Director, John P. Mohr, may have some knowledge as to what material may have been removed from the residence after Mr. Tolson's death.

May 6, 1975

1 - Mr. W. R. Wannall
1 - Mr. W. O. Cregar

Director, FBI

UNITED STATES SENATE SELECT COMMITTEE
ON INTELLIGENCE ACTIVITIES

Reference is made to a letter from the Senate Select Committee dated March 19, 1975, requesting certain documents and other information from the FBI.

Attached for your approval and forwarding to the Committee is the original of a memorandum which responds to a specific request by the Committee for a position paper dated July 31, 1972, concerning the "Scope of FBI Authority, Jurisdiction and Responsibility in Domestic Intelligence Investigations." A copy of this memorandum is enclosed for your records.

You will note that the position taken by the FBI is that the requested position paper of July 31, 1972, is an internal deliberative document which is the direct basis for a formal statement on FBI authority to conduct internal security investigations embodied in a memorandum from the Director, FBI, to the Attorney General dated August 7, 1973. On this basis we are stating in our response to the Committee that we feel it inappropriate that the July 31, 1972, paper be made available. We believe that this position is completely sound and a proper precedent to set with respect to the ambit of the Committee's mandate. We also feel that it is consistent with the position which has been expressed by you.

Note this memo appr. for del. to SSC - has been superseded by another LHM to SSC.

RE: LEGAL AUTHORITIES

ALL INFORMATION CONTAINED
HEREIN IS UNCLASSIFIED
DATE 1-25-01 BY SP2ALM/RW

Reference is made to letter dated March 19, 1975, to the Attorney General from the Chairman of captioned Committee, which enclosed certain requests for documents and other information from the Federal Bureau of Investigation (FBI).

Under I., Legal Authorities, a general request was made for memoranda discussing the legal authority of the FBI to (1) investigate internal security matters, (2) collect intelligence information, and (3) engage in counterintelligence activities. Material responsive to this request was delivered to the Committee during April, 1975. Included in this material was a memorandum from the Director, FBI, to the Attorney General, dated August 7, 1973, captioned "Scope of FBI Jurisdiction and Authority in Domestic Intelligence Investigations." This memorandum contained a lengthy and comprehensive discussion concerning the authority of the FBI to conduct investigations in the general internal security area.

Not deliv. to SSC

Since the receipt of the above-mentioned material the Committee has indicated a specific interest in a position paper dated July 31, 1972, discussing the "Scope of FBI Authority, Jurisdiction and Responsibility in Domestic Intelligence Investigations." This paper has been located and subjected to intensive review. It has been found that the July 31, 1972, position paper contains the internal deliberations which form the direct basis for the memorandum to the Attorney General dated August 7, 1973. In view of these circumstances and particularly because the July 31, 1972, paper is considered to be an internal deliberative document, it is not considered appropriate that it should be made available to the Committee.

MATERIAL FOR SENATE SELECT COMMITTEE (SSC) INVESTIGATING INTELLIGENCE ACTIVITIES

1. TITLE/SUBJECT: Filing System

2. ORIGINATING ORGANIZATION: FBI

3. NATURE OF MATERIAL: Letterhead memorandum (LHM) with enclosures described below

4. DOCUMENT CLASSIFICATION: Unclassified

5. NATIONAL SECURITY INFORMATION STAMP: NA

6. SUMMARY OF CONTENTS: SSC requested information concerning the FBI's filing system and copies of printed forms used by the FBI. The LHM served as a cover communication to furnish to the SSC an undated nine-page memorandum entitled "FBI Indexing Procedures." The SSC was also advised that there was available nine volumes of material containing detailed instructions followed by FBI employees in classifying mail for indexing; and that the nine volumes would be available for review at FBI Headquarters by the SSC Staff. Also furnished the SSC was one copy each of 13 Tables of Contents concerning forms used by the FBI. The various types of forms in use were explained in the LHM and the SSC was invited to choose those forms it desired to see, after which steps would be taken to make them available to the SSC Staff.

7. REQUESTOR/DATE OF REQUEST: SSC. 4/30/75. The response is to Part IV of the SSC request.

8. RELEASING AUTHORITY: FBI

The Attorney General May 16, 1975

Director, FBI

UNITED STATES SENATE SELECT COMMITTEE
ON INTELLIGENCE ACTIVITIES

By letter dated March 19, 1975, the Senate Select Committee requested certain information from the Federal Bureau of Investigation (FBI). Part I of the Committee's letter pertained to legal authority for investigations.

Enclosed for your approval and forwarding to the Committee is the original of a memorandum and a copy of a letter from Glen E. Pommerening, Assistant Attorney General for Administration to the Director November 1, 1974, captioned "Federal Employee Security Program Executive Order 10450."

The instructions contained in the enclosed November 1, 1974, communication concern legal authority for investigations and were the subject of discussion between Assistant Director W. Raymond Wannall and John Elliff of the Senate Select Committee during a conference at Quantico, Virginia, May 5, 1975. The instructions are being furnished to the Committee in an effort to provide more information with respect to the Committee's letter of March 19, 1975, referred to above.

A copy of this memorandum with enclosure is being furnished for your records.

SUBJECT: Federal Employee Security Program
Executive Order 10450

XIII

ALL INFORMATION CONTAINED
HEREIN IS UNCLASSIFIED
DATE 1-25-01 BY SPOALM/RW

This is in response to your memoranda, entitled as above, dated May 8, 1974 and August 19, 1974, directed to the Deputy Attorney General, Criminal Division, and referring to problems which have arisen as a result of the promulgation of Executive Order 11785 which amends Executive Order 10450. In view of the involvement of my staff in these matters, I will undertake to answer your questions with the concurrence of the Criminal Division.

As you know this matter has been under continuing review both in the Task Force, chaired by a representative of this office, of working level representatives of various agencies in the security field and is now under study to a lesser degree in Project #10 of the "Domestic Council on Privacy".

You ask that the Department; (a) provide specific instructions to the Bureau to conduct intelligence-type investigations to identify and determine the activities of organizations now described in the amended Section 8(a)(5) of Executive Order 10450; (b) furnish guidelines to be used by the Bureau in initiating investigations of individuals under the captioned matter pursuant to Executive Order 10450 and specifically, criteria to be utilized in determining whether available information is a sufficient basis for investigation.

Under the amendment to Section 8(a)(5) of Executive Order 10450, we now have only two types of organizations; (1) those which unlawfully advocate or practice the commission of acts of force or violence to prevent others from exercising their rights under the constitution or laws of the United States or

any State, (2) or which seek to overthrow the Government of the United States, or any State or subdivision thereof, by unlawful means. (Emphasis added).

Of course, the key words which are underlined indicate that the investigation should be initially based on a possible violation of a federal (such as the Smith Act) or state statute prohibiting unlawful advocacy or the commission of any unlawful act of force or violence. However, in order for the Bureau to detect organizations with a potential of the above nature, it is important that the investigation proceed on the basis of information indicating that the organization may be of the nature mentioned. It is not necessary that a crime occur before the investigation is initiated, but only that a reasonable evaluation of the available information suggests that the activities of the organization may fall within the proscription of the Order. The most recent example of the type of organization, that you have advised is becoming more prevalent, is the small but dedicated to violence, Symbionese Liberation Army (SLA). Organizations of this nature would clearly fall within the Order and should be investigated as soon as information is available indicating their potentiality for violence and of course, if possible, prior to the fulfillment of their purposes.

It is true that Executive Order 11785 eliminated the prior communist, totalitarian, fascist, and subversive characterizations and definitions, but there was no intention of restricting the investigations of such organizations if their programs call for acts of force or violence or the unlawful advocacy of the commission of acts of force or violence in furtherance of these programs.

It is not possible to set definite parameters covering the initiation of investigations of potential organizations falling within the Order but once the investigation reaches a stage that offers a basis for determining that the activities are legal in nature, then the investigation should cease, but if the investigation suggests a determination that the organization is engaged in illegal activities or potentially illegal activities it should continue.

It follows in answer to your second question that individuals who are active either as members of or as affiliates of

zations described above should be investigated when mation is received indicating their involvement. The yardstick indicated above for organizations in determing whether the investigation should continue, should apply ncerning individuals and when a determination can reasonably e made that the individuals activities, either within the organization or as an individual, do not appear to be in violation of any law, then the investigation should cease.

TO : Mr. J. B. Adams DATE: 5-23-75

FROM : Legal Counsel

SUBJECT: ASSASSINATION OF JOHN FITZGERALD KENNEDY
DALLAS, TEXAS
11-22-63

SENATE SELECT COMMITTEE ON INTELLIGENCE ACTIVITIES

On 5-22-75 CIA requested from the FBI copies of photographs of three "bums" who were taken into custody by Dallas authorities on 11-22-63 in the vicinity of the Texas School Book Depository. It has been alleged that the three persons shown in the photographs were E. Howard Hunt and Frank Sturgis, individuals involved in the Watergate incident, and Thomas Arthur Vallee, who was arrested in Chicago, Illinois, several days before the Kennedy assassination based on a threat against the President. Don Donahue, Special Assistant to Senator Henry Jackson (D-Wash.), made available on 9-12-74 to Inspector Bowers a set of the photographs depicting these "bums" which had been furnished to Donahue by one Michael Canfield, and the FBI Laboratory made copies from these prints, the original being returned to Donahue. Donahue requested that his identity be concealed as the source of these photographs. Canfield was supposed to furnish a set of these photographs to Washington Field Office but it has been determined he never did so.

At Mr. Adams' instructions, Bowers contacted Donahue on 5-22-75 and advised him of the CIA request for a set of these photographs. Donahue was told that if he has no objections we intend to furnish CIA a set of the pictures with the statement that the originals were obtained from an individual who requested his identity be concealed. Donahue stated that was quite satisfactory to him, adding that if it becomes necessary he would agree to his identity being disclosed as the source of these pictures.

94TH CONGRESS
1ST SESSION

S. RES. 165

[Report No. 94–181]

IN THE SENATE OF THE UNITED STATES

MAY 21, 1975

15.

Mr. Church submitted the following resolution; which was referred to the Committee on Rules and Administration

JUNE 5, 1975

Reported by Mr. Cannon, without amendment

(Sen study - 75)

RESOLUTION

Authorizing supplemental expenditures by the Select Committee To Study Governmental Operations With Respect to Intelligence Agencies for an inquiry and investigation relating to intelligence activities carried out by or on behalf of the Federal Government.

Resolved, That section 6 of Senate Resolution 21, Ninety-fourth Congress, agreed to January 27, 1975, is amended by striking out the amounts "$750,000" and "$100,000" and inserting in lieu thereof "$1,150,000" and "$300,000", respectively.

MEMORANDUM FOR: USIB Principals

SUBJECT : Reporting of Interviews with Congressional Investigating Committees or their Staffs

REFERENCE : My Memorandum to Addressees, 10 April 1975, Subject: Community Aspects of Inputs to Congressional Committees Investigating Intelligence (USIB-D-27.10/1)

Original Filed In 62-116150-5071

1. Reference memorandum reported establishment by the Intelligence Community Staff of a registry for documentation relating to the Congressional investigations, and furnished you with a format for abstracts to be provided to the registry on each formal input to a Select Committee. In addition to having in the registry the abstracts or, as appropriate, the actual papers submitted as documentation to a Select Committee, it is important that we establish a method for reporting on interviews. Accordingly, I am enclosing a proposed format for abstracts to be used for reporting on interviews by Congressional Committee members or staff with your personnel which involve information on Community activities or which, in your judgment, raise the possibility of follow-on queries elsewhere concerning the functioning or activities of the Community.

2. There is no intent to intrude upon matters which are properly each agency's organizational responsibility nor to infringe upon employees' individual rights or security. The interview abstract format does not provide for identification of the person being interviewed. The "File Reference No." entry is for your convenience to indicate where any supporting documentation is located within your own filing system.

3. It is essential that the Intelligence Community be aware of all aspects of the Congressional investigations which involve Community matters, or which may relate to Select Congressional Committee activities being conducted elsewhere in the Community. The availability in the registry of document and interview abstracts should help provide this internal visibility.

W. E. Colby
Chairman

This memorandum sets forth results of Liaison contact with Central Intelligence Agency (CIA) concerning Halperin's request to be provided with a copy of a 1948 memorandum of understanding between the FBI and the CIA. Halperin has made this request of both CIA and the Bureau.

On 4/30/75 Mr. James Garrison, CIA, advised that after considerable research in CIA files, the following documents (copies attached) were located which pertain to Halperin's request. Copies have also been located in Bufiles:

(1) Memorandum for the Record dated 9/22/48 entitled "Cooperation and Liaison Between Federal Bureau of Investigation and Office of Policy Coordination, CIA," which was prepared by CIA and originally classified Top Secret. This document has recently been downgraded by CIA to a classification of Secret.

(2) Letter dated 9/22/48 from Frank G. Wisner, Assistant Director for Policy Coordination, CIA, to Mr. D. Milton Ladd, Assistant to the Director, FBI, which forwarded as an enclosure the 9/22/48 memorandum described above. This item was also originally classified Top Secret but has been downgraded by CIA to Secret.

JUN 25 1975

ORIGINAL FILED IN

63-16062-45

(3) Letter dated 10/2/48 from J. Edgar Hoover to Wisner which acknowledges that the arrangement set forth in the memorandum of 9/22/48 is satisfactory to the Bureau. This item ~~was not~~ classified in accordance with current classification standards but bears the marking "Personal and Confidential."

84 JUL 1 1975

Mr. Garrison advised that CIA considers items 1 and 2 to be CIA documents and item 3 to be an FBI document containing CIA information. CIA proposes to furnish Halperin declassified copies of items 1 and 2 which have been sanitized in accordance with the brackets on the attached copies. CIA has no objection to the Bureau's furnishing Halperin a copy of item 3 if it is declassified and the CIA information indicated by brackets in the attached copy is excised. Mr. Garrison noted that CIA no longer considers the 9/22/48 memorandum to be operative since CIA's Office of Policy Coordination no longer exists.

Mr. Garrison advised further that with regard to a Senate Select Committee (SSC) request forcopies of all agreements between the FBI and the CIA, CIA does not plan to provide the SSC with copies of items 1 and 2 but plans to allow appropriately cleared SSC staff representatives to examine the unsanitized Secret versions of items 1 and 2 at CIA Headquarters. He further advised that CIA would have no objection if the Bureau allows SSC staff representatives to examine item 3 in Bureau space provided it is classified Secret in accordance with CIA's classification of its information. Mr. Garrison requested that if the Bureau decides to provide the SSC with a copy of item 3 for its retention, the document be declassified and sanitized in accordance with the attached copy.

The Intelligence Division has no objection to the FOIA request of Halperin being handled in accordance with the above. Recommendation for handling of the SSC request will be made by separate memorandum.

ACTION:

This memorandum and its attachments should be forwarded to the FOIA Unit of the Files and Communications Division for appropriate handling.

DRAFT

22 September 1948

MEMORANDUM FOR THE RECORD:

SUBJECT: Cooperation and Liaison Between Federal Bureau of Investigation and Office of Policy Coordination, CIA

1. This memorandum records an understanding which has been arrived at in conversations between Mr. D. Milton Ladd, Assistant to the Director, Federal Bureau of Investigation, and Mr. Frank G. Wisner, Assistant Director, and Chief of the Office of Policy Coordination, of CIA. The conversations in question were duly authorized by the Associate Director of the Federal Bureau of Investigation and by the Director and Deputy Director of CIA and were arranged by the Executive Secretary of the National Security Council on behalf of the White House. The purpose of the understanding is to provide a basis for cooperation and liaison between the FBI and the Office of Policy Coordination, CIA, and the following points summarize the essential elements of the understanding:

a. In view of the distinctive character of the activities of the Office of Policy Coordination, it is considered advisable that separate and direct liaison be established between that office and the FBI. For this purpose the FBI will provide a special liaison officer who will be nominated by the FBI within the near future. (This arrangement has been specifically approved by the Deputy Director, CIA, in the absence of the Director.)

b. It is understood that in the discharge of the duties and obligations laid upon the Office of Policy Coorination by the National Security Council, it is necessary for this Office to have dealings with individuals and groups of foreign nationalities within and without the United States and to sponsor the movement from time to time of such individuals and representatives of such groups between the United States and foreign countries. The Office of Policy Coordination recognizes the primary responsibility of the FBI in the field of United States domestic security, and the FBI acknowledges that it is essential for the Office of Policy Coordination to have direct dealings with the individuals and groups aforementioned.

c. In order that the interests of both parties to this understanding shall be served, it is understood that the Office of Policy Coordination keep the FBI generally informed concerning the extent and character of its dealings with

Mr. D. Milton Ladd
Assistant to the Director
Federal Bureau of Investigation
Washington 25, D. C.

Dear Mr. Ladd:

Confirming our telephone conversation of today, I am enclosing a draft of a proposed memorandum which I have prepared for the purpose of recording the understanding which has been arrived at between us in regard to the cooperation and liaison between my office and the Bureau. I have endeavored in this draft to set out the essential features of our conversation of yesterday afternoon and I should appreciate your indicating to me any modifications or changes which you may deem necessary or advisable to reflect your recollection and understanding of our conversation. Upon my receipt of your suggested changes, if any, and following any further discussion between us which may be indicated as desirable, I shall prepare this memorandum in final form and furnish to you the original and a copy thereof, with the request that you initial and return to me the copy.

In accordance with the terms of our understanding, I should like to submit to you herewith the names of certain of the individuals and groups with whom it is proposed that my office will have dealings in connection with our authorized activities. From time to time in the future I shall furnish you with additional names. The following are the names:

I - Individuals:

George M. Dimitrov, Exiled Secretary General of Bulgarian Agrarian Party

Stefan Osusky, prominent Czech Refugee leader

Ferenc Nagy, head of Hungarian Small Holders Party

Dr. Vladko Macek, representative of Croatian Peasant Party

Stanislas Mikolajczyk, former Polish Vice Premier

Andre Cretzianu, former Rumanian Cabinet Minister

foreign individuals and groups within the United States. More specifically the Office of Policy Coordination will, in so far as possible, inform the FBI sufficiently in advance of its proposed dealings with such individuals and groups to enable the FBI to advise the Office of Policy Coordination of any security risks which may be involved in dealing with such individuals and groups and in order to provide the FBI with adequate opportunity to indicate individuals which it is employing for its own purposes in connection with the penetration of foreign groups.

d. There shall be an exchange of information between the FBI and the Office of Policy Coordination concerning the significance, activities, and reliability of such individuals and groups of foreign nationalities within the United States as may be of interest to the Office of Policy Coordination.

DATE 1-25-01 BY

K. William O'Conner, Deputy Assistant Attorney General, Civil Rights Division, who has recently been designated by the Attorney General to coordinate all responses by the Department to the Senate Select Committee(SSC), advised on the afternoon of 5-19-75 that he had met with Chief Counsel to the SSC F. A. O. Schwarz and John Elliff, who is the head of the task force of the Senate Select Committee on the FBI. O'Conner stated he informed Schwarz and Elliff that he would not make available Bureau secretaries Mary Ann Massa and M. Ann Mierzejewski, who are scheduled for interview on Tuesday, 5-20-75, absent an agreement by the Committee that an FBI representative would be allowed to be present during the interview. O'Conner indicated that the Department's stand in this matter regarding the insistence that FBI representatives be present during the interview was backed by the White House, the Attorney General, and the Deputy Attorney General.

By way of background, it should be noted that Mr. O'Conner and Associate Deputy Attorney General McDermott were contacted on 5-14-75, and advised of the requested interview of the two aforementioned employees at which time O'Conner and McDermott did not advise of any way in which the employees could be prevented from consenting to interview. While they were upset at the prospect of service personnel, such as stenographers being interviewed by the Committee, they indicated at that time they could not see any legal leverage which could be used to preclude such interviews. With this decision in mind arrangements were made to make these employees available for interview.

ST-104 REC 12 62-116395-165

Schwarz told O'Conner he would have to check with the SSC prior to agreeing to allow FBI representatives to be present. O'Conner stated Schwarz was quite upset at the Department's stance in this matter, but indicated he would give O'Conner an answer this evening. O'Conner indicated to Schwarz that the two Bureau employees would be available for interview on the 20th should the Committee agree to the presence of FBI representatives during the interview.

SEE ADDENDUM - PAGE 2

O'Conner requested that the Bureau continue with his plan to have both employees available should the interview take place on the 20th.

ACTION:

You will be kept expeditiously advised of all developments concerning this matter.

ADDENDUM: LEGAL COUNSEL DIVISION 5-19-75 PVD:dkg

At 4:15 p.m. Mr. O'Conner advised that he had just been contacted by F. A. O. Schwarz, and Schwarz stated the Committee's position concerning the presence of FBI representatives during the interview of the two secretaries is unchanged. O'Conner related that he told Schwarz that Departmental position is also unchanged in that there will be no interview unless the Committee relents on this position. O'Conner indicated he would keep the Bureau advised and requested that we continue with our plans to have the secretaries available for interview as Schwarz indicated he would again contact O'Conner regarding this issue.

Reference is made to my memorandum dated 5/19/75 which attached a copy of a letter to the Attorney General dated 5/14/75, from Senator Frank Church, Chairman, United States Senate Select Committee (SSC) with appendices A thru D. The memorandum noted the ambiguous nature of some of the SSC requests and that Mr. K. William O'Conner, Deputy Assistant Attorney General, who is the Department of Justice coordinator for SSC matters, is presently negotiating the 5/14/75 requests with the SSC Staff.

Even though the negotiations are still under way, we believe that ultimately we will be required to provide substantial responses to the 5/14/75 requests. To this end we have begun to gather together the necessary data from our files in anticipation of the substantial responses we will be required to prepare. The various requests set forth in the May 14, letter have been analyzed and specific assignments made to prepare responses. The primary assignments have been made to representatives of several Sections of the INTD. It is anticipated that in some circumstances it will be necessary for these INTD representatives to convey requests for information and material to other Divisions. When such action is necessary contact will be effected through the designated representatives of the other Headquarters Divisions. A list of such other Divisional representatives is maintained by the SENSTUDY Staff on the basis of designations made to assist in previous SSC requests, and is set forth below.

62-116395 JEH

On 5/21/75, Andy Smith, Supervisor in our Birmingham Office, called Deputy Assistant Director Herington and advised that former SA Robert R. Nichols (EOD: 1/6/47; retired: 5/12/72) had been contacted by the Senate Select Committee for interview. Smith connected Nichols through to Herington, at which time Nichols advised that about ten days ago Lester Seidel of the Senate Select Committee had contacted him. At that time, Nichols was going to Oklahoma City, and has just recently returned home to Birmingham. Nichols stated that at one time he was the case agent in the Atlanta Office on the Martin Luther King investigation, and it was presumed this was the subject matter of the proposed interview.

Nichols was advised that the decision as to whether he would consent to interview was entirely his to make. He was reminded that he had signed a secrecy agreement, and was reminded of the provisions of AG Order 501-73 requiring prior authority from the appropriate Departmental official prior to a current or former employee furnishing information he acquired during the course of his employment. He was also advised that he had a right to be represented by a personal attorney if he desired and that he had all the constitutional rights available to him, the same as any citizen. He was further told that if he desired to have an FBI representative available, but not present during the interview, he could so request, noting that the purpose of the FBI representative would be to counsel him concerning sensitive areas which might be explored.

62-116395-162

REC-107

JUN 3 1975

It was emphasized to Nichols that the FBI would not and could not recommend the course of action he should take ~~and that the~~ decision with regard to this interview was entirely his to make.

Dear Mr. Seidel:

Reference is made to your telephone call to me on May 16, 1975, in which you advised that the Committee was gathering facts concerning the FBI's various CoIntelPros and in particular, you were looking into the CoIntelPro having to do with the Black Panthers. You inquired if I recalled a letter, which had been made public, dated May 11, 1970, from the Director, FBI, to the SAC, San Francisco, which suggested disruptive techniques against the Black Panthers and which mentioned spurious police or FBI reports. I advised you I had no first hand recollection of having seen such a document at that time, but that I had read a recent news item describing such a document.

You also indicated an interest in the theoretical question as to whether intelligence functions should be divorced from enforcement functions in order to avoid the dilemma of disclosure versus dismissal, and you suggested that my views on this might be helpful in educating the Committee.

For your information, I entered on duty as a Special Agent on January 5, 1942, and retired from the Bureau on December 3, 1971. During the two years immediately preceding my retirement I served as supervisor of a squad of agents which investigated, among other matters, violations and alleged violations of law by the Black Panthers. The only information I have concerning the Black Panthers was learned as a direct result of my official duties. I have made no independent study of them, nor do I have any personal files or written material, either official or otherwise, relating to them.

Since speaking with you, I have reviewed Executive Order #501-73 (28 C.F.R.§§ 16.21, 16.22 and 16.23) which specifies that no employee or former employee of the Department of Justice shall produce any material contained in the files of the Department

161

nor shall he disclose any information acquired in the performance of his official duties without prior approval of the Attorney General or appropriate Departmental official.

From this, I must conclude that I am prohibited from furnishing you or the Committee any information along the lines requested by you unless appropriate authority to do so has first been given by an authorized representative of the Department of Justice.

Very truly yours,

David E. Todd

SUBJECT: SENATE SELECT COMMITTEE ON INTELLIGENCE ACTIVITIES

ALL INFORMATION CONTAINED
HEREIN IS UNCLASSIFIED
DATE 1-25-01 BY SP2ALM/

I received by hand delivery from the Department at 3:06 p.m. on March 20, 1975, the attached copy of a letter from Senator Church to the Attorney General dated March 19, 1975, with its enclosed list of requests being made by the Committee.

Farrington
Hotis
Bowers

Senator Church requests that the documents involved be supplied to the committee at the earliest opportunity. A review of the requests revealed that the Intelligence Division would have the principal interest in all except request III, A and C, which would be of interest to the Administrative Division. The last item appearing under V, B should be available only through the Criminal Division of the Department or the Attorney General's office.

RECOMMENDATIONS:

1. That the Intelligence Division and the Administrative Division review the attached request for FBI materials to determine whether we may make a full response to the requests.

EX 104 REG 44 62-116395 - 169

7 APR 22 1975

2. That the required materials be prepared for submission to the Committee and any difficulties be made known at the earliest possible date.

SELECT COMMITTEE TO
STUDY GOVERNMENTAL OPERATIONS WITH
RESPECT TO INTELLIGENCE ACTIVITIES
(PURSUANT TO S. RES. 21, 94TH CONGRESS)
WASHINGTON, D.C. 20510

March 19, 1975

The Honorable Edward H. Levi
The Attorney General
Washington, D. C. 20530

Dear Mr. Attorney General:

On behalf of the Senate Select Committee To Study Governmental Operations With Respect To Intelligence Activities, Senator Tower and I want to thank you for the opportunity we had on February 26, 1975, to discuss the work of the Committee. I want to express my personal appreciation for your willingness to assist the Committee to meet its responsibilities under the mandate of S. Res. 21. I believe we are in agreement that the work of the Committee should proceed as expeditiously as possible.

Toward that end we are seeking initial documentation from various agencies whose activities fall within the mandate given us by the Senate. Enclosed with this letter is a copy of an initial request for documents relating to the Federal Bureau of Investigation, which has been previously discussed with staff representatives of the Bureau. With the unanimous approval of the Committee, I respectfully request that the documents be supplied to the Committee at the earliest opportunity.

We expect to make similar initial requests for documents to other parts of your Department that fall under the mandate of S. Res. 21.

I trust that our respective staffs will continue to work together in the spirit of mutual cooperation which we both recognize is necessary to ensure a thorough and expeditious investigation.

With kind regards,

Sincerely,

Frank Church

Frank Church
Chairman

ENCLOSURE

FIRST REQUEST FOR FBI DOCUMENTS

I. Legal Authorities

All memoranda discussing the legal authority of the Federal Bureau of Investigation to (1) investigate internal security matters, (2) collect intelligence information, and (3) engage in counter-intelligence activities; together with copies of all constitutional and statutory provisions, executive orders, presidential directives, Attorney General opinions and memoranda, and any other materials asserted as sources of such authority. 5

II. Jurisdictional Agreements

All delimitations agreements, jurisdictional agreements, agreements for coordination, and memoranda or understanding, between the FBI and any other Federal departments or agencies, insofar as they pertain to internal security, intelligence collection, and/or counter-intelligence matters, operations, or activities. 5

III. Organization

A. A detailed current organizational chart reflecting all divisions, sections, branches, and units of the FBI, and the subject matters assigned to each by generic and numerical designation. 3

B. A list of names, titles, and offices of assignment of all Intelligence Division personnel at FBI Headquarters, down to and including unit chiefs, together with the number of personnel below the level of unit chief categorized by unit or other office of assignment. 5

C. At the field level, the titles and the number of FBI field office agents assigned to internal security, intelligence collection, and/or counter-intelligence matters, operations, or activities, together with the percentage of total agent man-hours devoted to such matters, operations, and activities. 3

The purpose of this memorandum is to advise that the Department has named Deputy Assistant Attorney General K. William O'Connor of the Civil Rights Division to be responsible for their responses to Congressional Committee requests.

At the request of Assistant to the Deputy Attorney General Robert McDermott, SA Paul V. Daly and Inspector John B. Hotis attended a meeting with Deputy Assistant Attorney General K. William O'Connor, Assistant to the Attorney General Jack Fuller, and Assistant to the Deputy Attorney General Robert McDermott. McDermott announced at the meeting that O'Connor was taking control of the Departmental responses to the Congressional Committees. He noted that the Department has been having some problems keeping track of and inconsistencies in its responses to the various Congressional Committees. Mr. O'Connor was generally briefed as to the status of our responses to Congressional requests and to the Rockefeller Commission. He requested, however, that he be briefed in a more detailed manner in the immediate future.

TO : MR. W. R. WANNALL

DATE: May 8, 1975

1 - Mr. J. B. Hotis
1 - Mr. W. R. Wannall
1 - Mr. W. O. Cregar

FROM : MR. W. O. CREGAR

SUBJECT: SENSTUDY 75

This memorandum reports the results of a meeting between representatives of the Senate Select Committee (SSC) Staff and Bureau officials at Quantico, Virginia, on the evening of 5/5/75.

On 5/5/75 Mr. John Elliff, who heads the task force of the SSC looking into the FBI, met with officials of the Bureau at Quantico. Elliff was accompanied by Mark Gitenstein and Mary DeOreo. FBI officials present were Assistant Director W. R. Wannall, Inspectors Thomas W. Leavitt, Hunter E. Helgeson, and John B. Hotis as well as Section Chief William O. Cregar.

At the outset of the meeting, Mr. Elliff provided the Bureau representatives with a memorandum the subject of which was entitled "Intelligence Division Position Paper on Jurisdiction," dated 2/13/75, copy of which is attached. Elliff's memorandum contained a series of questions along with the rationale for these questions which provided the basis for the Quantico meeting. We are not considering these questions a formal request from the Select Committee. Mr. Elliff and the Staff of the Select Committee are aware that formal responses that the Bureau might be expected to provide the Committee can only be predicated on written requests to the Attorney General (AG) from Senator Frank Church or the Committee's Chief Counsel.

It is noted that under paragraph one of Elliff's memorandum he notes the Committee has not been supplied the following documents.

REC 44 62-116395-158

EX 104

(1) A position paper dated 7/31/72.

MAY 23 1975

(2) Appendices I, J, K, M, and P to the Intelligence Division "Paper on Jurisdiction" dated 2/13/75.

ALL INFORMATION CONTAINED
HEREIN IS UNCLASSIFIED
DATE 6-06-01 BY SP2ALM/RW

CONTINUED - OVER

84 JUN 3 1975

By memorandum dated 5/6/75, we advised the AG that the requested position paper of 7/31/72 is an internal deliberative document which we feel is inappropriate to furnish the Select Committee. This position is consistent with the position previously expressed by the AG. During the meeting with Elliff he was orally advised of the Bureau's position regarding making the 7/31/72 position paper available to the Select Committee.

The Appendices which have not yet been made available to the Select Committee are being cleared with other agencies under the Third Agency rule requirement and will be made available to the Select Committee once all clearances have been obtained. Elliff was orally apprised of this.

During the course of the meeting, Mr. Elliff stated that he felt the FBI's concerted investigative effort in the early 1960s against the Klan and later our investigative effort arising out of the ghetto riots were justified given the situation at that time. However, he felt the Committee would probably like to do an in-depth case study of both investigations. He asked if the FBI could provide the Committee with copies of all memoranda and documents reflecting the decision making process leading up to the initiation of the major investigative effort against the Klan as well as investigations during and following the ghetto riots. Elliff was advised that we certainly would consider responding following receiptoof a formal written request from Senator Church through the AG. Elliff advised he would prepare such a written request.

The Intelligence Division has already instituted the necessary research in anticipation of this request and will submit recommendations following a completion of this research.

In anticipation of Select Committee hearings which are expected to begin in about one month, Mr. Elliff and Gitenstein expect to start interviews of current Bureau employees in Bureau space during the week of 5/19/75. Mr. Gitenstein will concentrate on the work of the Internal Security Branch of the Intelligence Division and Mr. Elliff on the Counterintelligence Branch. We expect that Mr. Elliff will begin his interviews by meeting with Assistant Director Wannall, Inspector Leavitt and the Section Chiefs of the Counterintelligence Branch.

It is noted that we previously furnished to the Select Committee with the AG's approval one copy each of Sections 87 and 122 of the Manual of Instructions. Section 87 is concerned with investigations of subversive organizations and individuals. Section 122 addresses extremist matters and civil unrest. In his discussion of these two Sections it was readily apparent Mr. Gitenstein had conducted a thorough review. In this regard, he noted a difference in the investigative procedure outlined in these two Sections of the Manual. Mr. Gitenstein was advised that the Intelligence Division had just completed a Manual revision combining these two Sections into one and had submitted it to the Director for his approval. Mr. Gitenstein commented this was an excellent idea to combine these two Sections into one and expressed the hope that the revised Section could be made available to the Committee for its review in anticipation of the forthcoming Committee hearings.

At the conclusion of the meeting, Elliff asked whether the FBI would be willing to meet with the Staff to discuss such sensitive issues as surreptitious entry, the opening of mail, and incommunicado interviews. Elliff was advised that the Bureau was aware of certain allegations that have appeared in the press and felt that any interviews in sensitive areas should be restricted to the Senators on the Committee. Elliff interposed no objection to this suggestion.

The thrust of the meeting gave Bureau officials present the impression that the task force was primarily concerned with identifying what areas of the Bureau's investigative responsibilities needed to be better defined through new legislation. In fact, Elliff solicited the observations of those present as to what the Bureau's needs were in the way of new legislation to permit the Bureau to carry out its internal security responsibilities effectively. He recognized certain limitations involving records of educational institutions, banking institutions, telephone companies and credit establishments currently restrict the Bureau and suggest that some legislation with Congressional oversight should be written to assist the FBI in carrying out its mission.

Memorandum to Mr. W. R. Wannall
RE: SENSTUDY 75
62-116395

ACTION:

(1) We will proceed to meet with Mr. Elliff and Mr. Gitenstein in accordance with their request. It is anticipated that an Intelligence Division official will be present at all such interviews of current Bureau personnel.

(2) That the review of the combined Sections of 87 and 122 by other Divisions of the Bureau be expedited in order that we may be able to provide the Senate Select Committee with this revision on an expedite basis.

OK

PLM

May 5, 1975

MEMORANDUM

From: John Elliff

Subject: "Intelligence Division Position Paper on Jurisdiction" dated February 13, 1975

1. The following documents directly related to this Position Paper have not been supplied to the Select Committee:

(1) The previous Position Paper, dated July 31, 1972.

(2) Appendices I, J, K, M, and P.

2. Parts I and II discuss the Presidential directives which may serve as the basis for FBI national security intelligence activities. Part IV lists statutes and Executive Orders affecting FBI jurisdiction. There is no mention in Parts I and II of the first Executive Order cited in Part IV. This is Executive Order #11605, dated July 2, 1971, amending Executive Orcer #10450, of April 27, 1953, relating to security requirements for Government employment.

These Executive Orders have been further amended by a more recent Executive Order of June 4, 1974. This latest order abolished the so-called "Attorney General's List" and revised the criteria for determining the suitability and loyalty of Government employees.

The following questions arise:

(1) In what way, if any, do the Executive Orders relating to employment security provide a legal basis for FBI intelligence activities?

(2) In what way, if any, did the Executive Order of June 4, 1974, affect the legal basis for FBI intelligence activities?

3. The analysis in Parts I and II discusses the legal basis for FBI national security intelligence investigations. There is no specific discussion of other intelligence activities. These other activities are variously described in the attached documents and quoted memoranda. The terms used include "counterespionage" (Presidential Directive of June 26, 1939),

ALL INFORMATION CONTAINED
HEREIN IS UNCLASSIFIED
DATE 1-26-01 BY SP2ALM/RW

62-116395-158

ENCLOSURE

"to neutralize Communist front and Communist-dominated organizations of the United States" (IIC and ICIS Report to NSC, March 5, 1954), "program designed to intensify any confusion and dissatisfaction among its /Communist Party's/ members" and "counterintelligence operations" (NSC Briefing, November 6, 1958), "action proposals to protect the internal security of the United States" (National Security Action Memorandum 161, June 9, 1962). The term "counterespionage" reappears in several other documents.

These terms seem to refer to activities which have since been labeled COINTELPRO operations. In this regard, it should be noted that Attorney General Saxbe's report of November 18, 1974 on FBI COINTELPRO Activities stated, at p. 20:

> "(2) Espionage or Soviet-Satellite Intelligence
>
> This program, although officially designated a COINTELPRO program, emphasized intelligence gathering and counterintelligence efforts already being pursued in connection with the Bureau's ongoing foreign intelligence responsibilities. It did not curtail any activity or in any way change the scope of counterintelligence efforts already in effect and continuing today. It was primarily intended to inspire initiative and to encourage ingenuity in the Bureau's continuing counterintelligence efforts against hostile foreign intelligence services.
>
> In the interest of the national security, no statistics or examples of the types of actions implemented under this program may appropriately be disclosed."

This passage seems to say that the FBI continues to perform other activities going beyond investigation and directed at hostile foreign intelligence services.

The following questions arise:

(1) In what way, if any, do the Presidential directives discussed in Parts I and II provide a legal basis for FBI national security intelligence activities beyond investigations?

(2) In what way, if any, do the Presidential directives discussed in Parts I and II provide a legal basis for the COINTELPRO activities which have been discontinued as a matter of policy since 1971?

(3) In what way, if any, do the Presidential directives discussed in Parts I and II provide a legal basis for the FBI's continuing counterintelligence efforts against hostile foreign intelligence services?

4. Appendix S includes excerpts from the appropriations testimony of former Director Hoover. The testimony in 1939 and 1941 makes reference to President Roosevelt's Proclamation of National Emergency, September 8, 1939. The following exchange took place at the hearing on February 19, 1941:

> Mr. Ludlow. At the close of the present emergency, when peace comes, it would mean that much of this emergency work necessarily will be discontinued.
> Mr. Hoover. That is correct.
> Mr. Taber. Is your set-up for the national-defense work separate from the other work?
> Mr. Hoover. It is.
> Mr. Taber. Is it operated as a separate division?
> Mr. Hoover. Yes. In the field our field officials are under instructions to utilize approximately 50 percent of the personnel on national defense work and the other 50 percent on the regular work.
> Mr. Taber. But if some rush comes up, you might have to vary that?
> Mr. Hoover. That is correct.
> Mr. Taber. According to the situation.
> Mr. Hoover. According to the emergency that might arise. If the national emergency should terminate, the structure dealing with national defense can immediately be discontinued or very materially curtailed according to the wishes of Congress.

When President Roosevelt issued the Proclamation of National Emergency on September 8, 1939, he accompanied it with Executive Order No. 8247 directing the Attorney General to "increase the personnel of the Federal Bureau of Investigation, Department of Justice, in such number, not exceeding 150, as he shall find necessary for the proper performance of the additional duties imposed upon the Department of Justice in connection with the national emergency." At a press conference the same day,

President Roosevelt specifically discussed this Executive Order and the nature of the "additional duties imposed upon the Department of Justice."

> "And the fourth /Executive Order/ relates to what you might say is a combination of neutrality and national defense. It provides for an addition to the personnel of certain investigating agencies of the Government to protect this country against--I suppose the easiest way of putting it is--some of the episodes, some of the things that happened over here in 1914 and 1915 and 1916 and the beginning of 1917, before we got into the war. There was sabotage; there was a great deal of propaganda by both belligerents, and a good many definite plans laid in this country by foreign governments to try to sway American public opinion. We do not have to specify. The older men who are here can remember some of the episodes of that time. It is to guard against that, and against the spread by any foreign nation of propaganda in this country which would tend to be subversive--I believe that is the word--of our form of Government." (1939 Roosevelt Papers 485-486)

The following questions arise:

(1) To what extent, if any, were the Presidential directives of June 26, 1939 and September 6, 1939, based on the emergency powers of the President?

(2) To what extent, if any, was the establishment of the FBI's Intelligence Division in September, 1939, based on the President's Proclamation of National Emergency and Executive Order No. 8247?

(3) To what extent, if any, does Congress have the Constitutional authority to discontinue or curtail the FBI's national security intelligence activities based on the President's emergency powers or on other Constitutional powers of the Executive Branch?

FROM : Legal Counsel

SUBJECT: SENSTUDY 75

At approximately 3:20 PM, former SA David E. Todd (EOD as SA 1/5/42; retirement 12/9/71) called long distance from San Francisco and spoke to Deputy Assistant Director Herington. He said that he had been contacted by Lester B. Seidel, Senate Select Committee, who said that he would be on the west coast in the near future and desired to interview Todd concerning FBI policies with regard to investigation of racial matters and our counterintelligence programs against the Black Panthers and other groups. Todd pointed out that he was a former supervisor of the San Francisco Office desk responsible for Black Panther cases. Todd asked what position he should take. He was advised that his decision as to whether or not to be interviewed was entirely his and that the Bureau could not make any suggestion in this regard. It was pointed out that if he decided to be interviewed, we had made arrangements with the Senate Select Committee which would permit a Bureau representative to be available for consultation with regard to matters that might seem sensitive, but that the Bureau representative would not be present during or participate in the actual interview. He was advised further that he had the same rights as any other citizen, namely, the right to personal counsel and any other rights guaranteed him under the Constitution. Pursuant to his request, he was also advised of the provisions of Attorney General Order 501-73 which appears in Title 28, Code of Federal Regulations, beginning at Section 16.21, which would require appropriate Departmental approval prior to any current or former employee revealing, pursuant to a subpoena or other demand, any information acquired during the course of the employee's official duties. He was also reminded that all Bureau employees had signed a secrecy agreement.

Todd indicated that while he desired to respond as legally required to an official committee inquiry, he would advise Mr. Seidel that he considered himself bound by the Attorney General Order and did not feel that he could reveal official information without approval by the appropriate Department official. Todd was clearly advised that this decision had to be his own and that the FBI could not and would not make any recommendation to him as to the course of action he should take.

DATE: 5-8-75

FROM : G. R. Steel

SUBJECT: SENATE SELECT COMMITTEE ON
INTELLIGENCE ACTIVITIES (SSC)
HOUSE SELECT COMMITTEE ON
INTELLIGENCE ACTIVITIES (HSC)

Reference is made to my ~~letter~~ memo dated 4-3-75 captioned as above (cc attached).

This is to advise that as of 5-7-75 we have received and ordered to the field a total of 96 requests from the SSC for investigations of its staff members. An additional case was received on 5-8-75 which is being ordered to the field immediately. As a result of referenced memo, Inspector Bowers contacted the SSC which was in accord with a more realistic deadline on remaining investigations, except "a few" specials which would still be handled on an expedite basis, such as afforded Presidential appointments. Of all cases received to date only six have been designated as nonexpedite.

It is noted recent articles in the media have contained criticism of Congressman Lucien Nedzi for delay in staffing the HSC and proceeding with its inquiry. On 3-3-75 Inspector Bowers discussed with the Congressman the mechanics for FBI investigations of the HSC staff. In the intervening period no cases were received except one recent case from the HSC which has been ordered to the field. This concerns Carl Hendrickson Simms, Security Director, HSC, and formerly connected with the House impeachment inquiry. Simms has been in contact with our Project Senstudy 75 group. It is not known when additional investigations will be received from the HSC.

SENATE SELECT COMMITTEE ON
INTELLIGENCE ACTIVITIES (SSC)
HOUSE SELECT COMMITTEE ON
INTELLIGENCE ACTIVITIES (HSC)

By agreement, the FBI is currently conducting full field investigations regarding SSC staff personnel. These have extremely short (2 week) deadlines which are identical to those afforded Presidential appointments and are, therefore, given preferential treatment in opening, assigning, and following field progress. The Special Inquiry Unit of the Employees Security and Special Inquiry Section, which has about twice its normal case load, is handling these requests. Senator Church, Chairman, SSC, originally estimated that between 35 and 40 staff members would be submitted for investigation. As of today, 4-3-75, we have received requests for 85 such investigations from the SSC and the end does not appear to be in sight. They are received in bunches as many as 6 at a time, which is not the even flow expected and presents an additional burden.

In addition it is expected that similar requests will be forthcoming in the near future from the HSC since we have a similar agreement with it. Congressman Nedzi, Chairman of the HSC, has estimated "probably no more than about 25 staff members will be hired." It remains to be seen if this estimate also falls short of actual receipts.

Since there is no charge for these full field investigations they will have to be considered in the budget. It is noted the current charge for a full field investigation, where applicable, is $2028.

ACTION: For information. Since it appears the nucleus of the Committee has been formed, it is suggested Senator Church be contacted and queried regarding a more realistic (30 day) deadline on the remaining investigations concerning future staff members and their replacements.

SUBJECT: SENSTUDY 75

At about 1 p.m., 5/2/75, ASAC Herbert D. Clough, Newark Division, called to furnish the following information:

The Newark Office had just been contacted by former Bureau Supervisor Dan Brennan, retired, who resides at Sea Girt, New Jersey. Brennan advised that he had been contacted earlier today by Mike Epstein of the Senate Select Committee who desired to talk to Brennan today and an appointment was set up. Epstein was to arrive at Newark around noon and then drive to Sea Girt, about an hour's travel. Based on information furnished at the recent conference in New York, Newark had dispatched an Agent to be present during this interview as requested by Dan Brennan.

After completing my conversation with Clough, I discussed this matter with John Hotis, Office of Legal Counsel, and it was concluded the Agent from Newark who would be present during the interview should call Office of Legal Counsel, speak to Hotis, and obtain general guidelines for his participation in this interview.

ASAC Clough was recontacted and so instructed. I also asked Clough to get in touch with me later in the day to let me know what transpired.

SUBJECT: ISSUE PAPER ON INTELLIGENCE FILES AND PRIVACY

The Executive Committee of the Ad Hoc Coordinating Group on Congressional Review of the Intelligence Community identified ten issues likely to grow out of the Select Committee's deliberations. The Executive Committee asked the FBI to prepare a paper on one of these topics, Intelligence Files and Privacy. Specifically, the request was for a brief paper which raises the issues observed by the intelligence agencies when intelligence files and privacy are viewed together without suggesting or recommending how the questions should be resolved.

J. D. Miller drafted an outline which was discussed on April 16, 1975, with representatives of the CIA and Departments of Defense and Treasury. On April 21, this outline was presented by Mr. Hotis to the Executive Committee which received it without comment. Mr. Miller then prepared a rough draft which was discussed at a meeting on April 22, with the representatives of the CIA and Department of Treasury.

Mr. Miller's final draft is attached. It discusses both intelligence files and the concept of privacy in general terms before focusing on the issues which present themselves when an effort is made to establish the proper relationship between the two.

SUBJECT: SENATE SELECT COMMITTEE ON INTELLIGENCE ACTIVITIES
REQUEST OF 4-28-75

REQUEST OF SUBCOMMITTEE ON CIVIL AND CONSTITUTIONAL RIGHTS, COMMITTEE ON THE JUDICIARY, U. S. HOUSE OF REPRESENTATIVES DATED 4-25-75

[illegible]

On 5-2-75, Doug Marvin, Assistant to the Attorney General, furnished SA Paul V. Daly two requests from Congressional Committees pertaining to an allegation that documents were removed from former Director J. Edgar Hoover's residence in Washington, D. C., following the death of Mr. Clyde Tolson. Attached are copies of each of the captioned requests.

D

Each Assistant Director is to canvass his Division and furnish on an expedite basis any information they may develop considering this allegation. Responses should be directed to the Legal Analysis Office, Legal Counsel Division, so that the response may be prepared for the appropriate Congressional Committees and forwarded through the Attorney General's office.

REC 8 62-116395-153

Also attached for approval is an airtel to the Washington Field Office requesting that an appropriate inquiry be made among Field Office personnel so that these allegations may be responded to.

UNRECORDED COPY FILED IN 62-116395-

MAY 20 1975

RECOMMENDATIONS:

(1) That Assistant Directors make ~~appropriate inquiry of~~ personnel concerning the allegations contained in the aforementioned letters and forward results of inquiry to the Legal Analysis Office, Legal Counsel Division, so that responses may be prepared to the Committees' request.

SELECT COMMITTEE TO
STUDY GOVERNMENTAL OPERATIONS WITH
RESPECT TO INTELLIGENCE ACTIVITIES
(PURSUANT TO S. RES. 21, 94TH CONGRESS)
WASHINGTON, D.C. 20510

April 28, 1975

RECEIVED
OFFICE OF THE
ATTORNEY GENERAL
APR 30 1975

Honorable Edward H. Levi
Attorney General
U. S. Department of Justice
Washington, D. C. 20530

Dear Mr. Attorney General:

Last week's issue of Newsweek, on page 15, states:

> Hoover's Secrets
>
> Following the death last week of Clyde Tolson, J. Edgar Hoover's close friend and No. 2 man at the FBI, two FBI agents reportedly removed some documents from the late director's house in Washington, where Tolson had been living. Officially, the FBI denies taking any such action, and a friend of Tolson's says the only Hoover documents Tolson had were old canceled checks and tax returns. But Newsweek had reported earlier that some of Hoover's private dossiers, including information "very, very damaging" to persons in the Nixon White House, were left in Tolson's custody, and a source told Newsweek this week that the materials were carted away in a truck.

Assuming that the files in question may be part of the so-called "Official and Confidential" files, your testimony before the House Judiciary Committee on February 27, 1975, is instructive. You said that the number of files which you reviewed contained matters relating to "Presidential directives regarding the role of the FBI in the security field" and to the matters related to "domestic

ALL INFORMATION CONTAINED

MAY 27 1975

ENCLOSURE

62-116395-153

violence", "intelligence activities by hostile nations", "domestic extremist activities", and use of the FBI to gather political intelligence.

Furthermore, at the same time, Director Kelley suggested that materials from the "Official and Confidential" files were taken to Director Hoover's home. He stated:

> Immediately after his death /Mr. Hoover's/ some of his employees, including his personal secretary, went through his files and completed the destruction of the remainder of the files that were purely personal. These were destroyed by shredding. Some I understand were taken out to his home and placed in his home, they being historical I presume to some extent. There is no indication that they were other than personal files.

Please determine for the Select Committee whether any documents were removed from Mr. Tolson's or Mr. Hoover's residence by FBI agents or former FBI agents after Mr. Tolson's death. If agents of the FBI did go to Mr. Hoover's or Mr. Tolson's residence to remove files, please provide the Select Committee with a complete description of the documents taken into custody by the FBI. Were any such documents copies or originals of documents relating to the business of the FBI? If so, please describe the subject matter of each such document. Also indicate the individual within the FBI who has custody over these files. Furthermore, I respectfully request on behalf of the Select Committee that such files not be destroyed or removed from the FBI's custody until further notice.

O.L.A.

April 25, 1975

The Honorable Edward H. Levi
Attorney General of the United States
Department of Justice
Washington, D. C. 20530

Dear Mr. Attorney General:

In the most recent issue, April 28, 1975, of Newsweek's "Periscope" section, it is alleged that following the death of Clyde Tolson, J. Edgar Hoover's close friend and top assistant, FBI agents removed documents from the late FBI Director's house, in which Mr. Tolson had been living. The article further alleges that the documents removed were of the nature of private dossiers.

During the hearing of the Subcommittee on Civil and Constitutional Rights of the House Committee on the Judiciary, on February 27, 1975, it was asserted that papers delivered to the home of J. Edgar Hoover after his death were of a purely historical or personal nature. In keeping with the Subcommittee's oversight jurisdiction of the FBI, I respectfully request that the Department of Justice make an independent investigation of the allegations made by the Newsweek writer and report back to the Subcommittee within a reasonable time. This investigation should cover these points:

1. Were any documents or other material removed from the home of the late FBI Director by agents of the FBI, or others under the direction of the FBI or the Department of Justice, after the death of Clyde Tolson?

2. If it is determined that documents or other material were removed, on whose authority was such action initiated?

ALL INFORMATION CONTAINED
HEREIN IS UNCLASSIFIED

MAY 27 1975

ENCLOSURE

62-116395-153

3. What was the nature of the material removed?

4. For what purpose were the materials removed?

5. Was it the same material delivered to the home of J. Edgar Hoover after his death?

6. If it is true that the materials delivered to the home of J. Edgar Hoover after his death were of an historical or personal nature, and that all or some of these same materials were removed after the death of Clyde Tolson, what legal rationale can be used to give the FBI any interest in, or authority to remove, such documents to their own possession?

Your prompt consideration of this matter is appreciated.

Sincerely,

Don Edwards

TO : MR. JENKINS DATE: 5/5/75

FROM : D.W. MOORE, JR.

SUBJECT: CLYDE A. TOLSON
FORMER ASSOCIATE DIRECTOR

The April 28, 1975, issue of "Newsweek" magazine on page 15 under its "Periscope" section, referred to Mr. Tolson's death and claimed that 2 Agents reportedly removed documents from Hoover's residence where Tolson had been living. The article, captioned "Hoover's Secrets," carried the FBI's denial of such action and also stated that a friend of Tolson's said the only Hoover documents Tolson had were old cancelled checks and tax returns. However, the article added that "Newsweek" had reported earlier that some of Hoover's private dossiers, including information "very, very damaging" to persons in the Nixon White House, were left in Tolson's custody. "Newsweek" further claimed that a source advised that the materials were carted away in a truck.

Mr. Kelley has asked of Messrs. Callahan, Jenkins, Adams and Moore, "Do you have any idea where such a story got started? Ky."

My memorandum to you of 4/17/75 captioned as above (copy attached) pointed out that Tony Marro, "Newsweek" reporter, contacted my office that date advising he had heard from a source to the effect that 2 Agents were sent to Tolson's residence the day of his death with a truck and carted away some files which were subsequently brought to the home of Mr. John P. Mohr, former Assistant to the Director. Upon checking with Mr. Mohr, Marro was advised there was absolutely no truth to the story. It should be noted that Mr. Mohr also advised at that time that most of the furnishings at Mr. Tolson's home have been removed over the past several months and that there were some associates of the family and Annie, the housekeeper who had stopped by the house on the day of the death with some empty boxes to help remove additional furnishings.

ENCLOSURE

Moore to Jenkins Memo (cont'd.)
Re: CLYDE A. TOLSON

Based upon a request from Mr. Mohr to Mr. Callahan, a Bureau clerk did go to the residence of Mr. Tolson on the day of his death whereupon he delivered some 24 boxes and 6 rolls of tape. The clerk merely delivered the boxes and tape and then left the residence. We have no idea what was placed in the boxes nor how this story started in the first place.

RECOMMENDATION:

For information.

MR. JENKINS 4/17/75

D.W. MOORE, JR.

CLYDE A. TOLSON
FORMER FBI ASSOCIATE DIRECTOR

Tony Marro, "Newsweek" magazine, Washington, D.C., called this morning advising that he had heard from a source who has been reliable in the past, to the effect that two Agents were sent to the home of Clyde Tolson Monday evening, 4/14/75, the day of his death, with a truck and carted away some files which were subsequently brought to the home of Mr. John P. Mohr, former Assistant to the Director.

Upon checking with Mr. Mohr, Mr. Marro was advised that there was absolutely no truth to his story. It should be noted that Mr. Mohr advised that most of the furnishings at Mr. Tolson's home have been removed over the past several months and that there were some associates of the family and Annie, the housekeeper, who had stopped by the house sometime Monday with some empty boxes to help remove additional furnishings. As you know, Mr. Mohr is the Administrator of Mr. Tolson's estate and stated that there was simply no truth to the allegation that any Agents had gone to the home in a truck to transfer any files to his residence, as alleged.

TO : Mr. J. B. Adams DATE: 5-5-75

FROM : Legal Counsel

SUBJECT: SENSTUDY 75

By memorandum dated 4-30-75, directed to the Deputy Attorney General and the Director of the FBI, signed by Chief Counsel of the Senate Select Committee (SSC) Frederick A. O. Schwarz, Jr., the SSC had made additional requests of the FBI. Their requests are divided into four separate areas which are as follows: (1) Request for prior changes in the Manual of Instructions, to those sections of the Manual of Instructions which they have already had access to. (2) Request to review certain sections of the Manual of Instructions not previously furnished the Committee. A review of this list discloses generally these sections do not pertain to foreign or domestic intelligence investigations and some do not appear to be within the ambit of Senate Resolution 21 which charters the authority of the SSC. Regarding the sections of the Manual of Instructions, the request stated they would be satisfied with reviewing them at FBI Headquarters. (3) Request certain sections of the Manual of Rules and Regulations be made available for review by SSC representatives at FBI Headquarters. As in request #2, some of the sections do not appear to be within the scope of Senate Resolution 21. Among the sections of the Manual of Rules and Regulations requested are such sections as those concerning disciplinary matters and administration of offices. (4) A general request concerning the Bureau's filing procedures including information concerning our indexing system, list of classifications used in FBI filing system, and a set of forms used by the Bureau. (Attached is a copy of the memorandum.)

ST 112 REC 8 62-116395-152

It was pointed out regarding this request to senior staff member of the SSC, Mark Gitenstein, that some aspects of this request appear to be outside of the scope of the Committee's authority as set forth in Senate Resolution 21. Gitenstein explained that while this may

be technically accurate the Committee felt it was necessary for them to come to a general understanding as to Bureau operations and that this would assist them in their review of FBI operations in the domestic and foreign intelligence areas. Gitenstein also indicated it was the Committee's feeling that Senate Resolution 21 was intended to be construed liberally and that in general it required that the SSC be furnished by the various intelligence agencies that information which would be necessary for them to carry out its mandate. It was also explained to Gitenstein that concerning their requests involving prior changes in various sections of the Manual of Instructions that they had not placed a cutoff date as to how far back the Bureau had to go to comply with this request. Gitenstein indicated that we could use 1-1-60 as the cutoff date.

RECOMMENDATIONS:

(1) Recipients review requests pertaining to their Divisions and furnish in memorandum form their response to the Legal Counsel Division.

(2) The Legal Counsel Division will, upon receipt of responses from the interested Divisions, prepare the necessary communication to the Senate Select Committee to be approved by the Attorney General and furnished to the Committee.

OK

(FAOS--4/30/75)

MEMORANDUM FOR DEPUTY ATTORNEY
GENERAL TYLER AND DIRECTOR KELLY

April 30, 1975

This memorandum concerns paragraph IV of the attachment to Senator Church's letter of March 19 to the Attorney General. On behalf of the Senate Select Committee to Study Governmental Operations with Respect to Intelligence Activities, I would like to request the following:

1. Superseded Sections of the Manual of Instructions. Certain sections of the Manual currently in effect have been produced to us. We had intended by the request to ask for the relevant superseded sections (note the absence of the word "current" in Section IV as compared to Section IIIA) and we did indicate previously to the liaison staff that we were interested in superseded sections. But without regard to that, it is clear from documents such as the Director's letter of August 7, 1973 to the Attorney General that certain superseded sections will be highly relevant in analyzing the question of legal authority, as well as in understanding particular events in earlier years. We would appreciate their being sent to us promptly or if that causes mechanical problems, being able to promptly review them at the FBI in order to select particular portions for copying. At a minimum we would be interested in superseded Manual provisions for the sections set out in Appendix A.

Xerox furnished to K. Wm O'Connor Deputy Asst. to A.G. by SA DALY 5-20-75

Copy to Harriet Mowitt, Ad Hoc Comm. by LFS 5-15-75

62-116395-152

ALL INFORMATION CONTAINED
HEREIN IS UNCLASSIFIED
DATE 1-25-01 BY

ENCLOSURE

2. Sections of the Manual of Instructions Not Previously Produced. Based upon the previous production to us of the table of contents to the Manual of Instructions, we have identified certain additional sections of the Manual which we would like to examine. Rather than having these made available to us in the first instance in our offices, we suggest that they be made available to Mark Gitenstein, and other designated members of the staff, for initial examination at the FBI offices. A listing of those sections is annexed as Appendix B.

3. Manual of Rules and Regulations. Again, based upon the procedure whereby we were first furnished with the table of contents of the Manual of Rules, we have identified those sections which we want to examine initially. To expedite matters, these sections, identified in Appendix C, could be examined by Mr. Gitenstein, or other designated staff members, at the FBI offices.

4. Filing System. It would also be most helpful if you could provide the Committee with any other written materials on administration of any of the filing or information systems, manual or automated, which are used in the course of intelligence or internal security activities. This does not fit within our prior request but should serve to make future requests more focused.

I have in mind specifically any memoranda prepared by the Bureau on its indexing system and the so-called Clerk's Manual,

if such a document exists. Please also provide the Committee with a list of the classifications used in the FBI's filing system as well as a complete set of printed forms used by the Bureau (e.g., FD-165, etc.).

* * * *

We believe that all the foregoing material will help expedite and focus the inquiry. I assume that Mr. Hotis will contact me promptly to arrange for our review of this material.

Proposed Legislation

Senstudy '75

SUBJECT: H. R. 214; LEGISLATION TO REQUIRE COURT ORDERS FOR THE INTERCEPTION OF COMMUNICATIONS BY ELECTRONIC AND OTHER DEVICES, FOR ENTERING RESIDENCES, FOR OPENING MAIL, AND FOR INSPECTION OF CERTAIN RECORDS

Bowers

Reference Legal Counsel to Mr. Adams memorandum, 4-28-75, reporting that the Subcommittee on Postal Facilities, Mail, and Labor Management, House Post Office and Civil Service Committee, is going to open hearings concerning captioned bill on 5-6-75, and that the Department of Justice will be requested to provide testimony.

Mike Cavanagh, Assistant on the Subcommittee staff, called Inspector Bowers on 4-29-75 stating the Subcommittee Chairman, Charles Wilson (D-Calif.), had instructed him to request a copy of the Hoover report to the President in June, 1970, on behalf of the Committee on Interagency Intelligence since this report contained information regarding mail openings and possibly mail covers. Cavanagh was advised that we have received prior requests from Congressional committees for this document and all such requests are being referred to the White House. He was told to contact James Wilderotter in the office of the Counsel to the President at the White House. Wilderotter is the individual to whom we have previously referred a similar request for this document from the Senate Select Committee on Intelligence Activities.

62-116395-

NOT RECORDED
46 JUL 21 1975

Charles Whitley, Administrative Assistant to Congressman David Henderson (D-N.C.), Chairman of the House Committee on Post Office and Civil Service, on 4-30-75 told Bowers that the Postal Facilities Subcommittee had scheduled the hearings regarding this legislation hurriedly after it was determined that the Subcommittee on Government Information and Individual Rights, Committee on Government Operations, chaired by

Congresswoman Bella Abzug (D-N.Y.), had indicated an interest in holding hearings on this matter. Whitley stated hopefully Abzug's Subcommittee can be precluded from conducting any hearings in this area by virtue of the assertion of authority by the Post Office and Civil Service Committee.

James Wentzel, Office of Legislative Affairs, Department of Justice, has been alerted to the effect that an invitation will be received by the Department for testimony on this legislation.

RECOMMENDATION:

That the General and Special Investigative Divisions and the Intelligence Division promptly begin compiling appropriate information for submission to the Legal Counsel Division which can be submitted to the Department for its use in testifying or can be used as the basis for FBI testimony should the Department request an FBI representative to appear at these hearings.

This memorandum records the receipt of two documents furnished to the Bureau as a member of the Ad Hoc Coordinating Group for Congressional Review of the Intelligence Community. These documents were furnished by Mr. John M. Clarke, Associate Deputy to the Director of Central Intelligence for the Intelligence Community, who is chairman of the Ad Hoc Group.

Attached herewith is a current list of those staff members of the Senate Select Committee who have received security clearances. The Bureau will continue to receive up-dated lists as additional staff members are afforded a security clearance.

Also attached is a copy of the request levied on the Department of State by the Senate Select Committee. A copy of this request was furnished to the Bureau for its information by Mr. Clarke.

Request to the Secretary of State for Documents and Other Material Regarding the Department of State and Intelligence Activities of the United States Government

1. All directives, regulations, memoranda, guidance or similar material setting forth the relationship of the Department of State to, and its role in, the Intelligence Community and the National Security Council structure, including but not limited to the United States Intelligence Board, the Forty Committee, Washington Special Action Group, Senior Review Group, the Verification Panel, and the Intelligence Committee. Specific descriptive and documentary material covering the nature and extent of the Department's relationship with the National Security Agency and the Federal Bureau of Investigation and other investigating and intelligence entities should be included, such as the Interagency Evaluation Committee.

2. Organization charts showing which officials represent the Department of State on the various Intelligence Community and NSC committees, and on all other bodies, including subcommittees, whose functions include intelligence activities. Such charts should give the names and titles of officials representing the Department of State in those committees (or their predecessor organizations) going as far back as 1947 or any earlier date which the Department believes relevant. The charts should also include, for the same time frame, the names, titles, and a brief job description of those officials of the Department who provided staff support to the Department's representatives on Intelligence Community and NSC committees or to the committees directly.

3. All regulations, guidance, inter-agency memoranda, delimitations agreements, including other agreements and similar material governing the support which the Department of State provides to or receives from other agencies within the Government, having an intelligence or security or investigative function. This would include, but not be limited to, such matters as administrative support and "cover" provided to employees of the Central Intelligence Agency, the Federal Bureau of Investigation, and the Drug Enforcement Administration (and its predecessors), communications support, and financial services.

4. Description, including organization chart, of the Bureau of Intelligence and Research (INR). This should include, in particular, detailed discussion of the operations of the Directorate for Coordination (INR/DDC) and any predecessor offices, whether in INR, the Under Secretary's office, or elsewhere in the Department. Names of personnel throughout the Directorate for Coordination or its

ENCLOSURE

predecessors should be listed covering the entire period since that function was developed.

5. Description of the organization and functions of the Bureau of Security and Consular Affairs, and of the Office of Security within the Bureau of Administration, insofar as they relate to liaison or cooperation with any intelligence or domestic investigatory body.

6. All instructions, memoranda or similar documents authorizing the establishment of and detailing the mandate of the Cabinet Committee to Combat Terrorism (and its Working Group). Also all reports on terrorism by the Cabinet Committee to Combat Terrorism (and its Working Group), such as the report by the Secretary of State to the President referred to in the President's Memorandum of September 25, 1972, establishing the Committee.

7. All directives, regulations, memoranda, guidance, or similar material which sets forth the Department of State's role in establishing or reviewing requirements or proposals for intelligence activity, including intelligence collection, recruitment of agents, political action programs, paramilitary programs, and counterintelligence activities. In addition, a descriptive account of the Department of State's role in establishing or reviewing requirements or proposals for intelligence activity, differentiating the Department's role in intelligence collection, recruitment of agents, political action programs, paramilitary programs, and counterintelligence activities. This should include differentiation between activities within these categories where differences exist.

8. All directives, regulations, memoranda, guidance, or similar material which sets forth the role and functions of the Department of State in the collection, assessment, production, and dissemination of national intelligence. In addition, a descriptive account of the current role and functions of the Department of State in this regard.

9. All instructions, guidance or similar material defining the authority of U.S. Ambassadors and other Chiefs of Mission to know about and control activities of any U.S. intelligence or investigative agent or entity in the country to which the Ambassador or Chief of Mission is accredited. This should include any limitations upon Ambassadorial control or cognizance of and discussion of any other coordination, monitoring, or other relationships between U.S. missions and the activities of any U.S. intelligence or investigative agent or entity.

10. Any other historical, descriptive or documentary material, studies or reports which the Department believes would be of assistance to the Select Committee in understanding the Department's role in intelligence activities, evaluation and monitoring of those activities, or other matters relevant to the Committee's mandate.

RE: SUPERSEDED SECTIONS OF THE
MANUAL OF INSTRUCTIONS

Reference is made to the SSC memorandum, with attached appendices, dated April 30, 1975, requesting certain documents and other information from the FBI.

Part one of referenced memorandum requested this Bureau to make available for review various superseded sections of the Manual of Instructions (MOI). Appendix A attached to referenced memorandum set forth the sections requested for review. Mr. Mark Gitenstein, SSC Staff Member, has advised FBI Special Agent Paul V. Daly that revisions to the MOI should cover the period January 1, 1960, to the present.

These superseded sections are now ready for review at FBI Headquarters by appropriately cleared personnel of the SSC Staff. It should be noted that for the period January 1, 1960, to the present, there were no revisions of MOI Sections 95 and 97.

Re: Superseded Sections of the
Manual of Instructions

NOTE:

Pursuant to a prior SSC request, we furnished them current MOI Sections 36, 84, 86, 87, 88, 95, 97 and 122. Due to the sensitive nature of Sections 105, 107 and 130, these were made available for review only at FBIHQ.

Listed below are the Intelligence Division representatives and the MOI sections reviewed for this project:

Section 36-Espionage	James W. Johnson	CI-1
Section 84-Registration Act	Dennis R. Dickson	CI-3
Section 86-Sabotage	Louis J. Brune	IS-2
Section 87-Investigations of Subversive Organizations and Individuals	William N. Preusse	IS-2
	Thomas J. McNiff	IS-2
Section 88-Sedition	George J. Lex	IS-2
Section 105-Internal Security-Nationalistic Tendency	James W. Johnson	CI-1
	Howard W. Dare, Jr.	CI-2
	Dennis R. Dickson	CI-3
Section 107-Internal Security Informants and Confidential Sources; and Foreign Counterintelligence Assets	Edward P. Grigalus	IS-2
	James W. Johnson	CI-1
	Howard W. Dare, Jr.	CI-2
	Dennis R. Dickson	CI-3
Section 122-Extremist Matters and Civil Unrest	Robert D. Shea	IS-1
Section 130-Extremist Informants and Sources	Robert D. Shea	IS-1

As previously noted, there were no MOI revisions during the period of interest to Section 95-Treason and Section 97-Voorhis Act.

The revisions of the MOI requested by SSC consists of approximately 2,200 pages and is approximately 9" in height. Due to the bulkiness of these revisions, they are not being attached to this memorandum.

June 17, 1975

UNITED STATES SENATE SELECT COMMITTEE
TO STUDY GOVERNMENTAL OPERATIONS
WITH RESPECT TO INTELLIGENCE ACTIVITIES

RE: REQUEST PERTAINING TO ELECTRONIC
SURVEILLANCE

Reference is made to SSC letter to the Attorney General, with attached appendices, dated May 14, 1975, requesting certain documents and other information from the FBI.

In Appendix D, captioned "Request Pertaining to Electronic Surveillance," the SSC desired a response to the following request:

Item 15. "All July and August memoranda from former Special Agent (SA) Leo T. Clark to the Assistant Special Agent in Charge (ASAC) or the Special Agent in Charge (SAC) of the Newark, New Jersey, Office of the Federal Bureau of Investigation (FBI), captioned 'Protection of the President - White House Inquiry.'"

In regard to the aforementioned, a thorough review of the files of the Newark Office of the FBI did not reveal the existence of a file bearing the caption, "Protection of the President - White House Inquiry." However, this review did disclose the existence of a file bearing the caption, "Protection of the President." A thorough review of this file failed to uncover any memoranda emanating from former SA Leo T. Clark at any time.

In addition, a thorough review of other files maintained at the Newark Office believed relevant to the subject matter of this inquiry, did not reveal any memoranda, letters or other type communications prepared by former SA Clark.

A thorough review of pertinent FBIHQ files discloses no memoranda emanating from former SA Clark regarding this matter.

Request Pertaining to Electronic Surveillance

NOTE:

Telephonic instructions were issued to the Newark Office to respond to Item 15, in SSC letter 5/14/75. By airtel dated 5/30/75 and teletype dated 6/5/75, Newark advised that their review regarding Item 15 was negative. Material reviewed at FBIHQ included, the "Disruption of Democratic National Convention; Information Concerning" file; records of the Inspection Division regarding the "Special Squad, Atlantic City, New Jersey, National Convention, August 22-28, 1964," personnel files of former Assistant to the Director DeLoach, Assistant Director W. C. Sullivan, former SA's Leo T. Clark and Frederick Baumgardner. Above material did not make reference to or contain any memoranda prepared by SA Clark regarding the Democratic National Convention held at Atlantic City, New Jersey, from 8/22-28/64. File review conducted by SA Robert D. Shea.

INSTRUCTIONS

- Type or print clearly in ink.

- Indicate classification of the abstract top and bottom.

- Date the abstract and put on any internal control numbers required.

- "FROM" entry should clearly identify the organization providing the information.

- If additions (as when a copy of document sent to SSC is later sent to HSC) or changes to a previously submitted form are necessary, submit a copy of the original abstract, with the change indicated.

SPECIFIC ITEM NO. 8. SUMMARY - enter brief narrative statement describing substance of information and showing relationship to Intelligence Community matters if appropriate. Any feedback or evidence of investigatory interests should be noted. Commitments made to supply additional information should be noted. Additionally, certain administrative information may be entered here, e.g., restrictions on review of a document, if document was paraphrased, whether interviewee is current or former employee, etc. If actual document or transcript is provided; that fact should be noted and no summary is required. Additional pages may be attached if necessary.

MDR-16

By letter dated May 14, 1975, with attached appendices, the SSC requested certain information and documents from the FBI.

Enclosed for your approval and forwarding to the Committee is the original of a memorandum and enclosures which serve as a response to one of the SSC requests.

There does not appear to be any relation between the elimination of the FBI Crime Records Division and the mandate of the Committee contained in Senate Resolution 21. You may wish to give specific consideration to this observation before approving the forwarding of the enclosed documents to the Committee.

A copy of the memorandum with enclosures is being furnished for your records.

NOTE:

The material furnished contains available information with reference to the change in name and later elimination of the Crime Records Division during the period 10/16/72 to 1/3/73. This matter has been coordinated with Mr. David Divan of the External Affairs Division. An extensive search by the Files and Communications Division has failed to locate the 10/4/72 memorandum referenced in M. A. Jones to Mr. Bishop memorandum, 10/16/72, and the L. M. Walters memorandum to Mr. Felt, 12/14/72. The letter to Mr. Fletcher Thompson mentioned in the second recommendation, page 3, of the 10/16/72 Jones to Bishop memorandum is a letter of appreciation for the suggestion with reference to the change in name of the Crime Records Division.

Memorandum

TO : Mr. Bishop

DATE: 10-16-72

FROM : M. A. Jones

SUBJECT: SUGGESTED NAME CHANGE
CRIME RECORDS DIVISION

By memorandum dated 10-4-72, attached, it was indicated that has suggested a name change for the Crime Records Division to Office of Public Information or some other more meaningful designation.

It was pointed out that suggestion was in line with informal discussions you (Mr. Bishop) have had with members of your staff concerning a possible name change for the Division.

In this connection, Mr. Gray has noted that he "can think of many reasons for changing the name. What have been the nature of the reasons for change discussed?"

With the formation of the Computer Systems Division and the resultant reassignment of the personnel and the work of the Uniform Crime Reporting Section, including the National Crime Information Center/Computerized Criminal Histories file from Crime Records to Computer Systems, the title "Crime Records," as has indicated, is no longer meaningful insofar as the work of this Division is concerned.

"Office of Public Information," which was suggested by would inaccurately reflect the activities and responsibilities of this Division and could result in confusion with the Office of Public Information in the Department of Justice. This, of course, would be undesirable.

Enclosures

ALL INFORMATION CONTAINED
HEREIN IS UNCLASSIFIED

MDR-16

This document is prepared in response to your request and is not for dissemination outside your Committee. Its use is limited to official proceedings by your Committee and the content may not be disclosed to unauthorized personnel without the express approval of the FBI.

It is noted that this Division, which is presently comprised of the Crime Research Section, and the Correspondence and Tours Section, is primarily responsible for conducting extensive research pertaining to crime, crime prevention, and other related matters in the law enforcement field. This Division is involved in the review and preparation of replies to correspondence regarding FBI Jurisdiction and operations received from law enforcement, other Government agencies, and the general public in those instances where the Bureau has a responsibility to disseminate such information.

"The FBI Law Enforcement Bulletin," which is the official publication of the FBI, is prepared and distributed by Crime Records, as well as numerous pamphlets for the instruction and information of Bureau employees, the law enforcement profession and the general public. This Division is responsible for supervision of tours of Bureau facilities for Government officials, law enforcement authorities, and the general public; directs the program of distributing informative and illustrative material on Bureau fugitives to various media for the purpose of effecting the location and apprehension of these criminals with the help of citizen cooperation;and coordinates and supervises the Bureau's interests in the utilization of radio, television, and publication outlets to enhance the discharge of our responsibilities in the law enforcement field by acquainting the public with the FBI's operations and activities.

In addition, this Division has the custody of a number of research and reference files which are maintained in a current status and which are essential to the Division in the fulfillment of its responsibilities to the Bureau.

Further, this Division supervises the "Ten-Most-Wanted Fugitives" Program, as well as "The FBI" television series, both of which involve research for their sustenance and success.

While it is recognized, based on the foregoing, that this Division is not completely absorbed in research to the exclusion of other activities, "Crime Research"

CONTINUED - OVER

more accurately describes our responsibilities, it is felt, than any other title suggested. It is noted the more likely alternatives discussed were "Research and Information Division" and "Research and Correspondence Division."

RECOMMENDATIONS:

1. That Mr. Gray approve the renaming of the Crime Records Division to Crime Research Division.

Approved. 10/22
11:02A

2. That in line with the foregoing, the attached letter to [redacted] be approved and sent.

UNITED STATES GOVERNMENT

Memorandum

TO : THE ACTING DIRECTOR DATE: 12-1-72

FROM : W. M. FELT

SUBJECT: REORGANIZATION - CRIME RESEARCH DIVISION

Pursuant to your instructions, Assistant Director Bishop is being temporarily attached to the Training Division at Quantico for special assignment until the effective date of his retirement, 2-1-73.

Mr. Bishop will be assigned to the research and development of a major case practical problem for use in the National Academy. This is extremely important because our experience indicates that most of the officers attending the Academy are unable to understand and handle the ramifications of major cases. Mr. Bishop, with his extensive field background, plus his familiarity with news media problems, is ideally suited to handle this assignment.

If he has time, Mr. Bishop will also analyze and develop meaningful practical cases which will enable new agents to meet present-day needs.

I have arranged with Mr. Jenkins for suitable office facilities to be used by Mr. Bishop at Quantico and have instructed Bishop to report to Mr. Jenkins on Monday, 12-4-72.

[redacted] is being diverted from his current inspection assignment in the Office of Legal Counsel to begin an immediate survey of the Crime Research Division to determine the feasibility of the transfer of its functions to other divisions or to your office.

RECOMMENDATION:

None. For information.

Memorandum

TO : MR. FELT

DATE: 12/6/72

FROM : L. M. WALTERS

SUBJECT: SUPERVISORY REORGANIZATION OF FUNCTIONS AND PERSONNEL; CRIME RESEARCH DIVISION

ALL INFORMATION CONTAINED
HEREIN IS UNCLASSIFIED
DATE 10-26-2000 BY SP2AM
MDR-16

PURPOSE: To recommend immediate supervisory reorganization and transfer of all functions and personnel of the Crime Research Division based on survey and analysis conducted by Inspection Division.

Recommended transfer of functions and related responsibilities together with appropriate personnel as follows:

OFFICE OF ACTING DIRECTOR

To assume supervision of contacts with the Congress, press and other news media formerly handled by Assistant Director Bishop, his front office Agent personnel and the Administrative Review Unit (Congressional liaison).

Functions and Related Responsibilities:

Congressional liaison; Congressional correspondence; Congressional telephone calls; progress of legislation of interest to or affecting the FBI; review of bills and resolutions introduced into both Houses of Congress and all public and private laws enacted; and review and analysis of the Congressional Record.

Press, radio, television and motion picture contacts; field matters concerning press, radio and television; correspondence relating to an editorial or to a commenta liaison with the White House and Department press offices; review of editorials and articles; review of magazines, newspaper clippings and Washington News Service ticker items; news releases and press inquiries; SAC calls regarding press releases; press contact program; coordinate press matters of possible future use from FBIHQ Divisions.

Review statements and speeches by Director or matters affecting major public relations; invitations for speeches by the Director; assignment of speeches to FBIHQ speakers; review speech manuscripts.

Review material for publication, first-name salutation mail, matters critical of and complaints regarding FBI; letters enclosing autographed photographs;

This document is prepared in response to your request and is not for dissemination outside your Committee. Its use is limited to official proceedings by your Committee and the content may not be disclosed to unauthorized personnel without the express approval of the FBI.

CONTINUED - OVER

special photographs in Director's Office; American Legion and veteran liaison matters.

Recommended Agent Transfer:

OFFICE OF ACTING ASSOCIATE DIRECTOR

To assume [review and analysis of correspondence received by the Director and the FBI and preparation of replies to the correspondence.] Formerly handled by the Special Correspondence Unit (correspondence of special importance to Director and Nation) and the Non-Special Correspondence Unit (correspondence from the public and requests for publications).

Functions and Related Responsibilities:

Replies to correspondence regarding subversive activities and field divisions; file reviews and necessary research to determine identity and pertinent background of the correspondent; file review and research necessary to reply to inquiries and requests from private citizens, law enforcement, Government representatives on local, state and national level; initiate instructions to field offices in connection with correspondence; processing of letters dealing with public relations, general news media; requests and inquiries from law enforcement officials, Government representatives and others in foreign countries; chronic mail; and requests for publications.

Recommended Agent Transfer:

OFFICE OF LEGAL COUNSEL

To assume formal liaison with the American Bar Association, National District Attorneys Association, National Association of Attorneys General, Federal Bar Association, and the American Law Institute. These functions formerly handled by the Administrative Review Unit. Also research and preparation of legal briefs in connection with urgent policy matters (formerly handled by Research Unit).

Recommended Agent Transfer:

1.

CONTINUED - OVER

TRAINING DIVISION

To assume operations and maintenance of the FBI Library; preparation and dissemination of pamphlets, reprints and related material of special interest in law enforcement and the crime problem; coordination and compilation of material for presenting FBI operations and jurisdiction to law enforcement and the public through movies, television and other news media; and specialized research and preparation of material in connection with memoranda requested by the Director and other Bureau officials, research for speeches and policy statements of the Director and analysis of articles and statements made concerning the FBI. These functions were formerly handled by the Library Unit, Publications Unit, Special Productions Unit and Research Unit.

Functions and Related Responsibilities:

Reference service to FBI officials, employees, and authorities from other Government agencies and individuals authorized; maintenance of out-of-town telephone directories covering United States; preparation of memoranda for Director and other officials based on review of current periodicals, police journals and scientific magazines; purchase and sale of books to Bureau employees and the maintenance of the inventory and financial records pertinent to this project and operation of a lending library to Bureau employees.

Liaison with the Government Printing Office; preparation and dissemination of the FBI Law Enforcement Bulletin (LEB); research for the Director's monthly announcement on an important phase of law enforcement or crime for each issue of the LEB; requesting and coordinating material from the field, editing, preparation and distribution of "The Investigator"; preparation of "FBI Notes"; preparation of Interesting Case Memoranda and maintenance of related indices; and correlation and usage of FBI human interest items.

Monitoring movies and television for proper portrayal of FBI and maintenance of a running brief on developments pertinent to Bureau operations; surveys and evaluations of matters for presentment to the public by information media; day-to-day surveys of the media for consideration of the Director and Bureau officials; custody and maintenance of recordings of the Director in connection with policy statements or interviews with law enforcement or other Government agencies; custody and maintenance of the general and official Bureau photograph file together with indices; writing of radio and television scripts involving FBI fugitives and matters of FBI jurisdiction; distribution of Uniform Crime Reports Bulletin; maintenance of cartoon file, illustrations depicting FBI and reference file on misquotes of Director in news media releases; monthly review of FBI dissemination of information to the public, law enforcement and authorized individuals and organizations

CONTINUED - OVER

Research and coordination of materials in connection with speeches, by-line articles and feature stories made or published by the Director; preparation of memoranda concerning books on law enforcement; review and analysis of magazine and newspaper manuscripts concerning FBI prepared by outside authors who request FBI review for accuracy; compilation of data and narrative form of material presented in the FBI's Annual Reports; outlines and research for speech data requested by Bureau officials; maintenance of indices on research materials.

Supervision of Public Law 670 concerning misuse of the name of the FBI; analysis of Young American Medals Awards; maintenance of reference files pertinent to FBI jurisdiction and law enforcement policies; reference files on sex offenders, parole and probation violators, pornographic literature; supervision and statistics concerning FBI speech program; and supervision and direction of Bureau juvenile project.

Recommended Agent Transfer:

ADMINISTRATIVE DIVISION

To assume supervision for [special visitors on tours of Bureau facilities, meetings and photographs with the Director and all other tours conducted for visitors to the Bureau./ Preparation of data on Bureau employees for publication in home-town newspapers as recruitment aids. These functions formerly handled among the Fugitive Publicity Unit, Special Productions Unit, Research Unit and Tour Unit.

Functions and Related Responsibilities:

Handling and processing photographs and other matters for personal autograph of the Director; interviews, testing, lectures, classroom demonstrations, on-the-job training and supervision of tour leaders; fingerprinting individuals requesting to be fingerprinted in connection with Government employment, security clearances or personal identification; telephone inquiries relating to law enforcement, National Academy, services and responsibilities of the FBI and background data regarding the Director; maintain tour statistics of visitors and security of all tour areas; prepare data on background and work functions of Bureau employees for arranging publication in their home-town newspapers.

CONTINUED - OVER

Recommended Agent Transfer: [redacted]

GENERAL INVESTIGATIVE DIVISION

To assume White House name checks and appropriate correspondence, compilation of data and preparation of memoranda on individuals requesting special tours or meetings with the Director; compilation of data and preparation of background memoranda for dissemination to authorized individuals; and preparation of informative memoranda pertaining to organizations asking for data. These functions formerly handled by the Summary Memoranda Unit. (In past years these functions were performed in Name Check Section of General Investigative Division.)

Recommended Agent Transfer: [redacted]

SPECIAL INVESTIGATIVE DIVISION

To assume overall responsibility for publicizing FBI fugitives through all available media, prepare narrative and illustrative data for Top Ten Fugitive Program, research and preparation of feature fugitive articles; preparation and dissemination of material concerning fugitives; maintenance of special indices concern distribution and cancellation of fugitive material to media; and conduct interviews with persons making telephonic or personal calls to FBIHQ concerning matters within the jurisdiction of the FBI or of interest to the Bureau. These functions were formerly handled by the Fugitive Publicity Unit.

Recommended Agent Transfer: [redacted]

OBSERVATIONS

Agent personnel and supervisory functions have been analyzed and dealt with in the foregoing proposed reallocations; clerical functions have not. It is suggested that clerical functions and personnel now simply move with the Agent desks and units to which they are attached. Questions of space also have not been covered and it is readily apparent that a substantial portion of the functions and personnel suggested for transfer to Training Division might feasibly operate at Quantico (e. g. Library, Special Productions and Publications Unit). Five units of Training Division are now located at Headquarters and the Research Unit of Research and Service Section proposed herein for transfer to Training Division, likewise should remain at Headquarters. Accordingly [redacted] formerly in the Front Office of Crime Research Division, has been proposed for transfer to Training Division in order to act, during this transition period, as a special coordinator of functions that may be divided between Headquarters and Quantico. No!

The questions of adequacy of clerical personnel, space reallocation, and relocation of units and functions to Quantico demand greater study and inasmuch

Memo for Mr. Felt
Supervisory Reorganization of Functions and Personnel;
Crime Research Division

as Training Division is scheduled for regular annual inspection next week, these matters will be gone into in depth in connection with that inspection and coordinated in consultation with Administrative Division. It is the purpose of this memorandum to promptly effect the desired transfers of functions among affected Divisions in order to provide for immediate routing of mail and upper level review and supervision of the work product of all units previously composing Crime Research Division.

[illegible] 12/12 4:30 P

RECOMMENDATION:

That transfers as outlined herein be approved.

ADDENDUM OF W.M. FELT

this appears logical and feasible. If any [illegible] develop we can readjust. I agree that the Research & Service functions, which will [illegible] under [illegible] should be reassigned to the Training Division. I do not believe that this Section should be transferred to Training Division because there is a need for access to [illegible] & other mail and at Headquarters & personnel contacts with the public. Furthermore there is no available space at Quantico except in the Library Building. Accordingly I recommend the Library Building at Quantico be [illegible], that the FBIHQ Library be [illegible] the telephone directories and [illegible] would need to retain at FBIHQ the [illegible] used on a daily basis by the Divisions [illegible] encyclopedias which are used on a daily basis. [illegible] the FBIHQ Library was to [illegible] much more. The space into which the FBIHQ Library [illegible] can be used and in fact is badly needed in the 9th & D Building [illegible] Domestic Intelligence Division which is now crowded. I recommend that you approve now the transfer of functions and that any necessary realignment of personnel be considered in separate memoranda.

[illegible]

(FOREGOING TYPED ON FOLLOWING PAGE)

Agree
Change Administrative Review Unit to Congressional Services Unit
[illegible] 12/12
4:20 P

ADDENDUM OF W. M. FELT 12-6-72 WMF:crt

This appears logical and feasible. If snags develop we can readjust. I agree that the Research and Service functions, which will remain under should be reassigned to the Training Division. I do not believe that this Section should be transferred to Quantico, however, because there is daily need for access to files and other material at Headquarters and occasional contacts with the public. Furthermore, there is no available space at Quantico except in the Library Building. Accordingly, I recommend that the FBIHQ Library be moved into the Library Building at Quantico. We would need to retain at FBIHQ the telephone directories and encyclopedias which are used on a daily basis by other Divisions. The space into which the FBIHQ Library was to have been moved in the 9th and D Building can be used and in fact is badly needed by the Domestic Intelligence Division which is very crowded.

I recommend that you approve now the transfer of functions and that any necessary realignment of personnel be considered by separate memoranda.

UNITED STATES GOVERNMENT

Memorandum

TO : MR. FELT DATE: December 14, 1972

FROM : L. M. WALTERS

SUBJECT: SUPERVISORY REORGANIZATION OF FUNCTIONS AND PERSONNEL; CRIME RESEARCH DIVISION

per prior approval of Mr. Gray

Effective immediately, all functions and personnel formerly assigned to the Crime Research Division are reassigned as indicated below. Recipient Inspectors, Section and Unit Chiefs promptly report to respective offices of assignment.

Agent personnel are set forth together with assigned functions. Clerical personnel utilized in handling these assignments are to transfer with listed Agents in accordance with the functions formerly handled by them.

OFFICE OF ACTING DIRECTOR

To assume supervision of contacts with the Congress, press and other news media formerly handled in the Front Office of the Crime Research Division as well as the Administrative Review Unit which has been redesignated as the Congressional Services Unit and will be handled by

Functions and Related Responsibilities:

Reference service to FBI officials, employees, and authorities from other Government agencies and individuals authorized; maintenance of out-of-town telepho directories covering United States; preparation of memoranda for Director and other officials based on review of current periodicals, police journals and scientifi magazines; purchase and sale of books to Bureau employees and the maintenance of the inventory and financial records pertinent to this project and operation of a lending library to Bureau employees.

Liaison with the Government Printing Office; preparation and disseminatio of the FBI Law Enforcement Bulletin (LEB); research for the Director's monthly announcement on an important phase of law enforcement or crime for each issue of the LEB; requesting and coordinating material from the field, editing, preparation and distribution of "The Investigator"; preparation of "FBI Notes"; preparation of Interesting Case Memoranda and maintenance of related indices; and correlation and usage of FBI human interest items.

Monitoring movies and television for proper portrayal of FBI and maintena of a running brief on developments pertinent to Bureau operations; surveys and evaluations of matters for presentment to the public by information media; day-to-day surveys of the media for consideration of the Director and Bureau officials; custody and maintenance of recordings of the Director in connection with policy statements or interviews with law enforcement or other Government agencies custody and maintenance of the general and official Bureau photograph file together with indices; writing of radio and television scripts involving FBI fugitives and

CONTINUED - OVER

matters of FBI jurisdiction; distribution of Uniform Crime Reports Bulletin; maintenance of cartoon file, illustrations depicting FBI and reference file on misquotes of Director in news media releases; monthly review of FBI dissemination of information to the public, law enforcement and authorized individuals and organizations.

Research and coordination of materials in connection with speeches, by-line articles and feature stories made or published by the Director; preparation of memoranda concerning books on law enforcement; review and analysis of magazin and newspaper manuscripts concerning FBI prepared by outside authors who request FBI review for accuracy; compilation of data and narrative form of material presented in the FBI's Annual Reports; outlines and research for speech data requested by Bureau officials; maintenance of indices on research materials.

Supervision of Public Law 670 concerning misuse of the name of the FBI; analysis of Young American Medals Awards; maintenance of reference files pertinen to FBI jurisdiction and law enforcement policies; reference files on sex offenders, parole and probation violators, pornographic literature; supervision and statistics concerning FBI speech program; and supervision and direction of Bureau juvenile project.

ADMINISTRATIVE DIVISION

To assume supervision for special visitors on tours of Bureau facilities, meetings and photographs with the Director and all other tours conducted for visitor to the Bureau. Preparation of data on Bureau employees for publication in home-town newspapers as recruitment aids. These functions formerly handled among the Fugitive Publicity Unit, Special Productions Unit, Research Unit and Tour Unit.

Functions and Related Responsibilities:

Handling and processing photographs and other matters for personal autogra of the Director; interviews, testing, lectures, classroom demonstrations, on-the-jo training and supervision of tour leaders; fingerprinting individuals requesting to be fingerprinted in connection with Government employment, security clearances or personal identification; telephone inquiries relating to law enforcement, National Academy, services and responsibilities of the FBI and background data regarding the Director; maintain tour statistics of visitors and security of all tour areas; prepare data on background and work functions of Bureau employees for arranging publication in their home-town newspapers.

GENERAL INVESTIGATIVE DIVISION

To assume White House name checks and appropriate correspondence, compilation of data and preparation of memoranda on individuals requesting special tours or meetings with the Director; compilation of data and preparation of backgrou memoranda for dissemination to authorized individuals; and preparation of informati memoranda pertaining to organizations asking for data. These functions formerly handled by the Summary Memoranda Unit.

SPECIAL INVESTIGATIVE DIVISION

[illegible]

To assume overall responsibility for publicizing FBI fugitives through all available media, prepare narrative and illustrative data for Top Ten Fugitive Program, research and preparation of feature fugitive articles; preparation and dissemination of material concerning fugitives; maintenance of special indices concerning distribution and cancellation of fugitive material to media; and conduct interviews with persons making telephonic or personal calls to FBIHQ concerning matters within the jurisdiction of the FBI or of interest to the Bureau. These functions were formerly handled by the Fugitive Publicity Unit.

RECOMMENDATIONS:

1. That the Administrative Division arrange any necessary realignment of space and handle memoranda instructing transfers.

2. That recipient offices promptly survey clerical functions and responsibilities and submit appropriate recommendations in connection with any needed realignment of clerical personnel; also prepare updated organizational charts.

3. That attached airtel to all offices be approved.

Memorandum

TO : MR. FELT DATE: 12/18/72

FROM : N. P. CALLAHAN

SUBJECT: SUPERVISORY REORGANIZATION OF FUNCTIONS AND PERSONNEL; CRIME RESEARCH DIVISION

By memo dated 12/14/72 from Mr. Walters to Mr. Felt the reassignment of Special Agent personnel of the former Crime Research Division to other Offices and Divisions at Headquarters was set forth. The purpose of this memo is to establish what clerical personnel will be assigned to each Office or Division. This information is necessary to effect changes in appropriate records.

For control purposes, each of the listed individuals should advise of the clerical personnel needed to carry out the functions and related responsibilities reassigned to the respective Office or Division. All clerical personnel assigned to the former Crime Research Division must be accounted for. Accordingly, the listed individuals should consult with each other if there is any question concerning assignment, excessive or needed clerical personnel, coordinating information with appropriate Office representative or Division head. Identities, positions and grades should be set forth under the respective Office or Division.

ALL INFORMATION CONTAINED
HEREIN IS UNCLASSIFIED
DATE 10-28-2000 BY SP2ALM
MDR-16

RECOMMENDATION:

That the reassignment of the clerical personnel of the former Crime Research Division be accomplished as set forth above with results furnished to the Administrative Division so that appropriate records can be adjusted.

This document is prepared in response to your request and is not for dissemination outside your Committee. Its use is limited to official proceedings by your Committee and the content may not be disclosed to unauthorized personnel without the express approval of the FBI.

Memorandum

TO : Mr. Felt

DATE: December 21, 1972

FROM : T. J. Jenkins

SUBJECT: SUPERVISORY REORGANIZATION OF FUNCTIONS AND PERSONNEL CRIME RESEARCH DIVISION

Reference is made to memorandum L. M. Walters to Mr. Felt, dated December 14, 1972, in captioned matter.

Bureau Library at FBI Headquarters

A survey has been made of the library, its books, facility and personnel. At the present time, the library is housed in six rooms in the 4200 corridor at FBI Headquarters and has a staff of the following:

ALL INFORMATION CONTAINED
HEREIN IS UNCLASSIFIED
DATE 10-27-2000 BY SP2ALM/bsp
MDR-16

From a survey of the books, all books can be removed from the library to the library at Quantico with exception to certain reference books and out-of-town telephone directories which are necessary to be maintained at FBI Headquarters for ready-reference purposes by the Bureau staff at Headquarters. From the survey, it was determined these books can be maintained in two rooms presently occupied by the library, thus freeing four rooms as surplus space.

In the library is a lending library which has about 100 members. These members pay $1 every six months for membership dues and have the privilege of using the library. Because of the minor use of this lending library, I am proposing that we phase out this part of the library during the next six months, removing the books at the end of that period to Quantico.

This document is prepared in response to your request and is not for dissemination outside your Committee. Its use is limited to official proceedings by your Committee and the content may not be disclosed to unauthorized personnel without the express approval of the FBI.

CONTINUED - OVER

From the survey, I believe that the two library technicians, who are presently assigned to the library, can handle the remaining reference books and telephone directories and that when l returns to work a decision can be made as to what can be done with her.

Since practically all of the library will be transferred to Quantico, it will be necessary to transfer certain employees of the library unit.

RECOMMENDATIONS:

(1) That all the books with the exception of the reference books, lending library, and out-of-town telephone directories be transferred to the Academy at Quantico.

(2) That authority be granted to gradually phase out the lending library over the next six-month period.

(3) That be transferred to Quantico as Assistant Librarian and for lecture purposes at the Academy.

(4) That be transferred to the Academy at Quantico.

(5) That the position of secretary be abolished and that be reassigned.

[redacted]

Memorandum T. J. Jenkins to Mr. Felt
Re: Supervisory Reorganization of
Functions and Personnel
Crime Research Division [redacted]

[redacted] (6) That the two library technicians, [redacted], be retained to handle the reference books and telephone directories remaining at FBI Headquarters.

(7) If above transfers are approved, Administrative Division will handle.

Approved. G

Memorandum

TO : Mr. Felt DATE: January 3, 1973

FROM : T. J. Jenkins

SUBJECT: SUPERVISORY REORGANIZATION OF FUNCTIONS AND PERSONNEL CRIME RESEARCH DIVISION

Reference is made to the memorandum of Mr. Walters to Mr. Felt, dated 12/14/72, in captioned matter. A review has been made of the units assigned to the Training Division from the former Crime Research Division, particularly the Research and Service Section. As you know, , has retired. I believe we can consolidate the Training Programs Processing Section and the Research and Service Section at FBI Headquarters into one section, calling it the Training Programs Processing and Research Section. This would eliminate one section chief.

As you know, we have recommended and it has been approved that the Library in the Crime Research Section be moved to Quantico. It is my proposal that the former Library Unit, what is left of it here at FBI Headquarters, be merged with the Research Unit leaving three units from the former Research and Service Section; namely, the Research Unit; Special Productions Unit and Publications Unit.

I have discussed with Mr. Callahan the transferring of the Suggestions, Forms, Reports Management, Manuals and Chief Clerk Matters to the Administrative Division and he is agreeable. This would mean an addition to his division of one Special Agent and seven clerical staff. The remaining units presently in the Training Division would remain as is.

This would give the Section Chief of the Training Division stationed at FBI Headquarters a total of 18 Agents and 53 clerks under his supervision. I believe that current Section Chief is capable of handling this assignment as Section Chief, particularly if is retained as Number One Man of the Section. has served as Number One Man in the former Research and Service Section of the Crime Research Division.

ALL INFORMATION CONTAINED

Memorandum T. J. Jenkins to Mr. Felt
Re: Supervisory Reorganization of
Functions and Personnel
Crime Research Division

RECOMMENDATIONS:

(1) That the old Research and Service Section of the former Crime Research Division be combined with the Training Programs Processing Section of the Training Division and be given the name Training Programs Processing and Research Section.

[redacted]

(2) That the Suggestions, Forms, Reports Management, Manuals and Chief Clerk Matters be transferred from the Training Division to the Administrative Division.

[redacted]

(3) That [redacted] current Section Chief in the Training Division be ~~retained~~ DESIGNATED as Section Chief. OF THE NEW SECTION

(4) That [redacted] be ~~retained~~ DESIGNATED as Number One Man of this new Section in the Training Division.

ADDENDUM OF W. M. FELT 1-4-73

I am in agreement with the above except for the proposed new name Training Programs Processing and Research Section. I think this sounds pompous and cumbersome. I suggest and Mr. Jenkins has agreed to naming the new section Police Training and Research Section. I recommend approval with this modification.

Approved.

Reference is made to memorandum L. M. Walters to Mr. Felt, dated December 14, 1972, in captioned matter.

Bureau Library at FBI Headquarters

A survey has been made of the library, its books, facility and personnel. At the present time, the library is housed in six rooms in the 4200 corridor at FBI Headquarters and has a staff of the following:

Inspector Bernard M. Suttler, GS-16
Librarian Iona ~~G.~~ Swann, GS-9
~~Assistant Librarian Eleanor L. Benish, GS-6~~
Secretary Connie Hutchison, GS-4 (position is GS-5)
3 Librarian Technicians
Alica Brand, GS-4 (on extended leave without pay - due to illness)
Patricia Lauber, GS-3 (GS-4 position)
Ester Villanueva, GS-4

From a survey of the books, all books can be removed from the library to the library at Quantico with exception to certain reference books and out-of-town telephone directories which are necessary to be maintained at FBI Headquarters for ready-reference purposes by the Bureau staff at Headquarters. From the survey, it was determined these books can be maintained in two rooms presently occupied by the library, thus freeing four rooms as surplus space.

In the library is a lending library which has about 100 members. These members pay $1 every six months for membership dues and have the privilege of using the library. Because of the minor use of this lending library, I am proposin that we phase out this part of the library during the next six months, removing the books at the end of that period to Quantico.

This document is prepared in response to your request and is not for dissemination outside your Committee. Its use is limited to official proceedings by your Committee and the content may not be disclosed to unauthorized personnel without the express approval of the FBI .

CONTINUED - OVER

From the survey, I believe that the two library technicians, who are presently assigned to the library, can handle the remaining reference books and telephone directories and that when Miss Brand returns to work a decision can be made as to what can be done with her.

Since practically all of the library will be transferred to Quantico, it will be necessary to transfer certain employees of the library unit.

RECOMMENDATIONS:

(1) That all the books with the exception of the reference books, lending library, and out-of-town telephone directories be transferred to the Academy at Quantico.

(2) That authority be granted to gradually phase out the lending library over the next six-month period.

(3) That Inspector Bernard M. Suttler be transferred to Quantico as Assistant Librarian and for lecture purposes at the Academy.

(4) That Miss Iona G. Swann and Miss Eleanor L. Benish be transferred to the Academy at Quantico.

(5) That the position of secretary be abolished and that Miss Connie Hutchison be reassigned.

UNITED STATES GOVERNMENT

Memorandum

TO : Mr. Bishop DATE: 10-16-72

FROM : M. A. Jones

SUBJECT: SUGGESTED NAME CHANGE
CRIME RECORDS DIVISION

By memorandum dated 10-4-72, attached, it was indicated that Fletcher D. Thompson, SAC, Omaha, has suggested a name change for the Crime Records Division to Office of Public Information or some other more meaningful designation.

It was pointed out that Mr. Thompson's suggestion was in line with informal discussions you (Mr. Bishop) have had with members of your staff concerning a possible name change for the Division.

In this connection, Mr. Gray has noted that he "can think of many reasons for changing the name. What have been the nature of the reasons for change discussed?"

With the formation of the Computer Systems Division and the resultant reassignment of the personnel and the work of the Uniform Crime Reporting Section, including the National Crime Information Center/Computerized Criminal Histories file from Crime Records to Computer Systems, the title "Crime Records," as Mr. Thompson has indicated, is no longer meaningful insofar as the work of this Division is concerned.

"Office of Public Information," which was suggested by Mr. Thompson, would inaccurately reflect the activities and responsibilities of this Division and could result in confusion with the Office of Public Information in the Department of Justice. This, of course, would be undesirable.

Enclosures

ALL INFORMATION CONTAINED
HEREIN IS UNCLASSIFIED

MDR-16

This document is prepared in response to your request and is not for dissemination outside your Committee. Its use is limited to official proceedings by your Committee and the content may not be disclosed to unauthorized personnel without the express approval of the FBI.

It is noted that this Division, which is presently comprised of the Crime Research Section, and the Correspondence and Tours Section, is primarily responsible for conducting extensive research pertaining to crime, crime prevention, and other related matters in the law enforcement field. This Division is involved in the review and preparation of replies to correspondence regarding FBI Jurisdiction and operations received from law enforcement, other Government agencies, and the general public in those instances where the Bureau has a responsibility to disseminate such information.

"The FBI Law Enforcement Bulletin," which is the official publication of the FBI, is prepared and distributed by Crime Records, as well as numerous pamphlets for the instruction and information of Bureau employees, the law enforcement profession and the general public. This Division is responsible for supervision of tours of Bureau facilities for Government officials, law enforcement authorities, and the general public; directs the program of distributing informative and illustrative material on Bureau fugitives to various media for the purpose of effecting the location and apprehension of these criminals with the help of citizen cooperation;and coordinates and supervises the Bureau's interests in the utilization of radio, television, and publication outlets to enhance the discharge of our responsibilities in the law enforcement field by acquainting the public with the FBI's operations and activities.

In addition, this Division has the custody of a number of research and reference files which are maintained in a current status and which are essential to the Division in the fulfillment of its responsibilities to the Bureau.

Further, this Division supervises the "Ten-Most-Wanted Fugitives" Program, as well as "The FBI" television series, both of which involve research for their sustenance and success.

While it is recognized, based on the foregoing, that this Division is not completely absorbed in research to the exclusion of other activities, "Crime Research"

CONTINUED - OVER

more accurately describes our responsibilities, it is felt, than any other title suggested. It is noted the more likely alternatives discussed were "Research and Information Division" and "Research and Correspondence Division."

RECOMMENDATIONS:

1. That Mr. Gray approve the renaming of the Crime Records Division to Crime Research Division.

Approved. G 10/22
11:02A

2. That in line with the foregoing, the attached letter to Mr. Thompson be approved and sent.

Memorandum

TO : THE ACTING DIRECTOR DATE: 12-1-72

FROM : W. M. FELT

SUBJECT: REORGANIZATION - CRIME RESEARCH DIVISION

Pursuant to your instructions, Assistant Director Bishop is being temporarily attached to the Training Division at Quantico for special assignment until the effective date of his retirement, 2-1-73.

Mr. Bishop will be assigned to the research and development of a major case practical problem for use in the National Academy. This is extremely important because our experience indicates that most of the officers attending the Academy are unable to understand and handle the ramifications of major cases. Mr. Bishop, with his extensive field background, plus his familiarity with news media problems, is ideally suited to handle this assignment.

If he has time, Mr. Bishop will also analyze and develop meaningful practical cases which will enable new agents to meet present-day needs.

I have arranged with Mr. Jenkins for suitable office facilities to be used by Mr. Bishop at Quantico and have instructed Bishop to report to Mr. Jenkins on Monday, 12-4-72.

Inspector Wilburn ~~K.~~ DeBruler is being diverted from his current inspection assignment in the Office of Legal Counsel to begin an immediate survey of the Crime Research Division to determine the feasibility of the transfer of its functions to other divisions or to your office.

RECOMMENDATION:

None. For information.

per prior approval of Mr. Gray

Effective immediately/all functions and personnel formerly assigned to the Crime Research Division are reassigned as indicated below. Recipient Inspectors, Section and Unit Chiefs promptly report to respective offices of assignment.

Agent personnel are set forth together with assigned functions. Clerical personnel utilized in handling these assignments are to transfer with listed Agents in accordance with the functions formerly handled by them.

OFFICE OF ACTING DIRECTOR

Inspectors James F. Bland, David W. Bowers, Jack E. Herington and SA Harold P. Leinbaugh.

To assume supervision of contacts with the Congress, press and other news media formerly handled in the Front Office of the Crime Research Division as well as the Administrative Review Unit which has been redesignated as the Congressional Services Unit and will be handled by Inspectors Jack E. Herington and David W. Bowers.

Functions and Related Responsibilities:

Congressional liaison; Congressional correspondence; Congressional telephone calls; progress of legislation of interest to or affecting the FBI; review of bills and resolutions introduced into both Houses of Congress and all public and private laws enacted; and review and analysis of the Congressional Record.

Press, radio, television and motion picture contacts; field matters concern press, radio and television; correspondence relating to an editorial or to a commentator; liaison with the White House and Department press offices; review of editorials and articles; review of magazines, newspaper clippings and Washington News Service ticker items; news releases and press inquiries; SAC calls regarding press releases; press contact program; coordinate press matters of possible future use from FBIHQ Divisions.

This document is prepared in response to your request and is not for dissemination outside your Committee. Its use is limited to official proceedings by your Committee and the content may not be disclosed to unauthorized personnel without the express approval of the FBI.

Review statements and speeches by Director or matters affecting major public relations; invitations for speeches by the Director; assignment of speeches to FBIHQ speakers; review speech manuscripts.

Review material for publication, first-name salutation mail, matters critical of and complaints regarding FBI; letters enclosing autographed photographs; special photographs in Director's Office; American Legion and veteran liaison matters.

OFFICE OF ACTING ASSOCIATE DIRECTOR

Section Chief Gordon E. Malmfeldt and SAs Homer R. Hauer (Number One Man), Ralph W. Engelmeier, Marion S. Ramey, Paul L. Andrews, John W. Dalseg, Robert C. Dean and Richard E. White.

To assume review and analysis of correspondence received by the Director and the FBI and preparation of replies to the correspondence. Formerly handled by the Special Correspondence Unit (correspondence of special importance to Director and Nation) and the Non-Special Correspondence Unit (correspondence from the public and requests for publications).

Functions and Related Responsibilities:

Replies to correspondence regarding subversive activities and field divisions; file reviews and necessary research to determine identity and pertinent background of the correspondent; file review and research necessary to reply to inquiries and requests from private citizens, law enforcement, Government representatives on local, state and national level; initiate instructions to field offices in connection with correspondence; processing of letters dealing with public relations, general news media; requests and inquiries from law enforcement officials, Government representatives and others in foreign countries; chronic mail; and requests for publications.

OFFICE OF LEGAL COUNSEL

SA James C. Farrington.

To assume formal liaison with the American Bar Association, National District Attorneys Association, National Association of Attorneys General, Federal Bar Association, and the American Law Institute. These functions formerly handled by the Administrative Review Unit. Also research and preparation of legal briefs in connection with urgent policy matters (formerly handled by Research Unit).

TRAINING DIVISION

Section Chief Milton A. Jones, Inspectors Bernard M. Suttler and George T. Quinn, and SAs Lawrence J. Heim, John H. Campbell, Edward H. Gooderham, David L. Divan, Carl J. Hall, Louis S. Lear, Donald G. Hanning, Robert B. Davenport, Robert C. Fay, George William Gunn and Fern C. Stukenbroeker.

To assume operations and maintenance of the FBI Library; preparation and dissemination of pamphlets, reprints and related material of special interest in law enforcement and the crime problem; coordination and compilation of material for presenting FBI operations and jurisdiction to law enforcement and the public through movies, television and other news media; and specialized research and preparation of material in connection with memoranda requested by the Director and other Bureau officials, research for speeches and policy statements of the Director and analysis of articles and statements made concerning the FBI. These functions were formerly handled by the Library Unit, Publications Unit, Special Productions Unit and Research Unit.

Functions and Related Responsibilities:

Reference service to FBI officials, employees, and authorities from other Government agencies and individuals authorized; maintenance of out-of-town telephon directories covering United States; preparation of memoranda for Director and other officials based on review of current periodicals, police journals and scientific magazines; purchase and sale of books to Bureau employees and the maintenance of the inventory and financial records pertinent to this project and operation of a lending library to Bureau employees.

Liaison with the Government Printing Office; preparation and dissemination of the FBI Law Enforcement Bulletin (LEB); research for the Director's monthly announcement on an important phase of law enforcement or crime for each issue of the LEB; requesting and coordinating material from the field, editing, preparation and distribution of "The Investigator"; preparation of "FBI Notes"; preparation of Interesting Case Memoranda and maintenance of related indices; and correlation and usage of FBI human interest items.

Monitoring movies and television for proper portrayal of FBI and maintenan of a running brief on developments pertinent to Bureau operations; surveys and evaluations of matters for presentment to the public by information media; day-to-day surveys of the media for consideration of the Director and Bureau officials; custody and maintenance of recordings of the Director in connection with policy statements or interviews with law enforcement or other Government agencies; custody and maintenance of the general and official Bureau photograph file together with indices; writing of radio and television scripts involving FBI fugitives and

CONTINUED - OVER

matters of FBI jurisdiction; distribution of Uniform Crime Reports Bulletin; maintenance of cartoon file, illustrations depicting FBI and reference file on misquotes of Director in news media releases; monthly review of FBI dissemination of information to the public, law enforcement and authorized individuals and organizations.

Research and coordination of materials in connection with speeches, by-line articles and feature stories made or published by the Director; preparation of memoranda concerning books on law enforcement; review and analysis of magazine and newspaper manuscripts concerning FBI prepared by outside authors who request FBI review for accuracy; compilation of data and narrative form of material presented in the FBI's Annual Reports; outlines and research for speech data requested by Bureau officials; maintenance of indices on research materials.

Supervision of Public Law 670 concerning misuse of the name of the FBI; analysis of Young American Medals Awards; maintenance of reference files pertinent to FBI jurisdiction and law enforcement policies; reference files on sex offenders, parole and probation violators, pornographic literature; supervision and statistics concerning FBI speech program; and supervision and direction of Bureau juvenile project.

ADMINISTRATIVE DIVISION

SA William H. Stapleton.

To assume supervision for special visitors on tours of Bureau facilities, meetings and photographs with the Director and all other tours conducted for visitors to the Bureau. Preparation of data on Bureau employees for publication in home-town newspapers as recruitment aids. These functions formerly handled among the Fugitive Publicity Unit, Special Productions Unit, Research Unit and Tour Unit.

Functions and Related Responsibilities:

Handling and processing photographs and other matters for personal autograp of the Director; interviews, testing, lectures, classroom demonstrations, on-the-job training and supervision of tour leaders; fingerprinting individuals requesting to be fingerprinted in connection with Government employment, security clearances or personal identification; telephone inquiries relating to law enforcement, National Academy, services and responsibilities of the FBI and background data regarding the Director; maintain tour statistics of visitors and security of all tour areas; prepare data on background and work functions of Bureau employees for arranging publication in their home-town newspapers.

GENERAL INVESTIGATIVE DIVISION

SAs Edward J. Kilday, III, and Anthony Edward Schiappa

CONTINUED - OVER

To assume White House name checks and appropriate correspondence, compilation of data and preparation of memoranda on individuals requesting special tours or meetings with the Director; compilation of data and preparation of backgroun memoranda for dissemination to authorized individuals; and preparation of informativ memoranda pertaining to organizations asking for data. These functions formerly handled by the Summary Memoranda Unit.

SPECIAL INVESTIGATIVE DIVISION

SA Thomas B. Coll

To assume overall responsibility for publicizing FBI fugitives through all available media, prepare narrative and illustrative data for Top Ten Fugitive Program, research and preparation of feature fugitive articles; preparation and dissemination of material concerning fugitives; maintenance of special indices concerning distribution and cancellation of fugitive material to media; and conduct interviews with persons making telephonic or personal calls to FBIHQ concerning matters within the jurisdiction of the FBI or of interest to the Bureau. These functions were formerly handled by the Fugitive Publicity Unit.

RECOMMENDATIONS:

1. That the Administrative Division arrange any necessary realignment of space and handle memoranda instructing transfers.

2. That recipient offices promptly survey clerical functions and responsibilities and submit appropriate recommendations in connection with any needed realignment of clerical personnel; also prepare updated organizational charts.

3. That attached airtel to all offices be approved.

Memorandum

TO : MR. FELT

DATE: 12/18/72

FROM : N. P. CALLAHAN

SUBJECT: SUPERVISORY REORGANIZATION OF FUNCTIONS AND PERSONNEL; CRIME RESEARCH DIVISION

ALL INFORMATION CONTAINED
HEREIN IS UNCLASSIFIED
DATE 10-27-2000 BY SP2 AUM/BJD
MDR-16

By memo dated 12/14/72 from Mr. Walters to Mr. Felt the reassignment of Special Agent personnel of the former Crime Research Division to other Offices and Divisions at Headquarters was set forth. The purpose of this memo is to establish what clerical personnel will be assigned to each Office or Division. This information is necessary to effect changes in appropriate records.

For control purposes, each of the listed individuals should advise of the clerical personnel needed to carry out the functions and related responsibilities reassigned to the respective Office or Division. All clerical personnel assigned to the former Crime Research Division must be accounted for. Accordingly, the listed individuals should consult with each other if there is any question concerning assignment, excessive or needed clerical personnel, coordinating information with appropriate Office representative or Division head. Identities, positions and grades should be set forth under the respective Office or Division.

Inspector James F. Bland, Office of the Acting Director
Section Chief Gordon E. Malmfeldt, Office of the Acting Associate Director
SA James C. Farrington, Office of Legal Counsel
Section Chief Milton A. Jones, Training Division
SA William H. Stapleton, Administrative Division
SA Edward J. Kilday III, General Investigative Division
SA Thomas B. Coll, Special Investigative Division

RECOMMENDATION:

That the reassignment of the clerical personnel of the former Crime Research Division be accomplished as set forth above with results furnished to the Administrative Division so that appropriate records can be adjusted.

This document is prepared in response to your request and is not for dissemination outside your Committee. Its use is limited to official proceedings by your Committee and the content may not be disclosed to unauthorized personnel without the express approval of the FBI.

Memorandum

TO : MR. FELT
DATE: 12/6/72

FROM : L. M. WALTERS

SUBJECT: SUPERVISORY REORGANIZATION OF FUNCTIONS AND PERSONNEL; CRIME RESEARCH DIVISION

ALL INFORMATION CONTAINED
HEREIN IS UNCLASSIFIED
DATE 10-27-2000 BY

MDR-16

PURPOSE: To recommend immediate supervisory reorganization and transfer of all functions and personnel of the Crime Research Division based on survey and analysis conducted by Inspection Division.

Recommended transfer of functions and related responsibilities together with appropriate personnel as follows:

OFFICE OF ACTING DIRECTOR

To assume supervision of contacts with the Congress, press and other news media formerly handled by Assistant Director Bishop, his front office Agent personnel and the Administrative Review Unit (Congressional liaison).

Functions and Related Responsibilities:

Congressional liaison; Congressional correspondence; Congressional telephone calls; progress of legislation of interest to or affecting the FBI; review of bills and resolutions introduced into both Houses of Congress and all public and private laws enacted; and review and analysis of the Congressional Record.

Press, radio, television and motion picture contacts; field matters concerning press, radio and television; correspondence relating to an editorial or to a commentato liaison with the White House and Department press offices; review of editorials and articles; review of magazines, newspaper clippings and Washington News Service ticker items; news releases and press inquiries; SAC calls regarding press releases; press contact program; coordinate press matters of possible future use from FBIHQ Divisions.

Review statements and speeches by Director or matters affecting major public relations; invitations for speeches by the Director; assignment of speeches to FBIHQ speakers; review speech manuscripts.

Review material for publication, first-name salutation mail, matters critical of and complaints regarding FBI; letters enclosing autographed photographs;

This document is prepared in response to your request and is not for dissemination outside your Committee. Its use is limited to official proceedings by your Committee and the content may not be disclosed to unauthorized personnel without the express approval of the FBI .

CONTINUED - OVER

special photographs in Director's Office; American Legion and veteran liaison matters.

Recommended Agent Transfer:

Inspectors James F. Bland, David W. Bowers and Jack E. Herington.

OFFICE OF ACTING ASSOCIATE DIRECTOR

To assume [review and analysis of correspondence received by the Director and the FBI and preparation of replies to the correspondence.] Formerly handled by the Special Correspondence Unit (correspondence of special importance to Director and Nation) and the Non-Special Correspondence Unit (correspondence from the public and requests for publications).

Functions and Related Responsibilities:

Replies to correspondence regarding subversive activities and field divisions; file reviews and necessary research to determine identity and pertinent background of the correspondent; file review and research necessary to reply to inquiries and requests from private citizens, law enforcement, Government representatives on local, state and national level; initiate instructions to field offices in connection with correspondence; processing of letters dealing with public relations, general news media; requests and inquiries from law enforcement officials, Government representatives and others in foreign countries; chronic mail; and requests for publications.

Recommended Agent Transfer:

Section Chief Gordon E. Malmfeldt and SAs Homer R. Hauer (Number One Man), Ralph W. Engelmeier, Marion S. Ramey, Paul L. Andrews, John W. Dalseg, Robert C. Dean and Richard E. White.

OFFICE OF LEGAL COUNSEL

To assume formal liaison with the American Bar Association, National District Attorneys Association, National Association of Attorneys General, Federal Bar Association, and the American Law Institute. These functions formerly handled by the Administrative Review Unit. Also research and preparation of legal briefs in connection with urgent policy matters (formerly handled by Research Unit).

Recommended Agent Transfer:

SA James C. Farrington.

CONTINUED - OVER

TRAINING DIVISION

To assume operations and maintenance of the FBI Library; preparation and dissemination of pamphlets, reprints and related material of special interest in law enforcement and the crime problem; coordination and compilation of material for presenting FBI operations and jurisdiction to law enforcement and the public through movies, television and other news media; and specialized research and preparation of material in connection with memoranda requested by the Director and other Bureau officials, research for speeches and policy statements of the Director and analysis of articles and statements made concerning the FBI. These functions were formerly handled by the Library Unit, Publications Unit, Special Productions Unit and Research Unit.

Functions and Related Responsibilities:

Reference service to FBI officials, employees, and authorities from other Government agencies and individuals authorized; maintenance of out-of-town telephone directories covering United States; preparation of memoranda for Director and other officials based on review of current periodicals, police journals and scientific magazines; purchase and sale of books to Bureau employees and the maintenance of the inventory and financial records pertinent to this project and operation of a lending library to Bureau employees.

Liaison with the Government Printing Office; preparation and dissemination of the FBI Law Enforcement Bulletin (LEB); research for the Director's monthly announcement on an important phase of law enforcement or crime for each issue of the LEB; requesting and coordinating material from the field, editing, preparation and distribution of "The Investigator"; preparation of "FBI Notes"; preparation of Interesting Case Memoranda and maintenance of related indices; and correlation and usage of FBI human interest items.

Monitoring movies and television for proper portrayal of FBI and maintenance of a running brief on developments pertinent to Bureau operations; surveys and evaluations of matters for presentment to the public by information media; day-to-day surveys of the media for consideration of the Director and Bureau officials; custody and maintenance of recordings of the Director in connection with policy statements or interviews with law enforcement or other Government agencies; custody and maintenance of the general and official Bureau photograph file together with indices; writing of radio and television scripts involving FBI fugitives and matters of FBI jurisdiction; distribution of Uniform Crime Reports Bulletin; maintenance of cartoon file, illustrations depicting FBI and reference file on misquotes of Director in news media releases; monthly review of FBI dissemination of information to the public, law enforcement and authorized individuals and organizations

Recommended Agent Transfer:

SA William H. Stapleton

GENERAL INVESTIGATIVE DIVISION

To assume White House name checks and appropriate correspondence, compilation of data and preparation of memoranda on individuals requesting special tours or meetings with the Director; compilation of data and preparation of background memoranda for dissemination to authorized individuals; and preparation of informative memoranda pertaining to organizations asking for data. These functions formerly handled by the Summary Memoranda Unit. (In past years these functions were performed in Name Check Section of General Investigative Division.)

Recommended Agent Transfer:

SAs Edward J. Kilday, III, and Anthony Edward Schiappa

SPECIAL INVESTIGATIVE DIVISION

To assume overall responsibility for publicizing FBI fugitives through all available media, prepare narrative and illustrative data for Top Ten Fugitive Program, research and preparation of feature fugitive articles; preparation and dissemination of material concerning fugitives; maintenance of special indices concerni distribution and cancellation of fugitive material to media; and conduct interviews with persons making telephonic or personal calls to FBIHQ concerning matters within the jurisdiction of the FBI or of interest to the Bureau. These functions were formerly handled by the Fugitive Publicity Unit.

Recommended Agent Transfer:

SA Thomas B. Coll

OBSERVATIONS

Agent personnel and supervisory functions have been analyzed and dealt with in the foregoing proposed reallocations; clerical functions have not. It is suggested that clerical functions and personnel now simply move with the Agent desks and units to which they are attached. Questions of space also have not been covered and it is readily apparent that a substantial portion of the functions and personnel suggested for transfer to Training Division might feasibly operate at Quantico (e. g. Library, Special Productions and Publications Unit). Five units of Training Division are now located at Headquarters and the Research Unit of Research and Service Section proposed herein for transfer to Training Division, likewise should remain at Headquarters. Accordingly, SA Harold P. Leinbaugh, formerly in the Front Office of Crime Research Division, has been proposed for transfer to Training Division in order to act, during this transition period, as a special coordinator of functions that may be divided between Headquarters and Quantico. ? No!

The questions of adequacy of clerical personnel, space reallocation, and relocation of units and functions to Quantico demand greater study and inasmuch

Memorandum for Mr. Felt
Supervisory Reorganization of Functions and Personnel;
Crime Research Division

as Training Division is scheduled for regular annual inspection next week, these matters will be gone into in depth in connection with that inspection and coordinated in consultation with Administrative Division. It is the purpose of this memorandum to promptly effect the desired transfers of functions among affected Divisions in order to provide for immediate routing of mail and upper level review and supervision of the work product of all units previously composing Crime Research Division.

RECOMMENDATION:

That transfers as outlined herein be approved.

Approved except that SA Leinbaugh will remain with Front office so that Inspectors Bland & Herington & SA Leinbaugh will remain in place. 6

Addendum of W. M. Felt

This appears logical and feasible. If snags develop we can realign. I agree that the Research & Service functions, which will remain under Section Chief Hilton A. Jones, should be reassigned to the Training Division. I do not believe that this Section should be transferred to Training, however, because there is daily need for access to files & other mat'l at Headquarters & numerous contacts with the public. Furthermore, there is no available space at Quantico except in the Library Building. Accordingly, I recommend that the FBI HQ Library be maintained, the Library Building at Quantico [illegible] the telephone directories and encyclopedias which are used on a daily basis by all Divisions we would need to retain at FBIHQ. The FBIHQ Library was to have been moved to The space into which the FBIHQ Library was to have been moved can be used and in fact is badly needed in the 9th & D Building in the Domestic Intelligence Division which is very crowded. I recommend that you approve now the transfer of functions and that any necessary realignment of personnel be considered in separate memoranda. 7

Agreed
Change Administrative Review Unit to Congressional Services Unit

4-30-8

ADDENDUM OF W. M. FELT 12-6-72 WMF:crt

This appears logical and feasible. If snags develop we can readjust. I agree that the Research and Service functions, which will remain under Section Chief Milton A. Jones, should be reassigned to the Training Division. I do not believe that this Section should be transferred to Quantico, however, because there is daily need for access to files and other material at Headquarters and occasional contacts with the public. Furthermore, there is no available space at Quantico except in the Library Building. Accordingly, I recommend that the FBIHQ Library be moved into the Library Building at Quantico. We would need to retain at FBIHQ the telephone directories and encyclopedias which are used on a daily basis by other Divisions. The space into which the FBIHQ Library was to have been moved in the 9th and D Building can be used and in fact is badly needed by the Domestic Intelligence Division which is very crowded.

I recommend that you approve now the transfer of functions and that any necessary realignment of personnel be considered by separate memoranda.

U. S. SENATE SELECT COMMITTEE TO
STUDY GOVERNMENTAL OPERATIONS WITH
RESPECT TO INTELLIGENCE ACTIVITIES (SSC)

RE: INTERVIEW OF RETIRED FBI
SPECIAL AGENT (SA) ERNEST H.
BELTER BY SSC STAFF MEMBER

2.20-81 SP4JAM lk
6076

Set out below is information voluntarily furnished by Mr. Belter to the FBI on June 11, 1975. Belter served in the FBI as an SA from July 19, 1943, until his retirement on January 29, 1973.

On June 10, 1975, Belter was contacted by SSC Staff Member Michael Epstein who requested to interview Belter at the SSC office. On June 11, 1975, Belter was advised by Epstein that the interview would concern Martin Luther King, Jr., and FBI coverage of King at the Willard Hotel in Washington, D. C., some years ago and that the interview would take place at 3:00 p.m. that day, June 11, 1975.

Belter was interviewed by Epstein in SSC quarters during the period of approximately 3:00 p.m. to 3:40 p.m. on June 11, 1975. The interview was not under oath and was not pursuant to a subpoena. The details of the interview are set out below, not necessarily in chronological order.

Belter was asked and furnished the period of time he had served in the Washington Field Office (WFO) of the FBI and the date of his retirement. He was asked and furnished information as to his duties in WFO at the time he retired and what they were in 1964. He informed Epstein that he was the Supervisor of a Squad which handled electronic surveillances, including both microphone and telephone surveillances. When

he was asked how many men worked under him on his Squad, he told Epstein that he desired to consult with the FBI representative who had accompanied him to the interview but who was not present during the actual interview, that representative remaining in an outer lobby of the SSC quarters. Belter requested this consultation privilege as he believed the question was outside the indicated scope of the interview. Epstein indicated he was withdrawing the question, thus eliminating the necessity for the consultation.

Belter was questioned and furnished information concerning the organization of WFO, from the Special Agent in Charge down to the squad level. Belter indicated that there were several squads handling criminal cases, some handling applicant-type investigations, and other squads handling security work. He indicated that the security squads were under a security coordinator, Ludwig W. R. Oberndorf, now deceased.

Epstein advised Belter that the SSC Staff had read Belter's deposition in the Halperin case. (Morton H. Halperin, et al, vs. Henry A. Kissinger, et al, United States District Court, District of Columbia Civil Action File Number 1187-73.) On the basis of the deposition, Epstein indicated he was familiar with the administrative procedure for instituting telephone surveillances and asked Belter about the administrative procedures for instituting microphone surveillances. It was Belter's reply that the administrative procedures were essentially the same for both types of surveillances.

Epstein then had Belter recite the procedure from when an SA would request from FBI Headquarters by form letter authority for installing a microphone surveillance. Belter told how the Headquarters would first authorize the field to conduct a feasibility survey, results of which would be furnished Headquarters. Thereafter, if the installation was feasible and justified, Headquarters would authorize by correspondence the installation. Epstein asked whether the authorizing communication from Headquarters would mention that the Attorney General (AG) had authorized the surveillance. Belter told Epstein that in recent years he believed that the Bureau communication authorizing a surveillance would indicate that the AG authorization had been obtained; but Belter could not recall whether or not this indication was shown during 1964. Belter also told Epstein that at one time he thought that former FBI Director Hoover did not need to have AG approval in advance for a specific microphone surveillance. Epstein indicated he was already aware of this.

Epstein then inquired concerning a microphone surveillance which the FBI had installed at the Willard Hotel in Washington, D. C., concerning King. Belter was unable to pinpoint when this occurred and told Epstein that he, Belter, was bypassed in practically all matters relating to this surveillance. The entire matter was handled by Security Coordinator Oberndorf and Belter never saw any of the correspondence relating thereto. Belter was only asked to furnish some support personnel from his Squad for the purpose of monitoring the surveillance. In response to further specific questions, Belter advised Epstein that he did not see any correspondence, logs, tapes, or any other material relating to this surveillance.

Epstein inquired about the procedure of an Inspector checking on such a surveillance at the time of a periodic inspection of WFO. He asked if the Inspector would examine the required correspondence relating to all microphone surveillances the office had conducted. Belter replied that an Inspector would look over matters of this nature but that in the case of the King microphone surveillance, as with certain other extremely sensitive ones, Oberndorf would have possession of the correspondence and Belter would be unaware of any examination of such correspondence by an Inspector. Belter explained that this was part of the security precautions taken in highly sensitive matters which were restricted within WFO to a need-to-know basis.

Epstein inquired as to whether Belter knew of any other microphone surveillance on King in the Washington, D. C., area at any time and Belter replied that he did not know of any. Belter was asked if he was aware of any interest or participation by the Washington, D. C., Police Department in the microphone surveillance at the Willard Hotel and he responded that he was not aware of same.

Epstein inquired as to the actual installation of the microphone surveillance at the Willard Hotel and wanted to know who performed the installation. It was Belter's recollection that the installation was made by SA Wilfred Bergeron, probably assisted by SA William D. Campbell. Epstein volunteered the name of SA Richard Suter and this refreshed Belter's recollection to the extent that Belter indicated that Suter also probably assisted. On Epstein's inquiry as to the whereabouts of these three individuals, Belter advised that Bergeron is retired, residing in Bethesda, Maryland; Campbell is assigned at FBI Headquarters; and Suter is assigned to the Houston Field Office.

Epstein inquired whether Bergeron mentioned King's name when Bergeron asked for assistance of support personnel for monitoring purposes and Belter replied that King's name was mentioned.

At the close of the interview, Epstein remarked that, "We may be in touch with you again."

SENATE SELECT COMMITTEE ON INTELLIGENCE ACTIVITIES (SSC)

RE: INTERVIEW OF RETIRED FBI SA BY SSC

NOTE:

Prior to Belter's interview, he contacted FBIHQ to alert us and ask for assistance in the form of an SA for possible consultation purposes. Belter had been previously alerted by our Baltimore Office, pursuant to Bureau teletype, that he might be contacted by the SSC and that we would assist him on his request. Belter was therefore appropriately briefed by Assistant Director Mintz; as well as Supervisor S. F. Phillips of INTD who accompanied Belter to the interview. Debriefing of Belter as reported herein was by Phillips.

UNITED STATES SENATE SELECT COMMITTEE
TO STUDY GOVERNMENTAL OPERATIONS WITH
RESPECT TO INTELLIGENCE ACTIVITIES (SSC)

RE: FURTHER DOCUMENTS PERTAINING TO THE
FBI AND DEPARTMENT OF JUSTICE

POLICIES AND PROCEDURES

Reference is made to SSC letter dated May 14, 1975, with attached appendices, requesting certain documents and other information from the FBI.

Pursuant to your request in Appendix B, Part I, Item 7, for guidelines used by the FBI Inspection Division for inspecting field offices and for inspecting Divisions of the FBI, we currently have such material available for review at FBI Headquarters by appropriately cleared personnel of the Committee.

1 - The Attorney General

NOTE:

See H. N. Bassett memorandum to Mr. Wannall June 2, 1975, captioned "Senstudy 75," wherein the Inspection Division advised it has no objection to a review of the field and headquarters inspection manuals by members of the Committee staff provided the review is conducted in FBI space with an Inspection Division representative present. When SSC review is requested, we will have the Inspection Division representative make the manuals available.

UNITED STATES SENATE SELECT COMMITTEE
TO STUDY GOVERNMENTAL OPERATIONS WITH
RESPECT TO INTELLIGENCE ACTIVITIES (SSC)

NOTE CONTINUED:

The FBIHQ and field inspection manuals were reviewed by Special Agent (SA) Thomas E. Burns, Jr. Determination to furnish questionable field inspection manual sections concerning PROSAB (Section 4 J 2.), AFSAM (Section 5 L 10.) and BUPLANS (Section 5 P.) was coordinated with IS - 2 (SA Edward P. Grigalus) and IS - 3 (SA Russell H. Horner) of the Intelligence Division and the Laboratory Division, Cryptanalysis Unit (P. W. Paddock), and it was ascertained there is no objection to a Committee review of these sections.

ROUTE IN ENVELOPE

PURPOSE:

[To advise that CIA has agreed to have Bureau representatives review 693 page CIA document containing information relating to joint ventures, involving CIA and other members of the intelligence community in sensitive matters, and decision of CIA to furnish FBI with copies of any document contained therein having a bearing on FBI activities.]

DETAILS:

[My memorandum to you captioned as above dated 6/20/75, advised that a representative of the Intelligence Community Staff on that date, at FBI Headquarters, briefed appropriate Intelligence Division personnel of the contents of a 693 page document prepared by CIA which contains numerous memoranda relating to a wide variety of operations in which CIA, to some degree, had contact or cooperated with other members of the intelligence community in sensitive matters. You were advised that members of the Senate Select Committee have already had access to, if not actual possession of, this document, and that a number of the operations cited in the document are of extremely sensitive nature involving this Bureau.]

REC-102 62-116395-291
3 JUL 2 1975

[In order to enable this Bureau to ~~be~~ in a position to knowledgeably and accurately reply to SSC inquiries and to fully identify operations listed in the document of interest to this Bureau, contact was initiated with John Clarke, Associate Deputy to Director of Central Intelligence for the Intelligence Community, for the purpose of obtaining a copy of this document. On 6/23/75, Mr. Clarke advised that CIA Director William Colby authorized the reviewing of this]

UNEXCISED VERSIONS OF DOCUMENTS FURNISHED TO SSC

Memorandum to Mr. W. R. Wannall
Re: SENSTUDY
62-116395

[693 page document by Bureau representatives and this Bureau's obtaining a copy of any memorandum contained therein having a bearing on FBI activities.]

As the above authorization appears to be responsive to this Bureau's need for reviewing the document for information having a bearing on this Bureau's operations, arrangements have been effected for Mrs. Harriett Mowitt, Executive Secretary, Ad Hoc Coordinating Group on Congressional Review of Intelligence Community, to bring this 693 page document to FBI Headquarters on 6/25/75 for review by selected personnel of the Intelligence Division. Copies will be obtained of any memorandum contained therein believed to have a bearing on any phase of this Bureau's activities.

RECOMMENDATION:

Upon completion of above review you will be advised of pertinent information obtained, accompanied by recommendations as to additional action believed necessary in this matter.

SUBJECT: Senate Select Committee Request: Appendix D, Item 17 - Joseph Kraft

ALL FBI INFORMATION CONTAINED
HEREIN IS UNCLASSIFIED
DATE 11-16-2000 BY SP2ALM/lp
MDR-16

The SSC's request of Item 17, Appendix D, seeks "All memoranda and other materials reflecting written or oral authorization and re-authorization by the Attorney General and/or the Director of the FBI for electronic surveillance of Joseph Kraft".

By letter of May 2, 1975, to Kraft's attorney, Lloyd Cutler, the Attorney General gave, inter alia, the following assurances: "Pending further Departmental action relating to the policies which will govern records of the type involved in Mr. Kraft's case, all documents, recordings, or other records of any type in the Department's custody or control which constitute, summarize, or describe the contents of the overhearings obtained as the result of any electronic surveillance directed against Mr. Kraft and members of his family will be placed under seal". (emphasis mine)

REC-102 62-116395-285

It is my view (shared by Mr. O'Connor) and articulated, as well, by Cutler in telephone conversations with me on June 12, and June 16, 1975 (the second call came after Cutler had conferred with Kraft) that the material sought by the Senate Select Committee is distinct from that protected by seal and that, therefore, the requested material be found, reviewed and forwarded to the SSC. (Cutler advised that the Ervin Committee was given same).

May I have your views on this matter?

3 JUL 1 1975

Material responsive to request item 17 appendix D furnished Dept. 6/20/75 for consideration with respect to restrictions noted in above memo.

[[redacted], CIA, furnished the following to the Liaison Agent on 2/10/70.](S)

[CIA has established a U.S. based notional organization representing itself as being communist oriented and having the following mailing addresses: P.O. Box 444, Boston, Massachusetts, 02102 and P.O. Box 8272, General Post Office, Philadelphia, Pennsylvania, 19101. The organization's activity in the U.S. will be restricted to production of propaganda in the form of pamphlets, etc., which material will be mailed to various Left Wing groups in foreign countries. The primary objective of this operation is to develop penetrations and/or sources in revolutionary Arab groups in the Middle East. The organization is completely notional in character in that there will be no offices in the U.S. (only p.o. boxes) and even the officials will bear fictitious names. CIA hopes that once the propaganda begins circulating, Arab groups will become interested and will endeavor to establish contact with "officials" of the organization If this develops, CIA will then proceed to use its own personnel under "suitable" cover to make the contact. From then on CIA will maneuver to penetrate the target group.](S)

[In response to the Liaison Agent's request, CIA will furnish us samples of propaganda. The Agent also asked that we be given copies of communications sent to the mailing addresses by any organizations or individuals. We should have such data so that we can take the necessary investigative action in the event any persons or organizations in the U.S. take an interest in the captioned group. We, of course, will also be interested in international ramifications which could have a bearing on the activities of Left Wing activity in this country. The Agent also asked for the names of the officials which will be related to the Union for Revolution.](S)

[At this stage there does not appear to be any conditions or developments which would have an adverse bearing on our operations or jurisdiction providing that CIA keeps us adequately informed. CIA asks that it be apprised of any information coming to our attention concerning the organization. CIA further requests that its interest not be revealed outside of the Bureau and that this information be handled on a need-to-know basis.](S)

INSTRUCTIONS

- Type or print clearly in ink.

- Indicate classification of the abstract top and bottom.

- Date the abstract and put on any internal control numbers required.

- "FROM" entry should clearly identify the organization providing the information.

- If additions (as when a copy of document sent to SSC is later sent to HSC) or changes to a previously submitted form are necessary, submit a copy of the original abstract, with the change indicated.

SPECIFIC ITEM NO. 8. SUMMARY - enter brief narrative statement describing substance of information and showing relationship to Intelligence Community matters if appropriate. Any feedback or evidence of investigatory interests should be noted. Commitments made to supply additional information should be noted. Additionally, certain administrative information may be entered here, e.g., restrictions on review of a document, if document was paraphrased, whether interviewee is current or former employee, etc. If actual document or transcript is provided, that fact should be noted and no summary is required. Additional pages may be attached if necessary.

RE: OTHER SPECIFIC FBI PRACTICES AND PROGRAMS

Reference is made to memorandum from captioned Committee dated May 14, 1975, and the appendices thereto, which contained requests for information from the FBI concerning all memoranda and other materials reflecting conversations, contacts, or communications between the FBI and the CIA on the subject of the establishment or creation of "notional" Marxist-Leninist organizations within the United States.

[In response to Item number 24, Part III, Appendix C, enclosed for the Committee is a copy of a memorandum from S. J. Papich to Mr. D. J. Brennan, Jr., dated February 13, 1970, captioned "Union For Revolution," which sets forth information from CIA advising of the establishment of a "notional" Marxist-Leninist organization by the CIA. Although the FBI did, as noted in other responses to the Committee, establish and direct such notional organizations, no information has been developed indicating the FBI consulted with CIA regarding their establishment or creation.] (S)

SUBJECT: SENSTUDY 75

By memorandum dated 6-4-75 you were advised that captioned Committee was preparing what they termed case studies on COINTELPROS in four separate areas. The areas defined were Black Panther Party in San Francisco, White Knights of the Ku Klux Klan of Mississippi, the Professor Morris J. Starsky incident, and the Fred Hampton case (Black Panther Party leader in Chicago who was killed during a police raid in Chicago, Illinois).

Mr. Lester B. Seidel advised SA Paul V. Daly 6-9-75 that in addition to the aforementioned areas he also wanted to include the Muhammad Kenyatta case in Philadelphia. As an observation, two of the areas cited by Mr. Seidel are areas where the Bureau currently is facing lawsuits, namely, the Hampton and Kenyatta cases, and a third area is one which we could well be involved in a lawsuit, that being the Starsky case. Mr. Seidel indicated the Bureau can expect correspondence from the Committee concerning these matters.

SUBJECT: SENSTUDY 75

Gebhardt

The purpose of this memorandum is to advise that Lester B. Seidell, staff member of the Senate Select Committee, has informed us that the Committee intends to interview former SA David E. Todd, SAC Charles W. Bates, and Assistant Director Robert E. Gebhardt and to request that the aforementioned employees be released from existing employment and/or secrecy agreement for purposes of a staff interview.

ALL INFORMATION CONTAINED
HEREIN IS UNCLASSIFIED
DATE 10-24-00 BY [illegible]

On the evening of 5-29-75, Lester B. Seidell telephonically advised SA Paul V. Daly of this Division that in accordance with the "guidelines" existing between the Committee and the various intelligence agencies under review, he was giving notice that he as a representative of the Committee was going to San Francisco in approximately two to three weeks, and it was his intention to interview SAC Charles W. Bates, former SA David E. Todd, and former Assistant to the Director Alan H. Belmont. He also requested Assistant Director Gebhardt be made available for staff interview in Washington, D. C. He asked that the Bureau take the necessary steps to release the Agents from any existing employment or secrecy agreements. For the purposes of this interview, he stated he would inquire of each of the interviewees as to their knowledge and participation in counterintelligence activities directed against the Black Panther Party. With regards to this discussion, he specifically mentioned a Bureau airtel to San Francisco dated 5-11-70, titled "Counterintelligence and Special Operations (Research Section)." He stated this document was one of the documents released by the court in the suit by newscaster Carl Stern. He was asked as to whether he could define more precisely the areas to be covered in the interviews and stated he could not inasmuch as he did not know the various aspects of the counterintelligence program against the Black Panther Party in the San Francisco area. Additionally, he advised he was making a request for documents,

in writing, which would coincide with the aforementioned topic of interview. He described these interviews as being "abuse" interviews which according to the Committee's understanding precludes the presence of an agency representative during interview. However, an Agent may be available for consultation purposes.

Mr. Seidell was advised by SA Daly that former Assistant to the Director Belmont was in poor health and that before attempting interview of Mr. Belmont, he should ascertain his current physical condition. Mr. Seidell requested SA Daly determine Mr. Belmont's physical condition. Assistant Director Cleveland advised SA Daly on 5-30-75 that Mr. Belmont was very seriously ill and was suffering from the Shy Drager Syndrome. This information was brought to the attention of John Elliff, Task Force Director on Domestic Intelligence Activities of captioned Committee, and Elliff expressed dismay that Seidell had made an inquiry concerning the interview of Belmont. Elliff requested that we not take any action concerning Seidell's request as to Belmont at this time.

Former SA David E. Todd had previously contacted this Division and as set forth in memorandum dated 5-16-75 from Legal Counsel to J. B. Adams, he was advised of his rights, the existence of an employment secrecy agreement sighed by him, of the provisions of Attorney General Order 501-73, and to his right to a private attorney. He was also advised that an Agent would be made available for consultation during the interview if he so desired. Mr. Todd did not indicate at this point whether he was desirous of having a Bureau representative available for consultation during interview. Todd, according to Seidell, stated he would not consider to be interviewed in the absence of a release of a secrecy agreement by the Bureau.

RECOMMENDATIONS:

(1) That former SA David E. Todd, Assistant Director Robert E. Gebhardt, and SAC Charles W. Bates be released from their employment and secrecy agreements for purposes of a staff interview concerning our Cointelpro activities against the Black Panther Party.

RECOMMENDATIONS

(2) If approved, the employees and former employee will be advised and briefed generally concerning the making available of a Bureau representative for consulation during such an interview and other pertinent matters to be considered during interview.

WRW

TO : Mr. W. R. Wannall

DATE: 6/17/75

FROM : W. O. Cregar

SUBJECT: SENSTUDY 75

This is to record meeting of Task Force (TF) leaders with Mr. James Wilderotter, Associate Counsel to the President, at the Executive Office Building on 6/13/75.

Aforementioned meeting was called and chaired by Mr. Wilderotter, and was attended by representatives of The White House, Justice, Defense, FBI, CIA, and State. Project Manager W. O. Cregar and Supervisor J. P. Thomas, Section CI-2, INTD, represented the FBI.

Mr. Wilderotter reported that the Senate Select Committee (SSC) has agreed to specifically identify a limited number of "abuse areas" which it will investigate from top to bottom. "Notices" should be issued to agencies very shortly defining certain terms and specifying the SSC targets. If these areas can be fully investigated, with assistance of the intelligence community, the SSC agrees to not extend its inquiries beyond the specified areas. If the SSC does so limit its inquiries, this will be to the advantage of the intelligence community in that it will minimize the SSC's straying into various nonpertinent matters; the TFs can present the intelligence community's side on the topics examined; the TFs should be able to expedite the Committee's inquiries and thereby limit the duration of the SSC investigation.

The FBI has responsibility for the TFs on "Political Abuses," TF leader Insp. H. E. Helgeson, and "Use of Notional Organizations," TF leader Supv. J. P. Thomas. We cannot fully address either topic until receiving the SSC notices defining the extent of the proposed inquiries.

Contrary to the initial concept of the TFs, they will not prepare comprehensive papers regarding their topics, but in some areas it may be advantageous for a TF to prepare an "opening statement" type paper for the SSC.

Memorandum to Mr. W. R. Wannall
Re: SENSTUDY 75
62-116395

The purpose of the TF and functions of the TF leaders were discussed. Briefly, each TF leader is to become a substantive expert on the particular topic assigned to him (e.g. political abuses), locate all documents, identify potential witnesses, develop strategy for presenting subject matter to the SSC and work to minimize any delays which might be caused by the Third Agency Rule. TF leaders will not themselves be witnesses unless their activities other than as TF leaders are subjects of testimony. TF leaders will, in consultation with legal counsel, define terms pertinent to their topics. They will outline directly to the SSC staff, insofar as the SSC is receptive, the scope and direction of pertinent inquiry, who is and is not competent to testify, what documents are available, and what areas may or may not be pertinent to the Committee's interests. TF leaders will prepare themselves to be able to answer any inquiries from the White House on their topics. Although TF leaders must know the location of all documents pertinent, the documents themselves will be made available to the SSC by the agency having custody of same and each agency may negotiate with the SSC regarding access by the Committee to material on a case by case basis. The agencies will, of course, coordinate first with their own legal counsel and then with the White House before releasing documents.

On sensitive matters, such as notional organizations or proprietary organizations, the SSC has agreed that it will not be necessary for agencies to furnish the names of U. S. citizens and companies who have cooperated with the U. S. unless those persons or companies have received notoriety (e.g. Hughes Tool Company, Sam Giancana). It is reportedly understood that agencies must protect their ongoing operations. Agencies are free to attempt to negotiate with the SSC regarding the extent and form of their responses.

Attached is a copy of an intelligence community staff memorandum 6/10/75 showing the TF assignments and, in the left margin notes as to the agencies expected to have input into each subject.

TO : Mr. J. B. Adams

DATE: 6-11-75

FROM : Legal Counsel

SUBJECT: SENSTUDY 75

On 6-10-75, K. William O'Connor, Special Counsel for Intelligence Coordination, Office of the Deputy Attorney General, furnished Inspector John B. Hotis a copy of a letter from Senator Frank Church (D-Idaho) to the Attorney General dated 5-28-75, requesting any files or documents in the Department or the FBI concerning five members of the Senate Select Committee on Intelligence Activities. The files requested pertain to Senators Gary Hart (D-Colo.), Walter D. Huddleston (D-Ky.), Charles McC. Mathias (R-Md.), Walter F. Mondale (D-Minn.), and Robert Morgan (D-N.C.). Senator Church emphasized that the request is made pursuant to Senate Resolution 21, which established the Select Committee and not under the Freedom of Information Act (FOIA).

Mr. O'Connor also provided a draft of a proposed response to the Senator's letter by the Attorney General. General Levi pledges cooperation in this matter and suggests that the scope of the request should be clarified. He also states that while the request is not made under FOIA, exemptions in the Act indicate the kind of concerns the Committee might want the Department to bring to its attention before disclosure is made. The implication is that certain information in the files, particularly materials which would violate individual privacy may be withheld.

ALL INFORMATION CONTAINED
HEREIN IS UNCLASSIFIED
DATE 10-24-2000 BY SP2ALM/RJ
MDR-16

It should also be noted that the Attorney General intends to advise Senator Church that he is preparing the necessary materials and asks for early discussions to determine how best to proceed. Accordingly, it is felt that we should promptly review any files that might exist concerning each of the above-named Senators and be prepared to furnish appropriate information to the Attorney General upon request.

RECOMMENDATION:

EX-115 REC-49 62-116395-278

5 MAR 19 1976

That the FOIA Section, Files and Communications Division, institute an immediate review of Bureau files for ~~any documents or~~ other records concerning each of the above-named Senators.

May 28, 1975

RECEIVED
JUN 09 1975
O.L.A.

The Honorable Edward H. Levi
The Attorney General
Washington, D. C. 20530

Dear Mr. Attorney General:

On behalf of the Senate Select Committee to Study Governmental Operations With Respect to Intelligence Activities, we write to request the delivery forthwith to the members whose names are listed in the attachment hereto of any files on them or documents concerning them that are in the possession, custody or control of the Department of Justice, including the Federal Bureau of Investigation.

This request is made pursuant to the mandate of the Senate, contained in S. Res. 21. That Resolution requires us to investigate the "conduct of domestic intelligence or counterintelligence operations against United States citizens by the Federal Bureau of Investigation or any other Federal agency".

One means of accomplishing this objective is to review the material, if any, which the Department of Justice has gathered on members of the United States Senate.

This request is made pursuant to the Committee's mandate and not under the Freedom of Information Act. The exemptions to that Act are designed to allow federal agencies and departments the degree of confidentiality necessary to conduct the ongoing activities of the Executive Branch, not to prevent a duly constituted Congressional Committee from understanding the nature, legality, and propriety of some of those activities. Whether as a matter of agreement between the Committee and the Department some material that may be in any such files should be withheld depends upon an analysis of the weight of the particular reason put forward for the proposed withholding balanced against the Committee's need to exercise its mandate.

FBI

Obviously, material received by the members of the Select

ENCLOSURE

J. [illegible] for FBI

Dear ____________:

I have just today received your letter dated May 28. It apparently reached the Department of Justice on June 8. It requests "the delivery forthwith to the members whose names are listed in the attachment hereto of any files on them or documents concerning them that are in the possession, custody, or control of the Department of Justice, including the Federal Bureau of Investigation."

The Department wants to cooperate with you on this matter. But I think we first ought to clarify the scope of your request. I assume, for example, that your request is not intended to encompass copies of all letters between the members and the Department. I would suggest that we can reach an understanding on issues of this kind by consultations between us.

Your letter says that "Whether as a matter of agreement between the Committee and the Department some material that may be in any such files should be withheld depends upon an analysis of the weight of the particular reason put forward for the proposed withholding balanced against the Committee's need to exercise its mandate."

I take that to mean you would like us to go over the files and to raise with the Committee such problems with disclosure as may or may not exist. I realize this request is

not made under the Freedom of Information Act, but as we review the material in the file, exemptions in the act indicate, I think, the kind of concerns the Committee might want the Department to bring to its attention before disclosure is made. For example, if material in a file would violate the privacy of an individual other than the member if it were revealed, would the Committee insist that such material be revealed?

We are beginning to prepare the material so that no time will be wasted, ~~but~~ and I would like discussions to begin quickly so that we can agree on how to proceed. That done, I would think that we could deliver the documents that you have requested.

SUBJECT: ELECTRONIC SURVEILLANCE LEGISLATION

Attached is a copy of a memorandum dated 5/27/75, which was furnished by the USIB Ad Hoc Coordinating Group for the Intelligence Community with advice that it had been prepared by the Central Intelligence Agency (CIA).

The memorandum analyzes current pending legislation (S. 743, H. R. 141 and H. R. 214) all of which would repeal the 1968 Omnibus Crime Control and Safe Streets Act. If passed, such legislation could seriously affect the Bureau and other agencies of the intelligence community.

RECOMMENDATION:

Attached memorandum should be forwarded to the Legal Analysis Unit of the Office of Legal Counsel for its use in any analysis that it may be making of the legislation described above.

Rec'd from Ad Hoc Comm. 6/10/75 LRS

27 May 1975

MEMORANDUM

SUBJECT: Electronic Surveillance Legislation

1. Over a dozen bills have been introduced in Congress to date aimed at restricting electronic surveillance conducted on national security grounds. Although impelled by concern for the Fourth Amendment rights of American citizens, the major bills in this area (S. 743, H.R. 141, H.R. 214) are characterized by a heavy-handed approach which poses a serious threat to the exploitation of foreign SIGINT sources, both within the United States and overseas. (Signals intelligence subsumes communications intelligence and electronic intelligence.)

2. The 1968 Omnibus Crime Control and Safe Streets Act (18 U.S.C. 2510, *et seq*.) established certain procedures which require the Government to obtain a court order issued on probable cause prior to conducting wire or oral communication interception in the investigation of certain offenses. In section 2511(3) of that Act, Congress specifically disavows any limitation on the constitutional powers of the President in national security matters and recognizes that the President has inherent constitutional authority to engage in certain foreign intelligence activities:

> (n)othing contained in this chapter or in section 605 of the Communications Act of 1934 shall limit the constitutional power of the President ... *to obtain foreign intelligence information deemed essential to the security of the United States, or to protect national security information against foreign intelligence activities*. (emphasis added)

The emphasized language implicitly recognizes that foreign intelligence surveillances may be distinguished from national security surveillances aimed at the discovery and prosecution of criminal conspiracies and activity.

3. In reliance on these Presidential powers and congressional recognition thereof, *foreign intelligence* signal and communication interceptions may be conducted within the United States without judicial warrant.

ENCLOSURE

SECRET

4. Sentiment that the provisions of 18 U.S.C. 2511(3) (quoted above) are incompatible with Fourth Amendment rights has spawned a Senate bill and over a dozen House bills (some of these identical) aimed at closing what the sponsors view as "the national security loophole" in current surveillance laws. A distinctive approach to national security surveillance is taking shape which would prohibit the use of warrantless surveillance for any reason whatsoever, treating national security surveillance under a single rubric, without distinguishing between gathering foreign intelligence on the one hand, and national security surveillances aimed at the discovery and prosecution of criminality, on the other.

(a) S. 743 by Senators Nelson and Kennedy would amend 18 U.S.C. 2510, et seq., as follows: First, repeal 18 U.S.C. 2511(3) thereby withdrawing whatever congressional recognition that section gave the foreign intelligence surveillance powers of the President. Second, prohibit intercepting the communications of an American citizen or alien admitted for permanent residence until a prior judicial warrant is obtained issued on probable cause that a specific crime, e.g., espionage, has been or is about to be committed. Third, prohibit intercepting the communication of a foreign power or its agent until a prior judicial warrant is obtained by establishing probable cause (a) that such interception is necessary to protect the national defense (note narrower standard than national security); (b) that the interception will be consistent with the international obligations of the United States; and (c) that the target is a foreign power or foreign agent. (A foreign agent is defined as any person, not an American citizen or alien lawfully admitted for permanent residence, whose activities are intended to serve the interests of a foreign power and to undermine the national defense. Each application for such an interception would be made to the D. C. Federal District Court on personal and written authorization of the President and would provide detailed information on the target, the purposes and justification of the interception.) Upon court approval, only the FBI would be authorized to intercept the communication. Fourth, require that every American citizen targetted be informed of the specifics of the surveillance within a month of the last authorized interception. (This disclosure could be postponed if the Government satisfies the court that the target is engaged in a continuing criminal enterprise or that disclosure would endanger national security interests. A foreign power or its agent need not be informed of interceptions.) Fifth, require the Attorney General to report to the Congress, at least quarterly, the details of each interception undertaken on national security grounds, to be filed with the Senate Foreign Relations and Judiciary Committees and the House International Relations and Judiciary Committees.

(b) H. R. 141 by Representative Kastenmeier, Chairman of the House Subcommittee on Courts, Civil Liberties, and the Administration of Justice, which has legislative jurisdiction for surveillance, is similar to the above bill. It would repeal 18 U.S.C. 2511(3) and amend Title 18 to permit communications interception in national security cases only under court order issued on probable cause that an individual has committed one of several enumerated offenses or is engaged in activities intended to serve the interests of a foreign principal and to undermine the national security. (From the language of the bill, it could be argued that the foreign agent's activities would have to constitute a criminal offense before a warrant could be issued.) The bill does not mention the communications of a foreign power. Each application for an interception would have to be authorized by the Attorney General and made to a Federal judge of competent jurisdiction. The targetted individual would be informed of the surveillance within ninety days. The President, Attorney General, and all Government agencies would be required to supply Congress, through the Senate Judiciary and Foreign Relations Committees and the House Judiciary and International Relations Committees, any information regarding any interception applied for.

(c) H. R. 214 by Mr. Mosher and seven identical bills co-sponsored by over 70 Congressmen from both parties, would prohibit any interception of communications, surreptitious entry, mail-opening, or the procuring and inspection of records of telephone, bank, credit, medical, or other business or private transactions of any individual without court order issued on probable cause that a crime has been committed. Like S. 743 and H. R. 141, reviewed above, H.R. 214 would repeal 18 U.S.C. 2511(3). Unlike the above bills, H.R. 214 does not provide for non-law enforcement surveillance. It would also strike out provisions for summary procedures for intercepting communications during emergencies and would require that detailed information on each application for a communication interception be reported to the House and Senate Judiciary Committees.

5. Intelligence Community Interests: These bills, through imposing judiciary administration over all surveillance, would impair existing responsibility to conduct electronic surveillance in gathering foreign positive intelligence, which now reaches wholly domestic communications, those both transmitted and received within the United States; wholly foreign communications, those both transmitted and received abroad; and transnational communications, international communications received in or transmitted from the United States.

SIGINT provides a broad range of foreign intelligence ranging from early warning indicators to the most mundane information. The importance of any single intercept or series of interceptions cannot be anticipated in advance; therefore, the probable cause standard and the proposed requirements of "particularity" are inappropriate in connection with this method of foreign intelligence collection. (Furthermore, the House bills would impair existing responsibility for using other intelligence gathering techniques against foreign subjects within the United States, e.g., medicepts, photo surveillance, etc.)

6. Effect on Intelligence Community Interests: The bills reviewed above would severely restrict domestic communications interception for foreign intelligence gathering purposes; raise serious questions respecting authority to intercept transnational communications; and would even raise questions concerning the foreign intelligence community's authority to conduct electronic surveillance abroad free from judicial intrusion or other conditions. (Moreover, the House bills would restrict the use of other intelligence gathering techniques against foreign targets within the United States.)

(a) Domestic Electronic Surveillance: An operation mounted against a foreign target within the United States to gather foreign positive intelligence would apparently not meet the court test unless the specific message targetted involved an anticipated, demonstrable and direct threat to the national defense. S. 743 explicitly confers interception authority to the FBI alone. It also explicitly raises the issue of the consistency of surveillance with international obligations, e.g., the Vienna Convention, and thus challenges the position taken by the State Department that no current international obligation precludes targetting foreign facilities within the United States.

(b) Transnational Electronic Surveillance: Proposed legislation would apparently subject the interception of transnational communications from a situs within the United States to the probable cause standard. It could also provide grounds for arguing that interceptions of transnational communications from facilities outside the United States would be subject to the same standard.

(c) Foreign Electronic Surveillance: The bills reviewed above are broadly written and the prohibitions are not expressly limited to the territory of the United States. While the reach of this legislation should be subject to the built-in limitation that the authority of a federal court to issue warrants is confined to its territorial limits, repeal of 18 U.S.C. 2511(3) and the articulation of probable cause standards for foreign intelligence gathering activities could have a grave impact on overseas intelligence collection by bringing into play a body of exclusionary rule case law (developed in ruling on the admissability in a Federal criminal trial of evidence obtained overseas by electronic surveillance). Suffice it, here, to say that this could result in subjecting overseas foreign intelligence surveillance to the proposed probable cause standards as a test of the "reasonableness" required by Fourth Amendment protections. Moreover, this legislation could raise complex questions in situations where an element of the interception process falls within the jurisdiction of the federal court, e.g., the physical presence of the surveillance device. Even if these bills would not directly affect authority to conduct foreign electronic surveillance, they could ultimately weaken it by raising the opportunity to argue that this authority rests only on three bases--assertion of inherent Presidential intelligence-gathering powers, congressional recognition and judicial acceptance. Repeal of 18 U.S.C. 2511(3) may be viewed as weakening the argument that Congress has recognized foreign intelligence gathering authority inherent in the President and delegated to his Executive branch agents.

7. Summary:

--Proposed legislation would repeal 18 U.S.C. 2511(3) and would impose judicial administration of a "probable cause" standard over foreign intelligence electronic surveillance. At the very least, this would restrict communications interceptions against foreign targets within the United States to situations involving an anticipated, demonstrable and direct threat to the national defense. Also, this would probably subject the interception of transnational communications, from either an overseas or domestic situs, to the same judicial standards. Finally, this would raise difficult questions concerning the ability of CIA, NSA, and the service cryptologic agencies to conduct electronic surveillance overseas against foreign targets without conforming to the standards of Fourth Amendment "reasonableness" articulated in this legislation. In sum, enactment of proposed legislation would severely restrict the collection and processing of foreign SIGINT and would seriously impair the production of all-source intelligence.

--By repealing 18 U.S.C. 2511(3) and by introjecting the judiciary into the field of foreign intelligence gathering, proposed legislation raises a constitutional challenge insofar as it purports to withdraw sanction of and place limitations on the President's inherent power to conduct foreign surveillance. This infringement could undermine the Executive sources of authority upon which the intelligence community depends. To be sure, the proposed requirement of prior judicial authorization of foreign intelligence surveillances is altogether impractical. But the fundamental constitutional objection is that it purports to share Executive authority with judicial officers having no expertise in or responsibility for national security or foreign affairs. The necessity of a foreign intelligence surveillance is simply inappropriate for judicial resolution. It is a matter committed to the Executive branch by the Constitution and an area for which there are no judicially manageable standards. An arrangement by which federal judges decide what foreign intelligence the President may have in his conduct of foreign relations is incompatible with the Chief Executive's inherent foreign intelligence gathering powers. Since this Presidential authority is constitutional in nature and stems from a fundamental separation of governmental powers, a Congressional attempt to require its sharing with the judiciary would certainly lead to protracted constitutional litigation. Moreover, Congress implicitly authorized the use of electronic surveillance in foreign intelligence activities and this legislation would circumscribe the very functions which Congress intended the Agency to perform.

NOTE:

By memorandum 5/6/75, we advised the AG that the position paper in question was an internal deliberative document which was the direct basis for a formal statement on FBI authority to conduct internal security investigations embodied in a memorandum from the Director, FBI, to the AG dated 8/7/73. On this basis, we felt it was inappropriate that the requested position paper be made available to the SSC.

In conversation between Deputy Assistant Attorney General O'Connor and SA Daly, referred to above, O'Connor indicated that it was the decision of the Department to make this paper available to the SSC. Since we have already expressed our position concerning the paper to the AG, it does not appear that there would be any purpose served disputing his decision. However, since it is an internal deliberative document, it is felt that the paper should be made available for review rather than given outright to the SSC. Also, we are setting a condition that no notes be taken during the initial review, subject to negotiation of further requests by the Committee.

UNITED STATES SENATE SELECT COMMITTEE
TO STUDY GOVERNMENTAL OPERATIONS WITH
RESPECT TO INTELLIGENCE ACTIVITIES

RE: LEGAL AUTHORITIES

ALL INFORMATION CONTAINED
HEREIN IS UNCLASSIFIED
DATE 11-17-[illegible] BY [illegible]
MDR-16

Reference is made to letter dated March 19, 1975, to the Attorney General from the Chairman of captioned Committee, which enclosed certain requests for documents and other information from the Federal Bureau of Investigation (FBI).

Under I., Legal Authorities, a general request was made for memoranda discussing the legal authority of the FBI to (1) investigate internal security matters, (2) collect intelligence information, and (3) engage in counterintelligence activities. Material responsive to this request was delivered to the Committee during April, 1975.

Since the receipt of the above-mentioned material, the Committee has indicated a specific interest in a position paper dated July 31, 1972, discussing the "Scope of FBI Authority, Jurisdiction and Responsibility in Domestic Intelligence Investigations." This paper has been located and will be available for review at FBI Headquarters by Mr. John Elliff and/or Mr. Mark Gitenstein of the Committee staff.

Our position is that the July 31, 1972, paper is an internal deliberative document the contents of which were refined in a formal statement on FBI authority to conduct internal security investigations embodied in a memorandum from the Director, FBI, to the Attorney General, dated August 7, 1973. A copy of this latter document has been made available to the Committee. Under these circumstances, we would request that the July 31, 1972, document be reviewed in this context and that no notes be taken during this initial review. Should this arrangement be unsatisfactory to the Committee, upon completion of the initial review we will certainly consider any further request for the document in a paraphrase form acceptable to the Committee.

SCOPE OF FBI AUTHORITY, JURISDICTION AND RESPONSIBILITY IN DOMESTIC INTELLIGENCE INVESTIGATIONS

BACKGROUND

Over the past several months there have been an increasing number of public statements made from various quarters questioning or contesting authority and jurisdiction of the FBI to conduct domestic intelligence-type investigations, particularly where there is no clear-cut legislative authority apparent. One of the most searching inquiries was contained in a paper presented by Professor John T. Elliff at a two-day conference at Princeton University in October, 1971, sponsored by the Committee for Public Justice.

Professor Elliff addressed himself to the matter of FBI authority derived from legislative enactments as opposed to that derived from Presidential directives. He went into some detail in connection with the Presidential directive issued by President Roosevelt in September, 1939, which was subsequently reiterated on three occasions. Elliff questioned whether Roosevelt was even aware that he was shifting FBI authority from congressional enactment to Presidential directive when he issued the September, 1939, directive since he probably assumed he had granted such authority in 1936 when he requested intelligence investigations of fifth columnists. Elliff accused the FBI of magnifying the September, 1939, directive into a definitive order.

Over a long period of time Senator Sam J. Ervin has been probing into the nature and extent of FBI gathering and retention of domestic intelligence information. In April, 1971, Senator Ervin made a request of the Department of Justice to furnish detailed information concerning the Department's (the FBI's) policy and practice on investigating and reporting the political beliefs and activities of persons not under investigation for violating the laws. Of particular interest was specific information on the constitutional authority and power exercised by the Executive Branch to conduct such investigations.

Subsequently, Senator Ervin announced that he intended to propose legislation to prohibit the FBI from investigating any person without his consent, unless the Government has reason to believe that person has committed a crime or is about to commit a crime. Other Congressmen have either introduced or announced plans to introduce legislation or resolutions calling for special activities, particularly in the area of domestic intelligence operations.

Based on these developments it became apparent that an in-depth study was in order to clarify any misconceptions which might have grown up concerning the scope of FBI intelligence and investigative authority, particularly where it concerns domestic organizations and/or individuals. A detailed and exhaustive study has now been completed, and the following is the result of that study.

AUTHORITY DERIVED PRESIDENTIAL DIRECTIVES

In the testimony of the late Director J. Edgar Hoover before the House Subcommittee on Appropriations on March 2, 1972, under the subject of justifications on page 2 the statement is made that "The FBI's responsibilities in the domestic intelligence field are authorized under legislative enactments, Presidential directives and instructions of the Attorney General. They include investigative jurisdiction over matters relating to espionage, counterespionage, sabotage, treason, sedition, subversion, and related internal security functions. Subjects of investigation include the activities of the Communist Party, USA, communist front groups and other totalitarian organizations, including individuals or groups who are alleged either to seek overthrow of the Government of the United States by force or violence or to conspire against the rights of citizens." Similar language has appeared in Mr. Hoover's testimony in prior years.

It is assumed that the Presidential directives referred to in Mr. Hoover's testimony are (1) Directive dated September 6, 1939, and reiterated January 8, 1943, July 24, 1950, and December 15, 1953; (2) Executive Order 10450 dated April 27, 1953 (and amended but not yet implemented by Executive Order 11605 dated July 2, 1971).

It is believed that there is a misconception concerning the extent of jurisdiction or authority which was conveyed to the FBI by the Presidential directive dated September 6, 1939. All of the succeeding directives appear to be hinged on the one issued in September, 1939. Therefore, the language of that first directive becomes a very important issue. Perhaps even more important are the circumstances leading up to the issuance of that directive and the intent of the President at the time it was issued.

Prior to the issuance of the September, 1939, directive President Roosevelt issued a statement or confidential directive to the heads of the various Government Departments on June 26, 1939, which stated, "It is my desire that the investigation of all espionage, counterespionage, and sabotage matters be controlled and handled by the Federal Bureau of Investigation of the Department of Justice, the Military Intelligence Division of the War Department, and the Office of Naval Intelligence of the Navy Department. The Directors of these three agencies are to function as a committee to coordinate their activities."

"No investigations should be conducted by any investigative agency of the Government into matters involving actually or potentially any espionage, counterespionage, or sabotage, except by the three agencies mentioned above."

"I shall be glad if you will instruct the heads of all other investigative agencies than the three named, to refer immediately to the nearest office of the Federal Bureau of Investigation any data, information or material that may come to their notice bearing directly or indirectly on espionage, counterespionage, or sabotage."

It is to be noted that in this statement or directive the language, with the exception of the word "counterespionage" deals with matters coming clearly within legislative enactments.

The September, 1939, directive stated, "The Attorney General has been requested by me to instruct the Federal Bureau of Investigation of the Department of Justice to take charge of investigative work in matters relating to espionage, sabotage, and violations of the neutrality regulations.

"This task must be conducted in a comprehensive and effective manner on a national basis, and all information must be carefully sifted out and correlated in order to avoid confusion and irresponsiblity.

"To this end I request all police officers, sheriffs, and all other law enforcement officers in the United States promptly to turn over to the nearest representative of the Federal Bureau of Investigation any information obtained by them relating to espionage, counterespionage, sabotage, subversive activities and violations of the neutrality laws."

In this document it is particularly important to note that the language says the FBI is to "take charge of investigations" and not "assume jurisdiction" or "have authority to investigate" matters relating to espionage, sabotage, and violations of the neutrality regulations. The statutory authority to investigate the enumerated crimes was already present, but the directive fixed responsibility for the FBI to conduct the investigations. In other words, this directive conveyed no authority not already possessed by the FBI by legislative enactment but merely established that no other investigative agency should handle the matters.

The last paragraph of this particular directive, which was actually a request of all local law enforcement agencies, used the words "counterespionage" and "subversive activities." However, the context of the statement appears to merely be designed to broadly define activities which might touch on the national security so that all such matters, irrespective of the legal definition or name, would be turned over to the FBI.

A logical conclusion, based purely on examination of the language used in the September, 1939, directive, is that the directive merely put everyone on notice that the FBI had the responsibility to investigate the statutory crimes named; that it provided no so-called "constitutional" or "executive authority" for the FBI to investigate matters not covered by legislative enactment. This is not to say that the President has no such constitutional authority (he has), but only that it was not exercised here.

As a matter of particular interest, Professor Elliff, in questioning whether President Roosevelt was aware that he was shifting FBI authority from Congressional enactment to Presidential directive since he assumed that he had granted such authority in 1936, was at least half correct. While no shift of authority appears to have occurred as a result of the 1939 directive, we have historical evidence to show that the President instructed the FBI to conduct subversive intelligence-type investigations of radicals in 1936. In this regard, there appears to be little doubt that Roosevelt conveyed some degree of Executive authority to the FBI.

AUTHORITY CONVEYED EVEN BEFORE 1939 DIRECTIVES

Confidential memoranda written by Mr. Hoover in August and September, 1936, clearly reveal that President Roosevelt was very concerned about the subversive activities of fascists and communists in the United States and discussed the matter with Mr. Hoover during personal meetings. These memoranda indicate that President Roosevelt was obviously cognizant of the lack of statutory authority to conduct intelligence-type investigations of fascism and communism. Yet, the President desired the FBI to conduct such investigations. Mr. Hoover pointed out that the FBI appropriation contained a provision for the FBI to conduct such investigations if such matters were referred to it by the Department of State. The President was hesitant of having a formal request come through State Department, however, because of the many leaks in the State Department.

However, during a meeting between the President, Mr. Hoover and the Secretary of State on August 25, 1936, the Secretary of State did ask the FBI to conduct investigations of Fascist and Communist activities, under the provisions of the Appropriations Act. In the discussion preceding the request, however, it must be noted that the President stressed the fact that fascism and communism were international in scope, and that communism in particular was directed from Moscow; that this was a matter which fell within the scope of foreign affairs over which the State Department would have a right to request an inquiry to be made.

According to the information presently available, President Roosevelt agreed to place a handwritten memorandum of his own in the White House safe, concerning the request of the State Department for investigations of fascism and communism. The President asked Mr. Hoover to speak to the Attorney General about the matter and that the Secretary of State also discuss the technique to be followed with the Attorney General. Mr. Hoover recorded that he did inform the Attorney General on September 10, 1936, of a conference he had with the President on September 1, 1936, at which time the Secretary of State was present, and at which time the Secretary of State - at the President' suggestion - requested of Mr. Hoover to have investigations made of the subversive activities in this country, including communism and fascism. The Attorney General verbally directed Mr. Hoover to proceed with the investigations and to coordinate these matters in the possession of the Military Intelligence Division, the Naval Intelligence Division, and the State Department. Mr. Hoover considered this the authority upon which to proceed.

The circumstances surrounding the manner in which the President had the State Department request investigation very likely explains why the September, 1939, directive did not contain any language relating to subversive activities. President Roosevelt was fully aware that the FBI was already conducting confidential investigations of the activities of fascists and communists who represetned a threat to the national security at that time. There was obviously a private and understandable confidential agreement between all interested parties, including the other Federal investigative agencies who had an interest. There was no need to mention subversive activities in the first part of the directive since the pertinent Federal agencies were already on notice and local agencies would turn over all matters relating to the national security.

Based on the foregoing, reliance on the September, 1939, directive or even the earlier confidential arrangement worked out by the President, whether considered a Presidential directive, Presidential mandate, or some other manifestation of Executive power, for current investigative authority appears to be unwise. Placing the 1939 directive and the earlier arrangement in their proper perspective is very important. Both were laid in a period when the world was on the brink of World War II. The concern for national security was related to two international movements. There were no laws, such as the Smith Act of 1940 or the Internal Security Act of 1950. Although there were undoubtedly some purely American groups which received no direction or control from abroad, there was no national concern for indigenous anarchists or other groups desiring to overthrow the Government.

PRESIDENTIAL DIRECTIVES SUBSEQUENT TO 1939

As mentioned previously, the directive dated September 6, 1939, was reiterated subsequently by directives dated January 8, 1943; July 24, 1950; and December 15, 1953. The directive dated January, 1943, signed by President Roosevelt, was simply a reaffirmation of the earlier 1939 directive and was broadened only to the extent that it called on all patriotic organizations and individuals as well as local law enforcement officers to report information to the FBI. The July, 1950, directive, signed by President Truman, contained the phrase "subversive activities and related matters," which on the surface would indicate that President Truman intended to broaden the scope of authority it might convey to the FBI. However, closer examination reveals that the Truman directive actually misquoted the earlier two directives of President Roosevelt and included the phrase "subversive activities and related matters" which did not appear in the Roosevelt directives.

Since no information is available concerning Executive intent behind the issuance of the 1950 directive, it cannot be determined whether President Truman was aware of the possible additional authority he might have conveyed to the FBI as the result of changing the language of the two prior directives to include the phrase "subversive activities and related matters." The fact of the matter is, the United States was at the time engaged in the "police action" in Korea and there was unquestionably a great deal of domestic subversive activity at the time, most of which could be traced to the Communist Party. We do know that President Truman signed the 1950 directive on the advice of the National Security Council.

There is one document available which tends to reveal the concern President Truman had relative to increased subversive activity involving domestic cases. In a letter dated July 17, 1946, the Attorney General said he felt that in the troubled period in international affairs, accompanied by an increase in subversive activity at home, it was imperative to use special investigative measures (wire taps) in domestic cases. Mr. Truman concurred with the Attorney General and authorized the special investigative measures.

There is one important point, however, which bears on any feelings President Truman might have had on the issue of domestic subversive activity. When the Congress passed the Internal Security Act of 1950, consisting of two subchapters, Truman vetoed the bill, citing as a reason that Title II of the Bill - The Emergency Detention Act - constituted a threat to the democratic process. In "The American Constitution - Its Origins and Development" by Alfred H. Kelly and Winfred A. Harison, the authors declared that President Truman roundly condemned the Internal Security Act as grossly unconstitutional. They said that his veto message called the registration provisions of the law "the greatest danger to freedom of press, speech and assembly since the Sedition Act of 1798." A drastic new sedition statute, derived from the earlier Mundt-Nixon bill which was bottled up in the Senate Judiciary Committee in 1948, was incorporated in the Internal Security Act. Mr. Truman thought the phrase prohibiting a person to "substantially contribute" to the establishment of a totalitarian dictatorship so vague as to cast grave doubts upon whether it met the standards of accuracy necessary for due process in criminal statutes. These authors did not even touch on the emergency detention subchapter of the Act. The political climate at the time, however, in spite of President Truman's censure and veto, was such that the Internal Security Act was passed over the veto and became law.

While the 1950 directive of President Truman incorrectly stated "On September 6, 1939, and January 8, 1943, a Presidential Directive was issued providing that the Federal Bureau of Investigation of the Department of Justice should take charge of investigative work in matters relating to espionage, sabotage, subversive activities and related matters.," the directive issued by President Eisenhower on December 15, 1953, said nothing about the FBI being responsible for such matters. Rather, the 1953 directive began by stating, "On September 6, 1939, January 8, 1943, and July 24, 1950, Presidential Directives were issued requesting all enforcement officers, both Federal and State, to report promptly all information relating to espionage, sabotage, subversive activities, and related matters to the nearest representative of the Federal Bureau of Investigation."

This language can, of course, be interpreted to mean that the FBI is responsible for investigating these matters otherwise the directive would not have noted that enforcement officers were requested to furnish all information to the FBI.

The 1953 directive actually did not reiterate either of the three previous directives except for the language quoted above. Instead, it cited the FBI's responsibility to investigate all violations of the Atomic Energy Act and requested all patriotic organizations and individuals as well as all enforcement officers to report violations of the Atomic Energy Act to the nearest representative of the Federal Bureau of Investigation.

IMPLEMENTATION OF 1939 DIRECTIVE

All of the foregoing documents have obviously been subject to various interpretations. However the language might be interpreted, the September, 1939, directive, was implemented by the FBI and Congress was made fully aware of the extent of investigative activity the FBI was conducting as a result of the directive. In Mr. Hoover's testimony on November 30, 1939, in connection with an emergency supplemental appropriations bill, he said, "In September, 1939, we found it necessary to organize a General Intelligence Division in Washington. The establishment of this division was made necessary by the President's proclamation directing that all complaints of violations of the national defense statutes and proclamations be reported to the Federal Bureau of Investigation. This division now has compiled extensive indices of individuals, groups, and organizations engaged in subversive activities, in espionage activities, or any activities that are possibly detrimental to the internal security of the United States.

"The indexes have been arranged not only alphabetically but also geographically, so that at any time, should we enter into the conflict abroad, we would be able to go into any of these communities and identify individuals and groups who might be a source of grave danger to the security of the country."

During the same testimony Mr. Hoover was asked if any of the funds being requested in the emergency supplemental appropriation would be spent for any of the purposes for which funds were denied at the previous session. Mr. Hoover replied they would not; that the entire sum would be spent for intelligence work.

Subsequently, in June, 1940, Mr. Hoover again testified before a House Subcommittee on Appropriations. At that time he referred to his appearance before the committee the previous fall wherein he testified that authority had been requested to set up a separate division with the FBI to handle national defense matters under an assistant director. Mr Hoover offered a chart showing the organizational structure of five divisions of the Bureau, one of which he referred to as the National Defense Division. He said that this Division would handle and direct all investigations dealing with espionage, sabotage, national defense matters, and violations of neutrality statutues.

Mr. Hoover testified that in line with the President's order of the previous September (September 6, 1939) there had been close coordination of all the intelligence services. He pointed out that the President, on September 6, directed the FBI to coordinate the functions on national defense matters in intelligence work. Mr. Hoover also related that he wanted to refer to a general intelligence index which he had mentioned in previous hearings. He said that that index included the names of persons who might become potential enemies to our national security, such as known espionage agents, known sabotuers, leading members of the Communist Party, and the bund. He explained that this index had been compiled very carefully, and it was confined solely to persons engaged in activities detrimental to the United States.

Later, on February 19, 1941, when Mr. Hoover appeared before Congress in connection with a deficiency appropriations bill for 1941, he went into some detail concerning the activities of the FBI prior to the then national emergency. In response to a question concerning this, Mr. Hoover replied that prior to the emergency our activities covered generally the investigation of all Federal statutes except counterfeiting, narcotics, income tax, and postal violations. FBI jurisdiction, he said, included kidnaping, extortion, bank robbery, white slavery, motor vehicle theft, impersonation of Government officers, frauds against the Government, antitrust investigations, etc.

Mr. Hoover then incorporated into the record a list of major crime laws passed between 1934 and 1941, showing the legislative jurisdiction of the FBI during the period. With the exception of nine of these laws, all dealt with criminal-type violations of law. The exceptions included a prohibition on the exportation of arms and ammunition to Spain during the civil war; the prohibition of making photographs, sketches or maps of vital military and naval defense installations; the Hatch Act, which among other things related to employment of individuals by the Government who were members of political parties advocating the overthrow of the Government; amendment of the act requiring registration of agents of foreign principals; the Neutrality Act of 1939; amendment of the Espionage Act; the Smith Act of 1940; act requiring registration of certain organizations (Voorhis Act); and an amendment to the Sabotage Act. There was a special note listed under the amendment of the act requiring registration of agents of foreign principals. This called attention to the Presidential directive dated September 6, 1939. From this structure inference can be drawn that the directive was related to this amendment.

EXPANSION OF AUTHORITY CONTAINED IN 1939 DIRECTIVE

Further in his testimony Mr. Hoover was asked if any other agencies of the Government were covering the same work that emergency employees of the FBI were covering. He replied that he would like to leave the committee a publication listing the statutes, proclamations and Executive Orders pertaining to national defense matters. He then stated that the President in 1939 directed that all investigations dealing with espionage, sabotage, subversive activities, and national defense activities, would be handled by the FBI except those arising within the Army or Navy. He went on to say that other governmental agencies were instructed under this Executive order to report to the FBI any information showing any violation dealing with national defense matters.

No Executive Order could be located which contains the language used by Mr. Hoover in this instance. He might have been referring to either the directive or statement made by President Roosevelt in June, 1939, or the directive dated September 6, 1939. However, the above-quoted language is much broader than used in either of these documents.

In considering the full impact of the June and September, 1939, Presidential directives, and how they subsequently influenced FBI jurisdiction and responsibility, it must be borne in mind that the Nation was at the very brink of World War II. President Roosevelt issued a proclamation on September 8, 1939, declaring that state of national emergency existed in connection with the observance, safeguarding, and enforcement of neutrality, and strengthening of the national defense within the limits of peacetime authorizations. An Executive Order (No.8233) dated September 5, 1939, prescribed regulations governing the enforcement of the neutrality of the United States. The War Department, Navy Department, Treasury and Commerce Departments, and the Governor of the Panama Canal were assigned certain enforcement duties. The Justice Department (FBI) was given responsibility of enforcement of the neutrality of the United States not especially designated to other departments, independent offices and establishments of the United States Government, and prosecution of violations of the neutrality of the U. S.

Unquestionably in time of national emergency the broadest possible interpretation was being applied to every statute, resolution, proclamation, Executive order, Presidential directive or other lawful order or mandate in the interest of the preservation of peace, the national defense and general welfare of the country. Undoubtedly there are many other documents recording Executive intention, Executive instructions concerning broad, sweeping authority for the FBI, which cannot now be found for one reason or another. Certainly there is indication that at least President Roosevelt had more than one conversation with Mr. Hoover concerning the necessity for the FBI to conduct investigations beyond the statutory authority it normally used.

DIRECTIVES SUPPLEMENTED OR SUPERSEDED BY STATUTES

Eventually, however, there were legislative enactments which broadened the scope of our statutory authority, increased our legal jurisdiction and added to our investigative responsibility. Following the September, 1939, directive, which has been used as a source of FBI authority to conduct certain types of domestic intelligence investigations, the Smith Act of 1940 became law. Several successful prosecutions resulted from the Smith Act, although some parts of it were invalidated by the Supreme Court. The revised statute (Title 18, U.S.C. 2385) remains on the books and is enforceable.

Legal Counsel's Office analyzed Title 18, USC 2385, in June, 1972. It was noted that this statute contains the substance of the original Smith Act. The House of Representatives Committee on Judiciary, Report No. 1869, 74th Congress, First Session, made clear the purpose of the original legislation:

"The reported bill is based on the natural right of self-preservation inherent in every government. It simply authorizes the exercise of the power of the government to defend itself against those who seek by force and violence to destroy it." Further clarification of the legislative objective was made by Representative John W. McCormack, who said, "And by the way, this bill is not alone aimed at communists; this bill is aimed at anyone who advocates the overthrow of government by violence and force."

VALIDITY OF THE SMITH ACT

The Supreme Court held in 1951 that teaching the doctrine of forcible overthrow of the United States Government was a violation of the Smith Act where there was a clear and present danger that a substantial public evil would result. The Court further held that the Act did not violate the First Amendment. Chief Justice Vinson, who wrote the majority opinion, used language which must be considered at this time to be very significant in deciding whether the Government may in fact conduct preventive-type investigations in the interest of self-preservation.

Justice Vinson wrote, "The rule we deduce from these cases (a series of earlier Supreme Court decisions - namely the 'question in every case is whether words used are used in such circumstances and are of such nature as to create a clear and present danger that they will bring about the substantive evils that Congress has a right to prevent.') is that where an offense is specified by a statute in nonspeech or nonpress terms, a conviction relying upon speech or press as evidence of violation may be sustained only when the speech or publication created a 'clear and present danger' of attempting or accomplishing the prohibited crime."

In this case, applying this rule, the court said, "Obviously, these words cannot mean that before the Government may act, it must wait until the putsch is about to be executed, the plans have been laid, and the signal is awaited--we must, therefore, reject the contention that success or probability of success is the criterion."

In addition to the Smith Act of 1940, Congress also passed legislation which further increased the authority of the FBI to deal with subversive activities. The Voorhis Act (superseded in 1948 along with original Smith Act) which is now Title 18, USC 2386, provided for registration of organizations subject to foreign control which engage in political activity among other things. The Internal Security Act of 1950 was passed over the veto of President Truman and provided not only a prohibition of conspiracies or attempts to establish a totalitarian dictatorship and a long list of measures having to do with Communist organizations (Control of Subversive Activities) but also for the emergency detention of suspected security risks. Further, in 1954, Congress enacted the Communist Control Act to provide additional investigative authority in dealing with the communist threat to national security.

DIRECTIVES VERSUS LEGISLATIVE ENACTMENT

These legislative enactments were unquestionably designed to give the FBI a cloak of statutory authority to investigate not only the communists, which were a grave concern to President Roosevelt when he requested investigations of communism by the FBI in 1936, but also any other group which engages in activity aimed at overthrow of the Government by force or violence. And, whereas President Roosevelt relied on the element of foreign relations and the international character of the fascist and communist movements to have State Deparment make a request for FBI investigation, the statutes referred to above do not require a dependence on foreign elements, notwithstanding the Congressional finding of necessity in connection with the Internal Security Act of 1950 and the Communist Control Act of 1954.

The question to be resolved, then, is divided into several interrelated parts. First, if the Presidential directives described heretofore are actually valid. Secondly, assuming that the directives are completely valid, why have they been cited as one of the bases of FBI investigative authority? Thirdly, if, as it appears from the foregoing, the directives are valid, but do not convey the investigative authority we have heretofore contended, what effect will this have on our past and future domestic intelligence investigative activity?

Insofar as the validity of the Presidential directives is concerned, there can be no question but that each directive was issued completely in accord with the President's executive power. The evidence shows that the first directive in September, 1939, was not only implemented with the knowledge of Congress, but by appropriating money to the FBI for its implementation Congress in effect gave the directive the full force of law. None of the directives from September, 1939, to the one issued by President Eisenhower in 1953 have been secret. As a matter of fact, all were directed to the public at large, asking support of local law enforcement officials and patriotic organizations. Numerous times the directives have been cited in FBI appropriations testimony.

The second part of the question becomes more difficult to answer. Over the years, whenever it has been necessary and proper to describe our investigative authority, and this has been a requirement in justifying our annual budget, we have used what we have considered all of the different bases for such authority. Although it now seems obvious that the September, 1939, and July, 1943, directives did not actually order the FBI to take charge of any investigations not actually covered by statute, i.e., espionage, sabotage, and neutrality laws, it did request law enforcement officers to turn over to the nearest representative of the FBI all information relating to subversive activities and counterespionage as well as the three statutory crimes listed. It is apparent that the language here was intended as a catch-all so that law enforcement officers would turn over information of any sort whatsoever if it might affect the national security.

In analyzing the language used in that first directive of September, 1939, everything must be put into its proper perspective. In 1939 the Nation had been conditioned to a state of near-war. From January 30, 1933, when Adolf Hitler became Chancellor of Germany, through the nonagression pact between Germany and the Soviet Union in August, 1939, the specter of war hung over America. Anti-German, anti-Italian and anti-Soviet sentiment swept over the country. People began to look for spies under their beds. It became very necessary to direct the Nation's energies in that regard into a single channel. We could not have every police officer, sheriff and special deputy sheriff in the country running around investigating spies. By the same token, it was very necessary for the Government's resources to be directed towards identification and neutralization of very real espionage rings and potential saboteurs. The June, 1939, directive assured that the FBI would take charge of domestic internal security instead of several agencies working at cross purposes. The September, 1939, directive placed local law enforcement on notice and simultaneously provided for information of possible value to be funneled to the FBI which was responsible for the coordination and investigation.

The September, 1939, directive, although not conveying any investigative authority to the FBI, did result in an additional workload for the FBI by virtue of the fact that local police and other Federal agencies were referring matters to the FBI for investigative attention which were not previously called to our attention. While some of the matters could be logically fit into one of the statutory crimes of espionage, sabotage or neutrality regulations, others could not be since the original information was often nonspecific or so nebulous that it could be categorized only after some inquiry was made locally.

We were also faced with the reality of war and the fact that Germany, Italy, Japan and the Soviet Union had espionage apparatuses directed against the United States. While we might not ordinarily institute an investigation before the commission of a crime, such as the case of a bank robbery, motor vehicle theft, etc., the crimes of espionage and sabotage relate to the national security. It would have not only been folly, it would have been insane to wait until we had evidence of the commission of crimes of espionage or sabotage. Rather than wait until we had a complaint alleging the commission of one of these crimes we went out and conducted intelligence-type investigations to determine if there were espionage rings operating or if there were persons conspiring to sabotage the national defense. So the September, 1939, directive did affect our investigative operations. Not by giving us some new investigative authority, but by assigning us the responsibility of coordinating all investigative activity in this regard. We were, of course, already in the intelligence-gathering business as a result of the confidential arrangement agreed upon in August and September, 1936, among President Roosevelt, Director Hoover, and the Secretary of State.

For these reasons, it can be seen why the FBI used the September, 1939, directive as one of the bases for its investigative authority. The unfortunate thing is that the 1939 directive was never really updated, in spite of the reiterations of 1943, 1950, and 1953. It was really never broadened to incorporate the Executive request made in 1936, and to reflect the Executive intent that became so obvious in the succeeding years up to this very time. It would be very difficult to convince someone examining our legal authority for conducting intelligence-type investigations that we derive any authority, particularly any ? reiterating it. What we have, it appears, is a hold-over or perpetuation of a concept of authority (or better, responsibility) which had some basis in 1939, and perhaps even through the Korean War years, but which has long since ceased to have any bearing on FBI investigative operations.

This leads us to the third part of the question and that is what effect the lack of authority derived from the directives will have on past and future domestic intelligence investigations. Although there is division of opinion by some supervisors and officials in the Domestic Intelligence Division as to how much investigative activity has in the past and will in the future depend on the nebulous authority of the directives in question, examination of all the evidence leads to the conclusion that in the past our investigations have to some degree depended, not on the language of any of the directives, but rather, on the Executive request of President Roosevelt in 1936 andon basic authority derived from the many statutes relating to the national security, both before and after the issuance of all the directives in question.

INVESTIGATIONS UNDER STATUTORY AUTHORITY

Argument has been advanced by some in the Domestic Intelligence Division that it will be impossible to carry out our internal security responsibilities of conducting purely intelligence-type investigations using statutory authority only; that the only way we have been able to do this in the past was from the authority contained in one or more of the directives in question. If this were true, i.e., that we have conducted some investigative activity solely on the basis of the directives, the FBI would be in for a rough time if the efforts on the part of several congressional figures to look into our operations ever come to pass. The fact of the matter is, we have had ample authority to do just what we have done without the directives. Administratively perhaps, we could have been more precise in advertising our investigative jurisdiction and authority. And unquestionably, we could have been more careful in writing reports and other records of our investigative activity to show that our investigations were predicated on information indicating violation or possible violation of statutes.

This brings up another point mentioned by Professor Elliff in his study. Elliff related that the FBI had a policy from Mr. Hoover's appointment as Director until 1936 of "closed end" investigations, but that this policy gave way to intelligence coverage involving continuing investigative activity within a broad range of delegated authority. By "closed end" investigations, Elliff means that a crime was committed, a prosecutive opinion was received, an investigation was conducted, a prosecutive opinion was sought and the case was either prosecuted or closed for want of prosecution. On the other hand, an intelligence-type investigation would involve continuing investigation without any thought of closing the case by virtue of prosecution or inability to prosecute. In a case involving a purely criminal act, it can be seen that a "closed end" investigation is possible. But in the fast-moving world of today, with its organized crime problem tied into space-age concepts even in purely criminal cases, the "closed end" investigation is often far from a reality.

PREVENTIVE INVESTIGATIONS

In analyzing the concept of "closed end" investigations versus continuing intelligence-type investigations, several factors must be considered, especially where the national security is involved. Ordinary criminal acts such as the bank robbery, theft, burglary, fraud, etc., can in no way be compared to crimes involving the national security. Usually we would have no occasion to conduct investigation prior to the commission of any of the above-named crimes. But, a crime against national security is an entirely different matter. No one but a fool or one dedicated to the destruction of democracy would advocate that the Government take no action to prevent a crime which could destroy the Government. In other words, it would be an unusual case to conduct a "closed end" investigation of an attempt to overthrow the Government by force and violence. It would appear that the FBI would have a constitutional obligation to conduct the necessary preventive investigation (intelligence?) to insure that an attempt to overthrow the Government does not occur.

Taking into consideration that any court in the land would take judicial notice that the Soviet Union and its satellites are engaged in espionage directed against the United States and that it employs intelligence-gathering techniques against us, it logically follows that the same courts would take judicial notice that the United States Government would have to employ counter-espionage and counterintelligence methods to combat this threat. It is believed that the same can be said for other situations where the facts are such to lead any prudent and cautious individual to believe that a threat exists to commit sabotage; to incite to insurrection or rebellion; to engage in seditious conspiracy; or to plot the overthrow of the Government. Under such circumstances it would seem that the FBI not only has the duty to conduct investigations to prevent the crimes, but has the obligation to do whatever is necessary within the law to neutralize such threats.

It is true that this type of investigation might be contrary to the established concept of investigating only after there is evidence of crime. It is also true that such investigations might take place over a long period of time without any indication or prospect of presecution. However, as pointed out by Legal Counsel in his memorandum dated 7/14/72 on Wiretapping, that "Running through the whole (decision) is a golden thread of philosophy that when the functions essential to the preservation of a nation itself are at stake, the nation has the power to take the action reasonably necessary to protect itself." While this comment had to do with a particular court decision not related to the national secuirty, it is very apropos. It would be unrealistic to contend that the FBI could only investigate crimes or potential crimes affecting the national security after the crime has been committed. How ludicrous this would be.

Right on point in this regard is another part of the majority opinion upholding the Smith Act convictions in 1951. Chief Justice Vinson wrote, "Likewise we are in accord with... the trial court's finding that the requisite danger existed. The mere fact that from the period of 1945 to 1948 petitioners' activities did not result in the attempt to overthrow the Government by force and violence is, of course, no answer to the fact that there was a group that was ready to make the attempt. The formation by petitioners of such a highly organized conspiracy, with rigidly disciplined members subject to call when the leaders, these petitioners, felt the time had come for action, coupled with the inflammable nature of the world conditions, similar uprisings in other countries, and the touch-and-go nature of our relations with countries with whom the petitioners were in the very least ideologically attuned, convince us that their convictions were justified on this score.

"And this analysis disposes of the contention that a conspiracy to advocate, as distinguished from advocacy itself, cannot be constitutionally restrained, because it comprises only the preparation. It is the existence of the conspiracy which creates the danger. (Emphasis mine) If the ingredients of the reaction are present, we cannot bind the Government to wait until the catalyst is added."

Some might say, "this is all very well and good where prosecutive action is used or intended, but what of the cases where the only purpose of the investigation is to produce intelligence information, with no hope or intent of prosecutive action?" There are unquestionably situations where prosecution would be impossible, but it is doubtful if any situation could be conjured up involving the national security where the elements of one or more statutes would be present to lend statutory authority to an investigation or reason for investigation. ?

INTELLIGENCE INVESTIGATIONS

Recently, in connection with a lawsuit filed by the Fifth Avenue Peace Parade Committee because of investigation by the FBI relative to a huge demonstration in Washington, D. C., the Department of Justice cited Title 28, USC 533, as the lawful authority of the FBI to conduct the investigations in question. The investigation at issue had to do with contacting various transportation facilities in an effort to determine the nature and size of groups traveling to Washington for the demonstration. In a sense, this was purely intelligence-type investigation. The statute cited was nothing more than the statute enabling the Attorney General to direct the FBI to conduct investigations.

This same statute has been cited for other types of investigations where the Department of Justice has requested the FBI to conduct investigations where we might not have clearly seen or understood the underlying authority or reason. It can be seen, however, that under the statutory authority granted to the President in Title 10, USC 331-333, to call up troops to assist local governments to put down an insurrection or restore order, the Attorney General would be within his statutory authority as the President's Chief Legal Advisor to ask the FBI to provide all possible information which might assist the President in making a determination under Title 10. Thus, the FBI would conduct an intelligence-type investigation under the statutory and constitutional authority flowing from the President, through the Attorney General to the FBI. In this case we might not immediately see the potential for prosecutive action, although with the statutes covering antiriot and civil disorder we would no doubt be alert for indications that riots or disorders would occur and that evidence could be collected which would support prosecution. Here, we would be conducting investigation before a violation takes place, not only for the intelligence data needed by the President, but to determine if a Federal violation of law might also occur.

EXECUTIVE ORDER 10450

What other authority is also available to the FBI? We sometimes lump Presidential directives and Executive orders into one category as if they were the same. This is a common practice, even on the Executive level. The Executive orders are numbered, whereas the directives usually are not. From information available it appears that Presidential directives and Executive orders carry equal weight. They take on the force of law if acknowledged by resolution of Congress and are published in the Federal Register. All this leads up to a very significant document which over the years has provided substantial investigative authority to the FBI. It is commonly known as Executive Order 10450, although it has been revised and will be known as Executive Order 11605 if it is ever implemented. Executive Order 10450 is captioned as "Security Requirements for Government Employment" and, as the name implies, is related to employment by the Government of individuals who might constitute a national security risk. This Executive order grew out of Executive Order 9835, dated March 21, 1947, which provided for an investigative procedure affecting persons entering competitive civil service. The order established a Loyalty Review Board and procedures for handling of cases where loyalty of an employee was questioned. Executive Order 9835 followed the establishment of the President's temporary commission on loyalty under Executive Order 9086, dated November 25, 1946. Executive Order 10450, dated April 27, 1953, superseded and revoked Executive Order 9835.

The important thing about these two Executive orders is that the Attorney General was required to furnish the Loyalty Review Board current information concerning the subversive nature of foreign or domestic organizations, including totalitarian groups. Thus, the FBI, acting under lawful authority of the Attorney General, was bound to conduct the necessary investigations to enable the Attorney General to fulfill his responsibility to the Loyalty Review Board. Executive Order 10450, in revoking Executive Order 9835, also disbanded the Loyalty Review Board and provided that the Attorney General would furnish the same information regarding subversive organizations to the head of each department and agency. The Attorney General was also requested to render to the heads of departments and agencies such advice as may be requisite to enable them to establish and maintain an appropriate employee-security program.

Under Executive Orders 9835 and 10450 the Attorney General had the responsibility to designate organizations as totalitarian, fascist, communist or subversive, or as having adopted apolicy of advocating or approving the commission of acts of force or violence to deny others their rights under the Constitution of the United States, or as seeking to alter the form of government of the United States by unconstitutional means. Under provisions of Executive Order 11605, dated July 2, 1971, the Attorney General still has the responsibility of furnishing names of organizations to the heads of departments and agencies. However, instead of the organizations being designated by the Attorney General, the new Executive Order provides that the Subversive Activities Control Board shall, upon petition of the Attorney General, conduct hearings to make the same determination formerly made by the Attorney General. The new Executive Order also sets up a much broader criteria for establishing the subversive nature of organizations.

Unfortunately, the Subversive Activities Control Board, which was initially established under the Internal Security Act of 1950, is under attack from Congress. Congress refused to provide any funds for the Subversive Activities Control Board after July 1, 1972. There has been indication that Congress may also take steps to repeal the remnants of the Internal Security Act of 1950. Should this happen, we would lose a broad base of current authority for conducting many of our security-type investigations. Executive Order 11605 has not actually been implemented; therefore, we are bound to the provisions of Executive Order 10450. Basically, however, the responsibility under 10450 (or even 11605 if it is ever implemented) falls on the Attorney General, and for this reason the Department of Justice should now provide guidance as to what investigations are required by the FBI to fulfill the Attorney General's obligations under the existing Exeuctive order.

STATUTORY AUTHORITY AND PRESIDENT'S CONSTITUTIONAL POWER

What other investigative authority or jurisdiction do we have? Attached to this study is a collection of statutes and documents which grant investigative authority for conducting the various types of investigations falling with the primary supervision of the Domestic Intelligence Division. Included in this collection of laws are statutes such as civil rights statutes, which are the basic responsibility of the General Investigative Division, but which nevertheless convey statutory authority in investigating totalitarian organizations such as the Ku Klux Klan and other hate-type groups. Civil rights statutes might also likely be involved in other situations where organized groups act in such a manner as to deny other persons their constitutional rights. The fraud statutes are included since many groups engage in activities which are covered in one way or another by such statutes. There are, of course, the basic statutes such as espionage, sabotage, treason and foreign agents registration act. But there are statutes, such as inciting to antiriot, and others which cover an extremely broad spectrum of subversive activity. But isn't there some additional authority under the constitutional power of the President to protect the national security?

It was under just such constitutional powers that President Roosevelt requested the FBI to investigate the fascist and communist movement. And, of course, it was under just such constitutional powers that the President authorized the Attorney General to approve without a warrant electronic surveillances on both domestic and foreign organizations engaged in activity detrimental to the national security. However, the Supreme Court has considerably narrowed the President's constitutional authority as a result of the Keith case. In essence, the court stated that insofar as domestic organizations are concerned, the President does not have the power to abrogate the First and Fourth Amendments. In other words, the President cannot order an act (investigation) which would interfere with or abridge the First Amendment rights to assemble or redress grievances, or to enjoy freedom of speech, or the Fourth Amendment rights requiring the issuance of search warrant in connection with the seizure of evidence. ?

The courts have considerably broadened their interpretation of both the First and Fourth Amendments. Civil libertarians have proclaimed that any activity on the part of the Government which might have a "chilling effect" on an individual's legitimate right to dissent constitutes a violation of First Amendment rights. In some cases the courts have adopted this view. By the same token, Fourth Amendment rights have been broadened to include overhearings of conversation, and the issue of invasion of privacy is being raised more and more. With all these factors being considered there are, however, numerous situations bearing on the national security where the President unquestionably has the constitutional authority to have the FBI obtain information which will enable him to fulfill his broad responsibilities under the Constituion. With the exception of the recent Keith decision, the courts have declined to define or circumscribe the President's constitutional power.

Ordinarily, when we speak of the constitutional power of the President we think in terms of a specific order such as a directive or Executive order or some other tangible evidence. However, over the years, beginning with the years preceding World War II, Mr. J. Edgar Hoover established a rapport with the President which resulted in the President making requests of the FBI under his inherent Executive authority. The request made by President Roosevelt in 1936 as described herein is an excellent example of a long series of Presidential requests extending through a long line of Presidents and at least until Mr. Hoover's death. Presidents from Roosevelt to Nixon have confided in Mr. Hoover and sought his advice and product of FBI investigative skill, particularly in matters affecting the national security. One very excellent example of the confidence the President has had in the FBI is the confidential Presidential directive of 1941 instructing that the FBI set up a Special Intelligence Service covering the Western Hemisphere to handle and coordinate all intelligence work within the hemisphere. There are many other examples, but a more recent one is the fact that President Nixon, in spite of responsibility assigned to CIA, asked that the FBI establish Legal Attaches in several countries where there had been a dearth of good intelligence information.

SPECIAL WHITE HOUSE REQUESTS

Over a period of years the President came to rely on the FBI to provide first-hand intelligence information concerning both domestic and foreign situations bearing on policy affecting the national security. As a result of numerous conferences in which the various Presidents outlined to Mr. Hoover their needs for information which would assist him and his staff in their policy decisions, Mr. Hoover instructed that important developments concerning the national defense or which might otherwise be of value to the White House should be reported directly to the President or one of his high-level staff members. In most instances the same information was made available to the Attorney General simultaneously. Over the years it became a common practice for White House staff members to telephone requests for information or investigations to Mr. Hoover's office or the office of one of his officials. Such requests were usually considered as being within the constitutional Executive power, and for the most part such requests were completely legitimate and well within the recognized scope of the FBI investigative authority.

Occasionally, however, requests were made - and complied with - which in retrospect appear to have been beyond any recognized Executive authority. An example is a telephone request to furnish all available information to the White House concerning a forthcoming Earth Day rally in 1970. The rally, which was sponsored by groups concerned with pollution and ecology, attracted the attention of a few subversive elements, but appeared to be very much under the control of the sponsors. Senator Edmund S. Muskie spoke at the rally in Washington, D. C., and Rennie Davis, an antiwar activist with a subversive background, appeared on the same platform with Senator Muskie. A few minor disturbances erupted in some areas, but overall the Earth Day rallies were peaceful and attained their general objective, the calling of attention to environmental problems. Senator Muskie, who learned that the FBI covered the rally in Washington, was incensed that the FBI was involved. We had a poor defense and in this case, at least, it is doubtful that there was any legitimate Executive authority to have the FBI involved. In any event, it would appear that such requests should flow through channels, including the Department of Justice where possible, to assure that unreasonable and improper requests are made for investigative activity.

It is quite understandable that various staff members at the White House have assignments or projects to prepare reports on a wide variety of matters relating to the welfare of the country. It is also quite understandable that such individuals would turn to the FBI to develop information through investigative activity or from its files. However, the fact that the FBI has specific responsibilities and jurisdiction under the law may not be known to these staff members and in their ignorance of the situation they could ask us to engage in activity beyond the scope of our investigative authority.

Over a long period of time the FBI has disseminated information directly to the White House as it was developed when the information had a bearing on national defense or possible foreign policy planning. The White House has come to expect this kind of rapid dissemination. Much of the information disseminated has been of specific interest to the National Security Council of which the President, Vice President and high level members of his staff are members. Even though CIA has the basic responsibility under the National Security Act of 1947 to coordinate all intelligence data relating to national defense, the nature of rapid changing situations makes it impractical to disseminate all important intelligence information to the National Security Council via CIA channels. It is not believed that the White House would sit still for the FBI cutting off dissemination on national security information.

NEED FOR CURRENT EXECUTIVE ORDER

Dissemination, however, is but the product of investigative activity. The question, then, is not to whom we should or should not disseminate, but rather when and when not should we investigate. All of which leads to the issue of what constitutes Executive or Presidential authority under the constituion, and how can such a determination be made? Granting that the President does have broad constitutional powers which he can exercise in the interest of national security, how can such power be conveyed to the FBI to cover possible gaps in our statutory authority? It is not believed that individual requests, particularly from lower level White House staff members, actually convey any power of inherent Executive authority, unless such requests may have originated from the President himself. What appears to be sorely needed, then, is a clear-cut memorandum of understanding - possibly in the form of a comprehensive Executive order or Presidential directive - outlining areas of investigative activity required and the investigative product needed by the Executive to fulfill his national security responsibilities.

DEVELOPMENT OF INVESTIGATIVE POLICIES

By examining our investigative policies and procedures over the years it can readily be seen that procedures adopted out of necessity, such as those developing out of the period preceding World War II, in time come to be accepted as gospel both within and outside the FBI. The intelligence-type investigations originally ordered because of circumstances existing in 1936 and even before, continued after World War II, and in reality became necessary again during the Korean War period. And although the actual basis of authority in 1949 and 1950 was not the same as in 1936, we evidently considered it the same and obviously the Department of Justice and White House did also. Even though the Congress provided legislative authority to investigate subversive acts, it appears that we did not feel that the type of investigations necessary could be conducted except under an authority which did not require collection and preservation of evidence with a view of eventual prosecution, but rather to gather information only for the purpose of determining the nature and extent of subversive activity.

This is not to imply that the statutes were not used. On the contrary, the statutes were used and a large number of top level Communist Party functionaries were convicted under the Smith Act, but we still conducted investigations based on what we considered to be authority under constitutional power of the President - investigations which Professor Elliff has called continuing investigative activity within a broad range of delegated authority. While this study has not gone into the procedures and policies developed by the FBI in connection with investigations relating to our Emergency Detention Program, various documents were examined and it is known that this program preceded the Emergency Detention Act, which was a part of the Internal Security Act of 1950. ? A great deal of investigative activity, dating back to the 1930's, was conducted concerning the Security Index, an integral part of the Emergency Detention Program. As a matter of interest, the Emergency Detention Program, which was a program devised to insure that individuals constituting a threat to national security would be arrested and detained in the event of a national emergency. The Department at one point felt that the constitutionality of such a program was highly questionable. However, the program was implemented and was in existence at the time the Internal Security Act of 1950 was passed.

And most curiously of all is the fact that even after the Internal Security Act of 1950 became law, providing a legal basis for the program in existence, it was not until the 1960's that our Emergency Detention Program was switched over from an emergency plan under Presidential powers to the authority vested by statute. Of course, the part of the Internal Security Act authorizing emergency apprehension and detention was repealed in October, 1971. Under the Emergency Detention Program, while it existed, a great deal of continuing investigative activity was conducted concerning thousands of individuals who were believed to represent a threat to the national security in time of national emergency. Some of our investigative practices today are based on criteria authority growing out of the original Emergency Detention Program.

Now this is not to say that the FBI is in a position of having to defend its investigative policies or practices. If there has been but a single thread of continuity running through our investigative practices and procedures over the years it is that the individual's constitutional rights are paramount; that nothing is so important as a citizen's rights under the law. Legal Counsel pointed out an extremely important point last year at the time of the Princeton Conference where a group of FBI critics gathered to expose the FBI's faults. He noted that for years preceding the Miranda decision and the Escobedo decision the FBI had been warning persons of their rights prior to taking any kind of statement. Every Special Agent knows that the first and perhaps most important element in preparing for a prosecution is preserve the individual's rights guaranteed under the Constitution.

The FBI has legally conducted investigations of individuals and organizations whose philosophies include the overthrow or destruction of the United States Government by force or violence. Whether conducted under a Presidential order or statutory authority any such investigations were absolutely necessary and continue to be so. For administrative reasons documents reporting results of investigations often have not always clearly shown the authority, statutory or otherwise. A caption has usually been used for routing and supervisory purposes which is not clearly indicative of the nature or purpose of the investigative activity. Such captions might well be confusing to one not connected with the FBI and they might well lead to the conclusion that investigation was not based on any legal authority. For example, the caption "Security Matter - Miscellaneous" or "Internal Security - Revolutionary Activity" means little to someone outside the FBI. To those in the Domestic Intelligence Divison such designations identify the type of case and supervising unit at Headquarters.

In other words, there has been nothing wrong with the conduct of our investigations. Only those deserving of investigation under statutory provisions have been investigated. While we would have been more precise to predicate our investigations on a specific authority, whether statutory or Executive order (10450), we have not engaged in extra-legal investigative activity simply because we failed to cite any specific authority to conduct the investigation in such a way as to make it a "closed end" investigation such as Professor Elliff described.

PREVENTIVE INVESTIGATIONS

While there has been some disagreement by one or two supervisory personnel in Domestic Intelligence Division as to how long an investigation may be carried on under statutory authority or whether a "preventive" investigation can be carried on under that authority, it is my own contention that intelligence-type investigations can be carried out under statutory authority; that there is no constraint imposed by law governing the length of time in which an investigation can be conducted. There are many reasons why continuing investigative activity would be necessary, even when a statutory violation is involved. In most cases involving the national security a conspiracy of some sort is involved. Conspiracies frequently go on for years. When the preservation of the Government is involved, who is to say that we either prove a conspiracy within a specific period of time or stop investigating.

Whether a conspiracy is evident or not, the FBI would not open an investigation of any type unless information was first received that a violation of Federal law was involved or that the national security was threatened. This is how our so-called intelligence-type investigations are usually started. A citizen, an informant, or a law enforcement officer furnishes information that there is a group in existence which includes in its philosophy an advocacy of overthrow or destruction of the Government of the United States by force or violence. It would appear to be entirely logical that under at least three separate Federal statutes a violation would occur if this group did attempt to overthrow the Government. And the Supreme Court has said that the Government does not have to wait until the putsch is about to be executed and that proof that success or probability of success must be shown.

While the examples cited hereafter might not be good legal analogy, there does not seem to be any reason why the preservation of our Government warrants any less consideration under the law. The courts have upheld cases, such as have been developed in the Washington, D. C., metropolitan area, where a nearby jurisdiction, which prohibits importation of liquor from Washington, sets up a surveillance near the larger purveyors of liquor. When a car bearing Virginia or Maryland license plates is observed to be loading up what is obvioulsy more liquor than can be imported into these states, a surveillance is instituted and when the person drives across the state line he is arrested and charged with violation of state liquor laws. It can be argued that such is possible only because of the broad police powers delegated to the states by the Constitution. Perhaps. But under the same Constitution it would appear that somewhere there is a rationale that if a statute exists prohibiting the overthrow or destruction of our Government, the Government should have the same degree of power to see that persons do not overthrow it.

But the same problem exists in many areas covered by Federal statute. In the narcotics field tremendous intelligence programs are in existence to stop the spiraling increase in drug addiction and traffic in narcotics by organized crime. Even broader intelligence programs are being planned. It is true that violations are occurring. And some arrests are being made as the result of excellent police work following the violations. But the Government is also concerned with preventing drugs from even getting into the United States, and from preventing any that do get here from being sold to our children. So, we are conducting preventive investigations in the narcotics field. We are conducting intelligence-type investigations. Certainly prosecutions will be sought wherever possible, but we are conducting the same type of investigations in the narcotics area as we are in the field of national security. We are doing what has to be done, and the statutes are the basis of what has to be done.

In the field of organized crime we know that the Mafia and the Cosa Nostra have spread like a cancerous growth into the very economy of the Nation. Certainly there are violations of law. Statutes of some sort are usually involved. Many of the statutes involved are outside the primary investigative jurisdiction of the FBI. What has to be done? The individuals controlling the organizations of crime syndicates must be identified and the nature of their activity analyzed to see what - if any - Federal, or even local, crimes are being committed. In other words, we know that syndicated criminals are engaged in crime, yet we do not know exactly what crimes. We are therefore conducting intelligence-type investigations to first identify the criminal and then identify the crime. I fail to see why there isn't a parallel between intelligence-type investigations conducted to prevent criminal depredations on the public at large and the same kind of investigations to protect the Nation from the nihilists, anarchists, terrorists, revolutionaries and other subversives.

While drawing a parallel between criminal investigations and national security investigations, there is no intent here to show that both types of investigative activity can be or should be conducted alike. The two types of activity are as diametrically opposed as the two poles of the earth. One is concerned with the individuals and organizations which are involved purely for financial gain. The other is concerned with the individuals and organizations which are involved purely for ideological and philosophical reasons. There is a vast difference between the two. Intelligence-type investigations are necessary in the field of narcotics and other areas of organized crime and they are conducted without the need for any inherent Executive power being conveyed.

origin to the common-law concept of a sovereign's rights to protect itself to the 1939 et seq, directives and Executive Orders 9835 and 10450. Included in this group were (1) National Association of Black Students (NABS) which originally had as its stated purpose to serve as an information center and communications network for blacks on college campuses. This was in 1969. There was an enormous amount of violence and upheaval on college campuses at that time. Damage and injuries from arson, sabotage and malicious vandalism grew into the millions. In a number of instances black students were in the center of the activity. NABS was considered a potential source of danger during any major strife, particularly since the national coordinator of the group, Gwendolyn Marie Patton, had been a member of an extremist group cited as an extremist group by the House Committee on Un-American Activities. The Black Panther Party and other revolutionary-type organizations attempted to organize and penetrate black student groups such as this.

(2) The Center for Black Education (CBE) came under investigation when its founder was determined to be a former member of the Black Panther Party and described as one of the leading black militants in San Francisco prior to his move to Washington, D. C. CBE has been publicly described as an educational institution designed to train technicians who will work to liberate the African people and develop the African world. The CBE has as its goal "the independence of the African People." Members have engaged in firearms training.

(3) The Drum and Spear Bookstore (DSB) in Washington, D. C., opened in 1968 and was publicly described as a retail bookstore having the largest collection of books about Africa, Asia, and the Negro in America. It also had protest literature and books concerning the socio-economic conditions in the U. S. It was determined through investigation that the bookstore was apparently not being used as a front for underground or subversive activity and investigation was closed.

(4) The Congress of African Peoples (CAP) was formed in 1970. It initially advocated the unification of all blacks, the complete rejection of the "white imperialist, capitalist system," the establishment of a black nation, the formation of a National African Party and ultimately a World African Party under the revolutionary ideology of Pan-Africanism.

During a CAP conference in July, 1971, CAP leaders vociferously advocated the need to engage in disruptions as a means of ending "acts detrimental to blacks," the formation of a paramilitary "defense unit," and the establishment of communication lines with other black revolutionary movements abroad. The CAP has established communication links with the Chinese communist diplomatic establishment in Canada.

INTELLIGENCE INVESTIGATIONS AND CIVIL LIBERTY

One of the biggest distinctions between the criminal and security-type investigations is the fact that national security investigations, which involved the ideological factor, are almost without exception concerned with the concept of political ideology. No matter how radical the political ideology might be, it is nevertheless considered by the people involved - and often by many intellectual idealists - as a right guaranteed under the Constitution. As a result of a great deal of liberal thinking on the part of the civil libertarians and groups such as the American Civil Liberties Union (ACLU), there is a much greater hue and cry when intelligence-type investigations are surfaced and it developed that the purpose of the investigation had something to do with an individual's so-called political beliefs. The potential problem for the FBI in conducting purely intelligence-type investigations, even when based on statutes, is when the investigation broaches or gets real close to rights protected under the First and Fourth Amendments.

As pointed out before, however, the Supreme Court has emphatically stated that the President has no constitutional power to abridge these two Amendments. Therefore, no Executive order, no matter how broadly worded to convey investigative authority for intelligence-type investigations, could enable the FBI to avoid the same pitfalls regarding areas of activity covered by the First and Fourth Amendments. Therefore, even though a definitive Executive order would be desirable from the standpoint of fixing our responsibilities and bridging any gaps between statute and Executive necessity, the FBI would still be in a little better position than it is at the present time under purely statutory authority.

INTERPRETATION OF AUTHORITY BY SUBSTANTIVE SECTIONS

At this point it appears appropriate to introduce comments offered by representatives of the various substantive Sections of the Domestic Intelligence Division as to their interpretation of Executive power flowing from the 1939 et seq, directives and the types of investigative matters that possibly cannot be conducted solely under statutory authority.

EXTREMIST INTELLIGENCE SECTION VIEWS

The Extremist Intelligence Section described four investigative matters where it appears that investigation, at least initially, would not or could not have been grounded in specific Federal statutes, but where the FBI nevertheless was in a sense fulfilling intelligence responsibility tracing its

COMMENT - REBUTTAL

It is believed that in at least three of the above-described situations the FBI would have been able to conduct investigatons based on statutes relating to advocacy of overthrow of the Government, seditious conspiracy, inciting to insurrection or rebellion, civil disorders, antiriot, neutrality laws (foreign relations) and perhaps sabotage. The questionable case, the Drum and Spear Bookstore, would have probably been brought adequately to our attention from various public sources or through our informant coverage of overall matters affecting the national security.

NATIONALITIES INTELLIGENCE SECTION VIEWS

The Nationalities Intelligence Section listed four situations wherein, generally speaking, much of the FBI's investigative activity has not been based on statutory authority, but has been designed to develop intelligence data regarding individuals and organizations which have established themselves as a potential threat to the security and safety of the United States Government or its citizens. Listed are the following:

(1) The Jewish Defense League (JDL). Although involved in terror-type bombings covered by statute, FBI investigation of JDL is also developing information regarding future plans and activities, particularly violent acts against Soviet diplomats and diplomatic establishments and pro-Soviet groups and individuals. In the case of JDL, Department of State has a specific interest from the standpoint of U.S. relations with other countries. Certain of our intelligence-type investigations of JDL are aimed at satisfying State Department requirements.

(2) Al Fatah and Popular Front for the Liberation of Palestine are two organizations that are well known for violence potential. In light of statements and actions of members and leaders, it is obvious that the FBI should conduct intelligence investigations when these organizations are active in the U.S.

(3) Revolutionary Union and Venceremos Organization are two groups which adhere to a pro-Chinese communist political philosophy and pledge overt action through use of weapons to bring about revolution in this country. With this in mind, we have undertaken intelligence-type investigations to identify those involved who may be responsible for carrying out violence directed against the U. S. Government or the citizens of this country.

(4) Puerto Rican independence groups, specifically those who seek to bring about independent status for Puerto Rico by means of force and violence, are the subject of intelligence-type investigations. No groups seeking independence of Puerto Rico by lawful means are investigated. The violence-prone groups have committed acts ranging from attempted assassination of the President, accompanied by murder, to acts of terrorism involving bombing, arson, and shootings. Much of the violence-prone groups' activity is planned in communist Cuba. Many of the leaders of the violent pro-independence groups are communists or followers of Leninist-Marxist philosophy.

Nationalities Intelligence Section is of the opinion that the aims and activities of the above-mentioned groups and similar organizations border on statutory violations; that while we do not rely on statutory prohibitions for authority to investigate them, it must be recognized that the reason investigations are initiated closely approaches the elements involved in conspiracy violations. Nationalities Intelligence Section opines that if we must look toward actual written authority for this kind of investigation, it appears we must rely on the Executive order (directive?) dated September 6, 1939, and subsequent reaffirmations of that order, noting that the 1939 directive and later supporting directives were published at a time when this country was involved in armed hostilities abroad.

Nationalities Intelligence Section observed that it appears necessary at this time to seek a properly worded Executive order which clearly sets forth the desires of the President in his capacity as the chief administrator of our country. Such an order should carefully distinguish between acts which are clearly opposed to the constitutional basis under which we operate and those which, no matter how unpopular, are nothing more than an expression of ideas. Finally, Nationalities Intelligence suggests that detailed guidelines from the Attorney General should be issued, based on the Executive order or directive.

COMMENT - REBUTTAL

While I agree completely with the suggestion that a detailed Presidential order is needed, along with guildelines issued by the Attorney General, I disagree that we cannot investigate the violence-prone Puerto Ricans and the Revolutionary Union and its spin-off, the Venceremos Organization, under existing statutes. I feel also that all we need to cover the JDL and the Arab terrorists like a blanket is a request from the Secretary of State to the Attorney General under the statutory authority relating to foreign relations which has previously been described herein and in accordance with Title 28, USC 533, set forth in the exhibit accompanying this study. Some additional authority is also present, at least for the time being, in Executive Order 10450 (based on Executive Order 9835). Additionally, there is authority, particularly with respect to JDL, under statute having to do with assaulting foreign diplomats.

INTERNAL SECURITY SECTION VIEWS

The Internal Security Section pointed out that the security investigations supervised within that Section are conducted within the purview of authority set out in original position paper of the Domestic Intelligence Divison dated May 19, 1972, entitled "Investigations of Subversion," which paper was to have been discussed during meeting of the Bureau's Executive Staff with Mr. Gray at Quantico the last week of May. The position paper was abandoned by Mr. Miller in favor of a different position, the essence of which has been expressed heretofore in this study.

The authority referred to by Internal Security Section essentially is based on both statutory and Presidential documents, including the 1939, et seq, directives. Internal Security pointed out that it should be stated at the outset that while FBI investigations conducted with specific reference to a statute will develop some intelligence it is not possible to base all FBI activities in the collection of intelligence on statutory authority alone. Internal Security further points out that it is true that the initial Presidential directive(s) of 1939 picked up the term "subversive activities" as incidental to their primary thrust, but that it is just as true that President Truman's directive of July 24, 1950, however intentional or unintentional it may have been specifically stated, said that the FBI had charge of investigative work in matters relating to espionage, sabotage, subversive activities and related matters. Internal Security feels that whether or not the initial Presidential directives fully embraced the concept of subversive activities would appear irrelevant after such a definitive order signed by Truman. Internal Security Section is of the opinion that whether we had it spelled out beforehand is unimportant because obviously Truman's order of July 24, 1950, made our investigative interest in subversive activities valid at that time.

COMMENT - REBUTTAL

Without going into detailed rebuttal here, the Truman directive is discussed in detail heretofore, it must be reiterated that Truman's directive contained a misstatement of fact concerning the previous directives, and I feel that under the magnification of a critical analysis of the Truman directive, particularly by individuals unsympathetic to the FBI, we cannot glibly state that whatever the intention or unintention may have been, Truman signed the order and therefore it made everything fine.

VIEWS CONTINUED

The Internal Security Section believes that reliance on statutory authority alone for the collection of intelligence would severely limit the scope of FBI activities to the detriment of our national security. They feel that a statutory basis must impose reasonable and definable limits and for the most part investigations conducted with regard to statute are "closed end" type. Internal Security points out that we investigate violations or allegations of violations; that we do not investigate indefinitely on the supposition or speculation that by "fishing" we may find somebody who violates a Federal law. Internal Security notes that such a concept is repugnant to the democratic process and clearly indicates a police state mentality. They go on to point out that on the other hand it is also clear that there are some areas -- particularly where the integrity of the Government is at stake -- where we must conduct intelligence-type investigations to detect conspiracies and actual attempts which go to the very heart of the Government's existence.

COMMENT - REBUTTAL

Here, again, I must interject with a point of rebuttal. As pointed out before, I feel that investigation under statutory or other legal authority does not require the so-called "closed end" type of investigation in every case. But the most important point I want to bring out is that I cannot see the logic of saying that investigations based on the possibility of violations to destroy the Government (intelligence investigations actually) are repugnant to the democratic process when performed under statutes forbidding such activity and are indicative of a police state mentality, whereas there is nothing repugnant, nothing wrong with conduct the same type of investigations under some nonspecific Presidential power to protect the integrity of the Government. I personally, as a citizen, would rather have a system wherein I could not be investigated unless there was some indication that I was planning to violate the law, or had already done so. As a law-abiding citizen I have no fear of intelligence-type investigations aimed at discovering plots to violate the law. I would have fear of a government system which permitted intelligence investigations based on someone's - anyone's, Presidential or otherwise - interpretation of what an individual may say, do or think. The law is a guideline and states clearly what I may do or not do. Vague interpretations subject to the caprices of undisciplined politicians could result in a virtual police state if the law is not the basis of our investigative activity.

VIEWS CONTINUED

Internal Security Section recognizes that our investigations are conducted under both the authority conferred under Executive orders (10450) and statutes and notes that as a practical matter the statutory provisions cited as a basis for intelligence-type investigative authority must bear a reasonable relationship to the activity investigated and must be brought to a logical conclusion within a reasonable period of time. They also point out that it would be extremely difficult to justify continued investigative interest in a mere member of the Communist Party on the basis of the Smith Act or the Internal Security Act of 1950. It is further pointed out that this points up again the necessity for reliance not only on statutory authority but for the broader intelligence-type authority conferred by Presidentail directives and Executive orders.

REVOLUTIONARY ACTIVITIES SECTION VIEWS

The Revolutionary Activities Section furnished several specific examples of work of that Section which does not fall within the purview of existing Federal statutes. Included in those examples are the following:

(1) Students for a Democratic Society/Worker Student Alliance (SDS/WSA) is the largest faction of SDS in existence at the present time. It has an estimated membership of 750 members. This group is described as a revolutionary, predominantly campus-based organization dominated and controlled by the communist Progressive Labor Party. The group has engaged in recent widespread anti-Government demonstrations throughout the country which have led to numerous arrests, property damage, and injuries to law enforcement officers. Major purpose of our investigation of SDS/WSA is to obtain intelligence data in order to have a day-to-day appraisal of the strength, dangerousness, and activities of the organization and to keep the Department of Justice and other interested agencies advised.

Revolutionary Activities Section states that authority for investigation of SDS/WSA is based on Executive Order 10450, but that additional authority is derived from Presidential directives dating from September 6, 1939, 28 Code of Federal Regulations 0.85 (d) cites FBI authority to carry out Presidential directives. They also note that "inherent" responsibility of the President derived from the Constitution to "insure domestic tranquility," (Preamble) to "take care that the laws be faithfully executed," (Article II, Section 3) and to protect the states against invasion and domestic violence (Article IV, Section 4) provide power to the President.

(2) The Socialist Workers Party (SWP) is the international Trotskyist movement founded in the 1920's when Leon Trotsky lost out in a power struggle to Joseph Stalin for control of the international communist movement. The basic philosophy of the SWP is that only violent revolution can destroy capitalism; that all political groups other than their own are counterrevolutionary and must be destroyed. We rely on Executive Order 10450 for investigative authority.

(3) The Venceremos Brigade consists of a loosely knit group of over 1500 individuals who have travelled to Cuba in separate contingents since November, 1969. Positive information has been developed that the organization is being used by various hostile intelligence services for spotting purposes and recruitment of intelligence agents and support personnel. The group is under investigation because it appears to be under the control and domination of a hostile power.

Revolutionary Activities Section states that Presidential directives (supposedly the 1939, et seq directives) have given the FBI responsibility to investigate matters relating to the internal security of the country. They point out that after the first contingent returned to the U.S. in February, 1970, the White House (nonspecific) instructed the Director to conduct an intensive investigation of the group to determine the extent of indoctrination afforded these individuals while in Cuba and to assess their potential dangerousness to the country. In addition, the Department of Justice has requested information to support indicia that members of various contingents have been trained as espionage and intelligence agents for the Cubans and North Koreans and may be operating as such in the U.S.

(4) Vietnam Veterans Against the War (VVAW) is a revoluationary antiwar group currently of major concern in view of its potential for violence. The organization is made up of many Vietnam war veterans who have advanced training in explosives and weapons and many have records of narcotics use. One VVAW national coordinator stockpiled arms and ammunition and advocated "political elimination squads." Revolutionary Activities Section relies on the Presidential directives (1939 et seq) and Executive Order 10450 as a basis for investigation in the absence of specific statutory authority.

(5) Weatherman is the name adopted by a group which is a revolutionary Marxist-Leninist organization dedicated to the overthrow of the Government through force and violence. A number of Weatherman leaders are current Bureau fugitives in connection with violations of Federal antiriot laws, Bombing and Gun Law statutes, as well as the Fugitive Felon Act. Revolutionary Activities Section cites as specific authority for investigation

of the Weatherman organization that Presidential directives have instructed the FBI to take charge of investigative work relating to espionage, sabotage and subversive activities and that Executive Order 10450 provides additional authority.

(6) Unaffiliated individuals who are a part of the New Left Movement. Revolutionary Activities Section notes that although the New Left Movement has no definable ideology of its own, it does have strong Marxist, existentialist, nihilist and anarchist overtones. In some instances there are individuals without any organizational affiliation who by their revolutionary activities and statements, establishing a rejection of law and order, reveal the individual to be a potential threat to the security of the U.S. Such individuals do, in fact, engage in violence or unlawful activities and their potential dangerousness to the internal security is clearly demonstrated by their statements, conduct and actions. According to Revolutionary Activities Section, specific authority to conduct our investigations of unaffiliated individuals is derived from Presidential directives of September 6, 1939, through December 15, 1953.

This Section states that in all these examples there is a likelihood that evidence may be developed at some future date that activities of these organizations and individuals constitute violations of specific statutes. It is further stated that our authority to conduct investigations in these cases cannot be based on the speculation that evidence of some violation might be developed; however, until such time as we obtain a substantial allegation that a violation has occurred, we must base our "intelligence" investigations on the Presidential directives and Executive orders issued by the President delineating our responsibility in regard to national security.

COMMENT - REBUTTAL

At the risk of being monotonous, there appears to be ample indication here that a great deal of statutory authority is present, but not being cited. The Smith Act of 1940 and other statutes dealing with the national security provide the basis for investigating all of these groups. The espionage statutes serve as basis for investigating the Venceremos Brigade. Certainly the authority conveyed by Executive Order 10450 is not questioned. And in the case of the Weatherman group, the Fugitive Felon Act gives us a tremendous latitude for conducting all the intelligence investigation we may need in an effort to locate the Weatherman fugitives.

OFFICIAL RECOGNITION OF INTELLIGENCE INVESTIGATION

Although the cold facts indicate that the Presidential directives dating back to 1939 do not convey any authority to the FBI which it did not have already by legislative enactment, it is obvious that intelligence-type investigations are necessary in the protection of the national security. Various documents emphasize the necessity for developing intelligence data. For example, the report of the National Advisory Commission on Civil Disorders (Kerner Commission, 1968) emphasized that law enforcement organizations must develop the means to obtain adequate intelligence for planning purposes and that law enforcement should "gather, evaluate, analyze and disseminate information on potential as well as actual civil disorders."

Similarly, the President's Commission on Campus Unrest (1970) took special note of the need for intelligence in effective law enforcement. The Commission stated in its report, "It is an undoubted fact that on some campuses there are men and women who plot, all too often successfully, to burn and bomb, and sometimes to maim and kill." The report concluded that the best, and sometimes the only, means law enforcement has to thwart or prevent such plots is through "clandestine intelligence work."

A memorandum for the Director of the FBI from Attorney General Ramsey Clark, dated September 14, 1967, stated that "In view of the seriousness of the riot activity across the country, it is most important that you use the maximum available resources, investigative and intelligence, to collect and report all facts bearing on the question as to whether there has been or is a scheme or conspiracy by any group of whatever size, effectiveness, or affiliation, to plan, promote or aggravate riot activity."

The memorandum went on to state that "In this connection the following federal statutes could be applicable depending, of course, upon the factual situation that develops." Ten Federal statutes were then listed and it is particularly significant to note that the Attorney General was instructing that the FBI collect intelligence information - not on some specific allegation that a crime had been committed, but to determine whether there has been or is a scheme or conspiracy. In other words, the FBI was instructed by the Attorney General to conduct intelligence investigations to determine if any of the ten Federal laws might have been violated in connection with riot activity.

FORMER STUDY OF FBI'S INVESTIGATIVE RESPONSIBILITIES

In an exhaustive study of the "role of the FBI in Clandestine Foreign Intelligence Collection in the United States," conducted and reported in a document dated April 29, 1966, by a committee more commonly referred to as the "Papich Committee" considerable information was brought out concerning the FBI's investigative authority. Of great interest is the impact the National Security Act of 1947 had on the gathering of intelligence in the United States. This Act, which is reported in 50 USC 401 et seq, established the National Security Council (NSC) and under it the Centeral Intelligence Agency (CIA). The legislative history of the Act notes the concern Congress had that CIA could develop into a gestapo if permitted to become operational in the U.S. James Forestal, then Secretary of the Navy, testified in a hearing before the Committee on Expenditures in the Executive Departments, that "The purposes of the Central Intelligence Agency are limited definitely to purposes outside of this country, except collation of information gathered by other government agencies."

He went on to say, "Regarding domestic operations, the Federal Bureau of Investigation is working at all times in collaboration with General Vandenberg (then head of CIA). He relies upon them for domestic activities." The Papich Committee study noted that there is tacit acknowledgement in Section 403 (e) of the National Security Act of 1947 that the FBI gathers information affecting the national security: "That upon the written request of the Director of the Central Intelligence Agency, the Director of the FBI shall make available to the Director of Central Intelligence such information for correlation, evaluation, and dissemination as may be essential to the national security."

The Papich Committee report reveals that there is ample indication that Congress was aware of FBI intelligence functions, particularly with respect to foreign intelligence activity in the U.S. The Executive Branch was obviously depending on the FBI to provide intelligence data which CIA, by law, could not collect in the U.S. A task force headed by General Mark Clark in 1955 took notice of the fact that the FBI dealt in security intelligence. The task force report cited the fact that the FBI was one of four members of the Interdepartmental Intelligence Conference (IIC), created by the National Secuirty Council, approved by the President, March 23, 1949, to coordinate "the investigation of all domestic espionage, counterespionage, sabotage, subversion, and other related matters affecting internal security."

It was noted that the IIC charter did not disturb responsibilities of its member agencies but made mandatory action by those agencies deemed necessary to insure complete investigative coverage in compliance with the needs of the IIC, which had full responsiblity for coordination of the investigation of all domestic espionage, counterespionage, etc., affecting internal security.

The task force mentioned above, in commenting on the role of the FBI, noted "The Federal Bureau of Investigation, however, is the recognized center of the domestic aspect of internal security including counterintelligence within the United States and its possessions." It is to be noted that this task force took cognizance of the fact that President Roosevelt as far back as 1939 had directed the FBI to coordinate and conduct domestic counterintelligence activities. (Underlined part taken from Papich Committee report and is not necessarily the actual language used in the task force report. In any event, we know this is a very broad interpretation of the 1939 directive.)

RECENT EXECUTIVE INTENT

Even more recently the White House exhibited its own understanding of the intelligence role and functions delegated to the Attorney General and the FBI. By confidential memorandum from the White House to the Secretaries of State, Defense, Treasury and Commerce; the Attorney General; Director of CIA; Military Representative of the President; Administrator, Federal Aviation Agency; and Chairman, Atomic Energy Commission, dated June 9, 1962 (National Security Action Memorandum 161), President Kennedy stated that he would look to the Attorney General to take the initiative in the Government in insuring the development of plans, programs, and action proposals to protect the internal security of the United States. This memorandum directed that the two interdepartmental committees concerned with internal security -- the Interdepartmental Intelligence Conference (Chaired by J. Edgar Hoover) and the Interdepartmental Committee on Internal Security (Chaired by a representative of the Department of Justice) which had been under the supervision of the National Security Council, be transferred to the supervision of the Attorney General.

One of the greatest problems in conducting a study of this type is the location of pertinent documents and material which bear on the issues. We have located copies of the documents related primarily to the heart of this issue, our basic authority in the national security field - namely, the Presidential directives and Executive orders which we have cited in addition to statutes as being our sources of authority - but there may be other very pertinent documents bearing on the Executive intent to have the FBI conduct intelligence-type investigations. A good example is evidence used by the Papich Committee, but not found during this study, which shows that President Roosevelt called a White House conference on May 9, 1934, attended by the Attorney General, Secretary of Treasury, Secretary of Labor, Director of FBI, and Chief of the U. S. Secret Service to deal with the problem of growth of fascist organizations in the United States. The conference agreed that there should be an investigation of these groups and their activities for intelligence purposes. Since the only Federal law believed applicable at the time was the Immigration Law, the President decided that the Commissioner of Immigration and Naturalization Service should confer with the Chief of Secret Service and the Director of FBI to work out details of the investigation.

Mr. Hoover immediately issued orders to FBI personnel to conduct an intensive investigation of the Nazi movement. This, evidently, was the first general intelligence investigation made by the Government into fascist activities in this country. But note that this general intelligence investigation was based in law, namely the Immigration Law. We have here an example of the exercise of inherent Executive power tempered by the fact that the Presidential desire for intelligence investigations would be implemented because there was a statute covering the situation. Basically, the same applies to the 1936 arrangement between the President, the Director of the FBI and the Secretary of State. The law permitting the Secretary of State to request the Attorney General to investigate certain matters was the legal basis for the subsequent FBI investigations.

CONCLUSIONS

In summary and conclusion, it is believed that the facts clearly show that while there is a labyrinth of conflicting information and opinions concerning the FBI's authority to conduct intelligence-type investigations in the national security field, there are a few basic points requiring clarification. It is believed that we must first sweep away the myth that the FBI now has any investigative authority based on the Presidential directives dating from 1939, and that any investigative responsibility we derived from those directives is so outdated as to be very questionable if not entirely void. This is, of course, taking into consideration the national situation at the time the directives were individually issued.

Secondly, it is believed that the FBI does have a valid reason to conduct intelligence-type investigations based on the fact that there are laws prohibiting all the various types of subversion truly affecting the national security and that the Government has the right to protect itself from destruction by conducting whatever preventive or intelligence-type investigations are necessary to see that individuals and organizations do not do those things, in violation of the law, which could threaten the national security. Preventive or intelligence-type investigations would include the use of confidential informants and sources of information, the calling on law enforcement officers and patriotic citizens and organizations to furnish all information concerning subversion to the FBI, the collection of overt intelligence data from publications and other public source material, including congressional hearings, and the full scale investigation of allegations received from all sources.

Our intelligence-type investigations, however, should meticulously adhere to guidelines which would clearly prohibit any intrusion or abridgement of an individual's rights guaranteed under the Constitution, particularly the First, Fourth and Fifth Amendments. To assure that the proper guidelines are drawn we should request the Department of Justice to issue them and then afford the closest possible supervision of investigation, both in the field and at Headquarters to see that our intelligence investigations are kept within these guidelines. The voicing of this need does not indict our existing guidelines or careful supervision, but merely recommends that our responsibilities be described and, where necessary, circumscribed by the Attorney General whose duty under the law is to supervise our activity.

It appears that the most effective means of laying to rest the persistent complaints of various critics that the FBI engages in political surveillance (investigations) in violation of First and Fourth Amendment rights is to have definitive legislative enactment carefully state what the FBI must do to protect the national security. Such could be resolution or statute, but should cover in complete detail what acts should be investigated by the FBI, and, in particular, that the FBI must conduct preventive or intelligence-type investigations to protect the national security.

Under the political climate existing in the country today, however, the passage of either a statute or a resolution of the type needed is very remote. Because of the misconceptions and misapprehensions surrounding investigations relating to subversion, there is an atmosphere of suspicion in congressional circles that would likely stifle any attempt to formulate any such legislation at this time. We should, however, recommend to the Department that consideration be given immediately to sponsoring some comprehensive legislative enactment along the lines needed.

In the meantime, for the benefit of the FBI, the Department of Justice and the rest of the Executive Branch of Government, including the staff at the White House, it appears that the next best thing is to have a comprehensive Executive order issued, under the inherent Executive power, outlining exactly what responsibilities the FBI has in the protection of the national security and in furnishing the President the data he needs to fulfill his responsibilities under the Constitution.

To be effective such Executive order would have to clearly define the FBI's intelligence collection responsibilities and would necessarily have to contain language which would satisfy the courts that First and Fourth Amendment rights are not being abrogated in any manner. Language in such an order would ideally follow the basic language and purposes of Executive Order 11605, since this deals with virtually every type of subversive activity confronting the country today.

It is finally concluded that this study has shown that the FBI has in the past conducted no intelligence-type investigations which were not permissible under the law, particularly under the concept that intelligence-type or preventive-type investigations are lawful when the product and purpose of the investigation is to prevent a violation of a statute. It is believed, however, that every area of our national security investigations should be reviewed for the purpose of determining what additional constitutional safeguards should be considered. This is particularly true in light of the fact that much of our investigative activity in the past was geared to the Emergency Detention Act, which was repealed in October, 1971. We should make absolutely certain, for example, that the procedures adopted in setting up our Administrative Index, following repeal of the Emergency Detention Act, are not being used to circumvent the repeal of the Emergency Detention Act. In this regard, it is to be noted that a detailed study of the Administrative Index has been underway and is almost complete as of this date.

RECOMMENDATIONS

1. That upon completion of a final draft of the study dealing with this matter, a letter to the Department be prepared containing the essence of this study, pointing out our findings and requesting (a) The Department's opinion concerning our findings, particularly directives discussed herein; (b) The Department's opinion concerning the legality of intelligence-type or preventive-type investigations based on existing statutes; (c) Requesting the Department to issue comprehensive investigative guidelines for future investigations of the intelligence or preventive type; (d) Requesting the Department to sponsor comprehensive legislation spelling out the FBI's investigative authority in the collection of intelligence information relating to the national security; and (e) Requesting the Department to seek a comprehensive Executive order which would cover any possible gaps between statutory authority and Executive necessity in protection of the national security.

2. That a penetrative study be completed at the earliest possible date concerning all our current national security investigative guidelines to insure that every possible safeguard is in effect to protect the individual's rights

protected by the constitution; that the current study of procedures relating to the Administrative Index specifically determine if any procedures are in effect which could be interpreted as a means to circumvent repeal of the Emergency Detention Act.

This memorandum recommends that Bureau space be provided Senate Select Committee (SSC) Staff for review of Bureau material and interviews of Bureau employees.

SSC Staff is in a phase of its inquiry concerning Bureau operations which includes (1) review of considerable FBI material (sections of manuals, forms, SAC memoranda, etc.); (2) interviews of Bureau employees; and (3) briefing of Staff members by Bureau officials and supervisors. For many very sound reasons it would be to the Bureau's distinct advantage to provide limited, but suitable space within the J. Edgar Hoover Building to the SSC Staff. Because we have been able to obtain the Staff's agreement to review much of our material at FBIHQ, rather than its insistence on turning the material over to the Staff, we are in a position of insuring the security of our material by maintaining it in our space at all times. Also, by having the SSC Staff conduct its review of the material in our space, we can have personnel readily available to answer their inquiries, thus precluding the necessity for preparing otherwise needless correspondence and eliminating the necessity for having our personnel present throughout their reviews if they took place elsewhere. Further, from a psychological standpoint, it is to our advantage that our employees be interviewed in our space rather than in SSC offices. Finally, space made available to SSC Staff will also provide a desirable site for the various briefings our people are giving to them. It should be noted that the providing of the space which this memorandum recommends is similar to what we have already done for the General Accounting Office in connection with its audit of our operations.

Re: Senstudy 75
62-116395

Handled 6/20/75 Jee

Space required should be sufficient to accommodate three desks and three chairs plus two or three file cabinets; and including the necessary desks, chairs and cabinets. Space should approximate that currently used to accommodate Section Chief's offices in the INTD.

Because the SSC Staff has already commenced some of its review of Bureau material and has already engaged in some briefings, it is essential that urgent attention be given this request. INTD has already surveyed its space and would be unable to accommodate the need involved.

ACTION:

Upon approval, Administrative Division will immediately take necessary steps to provide for the necessary space and equipment described above.

WRW

Div 5 has located space in their area. Work to be added by GSA
6/11/75

We have initiated space survey to see if there is any space at all we could free up for this purpose.

This memorandum reports the results of a meeting* between Mr. John Elliff, Senate Select Committee (SSC) Staff, who is in charge of the task force looking into the FBI, and Messrs. Wannall, Leavitt, Branigan, and Cregar. Purpose of the meeting was to acquaint Elliff with the work of the Counterintelligence Branch in the Intelligence Division.

House Select Committee (HSC)

Elliff advised that the SSC is concerned with how the HSC plans to conduct its probe of the intelligence community. He anticipates HSC may hold hearings very shortly and possibly prior to the time the SSC gets underway. At the present time, Elliff knows of no agreement or plans to provide the HSC with copies of intelligence community documents the SSC has been furnished.

Department of Justice

According to Elliff, Kevin T. Maroney, Deputy Assistant Attorney General, Criminal Division, has agreed to allow Staff Members of the SSC to review the Department's file on the Intelligence Evaluation Committee (this was a Committee chaired by the Department and evolved from one of the recommendations set out in the "Houston Plan." During its existence the Bureau had several representatives assigned to the IEC).

Mr. Maroney has also advised the SSC Staff that in the 1966-67 period the Department of Justice did an extensive study on the legal authority for the conduct of electronic surveillances. Elliff was quite pleased that the Justice Department planned to make this study available for review by Staff Members of the SSC in the Department's Building and expressed the hope that the Bureau would also see fit to allow Staff Members to review research and studies the Bureau might have conducted in the area of sensitive investigative techniques.

Sensitive Investigative Techniques

Mr. Elliff felt that much could be accomplished in responding to the SSC request of 5/14/75 if the Bureau could pull together the basic FBI documents delineating our legal authority to engage in the following investigative techniques.

(1) Electronic surveillances, including consensual electronic surveillances; (2) all forms of mail surveillances including covers and openings; (3) physical surveillances including Special Agent (SA) infiltration of target groups; photography and remote viewing and sensing devices (laser beams); (4) surreptitious entries; (5) incommunicado interrogations; and (6) bank credit, and other personal information.

It was Elliff's opinion that if the Committee could be allowed to review the legal authority for such surveillances along with the documents showing how the decision-making process worked in instituting, approving and discontinuing such operations, much of the misunderstandings some members of the Committee have would be clarified. Elliff also felt a detailed briefing of the Committee with whatever limitations the Bureau desired to place on the number and level of those to be briefed would be extremely helpful in assisting the Committee in developing some authority for the FBI to legally engage in such sensitive activities in the future.

Three Top Priority Items of the SSC

Elliff advised that in his judgment the three top priority items of the SSC regarding the FBI are as follows. (1) Develop legislation to clearly delineate the Bureau's jurisdictional authority in the security and counterintelligence field. (2) Provide the Bureau with some authoritative basis, either statutory or otherwise, to engage in certain counterintelligence activities, i.e., surreptitious entry, electronic surveillances, incommunicado interviews, in national security cases when the need for such activity has been clearly established. (3) To improve the coordination between the FBI and the rest of the intelligence community.

Elliff was questioned about the reason for the third priority. He responded by noting that one President (Nixon) had stated that in 1970 there was a breakdown in the relations between the FBI and the rest of the intelligence community. Elliff was informed that this was not so, that the discontinuance of a formal liaison relationship with Central Intelligence Agency (CIA) and subsequently the rest of the intelligence community in 1970 did not mean that there was a breakdown in coordination. Elliff asked why the Bureau discontinued a formal liaison relationship with CIA in early 1970. We briefly reviewed for Elliff the Thomas Riha case pointing out that Mr. Kelley had personally caused a review of that case in an effort to determine whether it, in fact, was the reason for the discontinuance of our liaison relationship with the CIA. Elliff was informed that this was the case. In addition, we discussed with Elliff the 1966 understanding between CIA and the FBI and made it quite clear to him that we felt the relationship with not only CIA but the entire intelligence community was excellent.

Other Matters of Interest

During the course of the briefing, Elliff was shown charts depicting the inordinate increase of Sino-Soviet bloc official presence in the U. S. from 1959 through January, 1975, the growth of the presence of foreign hostile intelligence officials in the U. S. during this same period compared with the static number of SAs we had working against this threat during this same period. Elliff was concerned over the fact that the presence of Sino-Soviet bloc officials as well as the intelligence officers increased substantially while the number of SAs dedicated to counterintelligence investigations remained static. He wondered why this was so. Elliff was advised that it was a question of manpower and priorities. He was told that during the 1959-1975 period there was a considerable demand for the use of SA personnel in the fields of organized crime, civil rights, & ghetto riots. In addition, during that period of time additional investigative responsibilities were placed upon the FBI by virtue of new legislation.

SECRET

Memorandum to Mr. W. R. Wannall
RE: SENSTUDY 75
62-116395

Elliff was also interested in knowing whether our legal attaches were operational in the counterintelligence field. He was advised they were not. Elliff also asked whether CIA made available to the FBI their latest technical developments. He was advised that we believed they did.

Finally, Elliff desired to know whether the FBI had received any documents from another Government agency (CIA) wherein the Bureau was requested to surreptitiously enter the Chilean Embassy in Washington, D. C. (S) He was advised that this would have to be researched and that we would be in touch with him on this particular subject.

RECOMMENDATIONS:

(1) We have already begun to examine the material asked for regarding the FBI's legal authority and implication of sensitive investigative techniques. Once examined and analyzed, we will submit recommendations as to how we should proceed taking into consideration the observations and suggestions of Elliff.

(2) We are pulling together the documents regarding the Chilean Embassy episode (S) and with approval will suggest Elliff submit his specific request in writing through the AG.

Elliff advised by SA Daly 6/16/75 wob

1 - Mr. T. J. McNiff

SUBJECT: SENATE SELECT COMMITTEE

Reference is made to memorandum from Office of Legal Counsel to Mr. J. B. Adams, dated June 10, 1975, captioned as above, (copy attached) wherein it was recommended and approved that representatives of the Intelligence Division meet with Mr. K. William O'Connor, Special Counsel for Intelligence Coordination, Office of the Deputy Attorney General, for the purpose of briefing him concerning the contents of a Bureau letter to Mr. George P. Williams, Associate Counsel to the President at the White House, dated July 23, 1974, captioned "Electronic Coverage Placed at the Request of the White House."

By way of background, the Senate Select Committee (SSC) has requested certain documents and information relating to the so-called "Kissinger 17." Some of this information has already been prepared and furnished to O'Connor with the caveats that the Government has not publicly admitted to 15 of the coverages involved and some material relating to the remaining two has been impounded by court order due to pending civil suits. The decision was left to the Department as to whether or not material prepared in response to SSC requests should be made available to that Committee. Mr. O'Connor on June 9, 1975, requested of Assistant Director John Mintz a briefing as to the contents of the above July 23, 1974, letter which he believed summarized information available to the Bureau concerning the 17 wire taps.

On June 17, 1975, Special Agents John W. Dalseg and Thomas J. McNiff met with Mr. William O'Connor and the latter's assistant, Michael T. Shaheen, in the office of Mr. O'Connor. After a briefing on the contents of the July 23, 1974, letter Mr. O'Connor concluded that information contained in that letter and its enclosures is too sketchy to enable a knowledgeable determination be made as to whether or not requested material should be released to SSC. Mr. O'Connor stated he believed such a determination could only be made after a review of the entire file relating to the

"Kissinger 17" and he stated his office would, in the near future, prepare a letter to the Director similarly requesting that Mr. Shaheen or some other designated representative of his staff be granted authority to review the Bureau file concerning the matter in question.

OBSERVATIONS:

During the above conversation Mr. O'Connor appeared to be primarily interested in the completeness of the Bureau file with regard to matters relating to the "Kissinger 17" and to what degree information in this file had been made public. It was explained to Mr. O'Connor, who appeared knowledgeable concerning the history of these documents, that this file contains all communications known to be in existence concerning the "Kissinger 17," but no one can state with certainty, due to the manner in which this material was handled at the specific request of the White House, that the file contains all communications prepared in this matter. With regard to publicity afforded these documents, Mr. O'Connor stated he is familiar with the documents which had been made available to the Department for referral to various Committees and he is familiar with excised versions of these documents which had been published by these Committees. He indicated that the Department's present problem is that no record has been located in the Department to date as to just which material or in what form such material furnished by the Bureau to the Department was subsequently turned over to the Committees by the Department. O'Connor stated it could be embarrassing at this time to make available to the SSC material which had not previously been made available to the Congressional Committees and equally embarrassing to withhold from the SSC material which was previously furnished Congressional Committees.

ACTION:

None. Above submitted for information.

Ews

TJM

ADDENDUM: INTELLIGENCE DIVISION TJM:lhb 6/19/75

In anticipation of Department's request cited in instant memorandum to review Bureau files concerning the so-called "Kissinger 17," Special Agent (SA) Robert F. Peterson, Office of Legal Counsel, on 6/18/75 contacted Department Attorney Edward Christenbury, who is handling the Halperin Civil Suit, to determine if the United States District Court's (USDC) impoundment would prevent this Bureau making available this file to representatives of the Department. Christenbury, late 6/18/75, advised SA Peterson that he, Christenbury, had contacted plaintiff's (Halperin) attorney, who advised he had no objection to this file being made available to a Department representative for review. Christenbury then attempted to contact USDC Judge John Lewis Smith, who issued the impoundment order in this matter. Christenbury spoke to Judge Smith's law clerk, who advised that in view of the position taken by plaintiff's attorney, he did not believe that Judge Smith would interpose any objection to the Department's anticipated request. The law clerk stated, however, that he would contact Judge Smith at the earliest opportunity to obtain a ruling and would advise Christenbury of the results.

You will be advised of the results when received.

FROM : Legal Counsel JAM

SUBJECT: SENATE SELECT COMMITTEE

On 6/9/75, Mr. K. William O'Connor telephonically advised me that the Committee is interested in information concerning certain electronic surveillance coverage instituted at the request of the White House concerning seventeen individuals. Mr. O'Connor said that he understands that a letter was addressed to the White House by the Bureau furnishing copies of documents that summarized the information available to the Bureau concerning the alleged seventeen wiretaps. Mr. O'Connor requested that he be briefed concerning this matter in order for him to discuss the Committee's requests.

It appears that Mr. O'Connor may be referring to a letter dated July 23, 1974, that was addressed to Mr. George P. Williams, Associate Counsel to the President, at the White House. A memorandum was addressed to the Attorney General also dated July 23, 1974, captioned "Electronic Coverage Placed At The Request of the White House," which advised the Department that pursuant to the authorization of the Deputy Attorney General certain documents had been furnished to Mr. Williams at the White House.

RECOMMENDATION:

That the Intelligence Division identify the materials involved in Mr. O'Connor's request and provide him with an appropriate briefing.

DATE: 6-18-75

FROM : Legal Counsel

SUBJECT: SENSTUDY 75

By memo dated 6-10-75, you were advised that K. William O'Connor, Special Counsel for Intelligence Coordination in the Department, requested he be allowed to review a summary prepared concerning the so called "Kissinger 17" wiretaps since the Senate Select Committe had included a request for information concerning them in their letter of May 14, 1975. Mr. O'Connor and his Deputy, Michael Shaheen, reviewed the summaries.

At Mr. O'Connor's request, a conference was held with Messrs O'Connor and Shaheen and SA Robert Peterson, SA Paul V. Daly, Inspector John B. Hotis, and Assistant Director John A. Mintz, present to discuss the SSC request for documents concerning the "Kissinger 17" wiretaps and his concern that the furnishing of such documents might adversely impact on existing litigation involving the Bureau, and may subject the Bureau to additional lawsuits. Most of the documents in question are also under a protective order of the Court in the Halperin Case and therefore, a release must be orchestrated with the Court. Mr. O'Connor suggested that a summary of existing summaries of these wiretaps be prepared by the Department and with the acquiescence of the Court which issued the protective order be made available for review by the Committee in the

Department of Justice. Mr. O'Connor also mentioned that the summary would, of course, have to set forth ~~the~~ sufficient information to allow the Committee to make a determination that the information derived from these wiretaps was not used for political purposes. Mr. Mintz expressed concern that the publication or leaking of information from summaries could expand the number and nature of suits facing the Bureau and suggested the Department should, in obtaining the Court approval for making the summaries available, request the Court to issue appropriate safeguards against publication of such information. Mr. O'Connor stated that such a recommendation to the Court would be proper and that this would be done.

Mr. Mintz told Mr. O'Connor that the Bureau at this time cannot make a commitment to the making available of the summaries to the Committee without further study and approval, and an approval would be sought expeditiously. Additionally, Mr. Mintz requested that the Bureau be given the opportunity to review the summaries prepared by the Department to insure the Bureau's interests are protected.

RECOMMENDATION:

That we notify the Department that we are in agreement concerning the preparation of summaries based on existing summaries of "Kissinger 17" wiretaps with the provision that we be given the opportunity to review these summaries prior to the Department seeking Court approval for making them available.

RE: REQUEST PERTAINING TO ELECTRONIC
SURVEILLANCE

ALL INFORMATION CONTAINED
HEREIN IS UNCLASSIFIED
DATE 10-16-2000 BY SP2ALM/RP
MDR-16

Reference is made to SSC letter dated May 14, 1975, with attached appendices, requesting certain documents and other information from the FBI.

Item number 21, Appendix D, requests that with respect to each occasion on which the Director of the FBI testified before the House Appropriations Committee from 1965 until the present, the number of warrantless electronic surveillances in operation be provided for:

(a) The date of such testimony;

(b) 30 days prior to such testimony; and

(c) 30 days subsequent to such testimony.

Set forth below is the number of warrantless electronic surveillances in operation with respect to each occasion on which the Director of the FBI testified before the House Appropriations Committee from 1965 until present. Also set forth for part of 1967 and all of 1968 through 1972 are the number of such warrantless electronic surveillances in operation approximately 30 days prior to such testimony and approximately 30 days subsequent to such testimony. As a result of the manner in which our filing system is presently constituted, statistics covering the period 30 days before the Director's testimony and 30 days following his testimony for the years 1965, 1966 and part of 1967 are not available as a practical matter. Furthermore, the number in operation 30 days

SUBJECT: SENSTUDY 75

ALL INFORMATION CONTAINED HEREIN IS UNCLASSIFIED DATE 10-16-2000 BY SP2ALM/bf
MDR-16

Mark Gitenstein, staff member of captioned Committee who has been doing an extensive inquiry into the "official and confidential" files reportedly maintained in former Director Hoover's office, telephonically contacted SA Paul V. Daly 6-5-75 and requested the identities of the employees who had brought the material from the Director's office during May, 1972, to Mr. Hoover's residence and to Mr. Felt's office.

By way of background, Mr. Gitenstein has obtained through interview of Mr. Felt, former Assistant to the Director John P. Mohr, and other Bureau personnel familiar with the operations of the Director's office, considerable knowledge concerning the official and confidential files. There is also an extensive request contained in captioned Committee's letter of 5-4-75 pertaining to information surrounding these files. Additionally, we responded to a request of the Committee contained in their letter of 4-28-75 pertaining to the allegation of removal of certain material from Mr. Hoover's residence after the death of former Associate Director Clyde Tolson. We have not, at this point, determined that Bureau documents have been removed from Bureau space to Mr. Hoover's residence or any other place outside the Bureau. However, it is apparent that Mr. Gitenstein has information, or believes he has information, relating to the removal of Bureau documents.

REC-88 62-116395-269X1

Mr. Gitenstein stated he had recontacted former Assistant to the Director John P. Mohr on 6-5-75 and Mr. Mohr, in response to Mr. Gitenstein's question, stated that the identities of employees who may have brought material from the Director's office to Mr. Hoover's residence and to Mr. Felt's office subsequent to Mr. Hoover's death could be learned through an inquiry in the Mechanical Section supply room.

Buy U.S. Savings Bonds Regularly on the Payroll Savings Plan

In light of this response, Mr. Gitenstein requested that the Bureau identify the personnel involved and it is his obvious intention that the personnel will be interviewed.

Inasmuch as the Inspection Division is conducting inquiry into this matter, it would appear proper for that Division to determine the identities of such personnel and, if deemed necessary, interview in connection with the current inquiry. It is also believed that while this request is oral in nature from the Committee, we should consider furnishing the information as to the identities of employees to the Committee inasmuch as if we do not respond to the oral request Mr. Gitenstein indicated, because of the Committee's interest in this matter, there would be no problem in his obtaining authority to furnish the request in writing. It is apparent at this point that we would not be able to keep such information from the Committee if such a written request were to be received. Additionally, by responding to the oral request it will encourage the Committee, in the areas they described as "abuse-type," to give us an advance indication as to their inquiries.

RECOMMENDATION:

That the Inspection Division make the necessary inquiry concerning the identities of the employees and, if deemed advisable, make available to the Legal Analysis Office that information which will be furnished to the Committee.

U. S. SENATE SELECT COMMITTEE TO STUDY
GOVERNMENTAL OPERATIONS WITH
RESPECT TO INTELLIGENCE ACTIVITIES

RE: INTERVIEW OF RETIRED SPECIAL AGENT (SA)
CHARLES D. BRENNAN BY STAFF MEMBERS OF
THE SENATE SELECT COMMITTEE (SSC)

Set out below is information voluntarily furnished to the FBI by retired SA Charles D. Brennan following his voluntary interview by Mark Gitenstein and two other individuals whose names Brennan did not get. Gitenstein as well as the two unnamed individuals identified themselves as Staff Members of the SSC. The interview which took place in Washington, D. C., on May 22, 1975, lasted approximately two hours. Brennan was not provided with a copy of Senate Resolution 21; was not provided with a copy of the Rules of Procedure of the SSC; nor was he advised of his rights including his right to private counsel.

The interview, which was not conducted under oath, covered three specific areas: the organizational structure of the FBI; Martin Luther King, Jr.; and COINTELPRO.

With regard to the organizational structure, they asked Brennan to describe what a unit, section, and division constituted at FBI Headquarters. They showed him several copies of C. D. Brennan to W. C. Sullivan memoranda asking him about specific facts contained in these memoranda. When Brennan failed to have intimate knowledge of the memoranda, they wondered why he had such a poor memory when in fact they were memoranda from him. Brennan then proceeded to explain how such memoranda were prepared. (Memoranda are prepared in the name of the Section Chief, i.e., Brennan to the Assistant Director, i.e., Sullivan, but this does not necessarily mean that Brennan would prepare or even see the memoranda in all instances.)

SENATE SELECT COMMITTEE ON INTELLIGENCE ACTIVITIES

RE: INTERVIEW OF SA CHARLES D. BRENNAN BY SSC

With regard to Martin Luther King, Jr., Brennan advised that he got the impression from the Staff Members they felt the Bureau had an "illegitimate" interest in King. Brennan countered by saying the basis for the FBI interest in King was predicated on the communist influence surrounding King. He was asked if the Bureau employed many wiretaps against King to which he answered that most of the information obtained was derived from live informants.

Relative to the COINTELPRO, Brennan advised the Staff Members he couldn't be very specific regarding COINTELPRO inasmuch as he did not pay too much attention to it. They questioned him about this statement and Brennan stated that when you would compare COINTELPRO to such activities as the Bay of Pigs and the Glomar Explorer, COINTELPRO was "peanuts." Brennan was asked why he didn't recommend COINTELPRO be discontinued to which he replied "If City Hall wants it, you give them what they want."

NOTE: See memorandum W. O. Cregar to Mr. W. R. Wannall, captioned "Senstudy 75," dated 5/28/75, prepared by WOC:ekw.

This memorandum reports the results of a telephonic conversation with former Special Agent (SA) Charles D. Brennan and recommends that the attached letter to the Attorney General with enclosures be sent.

On the morning of 5/23/75 the Department of Justice advised Assistant Director Mintz that former SA Brennan has or was to be interviewed by Staff Members of the Senate Select Committee (SSC). On that same date I telephonically contacted Mr. Brennan to advise him that the Bureau had been alerted to the fact he was going to be interviewed by the SSC Staff and should he desire, a representative of the Bureau could be available during the interview for consultation. It was made clear to Brennan that the role of the Bureau representative would be to insure that he could consult with the representative at any time during the interview should the line of inquiry reveal; the identity of sensitive FBI sources, methods or sensitive investigative techniques; information derived from third agencies or friendly foreign intelligence services; or any information which Brennan felt could adversely affect sensitive ongoing FBI investigations.

Brennan then changed the conversation to personal chit chat. At what appeared to be the conclusion of the conversation Cregar asked Brennan if he had been contacted by the SSC Staff. Brennan advised that he had received a telephone call earlier in the week inviting him to an interview in Washington, D. C., and in fact was interviewed on 5/22 by SSC Staff Members Mark Gitenstein and two others whose names Brennan did not get.

Brennan showed some concern over the fact that the Staff had invited him to be interviewed earlier in the week but only notified the Department subsequent to his interview. (At the outset of the conversation with Brennan, I had advised him that the SSC had informed the Department which in turn informed the

Bureau that he was to be interviewed). Brennan stated he was not furnished a copy of the Senate Resolution or its Rules of Procedures and was not advised of his rights or the fact that he could be represented by counsel. He was not put under oath, and was not given any indication as to the scope of the interview prior to his appearance in Washington. In response to a question by Cregar as to what areas the interview covered, Brennan stated the interview covered three specific topics. (1) The organizational structure of the Bureau; (2) Martin Luther King, Jr.; (3) the COINTELPRO.

With regard to the organizational structure Brennan advised that the Staff Members appear to have little understanding as to the way the Bureau was structured. He stated they had no appreciation of what a unit, section, or division was comprised of. They showed him several copies of memoranda from (Brennan to Sullivan) and proceeded to ask him about the contents of these memoranda. When Brennan was unable to describe the background or details surrounding a specific memorandum, they voiced wonderment as to why he had such little recollection about a memorandum he apparently wrote. Brennan advised the Staff Members that just because the memorandum was written from him to Sullivan did not mean that he necessarily wrote the memorandum or even saw it.

In respecttto Martin Luther King, Jr., Brennan got the impression that the Staff Members believed the Bureau was "illegitimately" interested in King. Brennan advised that he hit back hard on this stating that the Bureau's interest in King was predicated on the communist influence surrounding King. They asked if the Bureau had employed many wiretaps against King. Brennan advised that most of the information obtained on King derived from live informants. Brennan voiced the opinion that the Staff Members were rather disappointed with Brennan's defense of the Bureau in the King investigation.

Staff Members showed some disappointment in Brennan's inability to remember circumstances surrounding COINTELPRO. Brennan responded by saying that he never paid much attention to COINTELPRO and when compared to such activity as to the Bay of Pigs and the Glomar Explorer, the COINTELPRO was "peanuts."

At the conclusion of the conversation, Brennan advised that SSC Staff Members indicated they would want him to return for additional interviews. I advised Brennan that should he receive a subpoena to return or should he be invited to return to Washington, D. C., to be interviewed under oath, it would be wise for him to contact the FBI's Legal Counsel Division for advice to insure that he was in compliance with the Attorney General's order relative to the release of information obtained while an employee of the FBI. Brennan indicated he would contact the Legal Counsel Division should he be contacted by the SSC and would probably ask that a Bureau representative be available for consultation during a subsequent interview or testimony.

ACTION: If approved, the attached letter to the Attorney General and its enclosures reflecting the results of the debriefing of Brennan, be sent.

MEMORANDUM TO ALL EMPLOYEES

RE: INTERVIEWS OF FBI EMPLOYEES

All employees are advised that Congress is conducting an inquiry into activities of the Federal Bureau of Investigation. Congressional staff members are conducting interviews of former and current FBI employees. This Bureau has pledged its cooperation with the Congress.

You are reminded of the FBI Employment Agreement (copy attached) with which you agreed to comply during your employment in the FBI and following termination of such employment.

Also, you are reminded of Title 28, Code of Federal Regulations, Section 16.22 (copy attached), which reads as follows:

"No employee or former employee of the Department of Justice shall, in response to a demand of a court or other authority, produce any material contained in the files of the Department or disclose any information relating to material contained in the files of the Department, or disclose any information or produce any material acquired as part of the performance of his official duties or because of his official status without prior approval of the appropriate Department official or the Attorney General in accordance with Section 16.24."

Also, you are reminded of Department of Justice Order Number 116-56, dated May 15, 1956, (copy attached) which, among other things, requires an employee upon the completion of his testimony to prepare a memorandum outlining his testimony.

Our cooperative efforts, of course, must be consistent with the above cited authority. Therefore, if you are contacted for purpose of interview or testimony you are to request approval as required by the Employment Agreement and await authorization before furnishing information, testimony, or record material.

EMPLOYMENT AGREEMENT

As consideration for employment in the Federal Bureau of Investigation (FBI), United States Department of Justice, and as a condition for continued employment, I hereby declare that I intend to be governed by and I will comply with the following provisions:

(1) That I am hereby advised and I understand that Federal law such as Title 18, United States Code, Sections 793, 794, and 798; Order of the President of the United States (Executive Order 11652); and regulations issued by the Attorney General of the United States (28 Code of Federal Regulations, Sections 16.21 through 16.26) prohibit loss, misuse, or unauthorized disclosure or production of national security information, other classified information and other nonclassified information in the files of the FBI;

(2) I understand that unauthorized disclosure of information in the files of the FBI or information I may acquire as an employee of the FBI could result in impairment of national security, place human life in jeopardy, or result in the denial of due process to a person or persons who are subjects of an FBI investigation, or prevent the FBI from effectively discharging its responsibilities. I understand the need for this secrecy agreement; therefore, as consideration for employment I agree that I will never divulge, publish, or reveal either by word or conduct, or by other means disclose to any unauthorized recipient without official written authorization by the Director of the FBI or his delegate, any information from the investigatory files of the FBI or any information relating to material contained in the files, or disclose any information or produce any material acquired as a part of the performance of my official duties or because of my official status. The burden is on me to determine, prior to disclosure, whether information may be disclosed and in this regard I agree to request approval of the Director of the FBI in each such instance by presenting the full text of my proposed disclosure in writing to the Director of the FBI at least thirty (30) days prior to disclosure. I understand that this agreement is not intended to apply to information which has been placed in the public domain or to prevent me from writing or speaking about the FBI but it is intended to prevent disclosure of information where disclosure would be contrary to law, regulation or public policy. I agree the Director of the FBI is in a better position than I to make that determination;

(3) I agree that all information acquired by me in connection with my official duties with the FBI and all official material to which I have access remains the property of the United States of America, and I will surrender upon demand by the Director of the FBI or his delegate, or upon separation from the FBI, any material relating to such information or property in my possession;

(4) That I understand unauthorized disclosure may be a violation of Federal law and prosecuted as a criminal offense and in addition to this agreement may be enforced by means of an injunction or other civil remedy.

I accept the above provisions as conditions for my employment and continued employment in the FBI. I agree to comply with these provisions both during my employment in the FBI and following termination of such employment.

ORDER NO.501-73

RULES AND REGULATIONS

Title 28—JUDICIAL ADMINISTRATION

Chapter I—Department of Justice

[Order 501-73]

PART 16—PRODUCTION OR DISCLOSURE OF MATERIAL OR INFORMATION

Subpart B—Production or Disclosure in Response to Subpenas or Demands of Courts or Other Authorities

This order delegates to certain Department of Justice officials the authority to approve the production or disclosure of material or information contained in Department files, or information or material acquired by a person while employed by the Department. It applies where a subpena, order or other demand of a court or other authority, such as an administrative agency, is issued for the production or disclosure of such information.

By virtue of the authority vested in me by 28 U.S.C. 509, 510, and 5 U.S.C. 301, Subpart B of Part 16 of Chapter I of Title 28, Code of Federal Regulations, is revised, and its provisions renumbered, to read as follows:

Subpart B—Production or Disclosure in Response to Subpenas or Demands of Courts or Other Authorities

Sec.
16.21 Purpose and scope.
16.22 Production or disclosure prohibited unless approved by appropriate Department official.
16.23 Procedure in the event of a demand for production or disclosure.
16.24 Final action by the appropriate Department official or the Attorney General.
.6.25 Procedure where a Department decision concerning a demand is not made prior to the time a response to the demand is required.
6.26 Procedure in the event of an adverse ruling.

AUTHORITY: 28 U.S.C. 509, 510 and 5 U.S.C. 301.

Subpart B—Production or Disclosure in Response to Subpenas or Demands of Courts or Other Authorities

§ 16.21 Purpose and scope.

(a) This subpart sets forth the procedures to be followed when a subpena, order, or other demand (hereinafter referred to as a "demand") of a court or other authority is issued for the production or disclosure of (1) any material contained in the files of the Department, (2) any information relating to material contained in the files of the Department, or (3) any information or material acquired by any person while such person was an employee of the Department as a part of the performance of his official duties or because of his official status.

(b) For purposes of this subpart, the term "employee of the Department" includes all officers and employees of the United States appointed by, or subject to the supervision, jurisdiction, or control of, the Attorney General of the United States, including U.S. attorneys, U.S. marshals, and members of the staffs of those officials.

§ 16.22 Production or disclosure prohibited unless approved by appropriate Department official.

No employee or former employee of the Department of Justice shall, in response to a demand of a court or other authority, produce any material contained in the files of the Department or disclose any information relating to material contained in the files of the Department, or disclose any information or produce any material acquired as part of the performance of his official duties or because of his official status without prior approval of the appropriate Department official or the Attorney General in accordance with § 16.24.

§ 16.23 Procedure in the event of a demand for production or disclosure.

(a) Whenever a demand is made upon an employee or former employee of the Department for the production of material or the disclosure of information described in § 16.21(a), he shall immediately notify the U.S. attorney for the district where the issuing authority is located. The U.S. attorney shall immediately request instructions from the appropriate Department official, as designated in paragraph (b) of this section.

(b) The Department officials authorized to approve production or disclosure under this subpart are:

(1) In the event that the case or other matter which gave rise to the demanded material or information is or, if closed, was within the cognizance of a division of the Department, the Assistant Attorney General in charge of that division. This authority may be redelegated to Deputy Assistant Attorneys General.

(2) In instances of demands that are not covered by paragraph (b)(1) of this section:

ALL INFORMATION CONTAINED
HEREIN IS UNCLASSIFIED
DATE 10-16-2000 BY SP2ALM/BJ

ENCLOSURE

62-116395-

(i) The Director of the Federal Bureau of Investigation, if the demand is one made on an employee or former employee of that Bureau for information or if the demand calls for the production of material from the files of that Bureau, and

(ii) The Director of the Bureau of Prisons, if the demand is one made on an employee or former employee of that Bureau for information or if the demand calls for the production of material from the files of that Bureau.

(3) In instances of demands that are not covered by paragraph (b) (1) or (2) of this section, the Deputy Attorney General.

(c) If oral testimony is sought by the demand, an affidavit, or, if that is not feasible, a statement by the party seeking the testimony or his attorney, setting forth a summary of the testimony desired, must be furnished for submission by the U.S. attorney to the appropriate Department official.

§ 16.24 Final action by the appropriate Department official or the Attorney General.

(a) If the appropriate Department official, as designated in § 16.23(b), approves a demand for the production of material or disclosure of information, he shall so notify the U.S. attorney and such other persons as circumstances may warrant.

(b) If the appropriate Department official, as designated in § 16.23(b), decides not to approve a demand for the production of material or disclosure of information, he shall immediately refer the demand to the Attorney General for decision. Upon such referral, the Attorney General shall make the final decision and give notice thereof to the U.S. attorney and such other persons as circumstances may warrant.

§ 16.25 Procedure where a Department decision concerning a demand is not made prior to the time a response to the demand is required.

If response to the demand is required before the instructions from the appropriate Department official or the Attorney General are received, the U.S. attorney or other Department attorney designated for the purpose shall appear with the employee or former employee of the Department upon whom the demand has been made, and shall furnish the court or other authority with a copy of the regulations contained in this subpart and inform the court or other authority that the demand has been, or is being, as the case may be, referred for the prompt consideration of the appropriate Department official and shall respectfully request the court or authority to stay the demand pending receipt of the requested instructions.

§ 16.26 Procedure in the event of an adverse ruling.

If the court or other authority declines to stay the effect of the demand in response to a request made in accordance with § 16.25 pending receipt of instructions, or if the court or other authority rules that the demand must be complied with irrespective of instructions not to produce the material or disclose the information sought, in accordance with § 16.24, the employee or former employee upon whom the demand has been made shall respectfully decline to comply with the demand. "United States ex rel Touhy v. Ragen," 340 U.S. 462.

Dated: January 11, 1973.

RICHARD G. KLEINDIENST,
Attorney General.

[FR Doc.73-1071 Filed 1-17-73;8:45 am]

OFFICE OF THE ATTORNEY GENERAL

WASHINGTON, D. C.

May 15, 1956

ORDER NO. 116-56

It is the policy of the Department of Justice to extend the fullest possible cooperation to congressional committees requesting information from departmental files, interviews with department employees, testimony of department personnel, or testimony of Federal prisoners. The following procedures are prescribed in order to effectuate this policy on a basis which will be mutually satisfactory to the congressional committees and to the Department. [This order supersedes the Deputy Attorney General's Memorandum No. 5, dated March 23, 1953; and his Memorandum No. 97, dated August 5, 1954. It formalizes the Attorney General's press release of November 5, 1953, establishing procedures to permit committees of the Congress and their authorized representatives to interview and to take sworn testimony from Federal prisoners. It supplements Order No. 3229 (Revised) dated January 13, 1953, and Order No. 3464, Supplement No. 4 (Revised) dated January 13, 1953 (with Memorandum of "Authorization Under Order No. 3464 Supplement No. 4 (Revised)" dated January 13, 1953), insofar as said orders have reference to procedures to be followed in the Department's relations with congressional committees. In support of this order, reference should be had to the President's letter dated May 17, 1954, addressed to the Secretary of Defense, and to the Attorney General's Memorandum which accompanied it.]

A. REQUESTS FOR INFORMATION FROM DEPARTMENT FILES

1. Congressional committee requests for the examination of files or other confidential information should be reduced to writing, signed by the chairman of the committee, and addressed to the Deputy Attorney General, who is responsible for the coordination of our liaison with Congress and congressional committees. The request shall state the specific information sought as well as the specific objective for which it is sought. The Deputy Attorney General will forward the request to the appropriate division where a reply will be prepared and returned for the Deputy Attorney General's signature and dispatch to the chairman of the committee.

2. If the request concerns a closed case, i. e., one in which there is no litigation or administrative action pending or contemplated, the file may be made available for review in the Department, in the presence of the official or employee having custody thereof. The following procedure shall be followed in such cases:

    a. The reply letter will advise the committee that the file is available for examination and set forth the name, telephone extension number, and room number of the person who will have custody of the file to be reviewed;

ENCLOSURE

62-116395-

b. Before making the file available to the committee representative all reports and memoranda from the FBI as well as investigative reports from any other agency, will be removed from the file and not be made available for examination; provided however that if the committee representative states that it is essential that information from the FBI reports and memoranda be made available, he will be advised that the request will be considered by the Department. Thereafter a summary of the contents of the FBI reports and memoranda involved will be prepared which will not disclose investigative techniques, the identity of confidential informants, or other matters which might jeopardize the investigative operations of the FBI. This summary will be forwarded by the division to the FBI with a request for advice as to whether the FBI has any objection to examination of such summary by the committee representative. The file will not be physically relinquished from the custody of the Department. If the committee representative desires to examine investigative reports from other government agencies, contained in the files of the Department, he will be advised to direct his request to the agency whose reports are concerned.

3. If the request concerns an open case, i. e., one which litigation or administrative action is pending or contemplated, the file may not be made available for examination by the committee's representative. The following procedure shall be followed:

a. The reply letter should advise the committee that its request concerns a case in which litigation or administrative action is pending or contemplated, and state that the file cannot be made available until the case is completed; and

b. Should briefly set forth the status of the case in as much detail as is practicable and prudent without jeopardizing the pending contemplated litigation or administrative action.

B. REQUESTS FOR INTERVIEWS WITH DEPARTMENTAL PERSONNEL

1. Requests for interviews with departmental personnel regarding any official matters within the Department should be reduced to writing, signed by the chairman of the committee, and addressed to the Deputy Attorney General. When the approval of the Deputy Attorney General is given, the employee is expected to discuss such matters freely and cooperatively with the representative, subject to the limitations prescribed in A respecting open cases and data in investigative reports;

2. Upon the completion of the interview with the committee representative the employee will prepare a summary of it for the file, with a copy routed to his division head and a copy routed to the Deputy Attorney General.

C. EMPLOYEES TESTIFYING BEFORE CONGRESSIONAL COMMITTEES

1. When an employee is requested to testify before a congressional committee regarding official matters within the Department the Deputy Attorney General shall be promptly informed. When the Deputy Attorney General's approval is given the employee is expected to testify freely subject to limitations prescribed in A respecting open cases and data in investigative reports;

2. An employee subpoenaed to testify before a congressional committee on official matters within the Department shall promptly notify the Deputy Attorney General. In general he shall be guided in testifying by Order 3229 (Revised) and the President's letter of May 17, 1954, cited at the beginning of this Order.

3. Upon the completion of his testimony the employee will prepare a memorandum outlining his testimony with a copy routed to his division head and a copy routed to the Deputy Attorney General.

D. REQUESTS OF CONGRESSIONAL COMMITTEES FOR THE TESTIMONY OF FEDERAL PRISONERS

Because of the custodial hazards involved and the extent to which their public testimony may affect the discipline and well-being of the institution, it is the policy of the Department not to deliver Federal prisoners outside the penal institution in which they are incarcerated for the purpose of being interviewed or examined under oath by congressional committees. However, when it appears that no pending investigation or legal proceeding will be adversely affected thereby and that the public interest will not be otherwise adversely affected, Federal prisoners may be interviewed or examined under oath by congressional committees in the institution in which they are incarcerated under the following procedures, and with the specific advance approval of the Deputy Attorney General.

1. Arrangements for interviewing and taking of sworn testimony from a Federal prisoner by a committee of the Congress or the authorized representatives of such a committee shall be made in the form of a written request by the chairman of the committee to the Deputy Attorney General.

2. Such written request shall be made at least ten (10) days prior to the requested date for the interview and the taking of testimony and shall be accompanied by written evidence that authorization for the interview or the taking of sworn testimony was approved by vote of the committee. Such request shall contain a statement of the purpose and the subjects upon which the prisoner will be interrogated as well as the names of all persons other than the representatives of the Department of Justice who will be present.

3. A member of the interested committee of the Congress shall be present during the entire time of the interrogation.

4. The warden of the penal institution in which the Federal prisoner is incarcerated shall, at least forty-eight (48) hours prior to the time at which the interview takes place, advise the Federal prisoner concerned of the proposed interview or taking of sworn testimony; and shall further advise that he is under the same, but no greater obligation to answer than any other witness who is not a prisoner.

5. The warden of the penal institution shall have complete authority in conformity with the requirements of security and the maintenance of discipline to limit the number of persons who will be present at the interview and taking of testimony.

6. The warden or his authorized representative shall be present at the interview and at the taking of testimony and the Department of Justice shall have the right to have one of its representatives present throughout the interview and taking of testimony.

7. The committee shall arrange to have a stenographic transcript made of the entire proceedings at committee expense and shall furnish a copy of the transcript to the Department of Justice.

E. OBSERVERS IN ATTENDANCE AT COMMITTEE HEARINGS

In order that the Department may be kept currently advised in matters within its responsibility, and in order that the Deputy Attorney General may properly coordinate the Department's liaison with Congress and its committees, each division that has an observer in attendance at a congrssional hearing, will have the observer prepare a written summary of the proceeding which should be sent to the division head and a copy routed to the Deputy Attorney General.

MEMORANDUM FOR LIEUTENANT GENERAL BRENT SCOWCROFT
THE WHITE HOUSE

Subject: Senate Select Committee Request for Documents on the Cabinet Committee to Combat Terrorism

The Department of State has been asked by the Senate Select Committee investigating intelligence to provide information on the structure and functions of the Cabinet Committee to Combat Terrorism and its Working Group. Because all of the basic documents concerning the CCT are Presidential, we are forwarding them to you for review for possible release to the Senate Committee.

The relevant documents are:

-- Memorandum for the President from Secretary William P. Rogers on September 18, 1972 (the report referred to in the President's Memorandum of September 25, 1972);

-- Memorandum for the Secretary from President Richard M. Nixon on September 25, 1972; and

-- Six reports to the President from the Chairman of the Cabinet Committee to Combat Terrorism (the Secretary of State).

UNRECORDED COPY FILED IN

These documents set forth the basic structure and functions of the Cabinet Committee and its Working Group.

XEROX

JUL 14 1975

JFH

EX-103 REC-5 62-116395-339

There are many functions of the Cabinet Committee and its Working Group discussed in the reports to the President other than the intelligence function being investigated by the Senate Select Committee. We do not see any need for the discussion of these other functions to be withheld from the SSC.

6 JUN 25 1975

~~SECRET~~
(~~CONFIDENTIAL~~ When Separated
From Accompanying Documents)

5

51 JUL 23 1975

For your convenience we have noted below the sections of the reports to the President that relate to the intelligence aspect of the Cabinet Committee and its Working Group:

-- September 18, 1972 memo - page 2: #2, 3; page 4: #11.

-- November 2, 1972 memo - page 1; page 2; paragraph 3.

-- January 8, 1973 memo - page 1: #3; page 2: #6, 7, 9.

-- March 8, 1973 memo - page 1: #6.

-- March 29, 1973 memo - page 1: paragraph 2; page 2: paragraph 1; page 3: paragraph I.

-- June 27, 1973 memo - page 1: #2, 3; page 2: paragraph 6.

-- February 18, 1975 memo - Page 3: paragraph 3, 5; page 6: paragraph 5, 6; Tab 2 (Guidelines) page 4: paragraph 3; Tab 3 (Procedures) Enclosure #1 page 5: paragraph 4.

In addition to the above documents, we would also plan to provide the Senate Committee with the following narrative statement on the CCT and intelligence:

Begin Statement (CONFIDENTIAL):

With the exception of a weekly publication by the CIA on international terrorism, requested by the Cabinet Committee on January 1, 1973, the intelligence functions of the Cabinet Committee and its Working Group are handled through established interagency channels. The agencies most active in generation and coordination of terrorism information for the Working Group are the CIA, the FBI, NSA, DOD, the Secret Service, the Department of Treasury and the State Department.

These Working Group agencies set their own priorities and parameters concerning intelligence on terrorism matters. From time to time the CIA requests comments from the Working Group on its weekly terrorism reports.

The organization of the Cabinet Committee is delineated in the President's memorandum of September 25, 1972. The Working Group is composed of senior representatives of the ten agencies on the Cabinet Committee and representatives of the following agencies: Arms Control and Disarmament Agency, Energy Research and Development Administration, Federal Protective Service, Immigration and Naturalization Service, Law Enforcement Assistance Administration, Metropolitan Police Department, National Security Agency, Nuclear Regulatory Commission, Office of Management and Budget, and the United States Information Agency. These additional agencies were invited to participate in the Working Group by the Special Assistant to the Secretary and Coordinator for Combatting Terrorism (S/CCT), in his capacity as Chairman of the Working Group.

Under the Working Group there is one formal subgroup, the Behavioral Science Resource Group (BSRG), which is composed of behavioral science experts from the State Department, the CIA, the FBI and USIA. The State Department member chairs BSRG. The Resource Group has a mandate to seek to improve the United States' response to acts of international terrorism through use of behavioral science techniques.

REC-107

SENATE SELECT COMMITTEE ON INTELLIGENCE ACTIVITIES

ALL INFORMATION CONTAINED
HEREIN IS UNCLASSIFIED
DATE 10-16-00 BY SP2ALM/gcp

Reference is made to memorandum of K. William O'Connor, Special Counsel for Intelligence Coordination, to Mr. John Mintz, Legal Counsel Division of this Bureau, dated June 26, 1975, captioned "DAG Inquiry Re Communication by Former AAG Doar to FBI Regarding Mississippi Freedom Democratic Party Delegation."

Regarding your request contained in referenced communication for the Bureau to locate and furnish certain documents, it is my understanding that you are in possession of the documents requested.

MAILED 6
JUL 1 1975
FBI

In response to your request that we furnish our observations concerning the making of the documents available to former Assistant Attorney General John Doar, may I suggest that this raises an issue which has been discussed in the past by the Bureau and the Department and other Government agencies. This issue to my knowledge has not been resolved. That issue is whether a former employee should be allowed access to documents in the Government's possession to refresh his recollection for possible testimony before the Senate Select Committee. It is this Bureau's position that such documents should not be made available for the aforementioned purpose, and in those instances where a former employee cannot respond accurately to the question of the Senate Select Committee or any other Congressional investigative body, the Committee or Congressional body can be referred to the appropriate bureau or agency which will, if appropriate, furnish the necessary information. I am sure you will understand our concern in this regard insofar as setting a precedent which might serve for future requests of this nature.

NOTE: According to referenced communication, Mr. Doar requested to review a communication he caused to be sent while in the Department asking for information concerning the Mississippi Freedom Democratic Party Delegation. The Deputy Attorney General had asked that the documentation concerning the request and our response be located and furnished to him. The Department also asked our views as to whether he should be given access to or delivered the documents for the purpose of refreshing Doar's recollection.

OFFICE OF THE DEPUTY ATTORNEY GENERAL
WASHINGTON, D.C. 20530

JUN 2 6 1975

TO: John Mintz
Legal Counsel Division
Federal Bureau of Investigation

FROM: K. William O'Connor
Special Counsel for Intelligence
Coordination

Senstudy-75

SUBJECT: DAG Inquiry Re Communication by Former AAG Doar to FBI Regarding Mississippi Freedom Democratic Party Delegation

(1) The DAG has asked me to request that the Bureau make a file check to determine what, if any, documents may be found in FBI files relating to a request made by Mr. Doar in August 1964 for information and Bureau action regarding members of the subject delegation. It is our understanding that Mr. Doar requested certain information from the FBI regarding this delegation in mid-August 1964; and that some information was delivered to the DOJ (either to Mr. Doar or then DAG Katzenbach) shortly thereafter, in the latter part of August 1964.

(2) It is possible that Mr. Doar may be asked about these matters in connection with the Senate Select Committee inquiry (reference Appendix D, Item 7, 5/14/75 SSC request). The DAG has also asked that, after such documentation as may be developed under (1) above has been located, the Bureau furnish to him its view as to the access/delivery to Mr. Doar of such documentation for the purpose of refreshing his recollection.

(3) An expeditious response to this request will be appreciated.

W.O.C.

By letter dated 5/14/75, with attached appendices, the SSC requested certain information and documents from the FBI.

Appendix C, Item number 10, requested all memoranda and other materials relating to the elimination of the Liaison Section of the FBI in 1970 and its reestablishment in late 1972.

Among the enclosures to our letter to the Attorney General (AG), dated 6/13/75, being proposed for forwarding to the Committee is E. S. Miller memorandum to Mr. Felt, 7/14/72. On page 2 there is information that "our close association with the Chief Postal Inspector and his top officials has resulted in that agency providing support in some of our most delicate intelligence operations looking to the identification of illegal hostile intelligence activities in this country." This could possibly be construed to include opening of mail. It is to be noted that opening of mail by FBI is the subject of a separate SSC request and future correspondence with the SSC, through the AG, will address itself to this subject. Former Chief Postal Inspector Henry B. Montague, with whom we have had extensive dealings in the past, is scheduled to appear before the full SSC on 6/12/75 and it is expected that he will be questioned about possible FBI participation in mail openings.

Memorandum to Mr. W. R. Wannall
Re: UNITED STATES SENATE SELECT COMMITTEE
ON INTELLIGENCE ACTIVITIES (SSC)

Also included in this response is Daniel M. Armstrong III memorandum to L. Patrick Gray III, dated 9/8/72, classified Confidential. This memorandum states that the responsibilities of Legats have increased in recent years to include the collection of political intelligence information for dissemination to Dr. Kissinger and others. This is the HILEV Program. The SSC has requested committee staff access to all indices and control files pertaining to all programs operated by the Intelligence Division from 1960 to present and it is expected that HILEV will be included in the response to this request.

SUBJECT: SENSTUDY 75

On 5-30-75, John Elliff, Task Force Director of captioned Committee's Task Force on Domestic Intelligence Activities, and SA Paul V. Daly of this Division discussed the possibility of Elliff and members of his task force, conducting the inquiry into the FBI, having lunch with the Director. Elliff stated he felt that such an arrangement would be very beneficial and indicated that he and four or five staff members would attend such a luncheon.

Schedule late in June K

It would appear that such an arrangement might be beneficial and consideration should be given to arranging a luncheon if the Director's schedule permits.

RECOMMENDATION:

That the luncheon be arranged in line with the above at a time convenient to the Director.

Reference is made to my memo dated 6-2-75, that a luncheon with staff members of the Senate Select Committee Task Force conducting the inquiry into the FBI be held with the Director.

Mr. Kelley approved the recommendation, and Mr. Elliff, Domestic Task Head for the Committee, was asked whether he would like to attend a luncheon with Mr. Kelley and he indicated he would, but would have to check with the Committee. Mr. Elliff was advised that the Director's schedule permitted a luncheon be held on June 24, 1975, at 12:30 p.m..

Mr. Elliff stated on 6-18-75, he will attend the luncheon along with the following staff members of the Committe: Lester B. Seidel, John Smith, William Ricks, Michael Epstein, and Mark Gitenstein.

In addition to the staff members, Section Chief William O. Cregar, Inspector John B. Hotis, and SA Paul V. Daly will attend. Assistant Director John A. Mintz will also attend luncheon.

SA Elmer Larson instead of Cregar.
Also Messrs. Adams and Wannall will attend.

SUBJECT: SENSTUDY 75

ALL INFORMATION CONTAINED
HEREIN IS UNCLASSIFIED
DATE 10-16-2000 BY
MDR-16

This morning (7/2/75) Michael Epstein, Senate Select Committee (SSC) Staff Member, advised SA Paul V. Daly, Legal Counsel Division, that he, Epstein, is to interview SA John R. Borys and former Assistant Director Ivan Conrad at 9:00 a.m. and 10:00 a.m., respectively, Monday, 7/7/75. Borys is assigned to WFO and Conrad resides 1307 Capulet Court, McLean, Virginia 22101, unlisted telephone number 356-7590. Interviews are to concern the former FBI investigation of Martin Luther King, Jr.

These are the latest in a series of interviews regarding the King case being conducted by the SSC Staff of present and former SAs. It is believed that Borys and Conrad should be released from their secrecy agreements to enable them to be interviewed which is the same procedure which we have been taking with the others who have been interviewed. The release from the agreement which we are recommending will, of course, be conditional that the interview relate only to the King matter.

REC-84

RECOMMENDATIONS:

62-116395-33

1. Borys and Conrad be released from their secrecy agreement in order to be interviewed, but only relating to the King case. On approval, Legal Counsel Division will advise them of the release and invite them to consult with the Legal Counsel Division early a.m. 7/7/75 in preparation for the interviews.

62-116395

Memorandum to Mr. W. R. Wannall
Re: Senstudy 75
62-116395

2. Borys and Conrad, when contacted by the Legal Counsel Division, should be offered the services of a Bureau representative who, if they desire, will accompany them to the interview. This representative, although not actually present during the interview, will be available nearby for consultation purposes should the interview touch upon sensitive, privileged information, such as relating to identities of sources, sensitive techniques and methods, etc. INTD will designate the representative for this purpose.

ADDENDUM: SFP:mjg 7/2/75

Pursuant to request of SA Daly of Legal Counsel Division, SA Borys and former Assistant Director Conrad were telephonically alerted to the planned interviews of them. They were both told that they would be further contacted by the Legal Counsel Division. Conrad specifically requested that his unlisted telephone number not be furnished to the SSC.

S.F. Phillips accompanied Borys 7/7 & will accompany Conrad 7/9 S 7/9/75

SUBJECT: SENSTUDY 75

This memorandum records the receipt of the latest request from the Senate Select Committee (SSC).

On the evening of 6/27/75, Mr. K. William O'Connor of the Department of Justice furnished to Mr. Paul Daly of the Legal Counsel Division the attached copy of a draft letter to the Attorney General (AG) from Senators Church and Tower along with notifications concerning certain matters currently under investigation by the SSC which relate to the FBI as well as to the Department of Justice.

The latest request which is identified as a draft is broken down into three sections identified as: I. Issues, II. Areas of General Inquiry, and III. Case Studies.

I. Issues

The SSC's inquiry into the intelligence and counterintelligence activities of the FBI is designed to examine fundamental issues which bear directly on the adequacy of current legislation and administrative organization and procedure. As a means of examining the issues in the context of actual FBI intelligence operations, the Committee intends to study certain specific topics, some of which are general in nature and others of which involve specific cases, programs or techniques. The specific issues are set out in the attachment under section I. A-F.

II. Areas of General Inquiry

REC-84

62-116395-329

The following contains descriptions of the general areas of inquiry into which the Committee intends to engage:

(A) Legal Authority for FBI Intelligence and Counterintelligence Activities

(B) Organization and Operation of the FBI Intelligence Division (INTD)

(C) FBI Internal Security Intelligence Operations

(D) FBI and the U. S. Intelligence Community

(E) FBI Foreign Counterintelligence Operations

(F) Inspection Division Investigations

(G) FBI Intelligence Activities and State or Local Law Enforcement Agencies

III. Case Studies

This section contains descriptions of specific cases in which the SSC is interested. The descriptions indicate whether the investigations may concentrate on specific allegations of possible abuses or other controversial matters where there is reason to believe in the words of the Committee improprieties may have occurred.

In this portion of the enclosed request the Committee lists 19 general questions. In addition, under each case study the letter requests additional information and documents.

The case studies in which the Committee is interested are identified as follows:

(A). Electronic Surveillance

1. Warrantless Electronic Surveillance
2. Warrantless Electronic Surveillance and Leaks
3. Surveillance of Martin Luther King, Jr.
4. Surveillance at the Democratic National Convention, Atlantic City, 1964

(B). Surreptitious Entry

(F). Clandestine Informant Activities

(G). Notional Organizations

(H). Joint FBI - Police Operations

1. The White Knights of the Ku Klux Klan, Mississippi
2. The Black Panther Party, Chicago

(I). The Huston Plan

(J). Alleged Political Misuse of the FBI

The remaining portions of the enclosed letter are directed to the Department of Justice and are not being addressed in this memorandum.

In connection with another Senstudy matter, Section Chief William O. Cregar had a meeting with Mr. John Elliff who is Chief of the*Task Force for the SSC on the morning of 6/30/75. Elliff apologized for the submission of the 6/25/75 draft letter, saying it was forced upon the Committee by the White House. According to Elliff, the SSC has been aware that much of the information requested from the Intelligence Community was being held up by the White House until such time as the SSC identified specific abuses it was interested in investigating. As a result, the attached draft was put together by the SSC to break the logjam. Elliff admitted that much of the information requested in the 6/25/75 draft letter was embodied in the request of 5/14/75. For this reason, Elliff advised he contacted Mr. K. William O'Connor, Special Counsel for Intelligence Coordination, Department of Justice, on the morning of 6/30/75 to request a meeting between himself, O'Connor, and Messrs Wannall, Mintz and Cregar. The purpose of the meeting would be to allow Elliff to clarify the draft letter of 6/25/75.

+F.B.I.

SELECT COMMITTEE TO
STUDY GOVERNMENTAL OPERATIONS WITH
RESPECT TO INTELLIGENCE ACTIVITIES
(PURSUANT TO S. RES. 21, 94TH CONGRESS)
WASHINGTON, D.C. 20510

June 25, 1975

The Honorable Edward H. Levi
The Attorney General
U. S. Department of Justice
Washington, D.C. 20530

Dear Mr. Attorney General:

Enclosed with this letter are notifications concerning certain matters currently under investigation by the Select Committee which relate to government entities under your jurisdiction.

These notifications are submitted pursuant to an agreement between the Committee, the various intelligence entities, and the White House. Pursuant to that agreement, the various entities in the Executive Branch have agreed not only to make available the pertinent witnesses, but also to submit in response all information and material which they possess that is relevant to the areas and cases which the Committee wishes to investigate. The response should include all relevant underlying documentation and other information, including documents which may not have come to the Committee's attention and which the Committee has not specifically requested, and all material relating to any prior Executive Branch inquiry into the matter. In addition, we would welcome a current analysis of the particular questions raised by the Committee and any other observations on the subject that you believe would be helpful.

We welcome the promise of cooperation and full disclosure that underlies that agreement. Success in fulfilling the full disclosure policy contained in the agreement is indispensible to the Committee's analysis and to the formulation of our ultimate findings, conclusions, and recommendations.

Within the Committee mandate, contained in S. Res. 21, there are four broad subjects relating to the intelligence community which we are required to investigate and study in order to determine the facts and ultimately to decide whether to make recommendations for legislative or other changes. They are:

FBI

ALL INFORMATION CONTAINED
HEREIN IS UNCLASSIFIED
DATE 10-17-2000 BY SP7ELM/[illegible]

MDR-16

62-116395-329

ENCLOSURE

1. The structure, performance, and utility of government operations with respect to intelligence activities;

2. Whether certain policies or practices are or are not illegal, unethical, or otherwise improper;

3. Whether there has or has not been excessive duplication or inadequate coordination between and among intelligence agencies and, more generally, the efficiency of intelligence activities; and

4. Whether there has or has not been adequate internal and external control and oversight over the policies and practices of intelligence agencies.

In attempting to find the answers to these fundamental questions, the Committee is proceeding in two ways. First, we are examining intelligence functions broadly as instruments of government policy, giving attention to the authority for particular functions, the problems which intelligence activities are designed to solve, the procedures by which intelligence activities are and have been proposed, approved, executed, evaluated, and terminated, the range and scope of the activities utilized to achieve intelligence objectives, and the propriety and utility of the activities undertaken. Second, we will examine in depth certain specific subjects within the broad topics of investigation. (We would, of course, welcome your suggestion of other cases that would give added insight into intelligence matters under your jurisdiction.) These specific subjects for investigation are not intended to limit the scope contained in the more general questions.

The annexed notifications spell these matters out in greater detail. In addition, they ask certain specific questions, set forth certain previously requested documents not yet received, request additional documents,* and, in some cases, ask for the names and present addresses of persons who have held certain positions. Where appropriate, the subject's description indicates, pursuant to the agreed Outline for Inquiry Procedures, the matter primarily concerns allegations of abuse or other controversial specific matters where there is reason to believe improprieties may have occurred. Finally, the notifications indicate the name(s) of the staff members(s) who, in addition to the Committee's senior staff, will be responsible for the particular matters.

---

* These specific requests are not, of course, intended to limit the agreement to come forward with all relevant information and material, including documents, whether or not they have been brought to the Committee's attention or have been specifically requested by the Committee.

The Committee, in the course of the next few months, will undertake other subjects for investigation as its work proceeds and will notify you as appropriate.

We look forward to your cooperation in these matters.

Sincerely yours,

Frank Church
Chairman

John Tower
Vice Chairman

FEDERAL BUREAU OF INVESTIGATION
(INCLUDING DEPARTMENT OF JUSTICE)

I. Issues

The Committee's inquiry into the intelligence and counterintelligence activities of the Federal Bureau of Investigation is examining fundamental issues which bear directly on the adequacy of current legislation and administrative organization and procedure. The Committee seeks to determine whether FBI intelligence and counterintelligence activities achieve legitimate objectives in conformity with the rule of law. Among the basic issues to be addressed are the following:

A. What is the legal authority for FBI intelligence and counterintelligence activities? Should the FBI's authority be clarified or revised or incorporated in a comprehensive statutory charter?

B. What limitations are placed on FBI intelligence and counterintelligence activities by the Constitution and laws of the United States? Should these limitations be clarified or revised?

C. What have been the purposes and aims of FBI intelligence and counterintelligence activities? Should these objectives be modified?

D. How have the intelligence and counterintelligence activities of the FBI been organized and coordinated with other agencies of government? Should these procedures and practices be revised?

E. What have been the procedures for and techniques of intelligence gathering and dissemination and counterintelligence operations used by the FBI? Under what conditions and through what procedures should these methods and techniques be used in the future?

F. What have been and should be the mechanisms for internal and external policy-making, control, and supervision of FBI intelligence and counter-intelligence activities?

ALL INFORMATION CONTAINED
HEREIN IS UNCLASSIFIED
DATE 10-16-2010 BY SP2ALM/BF
MDR-16

62-116395-329

As a means of examining the above issues in the context of actual FBI intelligence operations, the Committee intends to study certain specific topics, some of which are general in nature, and others of which involve specific cases, programs or techniques. Part II, below, contains descriptions of the general areas into which the Committee intends to inquire. Part III contains descriptions of the specific cases mentioned above. The descriptions specifically indicate whether the investigation may concentrate on specific allegations of possible abuses or other controversial matters where there is reason to believe improprieties may have occurred. In addition to the topics described below, additional areas of inquiry may develop during the course of the Committee's work.

II. Areas of General Inquiry

A. Legal Authority for FBI Intelligence and Counterintelligence Activities

The Committee is examining the legal basis for FBI intelligence and counterintelligence activities. There may be serious question as to the adequacy of the present legislative framework for the FBI's functions in these fields. Current statutes authorize the FBI to perform investigative and law enforcement functions, but they do not specifically authorize intelligence or counterintelligence activities. Therefore, the Committee seeks to determine whether the FBI's authority should be clarified, revised, or incorporated in a comprehensive statutory charter.

Responsible staff: Senior staff
Task Force leader
Mark Gitenstein

B. Organization and Operation of the FBI Intelligence Division

The Committee is investigating the structure and operating practices of the FBI Intelligence Division. Proposals have been made that the national security intelligence and counterintelligence functions of the FBI should be lodged in a separate agency or otherwise separated from the FBI's criminal investigative activities. Further recommendations have been advanced for improved coordination between the FBI and other intelligence agencies, for strengthened supervision of FBI intelligence and counterintelligence activities by the Attorney General or an independent board, and for clearer standards and procedures for FBI activities in this area. Therefore, the Committee desires complete information on the operating practices and procedures of the FBI Intelligence Division and of the field office activities supervised by the Intelligence Division.

The Committee's inquiry focuses on the following specific areas:

1. FBI Internal Security Intelligence Operations

   The Committee seeks to determine the nature and purpose of FBI intelligence operations directed at foreign intelligence activities and subversive or extremist activities within the United States. It has been alleged that the scope of FBI intelligence investigations is too broad and has extended to legitimate political activities. Consequently, the Committee must examine how the FBI's responsibilities have been defined.

   Responsible staff: Senior staff
   Task Force leader
   Mark Gitenstein

2. The FBI and the U. S. Intelligence Community

   The Committee seeks to determine what have been the policies and procedures for coordination between the FBI and other agencies in the U. S. intelligence community. There have been occasions in the past where friction between the FBI and other agencies has produced serious dissatisfaction within the U. S. intelligence community. The purpose of this inquiry is to evaluate the adequacy of past and present coordinating mechanisms.

   Responsible staff: Senior staff
   Task Force leader
   Mark Gitenstein

3. FBI Foreign Counterintelligence Operations

The Committee seeks to determine the nature of FBI counterintelligence operations directed at foreign intelligence activities within the United States or at any other hostile foreign-related activities within the United States. Since FBI operations to "counter" these activities go beyond intelligence collection, the Committee must consider whether such practices require statutory authorization. The impact of counterintelligence operations on United States foreign relations will also be considered.

Responsible staff:	Senior staff Task Force leader Loch Johnson Barbara Banoff

4. Inspection Division Investigations

The Committee is examining the relationship of the FBI Inspection Division to FBI intelligence and counterintelligence activities. This includes both regular Inspection Division reviews of Intelligence Division and field office functions and specific investigations of allegations of improper conduct in connection with FBI intelligence activities.

Responsible staff:	Senior staff Task Force leader Mark Gitenstein

5. FBI Intelligence Activities and State or Local Law Enforcement Agencies

The Committee seeks to determine the nature of the relationships between FBI intelligence activities and state and local law enforcement agencies. This subject involves the delicate balance between the necessary centralization of certain law enforcement activities and the Constitutionally-mandated decentralization of general law enforcement responsibility. It is necessary for the Committee to evaluate the centralizing influence of the FBI, as well as the FBI's role as a check on local law enforcement abuses.

Responsible staff:
Senior staff
Task Force leader
Mark Gitenstein
Walter Ricks

III. Case Studies

General Questions

The descriptions which follow of the specific cases the Committee intends to study are intended to serve the dual purpose of notifying the FBI of the issues the Committee will explore in connection with each case and eliciting from the FBI all information and material in its possession relating to the questions the Committee wishes to explore in each case. In order to avoid unnecessary repetition of certain questions which will be basic to the Committee's investigations of each case, certain fundamental questions are set forth below. As to each case described, the Committee intends to explore these fundamental questions, and expects that the FBI will, as to each case, provide all information and material it has relating to these basic questions even though they are not repeated in the discussion of each particular area.

1. What is or has been the legal authority for the activity?
2. What have been the purposes of the activity?
3. What techniques have been employed in the activity?
4. What kinds of information have been gathered in the activity?
5. How have specific uses of the activity been initiated and approved?
6. How have the targets for the activity been selected?
7. What have been the criteria for target selection?
8. How has the intelligence which is collected been used?
9. To whom has the intelligence collected been disseminated?
10. What has been the basis for any dissemination with respect to each recipient?
11. How has the activity been coordinated with other intelligence agencies?

12. What have been the effects of this coordination?

13. To what extent has each of the foregoing been compatible with the legal authority for and the purposes of the activity?

14. By what means has the activity been monitored, controlled and administered?

15. What are the potential abuses to which the activity may lead?

16. To what abuses has the activity led?

17. What steps have been taken to investigate such abuses?

18. What steps have been taken to avoid such abuses?

19. What have been the costs and utility of the activity?

In some instances, the specific questions set forth below may appear to repeat some of the general questions. The purpose in such cases is simply to clarify the application of the general question to the specific case. Except where inapplicable by their terms, all general questions relate to each specific case.

A. Electronic Surveillance

The Committee is examining all forms of electronic interception of communications including wiretapping, electronic eavesdropping, consensual electronic surveillance interception of video and data communications, local monitoring devices, and all other forms of electronic or technical monitoring. The Committee's general questions apply to each of the techniques listed above, as well as to the matters set forth in the following specific cases.

1. Warrantless Electronic Surveillance

The Committee seeks to determine whether the Attorney General should have the authority to authorize electronic surveillance for certain purposes without a prior judicial warrant. This power has been exercised by succeeding Attorneys General since 1940, upon the explicit directive of the President. The Supreme Court has ruled that this power does not extend to purely domestic matters, but the remaining scope of the Attorney General's authority remains undefined by the Supreme Court.

Questions

The Committee requests that the FBI and the Justice Department address the following specific questions:

a. What is the scope and basis of the claim of Executive authority to conduct warrantless electronic surveillance?

b. What have been the procedures for consideration and approval of requests for warrantless electronic surveillance authorized by the Attorney General?

c. What are the specific disadvantages of the judicial warrant requirement for those electronic surveillances which have been authorized by the Attorney General?

ALL INFORMATION CONTAINED
HEREIN IS UNCLASSIFIED
DATE 10-16-2000 BY [illegible] ALN/RF
MDR16

62-116395-327
ENCLOSURE

d. Does the Fourth Amendment permit the issuance of judicial warrants for electronic surveillance on grounds other than ordinary probable cause where national security intelligence purposes are advanced to justify the surveillance?

e. To what extent are the specific procedures of Title III of the Omnibus Crime Control Act of 1968 inappropriate for electronic surveillance conducted for national security intelligence purposes?

Documents

The Committee requests the following additional documents bearing on the questions stated above:

a. All written justifications for the specific authorizations by the Attorney General for warrantless electronic surveillance from January 1, 1960, until the present.

b. All documents reflecting the denial by the Attorney General of specific requests for warrantless electronic surveillance from January 1, 1960, until the present.

c. Committee staff access to information contained in the impounded documents, depositions, and other materials in all pending civil suits which involve warrantless electronic surveillance and in which the Committee has received the consent of the plaintiffs for such access.

Responsible staff: Senior staff
Task Force leader
Mike Epstein

2. Warrantless Electronic Surveillance and "Leaks"

The Committee is examining several instances of the use of warrantless electronic surveillance and other investigative techniques in connection with "leaks" of classified information. These cases may involve specific allegations of abuse or other controversial matters where there is reason to believe improprieties may have occurred. These instances include:

a. The investigation of alleged "leaks" by or to 17 Executive officials and newsmen between May 1969 and February 1971.

b. The investigation of alleged "leaks" from a military staff member assigned to the National Security Council in 1971-72.

c. The reported investigation of columnist Joseph Kraft in 1969.

d. The reported investigation of the activities of Mrs. Anna Chennault and Vice Presidential candidate Spiro Agnew in 1968.

e. Any other instances of warrantless electronic surveillance in connection with the investigation of "leaks" to the press.

Questions

The Committee requests that the FBI and the Justice Department address the following specific questions:

a. Through what procedures and by whom were each of these electronic surveillances authorized and approved, continued, and terminated?

b. As to each person to whom information was disseminated, please state:

   (1) The nature of the information.

   (2) The basis for the dissemination.

(3) The date of each dissemination.

(4) The use which was in fact made of the information by the recipient.

c. What evaluations were made of the original grounds for the surveillance as it progressed?

d. What were the results of the evaluations?

e. Who made them?

f. What are the reasons for use of electronic surveillance without judicial warrant to investigate "leaks" of classified information to the press?

g. How does each of the above instances relate to these reasons?

h. To what extent would requirement of a warrant interfere with the ability to detect such leaks?

Responsible staff: Senior staff
Task Force leader
Mark Gitenstein

3. Surveillance of Dr. Martin Luther King

This investigation examines the authorization for, conduct and termination of, and deliberations regarding the surveillance of Dr. King. This case may involve specific allegations of abuses and other controversial matters where there is reason to believe improprieties may have occurred.

Questions

The Committee requests that the FBI and the Justice Department address the following specific questions:

a. Through what procedures and by whom were wiretaps and electronic bugs of Dr. King initiated, approved, continued, and terminated?

b. What were the locations, extent, and duration of the electonic surveillances of Dr. King?

c. What were the grounds of national security, if any, for the introduction of the electronic surveillances of Dr. King?

d. What was the relationship between the information collected and each of the purposes of the surveillance?

e. What evaluations were made of the original grounds for the surveillance as it progressed?

f. What were the results of those evaluations?

g. Who made them?

h. What periodic evaluations were made of the relationship between the information being collected and the original objectives of the surveillance?

i. What were the results of the evaluations?

j. Who made them?

k. To whom were any results of the surveillance disseminated?

l. As to each person to whom information was disseminated, please state

(1) The nature of the information.

(2) The basis for the dissemination.

(3) The date of each dissemination.

(4) The use which was in fact made of the information.

Responsible staff: Senior staff
Task Force Leader
Mike Epstein

4: Surveillance at the Democratic National Convention, Atlantic City, 1964

The Committee is examining the use of surveillance and other intelligence operations in Atlantic City, New Jersey, on or about the time of the Democratic National Convention in 1964. This case may involve specific allegations of abuses and other controversial matters where there is reason to believe improprieties may have occurred.

Questions

The Committee requests that the FBI and the Justice Department address the following specific questions:

a. Did the FBI conduct electronic surveillance and other intelligence operations at this time and place?

b. Who were the targets?

c. Through what procedures and by whom were the decisions made to engage in electronic surveillance and intelligence operations at this time and place?

d. What were the nature, extent, and duration of the electronic surveillance and other intelligence operations at this time and place?

e. What was the relationship between each target selected and the purpose of the surveillance?

f. Was the FBI requested to conduct such surveillance by any person or organization outside the FBI?

g. If so, by whom, when, and for what stated reason?

h. To whom were the results of the surveillance disseminated?

i. As to each person whom information was disseminated, please state

(1) The nature of the information.

(2) The basis for the dissemination.

(3) The date of each dissemination.

(4) The use which was in fact made of the information.

Responsible staff: Senior Staff
Task Force Leader
Mike Epstein

B. Surreptitious Entry

The purpose of this inquiry is to determine the extent to which the FBI has used surreptitious entry as an intelligence technique, either through its own operations or through operations by other agencies and individuals. This case may involve allegations of abuse and controversial matters where there is reason to believe improprieties may have occurred.

Questions

The Committee requests that the FBI and the Justice Department address the following specific questions:

1. What are the scope and basis of the claim of Executive authority to conduct warrantless surreptitious entry as asserted by the Department of Justice in United States v. Ehrlichman?

2. What surreptitious entries have been carried out by the FBI or by another government agency with the knowledge of the FBI from January 1, 1960, to the present? Please list by date, place, and target.

3. As to any instance in which the FBI has refused to comply with another agency's request for surreptitious entry, what was

   a. The basis for the refusal?

   b. The reason given for the request?

4. What procedures were employed to authorize any surreptitious entry identified under 2, and who authorized each such entry?

5. To the extent applicable by their terms, each of the above questions and the General Questions will be explored specifically with reference to any entry or proposed entry at an embassy in May 1972.

Responsible Staff: Senior Staff
Task Force Leader
Mike Epstein
Paul Wallach

C. Mail Covers and Mail Openings

The Committee is examining the conduct of mail covers and mail openings by or on behalf of the FBI and any instances of mail openings or intercepts which may have been conducted by or on behalf of the FBI. This inquiry may involve allegations of abuse or other controversial matters where there is reason to believe improprieties may have occurred.

Questions

The Committee requests that the FBI and the Justice Department address the following specific questions:

1. The specific purposes of all mail covers conducted in connection with FBI intelligence and counter-intelligence activities. This includes all documents pertaining to FBI decisions to request Postal Service mail covers and lists of all subjects upon whom mail covers have been placed as a result of FBI requests since January 1, 1960.

2. The procedures and practices for the dissemination of information from mail covers requested by the FBI. This includes a list of all entities to whom mail cover information has been disseminated since January 1, 1960.

3. Whether or not FBI personnel may have conducted mail covers in violation of existing Postal Service regulations. For any mail covers which may have been conducted by FBI personnel or for the FBI by persons other than Postal Service employees, from January 1, 1960, to the present: identify the physical location where the mail cover was conducted, the names of all persons who participated in and authorized the mail cover, and a brief explanation of the purpose of the mail cover and why it was initiated.

4. Whether or not the FBI has opened mail or caused mail to be opened, either with or without the permission of the Postal Service. For all incidents of mail opening which may have been conducted by FBI employees or by other persons in cooperation with the FBI, from January 1, 1960, until the present: identify the physical location where the mail was opened or intercepted, the names of the individuals who participated in the opening or intercept, and the purpose of the opening or intercept.

Documents

The Committee requests the following additional documents bearing on the questions stated above:

1. All documents which discuss, refer to, or relate to the origins, authorizations, conduct, and termination of and procedures for the mail covers, intercepts, and openings identified in 3 and 4 above.

Responsible Staff: Senior Staff
Task Force Leader
Paul Wallach

D. Other Specific Techniques

As to the following techniques, the Committee's inquiry will initially be confined to the General Questions. As the inquiry proceeds, areas of potential abuse and thus of specific inquiry beyond the General Questions may develop:

1. Incommunicado detention and interrogation.
2. Photographic and television surveillance.
3. Polygraphs.
4. The obtaining of bank, credit, school, and other personal records and information, including the obtaining of information under false pretext.

E. COINTELPRO and Disruptive Activities

The Committee is investigating the circumstances surrounding the origins of, authorization for, and implementation of the FBI program known as COINTELPRO and any similar programs. This inquiry may involve allegations of abuse and controversial matters where there is reason to believe improprieties may have occurred. The scope of this investigation covers:

1. COINTELPRO -- Communist Party USA;
2. COINTELPRO -- Socialist Workers Party;
3. COINTELPRO -- White Hate Groups;
4. COINTELPRO -- Black Extremists;
5. COINTELPRO -- New Left;
6. COINTELPRO -- Special Operations (except as targeted against hostile foreign intelligence services);
7. COINTELPRO -- Puerto Rican Independence Groups;
8. COINTELPRO -- Operation Hoodwink
9. Any other activities of the FBI which have or have had the purpose and effect of disrupting domestic groups or discrediting U.S. citizens, whether or not carried out under a COINTELPRO program.

Questions

The Committee requests that the FBI and the Justice Department address the following specific questions:

1. Under what circumstances, through what procedures, and by whom were these programs initiated, authorized, and terminated?
2. Under what circumstances and through what procedures did the FBI discover and report to the Attorney General the existence of items 7 and 8 identified above and similar disruptive activities not included in the original review of COINTELPRO activities conducted by the Department of Justice in 1974?

3. What were the purposes of each program?

4. In each case, by what means was it intended the purpose would be accomplished?

5. What internal FBI procedures were adopted for the consideration and approval of specific disruptive activities and for determining the results of such activities?

6. As to each operation listed above, and any others of a fundamentally similar kind, identify by type the sources of the information used against individuals and groups for disruptive purposes.

7. As to each instance in which such information was obtained through electronic surveillance

   (a) What or who was the target of the surveillance?

   (b) Was the surveillance legal?

   (c) Was the surveillance conducted pursuant to warrant?

   (d) What were the dates of the surveillance?

   (e) What were the precise means of surveillance?

   (f) Who authorized the surveillance (both within and without the FBI)?

   (g) What was the purpose of the surveillance?

8. As to each case listed above and all fundamentally similar cases, what was the legality and propriety of the distruptive activities? Should any of the activities referred to in the above sentence be forbidden by statute, considered for future use, or otherwise subject to statutory or administrative regulation?

9. In what activities has the FBI engaged since April 28, 1971, the purpose or effect of which has been to disrupt domestic groups or discredit U.S. citizens or which bear any other similarity to the purposes or effects of COINTELPRO activities?

10. What restrictions, directives, or other measures have been adopted by the FBI and the Justice Department to limit or regulate the use of such disruptive techniques?

The Committee will investigate all COINTELPRO and disruptive activities identified above. On the basis of a review of the summaries of COINTELPRO cases prepared for the so-called Petersen Committee, as well as other sources of information, the Committee will develop further requests for information and documents.

Responsible Staff: Senior Staff
Task Force Leader
Les Seidel
Mike Epstein
Walter Ricks

F. Clandestine Informant Activities

The Committee is examining all aspects of the FBI's use of informants, sources, and undercover personnel and the techniques employed by such persons. Although informants are the single most productive source of intelligence information, the difficulties of controlling their activities may increase the possibility of improper conduct. The use of informants to infiltrate organizations also may pose dangers to the right of associational privacy. Consequently, proposals have been made for the imposition of a judicial warrant requirement or other safeguards for the use of informants. The Committee seeks to evaluate such proposals as well as the contributions of informants to the accomplishment of legitimate objectives.

In addition, the Committee is examining informant activities with respect to several particular situations and cases. This investigation may involve specific allegations of abuse or controversial matters where there is reason to believe improprieties may have occurred. The Committee's inquiry covers the general circumstances surrounding the following incidents or cases:

a. Wounded Knee;

b. Kent State;

c. New York v. Stroble (Attica);

d. United States v. Buckalew (Gainesville);

e. United States v. Briggs (Camden);

f. New York v. Dillon (Hobart College);

g. United States v. Marshall (Seattle).

Additional cases may also be examined.

In addition to the above cases, the Committee is examining the role of FBI informants in providing information to the FBI concerning members of the following organizations:

a. Ku Klux Klan;

b. Students for a Democratic Society;

c. Weathermen;

d. Black Panther Party;

e. Communist Party USA;

f. W.E.B. DuBois Clubs.

Additional studies of informant activities with respect to members of other organizations may be formulated.

Questions

The Committee requests that the FBI and the Justice Department address the following specific questions:

1. With respect to both categories of cases listed above, what allegations, whether unfounded or not, of improper, illegal, unethical, or provocative conduct by FBI informants have been made in connection with these situations or groups?

2. What measures has the FBI taken to investigate such allegations of misconduct and to prevent such alleged misconduct from taking place in the future?

3. What instructions has the FBI given to its informants with respect to possible improper, illegal, unethical, or provocative conduct?

4. What has been the largest number of informants, sources, and undercover personnel in use at any one time during each year from 1960 until the present in connection with security, intelligence, and counterintelligence matters, cases, and programs?

5. What has been the annual total amount of funds (including reimbursement for expenses) paid to informants and sources for each year from 1960 until the present?

6. What limits, if any, have been placed on the type of information which informants have been intrusted to report back to the FBI?

7. What have been the annual percentage of potential informants who became paid informants in connection with security, intelligence, and counterintelligence matters, cases, and programs from 1960 until the present?

Documents

Please provide a summary of ten cases (for each of the following categories) where the FBI's use of informants, sources, or undercover personnel resulted in:

1. the conviction of an espionage agent of a foreign government.

2. the prevention of the theft of national security information.

3. the prevention of sabotage.

4. the prevention of an act of violence.

5. the prevention of the carrying out of a conspiracy to overthrow the government.

6. any other successful preventive actions in furtherance of the FBI's national security responsibilities.

Responsible staff: Senior staff
Task Force leader
Mike Epstein
Jack Smith
Walter Ricks
Pat Shea

G. "Notional" Organizations

The Committee is examining the FBI's alleged creation of the support for "notional" organizations for intelligence or counterintelligence purposes. Although it may rely upon informants and other clandestine operatives, this alleged practice is sufficiently novel to require separate attention.

Questions

The Committee requests that the FBI and the Justice Department address the following specific questions:

1. What groups, organizations, movements, or other associations has the FBI caused directly or indirectly to be formed or created for intelligence or counterintelligence purposes? Please provide a complete list from January 1, 1960, to the present.

2. What groups, organizations, movements, or other associations has the FBI supported financially or materially? Please provide a complete list from January 1, 1960, to the present.

3. In which cases has the FBI supported or created such organizations in coordination or cooperation with other agencies?

4. How have the presence of such "notional" organizations affected the public's perception of the movements of which they form a part?

5. How have any FBI programs for the creation and support of such groups been coordinated with any similar programs undertaken by the CIA or other U.S. intelligence agencies?

Responsible staff: Senior staff
Task Force leader
Mike Epstein

H. Joint FBI-Police Operations

The purpose of this inquiry is to examine certain allegations that joint FBI-police operations resulted in misconduct or abuse. These cases are complex and involve a variety of techniques. Nevertheless, they may indicate some of the most serious problems which may arise in attempting to deal with potentially violent situations.

1. The White Knights of the Ku Klux Klan, Mississippi

The Committee is inquiring into the relationships between the FBI and other law enforcement agencies and private organizations in Mississippi in connection with the White Knights of the Ku Klux Klan. The purpose of the inquiry is to determine what effect, if any, FBI activities had on the actions of other law enforcement agencies and private individuals with respect to the White Knights of the Ku Klux Klan in Mississippi. This investigation may involve allegations of abuses or other controversial matters where there is reason to believe improprieties may have occurred.

Questions

The Committee requests that the FBI and the Justice Department address the following specific questions:

a. Was this organization a target of FBI COINTELPRO operations?

b. If so, how and by whom was it selected as a target?

c. What were the purposes of any disruptive operations directed at it?

d. To what extent were the purposes achieved?

e. What disruptive techniques, if any, were employed?

f. Over what period of time did the disruptive activities occur?

g. What evaluations were made of their effects?

h. By whom were they made?

i. What were the results of the evaluations?

j. Were FBI informants used to infiltrate the organization?

k. If so, what kinds of information did the informants gather?

l. What activities did the informants engage in other than information gathering?

m. Identify by date and names the persons involved in all contacts the FBI had with other law enforcement agencies and private groups and individuals with respect to alleged Klan bombings of Jewish synagogues and the homes of Jewish leaders in Meridian, Mississippi, during May - August 1968.

Responsible staff: Senior staff
Task Force leader
Jack Smith
Les Seidel

2. The Black Panther Party, Chicago

The Committee is inquiring into the relationships between the FBI and other law enforcement agencies in the Chicago area in connection with the Chicago chapter of the Black Panther Party. The purpose of the inquiry is to determine what effect, if any, FBI activities had on the actions of other law enforcement and intelligence agencies with respect to the Black Panther Party in the Chicago area. This investigation may involve allegations of abuses or other controversial matters where there is reason to believe improprieties may have occurred.

Questions

The Committee requests that the FBI and the Justice Department address the following specific questions:

a. Was the Chicago chapter of the Black Panther Party a target of FBI COINTELPRO operations?

b. If so, how and by whom was it selected as a target?

c. What were the purposes of any disruptive operations directed at it?

d. To what extent were the purposes achieved?

e. What disruptive techniques, if any, were employed?

f. Over what period of time did the disruptive activities occur?

g. What evaluations were made of their effects?

h. By whom were they made?

i. If FBI informants were used to infiltrate the organization, what kinds of information did the informants gather?

j. What techniques did the informants employ to gather the information?

k. Were the techniques used by the informants all approved and monitored by the FBI? If not, which were not so approved?

l. What activities did the informants engage in other than information gathering?

m. What other methods and sources did the FBI use to gather intelligence on the organization?

n. If electronic surveillance was used, how did the use of such surveillance relate to each of the general questions?

o. To what extent was information on persons and groups not members of or affiliated with the Black Panther Party gathered, stored, or disseminated by the FBI as a result of its investigations of the organization?

Responsible staff: Senior staff
Task Force leader
Walter Ricks
Chris Pyle

I. The "Huston Plan"

The Committee is examining the FBI's role in the disposition of the report of the Interagency Committee on Intelligence (Ad Hoc) in 1970. This report as submitted to the President included certain options which were specifically identified as "illegal". It purported to represent the joint recommendations of all members of the U. S. intelligence community, but FBI Director J. Edgar Hoover disagreed in a series of footnotes. The serious consideration given to such allegedly illegal proposals gives this case the utmost significance for the Committee's understanding of the risks of uncontrolled intelligence activity. This case may involve specific allegations of abuse and controversial matters where there is reason to believe improprieties may have occurred.

Questions

The Committee requests that the FBI and the Justice Department address the following specific questions:

1. What contacts occurred between Tom Charles Huston and personnel of the FBI and the Department of Justice during 1969 and 1970? Identify by date and names of persons involved.

2. What was the purpose of each such contact?

3. With respect to any assistance provided to the Interdepartmental Committee on Intelligence (Ad Hoc) by personnel of the FBI:

   a. Who were the FBI participants?

   b. What kind of assistance was provided?

   c. What was the role of the FBI in preparing the various drafts of the special report of the Committee?

4. What were the specific arguments advanced for the inclusion of the allegedly illegal options in the special report submitted for the President's consideration? Were other allegedly illegal options considered and rejected?

5. Were any measures taken by the FBI to implement specific elements of the Huston Plan? This includes both the allegedly "illegal" aspects and other provisions such as the expanded recruitment of 18-21 year old informants.

6. What are the present views of the FBI and the Department of Justice as to the legality and propriety of the various options included in the special report?

Responsible staff: Senior staff
Task Force leader
Barbara Banoff
Loch Johnson

J. Alleged Political Misuse of the FBI

The Committee is investigating allegations that the intelligence and investigative resources of the FBI have been misused by various Presidents, Attorneys General, Members of Congress, and FBI executives themselves. This subject may involve specific allegations of abuse and other controversial matters where there is reason to believe improprieties may have occurred.

Questions

The Committee requests that the FBI and the Justice Department address the following specific questions:

1. Have persons outside the FBI sought the FBI's assistance for partisan political purposes or personal advantage? Please identify each instance by the name of the person seeking to so use the FBI, the date, and the nature of the assistance sought.

2. In each such case, what has been the response of the FBI?

3. Have persons inside or outside the FBI sought to employ the resources of the FBI for purposes outside the FBI's authority? Please identify each instance by the name of the person seeking to so use the FBI, the date, and the purpose for which the person sought to use the FBI.

4. In each such case, what has been the response of the FBI?

5. What measures has the FBI employed to

    a. Respond to critics.

    b. Affect the reputation or credibility of or otherwise discredit critics.

6. What were the nature, purpose, duration, and results of Project INLET involving preparation of an intelligence letter for the President and other Executive officials?

7. With respect to any so-called "secret files" maintained within the FBI, including the "official and confidential" and "personal and confidential" files maintained by the executive assistant to the FBI Director J. Edgar Hoover on his behalf until the time of his death, the Committee seeks to establish the contents of such files, the circumstances surrounding the transfer of a portion of such files within the Bureau at the time of Director Hoover's death, the transfer of a portion of such files to Mr. Hoover's residence, the destruction of any such files, the transfer of any such files from Mr. Hoover's residence, the use of information within such files, and their relationship to the official investigative files of the FBI. The Committee desires all information bearing on these matters, including the results of any inquiries conducted within the FBI and the Department of Justice.

8. What measures have been taken to ensure that the intelligence and investigative resources of the FBI are not misused for political purposes or personal advantage.

9. What additional measures should be taken?

Responsible Staff: Senior Staff
Task Force Leader
Mark Gitenstein

IV. Department of Justice

The Committee is examining activities of divisions of the Justice Department other than the FBI which perform internal security and intelligence functions. The purpose of these inquiries is to determine whether these functions have been carried out in conformity with the rule of law.

A. The Attorney General

The Committee is studying the functions of the Attorney General with respect to the supervision of and policy-making for internal security and intelligence activities. The Committee seeks to determine whether his duties are properly defined and his office properly organized to perform these functions effectively.

Questions

The Committee requests that the Justice Department address the following specific questions:

1. To what extent has the Attorney General been involved in the consideration or approval of the policies and activities of U. S. foreign and military intelligence agencies?

2. Has the Justice Department made any agreements with the CIA or any other U. S. intelligence agency with regard to the investigation or prosecution of agency personnel?

3. Under what circumstances and for what purposes has the Office of Legal Counsel provided legal advice to the Attorney General on matters pertaining to foreign and domestic intelligence activities?

4. To what extent has the Attorney General authorized cooperation, including the exchange of information and the conduct of joint operations, between the Drug Enforcement Administration or its predecessors and the CIA or other

intelligence agencies with respect to narcotics intelligence?

5. What standards and procedures has the Attorney General adopted for:

   a. The collection, analysis, use, and dissemination of narcotics intelligence.

   b. The collection, analysis, use, and dissemination of organized crime intelligence.

   c. The use of intelligence information by the Immigration and Naturalization Service.

   d. Law Enforcement Assistance Administration grants for the support of state or local police intelligence activities and intelligence data systems.

6. To what extent have communications between the White House and the FBI or other agencies under the jurisdiction of the Attorney General bypassed the Attorney General? To what extent should such communications be channeled through the Attorney General?

7. What have been the policies and procedures of the Justice Department for evaluating the budget requests of the FBI for intelligence and counterintelligence activities?

Responsible staff: Senior staff
Task Force leader
Mark Gitenstein
Barbara Banoff

B. The Internal Security Section (formerly Division)

The Committee is examining the activities of the Internal Security Section of the Justice Department and its predecessor, the Internal Security Division. These entities have supervised the Department's internal security law enforcement activities, coordinated certain interdepartmental internal security policies, and engaged in the collection, analysis, and dissemination of intelligence.

Questions

The Committee requests that the Justice Department address the following specific questions:

1. Under what circumstances, if any, has the Justice Department seriously considered prosecutions under the Smith Act and laws pertaining to seditious conspiracy, rebellion, or insurrection, or "subversive activities", since January 1, 1960?

2. To what extent has FBI intelligence activity provided valuable evidence for use in the prosecution of specific federal crimes?

3. What have been the practices and procedures for coordination of policy through the Interdepartmental Committee on Internal Security?

4. What have been the practices and procedures for the interdepartmental and interagency evaluation of domestic intelligence and domestic collection of foreign intelligence through the Intelligence Evaluation Committee and its predecessors?

5. With respect to the Interdivisional Intelligence Unit and the Analysis and Evaluation Section of the Internal Security Division,

    a. What have been the practices and procedures of the Unit and Section for the gathering of intelligence?

b. What type of information has been stored in readily retrievable form by the Unit and Section?

c. To whom and for what reasons has intelligence information been disseminated by the Unit and Section?

d. What were the reasons for the submission of IDIU computer printouts to the CIA, as reportedly occurred in 1969?

e. To what extent did the Unit and Section make specific requests to other agencies within and outside the Justice Department for intelligence information?

6. With respect to the use of grand juries by the Special Litigation Section of the Internal Security Division,

a. Have any allegations of misuse of the grand jury process in cases handled by Special Litigation Section attorneys come to the attention of the Department? If so, briefly describe each such allegation and what, if any, action was taken by the Department in response to such allegation.

b. To what extent, if any, did the use of grand juries in cases handled by the Special Litigation Section attorneys differ from the use of grand juries in cases handled by other sections of the Justice Department?

c. To what extent, if any, was information obtained through the use of grand juries included in the intelligence files of the Interdivisional Intelligence Unit or the Analysis and Evaluation Section?

7. What have been the practices and procedures of the Internal Security Division and the Departmental Security Office for advising the Attorney General and other executive agencies with regard to the Federal Employee Security Program?

Responsible staff: Senior staff
Task Force leader
Barbara Banoff

ALL INFORMATION CONTAINED HEREIN IS UNCLASSIFIED EXCEPT WHERE SHOWN OTHERWISE

ALL INFORMATION CONTAINED HEREIN IS UNCLASSIFIED EXCEPT WHERE SHOWN OTHERWISE

On 6/26/75 James J. Angleton, former Chief, Counterintelligence Operations, Central Intelligence Agency, telephonically furnished the following information to SA L. F. Schwartz. (U) (u)

Angleton recently testified under oath before three Senators and Staff Members of the Senate Select Committee (SSC). He appeared without counsel. During his testimony, Angleton was asked numerous questions concerning his knowledge of Israeli capabilities to conduct intelligence collection in the United States. Among the questions asked Angleton were questions bearing on Israeli efforts to gather nuclear information in the United States. Angleton indicated that the SSC apparently is aware of Angleton's past close relationship with the Israelis, and Angleton feels that the questions directed to him by the SSC may be related to information provided to the Committee by correspondent Tad Szulc who, according to Angleton, is writing an article concerning Angleton's relationship with the Israelis for Penthouse Magazine. Angleton understands that Szulc has either testified or has been interviewed by the SSC. (U) (u)

Angleton stated that he avoided any direct answers on the above questions by stating that any knowledge he might have would be secondhand and fragmentary. He advised the SSC that such questions might more properly be directed to the FBI. (U) (u) When asked who in the Bureau might be knowledgeable in this

area, Angleton replied that he did not know but that he believed the current senior Bureau official concerned with operational matters to be Deputy Associate Director James B. Adams. (S) (u)

In addition, Angleton advised that certain questions he was asked dealt with alleged Soviet attempts to infiltrate the CIA and other agencies. Again, Angleton avoided a direct answer and indicated that the FBI would be the appropriate agency to direct such questions to. Finally, Angleton commented that in the event the Bureau thought it desirable he would be happy to personally brief the Director or other appropriate Bureau official concerning his testimony. He commented that he has not been asked to, nor has he offered to, brief William Colby, Director of Central Intelligence, concerning his testimony. (S) (u)

RECOMMENDATIONS:

1. We are checking for any available information in files concerning [Israeli intelligence collection capabilities in the United States.] Results will be summarized in separate memorandum. (S)

2. It is not believed appropriate to request Angleton to brief the Director or other Bureau official concerning his testimony, particularly since Angleton has not seen fit to brief his former superiors at CIA. A request by the Bureau for a briefing by Angleton might be misconstrued if it were to come to the attention of Colby or other CIA officials. (S)(u)

U. S. SENATE SELECT COMMITTEE TO
STUDY GOVERNMENTAL OPERATIONS WITH
RESPECT TO INTELLIGENCE ACTIVITIES (SSC)

RE: CONTACT OF MR. HARRY EUGENE SCHAFER
AND HIS SPOUSE, MRS. JILL D. SCHAFER,
WITH STAFF MEMBERS OF THE SSC

ALL INFORMATION CONTAINED
HEREIN IS UNCLASSIFIED
DATE 10-13-2000 BY 5122ALM/bjg
MDE-16

Mr. Harry Eugene Schafer and his spouse, Mrs. Jill D. Schafer, served as confidential informants of the FBI until March, 1975. Immediately prior to that date they were identified as sources of the FBI by Joseph Alfred Burton, a former confidential informant of the FBI. Since his discontinuance as an FBI source in July, 1974, Burton has been publicly attacking the FBI for alleged improprieties and illegal activities. Burton's charges are distorted and in some instances false.

On May 21, 1975, Mr. and Mrs. Schafer made available to our New Orleans Office a copy of a letter addressed to them dated May 14, 1975, signed by Michael T. Epstein, Counsel, of the SSC. In this letter Mr. Epstein requested the Schafers telephone him collect to discuss some matters relating to the current SSC inquiry.

Subsequently, Mr. and Mrs. Schafer voluntarily contacted the New Orleans Office of the FBI to advise that at the invitation of Mr. Epstein they had traveled to Washington, D. C., on June 7, 1975, to converse with representatives of the SSC. Mr. and Mrs. Schafer indicated Mr. Epstein had offered to reimburse them for the expenses of this travel. The Schafers advised that upon their arrival in Washington, D. C., at the appointed hour, they went to Mr. Epstein's office. Mr. Epstein introduced himself and two colleagues, a male named Marshal Elliott, described as a representative of Senator Schweiker, and Mary De Oreo, a female researcher.

GPO : 1975 O - 569-920

According to the Schafers, Mr. Epstein began the interview with the Schafers by stating the purpose of the Senate Committee and why the Schafers were asked to Washington, D. C. Mr. Epstein stated that the Committee was trying to develop information on what the U. S. intelligence agencies have been doing, what changes in these agencies are needed and "where mistakes might have happened."

The Schafers advised they requested Mr. Epstein to ask them specific questions. He asked them what was the entire period of time of the Schafers' relationship with the FBI and if they were still associated with the Bureau. Mr. Schafer told Mr. Epstein that he was not going to admit any association with the FBI at this point and the reply seemed to greatly upset Mr. Epstein. He asked the Schafers why they had come to Washington, D. C. The Schafers replied they wanted to establish some groundwork for any relationship with the Senate Committee. Mr. Epstein attempted to have the Schafers relate their activities in behalf of the FBI. Mr. Schafer advised they refused to comply due to Mr. Epstein's manner and presentation. The Schafers stated they received the definite impression that Mr. Epstein and his colleagues expected to hear an afternoon of interesting stories and anecdotes.

Mrs. Schafer told Mr. Epstein that they had done nothing wrong, illegal, immoral or unethical in their "movement" activities and they were proud of their contributions to the nation's internal security. The Schafers related they enjoyed a happy relationship with the FBI and they knew of nothing questionable or unprofessional regarding the Bureau's handling of their information. The Schafers said they made it clear that they would be happy to tell the SSC these things; however, since they were not reassured by Mr. Epstein, and were in fact put off by his manner and his colleagues' brusque reactions, they would not furnish anything further to Mr. Epstein. The Schafers stated that short of appearing before the Senate Committee, they wanted to be left alone.

SENATE SELECT COMMITTEE ON INTELLIGENCE ACTIVITIES (SSC)

RE: CONTACT OF MR. AND MRS. SCHAFER WITH STAFF MEMBERS OF SSC

According to the Schafers, Mr. Epstein and his colleagues gave the clear impression that they were disappointed and annoyed with the Schafers' reluctance to tell them anything. Mr. Epstein asked if the Schafers wanted to talk to any of the Senators and the Schafers stated they would be willing to speak to Senator Goldwater; however, Mr. Epstein made no specific arrangements other than to check with Charlie Lombard, Goldwater's representative. Mr. Epstein did not say if the Schafers would be subpoenaed; nor were any firm arrangements made about reimbursing them for their expenses. According to the Schafers, the meeting broke up rather abruptly and Mr. Epstein's colleagues left without saying good-by.

The Schafers stated they made an effort to be friendly, cooperative and amenable to Mr. Epstein and his colleagues, and they made a good faith gesture in appearing before Mr. Epstein in Washington, D. C.

NOTE:

The Schafers, as paid informants, furnished information from October, 1969, until March, 1975, to the Bureau. Information in this LHM was contained in New Orleans teletype to the Director, dated June 11, 1975. Several personal statements made by the Schafers, such as "bearded hippy" in reference to one of Epstein's colleagues, were not included in the LHM as this type of information is not fully germane and our reporting of it might be inferred as our being prejudicial.

TO : Mr. J. B. Adams

DATE: 7-2-75

FROM : Legal Counsel

SUBJECT: SENSTUDY 75

The Senate Select Committee on Intelligence Activities requested a staff interview with former Special Agent David E. Todd about COINTELPRO and the investigation at San Francisco of the Black Panther Party.

At the direction of Bureau teletype 6-9-75, San Francisco on 6-11-75, advised Todd of above and that he was released from the applicable employee secrecy agreement for the purpose of the Staff interview.

By letter dated June 11, 1975, Mr. Todd said the interview "may involve information disseminated to other Government agencies under security classification and may touch on foreign policy as well."

Mr. Todd asked:

1. For written confirmation of the release given him orally as well as a release from the provisions of any applicable executive orders;

2. If there is "any limitation on the scope of the material" he may release; and

3. Whether he will be permitted to "refresh my recollection by reviewing official files prior to or during the interview."

Buy U.S. Savings Bonds Regularly on the Payroll Savings Plan

We have prepared an airtel to San Francisco with an enclosed letter for Mr. Todd in response to his request. We are having the San Francisco Office hand deliver the letter so that any questions he may have can be answered.

We have not regarded requests for interviews as "demands" within the meaning of 28 CFR 16.22; therefore, no release from the Department is necessary.

Regarding his request for access to Bureau files, we have not had former employees make this request previously. Our position should be that they not have access but rather rely on their recollection. If they cannot answer a specific question, the Committee can be referred to the Bureau.

RECOMMENDATION:

Attached Airtel with enclosed letter to Mr. Todd be approved and sent.

Mr. Clarence M. Kelley
Director, Federal Bureau of Investigation
Washington, D. C.

Senstudy '75

Dear Mr. Kelley:

On this date Supervisor Berryman of the San Francisco Office read to me a teletype to the effect the Bureau had approved a secrecy release for me to respond to questions from Senate investigator Lester B. Seidel in connection with a Senate Select Committee on Internal Security investigation of the CoIntelPro as it related to the Black Panther Party. A copy of a letter from me to Mr. Seidel has been furnished to the Bureau previously.

At the time I was designated supervisor of the squad handling internal security investigations of the Black Panther Party (BPP), the BPP was international in scope; Eldridge Cleaver and others had been granted asylum in Algeria; the BPP had support and/or branches in France, Germany, Scandinavia and China. Aspects of the counter intelligence program approved by the Bureau of which I am aware were directed against some BPP foreign operations. Thus, interrogation by the Senate investigator may involve information disseminated to other government agencies under security classification and may touch on foreign policy as well.

ALL INFORMATION CONTAINED
HEREIN IS UNCLASSIFIED
DATE 10-1-[illegible] BY SP[illegible]

Therefore, prior to furnishing information obtained in an official capacity to Mr. Seidel, who according to the Bureau's teletype will be in San Francisco in about two weeks, I would like written confirmation of the release which was furnished me orally, preferably an official document covering any secrecy agreement made with the Bureau as well as releasing me from the provisions of any applicable executive orders which preclude disclosure of official information without approval of the Attorney General or an authorized Departmental officer. I would also appreciate being advised if there is any limitation on the scope of the material which I may release.

Since the Bureau's teletype also approved a secrecy release for current SAC Charles Bates, this presupposes he will be authorized to furnish Mr. Seidel with the contents of files if Mr. Seidel so requests. Therefore, I would also appreciate advice as to whether I will be permitted to refresh my recollection by reviewing official files prior to or during the interview with Mr. Seidel.

Sincerely yours,

David E. Todd

Dear Mr. Todd:

Thank you for your letter of June 11, 1975.

You are released from the FBI Employment Agreement for the purpose of a Staff interview by the Senate Select Committee on Intelligence Activities concerning COINTELPRO and the investigation at San Francisco, California, of the Black Panther Party.

I am not aware of any other release you may require.

Pursuant to your request of June 11, 1975, a Special Agent will be available during the interview to assist you in making a determination whether or not a response should be made to a particular question. This Agent is not to be considered private counsel and he will not be present during the interview.

FBI files will not be made available for the interview.

DATE: 6/27/75

FROM : W. O. Cregar WOC/LFS

SUBJECT: SENSTUDY 75

On 6/27/75 James J. Angleton, former Chief, Counter Intelligence Operations, Central Intelligence Agency (CIA), telephonically advised SA L. F. Schwartz that he has been in contact with Herbert Itkin, former Bureau Criminal Informant who also had a relationship with CIA. Angleton advised that Itkin is being interviewed today at a local hotel by a Mr. Shea from the Senate Select Committee.

Itkin was successfully operated as a Top Echelon Criminal Informant from April, 1963, until February, 1968, when he was discontinued. He has testified in a number of Bureau cases and his past relationship with CIA and the Bureau has been publicized. We have not been in contact with Itkin for several years.

Angleton advised that he expects that Itkin will contact him some time after completion of his interview and if Angleton learns any information of interest to the Bureau he will advise us.

Angleton also commented that he is being interviewed himself today by Senate Select Committee representatives regarding his knowledge of the "Huston Report."

All of these individuals are believed to possess information relevant to the Martin Luther King matter. With the exception of Mr. Gurley and Mr. Campbell, all of these persons are believed to have served at either the Atlanta or Albany, Georgia, office of the FBI. We understand that Mr. Gurley and Mr. Campbell were at one time assigned to headquarters.

It would be most helpful if this information could be provided telephonically to Mr. Michael T. Epstein of our staff.

Sincerely,

John T. Elliff

SUBJECT: SENSTUDY 75

PURPOSE:

To advise that representatives of Intelligence Division this date reviewed 693-page CIA document containing information relating to joint ventures involving CIA and other members of intelligence community in sensitive matters, and a specific request has been made for CIA to furnish this Bureau with copies of all material contained therein believed to have a bearing on FBI activities.

DETAILS:

By memorandum 6/24/75 you were advised that arrangements had been effected whereby a CIA representative would on 6/25/75 bring to FBIHQ a copy of the 693-page document containing a series of memoranda and reports prepared by CIA citing instances wherein CIA may have engaged in activities outside the perimeter of its charter. As you have been advised, members of the Senate Select Committee (SSC) have had prior access to this document and it contains numerous references to FBI-CIA joint ventures, some of which are of an extremely sensitive nature. CIA Director William Colby authorized a review of this document and agreed to this Bureau obtaining a copy of material contained therein believed pertinent to this Bureau's operations.

REC-102 62-116395-321

On 6/25/75, Mrs. Harriet Mowitt, Executive Secretary of the Ad Hoc Coordinating Group, appeared at Bureau Headquarters with the 693-page document divided into three packages. These

84 JUL 8 1975

packages were reviewed by Section Chief William O. Cregar and Special Agents Leon F. Schwartz and Thomas J. McNiff in Room 4123 JEH.

Material contained therein runs the entire gambit from CIA cooperation, and in some instances financing, of Bureau sensitive operations in foreign intelligence field, to CIA involvement in domestic affairs including cooperation with police departments and other Federal agencies. In all, it was determined that approximately 174 pages of the document contain information which in some respect has a bearing on this Bureau's operations.

Pertinent page numbers were identified to Mrs. Mowitt and she is taking this Bureau's request for these pages back to CIA Headquarters for the purpose of obtaining authorization to furnish this Bureau with copies of the pages in which this Bureau is interested. Mrs. Mowitt advised that she would insure our request in this respect received expeditious attention and she will furnish us with the results at the earliest time.

RECOMMENDATION:

None. Above submitted for information. You will be kept advised of developments.

TO : Mr. J. B. Adams

DATE: June 20, 1975

FROM : Legal Counsel

SUBJECT: SENSTUDY 75 (62-116395)

Attached is a FD 302 reporting a conversation SA Paul V. Daly had with Mr. Paul Wallach, staff member of United States Senate Select Committee on Intelligence Activities. The gist of the conversation is that Mr. Wallach informed SA Daly that he had a list of national security mail covers which cover the last five years and that he would use this list for committee business including for interview purposes if the Bureau did not promptly comply with the Committee's request for a list of mail covers.

The contents of the attached FD 302, were orally furnished on 6-18-75 to Deputy Special Counsel for Intelligence Coordination, Michael Shaheen of the Department. Mr. Shaheen and Mr. O'Connor, Special Counsel for Intelligence Coordination, contacted F. A. O. Schwartz, Chief Counsel to the Senate Select Committee, to protest Mr. Wallach's actions. Mr. Wallach denied, in a conversation with Mr. O'Connor, that he had stated he had such a list to SA Daly. Subsequent to this conversation with Mr. O'Connor, and on the same day according to Mr. Shaheen, Wallach called Shaheen and told Shaheen that he wanted to talk to him off the record, at which point Mr. Wallach stated that he had access to a list of mail covers through a source of his, but did not have possession of same. He also stated that he may have suggested to SA Daly that he had such a list.

Mr. Shaheen stated that it was obvious that Wallach could not be trusted and remarked that the Department had been keeping book on him. Shaheen informed SA Daly that Wallach

had contacted Mr. Cox, Chief Counsel for the United States Postal Service, at which time he informed Mr. Cox that the White House had authorized the release of all national security mail covers, and requested Cox furnish same to him. According to Shaheen, Cox then contacted the White House to determine if Wallach's story was in fact true, at which time James Wilderotter, Assistant Counsel to the President, advised that Wallach's name was unfamiliar to him, and that he had not been given authority to obtain national security mail covers. Mr. Shaheen stated he, at the direction of Mr. O'Connor, was furnishing the Bureau in writing, a report of his conversations with Wallach and also stated that O'Connor stated he would no longer have any dealings with Wallach because of the obvious unethical conduct and lack of honesty on Wallach's part.

FEDERAL BUREAU OF INVESTIGATION

Date of transcription 6-18-75

Mr. Paul Wallach, staff member of the United States Senate Select Committee on Intelligence Activities, telephonically contacted me on 6-18-75 between 2:30 and 3 o'clock P. M., and inquired as to the status of a request by the Committee concerning mail cover information. He asked if I could furnish him a time when he might expect our response to be delivered to him. He pointed out that he had had previous discussions with me and Mr. Shaheen of the Department concerning this matter, and Mr. Shaheen had indicated to him that he could expect the response to have been given to him by this time. Mr. Wallach was informed that a time certain for delivery of a response concerning this request could not be given, and it was explained to him that a vast amount of material was being reviewed pursuant to request of the Senate Select Committee and other committees of Congress and that because of the amount of work involved in all these requests it was not possible to make a judgment as to the date of the response.

Mr. Wallach indicated he felt he had been misled by Mr. Shaheen into believing that he would have a response to his request and that he was going to recontact Mr. Shaheen. He made a general inquiry as to whether one Agent might be gathering all the information and as to whether he might be allowed to come to FBI Headquarters and review what has been gathered to this point. He was informed that all disclosures have to receive proper Bureau approval and that it would not be possible for him to review such information in the absence of such approval. He asked if the Bureau could separate the response by making available immediately portions of the mail cover lists such as the identities of people who were the targets of mail covers in the domestic field. He again was informed that this was not possible in the absence of proper approval. Mr. Wallach stated that he wanted me to know that he was in possession of a list of Bureau mail covers for the past five years which he had been furnished by a source whom he did not identify. He was asked (1) if this list concerned the mail covers in the national security areas and, (2) was it a national list. Mr. Wallach stated it was a national list in the national security areas. He stated he was not sure of its accuracy. He indicated that he would have no reservations about using the list to conduct the Senate Select Committee business and stated that interviews may be conducted based on the list.

Interviewed on 6-18-75 at Washington, D. C. File #

by Paul V. Daly Date dictated 6-18-75

This document contains neither recommendations nor conclusions of the FBI. It is the property of the FBI and is loaned to your agency; it and its contents are not to be distributed outside your agency.

He was advised that the list would contain sensitive information which would seriously impair ongoing Bureau investigations. He replied that the names were not classified, and since they were not classified he would have no problem in using the list. It was explained to Mr. Wallach that despite the fact it was not classified the list would be extremely sensitive since it would impair many ongoing investigations and in many instances the very fact that we are interested in an individual indicates that we are in possession of sensitive information concerning that individual. Mr. Wallach pointed out that if this were the case, acknowledging that he had been informed previously that one of the reasons for the necessity for closely reviewing the material to be made available was because of this problem, then the Bureau should come forward with its own list and point out to him which of the names are sensitive and which are not. Mr. Wallach stated that only one or two other people had knowledge of the fact he possessed such a list.

Legal Counsel to Mr. J. B. Adams memorandum 6/6/75 related contact with Legal Counsel Division by former SA Richard H. Davis who had been contacted by Michael Epstein, Staff Member, Senate Select Committee (SSC), who desired to interview Davis in Atlanta, Georgia, concerning the former FBI investigations of Martin Luther King, Jr., Stanley David Levison and the Southern Christian Leadership Conference. Davis requested a Bureau representative be made available for consultation purposes during the interview and that Davis would contact FBIHQ as soon as a date and place of interview had been determined. Approval has already been granted by the Bureau for the release of Davis from his employment agreement for purpose of the interview and you (Mr. Wannall) designated S. F. Phillips of the Senstudy 75 Project to be the Bureau representative at the interview.

Phillips took a telephone call this morning from former SA Alan G. Sentinella (has already been interviewed and testified before the SSC) who advised that he had been contacted earlier this morning by Richard Davis. Davis told Sentinella that Epstein had called him 6/25/75 and made an appointment to interview Davis in Atlanta (exact site unknown) 2:00 p.m., Tuesday, 7/8/75. Davis had first tried to reach Charles Haynes, a supervisor in the Atlanta Office, on 6/25/75 and, being unable to do so, decided to pass the information to Sentinella as he knew that Sentinella had had several contacts with FBIHQ in relation to Sentinella's own testimony and Davis requested Sentinella to pass the information to FBIHQ. Davis gave his

telephone numbers at Atlanta (Code 404) as 294-2786 (office) and 633-1079 (residence). Davis is scheduled to be on vacation the week preceding the interview.

ACTION:

On the basis of the prior FBI release of Davis from his employment agreement for purposes of the interview, Intelligence Division will contact Davis in advance through the Atlanta Office and arrange for Phillips to consult with Davis immediately prior to the interview and be available for consultation purposes at the time of the interview. This is in accordance with the procedure we have been following in connection with interviews of former Bureau personnel.

RE: INTERVIEW OF HELEN W. GANDY,
FORMER EXECUTIVE ASSISTANT TO
THE DIRECTOR OF THE FBI, BY SSC
STAFF MEMBERS

ALL INFORMATION CONTAINED
HEREIN IS UNCLASSIFIED
DATE 10-11-2001 BY
MDR-16

The following information concerning the interview of Miss Helen W. Gandy by members of the Staff of the SSC in Washington, D. C., on May 15, 1975, was voluntarily furnished to the FBI by Miss Gandy and by Mr. John P. Mohr, former Assistant to the Director of the FBI, who was present during the interview at the request of Miss Gandy.

Miss Gandy was interviewed by Staff Members Mark Gitenstein and Michael Epstein from approximately 10:30 a. m. to 1:00 p. m., and from 2:00 p. m. to 3:00 p. m. Staff Member Martha Talley was also present during the morning session of the interview. Miss Gandy was not placed under oath, and she was not advised of her rights or that she could be represented by personal counsel.

The questioning of Miss Gandy was directed primarily toward obtaining information on procedures and personnel in the office of former Director Hoover, on the floor plan of Mr. Hoover's office suite, on the "Official and Confidential" (OC) files maintained in Mr. Hoover's office, and on the destruction of Mr. Hoover's personal correspondence by Miss Gandy after Mr. Hoover's death.

Miss Gandy said she was asked about the setup of Mr. Hoover's office suite and that the questions showed a special interest in the rear exit of the suite. She explained that this exit was

MAIL ROOM ☐ TELETYPE UNIT ☐

GPO 954-546

used by Mr. Hoover since it was most convenient to his private office. Mr. Mohr stated that Mr. Gitenstein had attempted to draw a chart of Mr. Hoover's office. Since that chart was a poor one, Mr. Gitenstein asked Mr. Mohr to draw a rough chart of the office, which Mr. Mohr did. Mr. Mohr recalls that he inadvertently omitted the supply room from the chart; which room, he said, would have been of little or no significance to the questioners since it contained only supplies and no files. Mr. Mohr said concerning the back door to Mr. Hoover's office, that interviewers were informed that persons visiting Mr. Hoover were not brought through this back door, which was for Mr. Hoover's use.

Miss Gandy was asked by Staff Members about the use of the conference room, who attended the conferences, and the purpose of the conferences. She said that Mr. Mohr explained that the Director at these conferences discussed with FBI officials matters regarding FBI administration and policy. She was also asked about the contents of bookcases in the conference room which contained criminal code volumes, ring binders of interesting cases, and miscellaneous books.

Miss Gandy was asked how many file cabinets were in her office. She answered that she could not be positive but she believed there were approximately ten or twelve cabinets of five drawers each. These cabinets were secured with special locks and the key was kept in a special locked key cabinet.

Miss Gandy was asked for the names of other employees in Mr. Hoover's office and she provided the names of Miss Edna Holmes, Mrs. Erma Metcalf, Miss Ruth McCord, Miss Nancy Ann Mooney and Mr. Ronald E. Thompson.

Miss Gandy was asked if the Office Manager, Miss Holmes, had files in her office and she answered,"no." She was asked if the Office Manager's secretary, Miss McCord, had files in her office and she answered that Miss McCord did have those files necessary to her supervision of office personnel and maintenance. She also explained the function of the office receptionist.

U. S. SENATE SELECT COMMITTEE ON INTELLIGENCE ACTIVITIES

RE: INTERVIEW OF HELEN W. GANDY

Miss Gandy was asked whether files were kept in the Telephone Room and answered that the only files kept there were background material necessary to the functioning of that office. She was asked if a record was kept of telephone calls and visitors to the Director. She replied that a daily log was maintained, and that these logs were permanently filed in the main Bureau files.

Miss Gandy was asked if files were kept in the office of the mail clerk, Miss Mooney. She answered "yes," and described these files as mainly photograph files and scrapbooks.

Concerning the mail in Mr. Hoover's office, Mr. Mohr said Mr. Gitenstein raised a question about "Expedite Processing" of mail, to which Miss Gandy replied that the personal and confidential mail for Mr. Hoover was handled by Miss Mooney and that she, Miss Gandy, was not aware of just how this mail was handled. Mr. Mohr said he explained to the questioners that this mail was received in the Routing Unit of the Records and Communications Division and was taken unopened to Miss Mooney, who opened it. The clerical employee who brought the mail then logged it and stamped "Expedite Processing" on the left-hand edge. Then, the clerical employee would take the log back to the Routing Unit and when the mail was subsequently returned to the Routing Unit for regular filing purposes, the item would be crossed off the log. Mr. Mohr said Mr. Gitenstein wanted to know if the "Expedite Processing" logs were maintained permanently and Mr. Mohr answered that to his knowledge the logs were not kept after the items on a particular log had been accounted for.

Mr. Mohr said that Miss Gandy was asked about procedures regarding Mr. Hoover's commitments and she explained that each morning the employees in the Telephone Room prepared a "commitment card" of Mr. Hoover's commitments for the day and this card was placed on Mr. Hoover's desk the first thing in the morning for his information. Miss Gandy told the questioners that she received a copy of the commitment card and that these cards were not retained permanently. Mr. Mohr said that it was explained to the interviewers that the Bureau had an instruction that items of a temporary nature were to be destroyed after they were 90 days old and Miss Gandy indicated to the interviewers that commitment cards were in this category. Mr. Mohr said Miss Gandy was queried at length as to just how Telephone Room employees got their information to make up the commitment card and she explained that all employees in Mr. Hoover's office made certain the Telephone Room employees were promptly advised of all Mr. Hoover's commitments as they were made.

Further, concerning the Telephone Room, Mr. Mohr said the interviewers were informed that calls for Mr. Hoover were received in the Bureau switchboard and were then referred to the Telephone Room in Mr. Hoover's office. The employees in the Telephone Room connected Mr. Hoover with the calls. Mr. Mohr said the interviewers asked whether the Telephone Room "screened" Mr. Hoover's calls and that they were informed that the Telephone Room did not "screen" them except for "nut" calls.

Miss Gandy said she informed interviewers, in response to questions, that she did receive calls from persons wishing to speak with Mr. Hoover and if he was in his office, the calls would be transferred to his Telephone Room. She said Mr. Gitenstein made a remark about a special telephone connection between Mr. Hoover and former Attorney General Robert Kennedy and also remarked that Mr. Hoover and former Attorney General John Mitchell also had a special telephone connection. Miss Gandy said she corrected Mr. Gitenstein immediately by informing him that no special telephone connection existed with any Attorney General except Attorney General Kennedy.

Concerning the OC files maintained in Mr. Hoover's office suite, Miss Gandy said she informed the interviewers that these files were kept in a locked file cabinet and occupied about one and one half or two file drawers. In answer to questions from the interviewers, Miss Gandy said she informed them that on the day of Mr. Hoover's death she spoke with Mr. Clyde Tolson, who was then Acting Director of the FBI, and with Mr. Mohr and asked to whom she should deliver the OC files and other Bureau material contained in Mr. Hoover's office.

Mr. Tolson instructed that the OC files and all other Bureau material such as interesting cases, monographs and manuals be delivered to Mr. Mark Felt who then was Assistant Director-Deputy Associate Director of the FBI. Miss Gandy said she was exhaustively questioned by Mr. Epstein as to whether she called Mr. Tolson or he called her and concerning Mr. Tolson's location at the time. Miss Gandy said she told Mr. Epstein that at this late date she had no idea who called whom but Mr. Epstein was assured that she and Mr. Tolson communicated. She was also asked when Mr. Tolson arrived at Mr. Hoover's house on the morning of Mr. Hoover's death. She answered that Mr. Tolson arrived there soon after Mr. Hoover's body was discovered. Miss Gandy said she asked the interviewers if they desired more details of that morning and was told that they did not.

Miss Gandy said she told the interviewers that Mr. Tolson's instructions were carried out. The OC files and the index cards pertaining to them and the other Bureau material mentioned above were placed in cartons and delivered to Mr. Felt. She was asked who delivered the cartons to Mr. Felt's office and answered that she believed that the delivery was handled by messengers or maintenance personnel, but indicated she was not certain about this.

Miss Gandy said she told the interviewers that as soon as Mr. L. Patrick Gray III was named to head the FBI, Mr. Felt brought him to the Director's office to afford him an idea of the office setup. After Mr. Gray indicated a very special interest in the files in her office, the contents of these files were explained to him and he was invited to view the contents. Mr. Gray did glance through a drawer and obviously was satisfied that they contained personal correspondence only and was also satisfied that the Bureau material had been delivered to Mr. Felt.

Miss Gandy said one of the interviewers remarked that there appeared to be more OC files than had been indicated and that a larger number had been given to Attorney General Levi. She responded that she would not know whether other files had been added to the group after they had been delivered to Mr. Felt. Mr. Gitenstein, she said, attempted to show her a pamphlet apparently containing testimony of the Attorney General which described certain of the files in question. Mr. Gitenstein asked her about specific cases in the OC files and she told him that after three years she would not presume to try to remember specifics. Mr. Gitenstein asked if there was a file containing reports from the Washington Field Office. She told him that she certainly would not remember such a file, if one existed.

Miss Gandy said there was much questioning about the index cards which pertained to the OC files. She told the interviewers that they were filed in one index file, that cards of a different color were used and that this index file was locked.

Miss Gandy said she told the interviewers that strictly personal correspondence of Mr. Hoover had been contained in the file cabinets in her office and that from time to time during the past fifty years, files which were no longer current were eliminated. Concerning the destruction of Mr. Hoover's personal correspondence, she told interviewers that on the day of Mr. Hoover's death, she advised Mr. Tolson of Mr. Hoover's expressed instruction that his personal correspondence be destroyed, that Mr. Hoover had begun a review of these personal files sometime prior to his death and that some of them had been already destroyed.

U. S. SENATE SELECT COMMITTEE ON INTELLIGENCE ACTIVITIES

RE: INTERVIEW OF HELEN W. GANDY

Miss Gandy said she told the interviewers that up until the time she left the Bureau, she continued to tear up the contents of Mr. Hoover's personal correspondence files and deposited the contents of the files in the "confidential trash" waste baskets. Mr. Mohr said Mr. Epstein wanted to know if a log was maintained of items placed in the confidential trash baskets for destruction. Mr. Mohr informed Mr. Epstein that it would be ridiculous to think that such a log could be maintained and Mr. Mohr advised him exactly how confidential trash is destroyed in the Bureau. Mr. Mohr said he informed Mr. Epstein of the Bureau files that were scattered over the streets of Southwest Washington as a result of the Department of Justice engaging in destruction of some of its files. Mr. Mohr said this reference permitted an immediate termination of any questions regarding the destruction of confidential trash.

Miss Gandy said she told interviewers she asked Mr. Gray if, in order to vacate the office as soon as possible for his convenience, she could have his approval to send to Mr. Hoover's house the personal correspondence files which could not be disposed of before the date of her retirement, so that she could finish the task there. Mr. Gray did not hesitate to give her this permission. Mr. Felt, who was present when she spoke with Mr. Gray in her office, suggested that a locked room, on the fifth floor, with a key only she would have, could be made available so the files could be disposed of without moving. Miss Gandy said that would not be necessary and Mr. Gray agreed. At this point Mr. Gitenstein asked Miss Gandy if she thought she might not be the only one with a key. Miss Gandy asked Mr. Gitenstein what he would have thought and she said Mr. Gitenstein smiled and said he would have thought that.

Miss Gandy said that at a point in the interview when the questioning appeared to be getting pretty far afield, she said to the interviewers that if they were trying to learn whether the OC files contained anything that would be used for political purposes, the answer was no and that she had never found the need to lie about anything.

Mr. Mohr said that Miss Gandy, when she was describing to the interviewers exactly how Mr. Hoover's personal correspondence files were destroyed, said she reviewed each item that she handled to make sure that it was not related to Bureau official business. Mr. Mohr said Miss Gandy had previously indicated that Mrs. Erma Metcalf had assisted her in destroying these files, but Miss Gandy did not mention that Mrs. Metcalf made the same type of review and Miss Gandy was not questioned regarding whether Mrs. Metcalf made such a review as she went through the files and helped destroy them.

Mr. Mohr said that during the interview a rather heated conversation occurred over some of the questions which seemed to be repetitious and irrelevant. Mr. Mohr said he told Mr. Gitenstein he felt it was high time the questioners quit "beating around the bush" and come to the point by asking Miss Gandy if she ever destroyed any official and confidential files. Mr. Gitenstein replied that they had a discrepancy concerning the OC files in that a reliable source had reported that Mr. Mark Felt had five two-drawer cabinets marked "O and C Files" in his office. Miss Gandy on the other hand told Mr. Gitenstein in response to a question that she had turned over to Mr. Felt after Mr. Hoover's death, as she recollected, one and one half drawers and possibly two drawers of OC files. Mr. Mohr said he explained to Mr. Gitenstein that Miss Gandy would have no way of knowing what files Mr. Felt had in his office and if there was a discrepancy, the person to resolve it was Mr. Felt, who Mr. Gitenstein had said had been interviewed by him and had been cooperative.

Mr. Mohr said he had previously explained to Mr. Gitenstein, in response to questions at the time Mr. Mohr was interviewed by Staff Members, that at the time Mr. William C. Sullivan had furnished the data of 17 White House telephone tapes to Mr. Mardian in the Internal Security Division of the Department of Justice, Mr. Hoover had instructed that any Assistant Director or Bureau official who had files in his office that he considered confidential and relating to the Bureau's work would immediately transfer such files to Mr. Felt and prepare a memorandum stating exactly what was transferred to Mr. Felt. Mr. Mohr said he told Mr. Gitenstein he, Mr. Mohr, had no idea how many files Mr. Felt collected as a result of Mr. Hoover's instruction. Mr. Mohr said it was interesting to note that he was not asked at any time whether he had turned over any files to Mr. Felt in connection with Mr. Hoover's instructions.

Mr. Mohr stated that Miss Gandy was asked during her interview whether there were any files of Mr. Hoover's personal correspondence in Mr. Hoover's former home at the present time and Miss Gandy replied,"no."

Mr. Mohr said Mr. Epstein questioned Miss Gandy at length concerning her title as "Executive Assistant." Mr. Epstein wanted to know when she acquired this title and she said she could not recall. Mr. Epstein asked whether anyone else at the FBI had occupied this position and Miss Gandy explained that she was the only employee with the title of Executive Assistant who had served under Mr. Hoover during his tenure in office. Mr. Epstein seemed to pay a great deal of attention to the title Executive Assistant and Mr. Mohr attempted to explain to him that the title was a Civil Service Commission (CSC) title and that Miss Gandy's position was set up under the Classification Act administered by the CSC. Mr. Mohr said he was not sure what was behind Mr. Epstein's lengthy questioning about this title, but Mr. Mohr got the impression that Mr. Epstein may have been trying to find out if Miss Gandy acted for Mr. Hoover on her own initiative. Mr. Mohr said this was just a guess on his part.

Miss Gandy said that at one point during the interview, the questions concerned Mr. Hoover's being advised of Bureau matters. She said the interviewers were told by her and by Mr. Mohr that Mr. Hoover was never out of touch with the Bureau, day or night, whether he was in town or out of town.

U. S. SENATE SELECT COMMITTEE ON INTELLIGENCE ACTIVITIES

RE: INTERVIEW OF HELEN W. GANDY

NOTE:

The original and one copy of this LHM is being furnished to the Attorney General. The copy is to be forwarded by the Attorney General to Mr. James A. Wilderotter, Associate Counsel to the President. Information in this LHM was taken from notes supplied by Mr. John P. Mohr and Miss Helen Gandy. These notes are attached to the file copy of this LHM.

~~J.~~ J. B. ADAMS
DEPUTY ASSOCIATE DIRECTOR

1a = drew a chart of Mr. H's office - identified people and things in large rm.

1. Expedite processing = how handled?

2. Executive Assistant = ?

3. O.C. Files were maintained in big Conf Rm in "black" folders. didn't mention supply rm. = oversight.

4. Destruction of Per Con files = Miss G. said she reviewed each item to make sure none related to Bu. Bus.

5. Miss Gandy explained a log was kept of all visitors seen by Mr. H. = also log was kept of all phone calls taken by Mr. H.

ALL INFORMATION CONTAINED
HEREIN IS UNCLASSIFIED
DATE 10-11-2000 BY SP2ALM/PP [illegible]

6. Asked re. Mr. H's Commandments = who Tel. Rm prepared + were they retained = no.

7. All calls to Mr. H. came thru the Director's phone rm.

8. Re. O.C. File = reliable source told them Felt had 5 - 2 drawer cabinets marked O C files - discrepancy? why not ask Felt. Also re. Files we had to [illegible] Felt

J. B. ADAMS
DEPUTY ASSOCIATE DIRECTOR

DEPARTMENT OF JUSTICE FEDERAL BUREAU OF INVESTIGATION

9. Are there any files - pers & corres. in Hoover's former home now = Miss Gandy - no.

10. Re. Confidential trash = Epstein wants to know if log was kept - since new.

11. Re back door = who used = any files in hallway - no.

Mr. Mohr.

I didn't mention the questions re expedite processing nor the close questioning re the Ex-Assistant title. You explained those items.

Hope I remembered enough.

May 15, 1975

Present at questioning - Mark Gitenstein
Mike Epstein
Martha Talley (morning session only)
John P. Mohr
Helen W. Gandy

ALL INFORMATION CONTAINED HEREIN IS UNCLASSIFIED DATE 10-11-2000 BY SP2ALM/sfe
MDR-16

The first questions concerned the set-up of the Director's office suite. Special interest was indicated in the rear exit of the suite and it was explained that this exit was used by the Director as it was most convenient to his private office. Mr. Mohr also mentioned the kitchen and lavatory, as the questioners appeared to be completely unfamiliar with the arrangement of the suite.

Next, the conference room was described and in answer to questions the use of the conference room was explained - also, information was given re the contents of the bookcases in this room, ie, miscellaneous books; the Criminal Code volumns; the ring binders of Interesting Cases.

Numerous questions were asked:

How often did the Director call conferences of the officials of the Bureau -
what were the purposes of these conferences -
just who attended them -
were they called by the Director - and was this at set and regular intervals.

Mr. Mohr explained that the Director from time to time, as he reviewed matters of policy and like matters that came to his attention, made notes which he discussed with the officials, giving them his ideas on these matters and in turn listening to their views. These sessions considered ~~xxxx~~ all matters re Bureau administration and policy.

Three; The physical set-up of the office of the Executive Assistant:

I was asked re the number of file cases in my office - I answered that I could not, at this date, be positive, but I believe there were approximately ten or twelve five-drawer cabinets -

What were the contents of these cabinets and where were the so-called o.c. files - were the o.c. files contained in combination locked cabinets -

I answered that all of the cabinets in my office were secured with special locks and key, and that the key was kept in a special locked key-cabinet in this office.

Questions-did I receive calls for the Director from his friends and others, and did I transfer them to his desk; did I make memoranda of such calls; did I keep a diary; (Mr. Gitenstein made a remark re a special telephone connection between the Director and "Bobby", apparently thought better of it, and remarked that Mr. Mitchell had such a connection)

ENCLOSURE 62-116395-319

He was immediately corrected by me to the effect that no such connection existed with Attorneys General other than Attorney General Kennedy.

I answered that I did receive calls from persons wishing to speak with the Director; that, if he were in his office, such calls would be transferred to the Director's Office telephone room to be connected with the Director if he should be in his office and could take the call. (Here Mr. Mohr explained in detail the system of handling telephone calls in the Director's office and the functions of the FBI telephone switchboard.)

It was explained that the file cabinets in my office contained strictly personal correspondence of the Director; that from time to time during the past fifty years files which were no longer current were eliminated.

Re the so-called o.c. files - it was explained that these files were located in one of the locked cabinets; that there were, possibly one and a half or two file drawers of these. In answer to questioning it was explained that on the day of Mr. Hoover's death I spoke with both Mr. Tolson, who at that time was Acting Director, and Mr. Mohr, and asked for instructions as to whom I should deliver the official-confidential files and other Bureau material contained in the Director's offices. I also advised Mr. Tolson of Mr. Hoover's expressed instructions that his personal correspondence be destroyed, and that he, Mr. Hoover, had begun a review of these personal files sometime previous to his death, and some already had been destroyed. Mr. Tolson instructed that the official-confidential files and all other Bureau material, ie, Interesting Cases; monographs, Manuals, be delivered to Mr. Mark Felt. (Here, I was asked where the Bureau material was kept and answered that bookcases in my office were used for this purpose.

I was exhaustively questioned by Mr. Epstein as to whether I called Mr. Tolson (and where he was located at the time) or whether Mr. Tolson called me. I told him that at this late date I had no idea as to who called whom, but that he was assured that Mr. Tolson and I communicated. I also was asked when Mr. Tolson arrived at Mr. Hoover's house on the morning in question and/he was told Mr. Tolson arrived after Mr. Hoover's body was discovered. (I asked if more details of that morning were desired and was told no.)

I explained that instructions were immediately carried out; the o.c. files, with the*index cards pertaining to them, together with the above mentioned Bureau material, was placed in cartons and delivered to Mr. Felt. I was asked who carried these cartons to Mr. Felt's office and said I could not at this date answer this but I believe they would have been carried by either messengers or maintenance personnel.

*There was quite much questioning here as to how and where the index cards were filed. It was explained that they were filed in the one index file, cards of a different color being used, and that this file also was locked.

In connection with the above authorizations it was explained that as soon as Mr. Gray was named as the new Director Mr. Felt brought him to the Director's office to afford him an idea of the office set-up; that Mr. Gray indicated a very special interest in the files in my office; that their contents were explained to him and that he was invited to view the contents. He did glance thru a drawer and obviously was satisfied that they contained personal correspondence only, and was also satisfied that the Bureau material had been delivered to Mr. Felt. One of the questioners remarked that there appeared to be more o.c. files than had been indicated; that a larger number had been given to Attorney General Levi...I remarked that I would not know whether other files had been added to the group after they had been delivered to Mr. Felt. Mr. Gitenstein then attempted to show me a pamphlet indicating what appeared to be testimony of the Attorney General describing certain of the files in question and asked questions re specific cases which were contained in the o.c. files. I told him I would not presume, after three years, to try to remember specifics. He asked if there were a file containing reports from the Washington Field Office. I told him certainly I would not remmember such a file, if one existed.

To questions regarding the destruction of personal correspondence files I explained that up until the time I left the Bureau I continued to tear up and deposit the contents of these files in the "confidential trash" waste baskets; (Mr. Mohr here explained this method of disposal.) that I had asked Mr. Gray if, in order to vacate the office as soon as possible for his convenience, I could have his approval to send to Mr. Hoover's house files which could not be disposed of before my date of retirement and finish the task there. He did not hesitate to give me this permission. (Mr. Felt, who was present when I spoke with Mr. Gray (in my office) suggested that a locked room on the fifth floor, with a key only I would have, could be made available so the files would be disposed of without moving. I said that would not be necessary and Mr. Gray agreed. At this point Mr. Gitenstein asked me if I thought I might not be the only one with a key. I asked him what he would have thought and he smiled and said he would have thought that.

Four: Questions were asked, in further connection with the set-up of the office and personnel.

The office of the Office Manager (Miss Holmes). Did she have file cases in her office. The answer was "no".

The office of the secretary to the Office Manager (Miss McCord) Were there files in her office and if so what did they contain. The answer was "yes" and the contents were material necessary for use by the Office Manager in connection with her supervision of the office personnel, ~~andxmaintainingxthe~~ and maintainance.

The reception room. The function of the receptionist was explained.

The telephone room. Here, again, close questioning re files kept in this office. Assurance was given that the only files kept here were background material necessary to the functioning of the office. Questions were asked if records were made of telephone calls and visitors to the Director. Information was given that a daily log was maintained, and it was described. Question was asked re where and how long the logs were maintained. Answer was that they were permanently filed in the main Bureau files. Mail clerk's (Miss Mooney) office. Were there files here? Answer was yes, mainly photograph files and also the scrap books.

The names of Miss Holmes - Mrs. Metcalf - Miss McCord - Ron Thompson and Miss Mooney were requested and given.

At one point during the sessions in being questioned re the Director's being advised of Bureau matters the questioners were told by both Mr. Mohr and me that Mr. Hoover never was out of touch with the Bureau, day or night, whether in town or out of town.

Also, I said at a point when the questioning appeared to be getting pretty far afield, if what they were trying to learn was whether there was contained in the o.c. files anything that would be used for political purpose, the answer was NO - that I had never found the need to lie about anything.

5/23/75

RE: MISS GANDY'S QUESTIONING BY SENATE SELECT COMMITTEE INVESTIGATING FEDERAL AGENCIES WITH INTELLIGENCE-GATHERING FUNCTIONS

Miss Gandy and I appeared before the staff of the subcommittee for questioning on May 15, 1975, our appointment being set for 10:30 a.m. The group consisting of Messrs. Gitenstein, Epstein and M. S. Talley immediately proceeded to the former Carroll Arms Apartment building which is now used as an office building by the U.S. Senate. We were taken to the sixth floor where we entered an empty office which contained telephone equipment, some chairs, and a desk.

Mr. Gitenstein had apparently drawn up a list of questions he wished to discuss with Miss Gandy and he referred to this list throughout the questioning period.

There is attached a rough draft memorandum consisting of four pages and dated May 15, 1975, which was prepared by Miss Gandy concerning her recollection of what transpired during the interview. The interview, incidentally, lasted until 1 p.m. when a one-hour break was taken for lunch. The session reconvened at 2 p.m. and was terminated at 3 p.m.

I am setting forth hereafter in numbered paragraphs items which I recollect transpired during the interview which should be helpful in embellishing Miss Gandy's memorandum.

ALL INFORMATION CONTAINED
HEREIN IS UNCLASSIFIED
DATE 10-1-2001 BY SP2 ACM/Bup
MDR-16

(1) During the early part of the questioning, Mr. Gitenstein attempted to draw a chart of Mr. Hoover's office in the Department of Justice building. He said he had previously visited Mr. Kelley's suite in the Justice Building. His effort at charting the office was poor at best and he requested my assistance. A rough chart was drawn showing Mr. Hoover's personal office on one end and Miss Mooney's office on the other end. In making up the chart I inadvertently left out the supply room which, of course, would have been of little or no significance to the questioners since this room contained supplies only and no files.

62-116395-318

ENCLOSURE

(2) Sometime during the interview, Mr. Gitenstein raised a question about "Expedite Processing" of mail and how it was handled in Mr. Hoover's office. Miss Gandy pointed out that the handling of personal and confidential mail for Mr. Hoover was handled by Miss Mooney and she, Miss Gandy, was not aware of just how this mail was handled. I explained that all personal and confidential mail received in the Routing Unit of the Records and Communications Division was taken unopened to Miss Mooney in Mr. Hoover's office where she opened this mail and the clerical employee who brought the mail down then logged it in and stamped the mail "Expedite Processing" on the left-hand edge. Thereafter the clerical employee would take the log back to the Routing Unit and when the mail was subsequently returned to the Routing Unit for regular filing purposes the item would be crossed off the log. Mr. Gitenstein wanted to know if the "Expedite Processing" logs were maintained permanently and he was informed that to my knowledge they were not kept after accounting for the particular items of mail contained on the particular log.

(3) Mr. Epstein questioned Miss Gandy at length concerning her title as "Executive Assistant." He wanted to know when she acquired this title and she said she could not recall. He wanted to know whether anyone else at the FBI had occupied this position and Miss Gandy explained that she was the only employee with the title of Executive Assistant who had served under Mr. Hoover during his tenure in office. Mr. Epstein seemed to pay a great deal of attention to the title Executive Assistant and I endeavored to explain to him that the title was a Civil Service Commission title and that Miss Gandy's position was set up under the Classification Act administered by the Civil Service Commission. Although I am not sure what was behind Mr. Epstein's lengthy questioning about this matter, I got the impression he might be trying to find out if Miss Gandy acted for Mr. Hoover on her own initiative. This is just a guess on my part and I am not sure what was behind his questioning.

(4) During Miss Gandy's description of the various offices, she did mention specifically the fact that the interesting case files were maintained on the shelves in the big conference room in black folders. They asked what the interesting case files consisted of and I explained this to their satisfaction; namely, that they were writeups of closed cases which might be of interest for various purposes.

(5) I should mention that Miss Gandy in describing exactly how Mr. Hoover's personal correspondence files were destroyed said she reviewed each item that she handled to make sure that it was not related to Bureau official business. She had previously indicated that Mrs. Erma Metcalf had assisted her in destroying these files but she did not mention that Mrs. Metcalf endulged in the same type of review and Miss Gandy was not questioned whether Mrs. Metcalf had made such a review as she went through the files and helped destroy them.

(6) Both Mr. Gitenstein and Mr. Epstein queried Miss Gandy at length about the log kept in the Telephone Room of all calls taken by Mr. Hoover. They also queried her at length concerning a log that was kept in the Telephone Room of all visitors to FBI Headquarters who were seen by Mr. Hoover. Miss Gandy explained that these logs, to her knowledge, were currently retained in the regular Bureau file room.

(7) Miss Gandy was asked regarding Mr. Hoover's commitments and she explained that each morning the employees in the Telephone Room prepared a commitment card of Mr. Hoover's commitments for the day and this card was placed on Mr. Hoover's desk the first thing in the morning for his information. Miss Gandy reported that she received a copy of this commitment card. She was asked whether these commitment cards were retained permanently and she replied in the negative. Somewhere along the line it was explained to the interviewers that the Bureau had an instruction that all items of a temporary nature, such as ticklers and the like were to be destroyed after they were 90 days old. Miss Gandy indicated these commitment cards would have come under this category for destruction. Miss Gandy was queried at length as to just how the Telephone Room employees got their information to make up the commitment card and she explained that all employees in Mr. Hoover's office made certain the Telephone Room employees were promptly advised of all of Mr. Hoover's commitments as they were made.

(8) In explaining the telephone set-up in the Department of Justice building as far as it related to the FBI, the Staff members were informed that calls for Mr. Hoover were received in the Bureau's switchboard and were then referred to the Telephone Room in Mr. Hoover's office and the employees in the Telephone Room handled the problem of connecting Mr. Hoover with the caller. They wanted to know whether employees in the Telephone Room screened Mr. Hoover's telephone calls and they were informed Telephone Room employees did not screen them except for "nut" calls.

(9) During a rather heated conversation in the afternoon about some of the questioning being done which seemed to be repetitious and

irrelevant, Mr. Gitenstein was told by me that I felt it was high time the questioners quit "beating around the bush" and came to the point by asking Miss Gandy if she had ever destroyed any official and confidential files. Mr. Gitenstein replied they had a discrepancy concerning the O and C files in that a reliable source had reported that Mr. Mark Felt had five two-drawer cabinets marked "O and C Files" in his office. Miss Gandy on the other hand told Mr. Gitenstein in response to a question that she had turned over to Mr. Felt after Mr. Hoover's death, as she recollected, one and one-half drawers and possibly two drawers of O and C files. I explained to Mr. Gitenstein that Miss Gandy would have no way of knowing what files Mr. Felt had in his office and if there was a discrepancy the person to resolve the discrepancy was Mr. Felt who Mr. Gitenstein had told me previously had been interviewed by him and had been cooperative. I had previously explained to Mr. Gitenstein in response to questions he asked me when I appeared before the Staff that at the time Mr. William C. Sullivan had furnished the data of the 17 White House telephone taps to Mr. Mardian in the Internal Security Division of the Department that Mr. Hoover had instructed that any Assistant Director or Bureau official who had any files in his office he considered to be confidential and relating to the Bureau's work were to be immediately transferred to Mr. Felt and a memorandum prepared concerning exactly what was transferred to Mr. Felt. I told Mr. Gitenstein I had no idea how many files Mr. Felt collected as a result of Mr. Hoover's instructions. It is interesting to note that I was not asked at any time whether I had turned over any files to Mr. Felt in connection with Mr. Hoover's instructions.

(10) Miss Gandy was asked whether there were any files of Mr. Hoover's personal correspondence in Mr. Hoover's former home at the present time. Miss Gandy replied no.

(11) At some point during the interview a reference was made to the confidential trash baskets maintained in the Bureau, to wit, the trash baskets with the painted rim on top. Mr. Epstein wanted to know if a log was maintained of items placed in the confidential trash baskets for destruction. I informed him it would be ridiculous to think that such a log could be maintained and he was advised exactly how confidential trash is destroyed in the Bureau. He was also informed of the Bureau files that were scattered over the streets of Southwest Washington as a result of the Department of Justice engaging in destruction of some of their files. This reference permitted an immediate termination of any questions along the lines of the destruction of confidential trash.

(12) Miss Gandy refers to the fact that questions were raised concerning Mr. Hoover's back door entrance. The questions concerning this back door were to determine just who used this back door entrance and its purpose. In addition to explaining it was immediately adjacent to the elevators at 9th and Pennsylvania Avenue which Mr. Hoover used to enter and exit the building, they were also ✓ advised that this was Mr. Hoover's private and personal entrance and that persons wishing to see Mr. Hoover were not brought through this back door.

The foregoing is submitted for information purposes and as an auxiliary record of Miss Gandy's appearance before the Staff of the Senate Select Committee on May 15, 1975, accompanied by me, John P. Mohr.

FROM : Legal Counsel

SUBJECT: 6 SENATE SELECT COMMITTEE on Intelligence activities

C

On 6/9/75, Mr. K. William O'Connor advised me that the Senate Select Committee would like to obtain access to Appendices A through E of the original Petersen Committee report on COINTELPRO. He advised that the Deputy Attorney General had requested him to determine by the morning of 6/10/75 whether the FBI would object to disclosing the Appendices to the Committee. Subsequently, Mr. O'Connor sent me a copy of a notehe addressed to the Deputy Attorney General dated 6/9/75, and its enclosure (a copy of a letter from Senator Church to the Attorney General dated 6/9/75), both of which pertain to the Senate Select Committee request to have access to Appendices A through E of the Petersen report. The letter also requests access to Appendices K and L for inspection by designated Committee staff at the Department of Justice. (Copies of these two are attached).

Previously, the Intelligence Division has been requested to review Appendices A through E which are summaries of the several CONINTELPRO programs. This memorandum should be referred to the Intelligence Division to indicate the need to expedite that review and to furnish appropriate recommendations to the Director concerning any objections the FBI should have to disclosure of the Appendices requested. In view of the urgency of the information furnished by Mr. O'Connor it is suggested that this memorandum serve as the authority for the disclosing of the requested Appendices in the absence of any strong objections by the Intelligence Division.

SEE ADDENDUM: INTD - PAGE 2

62-116009

ADDENDUM: INTELLIGENCE DIVISION 6/10/75 ABF:glw

Intelligence Division strongly feels Exhibits A through E should not be made available. These constitute work papers prepared on an expedite basis by Special Agents operating under the understanding their effort was of a rough draft nature which would be utilized by a committee of the Justice Department and FBI for an in-house investigation. The Agents preparing the documents never conceived that their effort would be subject to review outside of the Department and particularly outside the Executive Branch.

By letter dated 4/21/75 to the Attorney General it was pointed out these exhibits related to the internal deliberations of the Department and FBI representatives, some of the material in these summaries is classified and relates to sensitive operations and they should not be revealed. Also, Deputy Attorney General Lawrence Silberman in testimony before the Civil Rights and Constitutional Rights Subcommittee (Edwards Committee) on 11/20/74 indicated as regards these documents, "If we had thought it was appropriate to release the full discussion we would have done so at the time. There are a lot of internal working documents which go into the making of a final report."

Further, if these documents are released to the SSC, or if the Committee is allowed access to them, we would not then be in a position to deny access to them by the Edwards Committee or the House Select Committee on Intelligence (Nedzi). Should they be released and come within the public domain, we could then be in a position of violating individual rights of privacy and compromising sensitive investigative techniques and Bureau sources. We feel we should first go through these work papers and excise such items to avoid any such complication.

INTD recommends Legal Counsel advise Mr. O'Connor we strongly object to the release of the above Exhibits to the SSC. However, we recognize our objection may be overruled by the Attorney General; and if so, we would request we have an opportunity to make the excisions noted above prior to the Department turning the Exhibits over to the SSC.

Done: 6/11/75. O'Connor suggested excised material be prepared on expedite basis. I so advised Dave Ryan 6/11/75

June 9, 1975

TO: Harold R. Tyler, Jr.
Deputy Attorney General

FROM: Bill O'Connor

This letter follows up the dialogue described in my memo of June 5; Mr. Mintz advised me on June 9, that the Bureau would respond promptly with its views. I am supplying Mr. Mintz a copy of this letter for his file.

WASHINGTON, D.C. 20510

June 9, 1975

The Honorable Edward H. Levi
Attorney General
Department of Justice
Washington, D. C. 20530

Dear Mr. Attorney General:

Thank you for your letters of May 17 and May 23, 1975, informing the Select Committee of five additional COINTELPRO-type operations disclosed by the continuing FBI review of its counterintelligence files. The Committee appreciates your candor in disclosing the sensitive aspects of these programs. Pursuant to its rules, the Committee will handle this information with the necessary security.

I have been informed that a member of the Committee staff has inspected and taken notes on the 39-page report of the Petersen committee on COINTELPRO. I believe that our security arrangements are more than sufficient to safeguard the confidentiality of its contents. The Committee members themselves as well as the staff would be convenienced by its availability in our secure facilities.

I believe that it is vitally important for the Committee to be provided with Appendices A through E of that report. These documents will also be handled according to our stringent security arrangements. In addition, Appendices K and L should be made available for inspection by designated Committee staff at the Department of Justice. I understand that these appendices are not "raw files" of the FBI.

SUBJECT: COINTELPRO/Petersen Report

FBI
ALL INFORMATION CONTAINED
HEREIN IS UNCLASSIFIED
DATE 10-26-2000 BY SP2ALM/PLP
MDR-16

On June 4, 1975, Mr. Elliff of SSC reviewed the 39-page Petersen Report. Afterwards, he had a conference with me from 4:15 to 4:45. The conference resulted in a modification of the previous request. I told him I would be back in touch with him at an appropriate time. He also indicated a probable future course of action by the Committee.

The modification is as follows:

As to Appendices A-E (the summaries prepared by the FBI of certain COINTELPRO operations) Committee staff access is requested. Mr. Elliff advised that he understood that the FBI raw files question was most sensitive, and that he would propose to have staff of the Committee review these Exhibits, and, if the information in these Exhibits was not sufficient for their purposes, to then request an expanded summary of any particular topic summarized, without reaching the issue of access to the Bureau's "raw files".

As to F-J-Staff Assessments - he feels these are not of pressing present importance.

As to K-L (summary reports on espionage matters), he would like personal access; he does not view this as important as A-E above.

As to M & N (Criminal Division legal memoranda), these are not of immediate interest.

to Cleveland
DR'ed 6/10/75

cc: Maroney
✓Daly

62-116395-

Enclosure

62-116009
5-

As to O-FBI public statement - no interest.

As to P (the overall FBI recommendation), he would like personal access.

I discussed as an alternative, access to the initiating documents in the COINTELPRO matters; and that I would attempt to obtain those as an alternative solution to his inquiry. He said that he might be interested in those documents, but they were far less important to him than access to A-E. He reiterated his sensitivity to the question of raw files, and indicated a strong inclination to avoid the raw files question, proceeding by the proposed expanded summaries route if necessary, with expanded summaries to be prepared only in the event of specific questions being raised after staff access to A-E.

He then went on to state that he perceived a significance in the recommendation and proposals of the Petersen Report; and that he felt FBI and DOJ policies might be perceived as at loggerheads, although this was muted in the prose. He said that he felt sure that, at an appropriate time, the Committee would wish to explore, by AG testimony at SSC, the actions of the DOJ on the recommendation reflected in the report. I said that I understood his interest in that process.

My recommendation is that, in view of the retrenchment regarding "raw files", A-E be made available, under the conditions outlined above; I am furnishing a copy of this memorandum to Mr. Daly for dissemination to appropriate Executives of the Bureau, and to Mr. Maroney of the Criminal Division.

I believe a prompt decision as to A-E would be most helpful.

MEMORANDUM OF UNDERSTANDING

Subject: Procedures for Determining Eligibility for Access to Classified Information or Material on the Part of Employees of the Senate and House Select Committees on Intelligence Activities

The Federal Bureau of Investigation (FBI) will conduct background investigations at the request of the appropriate Committee Chairman of applicants and employees of the respective staffs of above-mentioned Committees, so that a determination can be made as to their suitability for employment and as to their trustworthiness for access to classified information in accordance with Executive Order 11652 and, where necessary, for access to compartmented information in accordance with the standards set forth in Director of Central Intelligence Directive 1-14.

The FBI will furnish a summary memorandum containing the results of its investigation to the appropriate Committee Chairman.

In the case of an applicant, or employee, the Committee Chairman will make a determination as to the person's suitability for employment.

No person shall be given access to any classified information or material unless such person has been determined

by the respective Chairman to be trustworthy and unless access to such information or material is necessary in the performance of the person's duties.

Where there is a question of trustworthiness for access to classified information, the Committee Chairman may wish to have the summary memorandum furnished to the Director of Central Intelligence (DCI) by the FBI, with a request for the DCI's advice. In all instances, the Committee Chairman will make the final determination.

DATE: 6-10-75

FROM : G. R. Steel

SUBJECT: SENATE AND HOUSE SELECT COMMITTEES ON INTELLIGENCE ACTIVITIES

Reference is made to the memorandum of Mr. W. O. Cregar to Mr. W. R. Wannall dated 6-3-75, concerning the above committees. Attached for approval was a revised draft of the Memorandum of Understanding concerning clearance procedures for Staff Members of captioned Committees. It was pointed out that in accordance with opinion expressed by John M. Clarke, Associate Deputy, Intelligence Community Staff, and Donald E. Moore, Chairman, Security Committee, U. S. Intelligence Board, a copy of the Memorandum of Understanding will not be furnished to Senator Church. The revised draft is to be furnished the Attorney General for his approval.

It is felt that we are confronted with a complex legal problem here and it would appear that if the Senate Select Committee is a party to the Memorandum of Understanding, it is entitled to a copy of such communication to prevent any misunderstanding in the future and to protect the FBI which has drawn up this Memorandum of Understanding.

Inserted in the revised draft are references to Executive Order (EO) 11652 and Director of Central Intelligence Directive (DCID) No. 1/14. Both are limited in their stated application to the Executive Branch and here their application is being extended to the Legislative Branch, which apparently has no established clearance procedure nor suitability for employment program. Of particular interest is that part of the "Personnel Security Approval Criteria" under DCID 1/14 which reads: "The individual shall be stable, of excellent character and discretion and of unquestioned loyalty to the United States."

CONTINUED OVER

ALL INFORMATION CONTAINED HEREIN IS UNCLASSIFIED

Memorandum to Mr. Cleveland
Re: Senate and House Select Committees
on Intelligence Activities

Referenced memorandum pointed out that Mr. Clarke and Mr. Moore were of the opinion that since Senator Church's Committee was already following the procedures outlined in the Memorandum of Understanding, and had completed the Committee Staff, it would be inappropriate to furnish a copy of the Memorandum of Understanding to Senator Church. How would the Senate Select Committee know it is following the procedures outlined in the Memorandum of Understanding if it does not have a copy? Does it have a copy of DCID 1/14 which has been, and possibly still is, classified?

The FBI has now received a request for a total of 122 investigations from the Senate Select Committee. This is many more than anticipated with all expenses absorbed by the FBI in connection with a function of the Legislative Branch. In addition, 16 requests have been received to date from the House Select Committee, Also the FBI has been asked by the Senate Select Committee to conduct additional investigation concerning Patricia Ann Monaco, already employed by the Committee, who admits living with Neal Stevens up to 4-75, and frequenting a lounge known as a hangout for prostitutes. Neal Stevens has said he engaged "in all forms of sexual activities" with Monaco. There is also the definite possibility that we will have to process many of these cases under the Freedom of Information Act and the Privacy Act of 1974.

To date notification has been received from the Director of Central Intelligence (CIA) that a total of 49 employees of the Senate Select Committee have been certified as meeting requirements of EO 10450 (Security Requirements for Government Employment) for access to classified information up to and including Top Secret. Of this number, 17 staff members have been briefed on compartmented information and an additional 5 staff members designated to receive compartmented information. From the above it is not clear that, as stated by Mr. Clarke and Mr. Moore, that the Senate Select Committee "had completed the Committee Staff."

It is noted that CIA refers to EO 10450 but the Memorandum of Understanding, as approved by CIA, does not refer to EO 10450.

Memorandum to Mr. Cleveland
Re: Senate and House Select Committees
on Intelligence Activities

RECOMMENDATION: That the recommendation in referenced memorandum of 6-3-75, with regard to not furnishing a copy of the Memorandum of Understanding to Senator Church be reconsidered.

NOTE:

Memoranda 6/17/75 and 6/23/75, W. O. Cregar to Mr. W. R. Wannall captioned "Senstudy 75" advised that the Senate Select Committee (SSC) has made several requests of the Bureau for information and documents relating to the so-called "Kissinger 17." This material is being made available to the Department with the caveats that the Government has not publicly admitted to 15 of the coverages involved and that some material contained in the file has been impounded by court order due to the Halperin (one of 17) civil suit. The decision as to whether or not the material prepared in response to the SSC's request is to be turned over to the Committee was left to the Department. As mentioned in above memoranda, Mr. O'Connor advised that he believed it necessary for a representative of his office to personally review the file in question before a knowledgeable determination could be made as to what material should be turned over to the SSC. In anticipation of the Department's request, Legal Counsel Division inquired of the Department's Criminal ~~Civil~~ Division as to whether the court order of impoundment would prevent such a review. On 6/20/75, it was ascertained that USDC Judge John Lewis Smith, who issued the impoundment order, gave court clearance to make the "Kissinger 17" file available to the Department for review as indicated above.

TO : J. B. Adams

DATE: April 23, 1975

FROM : Legal Counsel

SUBJECT: UNITED STATES SENATE SELECT COMMITTEE ON INTELLIGENCE ACTIVITIES

By memorandum dated April 18, 1975, we advised the Attorney General that one document (memorandum dated May 20, 1954, captioned "Microphone Surveillance") requested by captioned Committee originated with the Department and the determination as to whether or not it should be released to the Committee should be made by the Department. It was also pointed out to the Department this particular document, while it is classified, had been printed publicly by the United States Government Printing Office.

On April 22, 1975, Jack Fuller, Assistant to the Attorney General, telephonically advised the Department was declassifying the document and requested the Bureau declassify its copy.

Document declassified 4/28/75 by T.E. Burns per instruction. 4/28/75 KB

ACTION:

Intelligence Division declassify Departmental Memorandum captioned, "Microphone Surveillance," dated May 20, 1954.

ENCLOSURE

INSTRUCTIONS

- Type or print clearly in ink.
- Indicate classification of the abstract top and bottom.
- Date the abstract and put on any internal control numbers required.
- "FROM" entry should clearly identify the organization providing the information.
- If additions (as when a copy of document sent to SSC is later sent to HSC) or changes to a previously submitted form are necessary, submit a copy of the original abstract, with the change indicated.

SPECIFIC ITEM NO. 8. SUMMARY - enter brief narrative statement describing substance of information and showing relationship to Intelligence Community matters if appropriate. Any feedback or evidence of investigatory interests should be noted. Commitments made to supply additional information should be noted. Additionally, certain administrative information may be entered here, e.g., restrictions on review of a document, if document was paraphrased, whether interviewee is current or former employee, etc. If actual document or transcript is provided, that fact should be noted and no summary is required. Additional pages may be attached if necessary.

Hearings:

We are scheduled to testify 6-18-75, before the Senate Subcommittee on Internal Security of the Judiciary on Terrorism. Testimony for this hearing has been prepared by the Intelligence Division.

We anticipate having to testify before the Post Office, Civil Service Subcommittee on Postal Fees, Mail and Label Management. The necessary materials for the testimony have been gathered and as soon as a request has been received, the testimony will be prepared in final form. The testimony will concern mail covers.

The following Committees have indicated that they will request Bureau testimony in the near future:

The Senate Judiciary Subcommittee on Constitutional Rights (Tunney's Committee); Topic: S. 1427 - S. 1428 (Criminal Justice legislation); Briefing book has been prepared concerning this legislation.

House Judiciary Committee on Civil and Constitutional Rights; Topic: H. R. 61 and H. R. 62 (House version of S. 1427 and S. 1428 (Criminal Justice legislation)).

Senate Select Committee on Intelligence Activities; Topic: Bureau legal authority to conduct domestic and counterintelligence activities. Tentative testimony is scheduled for late June or early July. We will be furnished additional details by the Committee as to the various topics to be covered during this testimony.

RECOMMENDATION:

For information.

SUGGESTIONS FOR ADMINISTRATIVE AND LEGISLATIVE ACTION RELATIVE TO UNITED STATES INTELLIGENCE PROGRAMS

July 1975

Attached for your approval and forwarding to Mr. James A. Wilderotter, Associate Counsel to the President, is a response to a request received from Mr. Wilderotter for suggestions for administrative and legislative action relative to the United States intelligence programs.

Mr. Wilderotter's request was forwarded to the FBI in a May 30, 1975, communication from the United States Intelligence Board (USIB) Ad Hoc Coordinating Group, a copy of which is also being enclosed for your information.

Your concurrence in our response is requested.

The Attorney General

NOTE:

By memorandum from Legal Counsel to Mr. J. B. Adams dated 6/3/75 captioned "Senate Select Committee on Intelligence Activities," Legal Counsel Division transmitted an "Eyes Only" communication, dated 5/30/75, from the Executive Secretary of the USIB Ad Hoc Coordinating Group. In its communication, the USIB Group requested that recipients furnish Mr. James A. Wilderotter, Associate Counsel to the President, with suggestions for administrative or legislative action relative to United States intelligence programs.

In response to USIB's request on behalf of Mr. Wilderotter, INTD Supervisors have been canvassed for suggestions and results obtained incorporated in communication being attached for Attorney General's approval. Since USIB's communication was marked "Eyes Only," we have not specifically referenced this document in our response to Mr. Wilderotter. We are, however, providing copies of the USIB letter and our response for the Attorney General's records and for the Office of the Deputy Attorney General. The latter action would appear appropriate, since the Department of Justice was included among the recipients of the USIB letter, although Inspector John B. Hotis of the Legal Counsel Division was erroneously designated as the Departmental addressee by USIB.

The Honorable Edward H. Levi
The Attorney General
Washington, D. C. 20530

Dear Mr. Attorney General: Senstudy 75

The Select Committee proposes to interview the following employees of the Federal Bureau of Investigation and the Department of Justice with respect to the case of Douglas Durham, an informant employed by the Bureau prior to March 1975:

Joseph L. Hearsley
F.B.I. Des Moines, Iowa

John McFee
F.B.I. Omaha, Nebraska

Larry L. Astoki
F.B.I. Des Moines, Iowa

The Committee has authorized the staff to conduct an investigation of matters pertaining to the above-named informant. Preparations will be made to interview the above-named employees in St. Paul and Des Moines. Liaison officials at the Bureau and the Department of Justice will be contacted shortly by Patrick Shea of the Select Committee staff with regard to the details of these interviews.

This investigation may involve specific allegations of abuse or other controversial matters where there is reason to believe improprieties may have occurred. It is not anticipated that these interviews will be monitored by the Bureau or the Department of Justice, as they will relate to alleged abuses falling within the mandate of the Committee pursuant to Senate Resolution 21.

Sincerely,

Frank Church

REC-102

This is to record assignments of FBI representatives to coordinate with Intelligence Community Staff (ICS) Task Force (TF) leaders on ICS TFs for which FBI does not have primary responsibility.

My memorandum to you 6/17/75 reported upon a 6/13/75 meeting chaired by Mr. James Wilderotter, Associate Counsel to the President, to discuss the functions of TFs in connection with investigation of the intelligence community by the Senate Select Committee (SSC). An enclosure to that memorandum listed the various TFs and indicated those regarding which the FBI was expected to be involved with. We were asked to designate a specific individual who would coordinate with the TF leader of TFs which were not assigned to FBI representatives. The following designations are proposed:

Subject	Principal Agency	TF Leader	FBI Representatives
Electronic surveillance and warrantless wiretap	Justice	George Calhoun IDS 187-4401	J. W. Dalseg
Use of proprietary organizations	CIA	Erich Isenstead Green 3140	W. A. Branigan
Mail cover and intercept	Justice	Phil White IDS 187-4674	J. P. Lee

Memorandum to Mr. W. R. Wannall
Re: SENSTUDY 75
62-116395

Subject	Principal Agency	TF Leader	FBI Representatives
Watch list	DoD	Benson Buffham ~~(NSA) 688-7222~~	R. L. Shackelford
Domestic surveillance	Justice	John Martin IDS 187-4555	J. G. Deegan

To date, "Notices" from the SSC specifically defining the areas to be covered under above topics, have not been received. They are to be sent to the TF leaders who will then contact our representatives as needed. Attached for the information of each of the above designees are single copies of aforementioned 6/17/75 memorandum, explaining the TFs, and ICS memorandum 6/10/75 showing TF assignments as of that date.

ACTION:

With your approval, the ICS Steering Group will be informed that the aforementioned FBI personnel have been designated to assist in the listed TFs.

UNITED STATES SENATE SELECT COMMITTEE TO STUDY GOVERNMENTAL OPERATIONS WITH RESPECT TO INTELLIGENCE ACTIVITIES

RE: DOCUMENTS PERTAINING TO THE "HUSTON PLAN," COINTELPRO, AND OTHER PRACTICES AND PROGRAMS

COINTELPRO

ALL INFORMATION CONTAINED
HEREIN IS UNCLASSIFIED
DATE 9-28-2000 BY SP2ALM/
MDR-16

Reference is made to memorandum from captioned Committee dated May 14, 1975, and the appendices thereto, which contained requests for information from the Federal Bureau of Investigation (FBI). Item 20, Part II, Appendix C, requested a list of any Cointelpro-type activities, as defined in the prepared statement of Attorney General Saxbe before the House Judiciary Committee on November 20, 1974, which were engaged in by the FBI subsequent to April 28, 1971, be provided.

In response to this request, it is noted all Counterintelligence Programs (Cointelpros) were discontinued by FBI Headquarters airtel to Albany, with copies to all field offices, dated April 28, 1971. Specifically, this communication listed seven Cointelpros. In addition to the seven mentioned in the April 28, 1971, airtel, subsequent reviews at FBI Headquarters disclosed five additional Cointelpros. In this context, it should be noted several of the 12 Cointelpro operations related to FBI activities in the foreign counterintelligence field.

FBI Headquarters airtel April 28, 1971, discontinuing the Cointelpros noted as follows, "In exceptional instances where it is considered counterintelligence action is warranted, recommendations should be submitted to the Bureau under the individual case caption to which it pertains. These recommendations will be considered on an individual basis."

Documents Pertaining to the "Huston Plan,"
Cointelpro, and Other Practices and Programs

A review of all of our files which have been referred to as Cointelpro files revealed no Cointelpro-type activity since April 28, 1971.

In foreign counterintelligence operations the objectives are detection, penetration and, finally, neutralization of intelligence operations directed against the United States by foreign intelligence services or other hostile elements. Various neutralizing techniques are employed against such services and elements, their officers and their agents in the United States. Among these are double agent operations, disruption, disinformation, penetrations, recruitments, persona non grata action, visa denial and, in rare instances when conditions allow, prosecution. Thus, it can be seen that so-called "Cointelpro-type" techniques are, and always have been, an integral part of our foreign counterintelligence efforts, whether they were practiced in individual cases or under the aegis of a formalized program. This is a critical distinction to be made between our foreign counterintelligence operations and operations conducted in the domestic security field.

In an effort to comply fully with the request to provide a list of any Cointelpro- type activities engaged in subsequent to April 28, 1971, in addition to the review of Cointelpro files noted above, personnel of the Intelligence Division were contacted during the week of June 2-6, 1975, to determine if any had knowledge of any such actions. Excepting foreign counterintelligence operations, the results of this inquiry were negative.

NOTE:

See letter to the Attorney General, dated 6/23/75, captioned "United States Senate Select Committee on Intelligence Activities," prepared by DR:pld.

It is noted in one instance one individual alluded to the TARPRO disinformation-type operation which has been directed against the Soviet intelligence service as being of a Cointelpro character. It is not believed this latter technique constitutes the type of information sought by the Committee.

RE: FURTHER DOCUMENTS PERTAINING TO
THE FBI AND DEPARTMENT OF JUSTICE

POLICIES AND PROCEDURES

Reference is made to letter dated May 14, 1975, with attached appendices requesting certain documents and other information from the FBI.

Item number 3., Part I, Appendix B of referenced communication requested all general policy memoranda and other materials not already provided the Committee pertaining to internal security, intelligence collection, and/or counterintelligence matters, operations, and activities for the period 1960 to the present.

The above request has already been satisfied by our previous response to other requests contained in the referenced letter and its appendices. We are making specific reference to those responses which furnished the Committee access to the Manual of Rules and Regulations, the Manual of Instructions, the SAC Letters and Memoranda covering the period from 1960 to the present, and pertinent policy memoranda and other representative communications culled from the 100-00 file.

UNITED STATES GOVERNMENT

Memorandum

TO : Mr. W. C. Sullivan
DATE: 4/23/70

FROM : R. D. Cotter

SUBJECT: FBI INTELLIGENCE LETTER FOR THE PRESIDENT

This memorandum recommends that we extend our dissemination of the FBI Intelligence Letter (Inlet) to include Vice President Agnew.

Inlet is outgrowth of Director's personal suggestion for a channel of high-level intelligence directly to the President. It has provided medium for furnishing President sensitive and top-level data in which he would have direct interest and has been disseminated only to President and Attorney General. Since first Inlet issued 11/7/69, we have prepared 36 issues which have summarized 120 individual items of significance on a wide range of topics, including racial violence, New Left intrigue, Soviet and communist bloc espionage, and important foreign intelligence data. Material is presented in a one-page format tailored to the President's convenience.

Vice President Agnew in recent conversations with the Director has indicated a keen interest in the information the Bureau has been furnishing him in recent months regarding domestic and foreign subversion. It is obvious the Vice President is relying on the Bureau as a key source of information. In view of Mr. Agnew's vital interest in these matters and the high position he occupies, it is believed we should at this time include him in dissemination to Inlet.

ACTION:

If the Director approves, the Vice President will be included in future dissemination of this material.

SAC, Albany 12/26/72

For the Acting Director, FBI (65-73268)
W. Mark Felt
Acting Associate Director

FBI INTELLIGENCE LETTER
FOR THE PRESIDENT
CODE NAME "INLET"
RESEARCH MATTER

ReBulet 11/26/69.

Referenced letter instructed all field offices to furnish the Bureau high-level intelligence data in the security field which was to be furnished to the President and the Attorney General on a continuing basis. All such communications were to be flagged with the code name "Inlet" in the caption.

Since the inception of this program an evolution in policies and practices has occurred and, currently, the information specified in referenced letter is furnished by each field office in form suitable for teletype dissemination to The White House and the Attorney General as well as other interested agencies of the Government. Accordingly, the "Inlet" program has, for all practical purposes, been rendered obsolete and the Bureau is now formally rescinding instructions set forth in referenced letter.

The termination of the "Inlet" program does not relieve the responsibility of all offices to be alert for the intelligence data specified in referenced letter and to submit this information in a timely manner by teletype and in a form suitable for dissemination.

UNITED STATES GOVERNMENT

Memorandum

: Mr. E. S. Miller DATE: 2/2/73

OM : T. J. Smith

BJECT: FBI INTELLIGENCE LETTER FOR
THE PRESIDENT, CODE NAME "INLET"
RESEARCH MATTER

ALL INFORMATION CONTAINED
HEREIN IS UNCLASSIFIED
DATE 4-28-2000 BY SP2ALM/BJB
MDR-16

The FBI Intelligence Letter for the President was instituted in November, 1969, pursuant to then FBI Director J. Edgar Hoover's instructions to keep the President fully informed of significant intelligence developments within the purview of the Bureau's security responsibilities. Dissemination was restricted to the President, the Attorney General, and later, the Vice President.

By letter dated November 26, 1969, all FBI field offices were advised to flag information obtained in our investigations important enough for the President's interest with the code word "INLET." This was to include:

1) Information of national or international significance which is security related.

2) Important current or pending developments in major security cases.

3) Current information which is representative of or calls attention to a significant developing intelligence trend.

4) Material which has a bearing on national security, particularly that from sensitive and/or penetrative coverage of foreign establishments, which could affect American relations with foreign countries, or assist in formulating United States policy.

5 FEB 16 1973

5) "Inside" information concerning demonstrations, disorders, or other civil disruptions which is of more than local significance.

6) Items with an unusual twist or concerning prominent personalities which may be of special interest to the President or the Attorney General.

Memorandum to Mr. E. S. Miller
Re: FBI Intelligence Letter for the President Code Name "INLET"

The FBI had, through several Administrations, furnished various Presidents and Attorneys General important intelligence matters on an individual basis. The Intelligence Letter served to consolidate this information into one document. By August, 1970, changes in our communications capability, including the ability to afford immediate teletype dissemination of intelligence data to The White House and the development of other reporting procedures such as the Summary of Extremist Activities, made the Intelligence Letter no longer necessary. Items submitted for this Letter by the field were disseminated in these other ways. In December, 1972, the use of the code word "INLET" was discontinued and field offices so advised. The field was also advised, however, they had the responsibility to be alert for this type intelligence data.

ACTION:

For information.

UNITED STATES GOV RNMENT

Memorandum

TO : Mr. DeLoach

DATE: 11/20/69

FROM : W. C. Sullivan

SUBJECT: FBI INTELLIGENCE LETTER
FOR THE PRESIDENT

This is to recommend that attached letter be approved for sending to all field offices to advise them of the initiation of captioned intelligence letter and to furnish them instructions for the submission of material suitable for use in this letter. Transmission of captioned letter to the President on a continuing basis has been approved in accordance with the Director's instructions to keep the President fully informed of significant intelligence developments within the purview of the Bureau's security responsibilities.

RECOMMENDATION:

That the attached letter be approved for field-wide dissemination. If approved, this memorandum should be returned to the Research-Satellite Section, Domestic Intelligence Division, for further processing of enclosure.

Captioned letter has been initiated at the Bureau to furnish high-level intelligence data in the security field to the President and the Attorney General on a continuing basis. This letter will not be a vehicle for routine dissemination; rather it will be comprised of information obtained in connection with our investigations which has the qualities of importance and timeliness necessary to secure the President's interest and to provide him with meaningful intelligence for his guidance. Mere rumors or nebulous information will have no place in this letter.

It will be the responsibility of each field office to furnish the Bureau on a continuing basis intelligence items suitable for this letter. Each office must, in the course of its normal business and submissions of information to the Bureau, be alert to flag specific items for this purpose. For your guidance the following are suggested types of information (not all-inclusive) that would be appropriate for this intelligence letter:

(1) Information of national or international significance which is security related.

(2) Important current or pending developments in major security cases.

(3) Current information which is representative of or calls attention to a significant developing intelligence trend.

(4) Material which has a bearing on national security, particularly that from sensitive and/or penetrative coverage of foreign establishments, which could affect American relations with foreign countries, or assist in formulating United States policy.

2 - All other Offices

RESEARCH-SATELLITE MATTER

(5) "Inside" information concerning demonstrations, disorders or other civil disruptions which is of more than local significance.

(6) Items with an unusual twist or concerning prominent personalities which may be of special interest to the President or the Attorney General.

All information submitted to the Bureau by your office in investigations concerning old-line subversive organizations, new left groups, racial matters, hate groups, and espionage and counterintelligence matters should be carefully reviewed daily for any items deemed pertinent to this intelligence letter. Communications containing such items should be submitted by the most expeditious means warranted and should be flagged with the code name "Inlet" after the title and character. In those instances where an airtel or letter is used, an additional copy should be furnished the Bureau.

These instructions are to be implemented immediately. It is absolutely essential that a steady flow of quality intelligence data be received from all field offices to make this letter a success. Your submissions will be closely followed at the Bureau to insure this matter is receiving proper emphasis and attention.

U. S. SENATE SELECT COMMITTEE TO STUDY GOVERNMENTAL OPERATIONS WITH RESPECT TO INTELLIGENCE ACTIVITIES (SSC)

RE: TESTIMONY OF RETIRED FBI SPECIAL AGENT (SA) ROBERT R. NICHOLS BEFORE SSC EXECUTIVE SESSION

Set out below are the facts known to the FBI concerning sworn testimony given to the SSC by Mr. Robert R. Nichols who served as an SA of the FBI from January 6, 1947, until his retirement May 12, 1972. This information is as voluntarily furnished to the FBI by Nichols.

CIRCUMSTANCES PRELUDE TO TESTIMONY

On May 28, 1975, Nichols telephonically advised the FBI that SSC Staff Member Lester B. Seidel had requested, and Nichols agreed, to travel to Washington, D. C., from Atlanta, Georgia, to be interviewed in the Committee's offices. Seidel indicated the interview would concern Martin Luther King, Jr., Stanley David Levison, and related matters. Nichols was unable to advise whether it would be a staff interview or an appearance for testimony purposes before an Executive Session of the Committee. He was not told by Seidel that his appearance would be pursuant to a subpoena. Nichols requested that the FBI make available a representative so that Nichols might consult with him during the interview, if necessary. Nichols was informed that the presence of a Bureau representative should not be interpreted as the FBI furnishing counsel but that the representative would merely assist Nichols in determining whether a specific question should be answered or whether a response could properly be declined because it falls within one or more privileged areas. He was told these areas covered information

301

which might compromise a source; information which might divulge a sensitive investigative technique or method; information which might divulge what had been furnished the FBI by other Government agencies and/or foreign intelligence sources; and information which might adversely affect an ongoing investigation. It was pointed out to Nichols that if he so desired, he could obtain private counsel. He was invited to obtain additional personal briefing on the early morning of May 30, 1975, before his appearance before the SSC, from the Legal Counsel Division and the Intelligence Division of the FBI.

Early on the morning of May 30, 1975, Nichols was briefed by the FBI, including advice to him that his employment agreement with the FBI was being waived for the purposes of the interview by the SSC to the extent that it pertained to King, Levison and the Southern Christian Leadership Conference (SCLC), the organization which had been headed up by King. Nichols was reminded of the areas of privilege and, at his request, was accompanied to the SSC offices by SA Seymor F. Phillips of the FBI.

At the SSC offices, Nichols and Phillips met Mr. John Bayly of the office of the Minority Counsel of the Committee who indicated that the interview would be under oath. Staff Member Seidel then appeared and inquiry was made of him by Phillips as to whether the interview would be under oath, it being noted that it was only then, after appearing at the SSC offices, that Nichols and Phillips became aware of the oath aspects of the interview. When Seidel said that Nichols would be interviewed in an Executive Session, Phillips asked that he be permitted to confer with FBI Headquarters as it would require clearance from the

Attorney General (AG) before Nichols would be able to testify. Such AG clearance was immediately obtained telephonically through FBI Headquarters and Phillips advised Nichols, Seidel and Mr. John Smith, of the office of Senator Walter D. Huddleston of the Committee that clearance for the interview had been obtained from the AG provided the interview was within the scope of the aforementioned areas. Phillips further indicated that if Nichols believed the interview was outside the scope, he could invoke 16.22, Code of Federal Regulations. Arrangements were made for the Executive Session to take place in the nearby old Carroll Arms Hotel while Phillips remained at the SSC offices in the event he was needed for consultation purposes.

The Executive Session took place in Room 607 of the old Carroll Arms Hotel and lasted approximately for the period from 10:40 a.m., to 1:15 p.m. Present in addition to Seidel, Bayly and Smith, were a male reporter and Senator Huddleston who administered the oath to Nichols, remained about twenty minutes and who asked only a few questions. At the outset of this session, Seidel furnished Nichols the Rules of Procedure of the SSC, including Senate Resolution 21. Nichols was permitted to look at the Rules of Procedure and after a brief review, he told Seidel he was satisfied as to the SSC authority and that they could proceed with the questioning. Nichols was advised of his rights, including that to counsel.

TESTIMONY OF ROBERT R. NICHOLS

The following reports the questions and answers as furnished by Nichols, but not necessarily in chronological order.

~~CONFIDENTIAL~~

U. S. Senate Select Committee to
Study Governmental Operations With
Respect to Intelligence Activities (SSC)

Re: Testimony of Retired FBI
Special Agent (SA) Robert R.
Nichols Before SSC Executive Session

Nichols was questioned about the communist background of Levison. He replied that he could not discuss this matter because it would jeopardize an FBI source. Nichols indicated that he did not know the identity of the source. Seidel, who did most of the questioning throughout the session, then asked Nichols a series of questions attempting to determine whether the source was a technical one, a foreign one, a "Soviet" one, also naming several other types. Nichols' answer in each case was that he did not know. At one point, Seidel claimed that Nichols had said it was a foreign source. Nichols then stated he did not recall having so stated and that if he had so stated, it was wrong as he did not know the source. Seidel then asked how Nichols knew that the information he had would disclose the source if he was unaware of the source's identity. Nichols responded that inasmuch as he knew in advance the interview would include the subject of Levison, he had asked Phillips of the FBI what he could discuss about Levison. Nichols then related that Phillips had asked Nichols what he knew or recalled about Levison's background and that when he gave Phillips certain information, Phillips told him that that information would possibly identify the source and, therefore, would be privileged. (The Nichols-Phillips exchange referred to here took place during the early morning of that same day, May 30, 1975).

Re: Testimony of Retired FBI
Special Agent (SA) Robert R.
Nichols Before SSC Executive Session

Court Seal [JFK Law 10(a)1]

Seidel questioned Nichols concerning alleged harassment of King by the FBI and mentioned such specific allegations as the following: Sending of a tape recording to Mrs. King; anonymous telephone calls to attempt to cancel press meetings by King; false fire alarms; and furnishing of information about King to the clergy and the news media, including an Atlanta editor, Ralph McGill. In each instance during this phase of the questioning, which Nichols described as rather extensive by Seidel, Nichols answered that he did not participate in any such actions and was unaware that any such things were being done. He also told Seidel that he knew of no COINTELPRO (counterintelligence) activity on the part of the FBI against King.

Nichols was asked if he had contacts at Atlanta, Georgia, Police Department (PD) in the King investigation which Nichols acknowledged he had been assigned to in 1964. Nichols answered that he had confided in one detective in the security detail of the PD and on the urging of Seidel, Nichols furnished the detective's identity as Sergeant Bobby Moore.

Re: Testimony of Retired FBI
Special Agent (SA) Robert R.
Nichols Before SSC Executive Session

Nichols was questioned as to what type of investigation concerning King was conducted besides the use of a technical surveillance. Nichols replied that he had attempted to initiate action to infiltrate the SCLC with live informants but that every one of his suggestions along this line was turned down by FBI Headquarters. Nichols furnished the reason for these rejections as being that the FBI did not want to interfere with civil rights organizations but indicated that the Bureau had never told him this in the rejections and that it was his own rationale. Nichols indicated that from time to time spot physical surveillances would take place in Atlanta to verify contacts between King and individuals known or suspected of being communists. During this phase of the interview, Seidel mentioned the name of Harry Wachtel and Nichols acknowledged he was one of King's contacts. In response to a question as to whether or not trash or mail covers were used against King, Nichols responded that they were not.

Inquiry was made as to why so much reliance was placed by the FBI on technical coverage of King and so little was done in the way of physical surveillances. Seidel pointed out that a technical surveillance of an individual was a greater infringement of his privacy than was a physical surveillance. Nichols responded that the Bureau did what it felt was necessary to get the information it needed. Seidel then asked Nichols how he would personally feel about a technical surveillance on him, Nichols. Nichols' response was that he would rather have his phone tapped than to always be followed around.

Nichols was questioned concerning the authority for the technical surveillance of King and how Nichols would learn of such authority. Nichols explained that he would be

~~CONFIDENTIAL~~

called into the office of the Special Agent in Charge and told that advice from the Bureau had been received that the technical surveillance was authorized. When inquiry was made concerning the mechanics of installing the surveillance, Nichols answered that he had nothing to do with this phase. On questioning, Nichols discussed the monitoring plant he had set up with a cover company and Nichols gave the general location of the plant. Nichols indicated that he did not know who actually made the installation and was asked if an Al Miller was the sound man in the office. Nichols acknowledged that he was and when asked if Nichols had monitored the surveillance, Nichols indicated he had on a spot basis.

Nichols was questioned and furnished information of a biographical and personal nature. It included such things as the period of time he was assigned in Atlanta, the period of time assigned security work, the King case and criminal work, as well as when and why he had been transferred from Atlanta to Oklahoma City. Seidel brought up the matter of Nichols' testimony in Houston, Texas, in connection with an FBI case concerning the heavyweight boxer Cassius Clay. On questioning, Nichols acknowledged he had been transferred to Oklahoma City because of what the Bureau considered his deficiencies in his testimony in that case. Seidel inquired as to what actually Nichols had done wrong and Nichols replied that he had received a letter of censure but had thrown it away and cannot now recall the specific deficiencies for which he was censured. He only recalled that his testimony was considered not up to Bureau standards. Seidel then asked, "What are the Bureau standards? Didn't you tell the truth?" Nichols responded that there was no question as to the truthfulness of his testimony, that he had told the truth.

~~CONFIDENTIAL~~

U. S. Senate Select Committee to
Study Governmental Operations With
Respect to Intelligence Activities (SSC)

Re: Testimony of Retired FBI
Special Agent (SA) Robert R.
Nichols Before SSC Executive Session

Nichols was questioned about his contacts with another retired FBI Agent, Alan Sentinella, to whom the King case was assigned after it had been handled by Nichols. Nichols was asked if he had discussed his forthcoming testimony with Sentinella who resides in Atlanta. Nichols acknowledged that he had had a discussion with Sentinella but that they had both purposely avoided any discussion of the substance of Nichols' testimony-to-be and the testimony which Sentinella had already given the SSC. They discussed only procedural aspects as Nichols wanted to have some idea in advance as to what might be expected in any trip to Washington to testify. It was Nichols' impression that Seidel thought that Nichols was holding out some information on this matter.

On at least three occasions Seidel inquired of Nichols as to whether he had discussed his forthcoming testimony with Charles Harding of Atlanta, a retired FBI Agent who had also been acquainted with the King case in 1964. On each occasion, Nichols denied that he had had any discussion with Harding on this matter.

Nichols was questioned as to whether the technical surveillance on King was justified and his response was that it was justified. When asked why, Nichols stated that there was considerable evidence of communist influences on King inasmuch as King was receiving much advice in his work from Levison and other communists. Seidel asked if they included Jack O'Dell and Harry Wachtel and Nichols acknowledged that it did. When Nichols was asked as to whether or not he had developed any information as to the communist background of Levison, O'Dell or Wachtel, Nichols responded that he had not and that the information was developed by others.

~~CONFIDENTIAL~~

At one point, when Seidel asked about alleged harassment by the FBI, Nichols told him of FBI investigations of church burnings in South Georgia and that the Bureau recognized outstanding work by its Agents in this field and that some of the Agents, including Nichols, had received meritorious awards. Nichols indicated that he had been commended for his work generally in civil rights investigations.

When asked about what the FBI was doing in the King case besides use of wiretaps, Nichols advised that he had attended a conference at FBI Headquarters to explore avenues of investigation that might be pursued in the King case. The objective was to discuss ways of better determining the extent of the communist influences on King. Nichols furnished the names of the following FBI personnel as attending the conference: Agents Henry Rouse and Nichols from Atlanta; and from FBI Headquarters, Assistant Director William C. Sullivan, and Agents Larry Gurley and Fred Baumgardner. (Nichols advised that also attending the conference was a Bureau official, Joseph Sizoo, but that he did not furnish this name during his testimony as he did not then recall his presence at the conference). Nichols told the SSC that he could not remember what decisions were made at the conference.

Nichols was questioned concerning a dispute between King and former FBI Director Hoover which had been aired by the news media. Nichols was asked if the dispute was the reason for technical coverage of King and Nichols answered that he was convinced that that was not the reason for the technical coverage; that such coverage was otherwise fully justified. Nichols pointed out that the investigation of King was initiated before the dispute although it was his recollection that the technical coverage started after the dispute.

~~CONFIDENTIAL~~

U. S. Senate Select Committee to
Study Governmental Operations With
Respect to Intelligence Activities (SSC)

Re: Testimony of Retired FBI
Special Agent (SA) Robert R.
Nichols Before SSC Executive Session

Attempt was made by Seidel to question Nichols concerning FBI investigation of the Student Nonviolent Coordinating Committee but Nichols refused to discuss the matter on the basis it was outside the parameters of the testimony.

Nichols was questioned concerning an alleged visit of William C. Sullivan to Atlanta to see the newspaper editor, Ralph McGill. This discussion was initiated in the context of the allegation that the FBI furnished information about King to the news media. Nichols responded that he did not remember Sullivan ever coming to Atlanta.

Nichols was asked if he knew about the writing of a monograph about King by an FBI Agent named Charles Brennan. Nichols responded that he did not know of this.

Nichols advised that he was offered the opportunity to make a statement at the beginning of his testimony but declined to do so. He was given the same offer at the close of his testimony and he made a statement to the following effect. Nichols believed that the Bureau had always conducted the King investigation with the objective of determining the extent of communist influences on King and on the SCLC and that the only way to make a determination as to the full extent required technical coverage. Nichols pointed out that the Bureau never interfered in the legitimate civil rights activities of individuals or organizations or harassed such people and that it was Nichols' belief that FBI personnel were doing what they were being paid for when they conducted legitimate investigations revolving around communism and communist influences in civil rights activities.

~~CONFIDENTIAL~~

~~CONFIDENTIAL~~

U. S. Senate Select Committee to
Study Governmental Operations With
Respect to Intelligence Activities (SSC)

Re: Testimony of Retired FBI
Special Agent (SA) Robert R.
Nichols Before SSC Executive Session

Also at the conclusion of the testimony, Nichols was told that a draft of the testimony would be made available for him to review for editing purposes. The SSC would telephone Nichols who was returning to Atlanta to advise him the draft would be available and Nichols would have five days to review same. Nichols was told that the draft could not be mailed to him but that someone might bring it to Atlanta; otherwise, Nichols would have to return to Washington, D. C., if he wanted to review it. Expenses for such a second trip were not mentioned.

On June 2, 1975, Nichols telephoned FBI Headquarters from Birmingham, Alabama, where he was temporarily residing and advised he recalled the following additional details of what was covered in his testimony.

Seidel asked Nichols if information received through technical coverage included information relating to

Court Seal [JFK Law 10(a)1]

Senator Huddleston asked Nichols how it would be possible to follow the Bureau instruction precisely and Nichols responded that it would be very difficult to comply and in some instances, it would not be possible. Seidel then commented, "Why - because of the nature of the beast?" (wiretap).

~~CONFIDENTIAL~~

~~CONFIDENTIAL~~

U. S. Senate Select Committee to
Study Governmental Operations With
Respect to Intelligence Activities (SSC)

Re: Testimony of Retired FBI
Special Agent (SA) Robert R.
Nichols Before SSC Executive Session

John Smith of Senator Huddleston's office asked the difference between a bug and a wiretap and Nichols responded that a bug was a microphone implanted on the premises whereas a wiretap was an interception of a telephone line. Smith then asked if there was a bug on King or the SCLC in Atlanta and Nichols responded "not to my knowledge." Seidel asked about any other places in Atlanta where there may have been bugs on King and Nichols advised he had no knowledge of any. Seidel asked if Nichols was familiar with a Willard Hotel (Washington, D. C.) incident involving King and Nichols responded that he was not.

ENCLOSURE

4. In addition to the "category II" items, there are a number of additional subjects largely geographic in nature for which the DCI feels CIA should assume responsibility for preparing comprehensive papers. In view of the apparent adversary relationship between the Senate Select Committee Staff and the agencies under investigation, it may be that preparation of papers dealing comprehensively with specific subjects will deflect some of this cross-agency probing and result in a positive solution to problems before they arise.

5. The Chairman reminded the group of the responsibility which exists to keep Mr. Cotter of the Post Office Department informed on matters resulting from the Congressional investigations which will clearly impact on his agency's affairs. At present, the cross-agency character of the interviews now under way indicate a possible communication gap in adequately coordinating on postal matters.

6. The Chairman explained the DCI's action taken in late May to separate the responsibility for CIA's response to the Congressional Select Committees from those responsibilities of the IC Staff. [Both Dr. Clarke and Mr. Elder emphasized the very close relationship which exists in the two efforts. Mr. Elder will represent CIA at all USIB Ad Hoc sessions henceforth.]

JFK(1)(A)
JFK(1)(A)

7. The Chairman questioned [Mr. Elder, the CIA representative] whether or not the Senate Select Committee had yet furnished the Agency with a list of subjects with which they plan to deal in depth. [Mr. Elder reported they have not yet done so, but it is apparent that three items are of priority interest at the moment: assassinations, the Phoenix program, and covert action; that it appears clear the Committee is currently pursuing the question of authorities, approvals, and support from other agencies.]

JFK(1)(A)
JFK(1)(A)

8. The 27 May request addressed to the DCI covering materials under the jurisdiction of a number of Community agencies was provided to the members of the Ad Hoc Group. [Dr. Clarke indicated he was seeking policy guidance on selected items in the request which dealt with Community product such as NIE etc.] He noted the 27 May request indicated identical letters were being forwarded to the Secretary of State and the Secretary of Defense. Copies have been sent to all USIB Ad Hoc members, the NSC and the White House.

JFK(1)(A)

9. Copies of a memorandum which set forth the action items resulting from the Policy Steering Group session of last week were provided to the Ad Hoc members for their information.

10. Mr. Elder reported that the House Committee has indicated to CIA its intent to concentrate on specific issues, but as of now are not adequately organized to be specific in their requests. The one extant request forwarded to the CIA was posing some problems because of the lack of cleared personnel, approved storage facilities, and determinations on the ultimate disposition of records. The Chairman noted that concurrent with this meeting, a meeting of Community legal representatives was taking place with the purpose of commenting on the House Select Committee's proposed security regulations which have not yet been adopted.

JFK(1)(A)

JFK(1)(A)

11. [CIA reported its success with the provision of a reading room for SSC Staff at CIA headquarters.] State reported there were no comparable facilities anticipated there. Defense has provided badges to Staff members and reading facilities are available. The same accessability of materials is true at NSA and FBI.

12. The last subject on the agenda was the implementation of the Community Central Index. In the material provided to the group was a letter reaffirming the purposes of the Central Index and a list of 40 key words to be used in identifying material furnished the Index. A printout of the Index content was provided to the group as a review document only. The final format of such periodic reports has not yet been refined. Group members are encouraged to comment if they detect any problems with items in the printout. Forms for inputting information to the Central Index were also provided to the Group. This is a service of common concern which will assure the uniformity of information received and should serve to lighten the workload of the individual agencies. The telephone number of Mrs. Young of the Central Index was provided for agencies' convenience in accessing the Index information.

NOT RECORDED

17 JUN 18 1975

84 JUN 13 1975

The individuals named on this list are those designated by the Agencies as having prime responsibility for preparing the paper. The papers should be delivered in two copies directly to the Associate Counsel to the President, Mr. James Wilderotter, Room 182, Old Executive Office Building, by the Agencies. In the course of the next week, a meeting will be called for Mr. Wilderotter to meet with the individuals designated on this list. Each Agency will also be responsible for naming a person to work with each Task Force leader where it is appropriate to the subject matter. In the interim, Task Force leaders should deal directly with the following people with respect to individual Agency responsibilities:

DCI/Intelligence Community	John Clarke IDS 143-5477
CIA	E. Henry Knoche IDS 143-4086
Defense	Tom Latimer IDS 11-54221
State	William Hyland IDS 101-20342
Treasury	William Morell IDS 184-2536
Justice	William O'Connor IDS 187-5211
FBI	William Cregar IDS 175-4636

JFK(1)(A)

JFK(1)(B)

2. The CIA has been coordinating internally the DCI's letter to the Chairman of the House Select Committee on Intelligence and this letter should be available for Community review and consideration soon. Distribution of this letter will be made sometime prior to a meeting of the General Counsels chaired by Mr. Wilderotter to go over details of the letter and coordinate on the final language. This arrangement is consistent with agreements reached in our meeting on 3 June 1975.

John M. Clarke
Associate Deputy to the DCI
for the Intelligence Community

This records the results of contact with Central Intelligence Agency (CIA) concerning release to Senate Select Committee (SSC) of two documents pertaining to Appendix C, Paragraph 24 of the SSC request to the Department of 5/14/75, which requested "all memoranda and other materials reflecting conversations, contacts or communications between the FBI and the CIA on the subject of the establishment or creation of 'notional' Marxist-Leninist organizations within the United States."

No information has been developed indicating this Bureau conferred with CIA regarding the establishment or creation of a Bureau-sponsored "notional" Marxist-Leninist organization. Although the FBI did, in fact, direct several such organizations, no information has been developed indicating the FBI consulted with CIA regarding their establishment or creation.

JFK(1)(B)

In one instance, CIA advised in 2/70 it had established a notional organization with post office box addresses in Boston, Massachusetts and Philadelphia, Pennsylvania. This notional organization, to be known as the Union for the Revolution, had the objective of developing penetrations and/or sources in revolutionary Arab groups in the Middle East. It was CIA's intention to circulate propaganda from the post office boxes in anticipation of interesting Arab groups. Thereafter, it was CIA's plan to use its personnel under "suitable" cover to contact the Arab groups. (See memorandum dated 2/13/70, captioned "Union for the Revolution," 100-456409-2, copy attached.)

REC 101 62-116395-210

By letterhead memorandum dated 3/23/70, the FBI indicated information had been received indicating the Union for the Revolution had been in contact with a domestic Marxist-Leninist organization requesting literature. This memorandum set forth an analysis of a "Statement of the Union for the Revolution" indicating the document lacked credibility as a revolutionary document. (LHM dated 3/23/70, captioned "Union for the Revolution," 100-456409-4, copy attached.)

84 JUN 11 1975

Memorandum to Mr. W. R. Wannall
Re: Senstudy 75
62-116395

JFK (1) (CA)

On 6/6/75, Mr. Walter Elder, CIA, advised that CIA had no objection to the LHM dated 3/23/70, being furnished to the SSC. With regard to the memorandum from Mr. Papich to Mr. Brennan dated 2/13/70, Mr. Elder requested that the name of the CIA representative who furnished the information in the memorandum be deleted from line one of the memorandum prior to its being furnished to the SSC. Provided this is done, CIA has no objection to this memorandum being furnished to the SSC. He suggested that when the name is deleted, it be replaced with the phrase "A CIA officer."

ACTION:

To record CIA's clearance of the above-described documents.

SECRET

Appendix C, III, 24

Please provide: all memoranda and other materials reflecting conversations, contacts, or communications between the FBI and the CIA on the subject of the establishment or creation of "notional" Marxist-Leninist organizations within the United States.

No information has been developed indicating this Bureau conferred with CIA regarding the establishment or creation of a Bureau-sponsored "notional" Marxist-Leninist organization. Although the FBI did, in fact, direct several such organizations, no information has been developed indicating the FBI consulted with CIA regarding their establishment or creation.

In one instance, CIA advised in 2/70 it had established a notional organization with post office box addresses in Boston, Massachusetts, and Philadelphia, Pennsylvania. This notional organization, to be known as the Union for the Revolution, had the objective of developing penetrations and/or sources in revolutionary Arab groups in the Middle East. It was CIA's intention to circulate propaganda from the post office boxes in anticipation of interesting Arab groups. Thereafter, it was CIA's plan to use its personnel under "suitable" cover to contact the Arab groups. (See memorandum dated 2/13/70 captioned "Union for the Revolution," 100-456409-2, copy attached.) JFK(B)

By letterhead memorandum dated 3/23/70, the FBI indicated information had been received indicating the Union for the Revolution had been in contact with a domestic Marxist-Leninist organization requesting literature. This memorandum set forth an analysis of a "Statement of the Union for the Revolution" indicating the document lacked credibility as a revolutionary document. (LHM dated 3/23/70 captioned "Union for the Revolution," 100-456409-4, copy attached.)

As the Union for the Revolution was strictly a creation of CIA, it is recommended before any information be disseminated outside the FBI relating to this organization, clearance be obtained through CIA. JFK(B)

reason and for the reason that the Director desired to be cooperative with the Committee, we would request a meeting with Senator Church and Senator Tower to arrive at an understanding as to procedures. I told Mr. O'Connor that I would consider such a letter and he said he would discuss the matter with the Deputy Attorney General and with James Wilderotter at the White House.

At approximately 9:05 a.m. on May 23, 1975, Mr. O'Connor called me and said that he had discussed the matter with Mr. Wilderotter and the Deputy Attorney General. He said that both had agreed that it was inopportune at this time to seek special guidelines for interviews of FBI personnel and former personnel with the Committee. He said that a meeting has been scheduled for Tuesday, May 27, 1975, at noon in a final effort to resolve an understanding with Committee representatives. He said at the present time it is proposed that the meeting be attended by Wilderotter and Roderick Hills, representing the White House; Hoffman, representing the Defense Department; [Warner, representing CIA] and O'Connor representing the Justice Department. Committee representatives would be Schwarz, Chief Counsel, and John Elliff. He said that at this time it was his thought that the Deputy Attorney General and I should not attend the meeting. He gave as his reasoning the thought that "should something go wrong" the Deputy Attorney General could disassociate himself from any agreement arrived at, and that I would similarly be in a position of saying that we have not been a party to the agreement.

JFK(1)(A)

I reminded Mr. O'Connor that meetings have been held frequently in the past and that tentative understandings made at such meetings have disappeared shortly after the meeting was concluded. I told him that was significant to us because we now understand that two more former employees of the FBI have been contacted and may be interviewed in the near future. I told him that former SA Sam Papich and former Agent Nichols have been contacted. I told him that the extent to which we should release these two former employees from their obligation of secrecy could not be intelligently evaluated unless we knew the subject matter of the interviews and that we plan to contact the Committee to inquire as to the subject matter. I pointed out to him that such pending interviews make it imperative for the FBI to consider action in addition to meetings that may be planned to discuss guidelines.

SUBJECT: MORTON HALPERIN
FREEDOM OF INFORMATION ACT (FOIA) REQUEST

JFK (LCA)

This memorandum sets forth results of Liaison contact with Central Intelligence Agency (CIA) concerning Halperin's request to be provided with a copy of a 1948 memorandum of understanding between the FBI and the CIA. Halperin has made this request of both CIA and the Bureau.

On 4/30/75 Mr. James Garrison, CIA, advised that after considerable research in CIA files, the following documents (copies attached) were located which pertain to Halperin's request. Copies have also been located in Bufiles:

(1) Memorandum for the Record dated 9/22/48 entitled "Cooperation and Liaison Between Federal Bureau of Investigation and Office of Policy Coordination, CIA," which was prepared by CIA and originally classified Top Secret. This document has recently been downgraded by CIA to a classification of Secret.

(2) Letter dated 9/22/48 from Frank G. Wisner, Assistant Director for Policy Coordination, CIA, to Mr. D. Milton Ladd, Assistant to the Director, FBI, which forwarded as an enclosure the 9/22/48 memorandum described above. This item was also originally classified Top Secret but has been downgraded by CIA to Secret.

62-116395-

JUN 25 1975

ORIGINAL FILED IN 63-16062-45

NOT RECORDED
46 JUN 30 1975

(3) Letter dated 10/2/48 from J. Edgar Hoover to Wisner which acknowledges that the arrangement set forth in the memorandum of 9/22/48 is satisfactory to the Bureau. This item was not classified in accordance with current classification standards but bears the marking "Personal and Confidential."

DRAFT

22 September 1948

MEMORANDUM FOR THE RECORD:

SUBJECT: Cooperation and Liaison Between Federal Bureau of Investigation and Office of Policy Coordination, CIA

1. This memorandum records an understanding which has been arrived at in conversations between Mr. D. Milton Ladd, Assistant to the Director, Federal Bureau of Investigation, and Mr. Frank G. Wisner, Assistant Director, and Chief of the Office of Policy Coordination, of CIA. The conversations in question were duly authorized by the Associate Director of the Federal Bureau of Investigation and by the Director and Deputy Director of CIA and were arranged by the Executive Secretary of the National Security Council on behalf of the White House. The purpose of the understanding is to provide a basis for cooperation and liaison between the FBI and the Office of Policy Coordination, CIA, and the following points summarize the essential elements of the understanding:

a. In view of the distinctive character of the activities of the Office of Policy Coordination, it is considered advisable that separate and direct liaison be established between that office and the FBI. For this purpose the FBI will provide a special liaison officer who will be nominated by the FBI within the near future. (This arrangement has been specifically approved by the Deputy Director, CIA, in the absence of the Director.)

b. It is understood that in the discharge of the duties and obligations laid upon the Office of Policy Coorination by the National Security Council, it is necessary for this Office to have dealings with individuals and groups of foreign nationalities within and without the United States and to sponsor the movement from time to time of such individuals and representatives of such groups between the United States and foreign countries. The Office of Policy Coordination recognizes the primary responsibility of the FBI in the field of United States domestic security, and the FBI acknowledges that it is essential for the Office of Policy Coordination to have direct dealings with the individuals and groups aforementioned.

c. In order that the interests of both parties to this understanding shall be served, it is understood that the Office of Policy Coordination keep the FBI generally informed concerning the extent and character of its dealings with

Mr. D. Milton Ladd
Assistant to the Director
Federal Bureau of Investigation
Washington 25, D. C.

Dear Mr. Ladd:

Confirming our telephone conversation of today, I am enclosing a draft of a proposed memorandum which I have prepared for the purpose of recording the understanding which has been arrived at between us in regard to the cooperation and liaison between my office and the Bureau. I have endeavored in this draft to set out the essential features of our conversation of yesterday afternoon and I should appreciate your indicating to me any modifications or changes which you may deem necessary or advisable to reflect your recollection and understanding of our conversation. Upon my receipt of your suggested changes, if any, and following any further discussion between us which may be indicated as desirable, I shall prepare this memorandum in final form and furnish to you the original and a copy thereof, with the request that you initial and return to me the copy.

In accordance with the terms of our understanding, I should like to submit to you herewith the names of certain of the individuals and groups with whom it is proposed that my office will have dealings in connection with our authorized activities. From time to time in the future I shall furnish you with additional names. The following are the names:

I - Individuals:

George M. Dimitrov, Exiled Secretary General of Bulgarian Agrarian Party

Stefan Osusky, prominent Czech Refugee leader

Ferenc Nagy, head of Hungarian Small Holders Party

Dr. Vladko Macek, representative of Croatian Peasant Party

Stanislas Mikolajczyk, former Polish Vice Premier

Andre Cretzianu, former Rumanian Cabinet Minister

foreign individuals and groups within the United States. More specifically the Office of Policy Coordination will, in so far as possible, inform the FBI sufficiently in advance of its proposed dealings with such individuals and groups to enable the FBI to advise the Office of Policy Coordination of any security risks which may be involved in dealing with such individuals and groups and in order to provide the FBI with adequate opportunity to indicate individuals which it is employing for its own purposes in connection with the penetration of foreign groups.

d. There shall be an exchange of information between the FBI and the Office of Policy Coordination concerning the significance, activities, and reliability of such individuals and groups of foreign nationalities within the United States as may be of interest to the Office of Policy Coordination.

SUBJECT: SENATE SELECT COMMITTEE ON INTELLIGENCE ACTIVITIES

MDR-16
ALL INFORMATION CONTAINED HEREIN IS UNCLASSIFIED DATE 1-19-01 BY SP2ALM/

At 2:30 p.m. on June 2, 1975, a conference was held with the Deputy Attorney General attended by K. William O'Connor, Kevin Maroney, Philip White, and Robert McDermott of the Department. Bureau representatives were Mr. Callahan, Mr. Adams, Mr. Wannall and me.

Mr. O'Connor discussed the request by the Senate Select Committee for access to the 39 page report by former Assistant Attorney General Petersen concerning COINTELPRO. Though objections were presented by the Bureau representatives that the report should not be furnished to the Committee, and its enclosures, particularly the legal memoranda should not be made available, the Deputy Attorney General decided and instructed that the 39 page report should be made available to John Elliff on Tuesday, June 3, 1975, for his review, at which time he would be permitted to take notes, but he would not be furnished a copy of the document. The Deputy further instructed that should Mr. Elliff request the attachments to the report, Mr. O'Connor should offer as an alternative the memoranda which initiated each of the COINTELPROs.

EX-105 REC-20 62-116395-280

UNRECORDED COPY FILED IN

Upon our return to the Bureau, Mr. Adams requested that the Intelligence Division undertake an analysis of each of the summaries which were attached to the Petersen report in order to make a damage assessment based on factors that would affect current Bureau operations should they be revealed to the Committee. He also requested that ~~this information~~ be compiled and available to brief the Deputy Attorney General as to the difficulties that would be involved upon disclosure.

Honorable Charles E. Wiggins
House of Representatives
Washington, D. C. 20515

Dear Congressman Wiggins:

Reference is made to your letter dated April 9, 1975, enclosing a resolution adopted by the State Bar of California condemning the Federal Bureau of Investigation (FBI) for placing an informant on the staff of a legal service agency to communicate information learned in that capacity to the FBI and our response dated April 28, 1975.

Contact with the State Bar of California has enabled us to identify the situation to which they were referring.

MAILED 6
MAY 14 1975
FBI

Between April, 1968, and November, 1968, one Rudolph Leamer Muse was operated as an informant by our New Orleans, Louisiana, Division. Muse furnished information regarding black extremist activities and he was paid for services rendered. Muse was unemployed when initially volunteering his assistance to the FBI and subsequently, on May 10, 1968, began working as an investigator for the New Orleans Legal Assistance Corps (NOLAC), an organization funded by the Office of Economic Opportunity.

ORIGINAL FILED IN

Information in the files of our New Orleans Division indicates during June, 1968, Muse advised it had become necessary to tell his supervisor at NOLAC of his relationship with the FBI. His supervisor became aware of Muse's association with black nationalist groups and attempted to discharge him. To avoid discharge, Muse told his supervisor he was cooperating with the FBI. Subsequently Muse's supervisor from NOLAC contacted the New Orleans Division and advised he wanted to assure the FBI that the relationship between

Muse and the FBI would be maintained by him and would go no further. Muse's supervisor said he was cognizant of the importance of Muse's cooperation with the FBI remaining confidential.

The New Orleans Division of the FBI never conducted any investigation regarding NOLAC and Muse never furnished information concerning its activities.

I hope this information will clarify the issue for you. If I may be of further assistance in this matter, please contact me.

A copy of this letter is being provided to the State Bar of California.

C. M. Kelley

Clarence M. Kelley
Director

1 - State Bar of California
601 McAllister Street
San Francisco, California 94102

Honorable Charles E. Wiggins

NOTE:

The resolution of the State Bar of California (SBC) referred to above did not identify the specific incident in which they were interested so Congressman Wiggins' letter was acknowledged and we indicated additional details would follow. On 4/25/75 San Francisco advised the basis for the SBC resolution was articles contained in the 2/7/75 issues of the San Francisco Examiner and Oakland Tribune. In these articles Muse was not mentioned by name but the details corresponded with his case. On 4/28/75 Supervisor Ernest Wall, New Orleans, advised Muse was identified by name in articles concerning this incident in the 2/2/75 issue of the New Orleans Times Picayune and the 2/25/75 issue of the New Orleans States Item. Since Muse revealed his relationship with the FBI and has been publicly identified by name and appears to be no privacy issue or need to protect the confidentiality of our files, Congressman Wiggins should be advised of the complete details in this matter. As the SBC urged issues such as this be considered by the select committees of the U.S. Senate and House of Representatives, a copy of this communication is being furnished for the information of the Legal Analysis Section and Project Senstudy 75 in Division 5.

SUBJECT: STATUS OF RESPONSES TO CONGRESSIONAL COMMITTEE REQUESTS

The purpose of this memorandum is to set forth in summary form the requests we have received from various Committees in Congress and the status of our replies.

I. Senate Select Committee on Intelligence Activities (SSC)

We have substantially complied with the request of this Committee contained in their letter of 3-19-75. The remaining aspects of this request involve a decision by the State Department concerning the release of exhibits contained in a study on FBI jurisdiction, a decision by the Department relating to COINTELPRO and our recommendation that one particular document not be furnished the Committee.

We are in receipt of a request by memorandum dated 4-30-75 from the SSC. This request generally relates to Sections of the Manual of Rules and Regulations and the Manual of Instructions, and the various divisions having responsibilities and interest in the Sections requested, are in the process of preparing the necessary responses.

We received a request by letter dated 4-28-75 from the Committee concerning allegations of our possible involvement in the removal of documents from the residence of the late Director J. Edgar Hoover. Our response has been prepared and it is anticipated it will be furnished the Department in the near future.

CONTINUED - OVER

We also received a request from this Committee by letter dated 4-22-75, relating to our procedures of handling Freedom of Information Act requests and an inquiry by letter dated 4-25-75 regarding our alleged involvement in the removal of documents from the residence of the late Director J. Edgar Hoover. We have prepared responses to both requests. The response concerning the Freedom of Information Act has been furnished the Department for approval and furnishing to the Committee; the response relating to removal of documents has been prepared and is in the process of being approved by the Bureau.

III. Senate Subcommittee on Internal Security of the Senate Judiciary Committee

We received a request by letter dated 4-28-75 for information relating to terrorist incidents. We have prepared and furnished a response to this request.

RECOMMENDATION:

None. For information.

MEMORANDUM FOR: Principals ~~of the USIB~~ Ad Hoc Coordinating Group

SUBJECT : Ninth Meeting, 4 June 1975

1. A meeting of the USIB Ad Hoc Coordinating Group was held on 4 June 1975 at 10:00 a.m. A list of attendees is attached.

2. The meeting was opened by Dr. Clarke who described the current activities of the Senate Select Committee in accelerating their official interviews with knowledgeable officials across the Community and the criticality of firming up agreements on how these interviews are to be handled. This has not been forthcoming despite White House interest. House Select Committee procedure is not yet clear.

3. The second item raised by the Chairman was the list of category II "abuses" which had been developed at the direction of the Policy Steering Group. The set developed was the result of discussions with Mr. Schwarz, Counsel to the Senate Select Committee, who plans to present a complete list of "category II" items to the Committee on Friday, 6 June. At that point, it is expected "notices" would go out to the Community agencies advising them so that agreed interview procedures will apply. It is also anticipated that the presence of private as well as Agency counsel will be addressed. The Policy Steering Group has accepted the principle of dealing with these identified "category II" subjects by assigning responsibility for gathering of comprehensive and paper preparation to specific individuals within the Community agencies. Dr. Clarke is the focal point for gathering the names of individuals who will assume these responsibilities. To date, individuals had been named for all subjects except those to be handled by CIA.

84 JUN 17 1975

CONFIDENTIAL

4. In addition to the "category II" items, there are a number of additional subjects largely geographic in nature for which the DCI feels CIA should assume responsibility for preparing comprehensive papers. In view of the apparent adversary relationship between the Senate Select Committee Staff and the agencies under investigation, it may be that preparation of papers dealing comprehensively with specific subjects will deflect some of this cross-agency probing and result in a positive solution to problems before they arise.

5. The Chairman reminded the group of the responsibility which exists to keep Mr. Cotter of the Post Office Department informed on matters resulting from the Congressional investigations which will clearly impact on his agency's affairs. At present, the cross-agency character of the interviews now under way indicate a possible communication gap in adequately coordinating on postal matters.

6. The Chairman explained the DCI's action taken in late May to separate the responsibility for CIA's response to the Congressional Select Committees from those responsibilities of the IC Staff. Both Dr. Clarke and Mr. Elder emphasized the very close relationship which exists in the two efforts. Mr. Elder will represent CIA at all USIB Ad Hoc sessions henceforth.

7. The Chairman questioned Mr. Elder, the CIA representative, whether or not the Senate Select Committee had yet furnished the Agency with a list of subjects with which they plan to deal in depth. Mr. Elder reported they have not yet done so, but it is apparent that three items are of priority interest at the moment: assassinations, the Phoenix program, and covert action; that it appears clear the Committee is currently pursuing the question of authorities, approvals, and support from other agencies.

8. The 27 May request addressed to the DCI covering materials under the jurisdiction of a number of Community agencies was provided to the members of the Ad Hoc Group. Dr. Clarke indicated he was seeking policy guidance on selected items in the request which dealt with Community product such as NIE etc. He noted the 27 May request indicated identical letters were being forwarded to the Secretary of State and the Secretary of Defense. Copies have been sent to all USIB Ad Hoc members, the NSC and the White House.

9. Copies of a memorandum which set forth the action items resulting from the Policy Steering Group session of last week were provided to the Ad Hoc members for their information.

10. Mr. Elder reported that the House Committee has indicated to CIA its intent to concentrate on specific issues, but as of now are not adequately organized to be specific in their requests. The one extant request forwarded to the CIA was posing some problems because of the lack of cleared personnel, approved storage facilities, and determinations on the ultimate disposition of records. The Chairman noted that concurrent with this meeting, a meeting of Community legal representatives was taking place with the purpose of commenting on the House Select Committee's proposed security regulations which have not yet been adopted.

11. CIA reported its success with the provision of a reading room for SSC Staff at CIA headquarters. State reported there were no comparable facilities anticipated there. Defense has provided badges to Staff members and reading facilities are available. The same accessability of materials is true at NSA and FBI.

12. The last subject on the agenda was the implementation of the Community Central Index. In the material provided to the group was a letter reaffirming the purposes of the Central Index and a list of 40 key words to be used in identifying material furnished the Index. A printout of the Index content was provided to the group as a review document only. The final format of such periodic reports has not yet been refined. Group members are encouraged to comment if they detect any problems with items in the printout. Forms for inputting information to the Central Index were also provided to the Group. This is a service of common concern which will assure the uniformity of information received and should serve to lighten the workload of the individual agencies. The telephone number of Mrs. Young of the Central Index was provided for agencies' convenience in accessing the Index information.

NOT RECORDED

17 JUN 13 1975

84 JUN 13 1975

The individuals named on this list are those designated by the Agencies as having prime responsibility for preparing the paper. The papers should be delivered in two copies directly to the Associate Counsel to the President, Mr. James Wilderotter, Room 182, Old Executive Office Building, by the Agencies. In the course of the next week, a meeting will be called for Mr. Wilderotter to meet with the individuals designated on this list. Each Agency will also be responsible for naming a person to work with each Task Force leader where it is appropriate to the subject matter. In the interim, Task Force leaders should deal directly with the following people with respect to individual Agency responsibilities:

DCI/Intelligence Community	John Clarke IDS 143-5477
CIA	E. Henry Knoche IDS 143-4086
Defense	Tom Latimer IDS 11-54221
State	William Hyland IDS 101-20342
Treasury	William Morell IDS 184-2536
Justice	William O'Connor IDS 187-5211
FBI	William Cregar IDS 175-4636

2. The CIA has been coordinating internally the DCI's letter to the Chairman of the House Select Committee on Intelligence and this letter should be available for Community review and consideration soon. Distribution of this letter will be made sometime prior to a meeting of the General Counsels chaired by Mr. Wilderotter to go over details of the letter and coordinate on the final language. This arrangement is consistent with agreements reached in our meeting on 3 June 1975.

John M. Clarke
Associate Deputy to the DCI
for the Intelligence Community

U. S. SENATE SELECT COMMITTEE TO
STUDY GOVERNMENTAL OPERATIONS WITH
RESPECT TO INTELLIGENCE ACTIVITIES (SSC)

RE: INTERVIEW OF RETIRED FBI
SPECIAL AGENT (SA) BY SSC
STAFF MEMBER

Set out below is the verbatim text of a statement voluntarily furnished to the FBI by Mr. Alan G. Sentinella who served as an SA of the FBI from July 12, 1948, until his retirement March 22, 1971. He is presently employed as Director of Safety, Georgia State University, Atlanta, Georgia.

"Atlanta, Georgia
May 12, 1975

"Interview by Lester B. Siedel, (sic), representative of Senate Select Committee of Alan G. Sentinella. Interview commenced 12:24pm, terminated 2:20pm. Siedel at the outset identified self via credential as representative of aforementioned Committee.

"Mr. Siedel introduced by writer to Mr. Seymor Phillips of the FBI. The writer explained to Siedel that following his telephone conversation, 5/9/75, during which he stated he was interested in discussing matters related to the King and Levison cases it was felt that such discussion might involve issues currently sensitive to the Bureau. Accordingly the Atlanta Office was contacted and subsequently the writer was contacted by Robert Olmert of the Bureau. Mr. Olmert advised that if it was desired the Bureau would make available a representative not for the purpose of participating in the interview but to be available for advice. The

writer stated he was interested in obtaining such assistance. Accordingly during the morning of 5/12/75 Mr. Seymor Phillips contacted the writer.

"This is dictated immediately following interview by Siedel. No effort is herein made to follow the chronology of questions presented by Siedel. During the interview no notes or recording were made by writer. Will use "Q" for question and "A" for answer. Questions (Q) were asked by Siedel and answers (A) were given by writer.

"A: Was it correct that matters concerning the King investigation were discussed openly over coffee by members of the Atlanta field office?

"A: Matters relating to the King investigation were discussed by individuals concerned therewith. I have no recollection during the period I was connected with the investigation that it was discussed by everybody like the previous night's ballgame might have been.

"Q: Shortly after King received the Nobel Prize did a Bureau official William Sullivan come to Atlanta?

"A: It is my recollection King received the Nobel Prize sometime before the case was assigned to me. I do not remember if Bureau official William Sullivan visited Atlanta.

"Q: Did Sullivan have any contact with Ralph McGill concerning King?

"A: I do not know.

"Q: Were taps (telephone) and bugs (microphone) used by Atlanta in connection with King?

"A: A tap (telephone) was utilized re King at his SCLC office and his residence.

"Q: When were the bugs (microphone) utilized?

"A: There were none.

"Q: What was the purpose of the investigation of King?

"A: To determine whether King and/or SCLC were influenced by persons or groups having communist tendencies.

"Q: Did you feel the investigation was worthwhile?

"A: I don't recall that I ever asked myself that question. It was an assignment made by my employer and my responsibility to handle it.

"Q: How did other agents feel about the illegal use of these taps?

"A: The taps were not illegal. They were obtained through the authority of the Attorney General.

"Q: Did any agents express the opinion that these investigations were improper?

"A: I do not recall specifically although Mr. Murtaugh (sic) may well have so stated.

"Q: What electronic surveillance was used concerning Levison?

"A: I do not know. Levison resided in New York City.

"Q: Was Levison covered by the tap on King?

"A: Only to the extent that he was in contact with King. There was no tap on Levison per se in Atlanta.

"Q: Was there any physical surveillance of King?

"A: I do not recall any physical surveillance of King as such. There was surveillance conducted of individuals in contact with King and consequently King would obviously have been physically surveilled. But such surveillance was not on King directly.

"Q. Did you participate in these surveillances?

"A: Yes on several occasions.

"Q: How many occasions?

"A: I cannot recall.

"Q: How long were you in Atlanta?

"A: August 1960 - March 1971.

"Q: What other offices did you serve in and when?

"A: Baltimore, September 1948 - January 1949; Buffalo, January 1949 - August 1960; Atlanta, August 1960 - March 1971.

"Q: Where were you born?

"A: London, England.

"Q: How long did you live there?

"A: 9 years.

"Q: Where did you live first when in this country?

"A: In New Jersey approximately one year. I spent most of my growing up time in Iowa.

"Q: You entered the Bureau July 1948 and left in March 1971?

"A: That is correct.

"Q: When was the King and SCLC case assigned to you?

"A: I believe it was the early part or spring of 1965.

"Q: How long had the investigation been going on before you got the case?

"A: I really am not sure - possibly a year; it might have been longer.

"A: How long did the investigation continue?

"A: I cannot actually recall.

"Q: Was it still going on when you left the Bureau?

"A: Yes, regarding the SCLC.

"Q: How long after King's death did the tap remain?

"A: I cannot be sure. It seems as though it was discontinued a short time after, however I believe it continued for a longer period of time on the SCLC.

"Q: Did you have any contact with news media or clergy regarding King, SCLC, or Levison?

"A: No.

"Q: What relationship was there with the Atlanta Police Department and what electronic surveillance did it have of King, SCLC, or Levison?

"A: Throughtout my entire period as agent in Atlanta I never had any information as to what electronic surveillance may have been conducted by the Atlanta Police Department. During the period of time I was concerned with King, SCLC, Levison there was no discussion to my knowledge of these matters with the Atlanta Police Department. Generally speaking the rapport with the police department was good.

"Q: Did you monitor the taps on King, SCLC?

"A: No.

"Q: What squad were you assigned to in the Atlanta Office?

"A: Security. More correctly it was referred to as the Security and Racial Squad.

"Q: Who else was assigned to this squad? Was there a man named Harding?

"A: Yes.

"Q: What was his first name?

"A: Charles.

"A: Who else was assigned?

"A: Your friend Murtaugh, a Richard Davis.

"At this point the writer stated he preferred not to name additional personnel simply because he did not wish to feel that they might subsequently be interviewed as a result. The writer stated he was confident that Siedel or his agency had already been furnished all of these names by Mr. Murtaugh. He was informed that in the writer's opinion the Bureau was fully able and capable of furnishing this information. Siedel opined it would be a waste of government money to subpoena the writer to Washington in order to obtain these names.

"Q: Did you develop any evidence relating to Levison's CP connections?

"A: No.

"Q: Did you read reports from New York regarding Levison?

"A: Yes.

"Q: Did these reports set forth information from taps and bugs?

"A: The reports did not state source of information.

"Q: Did you know the information came from taps (or bugs)?

"A: I did not know directly but presumed that it did.

"Q: What type of work was the Security Squad in Atlanta concerned with?

"A: That squad primarily handled matters in the security category, racial matters, and also civil rights matters.

"Q: What kind of matters constituted racial matters besides SCLC?

"A: The investigation of SCLC was not a racial matter. It was concerned with possible communist influence of the organization. The Ku Klux Klan was a racial matter because it involved pressures between white and black persons.

"Q: What organizations or individuals were investigated in the security category?

"A: I have had no contact with Bureau matters for over four years. At this time I have no knowledge what effect my answer to your question might have upon the current status of any matter of concern to the Bureau.

"Siedel essentially repeated his question and endeavored to explain that he had no desire to affect the Bureau's investigative status.

"The writer advised his answer to the question remained as above. At this point Siedel suggested the writer might wish to consult Mr. Phillips which was done.

"Writer consulted privately with Phillips. After which Phillips entered the writer's office and told Siedel that if he was seeking the Bureau's policy relative to security, racial and civil rights investigations, same was in the Bureau's manuals available to the Committee. At this point Siedel said he was not after policy but names of specific persons and organizations the writer would now recall were under investigation.

"The writer restated former answer to this question and explained to Siedel that he did not consider himself so

naive to suppose that any of the information given to Siedel would not at some future time appear in print. To which Siedel stated he would not be personally responsible therefore. Siedel was informed the writer was not necessarily stating he would be personally responsible therefore. Siedel pointed out that he could not require a different answer to this question at the present time but went on to explain the writer could be subpoenaed for this purpose for open or closed testimony.

"Q: During the course of these investigations did you ever alter or fabricate any document previously prepared?

"A: No.

"Q: Do you know of such having been done in the Atlanta Office?

"A: No.

"Q: Do you know of a tape recording pertaining to King which was sent to Mrs. King?

"A: Not during that period. It seems I might have heard such an allegation but there has been so much material news media wise the past year or two, I actually cannot be sure whether I read of such an allegation or might have heard it said. In any case so far as I am concerned it was hearsay.

"Q: What was your participation in COINTELPRO investigations and what did they cover while you were in the Atlanta Office?

"A: I left the Bureau over four years ago and have absolutely no knowledge of what might be the present status of any investigation by the Bureau past or present. I feel very strongly that any answer I might give could conceivably adversely affect the Bureau's investigative position. For this reason I decline to discuss this matter.

Siedel stated the Bureau had recently stated it had discontinued COINTELPRO. The writer advised he was not aware of this; that his answer above remained the same.

"Q: Do you know of any effort by the Bureau to influence a political campaign?

"A: No."

In addition to the foregoing verbatim statement, Sentinella also voluntarily furnished to the FBI several observations, the following of which may be of interest:

"1. Siedel obviously was attempting to verify allegations made by other individuals.

"2. All of his questions appeared to have been previously prepared in writing.

"3. At one point he commented he was conducting this interview for a colleague (not named).

"4. Siedel did not appear satisfied with the results of the interview. It is presumed he considers the writer's cooperation to be minimal.

"5. As Siedel prepared to depart he was informed that during 23 years as an agent the writer suffered some adverse administrative action; that these ultimately proved to be experiences from which the writer profited. He was told the writer had "no axe to grind" regarding the Bureau and no intent or desire to accomplish any questionable literary fame."

The individual who interviewed Sentinella was SSC Staff Member Lester B. Seidel, not Siedel, as indicated in Sentinella's statement.

The King referred to in Sentinella's statement is the late Martin Luther King, Jr., subject of prior investigation by the FBI. The Levison referred to is Stanley David Levison, also subject of prior FBI investigation. The SCLC referred to is the Southern Christian Leadership Conference, an organization which was headed by King. The Murtaugh referred to is Arthur Leo Murtagh who was an SA of the FBI from April 16, 1951, until his retirement on September 25, 1971.

SENATE SELECT COMMITTEE (SSC) ON INTELLIGENCE ACTIVITIES

RE: INTERVIEW OF RETIRED FBI SPECIAL AGENT (SA)

NOTE:

Original and one copy to the AG, copy for forwarding to James A. Wilderotter, Associate Counsel to the President. Information herein taken from Sentinella's verbatim statement and from a separate statement containing his observations, both of which he voluntarily mailed to S. F. Phillips of the Senstudy 75 Project. The procedure of furnishing the AG an extra copy for forwarding to Wilderotter has been established through liaison by P. V. Daly of the Legal Counsel's Office with the AG's Office.

Atlanta, Georgia

Atlanta, Georgia
May 12, 1975

WRITER'S OBSERVATIONS

1. Siedel obviously was attempting to verify allegations made by other individuals.

2. All of his questions appeared to have been previously prepared in writing.

3. At one point he commented he was conducting this interview for a colleague (not named).

4. Siedel did not appear satisfied with the results of the interview. It is presumed he considers the writer's cooperation to be minimal.

5. As Siedel prepared to depart he was informed that during 23 years as an agent the writer suffered some adverse administrative action; that these ultimately proved to be experiences from which the writer profited. He was told the writer had "no axe to grind" regarding the Bureau and no intent or desire to accomplish any questionable literary fame."

6. Upon departing Siedel inquired as to the proximity of the Equitable Building (office building) and the First National Bank of Atlanta (also office building). Any significance to these locations was not apparent to the writer. When informed that banking hours terminated at 4:00pm Siedel made no comment.

FD-291 (Rev. 11-1-73)

EMPLOYMENT AGREEMENT

As consideration for employment in the Federal Bureau of Investigation (FBI), United States Department of Justice, and as a condition for continued employment, I hereby declare that I intend to be governed by and I will comply with the following provisions:

(1) That I am hereby advised and I understand that Federal law such as Title 18, United States Code, Sections 793, 794, and 798; Order of the President of the United States (Executive Order 11652); and regulations issued by the Attorney General of the United States (28 Code of Federal Regulations, Sections 16.21 through 16.26) prohibit loss, misuse, or unauthorized disclosure or production of national security information, other classified information and other nonclassified information in the files of the FBI;

(2) I understand that unauthorized disclosure of information in the files of the FBI or information I may acquire as an employee of the FBI could result in impairment of national security, place human life in jeopardy, or result in the denial of due process to a person or persons who are subjects of an FBI investigation, or prevent the FBI from effectively discharging its responsibilities. I understand the need for this secrecy agreement; therefore, as consideration for employment I agree that I will never divulge, publish, or reveal either by word or conduct, or by other means disclose to any unauthorized recipient without official written authorization by the Director of the FBI or his delegate, any information from the investigatory files of the FBI or any information relating to material contained in the files, or disclose any information or produce any material acquired as a part of the performance of my official duties or because of my official status. The burden is on me to determine, prior to disclosure, whether information may be disclosed and in this regard I agree to request approval of the Director of the FBI in each such instance by presenting the full text of my proposed disclosure in writing to the Director of the FBI at least thirty (30) days prior to disclosure. I understand that this agreement is not intended to apply to information which has been placed in the public domain or to prevent me from writing or speaking about the FBI but it is intended to prevent disclosure of information where disclosure would be contrary to law, regulation or public policy. I agree the Director of the FBI is in a better position than I to make that determination;

(3) I agree that all information acquired by me in connection with my official duties with the FBI and all official material to which I have access remains the property of the United States of America, and I will surrender upon demand by the Director of the FBI or his delegate, or upon separation from the FBI, any material relating to such information or property in my possession;

(4) That I understand unauthorized disclosure may be a violation of Federal law and prosecuted as a criminal offense and in addition to this agreement may be enforced by means of an injunction or other civil remedy.

I accept the above provisions as conditions for my employment and continued employment in the FBI. I agree to comply with these provisions both during my employment in the FBI and following termination of such employment.

Director
Federal Bureau of Investigation
United States Department of Justice
Washington, D. C. 20535

(Place) ______________________

(Date) ______________________

Dear Sir:

Having received an appointment for a position as Special Agent in the Federal Bureau of Investigation, United States Department of Justice, I hereby **agree and affirm** that I shall be governed by the following **conditions:**

1. I am required to proceed at my own expense to Washington, D. C., where I shall take the oath of office and enter on duty.

2. That my appointment is a probationary one.

3. That I shall remain on duty for a minimum period of three years, contingent upon a satisfactory work record.

4. That my retention in the Federal Bureau of Investigation is dependent upon the performance of satisfactory services, and if my services are deemed unsatisfactory it is understood that my employment may be discontinued at any time and that I shall not receive transportation to my home, or to any other point, at Government expense.

5. I may be sent to any part of the continental or territorial United States that the exigencies of the Bureau's work may require; that my headquarters may be fixed in some jurisdiction other than that in which I have heretofore resided; that my headquarters may be changed as the work of the Bureau may require and that no transfer will be made from one station to another for personal reasons.

6. That the **confidential character** of the relations of the employees of the Federal Bureau of Investigation with the public is fully understood by me, and that the **strictly confidential character** of **any and all information secured by me,** in connection directly or indirectly with my work as a Special Agent, or the work of other employees of which I may become cognizant, is fully understood by me, and that **neither during my tenure of service** with the Federal Bureau of Investigation **nor at any other time shall I violate this confidence,** and **I agree and affirm** that I shall **not divulge** any information of any kind or character whatsoever that may become known to me, to persons **not officially entitled** thereto at any time.

I understand all of the foregoing and the conditions specified herein are agreeable to me **without reservation of any kind. I agree and affirm** that I shall abide by the foregoing conditions, and I am fully cognizant that the provisions mentioned above are to be complied with by me and they are a **part of my appointment.**

Very truly yours,

TRAINING AGREEMENT

In consideration for the following specialized training which will result in considerable time and expense to the Federal Bureau of Investigation (FBI), I, ____________________________________, agree to remain in the service of the FBI (or Department of Justice, as to final item below) for the time specified, contingent upon my maintaining a satisfactory work record.

☐ So that I may receive training in **classifying, searching, and filing of fingerprints,** I agree to remain in the service of the FBI performing fingerprint duties for at least one year from this date. I understand that I may be assigned, consistent with the demands of the service, to work at night.

☐ So that I may receive training in ☐ **stenographic** ☐ **typing skills,** I agree to remain in the FBI for a minimum of one year after completion of training. In addition, I agree to accept any assignment in any division at FBIHQ or Washington Field Office consistent with such needs for my services.

☐ So that I may receive training in ☐ **automatic data processing equipment** ☐ **cryptanalytics,** I agree to remain in the FBI one year after completion of formal training.

☐ So that I may receive training in a **foreign language,** I agree to remain in the FBI for three years after I successfully complete this training.

☐ So that I may receive **advanced training in maintenance and repair of FM radio equipment,** I agree to remain in the service of the FBI for at least one year following completion of the training.

☐ So that I may receive training under the Government Employees Training Act to be given me at ________________________________, I agree to remain in the Department of Justice for a minimum of ____________________________ after completion of training. If I voluntarily leave the Department before expiration of that period, I will pay the Government the amount of the additional expenses paid by it for the above-mentioned training.

9. FOREIGN TRAVEL - (MILITARY SERVICE, RESIDENCE, VISIT)

a. Have you ever visited or resided in any foreign country (including travel in the Armed Forces of the U. S.)? ☐ No ☐ Yes

Passport # ______ Date issued ______ Place issued ______

Countries Visited	Dates						Reason for Travel
	From			To			
	Mo.	Day	Yr.	Mo.	Day	Yr.	

b. Have you ever served in the Armed Forces of a foreign country? ☐ No ☐ Yes
(Specify countries; dates)

c. Do you or any members of your immediate family, including in-laws, have any relatives now residing outside the United States (except those in the Armed Forces of the United States or those employed by the United States Government living abroad)? ☐ No ☐ Yes. If so, list below and furnish degree of association and contact you and members of your immediate family have with these relatives.

Name	Relation	Age	City	Country	Citizen of what Country

10. CREDIT RECORD

a. Has your credit record ever been considered unsatisfactory, or have you ever been refused credit? ☐ No ☐ Yes
(If "yes," give dates, places, names of creditors and circumstances.)

b. Are you indebted to anyone? ☐ No ☐ Yes
(List any debt over $100. Also list any debt, regardless of the amount, where payment is past due.)

Creditor	Address	Amount	Loan or Acct. #

11. COURT RECORD

a. Have you ever been arrested or charged with any violation including traffic, but not parking tickets? ☐ No ☐ Yes
(List all such matters even if not formally charged, or no court appearance, or found not guilty, or matter settled by payment of fine or forfeiture of collateral.)

Date	Place and Department	Charge	Final disposition	Details

b. Has any member of your family or close relative (including in-laws) ever been arrested for other than traffic violations? ☐ No ☐ Yes

Name	Relation	Date	Place	Charge	Final Disposition

c. Have you ever been a plaintiff or defendant in a court action including divorce actions? ☐ No ☐ Yes (Give date, place, court, names of parties involved, nature of action, and final disposition.)

12. ORGANIZATION MEMBERSHIP

a. Are you now, or have you ever been a member of any club, society or organization? ☐ No ☐ Yes. If yes, list below, do not abbreviate.

Name	City and State	Former	Present (List position held and extent of activity)

b. Are you now, or have you ever been a member of the Communist Party, U.S.A., or any communist or fascist organization? ☐ No ☐ Yes

c. Are you now or have you ever been a member of any foreign or domestic organization, association, movement, group, or combination of persons which is totalitarian, fascist, communist, or subversive, or which has adopted, or shows a policy of advocating or approving the commission of acts of force or violence to deny other persons their rights under the Constitution of the United States, or which seeks to alter the form of Government of the United States by unconstitutional means? ☐ No ☐ Yes
(If answer to any of these is "Yes," explain fully.)

13. RELATIVES

All applicants must give complete information concerning their relatives. If you have been married more than once, give the requested information concerning each former husband or wife. Furnish similar information, including date and place of action, for any members of your immediate family who have been divorced. Even though a relative is deceased, give all the information requested, and indicate last residence and year of death. Include stepbrothers and sisters, half brothers and sisters. If you or your spouse have stepparents, legal guardians or others who have reared you instead of your parents, the requested information should be furnished concerning them, as well as your real parents. If you are engaged to be married or contemplating marriage in the near future, complete information must be included under sections c, h, i and j regarding your future husband or wife and future in-laws, and clearly show that such relationship is a future one.

Complete Name under which Employed	Current Address	Relationship

ALL APPLICANTS

Attach an unmounted full face photograph of yourself, not larger than 2¾ x 2½ inches. Print your name plainly on the back of the photograph. The photograph must have been taken not more than 3 months prior to the date of this application.

17. PHYSICAL DATA

a. Height without shoes

Weight without clothes

b. Do you now have or have you ever had any of the following: nervous, mental, or emotional disorder of any sort; tuberculosis; epilepsy, fainting spells or severe headaches; diabetes; ulcers; rheumatic fever or heart disease; or asthma? ☐ No ☐ Yes
(If "yes" identify, describe, and give dates)

c. Do you now have or have you ever had any chronic or serious illnesses; or have you ever had any serious operations or injuries? ☐ No ☐ Yes
(If "yes" describe and give dates)

d. Have you ever been hospitalized? ☐ No ☐ Yes

Dates			Hospital	Location	Reason
Mo.	Day	Yr.			

e. Describe any past or present physical handicap, defect, or disability not previously covered, but including extent of defective vision, if any, with and without glasses (Snellen) and deficiencies in color vision and hearing.

f. How many days have you lost from work or school due to illness during the past five years?

Nature of illness(es)

g. Have you ever received, is there pending, have you applied for, or do you intend to apply for pension or compensation for existing disability? ☐ No ☐ Yes
(If "yes," specify what kind, granted by whom, and what amount, when, why. If applicable, include Veterans' Administration claim number.)

h. Special Agent Applicants Only: Do you have any physical defects such as, but not limited to, a bone, joint, or other deformity or loss of finger, which would preclude unrestricted, regular participation in all phases of the FBI's firearms training, physical training and defensive tactics? ☐ No ☐ Yes
(If "yes" describe)

I understand that all appointments are probationary for a period of one year during which I must demonstrate my fitness for continued employment by the Federal Bureau of Investigation. I also understand that, in many parts of the Bureau, it has been necessary to establish regular night and midnight shifts in view of which I must be available for such assignments as the needs might require. I further understand that any appointment tendered me will be contingent upon the results of a complete character and fitness investigation, and I am aware that wilfully withholding information or making false statements on this application will be the basis for dismissal from the Federal Bureau of Investigation, and constitutes a violation of Section 1001, Title 18, U. S. Code. I agree to these conditions and I hereby certify that all statements made by me on this application are true and complete, to the best of my knowledge.

On the morning of May 30, 1975, Mr. Robert Nichols (SA-Retired), and SA John Dennis Miller, Legal Analysis Office, met in Miller's office, prior to Nichol's appointment for interview by members of the staff of the Senate Select Committee.

Miller gave Nichols a copy of the Committee's rules at approximately 8:35 a.m. after Nichols stated he had not been given a copy by anyone else. He advised Nichols that nothing Miller was about to say was intended to or should be interpreted as an order or suggestion to be uncooperative with the Senate Select Committee or its staff.

Miller then advised Nichols he had the right to be represented by an attorney; if he is unable to retain an attorney, he should so advise the Committee staff and ask them to assist him in securing counsel; and the FBI could not provide the services of an attorney. Nichols said he understood.

REC-100 62-116395-222

Miller then escorted Nichols to the JEH Building where he met SAs Paul V. Daly and Seymor F. Phillips.

TO : Mr. J. B. Adams DATE: 5-23-75

FROM : Legal Counsel

SUBJECT: SENSTUDY 75

ALL INFORMATION CONTAINED
HEREIN IS UNCLASSIFIED
DATE 1-18-01 BY

On the evening of 5-20-75 Deputy Assistant Attorney General K. William O'Conner telephonically advised SA Paul V. Daly of the Legal Counsel Division that the Department had reached a decision concerning the scope of testimony to be allowed in the Senate Select Committee interview of former SA Alan G. Sentinella. We previously had informed the Department that Mr. Sentinella was to testify pursuant to a subpoena before this Committee and that Department of Justice Order 501-73 requires we obtain Departmental approval before testimony may be given. We also informed the Department that Lester B. Seidel, staff member of the Senate Select Committee, had advised SA Daly that the scope of the intended interview of Sentinella would include knowledge Sentinella may have concerning the investigations of Martin Luther King, Stanley David Levinson, and the Southern Christian Leadership Conference (SCLC). Mr. Seidel also indicated that they would interview Sentinella concerning his activities between the years 1960 to 1971.

Mr. O'Conner advised SA Daly that the decision of Deputy Attorney General Harold R. Tyler; Assistant Attorney General Antonin Scalia, and Associate Deputy Attorney General Robert McDermott was that Sentinella was released insofar as the Department was concerned to only discuss three areas, those areas being the FBI investigations of Martin Luther King, Stanley David Levinson, and SCLC. He was to advise the Committee that he was not permitted to go outside of these three areas because of instructions from the Department of Justice which instructions were issued pursuant to Department of Justice Order 501-73.

On 5-21-75 former SA Sentinella was advised of the Departmental restrictions on the information he could furnish the Committee by SA Daly, and he was accompanied by SA Daly to the Senate Select Committee office located in G308 of the Dirksen Senate Office Building. Sentinella's interview was scheduled for 9:30 a.m. Mr. Seidel met Mr. Sentinella and at 9:31 a.m. furnished Mr. Sentinella a copy of the Rules of Procedure for

the Select Committee to Study Governmental Operations with Respect to Intelligence Activities. At the same time, former SA Sentinella was furnished forms which Seidel requested he fill out at that time. Seidel also made reference to Sentinella's Fifth Amendment rights but did not specify or spell out his rights.

It was brought to Mr. Seidel's attention by SA Daly that the Rules adopted by the Senate Select Committee called for a witness to be given copies of the Rules 24 hours prior to his appearance before the Committee and that these Rules are important for a potential witness to have knowledge of prior to his being interviewed since they contain a list of rights and privileges which a witness is entitled to. It was also brought to Mr. Seidel's attention that despite the fact that the interview was to be initiated at 10 a.m. (initially the interview was scheduled for 9:30 a.m., however, upon arrival former SA Sentinella was advised it would not be held until 10 a.m.) with Mr. Sentinella being required to fill out forms, he would have very little opportunity to review and digest the Rules of the Committee.

Mr. Seidel was also advised of the restrictions placed on the area which former SA Sentinella could respond to by the Department of Justice. Mr. Seidel specifically requested that he be allowed to ask questions concerning "COINTELPRO." He was advised that this was not within the scope of the Department's release for Sentinella unless such information may have been related to the investigations of Martin Luther King, Stanley David Levinson, or SCLC.

SA Daly also explained to John Elliff, Task Force Head for the Committee on Domestic Intelligence Matters, the circumstances surrounding the failure to provide a copy of the Rules 24 hours prior to interview and of the lack of specificity of Mr. Seidel as to areas in which Mr. Sentinella would be interviewed. Mr. Elliff apologized for the oversight of the Committee in complying with its Rules and assured SA Daly this would not happen again. In addition, he was advised that the Rules of the Committee provide that witnesses would have a reasonable opportunity to inspect and correct their testimony, however, the Rules provide that a witness must inspect his testimony in the office of the Committee. It was pointed out to Mr. Elliff that such procedures were unreasonable in that in Mr. Sentinella's instance, he would have to travel from Atlanta to Washington, D. C., to review the transcript of his testimony at his own expense. Mr. Elliff indicated that he believed other arrangements concerning this particular aspect of the Rules could and would be worked out.

Mr. Sentinella at the conclusion of his testimony advised SA Daly, who was not present at the testimony, that the Committee adhered to the restrictions placed on his testimony by the Attorney General with one possible exception. They asked Mr. Sentinella if while he was working in Atlanta his squad investigated the "Klan" and "SNCC" (Student Non-Violent Coordinating Committee). Sentinella advised he did not raise an objection to this question because he felt the deviation from the Departmental restrictions was very slight, and our investigations of these matters were well known.

On the afternoon of 5-21-75 K. William O'Conner inquired of SA Daly how the interview went and he was generally advised of the facts surrounding the interview, including the fact that former SA Sentinella was not furnished a copy of the Rules until immediately preceding the interview. Mr. O'Conner inquired as to whether the Senator (Senator Robert Morgan [D-N.C.]) remained during the taking of testimony from Mr. Sentinella, and he was advised that according to Sentinella, Senator Morgan departed approximately five minutes after placing Mr. Sentinella under oath.

Mr. O'Conner expressed his displeasure at the way the Committee operated and indicated he was going to discuss this matter with Deputy Attorney General Tyler.

Subsequently, on 5-21-75 O'Conner indicated he had been in contact with James Wilderotter, assistant to the Counsel to the President, and Deputy Attorney General Tyler, and they want the Bureau to prepare a letter protesting the Committee's handling of the interview of Sentinella and of the fact that they violated Rules which were adopted by that Committee, specifically the Rules requiring Mr. Sentinella be furnished a copy of the Committee Rules 24 hours prior to giving testimony to the Committee, failure to be specific concerning the areas to be covered by Sentinella's testimony, the general manner in which the rights of Sentinella were explained to him, and the fact that Senator Morgan departed from the Committee session after giving the oath. O'Conner explained in this regard Deputy Attorney General Tyler feels that this is in contravention of the Rules of the Committee, and he questions whether an executive session of the Committee being held to hear such testimony can continue in the absence of a Senate Committee Member. He requested this letter be directed to Senator Church. He was advised that such a letter could only be prepared after approval had been obtained from proper Bureau authorities, and it was also pointed out to Mr. O'Conner that we had orally protested this matter to Mr. Elliff of the Committee and Mr. Seidel , and he was apprised of Elliff's statement that such mistakes would not be repeated in the future. It was pointed out to Mr. O'Conner

Legal Counsel to Mr. Adams
RE: SENSTUDY 75

that the Bureau had furnished former SA Sentinella a detailed briefing of his rights and a briefing as to what was contained in the Rules of the Committee prior to his interview. Mr. O'Conner again requested that we prepare a letter protesting this matter.

It is not felt that a letter concerning this particular matter should be directed to Senator Church in view of Mr. Elliff's statement that this incident will not be repeated in the future. It is felt that our oral protest to the Committee is sufficient at this point, especially inasmuch as they accepted the limitations placed on the testimony of former SA Sentinella by the Department. It would appear we could expect to achieve very little by sending such a letter at this time.

RECOMMENDATION:

That we orally advise Mr. O'Conner the Bureau does not feel a letter should be directed to the Committee, By FBI concerning this particular incident.

PVD JBH/PVD

Rec'd from Ad Hoc Comm 6/10/75 [illegible]

Office of the Attorney General
Washington, D.C. 20530

MAY 30 1975

Honorable Frank Church, Chairman
United States Senate Select Committee
on Intelligence Activities
Washington, D. C. 20510

Senstudy-75

Dear Senator Church:

It is my understanding that the continuing efforts of staff members of the Executive and Legislative Branches to prepare standard guidelines for witness interview procedures are continuing this week. While that process continues, the Department of Justice is, of course, continuing to cooperate in an ad hoc and responsive manner. In order to ensure our attention to these cooperative efforts, I have designated K. William O'Connor as Special Counsel for Intelligence Coordination and as such he will be the principle liaison officer of DOJ in this effort. I understand that your Chief Counsel and members of his staff are now dealing with Mr. O'Connor in the execution of their responsibilities.

In the meantime, in an effort to expedite the cooperative provision of appropriate information to SSC, it would be most helpful if the Committee Staff would ensure that the Department of Justice is advised, in advance of Committee Staff contact with FBI employees and former employees, of the name of the witness and the scope of the prospective interview. This would facilitate the interview process, since it would make it possible to ensure that appropriate instructions are issued to the witness under 28 CFR 16.22, and would permit early decision upon the release of any applicable secrecy agreements.

84 JUN 13 1975

In the same vein, I should like to invite your attention to some procedural matters surrounding recent witness presentation before the Committee. It appears, from reports which I have received, that two former FBI agents who recently appeared, did not receive copies of the Committee's Rules of Procedures until immediately before appearance before the Committee; and that the scope of their proposed testimony was defined with somewhat less than optimum precision for pre-clearance. Some procedural problems are almost inevitable, especially in the early stages of hearings. I know that you share my interest in assuring that full procedural due process is unequivocally provided to all witnesses who testify before the Committee or are interviewed by Committee Staff. In calling this matter to your attention I seek your support in restricting such problems to a minimum and prospectively avoiding others of like kind.

Sincerely,

Edward H. Levi
Attorney General

TO : Mr. J. B. Adams

DATE: 6-4-75

FROM : Legal Counsel

SUBJECT: SENSTUDY 75

ALL INFORMATION CONTAINED
HEREIN IS UNCLASSIFIED
DATE 1-19-01 BY [illegible]

The purpose of this memorandum is to advise that a representative of captioned Committee has advised that if the Bureau's response to a Committee request concerning the Democratic Convention in Atlantic City in 1964 is sufficiently informative it may not be necessary to interview Bureau personnel concerning this matter and to recommend that an expeditious effort be made to furnish a summary concerning the Atlantic City investigation be made available along with certain documents concerning this matter.

By way of background, we have received a request dated 5-14-75 pertaining to many items, among which was information concerning the Bureau's activities in Atlantic City in 1964 at the Democratic National Convention. At a meeting on 5-30-75 it was pointed out to the Committee that certain aspects of their May 14, 1975, request were particularly burdensome, would in some instances invade privacy and for other reasons was most difficult. During this meeting which was attended by Mark Gitenstein, staff member of the Committee; John Elliff, Task Force Director; representatives of the Bureau; and K. William O'Conner, Special Counsel to the Deputy Attorney General for Intelligence Coordination, the Committee representatives indicated that subject to the Senate Committee's approval they would accept some sort of summary with regard to their request in Appendix D, Item 8 of the May 14, 1975, request. This item pertains to the Bureau's activities in Atlantic City.

We have had former Agents interviewed concerning this matter, a request has been made to interview two Bureau secretaries, and the Committee has indicated they intend to interview as many as five additional Bureau Agents concerning this matter. In conversation with K. William O'Conner, he mentioned that the Committee had specifically informed him that if the Bureau's response was informative enough concerning

the Atlantic City matter, they would not interview the two Bureau secretaries, Mary Ann Massa and M. Ann Mierzejewski. (The request concerning the interview of these Bureau employees, who are Newark Office employees, is the subject of a separate memorandum captioned and dated same.) He requested SA Paul V. Daly to contact Mark Gitenstein in an effort to determine what type of response the Committee expected concerning the Atlantic City incident.

On 6-4-75, SA Daly contacted Mr. Gitenstein and Mr. Gitenstein advised that the Committee knew of the existence of certain memoranda and in particular a memorandum from former Assistant to the Director C. D. DeLoach reporting a conversation with the President requesting Bureau coverage at the Convention. Gitenstein stated that with regard to the Atlantic City incident, if a summary was prepared concerning this incident which would in general show the types of people whose conversations were monitored, the type of information collected, and the type of information disseminated along with furnishing the Committee certain important documents that it would not be necessary to interview Bureau personnel. He indicated among the documents they would expect to be furnished would be the DeLoach memorandum along with other "benign" documents which would not involve a privacy consideration or other considerations which might preclude their being made available to the Committee. Gitenstein indicated that it is the Committee's feeling that information of a political nature such as the credentials argument at the Convention was collected and furnished to the White House and that the collection and dissemination of this information is not apparently in concert with the ostensive purpose of electronic surveillance. He felt that the summary need not and should not identify individuals monitored but rather describe them such as a senator or some other descriptive phrase to describe the individual whose conversation might have been monitored. He said as to the verification of the information contained in the summary with the information in the files, that subject will be addressed by the Committee at a later time.

Gitenstein again mentioned that if such information was furnished by the Bureau, their need to interview employees would be muted as what they are attempting to learn through interview of Agents involved would have already been furnished by the Bureau. He volunteered that the Committee is relatively well informed concerning this particular matter. It is obvious from the specific mention of the DeLoach memorandum along with other observations and statements he made that this could well be true.

CONTINUED - OVER

Legal Counsel to Mr. J. B. Adams Memo
RE: SENSTUDY 75

It is realized that the White House has requested that a paper be prepared which would include the Atlantic City incident; however, K. William O'Connor indicated that he had conversed with Mr. James Wilderotter, assistant to the Counsel to the President, and that Wilderotter had advised that document requests pertaining to Atlantic City or any other topic which will be addressed in a paper should be responded to and response should not be delayed.

It would appear to be advantageous to the Bureau to attempt to comply with the summary request along with furnishing certain documents concerning Atlantic City on an expeditious basis as opposed to the Committee continuing to conduct interviews of current and former Bureau personnel. If this type of arrangement can be worked out in this particular incident which the Committee characterizes as an abuse, it might lend itself to a similar arrangement in other areas.

RECOMMENDATION:

That the Intelligence Division expeditiously prepare a summary in line with the above concerning the Atlantic City incident along with furnishing the important documents concerning this incident.

NOTE:

Referenced teletype alerted field to work of the Senate and House Select Committees and Bureau's handling of its requests. Also, it pointed out FBI has pledged full cooperation with Committees. San Francisco teletype 5/14/75 advised that on that day Lester B. Seidel, Investigator, Senate Select Committee, telephonically sought and was furnished identities of SACs in San Francisco in 1970. Seidel did not indicate specific nature of his inquiries. Considering the publicity being afforded the work of the Committee, it is not inconceivable some unauthorized persons may attempt to obtain information from the FBI particularly at field level, under guise of one of the Committees. It is therefore believed this teletype to all SACs is desirable as a cautionary measure.

LEGAL DIVISION

Attached teletype advises former Agent Richard H. Davis, Atlanta Office, had been contacted by Senate Select Committee (SSC) Staff Member (FNU) Epstein in an attempt by Epstein to arrange an interview concerning Bureau investigation of Martin Luther King. On the night of 6-4-75, Michael Epstein, Staff Member SSC advised SA Paul V. Daly that he had contacted former Agent Davis to arrange interview concerning Bureau investigation of Martin Luther King, Stanley David Levison, and Southern Leadership Christian Conference (SLCC). Epstein stated Davis refused to submit to interview since he was bound by an employment secrecy agreement and needed necessary clearance from Bureau. He told Epstein that he would not contact Bureau for such clearance. Epstein requested Bureau release Davis from the agreement for purposes of this interview which will be a staff interview in Atlanta.

Legal Division recommends Davis be released from security agreement for purposes of this interview and to answer questions concerning the King, Levison, and SLCC investigations. If approved, we will separately advise Davis through Atlanta Office of this decision, and give him pertinent briefing.

SUBJECT: SENSTUDY 75

This memorandum reports the results of an executive meeting of the Executive Committee of the Ad Hoc Coordinating Group of Congressional Review for the Intelligence Community on 5-28-75. The meeting was chaired by William Colby, Director of Central Intelligence. Also present were: Philip Buchen, Counsel to the President, James Wilderotter, Associate Counsel to the President, Thomas K. Latimer, Special Assistant to the Secretary of Defense, John M. Clarke, Associate Deputy to the DCI for the Intelligence Community, William O'Connor, Special Counsel for Intelligence Coordination, Department of Justice, Section Chief William O. Cregar, Inspector John B. Hotis, and senior officials of the State Department, National Security Agency, Office of Management and Budget, Defense Department, and the Treasury Department.

Hotis

The following matters of interest were discussed at the meeting:

House Select Committee on Intelligence Activities

Mr. Colby said he met earlier this week with Chairman Nedzi of the House Select Committee on Intelligence Activities, John L. Boos, Chief Counsel, and A. Searle Field, Committee Staff Director. He said they seemed interested in the relationship which had developed between the Senate Committee and CIA and asked where he thought the Senate inquiry was going. They also discussed procedures regarding access to documents and witnesses and requested they be furnished some basic materials concerning the CIA's authority to conduct intelligence investigations. They also requested that the Committee be provided with all the materials requested by the Senate Select Committee. Colby pointed out that the House Resolution (H-Res. 138) which established the Select Committee prohibits the disclosure of information outside the Committee without Committee approval. There is some question, however, whether this Resolution can supersede Rule 11 of the Rules of the House of Representatives

84 JUN 11 1975

which provides that members of the House shall have access to all Committee records. He said Congressman Robert N. Giaimo (D-Conn.) has indicated that he will not accept any limitations on access. Colby said he will appear in an open session before the Committee sometime in the next few weeks to discuss, in general terms, the agency's position on collection of intelligence information.

Senate Select Committee on Intelligence Activities

Mr. Wilderotter said that F. A. O. Schwarz, Counsel to the Senate Select Committee on Intelligence Activities, has agreed to identify in advance specific allegations of abuse that will be reviewed by the Committee. Wilderotter said he will then appoint a task force or some other coordinating mechanism within the executive branch to examine each of these areas in depth. The purpose will be to develop an executive department brief on each subject which can be used to respond to Committee requests. He felt that this might enable the Administration to gain the initiative on these issues and perhaps limit the Committee's inquiries to the boundaries set forth in the Senate Resolution. He asked that the agencies make an effort to identify abuse subjects so that the White House can pull together all the information available on each topic. He said it is already clear that the Committee will examine such subjects as assassinations and the CIA's role in the internal affairs of Chile and the Dominican Republic.

Mr. E. H. Knoche, Assistant to the Director, Central Intelligence Agency, reported that Mr. Colby has made three appearances before the Senate Select Committee and on each occasion discussed assassination matters. Mr. Colby will meet with the Committee three times next week, and it is expected that he will be asked about the Phoenix program and the covert activities of the CIA including political, counterintelligence, and clandestine intelligence collection. The Committee will trace the agency's operations back to the 1947 directive in an effort to determine how they relate to policy objectives of the Government.

Mr. William G. Hyland, Director of Intelligence and Research, Department of State, said the Committee has requested position papers on the Department's activities in Laos and Chile and to explain of the Department's approach to covert action and whether it was a supplement or instrument of policy. Mr. Hyland raised the question of whether the agencies had any moral obligation to advise former employees that documents were now being

CONTINUED - OVER

made available to Congress. He felt that they should be given an opportunity to review these files prior to interview in order to refresh their memories. Mr. Wilderotter agreed and said that each agency should adopt a similar policy.

Mr. John M. Clarke, Associate Deputy to the DCI, asked whether anyone knew what John Elliff hoped to accomplish as Director of the Task Force on Domestic Intelligence. We pointed out that his earlier writings would indicate that he intends to draft an intelligence charter for the FBI, and perhaps the entire intelligence community. Elliff has made a comprehensive study over the past several years of the Bureau's internal security intelligence functions, including sources of the FBI's authority and the legal restrictions of its operations. This was the subject of a paper he submitted at the Princeton Conference in 1971, and he has since called for the establishment of legal standards for the Bureau's collection, retention, and dissemination of intelligence information.

Mr. Buchen then requested that the FBI draft a proposed intelligence charter for the Bureau. He felt that it would be helpful for the Administration to have a proposal available which it might use to counter any recommendations made by the Committee. At the end of the meeting Mr. Wilderotter asked that a second paper be prepared reviewing all of Mr. Elliff's articles on the subject of domestic intelligence with the view toward identifying those issues which seem to be of major importance.

With regard to Mr. Buchen's request, we feel that it would be inappropriate for the Bureau to draft an intelligence charter for the executive branch. It is the responsibility of the White House and other consumers of intelligence to define their needs and propose appropriate operating authority. We also question the utility of reviewing Professor Elliff's writings on the domestic intelligence functions. We feel a better course of action at this point is simply to ask Mr. Elliff to define the goals and objectives of his task force. He has always been very candid and forthright and we have no reason to think that he would be reluctant to discuss the matter with us. In addition, it is likely his views on the intelligence function differ from those expressed in his earlier articles, and it is best to get his current thinking on the problem. If this approach proves unsuccessful, we can then resort to a review of his written materials.

RECOMMENDATIONS
CONTINUED - OVER

RECOMMENDATIONS:

(1) That Legal Counsel Division advise Mr. Wilderotter that we feel it is inappropriate for the Bureau to draft an intelligence charter ~~o~~fr the FBI and recommend that the White House draft a statement of its intelligence needs.

(2) That Legal Counsel Division contact Mr. Elliff and attempt to determine what his goals and objectives are as Director of the Task Force on Domestic Intelligence.

SUBJECT: SENSTUDY 75

This records the results of contact with Central Intelligence Agency (CIA) concerning release to Senate Select Committee (SSC) of two documents pertaining to Appendix C, Paragraph 24 of the SSC request to the Department of 5/14/75, which requested "all memoranda and other materials reflecting conversations, contacts or communications between the FBI and the CIA on the subject of the establishment or creation of 'notional' Marxist-Leninist organizations within the United States."

No information has been developed indicating this Bureau conferred with CIA regarding the establishment or creation of a Bureau-sponsored "notional" Marxist-Leninist organization. Although the FBI did, in fact, direct several such organizations, no information has been developed indicating the FBI consulted with CIA regarding their establishment or creation.

In one instance, CIA advised in 2/70 it had established a notional organization with post office box addresses in Boston, Massachusetts and Philadelphia, Pennsylvania. This notional organization, to be known as the Union for the Revolution, had the objective of developing penetrations and/or sources in revolutionary Arab groups in the Middle East. It was CIA's intention to circulate propaganda from the post office boxes in anticipation of interesting Arab groups. Thereafter, it was CIA's plan to use its personnel under "suitable" cover to contact the Arab groups. (See memorandum dated 2/13/70, captioned "Union for the Revolution," 100-456409-2, copy attached.)

62-116395-216

REC 107

By letterhead memorandum dated 3/23/70, the FBI indicated information had been received indicating the Union for the Revolution had been in contact with a domestic Marxist-Leninist organization requesting literature. This memorandum set forth an analysis of a "Statement of the Union for the Revolution" indicating the document lacked credibility as a revolutionary document. (LHM dated 3/23/70, captioned "Union for the Revolution," 100-456409-4, copy attached.)

84 JUN 11 1975

Memorandum to Mr. W. R. Wannall
Re: Senstudy 75
62-116395

On 6/6/75, Mr. Walter Elder, CIA, advised that CIA had no objection to the LHM dated 3/23/70, being furnished to the SSC. With regard to the memorandum from Mr. Papich to Mr. Brennan dated 2/13/70, Mr. Elder requested that the name of the CIA representative who furnished the information in the memorandum be deleted from line one of the memorandum prior to its being furnished to the SSC. Provided this is done, CIA has no objection to this memorandum being furnished to the SSC. He suggested that when the name is deleted, it be replaced with the phrase "A CIA officer."

ACTION:

To record CIA's clearance of the above-described documents.

SECRET

Appendix C, III, 24

Please provide: all memoranda and other materials reflecting conversations, contacts, or communications between the FBI and the CIA on the subject of the establishment or creation of "notional" Marxist-Leninist organizations within the United States.

No information has been developed indicating this Bureau conferred with CIA regarding the establishment or creation of a Bureau-sponsored "notional" Marxist-Leninist organization. Although the FBI did, in fact, direct several such organizations, no information has been developed indicating the FBI consulted with CIA regarding their establishment or creation.

In one instance, CIA advised in 2/70 it had established a notional organization with post office box addresses in Boston, Massachusetts, and Philadelphia, Pennsylvania. This notional organization, to be known as the Union for the Revolution, had the objective of developing penetrations and/or sources in revolutionary Arab groups in the Middle East. It was CIA's intention to circulate propaganda from the post office boxes in anticipation of interesting Arab groups. Thereafter, it was CIA's plan to use its personnel under "suitable" cover to contact the Arab groups. (See memorandum dated 2/13/70 captioned "Union for the Revolution," 100-456409-2, copy attached.)

By letterhead memorandum dated 3/23/70, the FBI indicated information had been received indicating the Union for the Revolution had been in contact with a domestic Marxist-Leninist organization requesting literature. This memorandum set forth an analysis of a "Statement of the Union for the Revolution" indicating the document lacked credibility as a revolutionary document. (LHM dated 3/23/70 captioned "Union for the Revolution," 100-456409-4, copy attached.)

As the Union for the Revolution was strictly a creation of CIA, it is recommended before any information be disseminated outside the FBI relating to this organization, clearance be obtained through CIA.

At 4:55 p.m. on June 4, 1975, Daniel M. Armstrong, III, telephonically advised me that he has not as yet been contacted by the Senate Select Committee staff for interview but it was his intention to call Mark Gitenstein to discuss further his interview by the Committee. Mr. Armstrong inquired as to whether the Bureau has any objections to his discussing the two subject areas previously described by Mr. Gitenstein. Those areas were Armstrong's knowledge of the Bureau's Intelligence Division activities as a result of his employment in the FBI, and his knowledge of the possibility of the Bureau getting an Executive Order establishing the FBI's authority in security matters.

I advised Mr. Armstrong that to the extent that the interview would concern those two subjects, the Bureau would have no objection and he could consider his secrecy agreement waived, but only to that extent. Mr. Armstrong inquired as to whether there were any particular problems with information he furnished to me on May 28, 1975. I told him that the waiver of the agreement was conditioned on the one limitation that he would not furnish information that would identify informants, compromise current investigations, or on-going programs, or reveal other sensitive matters which should be reserved for the information of members of the Committee or the Chairman of the Committee.

I told Mr. Armstrong that the Bureau would have available during his interview, though not present at the interview, a representative who would provide him with counsel as to any problems concerning subjects he may be reluctant to discuss with the Committee representative. I explained that the FBI representative was not intended to inhibit any

FROM : W. E. Harward

SUBJECT: SECURITY SURVEYS - SENATE SELECT COMMITTEE ON INTELLIGENCE ACTIVITIES - HOUSE SELECT COMMITTEE ON INTELLIGENCE ACTIVITIES - CAPITOL POLICE DEPARTMENT

Rememos Legal Counsel to Mr. Adams dated 4/9/75 and 4/25/75, concerning above-captioned matter, copies attached.

Liaison with Capitol Hill by the Office of Legal Counsel resulted in an arrangement whereby Laboratory representatives could meet with those members of the Capitol Police Force handling security surveys for the U. S. Congress. Laboratory personnel met with members of the Capitol Police Force on 5/6/75 and 5/8/75 at their headquarters, 331 First Street, NE, Washington, D. C. At the meeting on 5/6/75 an examination of their survey equipment revealed that it was adequate, however it did not meet the level of sophistication or quality available at the present state of the art. Further discussion revealed that the training received by members of the police force handling their responsibility was limited.

On 5/8/75 Laboratory Supervisors Wilbur G. Stevens and Joseph B. Parsons met with Chief James M. Powell and some of his staff members which included Deputy Chief Garner, Captain Brannon, Head of the Investigative Unit, and Lieutenant Bell, Head of the Bomb Disposal Unit. The discussion at this meeting centered around steps which could be taken to update their present security survey equipment as well as additional measures which could be put into practice to enhance their technical expertise in this area. Laboratory personnel furnished them with the names of manufacturers of additional survey equipment as well as suggestions as to the establishment of an in-house training program.

UNRECORDED COPY FILED IN

Memorandum W. E. Harward to Mr. Cochran
RE: SECURITY SURVEYS - SENATE SELECT COMMITTEE ON INTELLIGENCE ACTIVITIES - HOUSE SELECT COMMITTEE ON INTELLIGENCE ACTIVITIES - CAPITOL POLICE DEPARTMENT

At the conclusion of this conference, Chief Powell expressed his sincere appreciation to the Bureau for the excellent help and guidance extended to him and his staff in this matter of mutual interest, and expressed the hope that he could call on us again in the event he or his staff needed to tap our resevoir of knowledge. The Chief was assured that we would be available if needed in this capacity.

It appears that the Capitol Police Force has been forced into the untenable position of handling this responsibility for the Congress, and as a result are attempting to establish some degree of self-reliance and outward credibility being completely inexperienced in this area of technical expertise. Because of this, it is felt that the Bureau should move cautiously in any continuing liaison with the Capitol Police concerning security survey matters.

RECOMMENDATION:

It is recommended that any continuing liaison with the Capitol Hill Police Force be handled by mature and experienced Special Agent Supervisors, who are completely familiar with security survey matters.

During various contacts with William Miller, Staff Director of the Senate Select Committee, and Congressman Lucien Nedzi (D-Mich.), Chairman of the House Select Committee, the question has come up regarding the need for a check of the private offices of individual Committee Members to ensure the absence of any electronic listening devices. The Committee personnel have been told that we consider this absolutely essential and they agreed.

In exploring this matter, it was determined that the Capitol Police Department recently has established a special unit to handle all types of security problems within the Capitol Hill complex, including checks for electronic listening devices. Personnel of this unit have received extensive training, some from CIA. The operations of the unit are controlled through the Sergeants at Arms of the House and Senate.

This matter has been discussed with Robert Hough, Deputy Sergeant at Arms of the Senate and with Kenneth Harding, Sergeant at Arms of the House. Hough advised that the special unit already has conducted complete security surveys of the new office space of the Senate Select Committee and certainly will perform any other checks of this type needed by the Committee or its individual Members. He said, in fact, that since they now have this capability they would oppose any outside agency coming on to the Hill to perform this function. Hough said he already has been in contact with Miller regarding the necessary security checks and stated he will let us know when the offices of the Senate Select Committee/Members have been checked. He said their rules require specific requests from the individual Members in writing.

Legal Counsel to Mr. Adams Memo
RE: SENATE SELECT COMMITTEE
ON INTELLIGENCE ACTIVITIES
HOUSE SELECT COMMITTEE
ON INTELLIGENCE ACTIVITIES

This matter was discussed with Congressman Nedzi on 4-9-75, and he stated he would promptly contact Mr. Harding to work out the necessary arrangements for security checks needed by his Committee and its Members. Harding has promised to let us know when the checks of the House Select Committee Members have been completed.

All contacts concerning this matter have been handled by Inspector Bowers who will continue to follow this situation with Senate Sergeant at Arms, William H. Wannall, or his Deputy; House Sergeant at Arms Harding; Mr. Miller of the Senate Select Committee; and Congressman Nedzi.

RECOMMENDATION:

For information.

ADDENDUM: INTELLIGENCE DIVISION WOC:ekw 4/14/75

On 4/11/75 the Executive Committee of the Ad Hoc Coordinating Group on Congressional Review for the Intelligence Community was apprised of the discussions with Mr. Robert Hough, the Deputy Sergeant at Arms of the Senate and with Mr. Kenneth Harding, Sergeant at Arms of the House. Although the Executive Committee would have preferred the FBI to conduct audio sweeps, they interposed no objection to the sweeps being handled by the Capitol Police Department. Mr. Roderick Hills, Counsel to the President, requested, however, that both Mr. Hough and Mr. Harding be requested to periodically advise the FBI as to the sweeps of Committee space for electronic listening devices. Specifically, Mr. Hough and Mr. Harding should be asked to furnish the FBI the following: How frequently they will conduct a counteraudio sweep, what offices will be swept, will the results of such sweeps be furnished the FBI, and will the FBI be immediately notified should the Capitol Police locate an electronic listening device?

HOUSE SELECT COMMITTEE
ON INTELLIGENCE ACTIVITIES

Reference Legal Counsel to Mr. Adams memorandum of 4-9-75 to which the Intelligence Division placed an addendum dated 4-14-75 showing that Roderick Hills, Counsel to the President, had requested that the Sergeants at Arms of the Senate and House of Representatives keep the Bureau advised regarding checks made for electronic listening devices in the offices of captioned Select Committees.

This was discussed on 4-23-75 by Inspector Bowers with Senate Sergeant at Arms William Wannall and his Deputy, Robert Hough. They were amenable to notifying us concerning the checks they make of Senate Select Committee space and the offices of the Members of this Committee. Hough was designated by Wannall to handle this matter. Hough advised that the special Capitol Police unit had made a check of Room S148 in the Capitol on that date (4-23-75) prior to a meeting of the Senate Select Committee in that room and found nothing. Hough stated they have received no requests whatever to make any checks of the offices of individual Committee Members. He said he had discussed this matter with William Miller, Staff Director of the Select Committee, and Miller indicated it would be taken up with the Committee but he has heard nothing further from him.

On 4-24-75 Bowers discussed this matter with Kenneth Harding, Sergeant at Arms of the House of Representatives. Harding stated he has had no requests for any checks of the Members' offices or

SUBJECT: SENATE SELECT COMMITTEE ON INTELLIGENCE ACTIVITIES; INTERVIEWS OF FBI EMPLOYEES OR FORMER EMPLOYEES

ALL INFORMATION CONTAINED
HEREIN IS UNCLASSIFIED
DATE 1-19-01 BY SP2ALM/RW

Hotis

At the Executives Conference on May 22, 1975, I presented for discussion the question of the procedures to be followed when former employees or current employees of the Bureau are contacted for interview by staff representatives of the Senate Select Committee, or are called for testimony pursuant to a subpoena issued by the Committee. I explained the background including the numerous attempts to arrive at a working arrangement with the Committee in terms of stated guidelines and that all such efforts in the past had proven unworkable.

I pointed out that when presented with the proposal that an agency representative be present during interviews, the Committee met and voted unanimously to reject that proposal. The issue of whether the agency representative would be present during the interview therefore is a stumbling block to the development of a reasonable procedure to be followed by the Committee and by our present and former employees. I requested the authority of the Executives Conference and approval of the Director to waive the requirement that a Bureau representative be present during interviews and following a vote such approval was given.

I then requested authority to undertake the development of a working understanding with the Committee in behalf of the Bureau by which we would be given notice of the identities of persons to be interviewed prior to interview or testimony, that we would be advised of the subject matter of the

17 JUN 10 1975

84 JUN 11 1975

interview or testimony, and afforded an opportunity to discuss with the witness those areas of the proposed interview or testimony which would require no special arrangements and those areas which would require the information possessed by the witness to be furnished to members of the Committee or to the Chairman exclusively.

We also wanted an opportunity prior to interview to furnish the witnesses information concerning their Constitutional rights, their rights pursuant to the Committee's rules, and to advise them concerning the extent to which they were released from obligations of secrecy made to the FBI, and to the procedures necessary to obtain authority of the Department to respond to a subpoena.

Following discussion and vote this matter also was approved.

Pursuant to such authority, I met with K. William O'Connor, Deputy Assistant Attorney General, from approximately 4:00 p.m. to 5:20 p.m. on May 22, 1975, accompanied by Inspector John B. Hotis. I explained to Mr. O'Connor that the Director was desirous of having the Committee understand that the FBI wanted to be cooperative to the extent that it was possible and consistent with the need to protect the identities of informants, sensitive sources of information and methods, on-going investigations and other current operations and personal privacy. Because of this view of the Director and the Bureau, we desired to make known to the Committee the fact that we would not insist on the presence of a Bureau representative during actual interviews or testimony of present or former employees, but we would want an understanding with the Committee and the Committee staff that the Bureau would be given prior notice of the identities of proposed witnesses, the subject matter of the proposed interview or testimony, and an opportunity prior to interview or testimony for the Bureau to consult with the employee in order to release him from his obligations of secrecy to the extent possible for purposes of the interview or testimony.

I restated our position that we were not endeavoring to deter testimony rather we were attempting to facilitate testimony under reasonable conditions and we felt that these matters should be discussed with the Committee. I told Mr. O'Connor that we were aware of the numerous discussions, proposals and conferences that have been held in an effort to establish specific formal guidelines with the Committee, but that all such efforts in behalf of the White House staff and the intelligence community at

CONTINUED - OVER

large have not been successful. I told him that therefore we felt it would be appropriate for the FBI to express our view to the Committee because interviews of FBI personnel and former employees have been conducted and are scheduled in the near future.

Mr. O'Connor said that he understood the Director's view that he desired to cooperate with the Committee and he felt that such cooperation could be negotiated if we were to offer the Committee as trading material COINTELPRO files. I told Mr. O'Connor that we were not going to negotiate an understanding concerning witness interview procedures on the basis of trading any of our files. He then suggested that we negotiate the May 14, 1975, letter which was addressed to the Attorney General by Senator Church and use that negotiation as a basis for trading with the Committee to develop workable guidelines. I again told Mr. O'Connor that I considered the question of procedural arrangements for witness interviews to be a very broad question and one that went far beyond the requests in the May 14, 1975, letter. I told him that I felt confident that the May 14, 1975, letter would be followed by perhaps an even longer letter with more requests and that such matters should be negotiated individually.

Mr. O'Connor then said that it was his strong view that a letter should be addressed to the Committee complaining of the treatment of FBI witnesses, particularly regarding violations of the Committee's own rules in that it appeared that during recent interviews the Committee had not furnished witness a copy of the rules in sufficient time and the treatment by staff representatives (& the Committee staff) of witnesses had been improper.

I told Mr. O'Connor that I thought that our efforts to develop a working relationship with the Committee could be seriously impaired at this time should a protest letter be sent to Senator Church because a formal communication of that nature would require some reaction on the part of the Committee and I could see no benefit to our present efforts to establish procedures by which we could reasonably cooperate with the Committee.

Mr. O'Connor then suggested that a letter might be addressed to Senator Church which described our concern that in the absence of reasonable procedures witnesses' rights might be impaired and that for that

CONTINUED - OVER

reason and for the reason that the Director desired to be cooperative with the Committee, we would request a meeting with Senator Church and Senator Tower to arrive at an understanding as to procedures. I told Mr. O'Connor that I would consider such a letter and he said he would discuss the matter with the Deputy Attorney General and with James Wilderotter at the White House.

At approximately 9:05 a.m. on May 23, 1975, Mr. O'Connor called me and said that he had discussed the matter with Mr. Wilderotter and the Deputy Attorney General. He said that both had agreed that it was inopportune at this time to seek special guidelines for interviews of FBI personnel and former personnel with the Committee. He said that a meeting has been scheduled for Tuesday, May 27, 1975, at noon in a final effort to resolve an understanding with Committee representatives. He said at the present time it is proposed that the meeting be attended by Wilderotter and Roderick Hills, representing the White House; Hoffman, representing the Defense Department; Warner, representing CIA; and O'Connor representing the Justice Department. Committee representatives would be Schwarz, Chief Counsel, and John Elliff. He said that at this time it was his thought that the Deputy Attorney General and I should not attend the meeting. He gave as his reasoning the thought that "should something go wrong" the Deputy Attorney General could disassociate himself from any agreement arrived at, and that I would similarly be in a position of saying that we have not been a party to the agreement.

I reminded Mr. O'Connor that meetings have been held frequently in the past and that tentative understandings made at such meetings have disappeared shortly after the meeting was concluded. I told him that was significant to us because we now understand that two more former employees of the FBI have been contacted and may be interviewed in the near future. I told him that former SA Sam Papich and former Agent Nichols have been contacted. I told him that the extent to which we should release these two former employees from their obligation of secrecy could not be intelligently evaluated unless we knew the subject matter of the interviews and that we plan to contact the Committee to inquire as to the subject matter. I pointed out to him that such pending interviews make it imperative for the FBI to consider action in addition to meetings that may be planned to discuss guidelines.

CONTINUED _ OVER

Mr. O'Connor asked that we not contact the Committee directly at this time, but that we allow him to call John Elliff and Schwarz to request that he be advised of the identity of all proposed FBI witnesses and of the subject matter of the proposed interviews, and that such interviews or testimony not go forward pending developments of an agreement on guidelines. O'Connor promised that he would make the contact promptly and advise me today of the results. I agreed to withhold our contact pending receipt of the information from him.

Mr. O'Connor then insisted that a letter be prepared for the Attorney General to send to Senator Church pointing out the failure of the Committee to afford complete protection of the rights of witnesses. I declined to undertake that responsibility and I told him the reason was that a formal document addressed to the Chairman of the Committee would tend to impair our efforts to negotiate with the Committee and certainly would be untimely in view of the conference he described as being scheduled for next Tuesday at noon.

Mr. O'Connor then said he would hate to have to tell the Deputy Attorney General that the FBI declined to prepare such a draft. I told him that not only would I not mind him telling the Deputy Attorney General, but I wished he would tell the Deputy Attorney General and explain my reason for not sending such a formal letter addressed to Senator Church at this time. Mr. O'Connor said that "well everyone else agrees to the letter," and I told him the FBI does not agree.

Mr. O'Connor said that if he was going to have to draft the letter for the Attorney General's signature, he would do it, but that he would need the information concerning the interviews of former SA Devlin and former SA Sentinella. I told Mr. O'Connor that the information concerning Sentinella was en route to him already and that we would endeavor to furnish him as promptly as possible any additional information available to us concerning these interviews.

At 11:13 a.m. on May 23, 1975, Mr. O'Connor called me and said that he had just concluded a conversation with John Elliff during which Elliff agreed that in regard to the scheduled interview of former SA Sam Papich on May 29, 1975, at 9:00 a.m., he would furnish us the substance of the

CONTINUED - OVER

questions to be asked Mr. Papich. He said that Elliff was agreeable to an informal arrangement under which the FBI would not require the presence of a Bureau representative at such interviews, but would expect to receive the identity of persons to be interviewed plus a statement as to the subject matter of the interview. Elliff then proceeded to identify as those persons scheduled for interview as William Turner, who will be interviewed today or this weekend by Mike Epstein at San Francisco, and "Chick" Brennan, who was interviewed yesterday, May 22, 1975, by Mark Gitenstein and who may be interviewed again today.

As to the interview of Sam Papich, Elliff said that the interview would concern:

1. A liaison agreement between the FBI and CIA;

2. The abolition of Papich's liaison responsibilities in 1970;

3. Dissatisfaction by the FBI with the Huston Plan;

4. The views in the White House regarding the intelligence community and the FBI with reference to a conversation Elliff had with Mr. Wannall and Mr. Cregar on May 22, 1975;

5. A detailed follow-up on the discussions with Mr. Wannall;.

6. A copy of the Huston Plan and certain minutes taken of meetings at which the Huston Plan was discussed. These minutes allegedly were made by William Cregar;

7. The matter raised with Paul Daly on May 22, 1975. (Mr. Daly recalled that Mr. Elliff discussed an incident concerning the CIA and the FBI which occurred at Denver, Colorado.)

Mr. O'Connor said that an interview proposed with former SA Nichols has been postponed indefinitely according to Elliff because of Nichols' unavailability.

CONTINUED - OVER

Memorandum to Mr. Adams
Re: Senate Select Committee

Mr. O'Connor noted that even though formal current rules have not been agreed upon with the Committee, it appears that Elliff's cooperation in furnishing the above information indicates a willingness to abide by the terms and conditions that I had requested Mr. O'Connor to seek in behalf of the FBI.

In this developing cooperation with Elliff, it is my opinion that we should not participate in the conference at noon on Tuesday, May 27, 1975, at which time the broad proposals by Wilderotter will be discussed. It is to the interest of the FBI to develop a cooperative attitude on the part of Elliff and his staff and that is being accomplished.

FROM : Legal Counsel

SUBJECT: SENATE SELECT COMMITTEE ON INTELLIGENCE ACTIVITIES

At 10:37 a.m. on May 28, 1975, former FBI employee Daniel M. (Mac) Armstrong, III, telephonically advised me that he has received information that the Senate Select Committee may contact him for purpose of interview. He requested my advice as to what his response should be. I told Mr. Armstrong that he should be aware of any secrecy agreements he may have signed while an employee of the FBI and he should be aware of the Attorney General Order 501-73. I told him the Director was interested in being as candid as possible with the Committee and that we would be willing to release him from his agreement to the extent it would be possible to do so consistent with the needs of on-going investigations and the sensitivity of the particular information. involved. I told him that should he receive a request for interview or subpoena, it would be appropriate for him to inquire as to the general areas of discussion proposed for the interview and to request the Director to release him from the secrecy agreement concerning those areas.

Mr. Armstrong said that if he was contacted, he would respond according to the advice furnished him.

Enclosed is a copy of Bureau teletype 5/28/75 to selected SACs and one copy each of Bureau teletypes 5/2 and 20/75 to all SACs, latter two teletypes for background information concerning captioned matter.

You will note that the Senate Select Committee (SSC) is interested in the whereabouts of some current employees of your office, including yourself. For your additional information, an SSC Staff Member recently inquired of a former Bureau official concerning communications sent to Legat, Rome, in 1964 concerning Martin Luther King, Jr., and concerning the name of the Legat at Rome in 1964. (It was the erroneous recollection of the former Bureau official that Armand Cammarota was the Legat in Rome in 1964).

Handle all inquiries from the SSC in accordance with the enclosed instructions.

RE: FILING SYSTEM

ALL INFORMATION CONTAINED
HEREIN IS UNCLASSIFIED
DATE 1-18-01 BY SP2ALM/RW

Reference is made to memorandum from captioned Committee dated April 30, 1975, and the appendices thereto, which contained requests for documents and other information from the FBI.

In connection with Part four, concerning the FBI's filing system and printed forms utilized by this Bureau, enclosed are copies of the following:

1. Undated nine-page memorandum captioned "FBI Indexing Procedures."

2. One copy each of 13 Tables of Contents concerning forms utilized by this Bureau.

Concerning the FBI's filing system and the Committee's requests for a so-called "Clerk's Manual;" and for a list of FBI classifications used in its filing system, it will be noted that the nine-page memorandum contains the list of classifications. With respect to the so-called "Clerk's Manual," the Files and Communications Division of the FBI maintains detailed instructions which are followed by its employees in classifying mail for indexing. It is not known whether such instructions are what is referred to by the Committee as the "Clerk's Manual." These instructions consist of nine volumes of material. Because of their bulkiness and because it is not clear whether this material would serve the Committee's purpose, it is not being furnished at this time. However, it will be available for review at FBI Headquarters by the Committee Staff.

ENCLOSURE

GPO : 1975 O - 569-920

FILING SYSTEM

The following will explain the Tables of Contents concerning FBI forms which are being furnished in lieu of the actual forms at this time. This procedure is being followed because the forms number nearly 2,000 and many will probably be of no interest to the Committee. If the Committee will review these Tables of Contents and advise which forms it desires to see, appropriate steps will then be taken to make them available to the Committee Staff. The Tables of Contents headed "FBI Form Book" lists all FBI FD (Field Division) forms which are in use throughout the field. The remaining Tables of Contents list those forms applicable to the work of specific FBI Divisions at Headquarters. For example, forms with the prefix "1" are used in Division One (Identification); those with prefix "2" are used in Division Two (Training); etc. There are no forms peculiar to Divisions 11 (Legal Counsel) and 13 (Office of Planning and Evaluation). Those forms with prefix "0" (omnibus) are for use by two or more Divisions at Headquarters.

1 - The Attorney General

NOTE:

Clearance for making these Tables of Contents available was obtained from the Training Division for the FD forms and from each Division for its applicable forms. The Files and Communications Division has cleared the paper "FBI Indexing Procedures."

TO : Mr. W.R. Wannall

DATE: 5/12/75

FROM : H.C. Flemister, Jr.

SUBJECT: CLEARANCE OF CERTAIN DOCUMENTS PREPARED BY THE INTERDEPARTMENTAL INTELLIGENCE CONFERENCE (IIC) FOR RELEASE TO THE SENATE SELECT COMMITTEE

The following is to record the clearance of certain documents prepared by the IIC and, in some instances, the Interdepartmental Committee on Internal Security (ICIS) for release to the Senate Select Committee (SSC).

The SSC has been furnished a paper prepared by the Intelligence Division which was a position paper on the FBI's jurisdiction in internal security matters, intelligence and counterintelligence investigations. This paper was dated 2/13/75 and set forth information taken from certain documents or parts of documents by the IIC and, in some instances, the ICIS. All of these documents have been cleared for passage to the SSC by the following members of the IIC, as well as Mr. William Wark, Executive Secretary of the ICIS:

> Mr. Rowland Morrow, Director, Defense Investigative Programs Office; Mr. Merrill Kelly, Deputy Director of Operations, ACSI, U. S. Army; Colonel Leo Olsen, OSI, U. S. Air Force; Mr. Jack Donnelly, Naval Investigative Service.

Mr. Wark advised he did not feel it necessary to clear documents through the Attorney General since they pertain to IIC matters which were merely concurred in by ICIS.

Copies of the documents involved are attached and are as follows:

NOTE:

The Senate Select Committee has expressed an urgent interest in the details of any FBI investigation concerning the disappearance of Thomas Riha, former Professor at University of Colorado, Boulder, Colorado, in March, 1969. The Bureau conducted no investigation regarding the disappearance. There was considerable publicity with reference to a statement made by Dr. Smiley, then President of the university, that he had been informed by a Government official that Riha "was alive and well" Smiley was interviewed by the El Paso Office. Smiley furnished information in the strictest of confidence, not to be disseminated to any outside agency, regarding his contacts with a CIA representative in Boulder after the Riha disappearance. It was the CIA official who told him that Riha was alive and well. Without the Smiley interview our response to the Senate Select Committee has an obvious gap. If the Committee calls any witnesses in the Riha matter Dr. Smiley would be one of the most logical persons to call. The passage of time and other factors may have brought about a change in the mind of Dr. Smiley regarding the necessity to keep the information furnished by him in a confidential relationship with the Bureau and it is believed he should be given the opportunity to either reinforce his request for confidentiality or release the Bureau from the restriction he imposed.

WITH RESPECT TO INTELLIGENCE ACTIVITIES

RE: INTERVIEW OF RETIRED SPECIAL AGENT (SA)
BY SENATOR WALTER F. MONDALE AND
STAFF MEMBERS OF THE SENATE SELECT
COMMITTEE (SSC)

ALL INFORMATION CONTAINED
HEREIN IS UNCLASSIFIED
DATE 1-18-2001 BY SP2ALM/RW

Set out below is information voluntarily furnished to the FBI by retired SA John P. Devlin following his voluntary appearance before Senator Mondale and Staff Members of the Senate Select Committee on May 19, 1975. Devlin's appearance followed an interview of him by Senate Select Committee Staff Member Michael T. Epstein on April 25, 1975. A memorandum reporting the results of the April 25, 1975, interview was forwarded to the Attorney General as an enclosure to my letter to the Attorney General dated May 8, 1975, entitled "United States Senate Select Committee to Study Governmental Operations with Respect to Intelligence Activities."

On May 19, 1975, Devlin was interviewed by Senator Mondale; SSC Chief Counsel Frederick A. O. Schwarz, Jr.; Assistant Minority Counsel Charles Kirbow; and Epstein. The interview was conducted in a building across the street from the Dirksen Building in Washington, D. C., and lasted from approximately 2:00 p.m. to 3:20 p.m. Devlin was not subpoenaed to appear but appeared voluntarily. He was placed under oath by Senator Mondale.

At the outset of the interview Devlin was advised of his rights; that he could be represented by counsel and that if he had none, but desired counsel, the Committee Staff would attempt to provide one for him. At the conclusion of the interview he was thanked but given no indication as to whether he would be called to testify before the SSC.

Re: Interview of Retired Special Agent (SA)
by Senator Walter F. Mondale and
Staff Members of the Senate Select
Committee (SSC)

Following being advised of his rights, Devlin was asked who sent him to Atlantic City and why he was sent. He advised he received his instructions from Special Agent in Charge Ralph Bachman through Devlin's supervisor, SA Vincent Murphy. It is to be noted here that upon being interviewed by Epstein on April 25, 1975, Devlin had indicated he had received his instructions through his supervisor, SA William Gagnon. Devlin corrected this mistake during the interview of May 19, 1975. As to why he was sent, Devlin advised that as a sound man of the Newark Office he was sent to Atlantic City, New Jersey, to install a technical surveillance on Martin Luther King, Jr., who occupied a room at the Claridge Hotel in that city. Devlin was asked whether the monitoring plant for the electronic surveillance was located in the same hotel. Upon being advised it was the interviewers' desire to know whether the location of the plant at the Claridge Hotel was also designed to serve as a physical lookout on King's room, Devlin advised he was not aware that the FBI employed a physical lookout on King's hotel room. Devlin was also asked whether he installed a microphone in the room of King. He advised that he had not because it was not technically feasible. Also of concern to those interviewing Devlin on May 19, was whether he had personal knowledge as to whether the Attorney General had approved the electronic surveillance on King's telephone. Devlin replied he had no personal knowledge but assumed such authority had been obtained by his supervisor. Devlin was also asked if he could recall any conversations over King's phone which were monitored. Devlin replied that the only recollection he had involved conversations between King and his wife wherein they discussed her plans to travel to Atlantic City. Additionally, he did recall conversations involving the noted entertainer, Mehalia Jackson, who was appearing at that time in Atlantic City. Devlin could not recall the substance of the conversation with Jackson. He was also asked whether he retained or possessed any

Re: Interview of Retired Special Agent (SA)
by Senator Walter F. Mondale and
Staff Members of the Senate Select
Committee (SSC)

notes regarding the activity that occurred in Atlantic City during the Democratic Party Nominating Convention during the summer of 1964. Devlin advised that he did not retain any notes but subsequent to the original contact of him by Epstein, Devlin called SA John Connelly of the FBI Office in Newark in an effort to review any available material that might refresh his recollection. Connelly advised Devlin that all materials and notes retained by the Newark Office were forwarded to FBI Headquarters. This information was conveyed to the interviewers on the occasion of the May 19, 1975, interview.

Devlin also was asked if he ever questioned the technical coverage of King inasmuch as it appeared to be for political rather than security reasons. Devlin replied that he had no reason to question the technical coverage of King. He also was asked if he personally met with Mr. Cartha DeLoach of the FBI while both were in Atlantic City. Devlin advised he could not recall whether he actually met DeLoach, pointing out that SA Billie D. Williams was assigned the liaison responsibility with DeLoach.

Devlin was asked whether he had contacted the FBI following his original interview by Epstein on April 25, 1975. Devlin advised he had reported the interview by Epstein to the FBI Office in Newark, New Jersey. He further advised that subsequent to this, he received a call from Newark Assistant Special Agent in Charge Herbert Clough who informed him that should he be contacted in the future, and should he feel he needed to consult with FBI officials, he could call the Legal Counsel Division, FBI Headquarters, in Washington, D. C., collect, for such consultation. Senator Mondale desired to know who Devlin saw upon his arrival in Washington, D. C., on the morning of May 19, 1975, and specifically what instructions he received from the FBI. Devlin advised Senator Mondale that

Re: Interview of Retired Special Agent (SA)
by Senator Walter F. Mondale and
Staff Members of the Senate Select
Committee (SSC)

upon arrival in Washington, D. C., he reported to Inspector John Hotis of the Legal Counsel Division and Paul V. Daly of the FBI at which time he was advised of what obligations he had to the Attorney General as a former employee of the FBI to protect information obtained by virtue of his former employment in the FBI. Subsequent to Devlin's meeting with Mr. Hotis and Mr. Daly, he spent the remainder of the morning with SA William O. Cregar. Mondale desired to know specifically what Devlin and Cregar discussed. Devlin advised that other than discussing mutual friendships in the FBI, Cregar advised of what Cregar's role would be in accompanying him to the interview and specifically that Devlin could feel free to ask for the opportunity to consult with Cregar during the interview if the line of inquiry could possibly reveal the identity of sources, sensitive methods or investigative techniques, information derived from third agencies, or information which could adversely affect sensitive ongoing investigations.

NOTE:

Original and one copy to the Attorney General (AG) for forwarding the copy of the memorandum to James A. Wilderotter, Associate Counsel to the President. The information contained herein was orally furnished to SA W. O. Cregar by former SA Devlin following his interview of May 19, 1975.

Dear Mr. Chairman:

In my letter to you on 20 May 1975 I requested your assistance in making the Joint Committee's secure storage facilities available for the retention of certain sensitive material to which access is needed by the Senate Select Committee to Study Governmental Operations with Respect to Intelligence Activities. Those arrangements have been made with Mr. George Murphy and with the Select Committee. I want to thank you for making the facilities available and for permitting Mr. Murphy to be the custodian of the material.

A further need has now arisen for the same kind of arrangement for the House Select Committee on Intelligence. Again I would be very grateful to you and Mr. Murphy if a similar arrangement could be made for the members of the House Committee and members of the Committee staff designated for access to such material by mutual agreement of Chairman Nedzi and myself.

Sincerely,

/s/ W. E. Colby

TO : Mr. J. B. Adams DATE: May 23, 1975

FROM : Legal Counsel

SUBJECT: SENSTUDY 1975

Mr. John Elliff, Domestic Intelligence Task Force Director of captioned Committee advised that they were in receipt of a letter from the U. S. Postal Service informing the Committee an inquiry concerning the identity of all mail covers placed by the FBI since 1960, should be directed to the FBI.

Elliff inquired as to whether a letter from the Committee concerning this particular request should be directed to the Bureau or Attorney General. He was instructed the request should be directed to the Attorney General. Elliff said that he would direct such a letter to the Attorney General making a request concerning mail covers in the near future.

RECOMMENDATION:

The Intelligence, Special Investigative and General Investigative Divisions should gather necessary material so that the appropriate response might be prepared.

UNITED STATES SENATE SELECT COMMITTEE ON INTELLIGENCE ACTIVITIES

ALL INFORMATION CONTAINED HEREIN IS UNCLASSIFIED DATE 1-26-01 BY SP2ALM/RW

Reference is made to a letter from the Senate Select Committee dated March 19, 1975, requesting certain documents and other information from the Federal Bureau of Investigation (FBI).

Two of the documents requested were the Special Report of the Interagency Committee on Intelligence (Ad Hoc) dated June, 1970, and the original report on COINTELPRO activities prepared by the Committee headed by Assistant Attorney General Henry Petersen. With respect to the original report on COINTELPRO activities, pursuant to the conversation between Mr. John C. Keeney, Department of Justice, and Special Agent James C. Farrington, FBI Headquarters, on March 27, 1975, it was agreed the Department would await receipt of the Bureau's opinion prior to formulating its response to Senator Church's request for the 39-page Petersen report on COINTELPRO.

The 39-page COINTELPRO report, as well as all but one of Exhibits A through P attached thereto, contains matters relating to the internal deliberations of Department and FBI representatives who constituted the study Committee headed by former Assistant Attorney General Petersen. It is, therefore, suggested that if it is decided the report should be made available to Senator Church, it be done with the provision it not be made public.

EX 104 REC-59 62-116395-195 MAY 1 1975

Concerning the exhibits referred to in the text of the report: Exhibits A through L are summaries and memoranda prepared by the FBI or by Department attorneys based on their review of FBI material, and some of these are classified "Secret"; Exhibits M and N are legal memoranda prepared by Department attorneys in connection with the study Committee inquiry; Exhibit P is a work paper prepared by the FBI setting

forth overall recommendations relating to counterintelligence activity. All of these exhibits are in the nature of deliberative, internal work papers wherein opinions were freely expressed because they were not prepared with the idea in mind of publication, and it would appear they would be exempt from disclosure even if the report itself is furnished to Senator Church.

It is, therefore, recommended that, due to the above considerations, those exhibits prepared by the FBI not be furnished to Senator Church if you do decide to give him the report. It is felt the Department should determine if those exhibits prepared solely by the Department, such as Exhibits M and N, should be furnished to the Senator, but it is our recommendation that they not be for the same reasons as stated above.

Exhibit O is a press release dated December 7, 1973, which, of course, is already public source in nature.

You will recall that then Deputy Attorney General Laurence Silberman, in testimony before the Civil Rights and Constitutional Rights Subcommittee of the House Committee on the Judiciary as to why this 39-page report should not be furnished to that Committee stated, "...if we had thought it was appropriate to release the full discussion we would have done so at the time. There are a lot of internal working documents in the Justice Department which go to the making of a final report. This is the Attorney General's report."

Attached for your approval and forwarding to the Committee is the original of a memorandum which sets forth the status of their request for the two documents. A copy of this memorandum is enclosed for your records.

UNITED STATES SENATE SELECT COMMITTEE TO STUDY GOVERNMENTAL OPERATIONS WITH RESPECT TO INTELLIGENCE ACTIVITIES

Reference is made to letter dated March 19, 1975, to the Attorney General from the Chairman of captioned Committee, which enclosed certain requests for documents and other information from the Federal Bureau of Investigation.

One of the requests, under V., A., was the Special Report of the Interagency Committee on Intelligence (Ad Hoc) dated June, 1970. This is the so-called "Huston Report" and was prepared for the White House. Under the circumstances, this request has been referred to the White House.

Under V., B., a request was made for the original report on COINTELPRO activities prepared by the Committee headed by Assistant Attorney General Henry Petersen. Since that report is the property of the Department of Justice, the request has been referred to that Department.

DATE 1-19-81 BY SP2ALM/Pw

Set out below is information voluntarily furnished to the FBI by Mr. Mohr following his interview by representatives of the Staff of the SSC in Washington, D. C., on May 9, 1975.

Mr. Mohr was interviewed by Staff Members Mark Gitenstein, Lester B. Seidel, and Thomas Dawson from approximately 10:20 a.m. to 12:30 p.m. He was not placed under oath and he was not advised of his rights or that he could be represented by personal counsel.

At the outset of the interview, it was apparent that its purpose was to assist the SSC Staff Members in trying to understand how the flow of mail proceeded in the FBI under Mr. Hoover's directorship. For example, Mr. Mohr was shown FBI documents relating to the Socialist Workers Party as well as COINTELPRO documents which were obtained by Mr. Carl Stern under the Freedom of Information Act. No substantive questions were directed to Mr. Mohr regarding these documents but were shown to him in order that Mr. Mohr might identify who the final authority was in approving such documents.

In addition to the above, the Staff Members asked Mr. Mohr to explain the difference between an SAC Letter and a letter to all SACs. They also asked Mr. Mohr if the Bureau maintained a separate file on all SAC Letters.

Mr. Mohr was also questioned about the procedures he followed in securing Mr. J. Edgar Hoover's office after Mr. Hoover's death. Mr. Mohr told the Staff Members that the article which appeared in "The Washington Star" by columnist Jeremiah O'Leary was an accurate recording of what took place following Mr. Hoover's death. The Staff Members requested Mr. Mohr review in considerable detail exactly what he did to secure Mr. Hoover's office following his death.

The question of former Associate Director Clyde Tolson's will was also raised by Staff Members. Mr. Mohr advised the interviewers that Hillory Tolson, brother of Clyde Tolson, had not decided at that time whether he was going to contest the will.

Mr. Mohr was also asked about the whereabouts of Miss Helen Gandy, former Executive Assistant to Mr. Hoover. He advised that he did know her whereabouts and telephone number but promised he would not reveal them to anyone. Mr. Mohr was asked whether Miss Gandy would agree to being interviewed by Staff Members of the SSC. He advised that he would attempt to persuade Miss Gandy to agree to being interviewed on the condition he be allowed to be present during the entire interview. The Staff Members interposed no objection to that arrangement and Mr. Mohr indicated that he would advise Mr. Gitenstein of Miss Gandy's desires under the conditions stipulated above.

On May 12, 1975, Mr. Mohr telephonically advised that he recalled some additional topics covered during the interview of May 9, 1975, which he desired to furnish to the FBI. Specifically, Mr. Mohr recalled that he was asked if he knew who prepared the "surreptitious letters" the Bureau had mailed in the Socialist Workers Party case. Mr. Mohr advised the Staff Members that he did not know but presumed these letters were prepared in the Document Section of the FBI Laboratory.

Mr. Mohr also recalled that during his interview of May 9, 1975, he had advised Miss Gandy had turned over to Mr. Mark Felt of the FBI the official and confidential files of Mr. Hoover which amounted to one-half a file drawer. Subsequently, Mr. Mohr learned from Miss Gandy that the official and confidential files turned over to Mr. Felt amounted to one and one-half file drawers. This information was subsequently furnished to Mr. Gitenstein by Mr. Mohr. On that occasion, Mr. Gitenstein asked Mr. Mohr whether an itemized list of the official and confidential files was made and if so where the list was. Mohr told Gitenstein that he was sure a list was made and that in all probability the list accompanied the official and confidential files turned over to Mr. Felt by Miss Gandy.

In addition to the above, Mr. Mohr on May 12, 1975, recalled that Gitenstein asked about a requirement of all Bureau employees to turn over any confidential files in their possession ordered by Mr. Hoover following the revelation that former Assistant to the Director William C. Sullivan had turned over certain confidential files to former Assistant Attorney General Mardian. Mr. Mohr advised Gitenstein that Mr. Hoover had in fact levied such a requirement on Bureau officials and that all confidential files were to be turned over to Mr. Felt along with a memorandum explaining the nature of these files. Gitenstein asked Mohr where these memoranda would be filed. Mohr responded by saying he presumed they were confidential memoranda and would have gone with the confidential files turned over to Mr. Felt by Bureau officials maintaining such files.

NOTE: The original and one copy of this LHM is being furnished to the Attorney General. The copy is to be forwarded by the Attorney General to Mr. James A. Wilderotter, Associate Counsel to the President. The information herein was taken from two memoranda, Cregar to Wannall, dated 5/9 and 12/75 entitled "Senstudy 75."

FROM : Legal Counsel

SUBJECT: SENSTUDY 75

Deputy Assistant Attorney General, K. William O'Connor requested on 5-28-75, that he be given the opportunity to review summaries of the five recently uncovered COINTELPRO programs. O'Connor stated that in view of captioned Committee's request concerning COINTELPRO and his position of being in charge of Bureau and Departmental responses to Committee requests, he felt that it would be advantageous for him to be generally aware of the contents of the five newly uncovered programs. Mr. O'Connor stated he had previously reviewed the other COINTELPRO programs. [while in Civil Rights Division]

RECOMMENDATION:

That Mr. O'Connor be allowed to review the five recently uncovered COINTELPRO programs.

Reference is made to my memorandum dated 5/19/75 advising of the receipt of a letter from the Senate Select Committee (SSC) to the Attorney General dated 5/14/75, appending requests for additional documents and other information.

Specific attention is invited to Appendix A, item number 5, which requests:

"All Memoranda of the FBI and the Justice Department discussing the legal authority of the FBI to use the following techniques to (1) investigate internal security matters, (2) collect intelligence information, and (3) engage in counter-intelligence activities (see letter from the Chief Counsel to the Deputy Attorney General dated April 23, 1975):

a. All forms of electronic surveillance, including consensual electronic surveillance;

b. All forms of mail surveillance, including mail covers and opening mail;

c. Surreptitious entry;

d. All forms of physical surveillance, including agent infiltration, observation, photography, and remote viewing and sensing devices;

e. Informants, including possible entrapment, provocation, interference with lawyer-client relationship, or other problems;

f. Obtaining bank, credit, or other personal information;

g. Incommunicado interrogation;

84 JUN 5 1975

h. Maintenance of files and records;

i. Dissemination of information from files and records;

j. So-called "COINTELPRO" techniques and methods, including all forms of organizational 'disruption.'"

Appendix B, item number 4, requests:

"For each of the techniques described in Item 5 of Appendix A above, all memoranda and other materials relating to:

a. The original decision to utilize the technique in internal security, intelligence collection, and/or counterintelligence matters, operations, or activities.

b. The policies and procedures of the FBI for the utilization of the technique in internal security, intelligence collection, and/or counterintelligence matters, operations, or activities."

It would appear appropriate that response to Appendix A, item number 5, be prepared by the Legal Counsel Division. It is also apparent that response to Appendix B, item number 4, should be closely coordinated although responsibility for research in this area would appear to fall more logically within the Intelligence Division.

RECOMMENDATIONS:

1. That Legal Counsel Division assume responsibility for preparing response contained in Appendix A, Item number 5.

UNITED STATES ~~SENATE SELECT COMMITTEE~~
ON INTELLIGENCE ACTIVITIES

Reference is made to a letter from the Senate Select Committee dated May 14, 1975, with attached appendices A thru D requesting certain documents and other information.

Under item 26 of Appendix C, a request is made for "All reports prepared by the Office of Criminal Justice of the Department of Justice pursuant to the request in September 1974 of the Attorney General and/or Deputy Attorney General pertaining to the so-called 'Wounded Knee' case and any other so-called 'political trial' or other prosecutions brought by the Special Litigation Section of the Internal Security Division."

Under item 27 of Appendix C request is made of the Federal Bureau of Investigation for "All memoranda or other materials prepared by the FBI relating to the reports described in Item 26."

The Department is requested to advise this Bureau if reports which are requested in Appendix C under item 26 with respect to the "'Wounded Knee' case" were furnished to the FBI. If such reports were furnished please advise under what captions and dates these reports were submitted and identify by captions and dates all FBI communications on which your reports were based. If these reports were not furnished this Bureau please provide copies to us when you identify the FBI communications as requested herein.

REC-100 62-116395-188

You are also requested to provide to this Bureau copies of those reports, including sufficient information identifying FBI communications on which they were based, which will be furnished the Senate Select Committee per its request for "any other so-called 'political trial' or other prosecutions brought by the Special Litigation Section of the Internal Security Division."

The Attorney General

Inasmuch as this Bureau's response to item 27 of Appendix C enclosed with referenced letter depends on your response to item 26, you are requested to furnish the desired information as soon as possible in order that we may comply with the Senate Select Committee request. Since all reports requested under item 26 were prepared by the Department this Bureau will take no action to provide copies of these reports to the Committee.

1 - The Deputy Attorney General
Attention: K. William O'Connor
Special Counsel for
Intelligence Coordination

NOTE:

Until such time as we determine what information will be furnished the Senate Select Committee by the Department under item 26 mentioned above we believe our response on item 27 to the Senate Select Committee should be delayed. This will enable us to provide material requested by the Senate Select Committee which will correspond to information being provided by the Department.

Trial material relating to Wounded-Knee case was handled by the General Investigative Division and this part of the request is being coordinated with SA J. C. Gordon who supervised the Wounded-Knee case. Upon receipt of requested information from the Department, General Investigative Division will be notified so an appropriate response may be compiled regarding Wounded-Knee matter. Intelligence Division will conduct necessary reviews for information pertaining to other prosecutions by "Special Litigation Section" of the Department.

MEMORANDUM FOR: Members of the USIB Ad Hoc Coordinating Group

SUBJECT : Certification of Clearances for Classified Information and Compartmented Information of Staff Members of the Senate Select Committee

Senstudy '75

1. Arrangements have been made so that the Compartmented Information Branch (CIB) of CIA will maintain, as a matter of common concern, an up-to-date listing of all staff members of the Senate Select Committee who have been certified by the Committee for access to classified information up to and including TOP SECRET and also those who have been certified and briefed for compartmented information.

2. CIB will attempt to keep this listing in a current status and telephone inquiries can be made by calling 351-5507 (IDS 143-5507) during the hours 0800 to 1730 Monday through Friday. Periodically, a current listing of the individuals certified will be disseminated to members of the USIB Ad Hoc Group.

3. It is contemplated this same procedure will be followed for the House Select Committee when certification of clearances are received from this Committee and you will be advised when such procedure is instituted.

TO : Mr. J. Adams

DATE: 5/21/75

FROM : Legal Counsel

SUBJECT: SENATE SELECT COMMITTEE

At approximately 9:00 a.m. on May 21, 1975, retired Special Agent Alan G. Sentinella appeared in my office prior to his appointment to receive a subpoena and to testify at 9:30 a.m. on 5/21/75 at Washington, D.C., before the Senate Select Committee. I told Mr. Sentinella that it would not be possible for me to furnish him personal counsel prior to or during his testimony, however I felt it was appropriate for me to furnish him certain information. I told Mr. Sentinella that he was entitled to be represented by a personal counsel of his own choice at any time and that if he chose to secure the services of a private attorney he was at liberty to do so.

I also told Mr. Sentinella that under the rules of the Senate Select Committee (Rule 6.4), a witness may be accompanied by counsel during testimony and a witness who is unable to obtain counsel may inform the Committee of that fact and the Committee is obliged to endeavor to obtain voluntary counsel for the witness. I told him that the rules further provide that the failure to obtain counsel would not excuse him from appearing and testifying.

I asked Mr. Sentinella whether he had been given any advice by the Committee concerning his right to counsel and whether he had received a copy of the Committee's rules as required by regulations in the rules (Rule 6.1). Mr. Sentinella said that he had not been so advised and he had not been given a copy of the rules by any representative of the Committee.

I told Mr. Sentinella that as to matters other than the presence of personal counsel, no understanding had been reached with the Committee.

LEGAL COUNSEL

84 JUN 5 1975

I further explained to him that the Attorney General Order relating to responses to subpoenas would apply to him and that we had been advised that the Department had approved a waiver of the Attorney General Order limitation permitting his testimony, but only as to matters concerning Martin Luther King, Jr., and Stanley David Levison, and the Southern Christian Leadership Conference, including related matters. I told Mr. Sentinella that should the questioning involve other areas and he was in doubt as to his authorization to respond, he could request an opportunity to consult with the Department to secure approval for his testimony consistent with the terms of the Attorney General Order. I also reminded Mr. Sentinella that a representative of the FBI would be available during his testimony for such consultation as he felt might be necessary. I told him that SA Paul Daly would be available for that purpose.

I told Mr. Sentinella that our concern is not that matters of historical fact might be revealed, but that testimony which might be required of him could impair the Bureau's current efforts to discharge its responsibilities. I explained that in specific terms what this meant was that information that would identify sensitive sources, techniques or methods, or that would identify confidential informants, or would expose current investigative operations should be reserved for members of the Committee or perhaps the Chairman of the Committee depending upon the sensitivity of the particular information. I advised him that in the event such matters are involved in the questioning he could request consultation and that arrangements could be made for the answers to be supplied under appropriately limited conditions. I told Mr. Sentinella that as to other areas of possible testimony, the Bureau would impose no request that he decline to answer questions.

Mr. Sentinella advised me that he understood the matters I had explained to him and that he did not at this time feel the need of personal counsel because he said that he did not regard the appearance as one in the nature of a grand jury appearance. I told Mr. Sentinella that he should be aware that his testimony would be given under oath and in the event he made a statement that was self-incriminatory, it could be used against him. I reminded him I was not advising him in order to deter him from furnishing testimony, but only telling him of the protections he has under the

CONTINUED - OVER

Constitution against self-incrimination. He said he would keep that matter in mind.

Mr. Sentinella said that he would like to volunteer the results of his interview at the conclusion of the interview and he also would like to have an opportunity to review a transcript of the testimony for accuracy.

RECOMMENDATION:

For information.

SENSTUDY 75.

REBUTEL MAY 28, 1975.

PURSUANT TO BUREAU INSTRUCTIONS, MISS OLGA CIESA WAS CONTACTED BY SAC, CHICAGO, ON MAY 30, 1975 REGARDING CAPTIONED MATTER. SHE STATED SHE STILL RESIDES 10409 SOUTH INDIANA AVENUE, CHICAGO, AND IS STILL EMPLOYED AS AN EXECUTIVE SECRETARY AT THE FIRM OF ERNST AND ERNST, ATTORNEYS, IN CHICAGO.

MISS CIESA WAS ADVISED THAT THE SENATE SELECT COMMITTEE HAD MADE INQUIRY AS TO HER LAST KNOWN ADDRESS, INDICATING THE POSSIBILITY THAT THEY MAY DESIRE TO INTERVIEW HER. SHE WAS FURTHER ADVISED THAT IN THE EVENT SHE IS INTERVIEWED AND DURING THE COURSE OF SAME ANY QUESTIONS WERE ASKED RELATIVE TO SENSITIVE BUREAU OPERATIONS; ETC., SHE COULD REQUEST THE ASSISTANCE OF AN AGENT TO BE PRESENT DURING THE INTERVIEW.

SHE WAS FURTHER ADVISED THAT IF AFTER THE INTERVIEW THERE WERE ANY CIRCUMSTANCES WHICH PRESENTED A QUESTION IN HER MIND SHE COULD CONTACT THE BUREAU'S LEGAL COUNSEL DIVISION IN WASHINGTON, D.C., COLLECT, FOR ANY ASSISTANCE THAT DIVISION COULD AFFORD HER.

MISS CIFSA WAS AT A LOSS TO UNDERSTAND WHY THE SENATE SELECT COMMITTEE WOULD DESIRE TO INTERVIEW HER AND ADVISED THAT IN ALL PROBABILITY SHE WOULD ASK FOR THE ASSISTANCE OF AN AGENT PRIOR TO ANSWERING ANY QUESTIONS THEY MAY PROPOSE TO HER. SHE WAS PARTICULARLY CONCERNED THAT SHE MIGHT INADVERTENTLY DISCLOSE CONFIDENTIAL INFORMATION AND AS A RESULT WOULD FEEL MUCH MORE SECURE WERE AN AGENT PRESENT TO ADVISE HER.

IN THE EVENT CONTACT IS MADE THE BUREAU WILL BE ADVISED.

DURING A MEETING WITH REGINALD MURPHY, EDITOR, THE ATLANTA CONSTITUTION, MAY 29,1975, MURPHY IN GENERAL CONVERSATION ADVISED SAC, ATLANTA, THAT HE HAD RECEIVED A NUMBER OF TELEPHONE CALLS FROM THE SENATE SELECT COMMITTEE, WASHINGTON, D. C., SEEKING AN INTERVIEW WITH HIM. MURPHY SAID HE HAD AGREED TO A MEETING WITH A MEMBER OF THE COMMITTEE, NAME NOT STATED, AND DID SO SOMETIME APPARENTLY WITHIN THE LAST WEEK. MURPHY INDICATED THE INTERVIEW CONCERNED MARTIN LUTHER KING. MURPHY VOLUNTEERED HE WAS UNABLE TO ANSWER MANY OF THE QUESTIONS ASKED SINCE HE WAS WITHOUT KNOWLEDGE OF THE EVENTS AND THAT SOME OF THE INDIVIDUALS HE WAS QUESTIONED ABOUT ARE NOW DECEASED. HE SPECIFICALLY REFERRED TO FORMER EDITOR, RALPH MC GILL, ATLANTA CONSTITUTION, NOW DECEASED, AND INDICATED THAT THE INQUIRY CONCERNED INFORMATION IT WAS FELT COULD BE PROVIDED BY MC GILL. MURPHY WAS NEVER SPECIFIC IN HIS CONVERSATION AND NO EFFORT WAS MADE TO OBTAIN FURTHER DETAILS

RE: SECTIONS OF THE MANUAL OF
INSTRUCTIONS NOT PREVIOUSLY FURNISHED

Reference is made to the memorandum from captioned Committee dated April 30, 1975, and appendices thereto which contained requests for certain documents and other information from the Federal Bureau of Investigation.

Part 2 of the request concerned Sections of the Manual of Instructions Not Previously Produced. Pursuant to your request, Sections 4, 8R, 19, 23, 27, 28, 29, 75, 78, 90, 103, 134, 136, 144, and 146 are now available for review by Mr. Mark Gitenstion, or other designated members of the Committee's staff at FBI Headquarters.

Section 102, which you requested, is not available for review at this time because this Section involves third agency considerations. When this Section has been cleared by the other interested agencies for review, you will be immediately advised.

The Attorney General

Director, FBI

UNITED STATES SENATE
SELECT COMMITTEE ON INTELLIGENCE ACTIVITIES

163

Reference is made to the letter from the captioned Committee dated April 28, 1975, addressed to the Honorable Edward H. Levi, Attorney General, requesting information concerning the Federal Bureau of Investigation.

Attached for your approval and forwarding to the Committee is the original of a memorandum in response to the aforementioned request. A copy is enclosed for your records.

For your information, we did furnish empty boxes for the use of former Assistant to the Director of the Federal Bureau of Investigation, John P. Mohr, at the residence of the late Director, J. Edgar Hoover, subsequent to the death of Mr. Tolson. This material was brought to the residence by a clerical employee who merely deposited the material and left the residence. While we have no direct knowledge as to what material was removed from the residence, Mr. Mohr was contacted to determine the source and accuracy of the story contained in "Periscope" section of the April 28, 1975, issue of Newsweek, at which time he advised us that "furnishings" at the home had been removed by members of the family and the housekeeper. We have not contacted former employees concerning this request. Our contact with Mr. Mohr was prior to the date of this request.

Letter from Director, FBI to Attorney General
UNITED STATES SENATE SELECT COMMITTEE ON INTELLIGENCE
ACTIVITIES

NOTE: By memorandum dated May 2, 1975, from Legal Counsel to J. B. Adams, each Assistant Director was requested to advise whether they or personnel in their divisions had any knowledge relating to the allegation that the FBI directed or participated in the removal of documents from the late Director's residence. The Alexandria and Washington field offices were separately requested to respond to this allegation. The responses were negative. External Affairs, by memo from D. W. Moore to Mr. Jenkins dated May 5, 1975, captioned Clyde A. Tolson, former Associate Director; advised that a clerk brought packaging material to the residence at the request of former Assistant to the Director, John P..Mohr. This memo indicated that the clerk deposited the material and left. He did not participate in the packing, etc., of documents.

May 9, 1975

UNITED STATES SENATE
SELECT COMMITTEE ON INTELLIGENCE ACTIVITIES

REQUEST PERTAINING TO DOCUMENTS REMOVED FROM RESIDENCE OF FORMER DIRECTOR J. EDGAR HOOVER

Reference is made to letter dated April 28, 1975, to the Attorney General from Chairman of captioned Committee which contained a request for certain information from the Federal Bureau of Investigation.

The Federal Bureau of Investigation has not removed, nor caused to be removed, documents from the residence of former Federal Bureau of Investigation Director J. Edgar Hoover, subsequent to the death of Mr. Clyde A. Tolson, former Associate Director of the Federal Bureau of Investigation.

It is our understanding, however, that former Assistant to the Director, John P. Mohr, may have some knowledge as to what material may have been removed from the residence after Mr. Tolson's death.

MATERIAL FOR SENATE SELECT COMMITTEE (SSC)
INVESTIGATING INTELLIGENCE ACTIVITIES

1. TITLE/SUBJECT: Legal Authorities of the FBI

2. ORIGINATING ORGANIZATION: FBI

3. NATURE OF MATERIAL: Letterhead memorandum (LHM) enclosing a copy of a memorandum dated November 1, 1974, from the Assistant Attorney General for Administration, Glen E. Pommerening to the Director of the FBI, captioned "Federal Employee Security Program, Executive Order 10450."

4. DOCUMENT CLASSIFICATION: Unclassified

5. NATIONAL SECURITY INFORMATION STAMP: NA

6. SUMMARY OF CONTENTS:

The LHM refers to a request of the SSC for certain documents. The LHM serves as a cover communication for the aforementioned 11/1/74 memorandum which contains certain supplemental instructions the Department of Justice furnished the FBI with regard to Executive Order 11785 amending Executive Order 10450. The instructions concerned the FBI's conduct of intelligence-type investigations.

7. REQUESTER/DATE OF REQUEST: SSC. 3/19/75 The response pertains to Part I of the SSC letter of request.

8. RELEASING AUTHORITY: FBI

MATERIAL FOR SENATE SELECT COMMITTEE (SSC) INVESTIGATING INTELLIGENCE ACTIVITIES

1. TITLE/SUBJECT: Policies and Procedures of the FBI

2. ORIGINATING ORGANIZATION: FBI

3. NATURE OF MATERIAL: Letterhead memorandum (LHM)

4. DOCUMENT CLASSIFICATION: Unclassified

5. NATIONAL SECURITY INFORMATION STAMP: NA

6. SUMMARY OF CONTENTS:

In response to a request from the SSC for certain documents and other information from the FBI concerning its policies and procedures, the LHM advised that the FBI was deferring action on one document to the U. S. Department of Justice inasmuch as that document originated with that Department. The document involved was a memorandum from the Attorney General to the Director, FBI, captioned "Microphone Surveillance," dated 5/20/54.

7. REQUESTER/DATE OF REQUEST: SSC. 3/19/75. Pertains to Part IV of request.

8. RELEASING AUTHORITY: FBI
